

The Gay Philosopher

By J. W. S.

MR. GEORGE BOYD, who is chairman of a drive to raise \$10,000 to help rebuild the community gym, tells us that the total now is \$10,005 in cash and pledges — mostly cash. That's a pretty good job, huh? Understand that one-tenth of the entire ten grand contributed by 27 Cisco Junior College evening school teachers. This group serves a big round of applause. In fact, the whole city should really appreciate the work of Mr. Boyd and his committee and those who contributed.

THE GYM, BY the way, is coming along nicely. Work has started on the floor. The roof is nearly done. Don't know the date yet, but the building will be completed sometime in November. Let's have a big formal opening of some kind. What do you think?

RAN INTO Mr. Bill Hogue, the humble district boss, and the reports that Mrs. Hogue is recovering nicely from her recent operation. He plans to go to Wichita Falls on Saturday and bring Mrs. Hogue home the following day. Mrs. Ted Hale, another Humble wife, tells us that her recovery from an operation she recently is nearly complete. She feels fine.

MET UP WITH an ex-newspaper woman yesterday. She is Mrs. Bill Paden of Fort Sill, Okla., and she was here visiting her parents, Mr. and Mrs. C. M. Ramsey. Her husband, Major Paden, is in Korea and she hopes to go to Japan before long to be near the Major. Mrs. Paden came by our office and said she enjoyed smelling newsprint and the smell that's in every newspaper office. She was a newspaper woman in Austin for number of years.

MR. TOWNSLEY tells us that the high school band at Navita, who received considerable publicity at Dallas recently when her band appeared, will be a student in Cisco High School next year. Her mother, Mrs. C. Newman, now lives here and works in the offices of Dr. E. E. Ely. She and Mrs. Townsley have two attractive Miss Nell who will be a senior next year.

SPEAKING OF the Texas-Ou and the Dallas Fair, the Sandlers, S. Sandlers and son, Marvin, went up last Saturday. Their daughter Zel, who attends at CU, they sat down to watch the doings. First thing they saw, Cisco folks had surrounded them in the big stadium, including the Billy B. Wrights, Ralph Glenn and Ronald Rhodes.

OUR SCOUTS report that you expect a frost before Nov. 1 in fact, any night now. It's supposed to frost between Oct. 1 and Nov. 1 here each year.

DID YOU LOSE a box of tools? You didn't find any, but we know who did. So if you lost a box of tools, give us a ring and we'll tell you where to look for them.

AND MR. B. A. Butler, manager of the Chamber of Commerce, has a brass key with red plastic tip that he found in front of the C office. Loser can pick it up same there.

BOWLING RESULTS

Members of the Mixed Bowling League enjoyed games at White's here last Thursday night. Farleigh was a new member and Mary Boatman of Snyder filled in. Games are played in the league each Thursday at 8:30 p. m. Scores for last week with handicaps were:
Vanda Joyner 179 127 155
Bobbie Jones 191 177 155
Bobbie Jones 173 170 188
Bill McCrary 168 168 190
L. Cox 178 160 202
Farleigh 171 184 158
Mary Boatman 195 198 185
Betty Wright 195 180 185
Rayne Norris 184 176 173
John McCrary 170 204 184

Mrs. T. E. Lisenbee has returned from Enid, Okla., where she visited several days with Mr. Lisenbee who is employed there.

TRYING TO HIDE—The U. S. Army, along with British and French troops, the U. S. Air Force and some Navy men, is sweeping across the U. S. zone of Germany in the fall maneuvers known as Exercise Rainbow. Here, a soldier in Hanau finds it's no use trying to hide from the enemy when a bunch of curious German kids becomes absorbed in what he's attempting.

Scranton Frosh Enjoy Outing At School Thursday

Members of the Freshman Class at Scranton High School and their sponsor, W. L. Donahoe, enjoyed a wiener roast and supper on the school ground last Thursday night. After the supper and drinks were served, the students went into the gym for basketball practice. Some 15 students were present.

The 1950 class began with 16 members, as follows: C. A. Dittmore, Wendel Donahoe, Dan Jobe, Bobby Joe Sparkman, Wayne Speegle, Don Starr, Donald Slaton, Marvin Anthony, Marcia Anderson, Annette Brawley, Marble Hallmark, Kitty Ingram, Mary Alice Morgan, Lou Thompson, and Martha Lee Ziehr.

All nine boys were candidates for the basketball teams, and six of the seven girls play basketball.

