NUMBER 148

The Gay Philosopher

By J. W. S.

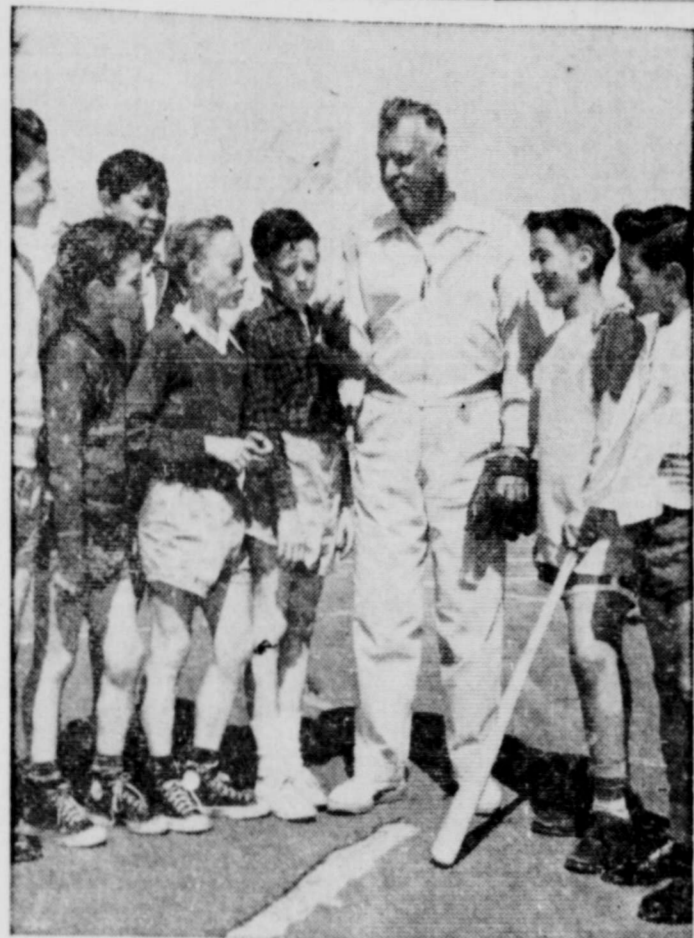

MEMBERS OF THE Cisco Country Club are due for a treat tonight at their family night dinner at the club. Mel Sandler, son of Charles Sandler, and Eddie Andrews of Port Arthur, are going to render a musical program. Members of the Lions Club heard the program Wednesday and Thursday. It's the best yet seen and heard in a long time.

Mel, as you know, is a top-notch piano player. And Eddie is a singing comedian. Together, they present a program that will do credit to any entertainer at hour — from a Cisco meeting to the biggest night club in the country.

They're leaving early Friday morning for California. If you seek a place in the entertainment field, we believe that an audition would convince anybody. They've been playing together for a year or so in an orchestra which Mel directed at the University of Texas.

Mel played a couple of original pieces for the clubs. It's not hard to understand why he has been offered places with top-notch bands.

The family night supper begins at 7:30 p. m. All members and their families are welcome.

STILL IN FORM—Joe Oeschger, one time Braves pitcher who worked the 26-inning 1-1 tie game, pitching for Boston against Brooklyn in the longest game in major league records, on May 1, 1920, shows some of his pupils a few pointers. He's now a physical education instructor at a San Francisco, Calif., high school.

Lake Cisco Notes . . .

PLANS BEING MADE FOR JULY THE FOURTH ACTIVITIES HERE

Plans are being made for the annual July the Fourth entertainment program at Lake Cisco Park and Swimming Pool, Manager Bee Cearley announced today. The lake area always attracts big July holiday crowds.

The Don Franklin Shows will be held at the lake.

Young Musicians Play For Lions

Mel Sandler of Cisco and Eddie Andrews of Port Arthur provided a musical program as the feature of the weekly luncheon meeting of the Lions Club at noon Wednesday at the Victor Hotel Coffee Shop.

The program was in charge of Charles S. Sandler, father of Mel. Young Sandler played two piano numbers of his own composition and accompanied Andrews, a comical singer. They have been playing for a night club in Breckenridge recently and have been widely acclaimed.

President Clyde Karkalits announced that everything is in readiness for the club's installation banquet scheduled for Thursday night, June 29, at the Victor Hotel Roof Gardens. Plans for the program and other details are being worked out.

Guests included Darrel White of Cisco and Lion Ed Barlow of Odessa.

CISCO TRIO TO FLY TO SWEDEN FOR VISITS WITH RELATIVES

Mrs. Olga Schaefer, 77, who has been a resident of Cisco for the past 57 years, will leave Cisco on June 28, accompanied by her daughter and son-in-law, Mr. and Mrs. Herman Reimer, for her native country, Sweden, which she left in 1891.

The trio will leave Cisco by train for Dallas where they will board an American Airlines plane for New York City and transfer to a Douglas Stratoliner bound for Stockholm, Sweden.

With Stockholm as their center of operations, they will tour the Scandinavian country and visit relatives. Mrs. Schaefer has not seen for almost 60 years. Included will be visits with a brother and sister whom she has not seen since she left her native land.

