

The Gay Philosopher

By J. W. S.

MADE A LITTLE trip over the Labor Day week-end up to Duncan Oklahoma, which is the home of the Halliburton Oil Well Cementing Company and the home of our mother-in-law. The Halliburton people certainly have a big layout there. They must employ a thousand people or more. They make their oil field equipment there, have their laboratories and the business offices.

THEN WE dropped over to Walters, Okla., to visit old friends. And ran into an interesting deal. They had just staged a polo benefit and the way they raised the money was novel. The best golfer drove golf balls all the way to a town ten miles off. And the prizes went to the people who guessed nearest to the number of strokes it took him.

EVERYWHERE we went, people were talking about the mild summer and the bountiful rain. Up around Wichita Falls, the rivers had been on rampages and bottom land had been inundated for the past week or so. Crop conditions seemed pretty sharp everywhere we went.

ALMOST WENT through Nocona, where the Cisco High Lobos will open their football season next Friday night. The boys up that way are looking for a pretty sharp team. They're the Indians and they are usually in the thick of the district race.

The best way to go, if you're going to drive up Friday, is to go via Breckenridge, Graham, Jacksboro, Bowie and on to Nocona. It's about 140 miles and the roads aren't too bad. Only one short stretch of eight or ten miles not paved, and it's all-weather road.

WE BELIEVE the Lobos are going to get into the win column this year. They're going to win at least half their games, and maybe more. Just you wait and see. . . . We're picking the University of Texas to win first place in the Southwest Conference this year, with Southern Methodist University coming in a close second. We're picking Baylor to win last place.

WERE ASKED to remind one and all members of the Cisco Country Club that the regular family night party will be held this Thursday night at the club. Everybody's to bring a covered dish for an old-fashioned supper, after which there'll be a game hour.

FISHERMEN tell us the big ones have been biting lately up at Lake Birnie, and the crappie are biting pretty well at Lake Cisco. Our scouts report that Roy Killingsworth recently hooked two nice bass at Birnie. Our fishing calendar indicates that you can't miss this week.

McCanlies Joins Coast Squadron

McCHORD AIR BASE, WASH., Sept. 4.—Second Lt. J. Lock McCanlies recently reported for duty at McChord Air Force Base, Washington, assigned to the 62nd Troop Carrier Wing which is currently participating in the Korea Airlift. Lt. McCanlies was formerly stationed at Vance Air Force Base, Enid, Oklahoma, where he was engaged in pilot training.

Lt. McCanlies is the son of Mr. and Mrs. S. H. McCanlies, 404 West 8th, Cisco. He attended Cisco High School and Cisco Junior College where he majored in pre-engineering.

During World War II he served with the United States Navy from March 1944 to April 1946.

HAPPILY NAMED—Dark clouds, perhaps symbolic of the international situation, hover over the World Peace, a recently-built 530-foot tanker. The big ship, in a New York dry dock for repairs and painting, was certainly given the most beautiful of all possible names.

AUTO ACCIDENT INJURES THREE SERIOUSLY; FIVE OTHERS HURT

Three persons suffered serious injuries and five others were hurt Sunday in the collision of two automobiles on the Moran Highway northwest of Cisco. Seriously injured were Mr. and Mrs. S. F. Boyd of Converse, Texas, and Mrs. Mary Ziehr of 403 West 3rd Street, Cisco. The Boyds were visiting in the Ziehr home, and the trio with Miss Helen Ziehr were riding together.

Rising Star Girl Dies In Accident; Three Are Injured

Miss Ann Spenny of Rising Star, who was riding in a car in which Betty Jane Watkins, 19, was fatally injured in a Rising Star accident Sunday night, was treated for a leg injury at Graham Hospital here Monday.

Miss Watkins, daughter of Mr. and Mrs. Charlie E. Watkins of Rising Star, was killed when the car went out of control. Riding with her were Misses Virginia and Sue Graham and Ann Spenny. The mishap took place at 10 p. m. in front of the First Baptist Church there.