The class is the largest in the Scranton school. For the first six weeks, the class as a whole had good grades.

The boys recently defeated the Abilene Christian High School freshman team by a score of 40 to 21. They will perhaps return this game in Abilene next week. The freshman team is considered very strong and a good record for them is expected for the season. Scranton teams are expected to play home games this week.

Call Firemen If You Want To Burn Your Grass

If you want to burn grass and weeds, call the Cisco Volunteer Fire Department. That was the advice of Mayor G. C. Rosenthal today.

City firemen will start at 6 p. m. today to burn grass for those who desire it. They want to organize their burning by sections of the city, so call them if you want help.

Mr. Rosenthal asked that no grass or weeds be burned unless the fire department is called.

HOMECOMING PLANNED

SAN MARCOS, Oct. 17 — Invitations were mailed this week to all ex-students of Southwest Texas State Teachers College living in Eastland County to attend the annual Homecoming celebration on the campus of the San Marcos college on Friday and Saturday, Oct. 20 and 21.

PRESIDENT OF BOSS PLANT IS VISITOR IN CITY THIS WEEK

President Ellis J. Waller of the Boss Manufacturing Company, Kewanee, Ill., expressed himself as well pleased with the company's operations in Cisco during an inspection tour here Monday and Tuesday. He also visited the Breckenridge plant.

Mr. Waller's Cisco stop was part of a visit to all Boss plants in Texas, Kansas, Missouri, and Nebraska. He was accompanied by Mrs. Waller, who was in Texas for the first time, and by Dean K. Haralson, Texas sales representative. Mr. Haralson met the Wallers in Fort Worth to accompany them to West Texas and back. They spent Monday night at the Victor Hotel.

During his visit here, Mr. Waller took time off to call on a number of Cisco business and civic leaders.

Anton White is manager of the Boss glove manufacturing plant in Cicco.

Mrs. Sam Kimmel and her son, Sam, Jr., and their guest Mrs. Grace Puley of Fort Worth, visited at San Angelo over the past weekend where they were guests of Mr. and Mrs. Alvin Agnell.

Mrs. D. E. Waters in visiting relatives in Dallas this week.

Washateria Sale Is Reported This Week

Mr. and Mrs. B. T. Leveridge have announced the sale of the DeLuxe Washateria to Mr. and Mrs. S. R. Tadlock of Arkansas. They plan to complete the transaction this week and Mr. and Mrs. Tadlock will assume operations next week.

Mr. and Mrs. Leveridge have operated the business since 1946. At that time they constructed a tile and brick building and equipped it with all new machines. They have not announced plans for the future.

A group of women golfers attended the tournament Tuesday in Brownwood and enjoyed the day's events. They received an invitation to return. Those attending the tournament were: Mesdames Lloyd Sures, Garland Nance, G. C. McGowen, C. M. Townsley, Homer Ferguson, D. Cotten, Jerry Locke, Howell Sledge and Charles Coker.

Mr. and Mrs. Donald White and small son visited relatives at Stamford the past Sunday.

Federal Job Exams Will Be Conducted

The Civil Service Commission announces an examination for filling vacancies in the position of Junior Professional Assistant in the optional branches of Bacteriologist, Economist, Legal Assistant, Social Science Analyst, Statistician and Textile Technologist, at the entrance salary of \$3100 per annum.

Employment will be with various Federal agencies in the state of Texas. Application forms and additional information may be secured from the post office.

Former Ciscoan Is Wounded in Korea

Word was received in Cisco Wednesday that Master Sgt. Lee M. Dabney had been wounded in action on the Korean battlefield.

M/Sgt. Dabney is the son of Mrs. Dollie F. Dabney who lived in Cisco for a while until two years ago. He is a native of the Desdemona community where his father resides. He attended school there prior to entering the Army. The extent of his injuries was not announced.

Mr. and Mrs. V. H. Clark, formerly of Abilene, are now living in Cisco and are located on Railroad Ave., having moved here last week.

FARMER OF THE WEEK... Area's Largest Pecan Farm Is Located On Hilburn Land

The largest pecan orchard in this part of Texas is located on the F. O. Hilburn place, four miles south of Cisco just off the Rising Star highway. There are so many pecan trees on the place that Mr. Hilburn has never been able to count them all.

In addition to 350 Burkett pjahshell pecans, the native pecan trees number into the thousands. Some places on the 100 acres of trees, they are so thick that the Hilburns are planning to kill out some of them.

