Appreciation Day in Cisco

VOLUME XXX

CISCO, TEXAS, TUESDAY, NOVEMBER 14, 1950

NUMBER 255

The Gay Philosopher

By J. W. S.

AS THIS WAS being written, the Cisco Community Chest campaign hadn't quite passed the halfway mark in the drive to raise \$5,500.

The \$5,500 budget, considered a per capita basis, represents only \$1 per person for all Ciscons. If you haven't contributed your part is the small sum for each member of your family.

There will be a number of people, of course, who won't be able to bear their per capita share. In order to offset this, it will be necessary for some of us to give a little more.

We are sure that everybody wants to bear his fair share of the Community Chest budget. So, if you can't do any more, let's give chairman Austin Flint or Treasurer C. E. Higginbotham the sum of \$1 for each member of our families.

Cisco cannot afford not to meet its obligation. Let's do this together.

THE LEGION Auxiliary's Popularity window at Nick Miller's are attracting a lot of attention. Included considerable material furnished by the National Guard and a lot of souvenir items.

There were a number of Japanese and German rifles, a German soldier's uniform, Japanese hand swords, a German soldier's state album and a lot of other things.

The window was still intact today. Go by and see it. Bob Elliott did a fine job.

OUR SCOUTS report that the same Fish & Oyster Commission ordered the Lake Cisco Hatchery to close down. Any future fishing for the area are not known at this time. The state's some 40 hatcheries contains two fine ones. To sell it would doubtless be an act of the Legislature.

IN REPORTING on the deer hunting party to the Davis Mountains the other day, we left out the name of the hunter. And he is R. H. (Pete) Dunning of the Cisco.

He was the second member of the party to shoot his deer. The boys are still talking of the fine foods that Jack cooked for them. "Jack's good cook," one of them told us, "he refuses to wash dishes."

COMES A NOTE from Boyce to say that Cisco's lake is prominently mentioned in the book, "Texas Laughs — and Amazing Truth about Texas."

THE CHARLES WOODS, new owners of the Elmoad Courts, have changed the name to Elmoad Courts. They were having a new neon sign put up today. They've already installed an electric bellhop out front. He waves everybody at night. They're doing some remodeling work.

IF YOU DIDN'T attend the Wrangler game Saturday afternoon you will want to know that the Lobo Band and the National Guard unit staged a fine Armistice Day half-time ceremony.

LOCAL PEOPLE who attended the SMU-Texas A & M game Sunday are voting for Aggie Smith to be an All-American member. Local representatives at the game included Ralph Crea and son, Robert Jackson, Betty Moore, and a good many others.

LOCAL TROOP Visits Pottery Plant

Group 6 of the Brownies met Sunday, November 7, at the Methodist Church. From the church they went to the Galter Potter Co. Mr. Melton explained the process of making pottery from the pit to the finished product. He gave the girls generous amounts of clay to use their Arts and Craft project. The girls voted to give one thing to the Community Chest Fund. Eighteen girls, Mrs. Wither, Mrs. Walter Tarrant and a guest, Mrs. John McCreary, were present.

Refreshments were served by Lucia Fuston.

Local Soldier Now At Philippine Base

Sgt. Dowell G. Boggs, son of Mr. and Mrs. B. H. Boggs, Cisco, has arrived at Clark Air Force Base in the Philippines for duty with the 15-IL Air Weather Service Detachment.

Sgt. Boggs enlisted in the U. S. Air Force in June, 1946, and before his departure for overseas duty, graduated from Rawlinsville Operators School at Chanute Air Force Base, Rantoul, Ill.

Your Bank Wants To Serve You Always Ready To Assist And Advise 1ST NAT'L in Cisco—Mbr. F. D. I. C.

UNEXPECTED ASSISTANCE—These Marines in North Korea haven't found the exact means of conveyance they had hoped for. They'd prefer a mule, but the ox they have liberated serves just as well as they continue to fight against unexpected and stiffening Communist reserves.

WRANGLERS HAVE OPEN DATE AFTER LOSING NTSC CONTEST

Members of the Cisco Junior College football team planned to study the fundamentals of blocking and tackling after their 72-to-13 loss here Saturday afternoon to the North Texas State College freshman eleven.

