ONE OF OUR cash customers
given us a long lecture be-
cause we haven't criticized some of
the football referees who have
appeared at Chesley Field. The
reason we haven't is the
fact that it wouldn't do any good,
because we wouldn't change.
The school officials will doubt-
less take steps to see that refer-
ees make too many mistakes
and are invited back.

Do you know that if Cisco fans
were packed closer than five feet
apart on the playing field at a Lobo
game they would be
suspecting their team to suspen-
dence by the Texas Interscholas-
tic League?

Regardless of the officiating,
the Lobos could be thrown out
of the game for one year if
they ran onto the field and mis-
treated a referee. So, you see,
it's pretty important for fans to
stay in the stands.

MISS LELA Latch, Cisco High
school teacher, received a big
letter yesterday. She received a
letter from the Denver Post in-
forming her of a story she wrote
attending the University of
Colorado last summer. It was a
story she wrote for her college
after making a good
impression on it, she submitted it for
publication. And came the check.

SOME TIMES you run into
persons that are hard to figure
out. For example, some time ago
a man ran under Mr. L. A.
Baker's house. The problem was
how to get the skunk out
of the house. Certainly, you wouldn't
shoot him under the
house. Finally, Mr. Hooker de-
cided to do nothing. And when
the skunk got hungry, he came
out on his own accord.

SOMEbody DIDN'T have that
kind of luck up near our house
the other night. They ran over
the skunk in the street. And the
neighborhood knew about it.
They didn't have to see the
skunk, either.

FARM NEWS

Well, here we are again with
the latest gossip from "Aging the
party line." Seriously, we believe
that we do have some news of
interest today about the peanut
harvest and the new highway
which is slicing off corners of
farms between Cisco and East-
land.

Tuesday afternoon, we made a
visit to the Cisco Peanut Com-
pany and there we saw the most
goobers we've ever seen. Frankly
we can't see how all of the people
in Texas could eat all of the
peanuts they have piled up there.

Joe Fritts, the peanut inspector
from Comanche, said that Mon-
day's haul was the largest amount
of peanuts yet received in Cisco
in one day during the present
harvest. Yep, last Monday alone,
some 120,000 pounds of peanuts
were sold in Cisco. The lowest
grade for the day was 70 and the
highest grade was 76, with an
average moisture content of 7%.

Charles H. Pittman of Seranton
has the highest average grade
of peanuts that have thus far
been sold here. Monday his pen-
nuts graded out at 76 and Tues-
day their grade was 75. Mr. Pitt-
man told us that his peanuts had
averaged a grade of 75 for the
last three years.

Several things account for this
high grade, the most important
of these factors being the land
on the Pittman farm. When the
land is not planted in peanuts, it
is sowed in rye and vetch. An-
other reason for the grade of pen-
nuts could be the fact that Pitt-
man rebuild his thrasher and does
his own thrashing.

Pittman was the first farmer
in the county to use commercial
fertilizer on peanuts. Back in
1934, he had W. B. Starr of Dan
Horn to order the fertilizer for
him and he's been using it ever
since.

D. W. Maynard of Route 1, Ris-
ing Star, brought in a load of pen-
nuts Monday that graded out at
77. This is the highest grade yet
recorded during the 1950 harvest.

Charlie Rogers of Route 4, Cis-
co, has brought in the largest
amount of peanuts thus far. Last
Monday alone, he hauled 19,470
pounds into town. On the Wed-
nesday before, he brought in 12,
320 pounds. It is reported that
he has still more peanuts on the
way.

According to information received
here, Rogers has about 100
acres planted in peanuts.

This week, we also visited sev-
eral farm homes along the Cisco-
Eastland highway. At the Ewing
Baker place, we found that the
Bakers are very much pleased
with the new two-lane highway
which will soon be constructed in
front of their farm.

Mr. Baker and his son, Ewing
Baker, Jr., are engaged in the
raising of registered Angus cat-
tle. They are good friends of
Sutton Crofts, today's "Farmer of
the Week."

Down the road a piece, Mr. and
Mrs. Walter Wright who operate
a small truck farm and orchard,
have decided that although the
new road is tearing up their place
quite a bit, that it will also en-
hance the value of it. During a
period of three hours and ten
minutes one night last week, Mr.
Wright said that he counted 1,000
cars that passed along the high-
way.

Their son and daughter-in-law,
Mr. and Mrs. Clyde Wright, live
in a house nearby and they are
also looking forward to the com-
ing of the new highway.

