THE WATER PIPE that has kept a mudhole near the Cisco players' bench at Chesley Field has been moved, we're informed. Mr. Bill Fewell called to report that this — which he had advocated — has now been done, and it now is up to us to get a gate built in the fence to facilitate leaving the field after the games.

LET'S ALL go out and help the Wranglers tonight. They're running up against a good team in the Midwestern University "B" squad. We believe that the Wranglers will win, and the score will be 19 to 7.

THE HIGH SCHOOL Lobos are definitely the underdogs in their Coleman game Friday night. The sports writers are picking Coleman to win. And we're predicting a CHS victory by six points.

WERE NOT especially superstitious, but there's no point in taking chances Friday, for it's Friday the Thirteenth. Let's all be careful.

OUR SCOUTS report that Mr. Jack Hailey has sold the Elmoad Courts on 8th Street to Mr. Charles Wood of Cisco. The transaction took place yesterday. The Haileys have owned the courts for seven years, and, selling out unexpectedly, they haven't made any plans. Jack will continue in the oil drilling business in the Cisco area and will decide soon with regards to the future.

A NEW LINE of peanut products is making its appearance on the shelves of local grocery stores. It's Pito's peanut butter, peanut oil, peanut candy and bags of roasted peanuts. The Pito line is being distributed by Mr. Zan Burroughs and the Cisco Peanut Co. It's manufactured at Zan's brother's place at Portales, New Mexico. Zan says he will personally guarantee every jar of peanut butter as being as good as any you can buy. The peanut oil is for cooking, and Zan tells us it will also grow hair on bald heads if you use it properly. It will cook things as well or better than other vegetable oils, he reports.

Pito's picture appears on all the labels. He's on a peanut candy bar, too. Zan is distributing these products throughout this whole section. Let's all give Pito a trial and give local enterprise a break.

THE PECAN outlook for this area is pretty good, our scouts report. The market price on native pecans opened at 25c a pound in some places, we're told. The paper shell pecans, excepting Burketts, are bountiful. The Burketts in some places suffered from too much moisture or something.

UNDERSTAND A special bus will take a group of Boss Manufacturing Company employees to the State Fair in Dallas on Sunday. Mr. Cliff Jones is helping them sponsor the special. A few seats are still open, and Cliff can give you the dope if you want to go along.

VICTIMS OF THE WAR—These women of Inchon, Korea, draw water from their well after returning from the hills to which they had fled during the UN invasion. The well was all that remained of their home. According to an interpreter, the husband of the woman at left was killed for refusing to join the Communist army.

BAPTIST WORKER'S CONFERENCE ATTRACTS BIG CROWD TUESDAY

The monthly Workers' Conference of the Cisco Baptist Association convened at the First Baptist Church in Cisco on Tuesday with the association's new moderator, Rev. Ralph Perkins of Ranger, in charge.

In the morning session, the Baptist workers from Stephens, Eastland and Shackelford counties heard Rev. W. H. Robinson of Union, Rev. G. W. Thomas of Carbon, Rev. Clifford Nelson of Olden, Rev. Loyd Chapman of Eastland, and Rev. H. D. Martin of Desdemona. The theme for the morning messages was "The Grace of God."

At noon the ladies of the First Baptist Church served dinner to the several hundred guests. Rev. J. Henry Littleton of Lueders, Rev. B. F. Bennett of El Paso, and Dr. Floyd Chaffin of Dallas were featured speakers at the afternoon session.

The ministers discussed Baptist mission work at home and abroad and urged the churches of Cisco Association to make a greater effort to enlist all their members in Christian services.

At 7:30 p. m. the Workers' Conference again heard Dr. Chaffin as he explained the Cooperative Program of Missions sponsored by the Baptist General Convention of Texas and the Southern Baptist Convention. Rev. Cecil Goff of Dumas spoke on "The Acceptable Offering." The program of the day was concluded by the showing of the film, "Not in Vain."

At the board meeting at 1:30 p. m., Mrs. R. R. Jones of Cisco, Associational Training Union director, presented plans for a greater training union emphasis in this area.

Special music for the morning session was furnished by Mrs. A. R. Allen and Mrs. V. F. Earls, who sang "Holy Spirit Lead Us," Mrs. Truman Taylor accompanied.

Mrs. Taylor sang "Hark, the Voice of Jesus Calling," accompanied by Mrs. Earls, as the special music for the afternoon session of the W.M.U. meeting.

A quartet from Hardin-Simmons University, composed of Forrest Posey, Ray Baker, John Collie and Ed Isbell, gave four numbers as special music for the evening session. The numbers were "Ezekiel Saw the Wheel," "I Know the Lord Has Laid His Hands on Me," "Jesus, Rose of Sharon," and "Shall I Crucify My Savior?"

Private Morrell H. Ray, 19, son of P. M. Ray, Route 4, Cisco, has completed his AF basic airman indoctrination course at Lackland Air Force Base, the "Gateway to the Air Force."