Mrs. Schaefer will leave on the air trip just four days after she reaches her 77th birthday. She was born in Jencoping, Sweden, and after living two years in Colorado moved to Cisco where she has lived until now.

Mr. and Mrs. Reimer own and operate Reimer's Cleaners and have been in the cleaning business here since 1930. Mrs. Reimer is a native Ciscoan and Mr. Reimer was born in Marble Falls.

They will close their shop on June 24 and it will remain closed until their return about August 15.

School Trustees To Open Bids For New Work On June 27

Plans and specifications for a new Cisco gymnasium will be turned over to contractors interested in bidding for the construction job Saturday, Superintendent Arlin Birt reported Thursday afternoon.

School officials were notified by Architect Pete Olds and blue prints for the structure were finished and specifications now are being rented. Several Abilene contractors had asked for plans from which to submit bids, and local contractors will be given plans and specifications.

Mr. Birt said the board of trustees of the Cisco Independent School District would meet and open bids for the project at 2:30 p. m. Tuesday, June 27.

The new structure will be built to replace the community gym that was destroyed by fire several

Pioneer Women To Be Feature Of Fandangle

"Give a pioneer woman a scrub board — she will wash the dirt out of a man's shirt, and go on from there to clean up his morals and his politics," is Robert Nail's version of the eighth Fort Griffin Fandangle telling the story of the pioneer women of old Fort Griffin area.

Pioneer women played an important part in the early settlement of the frontier, as Connecticut cavalymen came to establish the Fort on a high hill overlooking the terrain, and families followed into the new country, making a rich and romantic history, which Robert Nail recounts in the Albany show on June 22, 23, and 24, with the Fandangle Parade of frontier scenes set for 5 p. m. Friday afternoon, June 23.

Robert Nail has had 25 years experience in the theater — during the time he was in the army he studied ballet under Georg Frischer of Dallas, and since he was a youngster in a backyard theater in Albany. He went to Lawrenceville School and Princeton University in New Jersey where he headed the Theatre Intime group, and followed with practical experience in Little Theatre and study on Broadway, enabling him to give a touch of the professional to his boys and girls of the ranches and out of Albany's homes, which is a bit removed from amateur, although no one is paid for being in the Fandangle and Nail gives his time and directing talents gratis.

Fort Griffin was a rough and tough town of the 60's when the traders, adventurers, and cattle trail cowhands came. York of Pittsburgh, Frankel of New York had stores there along with Frank E. Conrad, the famed pioneer who ran the sutler's store at the army post, prior to the establishment of the town. Songs and ballads, old time dances under lights on the June nights memorialize the pioneers of this colorful area.

Mr. and Mrs. H. E. McGowen are enjoying a vacation visit at Bunkie, La., with their son and wife, Mr. and Mrs. H. E. McGowen, Jr., and their baby daughter.

Mr. and Mrs. H. A. Courtney Plan To Observe Their 50th Wedding Event

In celebration of their fiftieth wedding anniversary, Mr. and Mrs. H. A. Courtney of 905 Mc Cartly St. will be hosts to friends and relatives at an open house Saturday at the home of their daughter, Mrs. C. P. Mosley, 1191 West 12th, between the hours of 2 and 4 p. m.

Mr. and Mrs. Courtney have lived in Cisco since their marriage at the home of the bride's parents near Cisco on June 17, 1900. Mr. Courtney followed the stone-cutter's trade until his retirement in 1946.

Mrs. Courtney was born in Stephens County on October 30, 1881 and Mr. Courtney was born in Hamilton County on August 21, 1880. He moved to Stephens County with his parents in 1884 and to Eastland County in 1889.

The couple has eight living children and two deceased. A son, E. I. Courtney, died in 1942 and another child died in infancy.

College Hill Road Will Be Paved With Asphalt Cover

The College Hill road, from the Moran Highway archway to the administration building, will be hard-surfaced with a 20-foot asphalt mat in the near future, Mayor G. C. Rosenthal reported today. The paving will be done in a joint city-school district project, he said.

Mr. Rosenthal said the project calls for 1,706 feet of 20-foot asphalt paving. It is expected to cost about \$1,200. Under the program, the city will use its equipment to prepare the road bed and will cooperate throughout.

Actual paving is expected to be done by Contractor Jack Davis, who now is doing similar work at Albany. Davis was low bidder on a proposal submitted to three paving contractors recently, Mr. Rosenthal said.

The mayor expressed the hope that the college hill paving, due to begin in a week or ten days, will be the forerunner of considerable paving work in Cisco. He added that plans for such a program, undertaken with little results last year, are being studied.

Details of a city-wide program are expected to be made known in the near future.

Two All-Star Teams To Play

The Cisco All-Stars will be hosts to the league-leading All-Stars from Albany in an Inter-City League game at ABC Field tonight at 8 o'clock. The game will be preceded by either a City League or Junior League make-up game.

The All-Stars team from Cisco dropped a game to Gorman All-Stars in the Inter-City League play at Brogden Field there Tuesday night.

The Cisco boys will try to come back for a win over the leading Albany team tonight.