Last year, which was not considered a good year, some 30,000 pounds of pecans were gathered from this orchard. Although a few pecans have already been gathered this year, the real pecan harvest will not begin until after the frost which is expected some time between now and November 1.

One of the most remarkable things about this large orchard is that all of the trees are of native growth. Neither Mr. Hilburn or anybody else has ever set out a single tree on the place.

However, in recent years the orchard has been improved a great deal through the budding in of limbs to produce such well-known pecans as the Western Schley.

According to a Brownwood experimental station, the Western Schley has been proved as best for this area. These pecans are long paper shells of excellent quality and are reported to be heavy producers. Mr. Hilburn and his neighbors have found that these pecans pay-off better than any other brand in their section of the country.

A state pecan inspector who surveyed this property on numerous occasions has stated that this is one of the most promising pecan orchards in Texas. Since Mr. Hilburn has removed most of the other trees and shrubbery from the orchard, it has even a brighter future.

Mr. and Mrs. Hilburn bought this property in 1933 and for a while they owned it jointly with Mrs. Hilburn's parents. Ten years after the purchase, in Feb-

ruary of 1943, they moved into the beautiful white dwelling atop one of the hills on the 160 acres.

Besides the fine orchard, they have 35 head of cattle, all of them whiteface Herefords with the exception of two Jerseys. A large Hereford bull in the herd has been estimated to weigh between 1,700 and 1,800 pounds. They also have some chickens and ducks and a small garden.

Both Mr. Hilburn and his wife were born in the same section of Alabama but did not meet each other until about 20 years later in Jones County—he lived at Stamford and she lived at Anson. He was in World War I and was a salesman for Swift & Company 28 years.

In their modern dwelling, equipped with electricity, butane gas, running water and other conveniences, Mr. and Mrs. Hilburn seem mighty happy. Mrs. Putnam, mother of Mrs. Hilburn, occupies another dwelling near by. Their many friends in Cisco and Eastland County wish them many more successful years with their orchard and stock farm.

Students Plan Bonfire, Pep Rally For Decatur Contest

CHAMBER OF COMMERCE BOARD HOLDS NOON MEETING TUESDAY

Reports on current work projects occupied the attention of Chamber of Commerce directors at a regular semi-monthly business meeting at noon Tuesday at the Victor Hotel Coffee Shop.

Lions See Film In Oil Progress Week Program

The average person uses some form of petroleum products at least 100 times in a 24-hour day, members of the Cisco Lions Club were told in Oil Progress Week program at their weekly luncheon meeting at noon Wednesday at the Hotel Victor Coffee Shop.

Zolus C. Motley, Humble Oil & Refining Co. official of Abilene, presented a motion picture, "24 Hours of Progress," as the program feature. This picture was a composite production, showing various phases of the oil industry throughout the nation.

"Many of us take our oil for granted," Mr. Motley said in an introductory talk. "But oil occupies a very definite and large place in the economy of every citizen."

The program was arranged by M. L. Keasler, local Gulf consignee, and W. E. Dean, Lions Club program chairman for the day.

Guests for the luncheon included Lt. Gail Bailey, Robert Clinton, Doug Busby, W. W. Fewell, James Everett Plowman and Wyndell Armstrong of Eastland.

Mr. and Mrs. C. S. Sandler and son Mel went to Dallas to witness the football games and for a weekend visit with their daughter and sister, Miss Zel Sandler. Accompanying them was little Marshall Funk of New Orleans who had been visiting with them. He was met there by his mother, Mrs. Joseph Funk, who will return with him to New Orleans.

Guests in the home of Mr. and Mrs. A. B. Cooper the past Sunday were their daughter and son-in-law, Mr. and Mrs. Eddie DuHammel and family of Abilene.

CONGRESSMAN VISITS CITY

Congressman Omar Burleson, on vacation from his duties in Washington until Congress reconvenes in December, was in Cisco visiting constituents today.

President W. P. Guinn presided. Manager B. A. Butler reported that officials of the T & P. Railroad had been in Cisco recently to study the traffic situation at railroad crossings. Plans have been completed for the installation of signal warnings for the 6th street crossing.

The officials promised to take under consideration some improvements for the situation at the Moran Highway crossing where more than 1,300 cars and trucks cross the railroads daily. It was reported that Cisco business firms have decided to continue their Appreciation Day trade program for another year and that arrangements were being made to increase the scope of the project.

Reports were made on the progress of the Community Chest project and other activities.