Funeral services for Miss Watkins were scheduled for 3 p. m. today at the First Methodist Church in Rising Star, with burial to follow in the cemetery there. Pallbearers were to be former classmates at Rising Star High School.

Miss Watkins and family had lived there for some six years. She had been with an oil company at Monahans for several months.

Presbyterians Will Hear Oklahoma Man

Members of the First Presbyterian Church were urged to attend services at the church at 7:30 p. m. Wednesday to hear Rev. H. Grady James, Wewoka, Okla., who is a prospect to fill the local pulpit which has been vacant for some time.

Rev. James is a graduate of the Theological Seminary in Austin, and preached the baccalaureate sermon there at the close of the last fall term.

Everyone was issued a special invitation to attend the service.

Mr. and Mrs. Jim Evetts and daughter, Ann, formerly of Lucedale are now making their home with her mother, Mrs. M. W. Oldham at 1308 Bullard. They moved to Cisco to be with Mrs. Oldham, whose eyesight is impaired. They are members of the Church of Christ.

Lake Cisco Fish Hatchery Due To Be Moved This Week

SNORING IN THE STRAW—An American soldier hits the hay in a hole full of straw and sleeps peacefully and unconcernedly at an advanced battalion command post north of Taegu, while two of the sleeper's buddies chew the rag. (Photo by Stanley Tretick, Acme staff correspondent.)

Action Is Result Of Efforts To Save Water Here

The Lake Cisco Fish Hatchery, owned and operated here by the State Game, Fish and Oyster Commission since 1924, apparently was making arrangements to move out today, although the city had not been notified of the fact.

The city recently had notified the Commission that water would be shut off to the hatchery on September 15 unless something was worked out to cut down sharply on the amount of water being used by the hatchery.

It was learned that state officials planned to send seven or eight trucks here today to move out the stock of breeding fish. The fish were to be divided between state hatcheries at Possum Kingdom Lake and a lake at San Marcos.

The hatchery has been using some 11 ponds to hatch fish for lakes throughout this section. State officials have estimated that some 225-acre feet of water was required annually to supply the needs of the Cisco hatchery. This would amount to 73,399,000 gallons.

It was not known where Superintendent Walton Baum of the local hatchery would be transferred. He has operated the hatchery for many years and has a wide reputation for his successful work in that field.

Mayor G. C. Rosenthal said he had learned informally that the hatchery was to be moved but had heard nothing from commission officials. He added that the city has made every effort to cooperate in making possible an efficient operation with the use of minimum amount of water.

"Naturally, we are not pleased to see the hatchery move out," Mr. Rosenthal said. "But, in view of the water situation, it seems to be the best of all concerned. An adequate supply of water for our city and citizens is our first concern."

"We have endeavored to work out something satisfactory with the commission for months. Moving the hatchery to areas where water is available in a more bountiful supply seems the best solution to the entire problem."

McELROY TESTS REPORTED DRY; BANKLINE HAS ANOTHER WELL

The McElroy Ranch Company was reported today to have abandoned as a dry hole their No. 1 Lela Latch, wildcat oil test just west of Cisco. According to reports, an Ellenberger lime drill stem test showed salt water.

An electrical survey failed to disclose possibilities of oil, it was understood.

Five miles northeast of Cisco, the Bankline Oil Company's No. 5 Briggs Owens was bottomed in the Lake Sand at 3,360 feet. Some 30 feet of sand was reported. Operations were shutdown until muddy roads improve.

Choate Drilling Company will move next to the location for the No. 7 Owens. The No. 5 will be completed after the drilling equipment is moved off.

Nearby, the Crossman and Savage No. 1 Perdue was busy with completion work. The well reportedly made some 25,000,000 cubic feet of gas in tests over the week-end. The pressure was so strong that operators were having trouble in running tubing.

Lake Cisco caught very little water, Custodian Ray Judia said.

South of Cisco, the C. W. Phayrer No. 1 W. L. Lewis, an Ellenberger wildcat test, was due to begin drilling soon after setting surface pipe. Completion work was continuing on a new strike on the nearby Harper farm.