COUNTY POPULATION SHOWS 21 PER CENT DROP IN TEN YEARS

Eastland County's 1950 population is 23,750, according to preliminary figures released today by Donald Pulver, 17th district supervisor for the census. This represents a 21% decline from 30,345 during the past ten years.

The 1950 figures, which Pulver said was substantially correct but subject to revision after returns for non-residents are credited to

Air Force Needs Reservists; Opens Training Program

The U. S. Air Force needs reserve personnel in its 1950 training program.

There are several hundred thousand reservists in the United States now who have been transferred to the inactive Air Reserve because of their failure to participate in training.

Few reservists stop to consider that as they grow older the infirmities of age becomes more certain.

Reservists can actively participate in the Air Reserve Program and draw pay for their few hours of training each month through the years. In addition, they build toward retirement that applies at the age of 60 of approximately \$75 to \$175 per month for the rest of their life. Insurance comparable to benefits which thus accrue would cost from \$400 to \$800 per annum over a period of 30 years.

The Air Force Reserve has five types of training for reservists interested in participating. The five types are designed so one or the other will apply to the circumstances and locals of each individual reservist.

Inactive Air Reservists living in Texas, Louisiana, Arkansas, Oklahoma and New Mexico who wish to convert their inactive status to active are urged to apply for information and assignment at the nearest Regular Air Force Base, Air Force Reserve Training Center, local Volunteer Air Reserve Liaison Officer if known, or by writing to Headquarters Twelfth Air Force, Brooks Air Force Base, Texas.

More Boys Asked To Take Part In ABC Club Project

Some 40 or 50 boys have been meeting each morning and afternoon with Buck Overall and Paul Mosley at Chesley Football Stadium to participate in the ABC Club's summer playground program.

The group meets from 9 a. m. to 11 and from 2 p. m. to 4 each day for baseball and basketball sessions and some boxing. On each Tuesday both sessions are devoted to swimming at the Lake Cisco pool.

Coaches Overall and Mosley declared that they were able to take care of many more boys between the ages of 6 and 17 years and asked all youths of that age to meet them at any time to sign up.

Attendance was expected to double within the next two weeks due to the dismissal of vacation Bible schools at the various churches.

The ABC Club is sponsoring the program in order to afford boys of the town something to do during the summer vacation period.

Over 100 Players Are Expected To Compete In Event

More than 50 local golfers were expected to complete qualifying rounds for the 15th annual invitation golf tournament at Cisco Country Club today. Qualifying rounds for the tourney, scheduled for Saturday and Sunday, will begin Friday morning for the championship and first flights and others who have not already posted scores.

Thirty-five players had completed rounds here through play Wednesday. Others were expected on the links today. All players except those who expect to compete for medal honors were permitted to qualify any time this week. Out-of-town golfers, except the two top flights, may post average scores shot on their home courses.

Norman Huston, tournament chairman, expected more than 100 to take part in the meet. Defending Champion Buster Reed of Dallas is expected to head a list of "big name" amateurs from surrounding cities and from Abilene, Fort Worth, and elsewhere.

Following Friday's qualifying play, the club's annual barbecue and Calcutta pool will be held. More than 200 sportsmen are expected for this event.

Huston announced that committees in charge of various phases of the annual event were composed of the following:

Calcutta Pool and pairings — W. C. McDaniel, Alex Brunkenhoefer, Lloyd Surles, G. C. Rosenthal, and George Boyd.

Prizes — Charles Graham, N. C. Huston, and Ervin Prange.

Rules — J. L. Thornton, Dr. Paul Woods, and Pete Narce.

Starters — T. C. Williams, Felton Underwood, Tut Tabor, and O. J. Russell.

Auctioneer — Neil Day.

Barbecue — Albert Hansen and Charles Cofer and group to be named by them.

Prizes will be some \$750 worth of golf equipment and home appliances.

Chairman Charles Graham of the greens committee reported that the course was in excellent condition for the opening. Greens have been placed in top condition, and fairways were all mowed this week. Rough areas were also mowed as well as possible.

Winners of the local tournament for the past 14 years of play were as follows:

- 1932 — Jimmy Phillips of Ranger.
- 1933 — Jimmy Phillips, Ranger.
- 1934 — Houston Cole of Ranger.
- 1935 — Bill McMahon of Cisco.
- 1936 — J. W. Dixon of Abilene.
- 1937 — Fred Bedford of Brady.
- 1938 — Doug Jones of Abilene.
- 1939 — Russell Crowover of Stamford.
- 1940 — Russell Crowover of Stamford.
- 1941 — Tommie Bolt of Abilene.
- 1942 — Jimmy Phillips of Coleman.
- 1947 — Bill McMahon of Longview.
- 1948 — Bill Dill of Cisco.
- 1949 — Buster Reed of Dallas.

RESERVISTS TO MEET

The 902nd Replacement Company, U. S. Army Reserves, will have a regular training assembly Friday night, June 16, at 7:30 o'clock, at 108 1/2 West 6th St.