Monday, Coaches Scot Russell and Paul Mosley sent their men through a long workout that featured blocking and tackling study.

Another star member of the team joined the long list of men out with injuries in Saturday's game. Quarterback Jimmy Payne of Breckenridge suffered a dislocated shoulder bone that will keep him out of uniform for at least two weeks. It was considered that he might be ready for the season's last game on Nov. 29 with Ranger.

Lonnie Crosby, who is scheduled to step into the quarterbacking job, was carried off the practice field Monday after being tackled. It was thought that he had a broken jaw, but examination revealed no broken bones. He is expected to be ready for the Odessa game there on Nov. 24.

The NTSC Freshmen ripped the Wrangler line at will Saturday in their lopsided triumph. They tallied twice in the first quarter, three times in the second, three

in the third and four times in the final period.

Cisco scored in the second on a touchdown pass, Crosby to A. V. Jones. In the final moments of the game, Crosby hit End Jim Robinson with another touchdown pass and Couch kicked goal.

NTSC's first touchdown was on running plays, with DeLong going over from 12 yards out. A few minutes later, Cisco held on the Wrangler 3, and Crosby, attempting to pass, stepped out of the end zone, for a safety.

Next Eagle touchdown was on a 12-yard run by Langford. Next, Crumpton intercepted a Wrangler pass, ran 10 yards to score. Near the end of the half, Hall took a pass for some 40 yards and a touchdown.

Opening the third quarter, the Freshmen used four plays to go 50 yards to score. A few minutes later, they intercepted a pass on the Wrangler 30 and drove over, with Calfee scoring. As the period ended, Hall took a touchdown pass for some 20 yards to score.

Shortly after the last period began, Dean took a 65 yard pass and run play. A few minutes later, Cisco fumbled on the Wrangler 34. And Hardie ran 34 yards to score on the first play. Hall soon scored again, skirting his right end for some 40 yards. The final tally was the result of a 55-yard pass and run play.

The Armistice Day crowd was small due to a chilling northwest wind. Half-time ceremonies featured the Cisco High School band and the Cisco National Guard Unit.

All those who were not able to attend last week should come this week, director Robert Clinton said. There will be a short business session at the close of the practice to set up committees for the coming program. The community choir will present the Christmas oratorio by Saint-Saens Sunday afternoon, Dec. 17.

Warren Motor Company of Eastland announced today that the 1951 Studebaker automobile will be on display Wednesday, Nov. 15, in their show windows. The firm distributes Studebaker cars and trucks in Eastland County.

FFA Honors Won By Cisco Youth

HUNTSVILLE, Nov. 14—Twenty-five Sam Houston State College students have received the collegiate degree of membership in the largest chapter of Future Farmers of America in the world, the local group at the Huntsville college.

Among those meeting the rigid requirements for the degree was P. O. Hatley, son of Mr. and Mrs. P. O. Hatley of Cisco.

The receiver of the degree must have been in the college chapter a minimum of one semester, have a 70% attendance average, have maintained a C average and be enrolled as a vocational agriculture major.

The applicants are then passed by a degree committee at a regular chapter meeting.

Agriculture students possessing the collegiate degree are then eligible to proceed to the higher degree of membership, the certificate of merit.

Choir Rehearsal Set For Thursday

The next rehearsal for the community choir will be held at the First Baptist Church at 8:15 o'clock Thursday evening. Everyone who would like to sing was invited to attend. A large number was out for the practice last Thursday despite the cold weather.

All those who were not able to attend last week should come this week, director Robert Clinton said. There will be a short business session at the close of the practice to set up committees for the coming program. The community choir will present the Christmas oratorio by Saint-Saens Sunday afternoon, Dec. 17.

Cisco Christmas Season To Open Monday Night, Nov. 27

Mrs. Bill Kendall Is Back From PTA State Convention

Mrs. Bill Kendall returned Thursday night from Mineral Wells where she had attended the state meeting of the Parent-Teacher Association on Nov. 3 and 9. She was a representative of the local association and was selected to attend the meeting in the place of the local president, Mrs. Delmar Johnston, who was unable to attend.

While attending the meeting, Mrs. Kendall heard a talk by the national president, Mrs. J. J. Hayes, who told of a recent visit to Japan and to P-TA organizations in that country.

