

The Gay Philosopher

By J. W. S.

WENT UP TO Nocona Friday night, and we're here to tell you our high school is on the march as far as genuine spirit and football is concerned. Three busloads of cheering youngsters pulled in just as the game began. They cheered all during the game. And left for home, still cheering. Such spirit is good to see, and it helps make football teams.

UNDERSTAND THE Nocona win was the Loboes' first victory in 30 starts. They tied a few games during the past two or is it three seasons, but this was the first clean victory. No member of the Lobo squad had ever before been a member of a winning team. And it was good. And you can bet the Loboes are going to make every effort to win some more.

ONE OF THE school buses ran into trouble shortly after leaving Cisco. A brake started smoking. Supt. Arlin Birt, riding along in his car behind, drove up and told the driver to stop and come out with a fire extinguisher. Mr. Birt got sprayed with CO2 in the deal. All was well and the bus went on.

SAW A GOODLY crowd of Ciscoans at Nocona. The roads were fine. The 8-mile stretch of unpaved road turned out to be the best part of the 140-mile route. It had just been paved. Nocona officials crossed us up. They started the game at 8 p. m. instead of 15 minutes later. The game seemed short. There were very few delays. And everybody was en route home by 10 p. m.

CISCO JR. College's new girls' dormitory, finished just as school began, has six permanent residents for the school year, regardless of the fact that it wasn't ready in time to advertise. They are Mrs. L. R. Placker of Rising Star, Mrs. Louise Placker, Rising Star; LaVelle Cline, Moran; Nancy McKinney, Putnam; Sally Speegle, Scranton; and Lois Hull, Scranton. It certainly is a lovely place.

THE DR. C. E. Pauls planned to go to Fort Worth Sunday to take Miss Lovell Paul back to school. She's a student at TWC. Mr. J. L. (Punk) Thornton calls to say that anybody missing doves on account of bag shells should take him and Tut Tabor along.

GURNEY Motor Company has branched out a bit. They've taken over the county agency for GMC Trucks and pickups.

SAW THE NEW president of Decatur Baptist College - Rev. Otis Strickland - in town Saturday. Was here seeing about moving his household goods to Decatur. The Stricklands are staying in the dormitory there until a President's Home is built. Mr. Strickland said their enrollment is up over last year and that they're going to have a fine football game. He'll be back when the Decatur team comes to Cisco to meet the Wranglers.

George Boyd Will Head Credit Body For Another Year

George Boyd, local insurance agency operator, was re-elected president of the Merchants Credit Association at the monthly membership meeting Thursday night. All other officers and directors were also re-elected. In addition to Mr. Boyd, the other officers are: E. L. Jackson, vice-president; Lucile Huffmyer, secretary; and Charles S. Sandler, J. W. Sitton, H. S. Drumwright, Mrs. Myrtle Anderson and Nick Miller. The association appointed a committee composed of E. L. Jackson, Austin Flint and Homer Ferguson to work with a Chamber of Commerce group in planning the annual Christmas season program. Other routine business matters were discussed.

Fred Stroebel Jr., will leave this week for College Station where he will enter his second year's work at Texas A & M.

YANKEE STYLE—Bobby Katz, 16, left, of Nebraska, and Carol Chamberlain, 17, of California are shown hitching a ride on the highway near Frankfurt, Germany. The more than 5000 teen-age children of U.S. personnel stationed in Frankfurt are getting a thorough knowledge of the country. Many of them have already spent most of their lives there and speak the language fluently.

CONSTRUCTION WORK IS BEGUN ON 3 NEW HOUSES IN PAST WEEK

Contracts on three new homes for Cisco residents were announced and work started last week. The largest of the three is being built for Mr. and Mrs. T. G. Caudle on Park Drive by Contractor Welborn Garrett. The house will be of pink Arizona

Drilling Due To Begin on Shallow Test East of Cisco

Drilling is due to begin this week on a 2,100-foot shallow oil test on the George P. Fee Ranch some four miles northeast of Cisco. The well will be the Pelican Petroleum Co. No. 1 George P. Fee. It will be drilled with rotary equipment.

The test well will seek Strawn sand production. Location was given as 330 feet from the south and 990 feet from the east lines of Section 65, Block 14, H&TC Survey. Mr. Fee said the Pelican lease calls for shallow production only. The tract of land is located some two miles from Lake sand in Bankline Oil Co. wells.

Bankline Oil Co.'s No. 5 Briggs Owens was due to run production tests Saturday afternoon. It was tested with hydrfrac earlier in the week. Nearby, Bankline's No. 7 Owens was drilling at 925 feet Saturday. In the same field, the Gilchrist Drilling Co.'s No. 1 Ayers was drilling at 2,900 feet Saturday, and was expected to encounter the pay sand over the weekend. The Lynn company was completing arrangements to spud in the No. 1 Mize in the near future.

Roundup Club Will Enter Fair Parade

Secretary Harvey Voss of the Cisco Roundup Club has asked all members who expected to take part in the Rising Star Fair parade at 5 p. m. Thursday to contact him. He wants to tell the Rising Star fair officials how many Ciscoans will be their for a chuck wagon barbecue. Members who will take horses will meet at 3:30 p. m. at the Thornton Feed Mill.

DR. PIERCE TO TALK

Dr. J. Stuart Pierce will speak at both morning and evening services at the First Presbyterian Church Sunday, it was announced Saturday. Dr. Pierce is a former minister of the local church. Everybody was invited to attend both the services and members were reminded of Bible school classes which begin at 9:45 a. m.