PLAY IN RECITAL

Three Cisco girls appeared on the program when Charles Kilter, Breckenridge piano teacher, presented his pupils in a recital last Monday night at the First Methodist Church here. They were Misses Scrumpy Clark, Anita Carlin and Lovall Paul.

the proper localities and other routine checks have been made, were given for the county as follows:

Eastland County	23,745
Eastland	3,696
Ranger	3,945
Carbon	441
Gorman	1,313
Cisco	5,216
Rising Star	1,282
Bal. of County	7,951

While the county lost 21% of its residents, three cities in the county showed population gains, according to Pulver's figures. Cisco had a gain of 348 over the 1940 count of 4,868. Rising Star gained 84 persons over the 1,198 for 1940 and Gorman increased 156 from 1,157.

Ranger lost the most people of any of the cities — 608, from 4,533 to 3,945. Eastland lost 243 persons — from 3,849 to 3,606. Carbon dropped slightly.

"Although material revision of the preliminary count is unlikely," Pulver said, "it may possibly occur after careful examination of returns. The official announcement of population will be made at a later date by the Director of the Census from Washington."

Ranger Jaycees Offer \$2,900 In Prizes For Rodeo

Prize money will total \$2,900 at the fifth annual Ranger Jaycee rodeo, July 19 to 22 at Ranger. A spokesman for the Jaycees said that the club planned to "go all out to produce the best show in the West."

Prize money will be split into \$500 piles for each of five main events.

Two hundred dollars in prizes will be awarded in both the cowgirl event and the cutting horse contest.

Stock for the RCA approved show will be furnished by Buck and Tommy Steiner.

Last year, 18 of the nation's top cutting horses, including Housekeeper, world's grand champion, were seen in action. The Jaycee spokesman said this year's contest should be even greater.

For additional entertainment, the rodeo will feature Don Wilcox, Dorothy Sollerfield, Ruth Marian, and Mitzzy Lucas Riley, top trick riders.

Carl Sollerfield will act as cowboy bullfighter and arena clown. Adding more comedy will be the Shivers Johnson comedy car act.

Brotherhood To Hear Message On Sampson

At the men's brotherhood meeting of the East Cisco Baptist Church Friday night, Rev. Paul Stephens, pastor, will speak on the subject, "The Highest Price a Man Ever Paid for a Haircut."

The pastor's message will be built around the Old Testament story of Sampson and Delilah.

All men and boys were invited to be present.

Mrs. M. H. Parish and her daughter, Mrs. Edgar Muller of Houston, went to Abilene today and visited in the home of her son and wife, Mr. and Mrs. J. P. Parish.

Mrs. Paul Boscarino and small daughter left Wednesday for their home at Norman, Okla., after a pleasant visit here in the home of her parents, Mr. and Mrs. M. M. Tabor.

SAVINGS ARE IMPORTANT

Personal savings are as indispensable to an individual's establishing a business of his own as they are to a person's longer-range plans for the security of his family and his own retirement years, according to data gathered by the U. S. Department of Commerce in a study of the capital requirements of small business.

Covering new trade and manufacturing firms started in the post war period from 1945 through 1948, the study shows that two out of every three dollars of the capital required to launch these businesses came directly from the personal savings of the entrepreneurs. The amount so involved added up to about \$5.6 billions out of the estimated \$8.6 billions total capital requirements of these firms. The rest came from bank loans, credit made available by suppliers, and other sources which in fact represented a substantial addition amount of savings as well.

These Government figures are of particular significance at this time in view of the current discussion regarding the capital needs of small and medium-sized business and the question of establishing new financing sources, either under private or Government sponsorship or both. Whether or not action of this nature is really needed, the facts clearly demonstrate that the great essential for new enterprise is personal savings. Other sources of funds,

firms surveyed were for the years 1946-48. Other industries like services and construction are not covered, but there can be little doubt that these would follow the same general pattern as the others particularly with respect to the vital role of savings in their establishment.

Initial capital requirements of new retail firms, the largest group of the three in both number and funds employed, were placed

veyed. Of this total, about \$3 1/3 billions were supplied by personal savings, approximately \$100 millions by sale of stock, and the rest came from credit and other sources. For wholesale firms, capital requirements were given as \$1.5 billions of which \$800 millions came from savings, \$300 millions from sale of stock and the rest from other sources. Capital needs of new manufacturing firms were estimated at \$2 billions of which \$500 millions were classified as coming from savings, \$900 millions from sale of stock and \$700 millions from other sources.

Essentially the funds classified as stock represented savings put into the firms by the entrepreneurs and their friends and relatives. Of the \$1.2 billions stock financing involved in all new firms, only about \$100 millions were raised in the capital markets. Some of these funds also

important though they may be and from whatever source they may come, play an auxiliary role, as the figures show.

Both logic and experience therefore emphasize the necessity of encouraging personal thrift to the maximum extent possible in order to maintain the dynamics of the American economy, so much of it due to new enterprise and small business. And because of this, the present high cost of Government and the impact of the heavy personal tax burden and their margin for saving are factors that in inevitable rate foremost consideration. This is the more true since Government figures show that people as a whole paid practically twice as much in Federal income taxes alone in the four postwar years, 1946-49, as they saved in the aggregate in the record.

