

The Gay Philosopher

By J. W. S.

THE SUBJECT of embarrassing moments came up the other day and a state highway patrolman told one that made his face red. It all happened in Houston shortly after he became a patrolman. He had been used to country towns and had had little experience with parallel parking. He started to park parallel to Houston street. He cut too quickly. And he pulled up and backed up some ten or fifteen minutes before he finally got into parking place. As he stepped out of the patrol car, some 50 people who had stopped to watch took into applause. The patrolman smiled and tipped his hat. His face was red.

THE CHAMBER OF COMMERCE would like to nominate Cisco girl to be "Miss Cisco" Stamford's annual Cowboy union which comes off July 4. The girl would have to pay her own expenses. She would compete for a bunch of splendid prizes with other girls from throughout West Texas. There will be a lot of activities for the girls, including riding in the parade and the grand entries at the show.

If you're interested or know any girl who would like to contact Manager B. A. Butler at the Chamber of Commerce. A committee will make a selection soon.

SAW "THE Stratton Story" at the Joy Drive-In last evening. It is a baseball story about a young man who came back after losing a leg in a hunting accident. It was a splendid show, indeed, and played again tonight, if you haven't seen it.

ON THE SUBJECT of picture shows, we thoroughly enjoyed the Baron of Arizona at the place over the week-end. We had recently read the story, which means a fellow who faked a ranch of records and tried to claim the entire state of Arizona as his own land. Very interesting.

WERE EXPECTING to get the type in a week or so on what will be asked for building a new 4-lane highway between Cisco and Eastland. Federal state engineers have inspected the route and have gone over the plans, and some minor changes are to be made before the project is ready.

SOMETHING NEW to this part of the country is growing in the yard of Miss Thresa Weddington's house of 610 West 6th. She has planted a number of anadiah Balsam Trees this spring. While they're still small, they look well for the trees to arrive. All of which is unusual in this part of the world.

In this connection, we might report that the tulip tree planted in our house is doing well. The book says it will eventually be 90 feet tall, and it only has 198 to go.

SCHOOL officials have been informed that plans and specifications for the new gymnasium are in the mails from the Abilene architect's office. We can all expect news on the subject very soon.

ALLED TO ARKANSAS Mr. and Mrs. Charles Roberts and her mother, Mrs. Nan Foreman, were called early Monday by a message telling of the critical illness of their brother and son, Custer Foreman, of Siloam Springs, Ark. The three Ciscoans left Monday to attend at his bedside. Mr. Roberts has now returned, but his wife and her mother remained for a longer stay with Mr. Foreman.

ILL MOVE HERE E. B. Flukinger, Jr., of Brownwood plans to move to Cisco in the near future, he told The Press today. He and his wife and two children are "house hunting." Mr. Flukinger will represent Mrs. Howard's Bakery in Cisco, Eastland and Renger.

Mr. and Mrs. Jeff Laughlin of Horton Valley spent last Saturday in Cisco with her brother, D. C. Harper and wife.

IT'S ALL SET—World middleweight champion Jake LaMotta, left, meets with ex-champ Rocky Graziano in the N.Y. State Boxing Commission office to sign up formally for a June 14 title bout in Yankee Stadium. Looking on is Daniel J. Dowd, center, the Commission's executive secretary.

More than 100 Moran citizens gathered at the Katy Depot last Saturday at 4:20 p. m. to bid farewell to the Doodle Bug. Jim Nordyke played the violin and Jim Hagar the guitar. There was music and tears.

The old conductor, G. R. Hunter, who has been on the run 50 years and six months, and the engineer, with 40 years of service shook hands with old friends. The mail clerk and the baggage man joined in. J. V. Roberts, veteran worker who carried Moran's mail to the train each day, was there. Moran will miss the little train.

The Moran Luncheon Club was served by the Deep Creek ladies on Wednesday. Mrs. Wilbur Mitchell and Mrs. Edgar Harris were co-chairmen. Rev. Robert Brown, new Methodist minister, was introduced and spoke briefly.

At last week's luncheon, 78 guests were served and Mrs. M. Ricks of Americus, Ga., delighted them with a reading. She visits Moran twice a year.