She also attended a workshop on high school P-TA organization in which it was shown that through the efforts of some associations the entire teaching structure of schools had been changed.

At the close of the meeting, Dallas was selected as the convention city for 1951 and Mrs. H. G. Stinnett of Plainview was selected as State president.

Program Readied For Farm Bureau State Convention

Program arrangements have been completed for the seventh annual convention of the Texas Farm Bureau Federation to be held in Mineral Wells, November 20-21-22. It has been announced by J. Walter Hammond, Federation president.

Outstanding speakers of national prominence who will address the meeting include U. S. Senator Tom Connally of Texas, Congressman Albert Gore of Tennessee, Hassel Schenck, president of the Indiana Farm Bureau Federation, Leonard Cowden of Amarillo, executive vice-president of Consumers Cooperatives Associated and others.

More than a thousand farm and ranch men and women from 200 Texas counties will be in attendance, Hammond said. Voting delegates from the grassroots organizations will officially approve the resolutions that will govern the policies of Texas Farm Bureau Federation for the coming year.

Monday, November 20, will be devoted to open hearings on resolutions and special committee meetings. The program that evening will give recognition to counties that have made outstanding achievements in membership. The convention proper will get underway on Tuesday morning.

The annual banquet and dance will be held that evening, with Congressman Albert Gore as guest speaker. The business session on Wednesday, at which time resolutions will be approved, will conclude the three-day session.

Funeral services for James F. Jordan, 77, will be held at 10 a. m. Wednesday in Thomas Chapel with Rev. Paul Stephens officiating. Mr. Jordan who lived in Cisco all his life died Monday night in Wichita Falls following a short illness.

Survivors include a cousin, James N. Jordan in Eastland. Burial will be in Oakwood with Thomas Funeral Home in charge of the arrangements.

LOBO 'B' TEAM DROPS 13 TO 7 DECISION TO DUBLIN JUNIORS

The Cisco High School Lobo "B" team outplayed the Dublin "B" team in every department except scoring on the Chesley Field gridiron Monday to lose by a 13-7 count to their heavier opponents.

Dublin scored twice in the first half to go ahead 13-0. They scored in the first quarter on a 25 yard pass and run play and ran over for the extra point for a 7-0 lead. In the second quarter they intercepted a pass thrown by Dwayne Pelfrey and carried it for 75 yards and a score.

In the third quarter the Lobo "B" boys came to life and took the ball on the kick off and worked it to the Dublin eleven yard line where Albert McCurdy took it over on a neat bit of running. Red Melton added the extra point with his accurate kicking.

The remainder of the game was a see-saw affair with neither team able to score. The Lobos

Treasure Hunt, Band Concert To Feature Opening

The Christmas holiday shopping season will begin in Cisco on Monday night, Nov. 27, it was decided Monday night by members of the Merchants Credit Association at the organization's regular monthly meeting. Some 25 merchants attended the meeting.

The official opening of the season will be the occasion for the annual Cisco Daily Press Treasure Hunt, the turning on of the street holiday lights, a concert by the Cisco High School band, and other features. All city stores will remain open for the night to enable area shoppers to see their Christmas offerings.

The Treasure Hunt, which has attracted thousands of people on two previous years, is being staged again by popular demand. It will be organized in detail during the coming week.

The various details of the holiday lighting program are being worked out this week. The lighting will feature overhead streamers of multi-colored lights with large Yuletide medallions on the downtown street light standards.

All merchants have been urged to have their initial Christmas windows in place for the formal opening of the season.

Merchants voted to close at the usual hour of 5:30 p. m., and to reopen at 9 p. m. for the open house and treasure hunt.

Director Kenneth St. Clair and his Lobo band accepted the invitation to play a 30-minute concert at 6 p. m. on Monday, Nov. 27. Details of their program will be announced in the near future.

President George Boyd and Chamber of Commerce officials conferred today to appoint committees to handle various details of the Christmas shopping season. The season's program will include a visit by Santa Claus in Mid-December.

Funeral services for James F. Jordan, 77, will be held at 10 a. m. Wednesday in Thomas Chapel with Rev. Paul Stephens officiating. Mr. Jordan who lived in Cisco all his life died Monday night in Wichita Falls following a short illness.