The Department of Commerce figures were obtainable in a sample survey of the more than 800,000 new trade and manufacturing firms established in the postwar years. The retail-wholesale survey was for 1945-47 while the data

came from parent companies in establishment of new manufacturing enterprises; but the bulk of the stock issued was taken up by savings. As a matter of fact, nearly half of the sample firms surveyed in the retail-wholesale field financed their business entirely through savings.

NEWS OF INTEREST TO WOMEN

Manning Rites Saturday June Bryson, Texas

Miss Booth, daughter of Mrs. A. B. Booth, Cisco, is the bride of Mr. Manning, son of Mr. M. Manning of Baird. The ceremony was held at 10 o'clock Saturday morning at the home of Mrs. Manning in a graduation ceremony.

Miss Booth is a graduate of Moran high school with the class of 1947. She attended Cisco Junior College and is now employed by the Glen Boyd Insurance Agency of Cisco.

Mr. Manning is a graduate of Baird High School and has served four years in the U. S. Navy. He is now employed by the Stafford Roofing Company.

The couple will make their home with her parents at 1006 East 16th St. for the present time.

WSCS Circle Two Meets Tuesday P. M. With Mrs. W. W. Moore

Circle Two of the Women's Society of Christian Service of the First Methodist Church met Tuesday afternoon in the home of Mrs. W. W. Moore to organize for the new year.

Mrs. J. T. Fields, temporary chairman, called the meeting to order for the inspiring devotion given by Mrs. Philip Pettit who used the 13th chapter of First Corinthians as a scripture basis. The devotion was closed with prayer by Mrs. Pettit.

Mrs. William Joyner next gave highlights from the special news bulletin after which new officers were elected for the incoming year's work. Those chosen were: Chairman, Mrs. J. T. Fields; vice chairman, Mrs. T. J. Dean; secretary, Mrs. George E. Davis; treasurer, Mrs. F. J. Harrelson. Mrs. Fields then appointed the following committees:

Flowers for the church, Mrs. H. A. McCanlies; Mrs. Crigler Paschall and Mrs. C. E. Hailey. Committee for Funerals, Mrs. Sam B. King, Mrs. Tom Stark, Penny collection, Mrs. W. W. Moore. Telephone Committee, Mrs. D. P. King and Mrs. J. H. Latson, Sr. Transportation, Mrs. T. J. Dean, Mrs. Sam B. King, Mrs. F. J. Harrelson, and Mrs. C. E. Hailey. After the business meeting was adjourned Mrs. Moore was assisted by her daughter, Mrs. C. A. Cox of New Orleans, who is visiting her mother and brothers here, in serving delicious refreshments of ice cream and home made angel food cake to the following: Mesdames J. T. Fields, William Joyner, F. J. Harrelson, Philip Pettit, Joe Lovelady, J. H. Latson, Sr., D. P. King, W. L. Boyd, T. J. Dean, Tom Stark, G. P. Rainbolt, H. A. McCanlies, G. E. Davis, D. L. MORAN NEWS

Mr. and Mrs. C. D. White and family who resided in the old Meredith house the past four years, left for Fort Worth last Monday where they have bought a home and business.

With clearing skies the grain harvest got in full sway this week in the Moran territory. Wheat is yielding 6 to 20 bushels per acre,

barley 15 to 25. Excessive moisture did some damage. Prices are still high. With continuing fair weather the harvest should be completed by the end of June.

J. A. Kale of Garland is visiting his daughter and husband, Mr. and Mrs. Oran Dennis.

John Brazzell of McCamey was in Moran last week to sell his residential property to Mrs. Minnie Smith of Albany, and his farm

near Ibox to Fred Smith of Hamlin.

Mrs. Thomas E. Hayden and sons Tommy Lee and Edward are at the Hayden Ranch near Moran helping in the wheat harvest.

Mrs. John Crandall of Houston will arrive in Moran Wednesday to visit her parents, Mr. and Mrs. Morris Cottle.

Mrs. D. C. Rutherford and little daughter Beth spent Monday and Tuesday in Abilene with Mrs. Rutherford's mother, Mrs. Anne Slough.

Mr. Cole Jackson has announced his withdrawal from the race for Justice of the Peace, Precinct No. 3.

Lodge Elects

Moran A. F. & A. M. Lodge No. 363 met in regular session and elected the following officers for the ensuing year: Yates Clayton, W. M.; W. G. Jones, S. W.; S. L. Drake, Sr., J. M.; Gene Thomas, S. D.; Walter Callahan, treasurer; E. A. Cuno, secretary. They will be installed June 24, Carroll Laddner, installing officer; Jim Howard, installing marshal.

Mrs. Walter Burton of Monument, N. Mex., and Mr. and Mrs. Vernon King of Midland visited Mr. and Mrs. Orion Dennis last week.

Mr. and Mrs. John Williams returned from a visit with Mr. and Mrs. Elie Alexander of Albuquerque, N. Mex. They found Connie Alexander working as radio announcer and commentator, and Yvonne clerk in a bank. En route home they visited their daughter, Mrs. Eddie George, at Pueblo, Colo.