Just east of Cisco, the Hickok Producing Company was drilling ahead after failing to find the Ranger structure from which a well some 2,000 feet away is producing. The Hickok well is being deepened from the Lake sand from which it had produced for years.

Nearly Inch Of Rain Is Registered Here

Nearly one inch of rain fell in the Cisco area Sunday and Monday, according to rain gauges. Sunday's rain amounted to seven tenths of an inch, and about two tenths fell Monday. A brief shower passed through the area early today.

Lake Cisco caught very little water, Custodian Ray Judia said.

C. - C. Directors Attend Meeting

Directors of the Cisco Chamber of Commerce heard committee reports and discussed business matters at a semi-monthly meeting at noon Tuesday at the Victor Hotel Coffee Shop.

It was announced that the community gymnasium fund raising drive had brought in a total of \$9,400 and that the balance of the \$10,000 goal was in sight.

President W. P. Guinn will appoint a committee to work with a Merchants Credit Association group on plans for Christmas decorations and the holiday program. A meeting of the two groups is scheduled to be held some time this week.

Clinton Is New Choir Director

Robert Clinton, Cisco Junior College music department head, has been named the choir director at the First Methodist Church Rev. E. H. Lightfoot, pastor, announced today. Mr. and Mrs. Clinton will be honored at an informal reception at the church Wednesday at 7 p. m., sponsored by the Women's Society of Christian Service. Mrs. Carrel Smith is president of this group.

Following the reception, the regular weekly choir rehearsal will be held. All present and prospective choir members are urged to attend this initial meeting under the new director, who has had a great deal of experience in choir training and directing.

Allen Thomas has returned from Houston where he has been visiting his cousin, Johnnie Schraer. He reports a very nice time.

Booked At Palace This Week

Top photo is a scene from "Guadalcanal Diary," one of the most vivid, unforgettable pictures to come out of the recent war, which is playing tonight at the Palace Theater. William Bendix, Lloyd Nolan and Preston Foster are the stars.

Bob Hope and Lucille Ball, shown in the lower picture, will be at the Palace Wednesday, Thursday and Friday in "Fancy Pants." The local theater was surprised to be one of the first theaters in the state to play "Fancy Pants." This picture is one of the best comedies ever turned out by Hope.

Results of the first rounds played were: first flight, Mrs. W. B. Statham and Norman Huston over Mrs. Pete Nance and Vernon Howley.

Gov. W. Lee O'Daniel and his party will be guests of State Representative Omar Burkett here Wednesday morning from 10 to 11 o'clock. The governor will come to Cisco in the course of a statewide tour during which he is meeting members of the state legislature in a "get acquainted" program designed to lay a broad basis for cooperation in affairs of the state during the next administration, according to O'Daniel.

This home in the Oakhurst Addition is economical to buy. A small cash payment, with 20 years for the balance, makes it possible for a family now renting to become home owners in keeping with the family budget.

This house is economical to maintain. It's sturdily built, with attic and water pipes insulated, and a gas floor furnace, in addition to the usual features of a modern home. It has two bedrooms, bath, living room and a large kitchen finished in knotty pine. It is located on a 55 x 125-foot lot. Call us today for full details. This house will be shown by appointment only.

Shower Thursday Church Annex Honors Miss Elam

A pre-nuptial shower was given Thursday, August 31, in the educational building of the Eastisco Baptist Church in honor of Miss Evelyn Elam, bride elect of Ray Bosley.

The room was gaily decorated with beautiful summer flowers; and a color scheme of yellow and white was carried out in the decorations and appointments.

Miss Mary Ann Farmer poured punch for the guests and refreshment plates of assorted cookies were served by Miss Bertie Mae Donham.

Miss Joy Pence presided at the bride's book.