Lackland, situated near San Antonio, is the world's largest air force base, center of Air Force basic training, for airmen and women, indoctrination station for prior service enlistees, and the home of the AF's Officer Candidate School.

Ray's basic training has prepared him for entrance into Air Force technical training and for assignment in specialized work. The course included a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

Wranglers Ready For Strong Midwestern Team Tonight

This 'N That

Fishing was fair at both local lakes the past weekend with the biggest catches being reported at the boathouse at Lake Cisco and off the dam at Lake Birnie. They were striking early in the morning and taking a siesta during the remainder of the day. Several nice strings of crappie and a few cat were brought in. Most of those caught were good eating size but a little below bragging size.

The best fishing story of the week comes from Roy Killingsworth, head man at Cisco Junior High School, who tells of seeing Charlie Midkiff, in the same business at West Ward, hang up four nice bass on four consecutive casts. On the same trip the one-armed angler snagged several crappie. Roy had a nice trip — nothing more.

Mrs. J. L. (Punk) Thornton has had to stay away from her favorite spot in the boathouse recently because of Punk's illness — he didn't feel up to cleaning her catches. Now that he is back on the job her partners were looking forward to her return.

Mrs. E. G. Dameron has been back on the job following a recent trip. Her efforts have paid off to the tune of a nice catfish and a few crappie. The big ones haven't heard that she has returned.

Other regular visitors at Lake Cisco are Mrs. Andy Anderson, Mrs. Jerry Laird and Mrs. Frankie Triplett, who have caught a few nice strings. They make it almost every day.

Rev. and Mrs. C. E. Stowe were out Monday and Mrs. Stowe has become an ardent angler. She has promised herself — and the fish — that she will go out at least once a week. The genial preacher will probably go along to see that she doesn't get pulled in.

Let's leave the fish for a while and talk about football. The Lobos go to Coleman Friday night where they will meet the mighty Bluecats. Billy Baker, who calls the plays and is a passer probably superior to that boy Cunningham of Ranger, is the son of a former Randolph College graduate. His dad was cheer leader at the local school when Pop Garrett was fielding some mighty good teams in the late 1920s. Baker Sr. went on to Texas U. where he obtained his degree in law and has become one of the bigwigs in his local community.

Still another fish story comes from our friend Roy Killingsworth. It seems that some boys were playing around the Eastland golf course and found an artificial lure caught in a tree. They dislodged it and one of the boys ran across the dam dragging the lure in the water. It looked particularly inviting to a bass estimated at eight pounds, and he struck at it, hanging himself on one of the bars. The force of the strike pulled the boy into the lake and when he was fished out he was still holding onto the line with the prize catch on the other end.

Lobo 'B' Eleven To Play Dublin

The Cisco High School Lobo "B" team will journey to Dublin tonight to play a similar team there, Coach Jack Everett reported.

The local "B" club recently won a game from Mineral Wells. Coach Everett indicated that he would take some 30 players to Dublin and that his starting lineup would not be determined until game time.

WTCC CONVENTION WILL MAKE PLANS FOR WORK PROGRAM

ABILENE, Oct. 12. — Thirty minutes after the sound of the gavel opening the 33rd annual convention of the West Texas Chamber of Commerce, October 19-20 in Mineral Wells, committeemen and delegates will convene in seven separate open panel meetings to map and plan the organization's 1951 program of work.

First session is a general assembly at 2:30 p. m., Thursday, October 19. WTCC President J. M. Willson, Sr., of Floydada, has called the group meetings for 3 p. m. to permit all West Texans attending the convention to have a voice in determining the future activities of the regional body.

Willson has appointed group leaders to direct the meetings as follows: Industrial, E. L. Buelow, San Angelo; Oil and Gas Development, French Robertson, Abilene; Agriculture and Livestock Development, Alton B. Bell, Crowell; Water, Homer D. Grant, Lubbock; Publicity and Advertising, F. H. Kelley, Colorado City; Local Chamber of Commerce Managers' meeting, E. O. Wedgeworth, of Pampa.

Members of the WTCC's 1951 program committee will attend each of the group panel meetings for the purpose of reporting proposals, recommendations, and suggestions for the coming year's program of work to the Board of Directors at a later session.

Registration for the meeting is scheduled to begin at 11 a. m., Thursday, in the lobby of the Baker Hotel.

LOBOES COMPLETING PLANS FOR CONTEST AT COLEMAN FRIDAY

Coaches Jack Everett and Buck Overall were to complete plans today for the non-conference game Friday night between Cisco and Coleman high schools at Coleman. Game time will be 8 o'clock.

The Lobo traveling squad of some 20 men will leave Cisco at 2:30 p. m. Friday by school bus. The band and pep squad won't leave until about 6 p. m.