12 COUNTY DAIRY HERDS WILL BE TESTED DURING SEPTEMBER

Herds of twelve different dairymen are to be tested during the month of September, Forrest Boone, Rising Star dairymen and testing supervisor for the DHIA of the Eastland County Dairy Association reported Saturday.

Boone began testing cows at different dairies over the county on July 31 and is enthusiastic about the work and its importance to dairymen over the area. "Feed the cows according to the amount of milk produced," is his advice to dairymen. According to Boone's testing records of last month one man produced milk for a total cost of \$1.68 per 100 pounds whereas it cost another dairymen a total of \$2.93 per 100 pounds.

Tarleton Eleven Busy With Plans For Cisco Game

STEPHENVILLE, Sept. 9.—Two-a-day workouts since Sept. 1 is fast whipping the Tarleton State College Ploowboys into shape for their season opener, according to Coach Willie Zapalac. The Ploowboys meet Cisco Junior College in a non-conference tilt on Memorial Field here Saturday night, Sept. 16.

Returning Tarleton letterman Marvin Brown will be the Ploowboys' passer. Brown, 150-pound all SWJCJ halfback, is starting his third season for Tarleton. Quarterbacking for the Ploowboys will be returning Pence Dacus and Joe Bill Fox, Fort Worth Tech letterman, who was voted the outstanding athlete in Fort Worth schools last year.

Linebacker Dan Coultas, returning letterman who reported for practice only last Thursday, will help the Ploowboys' prospects; and glue-fingered pass snatcher Jack Jones is expected to give the Cisco team a headache.

Other men showing up well in work outs are backs Elmer Shaw Lloyd Corder, Ronnie Miller, Tackle Charles Goff; and guard Donald Deel. The Ploowboys will sport their new uniforms. They will wear white jerseys with purple numerals. Helmets are purple trimmed in white.

Playing in the Pioneer Athletic Conference, the Ploowboys have a 10-game schedule. Besides their opener, they play Blinn at Brenham, Sept. 23; Ranger at Ranger, Sept. 28; H. S. U. Freshmen at Abilene, Oct. 5; Cameron Aggies here, Oct. 12; Midwestern "B" here, Oct. 20; Kilgore at Kilgore, Oct. 26; Schreiner here, Nov. 4; San Angelo, Nov. 10; and Arlington State here, Nov. 23.

CONTRACT AWARDED SATURDAY ON BUILDING STADIUM FENCE

A contract for the erection of a modern chain link fence around the Cisco High School-Cisco Junior College football field was awarded by the school board Saturday and work on removing the old board fence will begin Monday morning, it was reported by school officials.

West Texas Fence Company of Breckenridge was the successful bidder with the cost reported to be slightly in excess of \$2,800. The new fence will be approximately seven feet in height with the top one foot being taken up with three strands of barbed wire.

Plans call for early completion in order to care for the coming home games and future plans call for the planting of shrubs on the inside of the fence in a beautification program and to close out the view from the streets.

School officials pointed out that the fence was to be built out of school funds and that contributions to the project would be welcomed. The new fence will take the place of the old wooden fence which has served the field for some 20 years. It will enclose only the football field, it was reported.

Included in the plans is the possible remodeling and modernizing the ticket offices and entry gates.

DISPOSITION OF FISH HATCHERY WON'T BE KNOWN FOR MONTHS, DODGEN SAYS

AUSTIN, Sept. 9.—Disposition of the state's fish hatchery properties at Lake Cisco will not be determined for several months, but the fish stock will be removed by September 15.

That was the statement today by Executive Secretary Howard Dodgen of the State Game, Fish & Oyster Commission. He commented that if bad weather hampers moving the fish the Commission will request an extension from the September 15 deadline which was set by Cisco's Commission as the time to end water supply to the hatchery. "We intend to abide by the Ci-

The feed costs per cow and per herd is figured, weighed and placed on the herd record of the owner in the Dairy Herd Improvement Association work. The idea is to find out the low producing cows and to cull them from the herd. The milk and butter-fat content is tested on two successive milkings of the cooperator's herd once each month. Pasturage, roughages and concentrates are figured as to costs. Boone advises the producers to feed their cows a pound of concentrates for each three lbs. of milk produced.

It is expected that the testing work will grow as more dairymen understand it and that at least fifteen herds will be tested during October.

The work is sponsored by the Eastland County Dairy Association and was one of their goals set up when the group was organized early in 1948.

Some who have had their cows tested during the past month have been surprised at the production of some of their best cows. Some cows did not turn out as good as did others, it was said. Dairymen interested in this phase of the progress of the dairy industry in the country are urged to contact Boone at his home nearly midway between Rising Star and Cisco on the highway.

Captain Lamar Is Laid To Rest

Friends were advised here last week of the death of Captain George Thomas Lamar at his home at State House, Waco, on Tuesday, Sept. 5. Funeral services were held Wednesday at 5 p. m. with burial in the national cemetery in San Antonio on Thursday.

Capt. Lamar was born Nov. 23, 1881, at Newmarket, Tenn. He moved to Cross Plains about 1892. He enlisted in the U. S. Army in 1898 during the Spanish-American war and served in the Army for 30 years.

At the time of his death he was a member of both the Cross Plains Lodge 627, A. F. & A. M., and the Cisco Lodge 556, A. F. & A. M., the Cisco Chapter 190 R. A. M., the Cisco Council 128 R. & S. M., the Cisco Commandery 47, K. T., and the Cisco Chapter 461, O. S. S., and had served as presiding officer of each. Ciscoans attending the Waco funeral rites included Mrs. Stella Lisenbee, Sarah Ann Parmer, Sadie Youngblood and L. D. Wilson.