Paul Flangan of Austin, brother of Mrs. Ella Eubanks, visited in Moran with his sister and joined her in visiting other relatives in Albany.

Newell Odell, former high school principal here and last year at Archer City, has been elected superintendent of Cross Plains schools. Odell, who is attending summer session at Hardin-Simmons, was given a two-year contract.

Fellowship Meets

The Christian Women's Fellowship met Monday, June 12, at 3 p. m. at the church. Meeting was opened with prayer and song. Roll call was answered by each member giving a favorite scripture. After a brief business session the president, Mrs. Williams, read and discussed the first and second chapters of the Book of St. James. The meeting was adjourned by group repeating of the fellowship benediction.

Mr. and Mrs. Dewey Harroll of Fullinger are visiting Mrs. Harroll's parents, Mr. and Mrs. John Pettit.

Mrs. M. J. Fite and Mrs. D. C. Anderson left Monday for Denton where they will take a course in home economics preparatory to running the school lunch room for the coming year.

Mr. and Mrs. Jack Sledge moved to Odessa last week where Jack, a petroleum engineer, has a position with an oil company.

Mr. and Mrs. C. A. Waters and daughters Anna Bell and Yvonne were guests of Mrs. Waters and Mrs. Steve Terry in Moran last Sunday. The C. A. Waters family of Cisco are moving to Killen. Warren Waters and wife have moved to Austin where he is employed on a construction contract.

Mr. and Mrs. B. L. Owens of Wolf City, brother and sister-in-law of W. C. Owens of Sedwick, are here visiting the family.

Nancy Mae Spuds In

M. S. Mitchell's deep well, the Nancy Mae, on the J. S. Scott place at Sedwick, came in Sunday at 3,950 feet a good producer. Oil men look for more activity in the pool, five miles north of Moran.

Pierce - Lankford Wedding Held June 10 At Raymondsville

Dr. Frances Lavern Pierce, daughter of Mr. and Mrs. Charles W. Pierce, became the bride of Eugene Lankford, son of Judge and Mrs. Eugene Lankford Sr., of Cisco in a beautiful wedding, held at 8 p. m. Saturday, June 10 in the First Methodist church of Raymondsville. Rev. Theo Cox, church pastor and the Rev. J. W. Albritten officiated in the rites.

White gladioli were in baskets on either side of the altar. Candles burned in tall fern-garlanded holders down the two aisles, and behind the chancel railing.

Mrs. M. J. Glarner, organist, played a prelude including "Meditation" from Massenet's Thais,

PEEK-A-BIRDIE—Sharon Lynn Gee puts on a pair of dark glasses in Providence, R.I., to puzzle her pet parakeet. Being a member of the parrot family, the feathery pet quickly let the youngster know that she really wasn't fooling anyone.

Victor Herbert's "Ah Sweet Mystery of Life," "At Dawning" by Cadman, and de Koven's "O Promise Me." She played Schubert's "Serenade" as Miss Doris Jean Thompson and Miss Joy Stallings lighted the candles. Stanley Addington, accompanied by Mrs. Glarner, sang "Through the Years" by Youmans and "O perfect Love" by Gurney.

Given in marriage by her father, the bride wore a gown of white slipper satin. The fitted bodice, with small buttons down the front, had a net yoke bordered in wide satin. Long sleeves tapered to points over the wrists, and the full skirt with its unpressed pleats fell into a train. The bride carried gardenias and wore a Juliet veil of white satin and net edged in orange blossoms.

Dr. Margaret C. Moore of Carthage was maid of honor, with Dr. Charles E. Lankford, Austin, attending his brother as best man. Mrs. Jay Buxton of Austin was matron of honor, and Miss Marian Kennedy, Austin, was bridesmaid. Groomsmen were Mr. Buxton and Eugene Enice of Austin.

A reception was held in the home of the bride's parents. The couple left on a trip for New Orleans where they will live. The bride's choice for travel was a navy blue suit trimmed in white, and a matching hat.

Dr. Lankford will begin her internship at Charity hospital in New Orleans on July 1. She, a former student at Southwest Texas State Teacher's College in San Marcos, holds a bachelor of arts degree from the University of Texas and an M. D. degree from the U. of T. Medical School at Galveston. She is a member of AEI medical fraternity and of I-S, honorary biological fraternity.

Mr. Langford is a University of Texas graduate. Among wedding guests were Mrs. Eugene Lankford, Sr., Cisco, Dr. Charles E. Lankford, Austin, and Mrs. Edward Lanotte, San Antonio.

R. COX ISSUES WARNING ON LIABILITY FROM RAT DAMAGE

George W. Cox, state health officer, has issued a warning to property owners that they might be held liable for rat damage if they do not take proper precautions.

Cox quoted two precedents in his warning. In one the United States Supreme Court assessed damages against the U. S. Government for the death from typhus of a tenant in a Baltimore housing project.

In the other a negligence suit, filed by a landlord against the father of a 15-month-old baby boy, who was attacked by a rat in his crib, settled by the New York Supreme Court for \$1,875. The baby was sleeping when the rat attacked, inflicting 15 teeth wounds.

