Attendance Campaign Is Proving Valuable To Local Congregations

The "See You in Church Sunday" campaign which was recently launched by the Cisco Central Association is proving valuable to all of the churches in the community, according to reports from local churches.

HIGHLIGHTS Of Next Sunday's Lesson

Using The Bible
Next Sunday's lesson should be of special interest to every Christian. "Using The Bible" is the title of the lesson and the Scripture that is found in Psalm 19: 7-11 and Acts 8: 25-35. Before going to Sunday School, we suggest that you read these passages, and then read God's Word carefully, intelligently, and prayerfully. Passages that may have been meaningless, become of interest and of great help.

In Personal Life
The above mentioned passage in the Psalms reveals how the Lord leads men to the Savior and how to live in the right way. These verses also tell us that the Word of God is perfect, true, and trustworthy. And the verse from this passage promises a "great reward" for those who take the Bible as their guide to life and eternity.

In Personal Witnessing
The passage from Acts relates the familiar story of Philip, a missionary whom the Lord directed to a very successful revival meeting in Samaria that he might bring the story of Jesus to one man in Ethiopia. He found this man sitting in a chariot reading that we now know as the 53rd chapter of Isaiah, a prophecy of the Redeemer. Philip understood the Scripture and used this passage of the Bible to lead this man to Christ.

Attend Meeting Of Reserve Chaplains
Pastor Harold G. Lohrmann of Grace Lutheran Church will be Tuesday for Los Angeles where he will attend a national convention of army reserve chaplains in the Biltmore Hotel there. The Lutheran minister said that recent directive from the Chief Chaplains announces that all reserve chaplains will be called to service in alphabetical order according to their name and their denomination.

Attend Meeting Of Reserve Chaplains
Pastor Lohrmann said that he expected his call to service in the 400th Air Transport Squadron.

Mrs. Kathleen B. Buckley of Fort Worth visited relatives and friends in Cisco last weekend. She also has just had a trip to Tulsa, Okla., Indianapolis, Baltimore, Washington, D. C., and New York City. While away Mrs. Buckley saw many points of interest and attended a dinner in honor of Stewart I. Simpson and met many dignitaries.

The Gay Philosopher

By J. W. S.

MR. BOB HARPER of 601 West 12th Street comes forward with some pretty convincing claims for a record as a farmer. He planted a patch of ground 50x75 feet with 17 rows of corn and 31 hills of sweet potatoes. And his yield included all the corn they could eat in season plus a 12-bushel harvest.

The 31 hills of sweet potatoes yielded three bushels and one peck. Some of the potatoes were larger than a quart bottle. One hill had 36 eating size potatoes in it, and another produced 26. He didn't use irrigation either.

THE REPUTATION of Mr. A. R. Westfall for attracting strays spread further this week. A pig fell out of a pickup truck being driven by Mr. W. B. Starr the other day. And the stray pig promptly reported to Mr. Westfall. A few hours later, Mr. Starr came around and picked up the stray.

THE CLOCK worked. We're talking about the time clock at the football field. It was built by the electronics classes of CJC under the directions of Instructors Jack Ledbetter and Bill Scarlett. And it cost them \$6, thanks to a lot of donations.

McCauley Tire & Supply furnished the clock. A glass cover was donated by the First National Bank and the Cisco Lumber & Supply. B. F. Thomas Body Works provided a flood light, West Texas Utilities Co., strung the wire, Marshall Jones and Mac Beene of Jones Electric made the hookup, Collins Hardware gave the bolts and hardware, Ben Krauskopf's tin shop made the metal bands, Burton Lingo provided nails, Harry Schaefer painted it and J. H. Latson, Jr., and his night class built part of the frame.

Rev. Chief Warden operated it. And he turned out to be pretty reliable — five seconds off for the whole game.

THE WRANGLERS certainly looked good in their game with Midwestern. They open their conference next Friday night here with Decatur Baptist College. Rev. Otis Strickland, former local pastor who now is president of DBC, will be here for the game, we're told.

Coaches Scat Russell and Paul Moseley are due a big hand for the improvements their team has made.

LET'S ALL give a big hand to Dick Wynne. He's a student at Cisco Junior College and devotes his afternoons to helping the high school footballers. While Coaches Everett and Overall work the first stringers, Dick takes over the "B" team. And he's doing a fine job.

DE Students Go To Dallas Fair

The D. E. Class attended the Dallas Fair Sunday, Oct. 8. The students left from the bus station at 4 Sunday morning and ate breakfast at the Derby in Weatherford.

The class started home about 6 o'clock and ate supper at the Corral Drive Inn at Fort Worth. They arrived in Cisco at 11 o'clock Sunday night.