Hostesses of the nice affair were Miss Eunice Pence and Mmes. Lawrence Thompson, Marshall Ivie, Bertha Donham, Orville Nance, Paul Stephens, Charlie Pence, V. H. Bosworth, J. E. Whisenant, Hattie Edwards, and Ennis Qualls. A pretty array of gifts was tendered the honoree by her friends. Approximately 30 people were in attendance.

Mr. and Mrs. Victor O. Jackson and young sons, Jackie and Cutter, of Belton, Texas, visited over the week-end with Roy C. Davis family at Rancho del Sur, and the Randy Steffen family on Highway 80.

Mr. and Mrs. Wendell Surles and daughter, Carroll Ann of Dallas visited here over the week-end in the home of his mother, Mrs. C. S. Surles.

Shield Expert Here

H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Wootin Hotel, Abilene Friday & Saturday, Sept. 8 & 9, from 9 a. m. to 5 p. m.

Mr. Shevnan says: The Zoetie Shield is a tremendous improvement over all other methods, effecting immediate relief. It will not only hold the rupture perfectly no matter the size or location, but it will increase the circulation, strengthen the weakened muscles, and thereby close the opening in 10 days on the average case, regardless of heavy lifting, straining or any position the body may assume. A rationally known scientific method, under straps or cumbersome apparatus and absolutely no medical or medical treatments.

Shevnan will be glad to demonstrate without charge. 19 N. Artesian Ave., Chicago 45

Loyal Women's Class Has Business & Social Meeting Friday Night

The Loyal Women's class of First Christian Sunday school met Friday evening in the home of Mrs. J. S. Mobley for the regular business and social meeting of the month.

Mrs. James Flournoy brought the devotion, discussing "Cud-chewing Animals"; Mrs. Mobley read an article entitled "Ye Are the Salt of the Earth". During the business session it was planned to help buy song books for some of the classes in the church school.

A social hour was enjoyed and fun games, directed by Mrs. O. W. Kean, were entertaining features of the evening. Refreshments of punch and devil's food cake were served to the following: Mrs. Maurice Swisher, Miss Ethel Mae Wilson, Mrs. Willtrue Logan, Mrs. Carl J. Stewart, Mrs. O. W. Kean, Mrs. James Flournoy and the hostess, Mrs. Mobley.

How about saving for a "Sunshiny Day"?

IT'S ALL WELL AND GOOD to put something aside for the so-called "rainy day," but—

Saving is twice as much fun when there's a reward at the end of it. For example, how about the day when you can afford to retire, or to buy that new car or house? That will be a "sunshiny day," regardless of the weather.

It's worth saving for, and, thanks to Uncle Sam, there is an easy, automatic way for you to do it.

Under the Payroll Savings Plan where you work, or the Bond-A-Month Plan where you bank, U. S. Savings Bonds can be purchased for you automatically, out of your income or bank deposits.

With either plan, saving becomes an automatic, fool-proof proposition for you, because you can't forget to save—it's done for you—every month.

Backed by the United States Government, Savings Bonds are the safest, surest investment you can make. And remember . . . U. S. Savings Bonds pay you 4 dollars for every 3 dollars invested, in ten years.

Sign up today! Wrap up those daydreams for future reference and start saving for the "sunshiny days," now!

It Was Just An Accident —

. . . that Columbus discovered America, or was it luck? He himself said that his journey would be hazardous and he didn't know where he was going. But he had faith that he would discover a great land, and he did. Likewise, the person who buys land without an abstract is embarking on a dangerous course. Like Columbus he must have faith that he won't lose his all and plenty of luck to avoid disaster.

There's a Great Day Coming —

Yes, it's a great day when thousands of West Texas youngsters go back to school. Whether they are beginning their first year in kindergarten or their senior year in college, their education is proof of the American heritage of equal opportunity for all.

Our youths of today are intelligent and ambitious. All they need is the full opportunity to develop their ideas freely and market their talents as each sees fit. We must guard that "full opportunity" so that when the "individual initiative and energy" of American youth fathers an idea, they may call upon the American system of free enterprise to make realities of their ideas and ambitions.

It's a Privilege —
