

The Gay Philosopher

By J. W. S.

IF YOU DRIVE 65 miles an hour and have an accident, your chances are one in six of coming out alive. But if you're driving 65 miles an hour and have an accident, your odds of survival are one in 12. That's what Mr. Glen Covington, Dallas, Lone Star Gas Company safety engineer, says.

And he gets his figures from such sources as Col. Homer Garrison of the Texas Safety Department.

AMONG OTHER things, Mr. Covington said that the new highway between Cisco and Baird was opened last Thursday night. By Saturday night, there had been a traffic fatality. A car skidded, went 42 feet into the air and crashed against a post.

HERE'S SOMETHING for the youngsters to read. The state police accident figures show that most accidents occur with high school or college age drivers. Cause of most excessive speed. Drunk drivers are next on the list for causing the most mishaps.

FIGURES SHOW that if you keep a young driver alive until he or she is 24 years old, their chances of living to be an old driver are considerable better.

MR. Covington says to take the University of Texas football stadium and put 70,000 people in it. Let them start out and open up with a machine gun. Kill 2,000 of them outright. Permanently disable another eight or ten thousand of them. And injure all the rest. And you'll just about duplicate what happens each year on Texas Highways.

Pretty grim, huh?

YOU WILL WANT to be at the football field at 7 p. m. today. The Midgets take on Albany at that hour. You'll want to see a little guy named Marcos Gallegos. He's a halfback and our scouts report that he hasn't been stopped yet. And there are a flock of others just as good as Marcos. The Lobos can look forward to next year and the next, for Coach Bill Sledge is going to send up some good prospects.

AND WHEN THE Midgets finish, the Cisco "B" team takes on the Mineral Wells "B" team. The Junior Lobos are a hard-running outfit.

There's one lad on the "B" team you'll want to see in action. He's Leroy Broadus, whose dad works for Humble here. Leroy is a transfer student and not eligible for the Lobo team, otherwise he might be playing in every game. Our scouts report that Leroy is every bit as bright a prospect as a sophomore as was Stan Williams, the Cisco lad who is destined to make the All-American team at Baylor.

And Leroy is not the only junior Lobo who has a lot of promise.

We'll see you at the double-header.

OVER AT Ranger tonight, the Ranger Junior College plays the John Tarleton Plowboys. And Friday night, Ranger High School takes on Brady. The outcome of these two games should be of interest to Cisco fans, as the Wranglers recently played Tarleton and the Lobos go over to Ranger next week.

Midland Football Team Has Lunch Here

Some 40 members of the Midland High School football squad, their coaches and team managers stopped in Cisco at noon today enroute to Dallas where they are scheduled to play the Forrest High Lions Friday night.

The team was travelling in a special football bus owned by the Midland schools.

A special meal was prepared for the team and served on the roof of the Hotel Victor.

AT CAMP CARSON

Mr. and Mrs. Ralph Butler of 308 West 2nd Street recently received word from their son, Recruiter Earl Lee Butler, that he is now stationed at Camp Carson, Colorado, for 14 weeks of training. He is with a field artillery battalion.

SHE SHOULD BE YODELING—Phillip Burr, Winchester, Mass., and Judy Taylor, Collingswood, N. J., sit on their baggage awaiting customs inspection in New York upon their arrival from Europe. Burr is wearing a native Austrian costume and Judy a small imitation Bavarian hat with long feather which must be tickling her. They were part of the 554 college students who returned together.

WORTH OF FERTILIZER SHOWN IN RISING STAR EXPERIMENTS

The Rising Star Veterans' Agriculture Class recently checked some fertilizer test plots on Billy Zirkle's farm one and a half miles south of Okra, according to Perry C. Spenny, instructor. Spenny reports that in random samples of 145.2 feet of rows of corn, which was shucked and weighed, the weights multiplied by 100 to get an acre equivalent, with 80 pounds of 16-20-0 the corn averaged 41.4 bushels per acre; with 100 pounds of 4-12-4 inside rows of strips made 35 bushels per acre; plot with no fertilizer made 15 bushels per acre.

It is interesting to note that on the 16-20-0 plots where cockleburrs were bad the yield was 30 bushels per acre; where there were no cockleburs the yield was 50 bushels. One outside row next to peanuts that had 4-12-4 made 74 bushels per acre.