The 26 students from the D. E. Class who attended the Fair included: Barton Mashburn, Patry Gryder, Marvin Perdue, Iva Lea Lassiter, Garland Payne, Robert Whisenant, Bob Barker, Jim Bassett, Jimmie Cheshire, Mr. and Mrs. Norris Young, Imogene Gautney, Floyce Wooten, Brenda Joyce Black, Pat Denton and Doris Speegle.

Guests were: Wilma Thomas, Omer Akers, Betty Green, Eldon Callerman, Tim Fambrough, Harry Warren, Vandell Weathers, Mrs. Roy Speegle, Mrs. Lonnie Herring, and Prinnis Akers.

TO BROADCAST GAME
The Coleman-Lobo game to be played in Coleman tonight will be broadcasted over the public address system located at the Cisco Peanut Company, it was reported by A. R. Collier of Cisco Junior College. The public was invited to come to the broadcast which can be heard in the 100 blocks of East and West 7th and on Ave. D.

School News . . .

Cisco Junior College

John Spencer, the editor of The Wrangler, has selected 11 students to work on the annual this year. Doris Franklin, a graduate of Cisco High School, is the assistant editor. Martha Whitaker, another graduate of Cisco High, is Business Manager. Roy Trapp of Cisco High is Sports Editor. Bill Parkenson will work as Senior Editor while Monte Lisenbee will serve as Freshman Editor. Dorothy Jo Garrett, a graduate of Cisco High School, is the artist and faculty advisor. The Feature Editor is Bill Gunn and Phyllis Berry is Activity Editor. Teresa Moysa is the Snap Shot Editor. Louise Palker and Nancy McKinney are the Night School Editors. The sponsors this year are Mrs. O. L. Stamey and Miss Olga Fay Ford.

The Wranglers chalked up their first victory by beating Navarro Junior College 14 to 13. Lonnie Crosby scored the first touchdown and Norman Gene Eddings made the last touchdown the last few minutes of playing time. Leonard Grigsby, a backfield player, received a shoulder injury which may keep him out of action for a short time.

EX-ITS

Robert Rendell a Lobo four year letter man flew to Mexico City with Midwestern University Indians last week where they played the National University of Mexico and came out with a 67-6 victory. The Wichita Falls paper said, "Rudy Rendell, the squad's best defensive guard, also is liable to move into the offensive spot for the next game."

A nine pound six ounce daughter was born to Mr. and Mrs. Tread Tike of Kingston N. Y. Sunday 9:35 a. m. Mrs. Tike is the former Miss Octavia Jones and a graduate of Cisco High School.

Martha Smallwood and Clarence Nobles were married Thursday night in the home of the bride. Martha and Clarence are both former Cisco High School students.

Wranglers Show Power In 19-18 Loss To Midwestern

A big, versatile Midwestern University "B" team from Wichita Falls had to use a point after touchdown to win a 19-18 victory over the Cisco Junior College Wranglers in a football game at Chesley Field Thursday night.

The undefeated visitors were pushed to the limit all the way, and a few breaks for the Wranglers might have provided a different ending. The CJC team as a whole showed much progress and displaying a lot of power, particularly of the offensive variety.

The first time they got the ball the Wranglers staged one of the finest demonstrations of power football ever put on here. They marched 84 yards to score on three scrimmage plays.

Gene Eddings of Blanket, who weighs 145 pounds fully dressed, was probably the game's outstanding offensive player. He circled ends and ripped off gains with great regularity. Wayne McLean, Olen Lewis, Allen Cavitt, Harold Shipp and Jimmy Payne were also effective in the power display.

The Wrangler line had trouble with the larger Midwestern crew, but it was a scrap all the way. Bob Holman, 200-pound defensive end, was outstanding. So were Jim Gray, tackle, Bill Jeter, guard, and a flock of others. Center Gerald Watson, who played a fine game, went out with a rib injury, but it was not considered serious.

Cisco kicked off to Midwestern and the Indians took over on their 41 yard line. They promptly picked up two first downs before Stutters' pass was intercepted by McLean on the Cisco 16. Eddings' picked up 26 yards on an end run, and they drove to Midwestern's 45 yard line. Ship went through right tackle for a first down on the 29. McLean got around end for 29 yards and a touchdown.

The Wranglers kicked off and

West Ward

Two students, Leverne Broadus and Scott Curvy, checked out this week. Leverne was in Mrs. Hearne's room and left for Hearne, Texas. Scott was in Miss Donaway's room and left for Snyder or Winters. We are sorry that they had to leave us.

We have a new set of twins in West Ward this week. They are Jane and Wayne Locke, first graders, from Gainsville. They are in Mrs. Leech's room.

The P. T. A. met last Wednesday for their first business meeting. They had plans for the Halloween Carnival.

The family census for Mr. Bint's records was taken this week.