Team Looks Good In Easy Victory

Cisco High School's Loboes displayed a lot of new drive and spirit at Nocona Friday night to open their 1950 football season with an impressive 26-to-0 victory over the Indians. The Loboes cleanly outplayed their opponents in every department, making the one-sided victory look easy.

Coaches Jack Everett and Buck Overall saw their charges score in the first two minutes of the game—before many of the more than 200 Lobo boosters arrived. The game began at 8 p. m.—15 minutes earlier than had been advertised.

Nocona won the toss and elected to receive to open the new season. After the kickoff, the Indians hit the Lobo line three times without success. Don Watts, Lobo center, then broke through and blocked the punt, Cisco recovering on Nocona's 35-yard line.

Doug Johnson promptly got through right tackle for 12 yards and then sprinted to a touchdown. Robert Jackson kicked goal, and the Loboes were off to an early start.

Cisco kicked off again and Nocona was forced to punt. A wobbly punt came down on Cisco's 43-yard line. Johnson then ran 57 yards to a touchdown. He was given plenty of good blocking. Jackson again kicked goal.

Cisco then took the ball on Nocona's 27-yard line as the second quarter began, and got loose for a touchdown. Johnson's try for extra point was low. The Loboes were on the March for another score as the half ended. A 29-yard pass, Johnson to Phippen, featured the threat.

The final Lobo score came early in the third period on a drive that began deep in Nocona territory. Johnson and Jackson ripped off long gains to the Indian 12, from which Johnson went over center to score. He again missed the uprights.

Johnson and Jackson, who indicated that they will be highly regarded ball carriers this season, left the game. The Loboes made several good gaining plays, but weren't able to score in the final period.

Nocona's only threat was a passing attack that gained some 50 yards before an interception ended the try.

The Lobo line looked good, charging hard and throttling just about everything that was thrown at it. Herbert Coats, who started at guard, was lost to the team for three or four weeks due to a badly sprained ankle he suffered on the first play of the game. An X-ray picture showed no broken bones.

Starting lineups were: Cisco: Ends—Pippen and Brunkenhoefer; tackles—Farmer and Voss; guards—Suggs and Coats; center—Watts; backs—Black, Evans, Jackson and Johnson.

Nocona: Ends—Hawthorne and Stout; tackles—White and Hankins; guards—Jameson and Pounds; center—Bowerman; backs—Byrom, Perryman, Fenner and Lee.

Cisco substitutes: Dawson, McCrary, Bassett, Kiser, Webb, Reynolds and Cleveland.

Mr. and Mrs. W. M. Isenhower are enjoying visits of their children in their home today. With them are their daughters and husbands: Mr. and Mrs. Harold Sams and daughters, Susan and Gerry of Pampa; Mr. and Mrs. W. A. Fetterly of Midland; Mr. and Mrs. Bill Jackson of Brady; Mr. and Mrs. Billy J. Johnson of Eastland; their son Wesley Isenhower who is making his home here. Also expected to join them today is the eldest son and wife, Mr. and Mrs. Weldon Isenhower and their three sons of Putnam.

Young Musicians Entertain Club

Three members of the 1950 graduating class of Cisco High School who plan to enroll in colleges this fall to continue their music studies gave a musical program for the Rotary Club at their regular weekly meeting at the Hotel Victor Thursday.

Rotarian Pete Nance, program chairman for the day, introduced the girls by telling of their accomplishments while in Cisco High School and touched briefly on their plans for higher education.

Renabel Bible, a student of Mrs. B. A. Butler and Robert Clinton, sang two vocal numbers, accompanied by Miss Anita Carlin. Following the vocal numbers Miss Scrippy Cluck played two violin numbers. She was also accompanied by Miss Carlin. To close the program Miss Carlin played two difficult piano numbers.

Among the visitors at the meeting were Miss Patsy Nance, daughter of Rotarian and Mrs. Nance, who has enrolled in Cisco Junior College for the fall term, and former Rotarian Bob Cluck, father of Miss Scrippy Cluck.

Mr. and Mrs. W. M. Isenhower spent a few days the first of the week in Midland and vicinity.

Mrs. W. E. Ricks left Friday for Corsicana where she will visit relatives.

MORE ABOUT FLYING SAUCERS

When the U. S. Air Force closed down "Project Saucer" last December, did the military abandon the project because they found no evidence of actual Flying Saucers — or because they did? Was "Project Saucer" closed down in the hope that the public would forget about it so the Air Force could carry on their research in secret?

In the October issue of Pageant Magazine, Frank Scully, veteran journalist who has just published a book on flying saucers, reopens the question with detailed and startling accounts of what he claims were actual flying saucer landings in this country.

The first saucer known to land in the United States came down 12 miles from Aztec, New Mexico, says the article. "Within a few hours after it gently pancaked to earth," says Scully, "Air Force officers took off from Durango, Colorado to search for it."

How did they know of the landing? From telescope observers stationed in various parts of the country who keep 24 hour a day watch for strange and unidentified aircraft.

According to the article, Scully learned of this first landing from a scientist, a specialist in magnetic force, who was then employed by the U. S. Government in top secret scientific research. This scientist, identified only as "Dr. Gee," was introduced to Scully by

Silas Mason Newton, president of the Newton Oil Company, graduate of Baylor University and Yale, and the man who had rediscovered the Rangely Oil field. "Dr. Gee," leaving government research after the war, had gone to work for Newton on a petroleum project.