Three Eastland County 4-H Club boys will take their beef calves to the Dallas Fair next week, according to Ed Steele, assistant county agent and club leader. Don and Dan Jobe, members of the Scranton 4-H Club, will exhibit their milk fed Hereford steers which now weigh over 1100 pounds each. Joe Ben Koonce, Desdemona Club member, will exhibit a shorthorn calf which weighs approximately 800 pounds. Joe Ben showed the reserve champion shorthorn steer last year at the State Fair.

Paul Creech, county agricultural supervisor for the Eastland County Vocational School for the past two years, has resigned effective Oct. 1 to take a position as district supervisor of Veterans' Agricultural Training with the State Board for Vocational Education. His district headquarters will be at A&M College. The agricultural workers are offering congratulations to Creech on his promotion. Fred Stewart, Veterans' Fourth Year Agriculture instructor, will replace him as the county supervisor. James W. Fowler, graduate of East Texas State College, Commerce, has accepted the position of Veterans' Agriculture instructor at Ranger, replacing Ed Crow, now with Ranger Junior College.

According to Emmett Powell, the response to the PMA cover crop program has been good. To date the county has issued approvals for some 13,000 acres of legume cover crops, 2,000 acres of rye cover, with approvals for 200 lb. superphosphates per acre on the 13,000 acres of legumes. Powell stated that in addition to 13,000 acres of legumes to be seeded this fall, there is approximately 100,000 acres of rye to be seeded.

Moran High Will Play In Clyde Friday Night

Moran's Bulldogs lost again in a close game on the home field, howing to Aspermont, 14-6, but they looked better than the previous try.

Aspermont scored first, moving on the ground with the aid of a 15-yard roughing penalty. Carl Weed intercepted a pass and traveled the length of the field to put Moran back in the game. Halftime score was 7-6.

Long passes paved the way for the second Aspermont tally in the fourth after staving off a pair of Moran threats in the third quarter. Moran had again reached the enemy 12 before the game ended.

Next Friday night the Bulldogs visit high-rated Clyde. A large crowd loyally rooted for Moran's team in last week's loss.

Maurice Donaldson and family of the Club Cafe of Albany and mother visited in Moran on Sunday.

Mr. and Mrs. N. L. Bailey arrived home Monday from a two weeks visit with their son at Waco and daughter Mrs. R. R. Kelly at Marlin. Their son Ross Bailey of Houston and family met them at Waco for a visit.

Mr. and Mrs. Walter Glenn of El Paso visited at the Dyer Ranch last weekend. Mr. and Mrs. Floyd Pool were guests at a 6 o'clock dinner at the ranch Sunday evening at which the El Pasos were also present.

Mr. and Mrs. C. A. Waters of Killen spent Wednesday in Moran visiting his mother, Mrs. Bell Waters.

Bertram and Raymond Elliott spent last week in Col. rode on a business trip. They returned home Saturday night.

Gerald White of Moran enrolled Friday at North Texas State College as a senior education major.

Miss Laverne Grace of Abilene was last week's visitor with Mrs. W. W. Martin and Mrs. Carl Hopkins in Moran. She was on

Kaiser Dealers To Show New Car

Low initial cost plus great economy and exceptional performance are the 1-2-3 features of the all-new Henry J sedan models on display at Kaiser-Fraser dealerships across the country Friday.

Moser Motors of Eastland will be among the dealers showing the new car this week.

Buyers will have a choice of the four-cylinder Henry J and the Henry J DeLuxe, six-cylinder model offering greater styling refinements. Both engines are new high-compression "Kaiser Supersonic" L-head types.

Kaiser officials disclosed that the new car will be the lowest priced car in America for a full size sedan. Basically, it is the car that Henry J. Kaiser envisioned in 1945. Along with specifications and road tests, the company issued an open challenge to the public to compare the Henry J highway and traffic performance with other makes.