Midgets To Play Albany Juniors There Thursday

The Cisco Junior High School Midgets plan to go to Albany Thursday night where they will meet the Albany Junior High on the Albany gridiron in a return engagement. The Albany team defeated the Midgets 19-0 in a game played here early in the season.

Coach Sledge's team will be at full strength for the contest for the first time in two weeks. End James Thorman, and Center Freddy Hays, will see action for the first time in two weeks having been on the sidelines due to illness.

Marcos Gallegos, George Callerman, James Brogton will be called on to do most of the backfield chores in the Albany contest.

The Midgets were looking forward to avenging the earlier defeat at the hands of the Albany team and coach Sledge expected them to play the best game of the season. He has spent the week polishing his blocking and line play which have not been up to par for the last few games.

JOINS SOCIAL CLUB

LUBBOCK, Oct. 17 — Los Camardas, men's social club at Texas Technological College, has initiated 24 new members, including Paul Woods of Cisco.

Gilbert Madison Is Out With Broken Leg

Students of Cisco Junior College made plans today for a big bonfire and pep rally as pre-game activities for the Wranglers opening conference game here Friday night against Decatur Junior College.

The bonfire has been scheduled for 7 p. m. Thursday at College Hill, and the pep rally will be held at 11:25 a. m. Friday in downtown Cisco. The high school band will appear at the rally.

A record crowd for Wranglers games is expected as ticket sales were brisk at downtown drug stores. And the Decatur team will be accompanied by a large delegation of followers, including the Rev. Otis Strickland, president of the school, who formerly was pastor of the First Baptist Church here.

Tuesday's workout was marred by injuries to two Wrangler players. Gilbert Madison of Andrews, second string offensive quarterback, suffered a broken bone in his right leg. Coach Scot Russell said he would be out for several weeks.

Lonnie Crosby, defensive star and punter deluxe, received a biceps bruise in the workouts, but he may be able to play. Russell had planned to use Crosby on the offense this week at a halfback post as well as on the defense.

Bob Holman, 204-pound end from Andrews, who sustained a kidney injury in last week's game, is expected to be ready to play Friday night. He hasn't worked out in scrimmage sessions this week, however. Alton Kite, tackle, will be ready to go for the first time since the John Tarleton game, in which he suffered a neck injury.

Generally speaking, the Wranglers are expected to be in good shape for their conference opener.

Westfall Wins \$10 In Contest

GARY, Ind., Oct. 17 — A. R. Westfall, Jr., is \$10 richer today just for tending to business at the A. R. Westfall Service Station, 309 West 8th St., Cisco, where he works.

The windfall came out of a nationwide Memorial Safety Service project of the Anderson Co., Gary, Ind., in which Mr. Westfall is cooperating.

There is maintained by an independent firm of certified accountants a secret list on which is one license number for each American who was killed by automobiles last year. This makes a total of 3,500 secret license numbers. The secretary who installs a pair of new windshield wiper arms or blades and reports it on forms provided may get one of these 3,500 Memorial Rewards ranging from \$10 to \$1,000.

According to John W. Anderson, president of The Anderson Co., National Safety Council attributes one of five automotive fatalities to obscured vision. "Wiper-streaked windshields are often a factor. Our company is offering \$1,022,000 in these Memorial Rewards to encourage servicemen to give closer attention to "bumper to bumper" safety service in which Cisco automotive people are doing great work," said Mr. Anderson.

Humble Sales Dept. Holds Meetings Here

Humble Oil & Refining Company sales department employees held two meetings at the Victor Hotel Coffee Shop here Tuesday. Sales workers met at 1 p. m. for a division safety meeting. At 7 p. m. Tuesday, some 40 sales department employees met for a program and motion picture after a dinner. Mr. McMillian of Wichita Falls, a district official, and Mr. Barnes of Wichita Falls, a division leader, were among those attending.

UNMINDFUL OF THEIR MANNERS—Aiming at the milk bottle in cowboy star Roy Rogers' hand, seven Weimaraner puppies dispense with the instructions of Emily Post and make a collective assault at feeding time in Hollywood, Calif. The young one on the bottom is probably disgusted by the squeeze-out and appears to be heading for the nearest cafeteria.