Neighbors of the Wrights, Mr.
and Mrs. Chick, are having the
highway department move their
house back several feet from the
highway.

Aubrey Easter who lives about
midway between Cisco and East-
land says concerning the mighty
highway which comes "It's al-
most to his front door. It's al-
most to his right with me." He said
he has a chance to get his house
moved back from the road and put
on a better foundation, but he has
decided to wait a while before
having this done.

Aubrey is gathering maize right
now and after he finishes this, he
will be ready to move.

GENERAL BRUCE VISITS CISCO IN TOUR ON MILITARY AREAS

Major General A. D. Bruce, deputy commander of the Fourth Army Corps with headquarters at Fort Sam Houston, and a party of military men stopped for lunch in Cisco at noon Tuesday in an inspection tour of West Texas as military establishments.

Lunching with the General and his party were a group of Cisco civic leaders, including President W. P. Guinn of the Chamber of Commerce, E. L. Jackson, O. L. Stamey, B. A. Butler, and James P. McCracken.

In an effort to make military training equitable to all persons, General Bruce expressed a personal opinion that some form of universal military training appears inevitable. He suggested that some system of training and reserve be set up that would work the least hardship on the young men.

A plan under which young men would go into the army for two years of training at the age of 19, followed by three years in the reserve, perhaps as members of their home-town National Guard units, was seen as practical by General Bruce.

Such a military plan would have eliminated the necessity of ordering up reserves during the current mobilization program, he believed.

Accompanying General Bruce here were his aide, Captain E. L. Poland, Capt. R. E. Vail of Abilene, regular Army instructor, and Capt. Frank N. Sayre, commanding officer of the Cisco unit of the National Guard.

The party left Cisco for inspections at Breckenridge and Haskell. They toured the new National Guard armory here.

State Officers To Speak At Legion Convention

Delegates to the American Legion District 17 convention in Breckenridge Nov. 4 and 5 will hear state officers and a congressional address business sessions. They will be entertained with a dance and a barbeque dinner, besides a stag smoker and informal coffee Saturday.

Main speakers for Legionnaires Sunday will be Department Commander Bill Elkins, Dept. Adjutant G. W. Moody, and Congressman Omar Burleson. Auxiliary members will hear Mrs. Minnie Lyle of Cisco, state president.

At the memorial service Sunday morning, the convention will have Dept. Chaplain Lester Cochran conducting, and Mrs. Grover C. Johnson of Wichita Falls will speak.

Registration, expected to total 450, will begin Saturday noon. Legionnaires will have a stag party at the Legion House in the afternoon, while Auxiliary members have an informal coffee in the Burch Hotel ballroom.

Saturday night the entire convention will dance to the music of Jack Free's orchestra. Sunday a barbeque dinner will complete the entertainment, all of which is covered by the registration fee.

Convention Chairman A. J. Buchanan has announced that Breckenridge will be ready to handle a large crowd at this second district convention to be held there within the year. The Bernice Coles Post 191 has completed its \$75,000 Legion Home in time for the convention.

District Commander Louis Jordan will preside at the Sunday afternoon business session of Legionnaires. Mrs. Jordan, district president of the Auxiliary, will be in charge of the ladies' meeting at the same time, assisted by Daisy Carter, District vice president.

Eugene Thompson and J. R. Brewster are arranging hotel and lodging reservations for the two-day meeting. Delegates may contact them for reservations.

Fees Leave For California Visit

Mr. and Mrs. George P. Fee were to leave Cisco Wednesday for San Diego and Los Angeles, Calif., where they will visit their son Pat who is stationed with the U. S. Navy in San Diego.

They will go to El Paso by car and board a plane there for Los Angeles. They will meet their son in San Diego Saturday and he will spend a short leave with his parents visiting in Los Angeles.

While in California, Mrs. Fee will visit the gift marts to purchase merchandise for The Gift House.

Midgets And Lobo "B" Games Slated

The Cisco High School "B" team plays Albany here and the Junior High Midgets will go to Moran on Thursday night, Oct. 26, Coach Jack Everett announced today.

On Tuesday night, Oct. 31, a doubleheader is scheduled at Chesley Field when the Midgets play Eastland, and the Lobo "B" team plays the Comanche "B" team.

The Midgets will conclude their season on Nov. 7 in a game here with Ranger Junior High School.