The new electric hand driers were used this week along with the automatic hand washers. They made a nice combination.

The room mothers have been selected with Mrs. Bill Kendall as the chairman.

The upper classmen of West Ward have been having six week's tests this week.

Pep Leaders Learn Band Medley Yell

The pep leaders are learning a series of "Modern Band Cheers," with the Lobo Band.

On the ones they are using are: No. 3 — "Oh, dear, what can the matter be" (three times) and the fourth, "what's the matter with the opposing school?"

No. 4 — (band) "Fight!" (twice) (band) "Team!" (twice) (band) "Fight!"

No. 5 — (band) "Go! Go!" (twice) (band) "Go! Go!" (band)

No. 6 — (band) "The band's a swingin', we're truckin' on down. Let's get in the groove 'n' go to town!" (band) "C'mon boys and make it a game; we're gonna win and ain't it a shame!" (band) "Hey!" (twice) (band) "Let's Go!"

Mrs. G. M. Stephenson has returned from a few days' stay at San Angelo.

Seymour Attends Abilene Meeting

ABILENE, Oct. 12.—Rev. LOBOES READY FOR GAME WITH COLEMAN TEAM THERE TONIGHT

The Cisco High School Loboes left early this afternoon for Coleman where they will play the District 7-A favorites in a non-conference game at 8 o'clock tonight.

Dublin Triumphs 7-6 Over Locals

The Cisco High School "B" team showed a lot of stuff but lacked the scoring punch as they lost a 7-to-6 decision in a football game Thursday night at Dublin against a similar team.

The Dublin team scored and kicked goal early in the game. Cisco came back to score on a pass from Albert McCurdy to Sonny Bosworth that carried for 25 yards.

The junior Loboes pulled one 75-yard touchdown play that was voided by a penalty. They had another 40-yard play ruined under similar circumstances. The local team had one threat that drove to the Dublin 15-yard line to be ruined by a penalty.

Among the outstanding Cisco players were Sonny Bosworth, Albert McCurdy, Spanky Hawkins, Red Melton, Ronald Farley, H. L. Coats, Don Farnsworth and Bobby Qualls.

Special Program Put Off by Methodist

The First Methodist Church of Cisco will not observe "Christian Education Sunday" next Sunday as local programs have made it necessary to postpone it for the time being, it was announced today.

The building improvement program will continue next week the work on enlarging the choir loft. The Advocate campaign will be closed Sunday.

Rev. E. H. Lightfoot, pastor, will preach in both morning and evening services Sunday. His 10:50 a. m. subject is "Do We Really Want God?" The choir will sing James' arrangement of "Come, Ye Disconsolate." The subject for the 7 p. m. service is "Stand for Something."

The congregation voted last Sunday evening to change the evening services from 7:30 to 7 p. m. and the MYF from 6:30 to 6 p. m.

Lions See Picture Of Football Games

A sound picture showing highlights of 1949 Southwest Conference football game was shown as the program feature at the weekly luncheon meeting of the Cisco Lions Club at the Victor Hotel Coffee Shop at noon Wednesday.

Lion Stormy Davis was in charge of the program. The film shown here through the courtesy of the Humble Oil & Refining Company, was run by Gail Jones, high school teacher.

Luncheon visitors included Mr. Jones, Jerre Westfall and Ed Steel, assistant county agent.

Daniel Gray Gets His Pilot License

Daniel Gray, sixteen year-old Cisco High School sophomore, has recently received his private pilot's license from the Civil Aeronautics Authority.

Requirements for a pilot's license are quite strict as the CAA is anxious to insure a maximum amount of safety in the airways. David took an examination, on which he was required to make a grade of 80 or above. The examination covered a number of basic flying maneuvers. Prior to the examination Daniel had soloed 35 hours.

 This concludes the introduction of the B-squad and a few of the A-squad substitutes. The sports editor now presents the A-squad to you.
 LEO FARMER is a tall, husky senior who plays tackle on the A-squad. Leo has been playing some good ball games this year, especially against Graham and Brady teams. Leo, too, has some school accomplishments; besides being a popular guy, he was class favorite last year.
 GENE VOSS is another tackle on the A-squad. Weighing 195 pounds, Gene ranks as the Lobo's largest player. Gene is seven-teen years old and has played football for two years. He moved to Cisco from Hawley in 1949 and was ineligible for that reason last year. Gene is representative to the student council from Mrs. Hazlewood's home room. He has played some good ball in the opening games and even greater playing is expected in the games yet to come.

Automatic Bell System In Use
 Principal M. D. Conger can stop punching bell buttons now because Cisco has had a fully automatic bell system installed. Installation work was completed Wednesday.