Rat-proofing ordinances to enforce them with exceptions to no one. This would help prevent ratborne diseases and at the same time protect property owners against damage suits.

Dr. Cox said these two decisions put it squarely up to landlords to protect their tenants. With these two cases as a precedent, no doubt others of similar nature will be filed throughout the country.

Details of the two cases were sent to Mayor G. C. Rosenthal of Cisco.

REMEMBER WHEN

Taken from the Files of The Daily Press

FIVE YEARS AGO

ST. GERMAINE - EN - LAZE, France — In the shadow of a picturesque 11th Century chateau once occupied by Louis XIV, Pfc. John D. Clark of Cisco and hundreds of her sister WAC soldiers passed in review to climax the impressive ceremony celebrating the third anniversary of the Women's Army Corps.

The election of officers for the new year beginning July 1, a piano program by Ray Judia, and a talk by D. G. Streater, of Lake Charles, La., featured the Lions luncheon program today, during which the club was served a plate lunch topped with chocolate pie, by Carlos J. Turner's food emporium.

The official register elected is as follows: president, H. R. Garrett; vice president, Dr. C. E. Paul; secretary, Charles Clark; (A. R. Westfall, assistant treasurer, J. T. Eggen; Lion Tamer, Jay Garrett; taitwister, Charles Burke; (Hugh Chief Brown, assistant); crew directors, N. C. Huston and Austin Flint.

Miss Wanda Hibbert, daughter of Mrs. Roxie Hibbert, became the bride of Joe Carroll, son of Mr. and Mrs. A. C. Carroll, in a ceremony held at high noon at the Church of the Nazarene Sunday, Rev. L. H. Clegg officiated in the presence of a large group of friends.

TEN YEARS AGO

Last night's game was over quickly with Scranton taking Red Front 9-5. Red Front was also out, 10-5, and couldn't seem to get started. W. Bailey pitched his best game with good control, and left several at the plate swinging. The Scranton boys also hit Warfield pretty hard. M. Bailey got 3 for 5, and R. Ledbetter and Cozart had two each. Huckabee and Childers had two hits each for Red Front. Childers got the best hit of the night with a long home run in the 8th with one on.

There will be no game tonight, but a swell game is scheduled for tomorrow night, when the good Miller-Penney team meets the up and coming Recreation Club.

The Long Branch common school district No. 17 of Eastland

County last night signed a contract with the Cisco Independent School District to send all students to Cisco public schools next year. None of these have attended Cisco schools before.

Long Branch has 47 scholastics.

Organized in a campaign to raise a fund for a first class laboratory and library, which will insure Cisco of a first class junior college opening this fall, 10 teams of workers set out from a breakfast at the Savoy Cafe this morning despite the heaviest rain that Cisco has had in years.

Before the workers, each armed with a list of citizens who will be asked to contribute to the fund, lay the prospect that Cisco will add the completing educational unit to its rapidly expanding public school system this fall. The boundaries of the territory which already is served by the Cisco system reach a radius of 12 miles about Cisco.

Leaders Named For School Meet

COLLEGE STATION, June 15.—Presiding officers for the sessions of the fourteenth annual meeting of the Texas School Administration Conference and the 25th meeting of the County Superintendents and Supervisors Association, have been named.

The meetings will be held at Texas A. and M. College June 26-28. Sessions will be held in the YMCA building.

J. Davis Hill, superintendent of the Galveston public schools will preside at the joint session June 26. Davis is president of the Texas School Administration Conference.

Solvent Vapors Are Dangerous, Dr. Cox Warns

AUSTIN, June 15.—There's a lot of punch corked up in that little bottle of cleaning solvent on the back porch. State Health Officer G. D. Cox called them "hazardous, when special precautions are not used."

It seems that solvent vapors are heavier than air, which, means, according to Dr. Cox, that they will collect at floor levels. The danger of using solvent for such household chores as taking spots off the linoleum, or cleaning dirt or grease off the back steps, is that you have to get on your knees to do the job.

And when you're on your knees, you're closer to the accumulation of solvent vapor.

The state health officer proved his whole point with this story: A man attempted to remove the grease from the underside of his car by spraying it with a spray gun he brought home from his construction job. He was found dead under the car, suffocated by the vapor of the cleaning agent.

Proper use of cleaning solvent, the doctor, call for opening all doors and windows when cleaning floors, the underside of household furniture, or clothing. The idea is to get as much ventilation as possible. A fan blowing on the working area is helpful.

When doing a job of this sort,

superintendent, Milam county schools.

Texas School Administrators: Frank Monroe, superintendent, Midland public schools; Dr. L. A. Chapman, executive director, Texas Association of School Boards.

Texas County School Supervisors Association, Mrs. Beatrice Roberson, elementary schools, McLennan County.

SHE HOPES—Grace Lenczyk of Hartford, Conn., displays some golf form in New York as she boards a plane for England. The former women's amateur champion will play in the British Championship matches.

Naval District Has New Chief

NEW ORLEANS, June 15 — Rear Admiral William K. Phillips, USN, today became commander of the Eighth Naval District, succeeding Capt. Thomas L. Lewis, USN.