This scientist, when employed by the U. S. Government, was a member of a group, says Scully, which was called in to examine this strange space ship that landed in New Mexico. The bodies of 16 little men were taken out of the ship and examined, reports the article. "The bodies were normal from every standpoint and had no appearance of being 'midgets.' The only trouble was that their skin seemed to be charred."

What else was found in the ship? Scully quotes "Dr. Gee" as saying "We found some pamphlets or booklets, which in all probability dealt with navigation problems. However, we were unable to de-

cipher any of the writing. All of these booklets were turned over to officials of the Air Force, who in turn reported that they were going to hand them over to men experienced in translating work of this kind."

What happened to this particular flying saucer? According to the article it was dismantled and moved to a government testing laboratory. There it remained while parts were being tested for considerable period of time.

But what about the other flying saucer landings? "We have had three and we saw a fourth," Scully quotes the magnetic force expert as saying. "The second one landed near one of the proving grounds in Arizona. When we got to the second one we found almost the same condition of the first, except that the door was open and the 16 dead people in it were not burned or browned."

The third ship which he and his staff examined landed right above Phoenix in Paradise Valley. This one had sleeping quarters and toilet facilities. Again the ship was dismantled and reported shipped to Dayton, headquarters of "Project Saucer."

According to the article, Scully personally examined a tubeless radio, some gears and some small discs which were taken from this ship. "More than 150 tests had failed to break down the metal of the gears," claims Scully. "The gears themselves were of a ratio unfamiliar to engineers on this earth."

What does it all add up to? Are there — or aren't there — flying saucers? Has the Air Force told all that its intelligence discovered during the two years "Project Saucer" was in existence? According to Frank Scully the answer is "No."

Prices this year will be from \$6 to \$8 per ton higher than last year and yield of about the same size is anticipated for the Cross Plains trade territory. Last year, 2,917 tons were handled by Cross Plains buyers.

Rigging up was going forward Thursday on the Joe Lane No. 1 C. D. Lane et al, two miles south of Pioneer. Permit is for 3,100 ft. with cable tools, to explore the Marble Falls lime.

Drilling contractor on the hole is Richard Cunningham of Brownwood, who said Tuesday he expected to spud the latter part of the week. Location is 400 feet from the west and 360 feet from the north lines of the northeast one-fourth of the S. H. Harris 160 acre pre-emption in Eastland County.

Cross Plains News

Dr. Solomon Roe Chambers, 82, retired Cross Cut physician and farmer and civic leader in that community for many years died Thursday at 11:55 p. m. in a Brownwood hospital after an illness of three weeks.

Dr. Chambers was born May 20, 1868, at Albertville, Ala., and graduated Dec. 4, 1893 from the Chattanooga, Tenn., Medical School.

Funeral services were held Saturday at 10:30 a. m. at Wolf Valley Church, near May, Rev. W. E. Anderson officiating, with burial in Wolf Valley cemetery.

Fifty Cross Plains students experience one of the biggest days of their lives Monday. It was their first day at school.

Two teachers will handle the first year pupils with at present 25 in each room; however, officials believed that 10 or 15 more would be added in the next few days. Both of the first grade teachers, Mrs. Lillian Ballew and Mrs. S. E. Paige, are veterans in the primary department and neither noticed anything unusual as many of the beginners forgot and called them "Mother" instead of "Teacher."

A peanut crop expected to bring over \$600,000 will begin moving to market in Cross Plains in another week or 10 days, buyers in that territory announced recently. Protracted wet weather would delay movement of early nuts but likely aid maturity of late crops, officials stated.

Prices this year will be from \$6 to \$8 per ton higher than last year and yield of about the same size is anticipated for the Cross Plains trade territory. Last year, 2,917 tons were handled by Cross Plains buyers.

Rigging up was going forward Thursday on the Joe Lane No. 1 C. D. Lane et al, two miles south of Pioneer. Permit is for 3,100 ft. with cable tools, to explore the Marble Falls lime.

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

isharoon - Hageman wedding In Ft. Worth Wednesday, August 30

The marriage of Miss Clair Disharoon and Mr. Henry Hageman, Jr., was solemnized at 8:30 p. m. August 30 in the home of Rev. B. F. Hamilton, pastor of the First Baptist Church, Ft. Worth. The single ring rites were read before an improvised altar in front of the fireplace. Arrangements of pom-pom mums, gerbera and fern completed the decorations. The bride is the daughter of Mrs. H. L. Disharoon of Kilgore; the groom is the son of Mr. and Mrs. H. H. Hageman of Albany, former residents of Cisco. The couple was attended by Mrs. R. L. D. Philpot of Ft. Worth, sister and brother-in-law of the groom. The bride was

attired in a black dressmaker suit of velvet with velvet and suede accessories. Her bridal corsage was of white carnations interspersed with maline and ribbon. Mrs. Philpot wore a mocha shantung ensemble, with corresponding accessories. Also attending the ceremony was Mrs. R. L. Davis, sister of the groom, and Mr. Davis of Fort Worth. After a short wedding trip to points in Texas, the couple will be at home at 816 North Lancaster Ave., Dallas, where Mr. Hageman is employed at the American National Bank, Oak Cliff.

Harbin-Marsh Rites Held At Eastland Thursday August 31st.