INCREASE SHOWN IN NUMBER OF STUDENTS RIDING SCHOOL BUS

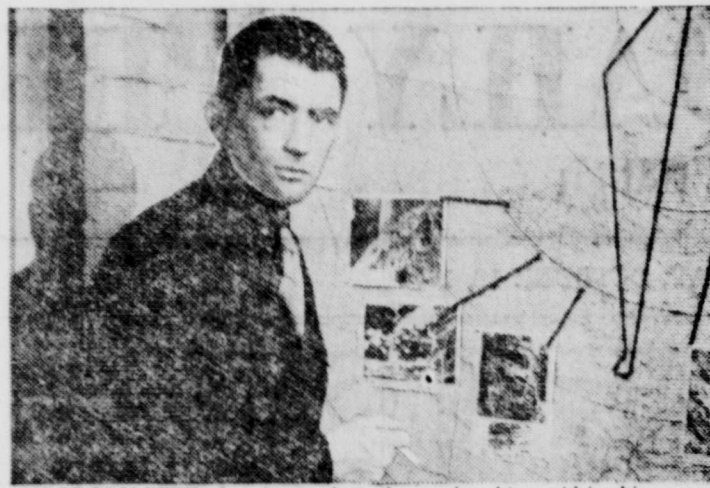

AUSTIN, Oct. 18 — The number of school children to be transported during the present school term will show an increase over last year due to increased population and better school attendance, the Texas State Teachers Association pointed out today.

Facilities for transportation were expanded during the last school term to take care of the 320,000 living two or more miles from the school attended. This represented an increase of 25,212 pupils over the number transported during the 1948-49 school term.

Bring Your LAWN MOWERS and SAWS and have them sharpened on my precision machinery. All work done quickly and accurately. Free pick up and delivery.

A. T. Gorr Phone 464 1208 W. 10th Noon or Night

Although better than \$10,000,000 was provided by the state to reimburse the districts for the cost of transporting school children, there is every indication that the amount provided was inadequate in many school districts. L. P. Sturgeon, associate commissioner of education, stated that the official records show that only 23

GREGORY PECK gives instructions about a bombing raid in this scene from "TWELVE O'CLOCK HIGH," a 20th Century-Fox picture.

counties were reimbursed by the state in amounts equal to the actual cost of operation. This means that the remaining counties received less money from the state than it cost them to operate the buses. The financial loss to some counties and school districts was small while in others it was heavy.

Such losses had to be made up by the individual schools from local funds. In many cases school systems had to reduce other vital phases of their program in order to pay the cost of transportation. Sturgeon pointed out that official reports show that the actual cost of transportation in Texas exceeded \$12,000,000 during the last school term. This means that the districts had to supplement funds provided by the state in the amount of \$2 million.

Previous surveys show that 22% of the school buses have been in operation for more than six years and should be replaced. This means an additional burden

to local districts since reimbursement from the state is less than actual cost of operation.

The Texas Education Agency, according to Sturgeon, is making a very thorough study of representative counties throughout the state to determine the cost of operation of Texas' vast school transportation system. A formula to determine the costs on a more scientific basis is being applied in more than 25 of Texas counties. It is hoped that such a formula, when applied to the state as a whole, will permit each school district to be reimbursed for the actual cost of operation of the more than 6,000 school buses in Texas. Such a plan would have to be adopted by the Legislature before it could be made effective.

The provision for a minimum program of transportation that will meet the actual needs of each school district is the objective of the Texas State Teachers Association and state officials studying the problem for a solution.

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

Bell Circle Meets Tuesday A. M. Church Parlor

The Paul Bell Circle of First Baptist Church met Tuesday morning in the parlor of the church for a business meeting and Bible study. E. L. Fleming presided and opened the meeting with prayer by Mrs. J. T. Richardson, after which Mrs. Cecil Adams read an interesting devotional from the scriptures from the Book of Samuel, chapter 24 and 25 as a basis for her talk. Minutes of the last meeting were read by the secretary and correc-

tions made and the treasurer's report was given. Mrs. Cecil Adams announced that the assignment of the month is to sponsor the Royal Ambassadors. Mrs. C. P. Cole requested all who can do so to attend the Mission Study Institute to be held at the church on Oct. 26. She then brought the Bible lesson from the third chapter of the Book of Colossians, closing her discussion with prayer. The lesson was much appreciated by the members.

Those present were: Mesdames Cecil Adams, J. W. Adeo, C. P. Cole, W. L. Darr, E. L. Fleming, W. L. Hussey, Leake Lane, J. T. Richardson, Jr., and M. D. Watts.