The club will sponsor a cleanup drive this month in cooperation with the city council.

Mr. and Mrs. Lynn Williams and daughters, Nancy and Sue, went to Denton for the graduation exercises of their daughter and sister, Anna Lou, on May 28 at NTSC. Anna Lou received her BA degree in music and will teach in Dallas.

Dr. Cox Warns Many People Have Ringworm Trouble

AUSTIN, June 8.—It is a 50-50 bet that you have some sort of ringworm infection. Check to see. Chances are it will be in your scalp hair, on your groin, or on your feet — either on the soles or between the toes. If you don't find it, you're lucky, because while it isn't serious, its itching and persistence is very annoying.

A fungus — the same one that causes food to mold — causes ringworm. It's one of the world's most common ailments, with authorities estimating that half of the world's population is affected. It is more common this time of year than any other.

Animals get it to. As a matter of fact, cats, dogs, rabbits, mice, and fowls are frequently the source of infection in man. A child plays with an infested dog, stands an excellent chance of the dog's hair brushes the child, ringworm infection.

The scales which are formed can cause new infections on the body, so an infected person has to be careful to keep it from spreading. Advanced cases exude a clear, runny fluid — it "weeps", as doctors say, and the fluid can cause breaking out on whatever part of the body it touches. Children are especially vulnerable to scalp ringworm. Epidemics are usually started in schools or institutions.

Swimming pools, locker rooms, and gyms are potent sources of infection. Everyone has heard of "athlete's foot." It is nothing more than a type of ringworm. So is the so-called "barber itch."

Preventive measures call for avoiding persons and animals known to be infected. Swimming pools, gyms, locker rooms, and the like can do their part toward ringworm control by boiling towels, swimming suits and their public facilities for 30 minutes. Foot baths are also worthwhile. The best thing to do is to keep clean at all times. But if you happen to get ringworm, or if you have it now, it will be better for you family doctor immediately. He'll recommend medication designed to shorten the course and lessen the severity of the infection.

Tickets On Sale For Benefit Title Saturday Night

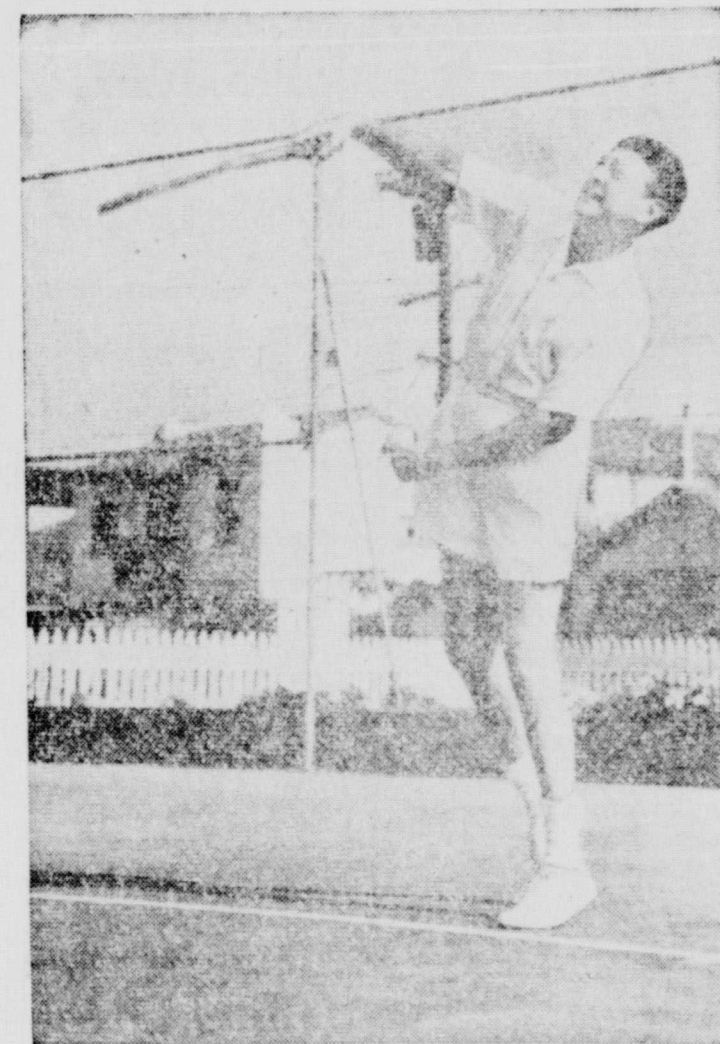

Some 75 members of the Cisco Lions and Rotary clubs today were pushing ticket sales for the softball game they will play next Saturday night for the benefit of the Cisco Welfare Association. Admission charges will be 25c for adults.