The master clock will be located in the principal's office with bells on each floor, in front of the school building and in the bandhall.
 The new system begins and dismisses classes at exactly the correct time, but may also be operated manually for any desired change in the time table.
 Supt. Arlin Bint reported that the bell cost \$106. This money was taken from the school activity fund, largely made on a coke machine formerly at CHS.

FFA Boys Own 40-Acre Farm

Located on the South Side of College Hill is a 40-acre farm belonging to the Future Farmers of America. Twenty acres of the 40 are in cultivation.
 So far the FFA boys have made no improvements on the farm, but they plan to build a barn, shed, lot, fence, and to eradicate the brush.
 The project plans this year are to plant five acres of alfalfa and 15 acres of barley. The chapter will buy several calves to graze the land. They also hope to get into hog production on the alfalfa they will raise.
 Gail Jones, agriculture teacher, outlined the purpose of the farm as follows:
 1. To give the boys more practical knowledge of farming.
 2. To use as a local experiment station to try out new crops, to experiment in livestock production, and as a help to local farmers and ranchers.
 3. To give the town boys a place to keep individual projects.
 4. To help the chapter boys to make money to carry out other plans.
 The boys have prepared the land for planting with a tractor loaned them by Dr. E. L. Graham. They are starting work on a fence.
 The FFA chapter was given \$10 by the Rotary Club to help purchase farm equipment.
 The farm belongs to the school. Eight years ago 20 acres of it was purchased from the Temple Trust Co. The other 20 acres were taken on a school debt.

Compliments On Lair Come In
 Comments, suggestions, and offers of assistance on the Lobo Lair come from many parts of Texas.
 The Cisco High School journalism class is grateful to W. P. Knight, public relations director, for the new heading for the Lobo Lair. Likewise, sincerest appreciation goes to Mac Cheshire for the letter he wrote to the Daily Press with complimentary comments on the Lair.
 Miss Lela Latch, journalism instructor, has received a number of letters about the school paper. Mrs. Bernie Anne McCrea wrote: "I enjoy reading your paper each Friday and mail it to Bernie Anne. I know the paper will be a success."
 Mary Ellen Harper, last year's graduate who is attending the nurses' training school at Parkland Hospital in Dallas wrote: "The Lobo Lair reads like a letter from home every week. I am so glad that at long last Cisco High School has a newspaper."
 A letter came to Miss Latch from Laura Bess Cowan who is in nurse's training at Hendricks Memorial Hospital in Abilene. Laura Bess wrote: "I'm always glad to hear from Cisco. I count it my home although my family does not live there any more. I am very happy in my work, but I do miss my old friends."
 The journalism class is gratified that many people have written and called Press Editor Sitton expressing appreciation for the class's efforts.

 Substituting for her was Mrs. John Van Horn, former Cisco High School teacher.

CISCO HANDED AMARILLO WORST DEFEAT IN HISTORY 25 YEARS AGO

From the Abilene Reporter News comes the story of Cisco beating Amarillo, 76-0, in 1925. This story stimulated the writing of an article in the Lobo Lair. Information for this story was given by some local businessmen who were in high school at that time but do not wish their names divulged.
 On a cool December day in 1925 Cisco gave Amarillo their worst beating in history by a score of

76-0. It was in the bi-district playoff at Chesley Field. Those were the "good old days" when 10,000 paid admission to Chesley Field.
 Following the game Cisco met Cleburne in the quarter finals and tied them, 0-0. Cisco finally lost in the semi-finals to Forrest High, Dallas, 3-0, after having tied them in Dallas, 13-13.

THE CHURCH FOR ALL... ALL FOR THE CHURCH
 The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his children and nation. (3) For the sake of the Church itself, which needs his moral and material support. (4) To go to church regularly and read your Bible daily.

Book Chapter Verses
 Sunday... Hebrews 11:13-16
 Monday... Hebrews 12:1-6
 Tuesday... Isaiah 61:1-3
 Wednesday... Romans 8:12-21
 Thursday... Luke 4:16-21
 Friday... John 10:1-10
 Saturday... Luke 12:13-21

The right to worship where and as we choose is only one phase of the liberty we Americans prize, and for this and all of our other freedoms we owe a debt to Christianity.
 Religious convictions, woven into our Constitution, gave strength to our pioneers. Reliance upon God, and fidelity to the Church, made our forefathers brave, patient and determined. In such faith was America born.
 Through the Church and by authority of the Bible, Christianity says that all human beings have worth—that each one has a place—that man's first responsibility is to his Creator.
 The Church is the symbol of this belief—the steadfast instrument through which it is worked out. Therefore the Church deserves our support. It stands for decency and order. It and the Church school are the safest places for our children.
 Choose your Church—give it part of your time and means—participate in some of its activities—and you will find life taking on a new and richer meaning.