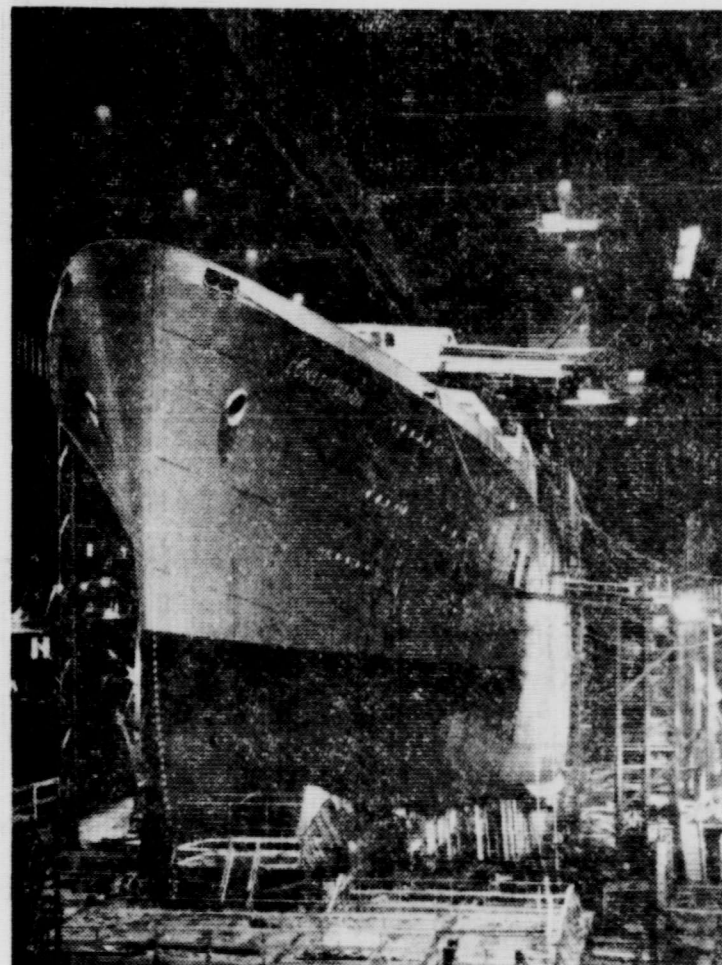

Mr. Moser, who is the Eastland County distributor for the company, invited the residents of Cisco to visit his show rooms to see the new model.

Bankline Nearing Pay Horizon In Clark Well; Phayer Awaits Pipe

Bankline Oil Company was drilling at 2,860 feet in their No. 4 A. V. Clark in the new Owens pool five miles northeast of Cisco today. The well offsets flush Lake sand production in the field.

The No. 7 Owens, the last well completed by Bankline, has been completed and is undergoing potential tests, it was reported. A possibility was that it might require to be pumped, oil men said.

Industry Teams Up With Youth In 4-H Program

CHICAGO, Sept. 28—Ten years ago only a handful of industrial concerns were supporting 4-H Club work nationally. Today through the National Committee on Boys and Girls Club Work nearly 50 industries, business men and women are backing up their faith in 2,000,000 4-H Club members with incentives valued at \$400,000 annually.

This amount is distributed for awards and leader training funds in 4-H Club programs which range from canning to tractor maintenance.

"The money is considered a sound investment in the nation's future by encouraging these rural boys and girls who have pledged their head, heart, hands and health to make the best better," declared Guy L. Noble, director of the national 4-H committee, a non-profit citizens' group.

"4-H youth learn by doing," he stated. "And guiding their efforts are 225,000 volunteer club leaders who work under the direction of the Extension Service of the State Agricultural colleges to carry out 4-H program objectives."

The teen-agers do a man-sized job in their their projects, according to Noble, and by the time they reach 21 many are well on the way to becoming independent farmers, while others have substantial bank accounts.

Allen Completes Realty Course

A. R. Allen, local real estate and insurance agent, has just returned from Dallas where he participated in a lecture course on the principles of real estate management. The course was sponsored by the Institute of Real Estate Management in the interest of proper methods of property management.

The lecture courses were given by James C. Downs, Jr., Chicago; Delbert S. Wenzlick, St. Louis and Carey Winston, Washington. All three men are certified Property Managers and are leaders in their fields. Mr. Downs has completed a book on property management that is being used in some of the leading universities as a text book in real estate courses.

The purpose of the course was to give a clear understanding of the functions of property management, to teach the techniques of real estate management and to afford the real estate man the opportunity to prepare himself to do more satisfactory and efficient work in his chosen field.