Those who bought tickets for the game originally scheduled two weeks ago need not buy another. Chairman Charlie Graham of the Rotary team said. These will be honored at the game this week.

In addition to the Lions and Rotary contest, set for 7 p. m. Saturday, the program will include airplane model demonstration by Dr. Chief Brown and his model club and a softball game between Cisco Junior College and the Baird team will conclude the evening.

Lions have nominated E. L. Jackson as an umpire, and the Rotary Club has indicated Bill Hogue will "call what he sees" for them.

All proceeds from the game will go into the treasury of the recently organized Cisco Welfare Association.

CONCERTO FOR STRINGS—Jascha Heifetz, who made an international reputation by playing chords on the violin, relaxes to the music of the strings of his tennis racket while vacationing in Hollywood, Calif. From the tightness of the cords in his throat, however, he probably finished his relaxing with his violin.

Activity Reported In Shallow Area Northwest of City

Another oil company was reported today to be planning to drill in the Lake Pool area opened recently by Bankline Oil Company. Bankline this week announced location for their No. 2 Mrs. Briggs Owens.

The new well was reportedly the Trio Oil Company No. 1 Perdue, with location given as a mile northwest of the No. 1 Owens. Located in the northwest corner of the Perdue tract, the lease is bordered by tracts owned by Geo. Fee and John Hart. It was understood the Trio company has headquarters at Seguin.

Bankline's second well — the No. 1 S. B. Mize — was given the hydrofract treatment by Halliburton Oil Well Cementing Co. early today and completion work will begin early Friday afternoon. The Lake was topped in this hole at 3,365 feet.

Equipment was being moved in today to begin drilling operations on the No. 2 Briggs Owens, which will be a southwest offset to the discovery well. Location was given as 1,414 feet from the north and 3,260 feet from the east lines of Section 48, Block 4, H&TC Survey. Permit calls for 3,550 feet with rotary equipment.

Rigging up was expected to be completed in time for operations to begin early Saturday.

West of Cisco, considerable activity was reported. The McElroy Ranch Co.-Herring No. 1 McCollum, located some 12 miles northwest of Cisco in the Pueblo area, ran a potential test recently from a Strawn sand well bottomed at about 1,750 feet. Recovery figures were 1.5 barrels, but it was reported to have flowed by heads with 500 p.s.i.g. pressure.

In the same area, McElroy and Herring were setting pipe today in the Caddo on their No. 1 Booth. The Caddo was topped at 3,300 feet. Tests are due late in the week.

The Ramsey well, located some seven miles west of Cisco, which was drilled recently by McElroy and sold to St. Mary's for repressuring purposes, was reported to be flowing oil at the rate of 12 barrels per day. The hole is bottomed in the Caddo.

According to reports, several projects in the area north and west of Cisco are planned for exploring the Moran and Strawn sands and the Caddo lime.

The Treasure You Can Leave Behind -

About 15,000 Americans now living in perpetual blindness could be granted the boon of sight through corneal graft operations, according to the Better Vision Institute. The cornea is a piece of tissue covering the front of the eye. Normally transparent, it may become clouded because of illness or injury. The result is blindness.

Once that was the end of it—damaged cornea—blindness. But not now. Science discovered that vision could often be restored in cases of this sort by corneal graft operations, and since 1945 hundreds of sufferers have been helped by the work of the Eye-Bank for Sight Restoration, Inc. This organization, located at 210 East 64th Street, New York City, relies on the kindness of the people who want to hand down the priceless treasure of sight as a legacy when they die—people who leave their eyes for use in corneal graft operations.