Ranch House Is Ruined In Fire

The Cisco fire department was called Friday to the Fry ranch located some 12 miles northwest of town to aid in confining a fire to the ranch house which burned completely to the ground. It was feared that the fire would spread to the barns and a second house at the ranch headquarters.

The fire was discovered at 2:30 p. m. by John Petty and Henry Fry, who were hauling feed from Putnam. The roof was ready to fall in when the blaze was discovered. Mr. and Mrs. Petty occupied the house and Mrs. Petty was in Cisco visiting her parents, Mr. and Mrs. M. E. Fry, when the house burned. The contents of the house was also destroyed. It was understood that there was no insurance on the house or contents.

The house was the Mitcham ranch headquarters building. The ranch and buildings are leased by M. E. Fry and Sons, local stockmen. The cause of the blaze has not been determined.

EXHIBITS OF ARTS AND CRAFTS PLANNED AT GLENN FURNITURE

An exhibit of arts and crafts of Ciscoans will be on display in a show window at Glenn's Furniture for one week beginning Friday, it was announced today.

The exhibit is being arranged under the direction of Mrs. Willard White. The window will be arranged Thursday night, and anyone who has examples of their work has been invited to take part in the exhibit.

Mrs. White reported that these exhibits will include leatherwork, copper craft, textile paintings, wood carving, oil, pastel, and water color paintings and others.

She emphasized that the exhibit was open to anyone. They are especially interested in having examples of hook rugs and Chinese painting for the exhibit. These items should be brought to Glenn's Furniture Store between 7 and 9 p. m. Thursday.

FARMER OF THE WEEK... Local Stock Farmer Was First To Bring Angus Cattle To Area

The first man to bring Aberdeen-Angus cattle to Eastland County was Sutton Crofts, a well known rancher who resides at 512 West 5th in Cisco. Having once operated the old Fish Hook Ranch (now Gordon Woods place) on the Breckenridge highway and some 13,000 acres which he leased from what was formerly the J. E. Chesley Ranch, there was a time when Crofts and his brother grazed as many as 500 commercial Angus cattle.

At present, the Crofts stock farm, which is located some 12 miles north of Cisco just across the county line in Stephens County, is majoring on quality rather than quantity. Some 65 head of registered Angus cattle are grazing on this ranch at present.

In years past, Mr. Crofts has raised both Angus and Hereford cattle and after much experience with both breeds, he says that he is completely sold on the Angus for this part of the country. Some advantages he mentioned are that the Angus cattle are hornless, never have cancer eye or pink

Loboes Play Here, Wranglers Go To San Angelo This Week

CISCO WILL BE HOST TO LARGE TEACHERS MEETING SATURDAY

by Lela Latch
Some 150 lady teachers from 18 counties will meet in Cisco Saturday, Oct. 28, for a regional Delta Kappa Gamma all-day session. Host chapter will be the Beta Upsilon of Cisco with Eastland and Callahan counties for a membership area.

Guest chapters for the day will be Omega from Brown and McCullough counties; Alpha Omicron from Stephens, Young, Palo Pinto, Shackelford, and Parker; Mu from Taylor and Jones; Delta Alpha from Coleman County; Gamma Tau of Nolan and Fisher; and Gamma Zeta from Comanche, Erath, Hood and Mills.

Delta Kappa Gamma is a professional honor society for women teachers. Conceived in Texas during the superintendency of Annie Webb Blanton, Delta Kappa Gamma has grown from a state to an international organization with chapters in every state, Washington, D. C. and Hawaii. Some 37,000 members now make up the rolls of this professional organization whose aim is to aid outstanding women teachers in the pursuit of graduate study by providing them with scholarships, to recruit worthwhile students for the teaching profession, and to advance the standards of teachers everywhere.

Regional co-directors for the day will be Mrs. Ina Stamey of Cisco, outgoing local president, and Gussie Burnett of Fort Worth. The latter will have charge of the initiatory service when three candidates from Rotan and Sweetwater will be initiated preceding the luncheon.

After registration and coffee, Mrs. Minnie L. Hill, incoming president of the host chapter, will extend greetings to the visitors and introduce the co-directors who will preside during the morning session, which will be held at First Baptist Church beginning at 9 o'clock.

Chapter roll call will be followed by Cisco Junior College Choir under the direction of Robert L. Clinton. Reports from the national Delta Kappa Gamma Convention in Dallas will be given by Mimi Williams of the Mu chapter of Abilene and by Phyllis Ellis, state executive secretary and primary teacher from Fort Worth.