Rotarians Hear Max Bentley, See Color Film

Rotarians heard a talk by Max Bentley in behalf of the new Diabetic Foundation in Gainesville and viewed a film, "The Seminole and the Everglades," at their weekly luncheon meeting at the Hotel Victor Thursday. The program was brought by Rotarian G. C. Rosenthal, chairman for the meeting.

Mr. Bentley told Rotarians of the great work being done at the Diabetic Foundation and urged the support of the program by the club and by individuals. He told of the beginning of the work by one doctor and a group of Gainesville business men and told what had been done in the 13 weeks the foundation had been operating. Mr. Bentley was formerly with the West Texas Chamber of Commerce and editor of the organization's magazine.

The film of the Everglades depicted the life of the Seminole Indians who were the only inhabitants of the Florida swamps for almost a century. It showed how the Indians obtained their living from the land and the hardships suffered. It was a sound picture in color.

Visitors at the luncheon were Rotarians Dan Dillingham, Harley Sadler and George Hopkins of Abilene; George Lane, Jack Frost and Dr. J. C. Whittington of Eastland, Y. E. Juge of Fort Worth and Frank Carroll of Dallas. Other visitors were A. E. Drake of Abilene, E. J. Dickey of Dallas and Joe Gaines of Lubbock.

Mrs. Lyle Will Head Delegation To Coast Meet

Mrs. H. N. Lyle of Cisco, state department president of the American Legion Auxiliary, will head a delegation of Texas Auxiliary members to the National Convention of the Legion and Auxiliary meeting next week-end in Los Angeles, Calif.

Mrs. Lyle will board a special train in Fort Worth next Thursday night. The train will return via the Texas and Pacific Railroad. She will be gone about ten days.

She returned Wednesday from Austin where she attended to business at the state headquarters and was a speaker at a joint meeting Tuesday night of the Austin Legion and Auxiliary units.

Mrs. Lyle is due to preside at an executive board meeting in Austin this week-end.

Band Entered In Coleman Festival

The Cisco Lobo band, accompanied by Director Kenneth St. Clair, left early today for Coleman where it was entered in a music festival in competition with other bands in the area.

The members were taken to the festival in two school buses and will return following the marching contests early Thursday evening.

It was the first time this year that the band had entered competition and members had worked hard all week on their routines. The band will perform between halves of the DeLeon-Cisco game at Chesley Field Friday night.

Cisco's weekend football program will begin at 7 p. m. today at Chesley Field with a double-header game in which the Cisco Midgets will meet the Albany junior eleven and the Lobo "B" team will tangle with a similar team from Mineral Wells.

The program will end Friday night as the Cisco High School Lobos open their District 8-A schedule in a game with DeLeon High School. The kickoff is set for 8 p. m.

Coach Bill Sledge's juniors finished their work for their second game of the season Wednesday. They defeated Eastland in a game last week. The Midgets will suit out 22 boys for the game. Members of the teams are:

First team — Ends, James Thurman and Bill Smith; tackles, David Gray and Fred Anderson; guards, Tommy Reynolds and Harold Pippet; center, Fred Hayes; quarterback, James Brogdon; halfbacks, Bill Miller and Marcos Gallegos; fullback, George Calerman.

Second team — Ends, Jerry Weiser and Elias Tapia; tackles, Roy McClelland and Max Farmer; guards, Don Gilmore and Jon Essl; center, Jerry McMurrey; quarterback, Augustine Rojas; halfbacks, Lloyd Rumsey and Puck Whitesad; and fullback, Benji Lipsey.

Other boys on the squad are David Ewell, Roy and George Page, Tommy Collier, Don Poe, Milton Houston, Jackie Reynolds, Billy Whaley, Herbie Gallegos, and Joe Gilmore.

Managers are Gene Agnew and Billy Jackson.

The Lobo "B" team consists of all members of the same 40-man squad except the 20 players on the "A" team. Most of the "B" team boys will play in the contest.

The Lobos worked out Wednesday night for their conference opener here Friday night. The afternoon workout was cancelled in order that members of the team might attend the funeral of A. L. Black, brother of Halfback Bobby Black.

Coach Jack Everett scheduled a light workout for today to complete preparations for the game.