Group Of Relatives Enjoy Day Together In McClelland Home

Honoring their out of state visitors, Mr. and Mrs. Harris McClelland and Carolyn of Decatur, Alabama, and Mr. and Mrs. Joseph Rains and son, Randy, of Birmingham; Mr. and Mrs. E. C. McClelland invited a large group of relatives to their home Sunday for a covered dish dinner.

The Saturday night preceding, the group enjoyed a wiener roast and picnic supper at Lake Cisco; and had been entertained in the homes of Mrs. J. A. Yeager of Cisco on Thursday and with other relatives Friday. The visitors appreciated the get-togethers in their honor and by these meetings were privileged to see all their Texas relatives.

Those present included the above mentioned honorees from Alabama; Mr. and Mrs. Joe Evans and daughters Billy Lou and Patricia Ann of Abilene; Mr. and Mrs. R. C. McClelland and children, Jean and Ray; C. M. McClelland, Mrs. C. F. Collins and daughters, Maedean and Charlotte; H. A. Coats, all of Cisco; Mr. and Mrs. Coy Miller and children, Wayne and Darline; Mr. and Mrs. E. Welch, Harold and Susan Reames, Mrs. Nettie Yeager, Mrs. Adrian Boshear, Mr. and Mrs. Lawrence Davis, Cisco; Mr. and Mrs. Walter Yeager, Bluff Branch; Mr. and Mrs. C. M. Pogue and son Horace, Cisco; David McClelland, Brownwood, and the hosts, Mr. and Mrs. E. C. McClelland.

W.M.U. Circle Meets Tuesday Morning With Mrs. Clements

Circle Six of the Women's Missionary Union of the First Baptist Church met Tuesday morning at 9:30 in the home of Mrs. W. C. Clements at 1103 West 7th St.

The meeting was called to order for prayer by Mrs. I. J. Davis after which the devotion was presented by Mrs. A. B. Cooper. Mrs. E. H. Cheves then conducted the business session wherein routine affairs were transacted. The lesson on "Personal Witnessing" was given by Mrs. Cheves and Mrs. M. M. Tabor. A splendid talk on "Prayer" by Mrs. R. R. Jones was next heard. The meeting was adjourned with prayer by Mrs. Roy Farley.

A social hour followed the meeting and refreshments were served to Mesdames E. H. Cheves, A. B. Cooper, I. J. Davis, M. P. Farnsworth, R. R. Jones, C. W. Jones, Roy Farley, M. M. Tabor, and the hostess, Mrs. Clements.

Mrs. Joseph Perkins To Attend Meeting Of General Federation

Mrs. Joseph M. Perkins, well known Club Woman of Eastland County, is enjoying a trip to Canada, where she is visiting Mr. Perkins in Ontario. She will then go on to Washington, D. C., to attend a board meeting of the General Federation of Women's Clubs.

Later she will attend the New York Herald-Tribune Forum in New York and the annual meeting of the American Cancer Society. From New York she will go to Gleasondale, Mass., for a visit with her mother, Mrs. Albert H. Gleason, whom she expects to accompany her home to Eastland.

Among other events she expected to attend in Washington were teas at the Blair House, British Embassy and Pan-American Union.

Fine Program Heard Tuesday Morning By Local Chapter

Charles Crawford Chapter, Daughters American Revolution met Tuesday morning in the home of Mrs. Randolph Lee Clark for the regular meeting and program.

The meeting was opened by all repeating the Allegiance to the flag after which a verse of the National Anthem was sung.

Mrs. W. W. Wallace presided and conducted the business session. Mrs. Alex Spears read minutes of the last meeting which were approved.

Mrs. Homer Slicker was leader of the program at which the topic "Bulwarks of the American People" was discussed.

During the social hour which followed, delicious refreshments were passed to the members in attendance by the hostess, Mrs. Clark.

FARM NEWS

By The Hired Hand

Tuesday evening we drove through the new oil field east of Cisco and enjoyed some interesting visits with some farmers we talked to several months ago—even before the first Briggs Owens well was completed. Things have changed quite a bit in the Corinth community in recent months. And to us, those new wells and flares look mighty pretty.

Most of our readers will remember one of the first "Farmer of the Week" features on the A. V. Clark stock farm. Mr. Clark was happy on his farm then but he's even happier now because he has four oil wells and possibilities of others on the way.

Mr. Clark said that he had not done much farming in recent months because the new oil wells are in the way and he didn't know where they might move to drill new wells. He spent most of the summer getting in a big hay crop. After the next rain, he plans to sow his land in oats. Wouldn't it be terrible if Mr. Clark got all of those oats sprayed with that old nasty oil? ... or would it?