In a pretty wedding ceremony at North Lamar Baptist Church, Eastland, on Thursday evening, August 31, at 8 p. m., Miss Norma Lee Harbin, daughter of Mr. and Mrs. Woodrow Harbin, became the bride of Joseph Lee Marsh, son of Mr. and Mrs. R. E. Marsh of Cisco. Rev. Truman Walker officiated in the ceremony uniting the couple in marriage. Mrs. W. E. Hallenbeck presented the wedding music. The church was decorated for the occasion with garden flowers. Families of the couple and church members were guests. The bride chose for her wedding a dress of blue satin. Her corsage was of white carnations. A reception followed the ceremony and was held in the home of the bride's parents. The beautifully decorated wedding cake centered the lace-laid table and was served to some 50 relatives and friends. The couple left immediately follow-

ing the reception for a honeymoon at Carlsbad, N. M., where they toured the famed caverns. They will make their home in Winters. Mrs. Marsh is a graduate of Eastland High School. Mr. Marsh attended Cisco High School.

WMU Business Women Meets Tuesday Night In Church Parlor

Business Women's Circle of the First Baptist WMU met Tuesday evening in the church parlor for the regular meeting. In absence of Mrs. H. N. Lyle, who was out of the city, Mrs. Myrtle Anderson presided. Minutes of the last meeting, read by Mrs. C. J. Stephens, were approved and other routine business was transacted. The meeting was then turned to Miss Doris Joe Pyle for the Bible lesson from the Book of Esther, which was well presented. Attending were: Miss Doris Joe Pyle and Mesdames: Myrtle Anderson, Opal Blackstock, Truly Carter, Berta Carmichael, Shobal Houston, O. O. Love, Barton Philpott, E. J. Poe, E. L. Pugh, and Mrs. C. J. Stephens.

Mrs. Billy Bacon Is Group Hostess In Home Tuesday

Mrs. Billy Bacon was hostess to Fellowship Group Two of the First Christian Church which met in her home in the Word community Tuesday evening with Mrs. C. C. Greenhaw presiding. Prayer by Mrs. Edward Lee opened the meeting after which Miss Ethel Mae Wilson gave the devotion on "The Strong Son of God". During the business session plans were made for an "All Church Reception" to be held September 21st, to welcome new members of the church. Cards

were then written to shut-ins by the members and the business meeting was closed by all joining in the missionary benediction. During the social hour which followed a refreshment plate of cheese, apple pie and coffee was served to Misses Esther Hale, Olga Fay Ford, Ethel Mae Wilson, Alice Bacon and Mesdames C. C. Greenhaw, Edward Lee, Callie W. McAfee, J. S. Mobley, T. Ollie Fryar, A. J. Sanders, Joe Tullos and the hostess, Mrs. Bacon.

Presbyterian Circle Meets At Church For Bible Study

Circle Three of the Women of First Presbyterian Church met on Tuesday afternoon at the church for a Bible lesson on prayer. Mrs. C. R. Baugh, chairman, presided, and opened the meeting with prayer, after which a brief business meeting was held. Minutes of the last meeting, read by Mrs. J. E. Coleman, were approved, and other routine mat-

ters were looked after. Plans were made to send a box of useful articles to the Mexican boys of the Presbyterian School at Taft, Texas. The meeting was then turned to Mrs. S. E. Hittson for the Bible lesson. The account of Hezekiah's prayer in a time of national distress was the lesson topic; and the granted request of his prayer showed his faith in God at all times. Members attending were: Mrs. C. R. Baugh, Mrs. F. J. Borman, Mrs. S. E. Hittson, Miss Willie Word, Mrs. J. E. Stansell, Mrs. J. G. Rupe and Mrs. J. E. Coleman.

Arts Club Breakfast Is Held Thursday

Ushering in the Fall Club season, the First Industrial Arts club met at the home of Mrs. S. H. Nance Thursday morning for a breakfast and the first meeting of the Club Year. Hostesses of the nice affair were Mesdames L. J. Leech, B. E. Morehart, Ruby Miller, S. H. Nance.

ce, H. H. Davis, O. L. Stamey, Joe Clements, R. E. Grantham, and Joe Wilson. Lovely arrangements of roses and fall flowers were placed artistically about the rooms and the dining table and each quartet table was centered with ceramic filled with small red and yellow dahlias. Guests and members were seated at marked places for the delicious meal which was served after invocation by Mrs. W. V. Gardenhire. Mrs. Ruby Miller introduced the guests, Mrs. Leslie Seymour, Mrs. John Spier and Mrs. E. H. Lightfoot; and announced the program following. Mrs. Rex Moore read the Club Collect; Mrs. F. J. Borman gave the President's splendid Message.

Those present were the guests, Mrs. Seymour, Mrs. Spier, and Lightfoot and the following members: Mesdames Ed Aycock, H. A. Bible, F. J. Borman, J. E. Coleman, H. H. Davis, W. V. Gardenhire, Gail Jones, Ruby Miller, Rex Moore, B. E. Morehart, S. H. Nance, J. B. Pratt, J. J. Tableman, M. F. Underwood, W. W. Wallace, John Shertzer, A. J. Olson, M. D. Paschall, Joe Wilson.

FERGUSON'S

THINGS YOUR DOLLAR DOES FOR YOU WHEN SPENT AT HOME

It goes to your local merchant who spends a part of it to keep modern merchandise in his store for you. A part of it goes for taxes which help to keep schools open for your children, to give you police and fire protection, to maintain street and sanitation projects and to give you other added conveniences. Another part goes to the various churches and affords you a comfortable place of worship. And still another part goes to gifts for various civic undertakings and charitable organizations. A DOLLAR SPENT AWAY FROM HOME MAY DEPRIVE YOU OF SOME OF THESE THINGS.

Blackeyed Peas Going To Market In Big Quantity

Boyd Hilley, Gorman, representing the L. R. Barron Co. of Athens, is now buying black-eyed and other varieties of dried peas, according to information received from the County Agent's office in Eastland.