Would Our Soil Win Another War?

America leads today in food production but it is first also in soil waste. If not corrected, this condition soon could put us agriculturally behind the Soviet Union which controls the greatest soil resources in the world.

This picture is presented in the November issue of Successful Farming. The magazine recommends the following two-point program:

- 1. Take care of our soil for defense as well as peace. 2. Expert agricultural knowledge to benefit other nations. Originally published in 1947, the article, entitled "Would Our Soil Win Another War?" was attacked at that time by Andrei Vishinsky, chief of the U. S. S. R. delegation to the United Nations. According to the editors, it is published because "1950 has made its message even more urgent."

is being fought no less grimly than are the strategies — both military and diplomatic — for oil, steel, and supplies of uranium-bearing ores. The article presented the world food situation as follows: The Soviet Union — not the United States — controls the greatest soil resources in the world. Without adding the figures from the numerous countries under Soviet domination, Moscow can claim more than four times our acreage of combined crop and pastureland. Since the war Russia has all but overcome her lack of farm machines. Machinery shouldn't be too much of a problem for the

Russians. They are building the world's largest tank, and a tank is a close cousin of a crawler tractor. Moreover, the Soviet system of collective farms allows perfect use of such heavy farming equipment.

Russia has vast numbers of people, tremendous acreages of land. Her people are willing to work — and can be forced to even if they aren't willing. Her land is young, undeveloped, thus still unexploited. And Moscow has grabbed all the adjoining land, all the fertilizer reserves, farm machines, and technical information that are handy.

All of China, for grim example, is now Soviet-dominated. And if the Chinese Communists march south to capture the Indo China-Burma area, they would then have the surplus-food production area of the entire Orient under their control.

What would this mean? We would then have to ship food to hungry Orientals outside this area or see them go to the Communists to keep from starving!

It is also no accident that 85 per cent of the European fertilizer supply is tucked securely behind Russian occupation lines. One result of this is that 60 per cent of our gigantic European aid shipments was food. American farming stood up well under that load. But don't let anyone tell you we can feed the world. We can't come anywhere near it, the article warns.

During the war Japan doubled Korean rice production — a phenomenal feat — by heavy dosages of nitrogen from Korean fertilizer plants. True to form, the Russians took over the area. This left us with the problem of how to keep Korea's rice production high enough to feed her people — without shipping her practically the entire United States production

of nitrogen fertilizers. Aside from Russia and Soviet controlled Chinese lands, the only other immediately available supply of rich soil outside North America is in Argentine. Food from this area was part of the prize Hitler sought in that country.

To balance these food-producing areas over the world, the U. S. has a frighteningly narrow strip of high-producing soil. And we should be ashamed of the care we are taking of it. We have lost 100 million acres of cropland completely, by allowing water to wash it away. We have 460 million tillable acres left. But we're losing a half million of these each 12 months to the same enemy: erosion.

Nine acres out of every ten are subject to this damage. We had better mend our ways. We are in real danger of falling into second place in food production. To remain free we hardly dare to be second in anything.

Do you suffer distress from Periodic FEMALE COMPLAINTS with NERVOUS feelings several days before? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound has a soothing antispasmodic action on one of woman's most important organs. It not only relieves this monthly pain but also pre-period nervous, tense emotions of this nature. Regular use helps build up resistance against such female distress. Truly the woman's friend! LYDIA E. PINKHAM'S VEGETABLE COMPOUND

FIRST SNOWFALL—German school children in Berlin take advantage of the season's first snowfall to build a snow man in the American sector of the city. Weather officials said 1.1 inches fell, but the youngsters had to use some earth and autumn leaves to make their snow man stick together. They'll soon have more than enough help from the weather.

MINIATURE CHECKS—Specially designed for the petite girl is this small-checked rayon dress in brown and black. The raised center piece on the bodice is studded with novelty buttons and the collar is deeply notched.

PAW RELATIONS—Getting their first glimpse of the outside world backstage at a theater in London, England, three lion cubs seem puzzled by what they see. Their mom is a honess with a traveling show and their pop, it's said, is an understudy for the MGM lion.