Some peculiar things happen in these oil fields. Just across the fence from the Clark farm a well on the E. E. Ayers farm turned out to be a dry hole, and down at Long Branch, a well on the W. L. Lewis ranch (land that had some good flowing wells on it before they were closed during the depression) also turned out to be a dry hole.

And what's even harder to understand about the Ayers well is that it's just across the road from the Briggs Owens land which now has seven oil wells and others being drilled. Mr. and Mrs. Ayers told us that if other wells in that locality kept coming in as producers, they would probably have a chance for another well to be drilled on their place.

But even without oil wells, the Ayerses have a place that they can certainly be proud of. Their beautiful white home is surrounded by a big lawn, shrubbery and flower gardens. They have also had a fine garden this year.

Some 36 turkeys on the Ayers farm are now waiting to be drafted into service about Thanksgiving or Christmas. Chickens, cows and goats also add much to the prosperity of the Ayers farm. We hope that they may soon have some good oil wells planted on their land.

On the Briggs Owens place we had a most enjoyable visit with the Carey family who moved there several months ago from Bluff Branch. More than anything else, they are proud of their four friendly children—Ray, Peggy, Barbara, and Kay—every one of them has "personality plus."

We noticed that since our last visit their house has had a new paint job and the Careys have purchased a brand new Ford. All of this adds up to the conclusion that their cattle, hogs and chickens are worth their trouble and have proved valuable to this farm.

Along the way we stopped by to see our friends, Mr. D. B. Perdue, but found that he wasn't home. The Perdues have a lovely rock veneer home and one oil well so far.

Mr. and Mrs. Charie Wood, who used to live on what we call the outer western edge of the Corinth community, recently sold their farm and took a trip across West

Texas and into New Mexico. And just as we were beginning to think that we'd never see them again in Cisco, news came that they had come back to the best town in the world (Cisco, of course) and purchased the Elmoad Courts. So now they live right down in the heart of town.

We're certainly happy to welcome them back to these parts and we hope that they will stay around for a long time to come.

On our next trip through Corinth community, we hope to see more of our friends out there.

We would appreciate suggestions from readers for this column and the "Farmer of the Week" feature. We'll be looking forward to hearing from some of you.

FARM AND RANCH CHATTER By LAYNE BEATY

The new child labor amendment to the Wage and Hour Law which says youngsters 16 and under can't pick cotton or do other farm work during school hours except on the father's farm offers little or no relief to the boy who likes to skip school to pick cotton or prefers to skip the cotton picking because school is going on.

The boy's father can still keep him at home from school to do farm work if he wants to. And during the heavy part of cotton picking, that will happen.

The youngsters who don't have to work and who attend schools which close during the local cotton picking season will welcome the chance to pick up a little extra change picking cotton, or going fishing or to the movies.

It just goes to show that we haven't heard near everything yet. We read now that there is an electric beehive warmer on the market. Next thing, they'll install shower baths in the hives. Seriously, the electric warmers probably pay for themselves in a hurry, with increased honey, less mortality in the bees.

Also, tired fireflies might drop around for a recharge.

We aren't likely to hear as much about a new dust bowl this year as we're accustomed to hearing. Two reasons: all this rain in the usual blow area, and a lot more cover crops on the land. A word of caution to cotton farmers who plan to take advantage of acreage freedom next year and put all their land in the crop, even to the point of abandon-

LIGHT • MEDIUM • HEAVY MODELS Made in widest variety of engine-body-chassis combinations to fit every trucking need

Think twice today when you buy a truck!

THAT new truck you're considering may have to last a long time. So you'll be wise to look at a GMC for these important reasons:

GMC's are built by the world's largest exclusive manufacturer of commercial vehicles—with the broadest truck engineering experience.

That's why more truckers are buying GMC's today than ever before—experience proves them best in the long haul!

GMC's are real trucks. Engine, transmission and frame, as well as cab and axles, are all specially truck-built to give you longer service.

GMC truck-built engines have high horsepower with higher sustained torque—greater pulling power. They are built to give extra years of service with less maintenance.

Mrs. Vivian Stephens of Dallas is visiting in Cisco as a guest of her aunt, Mrs. W. W. Moore. Mrs. Stephens lived in Cisco formerly with her parents, Mr. and Mrs. Jas. Leach and family.