Admiral Phillips, a veteran of battleships, submarines, lighter-than-air craft, cruisers, and destroyers, was transferred here from command of the naval operating base at Guantanamo Bay, Cuba. Capt. Lewis will remain as his chief of staff, the admiral said.

The Eighth Naval District command includes regular and reserve installations, excepting naval air activities, in Arkansas, Oklahoma, New Mexico, Louisiana, and Texas.

Adm. Phillips graduated from the U. S. Naval Academy in 1917. A native of Tennessee, he commanded the USS Oakland, anti-aircraft cruiser, during most of World War II. Later he commanded cruiser divisions 15 and 18 and became commander of all Atlantic fleet destroyers before going to Guantanamo Bay.

Mrs. Phillips is the former Agnes Cherry of Sherman, Texas.

Reserve Open To Men And Women

The Air Force Reserve offers a wide choice of assignments and opportunities.

Individuals with previous military experience who are not members of the reserve may now enlist in the USAF reserve in a grade equal to that held at time of discharge. They are then promoted to fill vacancies in their unit when they meet the time in grade and total service requirements.

Male and female citizens of the United States, with or without prior military service, who are physically qualified are eligible to join the AF reserve if they are between the ages of 17 and 35 years. Females 18 to 35.

Female reservists are restricted to non-combat positions. Female personnel without prior service may not enlist if they are married or have dependents under 18 years old. Neither may females with prior service be enlisted if they have dependents under 18 years of age.

There are five different types of AF reserve training available. Various types of training units are located throughout Texas, Arkansas, Louisiana, Oklahoma and New Mexico where a reasonably heavy Reserve population exists.

Reservists interested in an assignment in any of the above five states, or non-reservists who are interested in becoming reservists and receiving an assignment, are urged to contact the nearest Regular Air Force Base, Air Force Reserve Training Center, local Volunteer Air Reserve Liaison Officer if known, or by writing to Headquarters Twelfth Air Force, Brooks Air Force Base, Texas.

Protect Turkey Hens, Asks State Game Officials

AUSTIN, June 15 — Cooperation of Texans in protecting wild turkey hens, their eggs and their brood was solicited today by the Game, Fish, and Oyster Commission. Emphasis was placed on not molesting the big birds in areas recently restocked, particularly heavily populated parts of north central, northeastern, and eastern Texas.

E. G. Marsh, assistant director of wildlife restoration, explained that persons in areas unfamiliar with wild turkeys might innocently cause costly damage. He said the range of house cats and of dogs which suck eggs should be restricted.

Newly stocked birds were not so evident to the populace before the mating and nesting period because they had been in flocks generally in wooded areas. But when the breeding period begins, the birds scatter widely and are found in fields, open pastures, and meadows.

"Folks noticing the turkeys are naturally curious," said Marsh. "If they will restrain their curiosity during this crucial period, many benefits will accrue. Turkey hens are very sensitive to human contact. They don't have to see persons peering into their nests and approaching the young. They can scent them. The hens, being wild, oftentimes abandon nests or young in their inherent fear of human beings."

"Touching the eggs is certain to prove disastrous, even though they are left in the nest. Persons placing eggs from 'abandoned' nests under setting hens or under tame turkey hens are just wasting time. If the eggs hatch, the young usually perish from starvation or common poultry ailments to which they are very susceptible, or run away to become the easy prey of predators."

Both programs are conducted under the direction of the Cooperative Extension Service. Complete information may be obtained from county Extension agents.

State Youth Join 4-H Safety And Health Programs

Conservation of human resources, a prime objective of 4-H work, is being achieved nationally by members sharing in the responsibility for individual, family and community health, and safeguarding against accident.

Rural youth throughout the country are joining in the campaign by enrolling in the 1950 National 4-H Safety and Health programs. Both programs offer special awards for superior records to individual members and groups.

In the 4-H Safety program, sterling silver medals are provided by General Motors for five winning members in each county. Also, the county reporting the most outstanding 4-H safety program this year will receive a plaque of merit, appropriately embossed. The state champion will get an all-expense trip to the National 4-H Club Congress in Chicago next November. Eight national winners selected from the state champions will be awarded a \$300 college scholarship each.

In the 4-H Club Health activity attractive two-color certificates symbolizing health will be given to a maximum of four clubs in each county conducting the best health improvement program. In addition, \$20 cash prizes to be used for health education will be awarded to the 10 4-H Clubs in the state which carry on the best program. The member making the greatest progress in health improvement will receive an all-expense trip to the National 4-H Club Congress. The national awards, also provided by the Kellogg Company, Battle Creek, Mich., include a \$100 U. S. Savings Bond and a blue ribbon to

The Little Things We Notice -

... in preparing your abstract often grow into big things as time passes. For example, if the deed is drawn in a careless manner by an inexperienced person it may be full of errors which will show up in your abstract when it comes time to sell, get a loan or lease for oil and gas. The abstractor must copy the instrument just as he finds it on record. The moral is, have your legal documents drawn carefully and only by experienced conveyancers.