Hilley, manager of the Golden Cakes Feed store in Gorman, has been buying peas for the past three weeks, he has informed J. M. Cooper county farm agent. Practically all of the peas bought

so far have been of the blackeyed variety. Present price for the peas is six cents per pound. The price for other cream varieties other than these three is somewhat lower, Hilley said.

Barron attended two meetings held at Carbon and Gorman last spring and informed growers that he would have a buyer in the county for practically all varieties of dried peas provided they would plant as many as 1,000 acres in peas. Thirty-five farmers agreed to plant nearly 2,000 acres, Cooper said. They did not sign a contract and were under no obligation to sell their peas to the Barron company but could keep them or sell to a buyer of any other company.

WEDNESDAY NBC

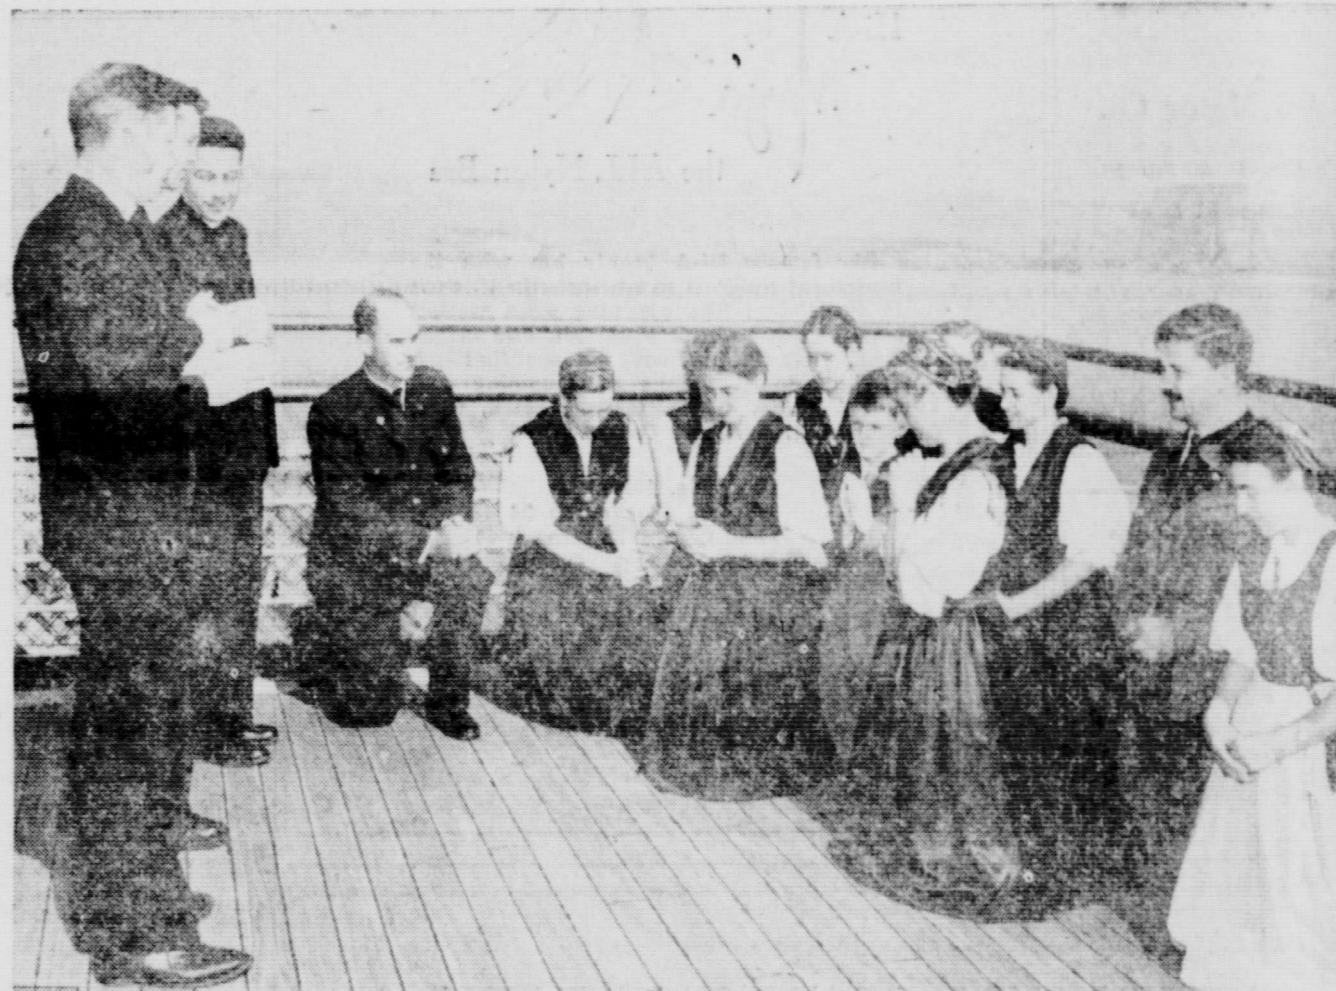

BEACH ROMPERS—Terry cloth rompers that slip neatly over a wet bathing suit keep Doreen Evans warm after a swim at Miami Beach, Fla. Particularly useful after swimming in cooler climes, the beach rompers zip all the way down the front with a self belt.

SAD VICTIM—Boston's most famous man is responsible for the sad expression on the face of Catherine Hilley, shown here with her dog, Tiny. One of the few World War I paraplegic veterans in the country, Catherine discovered her husband had stolen all the furniture in her new home when she moved in.