The theme of the day, "Progress Through Understanding," will be highlighted by a panel discussion on "Our Objectives," led by Juanita Davis of Mineral Wells, Estelle Cherry of Granbury, and Mrs. Empress Day of Rotan. "Our Needs" will be presented by Drusilla Eberhardt of Coleman and "Our Opportunities" by Mrs. Hazel Woods of Brownwood will conclude the morning's program. A song fest led by Ella Andres of Cisco, accompanied by Mrs. Lois Buchanan of Gorman, will intersperse the morning's program.

Luncheon on the Victor Hotel roof garden at 1 p. m. will conclude the day's activities. Mrs. Lucretia Irby, charter member of Cisco, will offer the luncheon invocation; Eula Lee Carter, Spanish teacher from T. C. U. of Fort Worth, past executive secretary, will be the main speaker and special music for the hour will be provided by the Robert L. Clinton studio.

Funeral Services For Mrs. McCarty Set For Today

Funeral services for Alfred V. McCarty, 82-year-old retired farmer-rancher, were to be held at 2 p. m. Wednesday at Thomas Funeral Chapel with Rev. E. H. Lightfoot officiating. Mr. McCarty died at noon Tuesday in a Brownwood rest home where he had been for the past five months.

A native of Louisiana where he was born on Sept. 2, 1868, Mr. McCarty moved to Cisco seven years ago from Lubbock where he held farm and ranching interests. He had been in ill health for the past two years.

He was a member of the local First Methodist Church and had been an active member of the Masonic Lodge.

Burial will be in a Lubbock cemetery following a second service in Lubbock at 3 p. m. Thursday. The body will be taken overland in a Marr Funeral Home funeral coach from Ralls, Thomas Funeral Home was in charge of the arrangements.

Survivors include his wife, one daughter, Mrs. Alton Hollis of Kermit, and one son, Delmar McCarty of Muleshoe. Also surviving are six grandchildren and five great-grandchildren.

Cook-Edwards Rites Held In Richmond, Va., Thursday, October 19

Miss Dora Elizabeth Cook, daughter of Mr. and Mrs. S. W. Cook of Gum Springs, Va., and Mr. Arthur C. Edwards, son of Mr. and Mrs. L. E. Edwards of Cisco were united in marriage October 19 in Richmond, Va.

A reception was held in the home of the bride's parents following the wedding after which the couple left for Texas. They are now at home in Cisco at 811 West Fifth Street.

The bride finished her school work in Virginia at Goochland High School.

The bridegroom was a senior student of high school before spending eighteen months with the armed forces.

Bethany S. S. Class Meets In Jones Home For October Session

Mrs. C. W. Jones was hostess for the meeting of Bethany class of First Baptist Sunday School which met in her home on Tuesday, October 17. Mrs. D. H. Whitten, teacher of the class, was co-hostess.

Mrs. G. L. Sledge presided and after the opening prayer, passed the year books to the class members. Reports were heard and a "Visitation" was planned for Thursday, November 2 with a covered dish luncheon to be served at noon.

Mrs. Jones brought a splendid devotion which was encouraging to the class workers.

During the social hour refreshments of coffee and cake were passed to Mrs. G. L. Sledge, Mrs. Ray Kinard, Mrs. Frank Aycock, Mrs. W. D. McCormick, Mrs. C. B. Beard and small daughters, Melba and Mary; and the hostesses, Mrs. Jones and Mrs. Whitten.

GOES TO WHEELER

Rev. H. D. Blair, associational missionary of the Cisco Baptist Association, went to Wheeler Tuesday to help in placing a new tombstone on the grave of his father, John Blair, who died in 1919.

J. O. Warren of Cisco accompanied Rev. Blair on the trip.

Both Teams To Play Conference Battles

Both of Cisco's football teams — the High School Lobos and the Junior College Wranglers — will play conference games this week-end.

The Lobos will entertain the Comanche High School Indians in a game Friday night at Chesley Field, while the Wranglers go to San Angelo Saturday night for a Texas Junior College conference game.

Coaches Jack Everett and Buck Overall, whose Lobos were idle last week, were busy with plans to stop Comanche's famed spread formations in workouts this week. The Indian use the spread for both passes and line plunges.

The Lobos appeared to be in near top shape physically. Coach Everett indicated that he would go through with his experiment in shifting End David Phippen to the backfield. Irvin Drunkenhoefer, the other end, apparently has recovered from injuries in the Coleman game. Jimmy Webb will replace Phippen at end.

