The Gay Philosopher

By J. W. S.

SEVERAL DAYS ago Miss Patsy Nance, daughter of Mr. and Mrs. Pete Nance, received her high school diploma. She finished high school with flying colors, despite the fact that she gets about in a wheel chair as the result of injuries in an automobile accident more than two years ago.

And on the occasion of her graduation, Mr. R. N. Cluck wrote her a letter. He sent us a copy of it, which we reprint as follows:

Dear Patsy,

When I saw you come up to get your diploma a few nights ago, I was deeply impressed by the events of the months preceding that night for you. You could never fully realize how I, as well as many others, felt when you came along in line with the other graduates to take your diploma with the same class with which you enrolled eleven years ago. It was just as if you, like they, had been in school regularly instead of having been absent for a great deal more than half of your high school years. To me, it was almost incomprehensible that you were able to accomplish all that you have in the past three years.

Patsy, I believe that there would not be an average ratio of one in ten thousand who would be able to do the job as you have with the temporary handicap that you have risen above. You are a living example of the saying: "A winner never quits; a quitter never wins." You are an inspiration to all of your classmates as well as to all of your many friends here in Cisco. I seriously doubt if there has been another anywhere in all times past who graduated after having missed as much school as you have, to say nothing of the fact that you graduated with your class and with the honor of having a scholastic average of over ninety in all subjects.

I have not forgotten, neither have other people forgotten those many days you spent in hospitals, the painful operation you underwent, and the anxiety that you have borne through it all. That is why we, your friends, clapped our hands and cheered back the tears as you, matter of factly, accepted your diploma. We marveled at your determination and confidence and were overwhelmingly thrilled at this remarkable achievement of yours.

Whatever your next goal in life may be, I am certain that with your unlimited determination, you will be able to attain it, in your faith in yourself, in your friends, and in the One Supreme Being grow stronger each day. We your friends, shall hope anxiously for your full recovery, and we shall never forget the courage, confidence, and determination that brought you smilingly to the first milestone in your life.

Congratulations from the depths of my heart to one who put all obstacles in the background and pressed on confidently to graduation!

Most sincerely your friend,
R. N. Cluck

No. 2 Mrs. Briggs Owens Is Planned

Bankline Oil Company has staked location to drill their No. 2 Mrs. Briggs Owens, an offset to their discovery well in the Lake sand pool five miles east of Cisco, according to reports here today. The well will be drilled by Choate Drilling Company.

Pipe was cemented during the week-end to a 2,365 feet in Bankline's No. 1 S. B. Mize, second well to be drilled in the area. The Mize is also an offset to the Owens lease.

The Mize well was drilled to 4,030 feet for an Ellenberger test. A drill stem test in the Ellenberger lime failed to show anything, so Bankline set pipe to the Lake where completion work will begin as soon as the cement sets.

The No. 1 Owens came in as an outstanding flowing well from the Lake sand following hydraulic treatment by Halliburton Oil Well Cementing Company. The Mize will be given similar treatment, it was understood.

Definite location on the No. 2 Owens was not available. The contractor will move in as soon as road conditions improve.

E. C. Johnston Drilling Company was reported to be checking the oil completion possibilities in the Marble Falls horizon of their No. 1 Mehan-Edwards just east of Cisco today. The hole was deepened after tests in the Lake failed to be impressive.

It was reported that the hole might be deepened to the Ellenberger if the Marble Falls show is negative.

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

East Cisco W. M. U. Hears Interesting Facts About Japan

Women's Missionary Union of the East Cisco Baptist church met Monday afternoon at the church for a Mission program. The meeting was opened with prayer by Rev. Paul Stephens, after which Miss Jessie Warren led the group in singing "Rock of Ages." Mrs. H. H. Harrelson, president, then introduced Dick Bacon, a student at McMurry College, Abilene, who gave a most interesting talk on Japan. The speaker discussed conditions, habits and customs of the Japanese people and showed several small idols which they worshiped. He spoke of how

the people are now becoming greatly interested in the Christian religion.

He told of the work of the missionaries who make the most of their surrounding; and are endeavoring to accomplish a great task with comparatively few workers.