KOREAN LINE-UP—Nattily dressed South Korean military policemen stand at strict attention as they wait for an inspection at a railroad station at Taegu. According to American Army reports, the well-trained MPs have been invaluable in the search for communist guerrillas who infiltrate American lines dressed as civilians, clergymen or friendly troops.

FOR A HAPPY VOYAGE—The Trapp Family Singers, Austrian vocal group, kneel in prayer on the deck of the Queen Mary sailing from New York. They'll sing at the annual music festival at Salzburg, Austria, on their first visit to Europe since 1938.

CLOUDS OVER GOTHAM—The splendor of Manhattan's tall buildings is dulled for a few minutes during a sudden electrical storm late in the afternoon. Looking south from Central Park, you can see the world famous skyline silhouetted against the swirling in ahead of the black clouds that settled on the city.

Nancy Jo Walker, 6 1/2, little Texas miss, stricken in the 1949 polio epidemic, will be aided in her fight to walk again by dimes voluntarily contributed for a glass of beverage at the Val-Sweet Grape Nectar booth during the Texas State Fair at Dallas. Two lovely Val-Sweet maidens, Misses Beverly McCormick and Pat Bradley will dispense the nectar, usually given free to fair-goers. All proceeds go to the National Foundation for Infantile Paralysis to alleviate suffering of Texas polio victims.

It Was Just An Accident —
... that Columbus discovered America, or was it luck? He himself said that his journey would be hazardous and he didn't know where he was going. But he had faith that he would discover a great land, and he did. Likewise, the person who buys land without an abstract is embarking on a dangerous course. Like Columbus he must have faith that he won't lose it all and plenty of luck to avoid disaster.

REMEMBER WHEN

Taken from the Files of The Daily Press

SEVEN YEARS AGO —

Twenty-five Cisco boys, four of whom have had two years experience on the football field, faced Coach Monroe Sweeney at the high school this morning for general instructions preparatory to beginning practice for the approaching football season.

For a few days, or until the weather cools a bit more, there will be field practice at Chesley Field at 9 a. m. daily, with hikes to Lake Cisco and a swim in the afternoon.

The young men present this morning included Jimmie Christie, Bob Davis, Wesley Isenhower, Marion Pascoli, Fred Craddock, Don Johnson, Jim Sauls, Elbert Tipton, Harvey Haynie, Jerry Farley, Walton Baum, Jim Frye, Harold Rupe, Edwin Posey, Rex Ramsower, Mac Harrelson, Homer Tompkins, Joe Philpott, Bob Donahoe, Phillip Trevino, Karl Armstrong, Billy Britain, Mitford Johnson and Jack Milner.

A group of intermediates and juniors were chaperoned on an outing to Lake Cisco Thursday evening by Mrs. Charles S. Sandler. An enjoyable time was spent with the many diversions afforded there. Personnel of the group included Bob Wilson, Fort Worth, Melvin Sandler, Jere Westfall, Jackie Milner, Zeldia Lynn Sandler, Jo Ann Scott, Frances Hanrahan, Barbara Grist and Patsy Ruth Davis.

A packed house heard the piano recital of Miss Betty Slicker at First Methodist Church last night, when Miss Wilda Dragoo of Eastland presented the talented Cisco girl in a concert that was heartily appreciated by all present. Miss Slicker was encouraged time and again the large audience demanding that she returned to the piano after the program ended.

The program was divided into three divisions during one of which Miss Slicker was presented

lovely flowers by Miss Gloria Graham, one of the usher attendants, the flowers being sent by Mrs. John Shertzer and daughters, Mrs. T. G. Caudle and Miss Marilyn Shertzer. Other attendants were Misses Rose Ann Woods and Miss Dorothy Jean Anderson.

The stage was decorated by the church choir and church decorations were by the choir, board of stewards and Mrs. Martha Dierdorff.

Rising Star News . . .

Announcement was made Thursday that the final vote on the Peanut Queen, to reign at the Free Fall Fair, will be at the Star Theatre, Monday night, Sept. 11. Each of the four high school classes will be represented with a candidate.

Final voting for these girls will end on Friday morning when a duchess from each class will be selected to be in the run-off at the Star Theatre.

A large crowd was on hand Saturday night at Wildcat field for the first college football game ever played in Rising Star. The battle was between two carefully picked teams from Howard Payne College roster and was a real battle.

The game was sponsored by the Brownwood Jacket Club and was billed as a regulation game between two powerful teams and not a scrimmage. Both teams are big and fast and put on a game well worth seeing, it was reported.

Mr. and Mrs. Ralph Kizer of Fort Worth, arrived in Rising Star the past week and have taken up their residence in the former W. P. Small Jr., home on the Cisco highway at the edge of Star.

Mr. Kizer, who is a son of E. O. Kizer, who bought the Rising Star phone system the past spring, is to be manager and line-man for the exchange, while Mrs. Kizer will serve as bookkeeper for the system.

Dr. and Mrs. Ben H. Bradley returned Tuesday from Aubrey, Ark., where they had been to

bring home their daughter, Sandra, and began moving the equipment back into the hospital in Rising Star which will open soon.

WATER TRICKS—Jean Nathey rides high over the water at Winter Haven, Fla., as she stands on the back of Dick Pope, Jr., for this water ski trick. Like a Broadway show, this stunt also needs proper "backing" to succeed.

BUTTONS AND LACE—Tiny white buttons and dainty white lace are teamed for charm in a fashion designed for women of all ages. Born to flatter junior or matron, the navy broadcloth dress has enormous lace-edged pockets appliqued with huge white flowers.