REMEMBER WHEN

Taken from the Files of The Daily Press

FIVE YEARS AGO -

The first time since 1941, when the United States entered the war, Cisco's Christmas-time streets glowed with the multi-colored lights symbolic of Yuletide when the West Texas Utilities company threw the switch on street decorations Monday night.

Equipment which the Cisco Chamber of Commerce owns was strung by the utilities company wire crews without cost to the merchants, the chamber of commerce bearing the expense of the equipment and utilities company supplying a portion of the wire, erecting the web of lights streamers.

An offensive battle between two high-geared Class B teams in prospect here tonight when the Baird Bears and the Strawn Grey hounds clash at Chesley Field for the bi-district championship of Districts B-7 and B-8.

Strawn is the winner of District B-8 and Baird of District 7-B. Each has been defeated once in district play, Strawn by the Moran team which was later declared ineligible and Baird by Cross Plains.

Mayor Edward Lee informed the Press Saturday that Hal Lavery of Ranger has been employed as city secretary here and will assume his duties on December 17.

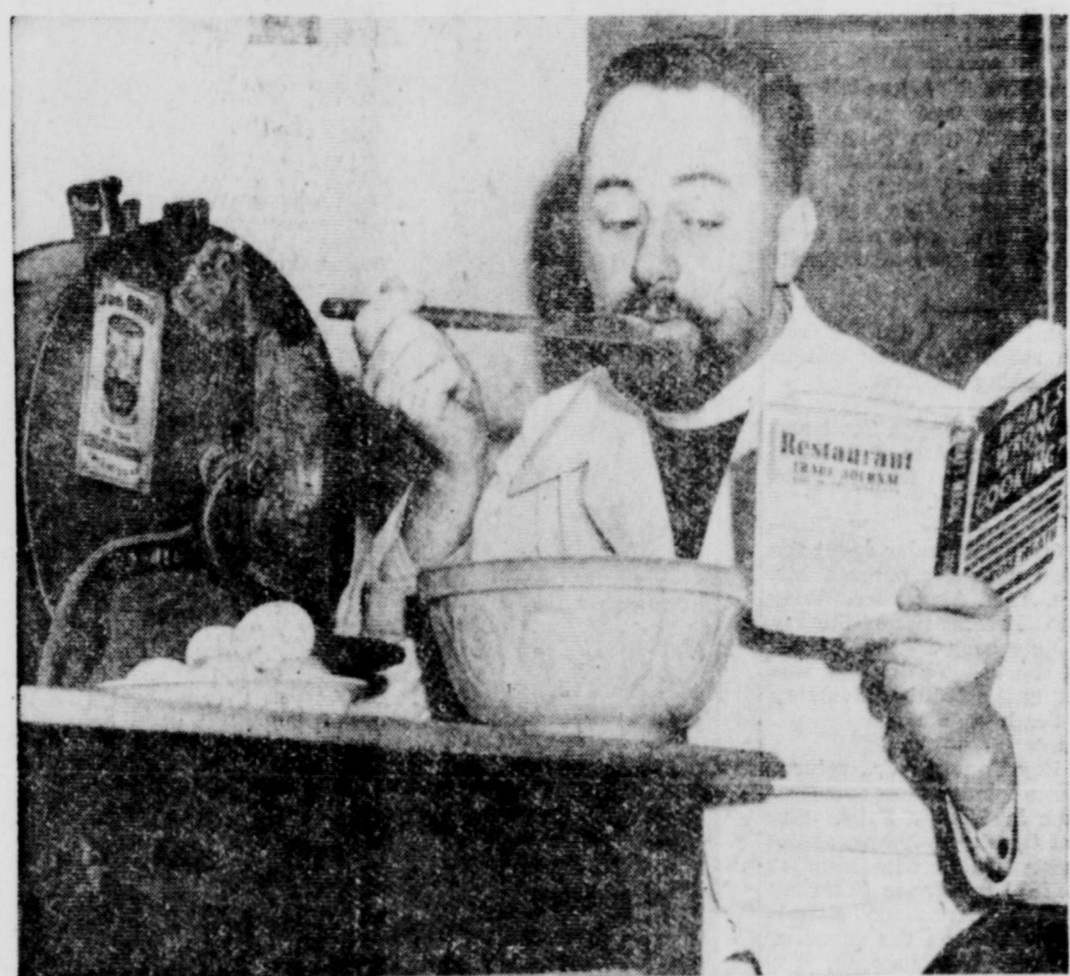

Mr. Lavery has resided in Ranger since 1919 and has been a city employee there for the past four and a half years.