Russell Pleased With Progress Of Wrangler Eleven

Coach L. B. (Scat) Russell was pleased today with the progress of his Cisco Junior College Wranglers have shown in the past week's workouts. The Wranglers have an open date in their schedule this week and resume play next Saturday night at Corsicana in a conference game against the Navarro Junior College.

The long period between games has been and will continue to be devoted to hard work, Coach Russell said. Practice sessions have been devoted partly to a study of fundamentals in blocking and tackling.

Scrimmage has occupied part of the daily program all week and is due to be part of the schedule through next Wednesday or Thursday. Passers, runners and kickers have also been going through extensive drills.

Russell said his injured men were recovering and that no new injuries had shown up in practice.

AUSTIN MAN TO SPEAK

Rev. Jim Wharton of the Presbyterian Seminary in Austin will speak at both services of the First Presbyterian Church here Sunday.

All members were urged to attend all the services and everyone was given an invitation to the meetings.

SHOWS IMPROVEMENT

The condition of J. L. (Punk) Thornton, local feed store owner, who has been seriously ill in a local hospital, was reported as being improved Thursday. He spent a restful night and if he continues to improve it was believed that he would be moved to his home Friday or Saturday.

CWF Meets Tuesday In Business Session And Program at Church

The CWF of the First Christian Church met Tuesday, Sept. 26 at 3 o'clock in regular session with Mrs. James M. Latimer presiding. Following an organ prelude by Mozelle Flournoy, the meeting was called to order and all groups joined in singing, "Tell Me the Story of Jesus," after which Mrs. J. S. Mobley led in prayer.

Group Three was in charge of the program with Mrs. Willirue Logan directing. Lucile Kean gave a very interesting devotion using scriptures verses from John 1, 2-4 and 4, 1-7. A hymn, "Blest Be the Tie That Binds," was sung at the close of the devotion. A four part discussion, "Some Serving Verses," was presented by Mmes. Zedie Cagle, Lucile Kean, Cleo Huestis, and Willirue Logan. Mrs. J. F. Benedict told

of some phases of the Christian missionary work in her talk entitled "We Have Long Arms."

A dialogue on the services that church women perform was given by Mrs. Mozelle Flournoy and Mrs. Milared Latimer.

During the business meeting routine affairs were transacted, and reports from the various committees were heard. The financial report was given and the free will offering was taken.

Recommendations of the executive board were accepted and the CWF voted to sponsor a farewell party for Rev. and Mrs. Maurice Swisher Sunday night, October 1, after the evening service at the church.

Announcement was made of the

District 11 convention at Richland Springs, September 29, also of the international convention in Oklahoma City Oct. 10-15.

After the business meeting the group was dismissed by the missionary benediction.

"BEST PORK ROAST I EVER BOUGHT!"

When you see a low, low price on pork roast, ask yourself, "Is it really a bargain?" The answer is "No!" If it's cut from a big, over-fat pork loin from which all the choice center has been removed. There'll be mighty little eating on it and the price PER SERVING will be plenty high, even if the price PER POUND is low!

A&P "Super Right" Standards Never Permit Such Selling Methods

A&P sells only tender, young, medium-weight pork. Loin is usually cut into three parts of approximately equal weight. Both ends contain plenty of desirable center meat. The center sells as pork chops or center-cut roast at a slightly higher price. We could divide the loin so all the choice meaty part sells at a higher price, but we don't. You get more good eating from A&P "Super Right" pork roast, more for your money. (If you prefer a larger roast we will sell you the whole loin or either half.)

COMING BACK MONDAY?

"So long, Joe—see you Monday." Sure, you take it for granted that you'll be back on the job bright and early Monday morning. Always have been—well, 'most always. There was the time on a picnic when you fell off a rock and sprained your ankle—and oh, yes, the auto accident that put your arm in a sling for a couple of weeks; but nothing really too serious.

Don't count on it! Every year 32,000 workers are killed, over 2,500,000 injured in off-the-job accidents. That's almost double the number of deaths caused by accidents on the job.

It's great to have fun. Relax and enjoy yourself over the week end, holiday or vacation. But remember—somewhere during every two-day holiday, 175 workers will be accidentally killed and 15,000 injured, many maimed for life. One of these could be you. A large part of these casualties will be caused by traffic accidents, but drownings, falls, firearms, poisons, burns and other accidents will help to swell the total.