Mr. and Mrs. L. L. Wragg of Breckenridge and Mr. and Mrs. A. M. Hearn of Eastland spent Sunday in Cisco in the home of Mr. and Mrs. L. W. Tucker.

Mrs. J. Smith of Sandusky, O., who has been a guest here of her cousins, Mr. and Mrs. H. H. Harrelson, plans to go to Fort Worth Thursday for a visit in the home

of Mr. and Mrs. W. L. Simpson before returning to Ohio.

Mrs. C. S. Surles and Mrs. W. D. Hazel have returned from Dallas where Mrs. Hazel visited her daughter, Miss Sylvia Hazel; and Mrs. Surles was a guest of her son and wife, Mr. and Mrs. Wendell Surles. While there they saw the new attractions at the Texas State Fair.

Mrs. J. L. Kennedy, Fort Worth, Mrs. Roscoe Surles, Dallas, and Mrs. C. S. Surles of Cisco were honored the past week at a reception given by Mrs. Montie Stivers and Mrs. Wendell Surles, former Ciscoans now living in Dallas. The honorees were privileged to see several of their former neighbors and friends while there.

F. L. Morrow and his daughter of Los Angeles who have been visiting here with his sisters, Mrs.

"We're Home Folks"

This is Oil Progress Week

An increasing amount of today's oil goes to the needs of national defense, but the bulk of it supplies power for cars and trucks, tractors and other farm machinery, and industry . . . Oil, more and more of it year after year, makes substantial contributions to America's readiness for defense, to the high American standard of living.

HUMBLE OIL & REFINING CO.

WOMAN POWER—Lovely Sally Conroy gets behind the wheel of a tractor and her friend, Betty Hixon, does a little digging as the Tropical Park Race Track, in Miami, Fla., gets renovated for its November opening. The track is receiving 25,000 cubic feet of Redlands top soil.

W. W. Wallace and Mrs. J. E. Coleman, plan to go to Crane on Thursday for a visit with Mr. and Mrs. Bill Wallace and family. They will be accompanied on the trip by Mr. and Mrs. Wallace who will visit several days with their son and wife.

Mrs. F. J. Harrelson is visiting at Gorman today with her sisters, Mrs. George and Mrs. Edward Blackwell, and their families.

Mrs. Jack Garrett and Mrs. Chester Barnett of Fort Worth visited in Cisco the past weekend with Mrs. Garrett's parents, Mr. and Mrs. A. E. McNeely. Their husbands, student ministers at TCU, were attending the convention in Oklahoma City.

Mrs. H. N. Lyle spent the weekend in Cisco after attending the national convention of the American Legion and Auxiliary in Los Angeles. She reports a wonderful time in California.

Guests in the home of Mr. and Mrs. C. L. Webb Sunday were Mr. and Mrs. J. Y. Robinson and their daughter and husband, Mr. and Mrs. Bill Bailey and their son, Jackie, all of Comanche; and Mr. Webb's mother, Mrs. S. C. Webb of Cisco.

Mr. and Mrs. J. T. Anderson went to Dallas Tuesday for a few days' visit with their son and wife Mr. and Mrs. Bob Anderson and other relatives.

NINE YEARS AGO

The Texas Tech Red Raider band is in Oklahoma City and will remain there until Sunday. The Raiders will play for the Texas Tech-Oklahoma A&M game, Friday night, and will also be featured at several concerts.

One of those making the trip with the 120-piece band was Glen Boyd, of Cisco, who will be featured in a twirling exhibition at the Tech-Cowboy game. Young Boyd will also play in a brass quartet which will be a special attraction on the concert programs.

A large percent of the personnel of the Cisco fire department is in Merkel today attending the Mid-West Texas Fireman's Convention which began at 1 o'clock.

Members of the department, with their wives, who left early today, were Mr. and Mrs. C. L. Tune, and daughter Marie; Mr. and Mrs. Arlen Agnew, Mr. and Mrs. Dick Thackerson, Mr. and Mrs. Buster Hurst and Mr. and Mrs. H. O. Anderson.

Those leaving later today were Chief and Mrs. W. W. Sledge, Mr. and Mrs. Clyde Weathers, Mr. and Mrs. M. B. Osburn and Mr. and Mrs. L. D. Steffey.

O. Gustafson, Cisco fire marshal, asks that all citizens cooperate with his department in the observance of fire prevention week, Oct. 5-12.

"Cisco has a good fire rating," the marshal says, "and with the aid of the general public it can be kept that way."