A light workout was scheduled for today and it was expected to be devoted largely to pass defense study. The Coleman team has a reputation as a passing team, devoting some 75 per cent of their plays to aeriels.

SHIVERS DESIGNATES OCT. 15-21 OIL PROGRESS WEEK IN TEXAS

AUSTIN, Oct. 12.—Governor Allan Shivers today proclaimed the week of October 15-21 to be Oil Progress Week in Texas. Text of his proclamation follows:

"The progress of Texas has been in direct proportion to the development of this state's petroleum resources by private enterprise according to rules laid down by the State's elected government.

"Texas produces nearly one half of the nation's oil supply.

"The petroleum industry is the largest contributor to the economy of Texas and to the support of its institutions and government.

"The oil industry in Texas, as well as in the entire United States, is better prepared today than ever before to meet any national emergency because of consistent increase in the oil industry's capacity in all phases of production, refining and proved oil reserves.

"At the half-way mark of this century, it is possible to survey the progress of America in the last fifty years and to assay the advances which may be expected in the future. It is plain that our state's progress, and our nation's progress, go hand in hand with oil progress.

"October 15 to 21 inclusive has been designated as "Oil Progress Week" when members of the oil industry will cooperate in informing the public about the ways in which their industry has contributed to our high standards of

Improved College Eleven Expected For Home Folks

The Wranglers of Cisco Junior College are expected to show to home folks an improved football team in their game at Chesley Field at 8 p. m. Thursday. They will be the first home appearance of the Wranglers since Sept. 2.

In tonight's game, the Wranglers will take on the strong Midwestern University "B" team, Wichita Falls. This team has been defeated in two starts, winning over Decatur, 7 to 6, a over Ranger Junior College, 8-

Since their Sept. 21 game, a local eleven has had an open door enabling them to get in two weeks of uninterrupted practice, a has gone to Corsicana to win over Navarro Junior College.

Plans for the game were completed by the Wranglers in a workout Wednesday.

A good crowd has been forecast with a large advance ticket at the high school band will come the Wrangler half-time game and will provide half-time entertainment. College students gave the Wranglers a send-off at an assembly pep rally today.

Starting lineups have been announced as follows:

Table with 3 columns: Cisco, Pos., Midwestern. Lists players like Mays, Kinard, Salter, Watson, Veros, Gray, Kincaid, Payne, McLean, Lewis, Eddings.

The Wranglers will be in pretty good shape physically, a few men out of commission due to injuries. Leonard Grigsby of Alton Kite is probably the only two men who definitely will play. Grigsby is out with shoulder injury, and Kite has neck ailment.

The Cisco backfield will feature "scat" backs, including J. Payne of Breckenridge, Way McLean of Merkel, Olen Lewis Whiteface and Gene Eddings Blanket. Lonnie Crosby, ace kicker and a defensive standout, probably alternate at quarterback with Payne.

Most of Coach Scot Russe's some 35 men will see action.

The retirement of R. V. Manrahan as President and the election of Q. Lomax as President and A. E. Pecore as Vice President of Humble Pipe Line Company were announced today following a meeting of the Company's Board of Directors.

Commenting upon the retirement of Mr. Manrahan and the election of Mr. Lomax and Mr. Pecore, H. Baker, President of Humble Oil & Refining Company said:

"Ralph Manrahan has had a brilliant and eventful career in pipe line management extending over forty-nine years, during which time he has taken an active part in the development of the great pipe line transportation system of this country. In this he has had an important role in bringing the world's oil markets to the well. Serving in management capacities with Humble Pipe Line for thirty years, twenty-five of which have been as President, he is the dean of pipe line executives. His integrity, judgment, foresight, and capacity for working with men give him a place of outstanding leadership in this field.

"Humble Pipe Line Company is extremely fortunate in having two long-service and well-trained, capable men in O. Q. Lomax and A. E. Pecore to assume the offices of President and Vice President, respectively."

Mr. Manrahan took his first job in a field connection gang for the Indiana Pipe Line Company and

He was elected to the Company's Board of Directors in 1920, became Vice President and General Manager the same year, and was elected President in 1925. He served as President for twenty five years.

Mr. Lomax began his career in 1917 as an engineer-draftsman with Empire Gas and Fuel Company in Oklahoma. In 1918 he joined Humble Oil & Refining Company and was engaged in making preliminary plans for the construction of the Baytown Refinery. He transferred to Humble Pipe Line Company early in 1919 and after brief jobs with other companies returned to Humble Pipe Line Company in 1924, serving in various engineering capacities until 1937, when he was appointed Assistant General Superintendent. He was elected to the Company's Board of Directors and made Vice President and

General Superintendent in 1942, and has served in such capacities since that time. Mr. Pecore entered the service of Humble Pipe Line Company in 1919 and served in several engineering capacities until 1945, when he was named Chief Engineer. In 1949 he was made General Superintendent of the Company.