Coming back Monday? The chances are all in your favor—if you just use plain common sense in what you do and how you do it over the week end.

Think safely on-the-job, off-the-job, always!

Death Claims Mrs. Sandefer

Final rites for Mrs. J. D. Sandefer, mother of J. D. Sandefer

Jr., of Breckenridge, will be held at 5 p. m. Thursday on the campus of Hardin-Simmons University. The 81-year old widow of the former president of the Abilene university died at 7:30 p. m. Tuesday at home in Abilene following an illness of several months. Dr. Millard Jenkins, retired pastor of First Baptist Church in Abilene will conduct the services. He will be assisted by C. M. Caldwell and T. N. Carswell, both long-time friends of the Sandefer family. The body will

be laid to rest on Hardin-Simmons campus beside her husband.

At the time of her death on Tuesday, her three children, Jake Breckenridge, Gilbert (Gib) of Washington, D. C. and Mrs. E. T. Comper, Abilene, were with her. Besides the children, she is survived by two brothers, E. B. Gilbert, Columbia, Tenn. and C. C. Gilbert, Nashville, Tenn. There is a sister, Mrs. Jennie Blackburn, Abilene; eight grand-

children and seven great-grandchildren.

During the time of the funeral services all work at Hardin-Simmons University will be suspended, President R. N. Richardson said Tuesday night.

A large number of Breckenridge friends of Jake Sandefer and former students of Hardin-Simmons University is expected to make the trip to Abilene for the services.

Because of the prominence of

her late husband and her own activities in women's work, a large number of friends from over Texas is expected to attend the services.

Mrs. Jefferson Davis Sandefer was long associated with Hardin-Simmons as the wife of its late president who served 31 years, from 1909 until his death in 1940. She broke ground for the Sandefer Memorial Building, now the largest structure on the H-SU campus, when it was started in 1946, and participated last year when the memorial to her late husband was dedicated.

She was active for more than 50 years in local, state and national women's organizations.

Throughout her long, active life Mrs. Sandefer had the philosophy that "women should do something for society outside of home activities."

in 1949 and was chairman of the body many of the years.

"No other man has done so much to bolster the game and fish interests of Texas," said Lechner, "none has ever worked as earnestly and efficiently for the commission as this man. He deserves any honor we can bestow upon him."

The commission agreed with Lechner and the vote was unanimously in favor of the resolution. Only member missing from the commission meeting was Mr. Gene Howe of Amarillo. Chairman W.

Scott Schreiner of Kerrville was presiding.

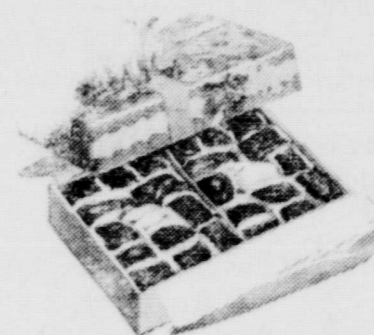

The new hatchery with its 44 breeding ponds is counted upon to supply literally millions of baby fish for North Texas lakes and West Texas fishin' holes.

Possum Kingdom Adds Name To List Of Features

POSSUM KINGDOM, Sept. 23 — Another name has been added to those already familiar to fishermen who come from three states for the sport afforded here. This has ever been "Possum Kingdom" to the fishermen, and the dam was named "Morris, Shepherd Dam" by the powers in control at the time the big structure was completed. Now another name, that of Murrell L. Buckner, has been added to the list when he was named Friday upon the new state fish hatchery just below the dam.

In offering the resolution to honor Buckner, Walter W. Lechner of Eagle Mountain Lake at Fort Worth, told the Texas Game, Fish and Oyster Commission in session at Mineral Wells that Mr. Buckner was a member of the commission at the time it was formed in 1929 until he resigned

It Was Just An Accident —

... that Columbus discovered America, or was it luck? He himself said that his journey would be hazardous and he didn't know where he was going. But he had faith that he would discover a great land, and he did. Likewise, the person who buys land without an abstract is embarking on a dangerous course. Like Columbus he must have faith that he won't lose his all and plenty of luck to avoid disaster.