By shifting Phippen to the backfield, Everett hopes to gain in weight and height. Bobby Black, who will be replaced by Phippen, will be worth much to the team as a reserve. Everett plans to use him to give any of the four starters brief periods of rest. Black, who weighs about 125, is as good as any man on the team — pound for pound.

The Lobos have been doing some more experimenting with new plays and the like, but Everett wasn't ready to talk about that.

In the Wrangler training camp, everthing was running smooth this week. Injuries appeared well on the mend. Leonard Griggby, the Floydada speed merchant, was back in practice, but Coach Seat Russell doesn't plan to use him this week.

Olen Lewis, last week's offensive star, was missing from the practice field, but was due to report to the U. S. Marines Corps today.

Russell has plenty prospects for his halfback position, including A. V. Jones, Harold Shipp, Bobby Huffmeyer, Ken Guthrie and others.

The Wranglers went through a scrimmage session Tuesday and Russell was well satisfied with the results. He said there would be no further rough stuff this week. Dummy scrimmage and offensive play study was scheduled for today, with defensive lessons on the program for Thursday and Friday.

The Wranglers are expected to leave early Saturday morning for San Angelo, a 140-mile trip. Game time there is scheduled for 8 p. m.

Desdemona Boy Wins Fair Prize

White Flash, 735-pound Shorthorn beef steer, fed and shown by Joe Ben Koonce, Desdemona 4-H Club boy, won first place in the lightweight Shorthorn division at the State Fair Beef Show in Dallas last Thursday. Ed Steele, Jr., assistant county agent, said today.

Steele said the calf then went on to be reserve champion of the Shorthorn classes at the show. Joe Ben received \$65 in prizes, \$25 for the blue ribbon and \$40 for the reserve champion honor.

Koonce is the son of Mr. and Mrs. B. O. Koonce of Desdemona, who bred the White Flash. Mr. Koonce has an outstanding herd of registered Shorthorn cattle.

Joe Ben plans to take White Flash and a smaller red Shorthorn to the Southwestern Exposition and Fat Stock Show in Fort Worth in January.

He has been feeding steers for several years, and won the same honors last year in Dallas with "Butch," a roan Shorthorn steer.

ARM NEWS

From Page One: Farmers to put down a cover crop of wheat, rye, oats, and barley.

Mr. and Mrs. J. H. Kendrick who reside in the beautiful rock dwelling five miles east of Cisco on the right of the new highway are not happy at all with the highway that will come almost to the steps of his front porch.

Therefore, they have carried the matter to court suing the state highway department for over \$24,000 worth of damages that they feel will result to their place. Since it is impossible to remove the rock veneer dwelling without completely tearing it down, they feel that the highway's edge that will almost completely remove their front yard will do a great deal of damage to their place which they say could not be replaced for less than \$50,000.

Rudolph Hackfield, Sr., of Knox City. The beautiful single ring ceremony was performed by the Rev. Paul Stephens as the couple stood before the fireplace, decorated with white gladioli as an improvised altar. Baskets of white gladioli marked the sides.

The bride was attended by Miss Martha Whitaker as maid-of-honor and Bill Dill, brother-in-law of the bride, served the groom as best man.

The bride was very pretty, dressed in a lovely two piece dark brown wool suit, white blouse, with corsage of white carnations, and a becoming tangerine hat. Her accessories were of brown.

Business Women Meet

Tuesday Evening In W. W. Fewell Home

Business Women's Circle of the First Baptist WMU met in the home of Mrs. W. W. Fewell for the regular meeting last Tuesday evening. Mrs. Myrtle Anderson presided; to carry out the assignment, the members filled a box with substantial items for a ministerial student. Reports were heard and minutes of the last meeting were read and approved.

The program on Home Missions was taken from the Royal Service magazine with Mrs. Fewell as leader; and parts were given by several members.

Out-of-town guests present included Mr. and Mrs. Rudolph Hackfield, parents of the groom; Mr. and Mrs. R. P. Barnard, Mrs. Ethel Hackfield, Mr. and Mrs. Olen Seago, all of Knox City; and Mr. and Mrs. George W. Burnette, Jr., of Weatherford.

Seeing is believing

why no range is cooler than a modern gas range

YOU know it takes heat to cook. No hokus-focus or cock-eyed claims can change that. However, a modern gas range will keep your kitchen as cool as you can reasonably expect.