Members of the Young Women's Auxiliary of the church, the Girls' Auxiliary; Royal Ambassadors and Sunbeams were in attendance at the meeting. At the close of the splendid talk the meeting was adjourned with prayer.

Members present were: Mesdames H. H. Harrelson, J. J. Livingston, Don Rupe, B. F. Thomas, A. W. White, Con Gilmore, Carlton Holder, Kirby Thetford, Ray Reeves, J. E. Smith, J. E. Shirley, O. A. Hughes, D. N. Busby, Marshall Ivie, W. L. Lewis, J. D. Hall, Rev. and Mrs. Paul Stephens.

Ciscoans Attend O. E. S. Meeting At Gorman Monday Night

Mr. and Mrs. A. B. Byrd and Mr. and Mrs. H. L. Thompson represented the Cisco Eastern Star Chapter in Gorman Monday night where an installation ceremony was held. The foursome joined other towns in that vicinity in representing their chapters. The affair was not made public as the occasion fell on their regular Eastern Star only.

TRAGIC MISHAP—Spectators watch workmen with hook lines attempt to remove a bus that overturned and plunged into a ditch, near Syracuse, Nebr., during heavy rains and flash floods in the southeastern part of the state. The bodies of a woman passenger and the bus driver were removed, but four other passengers were reported missing and were thought to have drowned in the accident.

Taken from the Files of The Daily Press

FIVE YEARS AGO —

SAN FRANCISCO, June 6.—Japanese admitted today American invaders have reduced Okinawa to an "isolated island" and warned an invasion of Japan was "imminent."

The virtual admission that Okinawa is a "cooked goose," came as an unexplained American silence indicated a possible end of the campaign and the semi-official Domei news agency claimed "fierce fighting" raged between

the U. S. Tenth army and Japanese "firmly entrenched in new positions."

College classes are under way at the high school building, said Mrs. Ora Kirkin today. "Many young people are idle at home this summer and they might just as well be working toward some credits as not," she said. "Work is being offered in most college subjects and one can finish a semester, thereby getting a few credits to the good on time which otherwise would be wasted."

The beginning of a herd of registered Hereford cattle of Tom Grissom, Eastland 4-H Club boy, is well under way, says William Brigham, emergency war assis-

tant in the county agent's office. With two heifers and two cows, young Grissom is expecting a increase in his herd soon.

"Tom, as well as myself, are very much interested in seeing better beef cattle in Eastland county," Judge Grissom said, adding that no expense has been spared in starting a herd that would be a credit to 4-H club activities and to the beef cattle industry in the county. Tom already has two uncles in the cattle business. Ernest Grissom of Fort Worth and Hardy Grissom of Abilene.

TEN YEARS AGO —

The Cisco Goat Roping club presented its first Brahma calf-roping spectacle to a big crowd Tuesday

night, will repeat this event tonight, at 8 o'clock at the lighted grounds on West 12th street.

The ropers found the 10 Brahma calves supplied by the Double Heart ranch at Sweetwater "plenty tough" Tuesday evening. The crowd got a great deal of amusement out of the spectacle. The club has abandoned goats and definitely gone in for calf roping for the present.

With one of the largest and the fastest fields of competition golfers assured, with more money invested in prizes than ever before and with the country club fair-

ways and greens in ideal condition, the Cisco Country club's ninth annual invitation golf tournament is set to begin Friday, June 14.

"The Cisco rodeo will be our big show," said Ollie Cox, boss of the Double Heart ranch and premier Texas rodeo impresario, who was here Tuesday with his wife and two children, Billy, 11, and Andrea Lynne, 7, en route from Paris, Texas, to their home near Sweetwater. "It will come on a holiday and we are bringing to it the best line of stock that we can pick from the Double Heart ranch. It will be tough, I can promise you that."

The Cisco rodeo will be held July 3 and 4.

The Little Things We Notice —

... in preparing your abstract often grow into big things as time passes. For example, if the deed is drawn in a careless manner by an inexperienced person it may be full of errors which will show up in your abstract when it comes time to sell, get a loan or lease for oil and gas. The abstractor must copy the instrument just as he finds it on record. The moral is, have your legal documents drawn carefully and only by experienced conveyancers.