TWO IN ONE—Lizabeth Scott models this white organdie gown in Hollywood. A dash of color is added by an inset panel on the bodice of an appliqued brown flower pattern. The dress can be worn without this detachable tea-apron.

Mrs. Truly Carter, Mrs. Myrtle Anderson and Mrs. Gorum Pollard left Friday for Galveston where they will attend sessions at the American Legion Auxiliary Convention.

R. V. Rendall left Friday for Ft. Lauderdale, Florida, having been called there by the critical illness of his father.

Mr. and Mrs. Paul Latch and children Barbara, Paula and Char-

les of Sundown, Texas, spent the weekend and holiday in Cisco visiting his parents, Mr. and Mrs. W. Z. Latch, and other relatives.

Mr. and Mrs. Price Hooks of Oklahoma City are visiting here with his mother, Mrs. F. M. Hooks and his sister and husband, Mr. and Mrs. J. M. Flournoy.

Mr. and Mrs. Jack Reynolds accompanied by their son and wife, Mr. and Mrs. Billy Reynolds, all

of Fort Worth, spent last Sunday and the holiday here with Mr. Reynolds' mother, Mrs. Connie Reynolds, and family.

Misses Virginia Weiser, Ann Scaer and Elaine Ziehr left Monday for Winfield, Kansas, where they will enroll in St. Johns Lutheran College. They were accompanied on the trip by Miss Weiser's parents, Mr. and Mrs. Paul Weiser.

Mrs. Walter Hock of Loraine is visiting in Cisco with her sister, Miss Fannie Stevens, this week.

Mrs. W. E. McWhorter enjoyed recent visits of her sons-in-law and daughters, Mr. and Mrs. Sam Kennedy of Abilene, Mr. and Mrs. Ike Sanders and three children of Dallas, and Mr. and Mrs. Rehn of Houston.

After graduating from the U. of Texas the latter part of August Glen Baugh, former Ciscoan, son of Mr. and Mrs. Sam P. Baugh, has been employed by the Tennessee Gas Co. at Conroe. He and wife, the former Miss Jean Guinn,

daughter of Mr. and Mrs. W. P. Guinn, are now residing in Conroe.

Mrs. T. E. House returned Friday night after spending the past week with her parents, Mr. and Mrs. Knox, at Terrell. En route there she stopped in Dallas to shop and visit with relatives. She reports a nice time.

Mrs. John Petty and children were in from the ranch on Route 1 for a spend-the-day visit with her parents, Mr. and Mrs. M. E. Fry.

Mrs. M. E. Fry returned the first of the week from Woodson where she had been helping to attend at the bedside of her father, J. N. Miller. She now reports him much improved.

Mrs. F. J. Harrelson and Mrs. G. A. Brown, Jr., visited at Gorman today with relatives who have been ill. They report that Dr. Edward Blackwell is improving from a recent heart attack.

Mrs. Joe Wilson returned Tues-

day from a two week's absence during which she visited her daughter, Mrs. John Aycock in Sweetwater and with Mrs. Everett Duncan at Roscoe.

Mr. and Mrs. Ralph R. Walker and grand daughter, Linda, of Lubbock arrived Thursday for a visit with Mrs. Walker's brother and wife, Mr. and Mrs. Ed Huestis.

Mr. and Mrs. S. L. Cook have all their children as guest in their home this weekend; the first time in ten years that they have all visited here at the same time. The visitors are as follows: Mr. and Mrs. J. W. Cook Elaine and Carrie Lee; Montgomery, Ala; Mrs. Robert Sterling and son, Drex, Dayton, Ohio; Mr. and Mrs. J. C. Butcher and daughter, Rebecca, Fort Worth; Mr. and Mrs. Charles White and Sue, Abilene; Mr. and Mrs. Alvin King and Patricia Jo, Brownfield.

Mr. and Mrs. Wayne Scott and daughter, Cathey of Graham returned home Thursday after a visit here in the home of Mr. and Mrs. Charles Wood.

Mr. and Mrs. Charles Wood have gone to Abilene for a weekend visit with relatives.

Miss Sally Gallagher has gone to Fort Worth where she will enter Texas Christian University. Miss Gallagher is a daughter of Mrs. Bethel Gallagher.

Miss Margaret Hailey arrived Friday night from Dallas for a weekend visit with her parents, Mr. and Mrs. C. E. Hailey and other members of the family.

Cisco friends will be glad to know that Mrs. D. G. Alford and sons, Davy and Mike have weathered the recent hurricane which swept over Tampa, Fla., where they are making their home. Col. Alford who is the Executive Officer for the 307th Bomb Group, has been in Japan since August 10.

Dr. and Mrs. Arthur Bryant of Brownwood were guests Tuesday in the home of Mr. and Mrs. Raby Miller.

The Alathean class of the First Baptist Sunday school will assemble for Business and social meeting Monday evening at 7:30 in the home of Mrs. Lewis Lee at 1107 west Fourteenth street.

Mr. and Mrs. H. A. Lenz and daughter Mona went to Sweetwater Saturday for a visit with

CHECK AND MATE—Hounds-tooth checked jersey and pale mohair are happily mated for fall by Henry Rosenfeld. The collarless blouse, worn with a high-riding scarf, has three-quarter sleeves. The skirt has low pockets.

their two sons and their families. They will be accompanied home by their daughter, Miss Joy Nell Lenz, who has been visiting relatives there.

Sarah Ayres left Friday for her home in Dallas after spending the summer vacation in Cisco with her grandmother, Mrs. C. R. Baugh.