A low simmer flame, a little larger than a thumb, cooks vegetables in a covered saucepan. For any task, you can adjust a modern gas range for the lowest possible heat. You have dozens of heat settings to choose from, not just 5 or 7. Moreover, burners shut off instantly; no lingering heat pours into your kitchen.

If your range has its best days behind it, now is a good time to buy. But be clear-eyed, keen-eyed. Get a range with a record of proven performance; a range that will be repair-free. Get the range that's used by 96 out of 100 women in this area. Get a modern gas range.

On display almost everywhere.

Modern Gas Range

Only modern gas ranges broil with the broiler door closed; keep hot, grease-laden air out of your kitchen. No open door—that's why it's cooler and cleaner, too!

ONE STAR GAS COMPANY

Don't Be Satisfied With Symptomatic Relief! It's Possible to RELIEVE THE CAUSE OF ACHES and PAINS IN ARMS, LEGS, BACK, SHOULDERS when due to lack of Vitamins B₁, B₂, Iron and Niacin in the system!

A Marked Improvement Is Often Noticed Within a Few Days

If you've been suffering from cruel, stabbing aches and pains due to lack of Vitamins B₁, B₂, Iron and Niacin in your system—there's no need for you to be satisfied with symptomatic relief. Thanks to HADACOL it's possible to relieve the REAL and UNDERLYING CAUSE of such distress due to these deficiencies.

AND JUST LISTEN TO THIS! Continued use of this great HADACOL helps prevent such miserable aches and pains from coming back! It sounds almost too good to be true, doesn't it? BUT IT IS TRUE and here is why...

How HADACOL Works

HADACOL not only supplies weak, deficient systems with extra quantities of Vitamins B₁, B₂, Iron and Niacin but also beneficial amounts of precious Calcium and Phosphorus—elements so vital to help maintain good health and to guard against such deficiency ailments.

Many people with such deficiencies—who have waited and hoped for relief for some time—are now able to live happy and comfortable lives again, thanks to HADACOL.

A big improvement is often noticed within a few days' time. You start getting that wonderful, wonderful HADACOL feeling everyone is talking about and you'll want to keep it. And chances are you will if you just take HADACOL faithfully.

Be Fair to Yourself

If you've been suffering pain in your arms, shoulders, legs, back or hands (due to deficiencies of Vitamins B₁, B₂, Iron and Niacin) you owe it to yourself to give HADACOL a fair and honest trial. Be fair to yourself! Why suffer so and be such a burden to yourself and family—when relief is at hand right at your drugstore.

Remember, HADACOL is not a quick-acting pill which gives symptomatic relief. HADACOL actually relieves the REAL CAUSE of nagging aches and pains when due to such deficiencies. A trial-size bottle costs only \$1.25. The large family or hospital size, \$3.50.

WHY HADACOL COMES IN SPECIAL LIQUID FORM

HADACOL comes in special liquid form. In this way the important elements of HADACOL are quickly and easily absorbed and assimilated by the blood. Why continue to 'doubt'—give HADACOL a chance to help you if you are so troubled. Recommended by hundreds upon hundreds of doctors. It must be good!

Just a Few of Thousands of Folks With Such Deficiencies Who Have Been Helped

Mrs. Nora Boshira, 633 South Knight, Wichita, Kansas: "I suffered from nagging aches and pains and had trouble sleeping nights. After taking one bottle of HADACOL, my pains went. I want to tell all the people I can how HADACOL helped me."

Mr. Will Barger, 501 2nd Avenue North, Texas City, Texas, who had such a deficiency: "I suffered so from aches and pains. At night my fingers and wrist would ache badly. I took HADACOL and after the tenth bottle I feel like a new man. Thanks to HADACOL I am now able to work hard and enjoy life."

Mrs. Eleanor D. W. W. P. O. Box 2, Roston, Louisiana: "I couldn't sleep. I had such pain. I seemed to ache all over. HADACOL testimonials convinced me I should give this wonderful product a chance and after only half a bottle, I realized this was what I needed. I feel better than I have in years."

Henry Angel, R. D. No. 1, Springfield, Ohio: "I used to suffer great pain, especially in legs, arms and shoulders. I never got any real relief until I tried HADACOL. After taking several bottles, the pain is all gone."

GET THAT WONDERFUL HADACOL FEELING EVERYONE IS TALKING ABOUT!