The Eye-Bank has the cooperation of more than 150 hospitals, the Red Cross Motor Corps, and all commercial airlines. When a donor dies his eyes are removed and sped to the Eye-Bank for processing. Then the precious corneas are rushed to some hospital where one of the long list of blind persons is waiting in darkness but in hope. This hope is justified, because the Bank has a record of success in more than 83 per cent of the cases attempted. After the corneal tissues are used—and one good cornea can restore sight to as many as three blind eyes!—the eyes are sent back to the Eye-

Bank for study and possible laboratory research.

In 1949 the Bank not only sponsored the first international symposium on corneal surgery but also established a weekly corneal clinic in New York and inaugurated a training course for doctors seeking to improve their knowledge of corneal graft surgery. Its attention is now focused on the expansion of methods of collecting, preservation and distributing corneas; eye research; and the providing of fellowships and scholarships to train more corneal graft surgeons.

The Eye-Bank needs even more than it needs money. Would-be donors of eyes must sign forms issued by the bank and notify the ir next-of-kin of their intentions. For the corneas are worthless unless used very soon after death, and they cannot be taken without proper legal authority.

The organization does not charge surgeons or patients for eyes, nor does it pay for them. The donor's reward is the knowledge that he will leave behind him a gift to make the world bright and shining for eyes that are now in darkness—the knowl-

edge that his vision may live on after him. And this, says the Better Vision Institute, is a satisfaction infinitely worth having.

All children between the ages of four and fifteen are invited to be at the East Cisco Baptist Church at 2:30 o'clock tomorrow for registration in Bible school. The annual adult workers conference of the Christian church in Texas will be held at Lake Cisco this year for the second consecutive time. Facilities of the Presbyterian encampment area and the Cisco Country Club will be used on July 15 to 19, inclusive. A daily vacation Bible school will be conducted at the First Christian church for Cisco children coincident with the program for adults at the Lake.

Raymond J. Kelley of Detroit, Mich., national commander of the American Legion, was greeted here by representatives of the Dulin-Daniels post at Eastland yesterday afternoon on his arrival from Coleman. Kelley was entertained at a barbecue at Eastland last night at which 375 persons registered, including delegations from Cisco, Abilene, Ranger, Breckenridge and other points. The Cisco Lobo Band participated in a parade in his honor.

Approximately seven-tenths of an inch of rain was recorded at the city hall gauge from showers which fell intermittently last night.

The much needed moisture was being quickly dried up today by winds and extreme sunshine.

The Cisco high school graduating class of 1915 celebrated its silver anniversary with a basket picnic at Lake Cisco Tuesday evening at six o'clock. The evening was spent in reminiscing. School-day escapades were recalled, and activities since graduation from

DUTCH TREAT—Dolores Willard fits a wooden shoe on Margaret Dougherty, right, in the shoe maker's shop at the Holland Fair in Philadelphia, Pa. Although the girls wear the quaint Dutch costumes as if they'd been always accustomed to them, they are really Pennsylvanians.

ON HIS WAY—Bing Crosby is shown sailing from New York for Europe aboard the Queen Elizabeth. The "old groaner" expects to play golf in a tournament while he's over there, and have a good time in general.

MAMA, WON'T YOU PLEASE COME HOME?—David Levy, 45, father of 14-month-old twins in New York, plays the role of mother, too, when his wife is busy with such civic duties as Federal jury duty. Mrs. Levy was detained overnight, so Levy took over as a one-man staff to care for the twins, Barbara Sue, left, and Michael. And it was quite a night, including numerous feedings, scrubbing, and bedding downs for the two youngsters.

AS A REWARD—In honor of the 25th anniversary of songwriter Richard Rogers' first association with them, he was presented with a silver plaque in New York by Theresa Helburn and Laurence Langner of the Theater Guild. The happy event was attended by many theatrical celebrities. Formerly half of the famed team of Rogers and Hart, Rogers now works with Oscar Hammerstein 2nd.

MUST BE A NEW TRICK—At a joint convention in Chicago, Ill., Harlan Tarbell, left, President of the Society of American Magicians, impales cards on a sword after they've been tossed into the air by Russ Walsh. More than 1000 prestidigitators attended the four-day convention in the Windy City.