Cisco Lobos were due to play in the McMurry college basketball tournament in Abilene this afternoon, meeting Big Spring's team.

TEN YEARS AGO -

A Cisco taxi owner and a city school bus driver greeted Mrs. Franklin D. Roosevelt as her train stopped for a few minutes at Cisco at noon today. One of the men secured her autograph as the three chatted in the parlor car of the Texas and Pacific's Sunshine Special.

Mrs. Roosevelt, en route from Abilene where she spoke last

HELL COOK FOR YOU—With an eye on his cookbook, the Rev. Austin Lee, 45-year-old vicar of Hounslow, Middlesex, England, samples a dish. With a salary of \$1260 a year, too small to live on, Mr. Lee has gone into the catering business with a schoolday friend. He is the chef of the free-lance chef-and-waiter team and is "not above accepting a tin," he says.

night to another point on her tour, left her seat in the coach and went to the door to shake hands with the two when they tapped on the car window.

The Cisco warehouse of the Southwestern Peanut Growers Association has purchased to date slightly more than 747 tons of 1940 crop peanuts. Purchases of the estimated amount that would be brought here as a result of the establishment of the warehouse under the AAA program operating through the association.

Following a custom of long standing the Band Parents will honor the Cisco Lobo band with a dinner at the First Christian Church Friday evening at 7:30, it has been announced.

Ex-band members, faculty members of the band committee will be special guests. Approximately 100 guests are expected to attend, and dinner will be prepared and served by women of the Band Parents club.

PRESSURE

Hardening of Arteries, Pains In Left Arm And Side

Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes on Feb. 20, 1948:

"Please send another bottle of Garlex Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mass.

"I have some good reports to make on the effectiveness of Garlex used. Mr. Turner, Texaco dealer here, has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson, San Benito, who was in bad shape, is also very much better and her blood pressure down considerable. This Garlex works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure or heart trouble."

Hundreds of other testimonials of similar nature.

Mr. and Mrs. Roy Moad and her mother, Mrs. J. E. Culbert, had as guests in their home the past week, Mr. and Mrs. W. W. Culbert of Big Fork, Montana, and Lt. and Mrs. G. W. Culbert and son of Balboa, Canal Zone. Lt. Culbert met his parents, Mr. and Mrs. W. W. Culbert, at the home of Mr. and Mrs. Moad for the first time in several years.

Mr. and Mrs. Neal Moore and daughter, Caryon, spent Saturday and Sunday in San Antonio visiting relatives and friends.

Mr. and Mrs. C. C. Pippen and sons Harold and Benny spent Sunday visiting relatives in Fort Worth.

Mr. and Mrs. Harold Blackburn and daughter, Judy, of Sweetwater are here for an extended visit with his mother, Mrs. F. B. Blackburn.

Mr. and Mrs. R. V. Rendall and daughter Mary Jane spent the week end in Wichita Falls visiting her sister and husband, Mr. and Mrs. Richard Carey, and niece and husband, Mr. and Mrs. E. R. Van Cleve. They also went to see their son play in the Mid-western game.

Mr. and Mrs. Howard Colson and son spent the week end in Hearne visiting relatives.

Mr. and Mrs. Wayne Scott and daughter Kathy Ann of Graham spent the week end with Mr. and Mrs. Charles Wood.

Miss June Alexander spent the week end with her parents, Mr. and Mrs. A. A. Alexander. They went to Breckenridge Sunday where June sang in the Ranger College chorus. The chorus was celebrating the 200th anniversary of the death of Bach.

Mrs. Roy Fonville, Jr., returned to Cisco Sunday after spending the week in Wichita Falls. She is one of the sisters known as the Harrington sisters who sang at the KWFT barn dance Saturday night. The Harrington sister's picture is to be on the cover of the KWFT guide this month.

CLOSE HARMONY—Members of the Philharmonic Piano Quartet are shown in New York with the 125 pounds of music they must carry with them on their forthcoming concert tour of the U. S. and Canada. American pianists all, they are, left to right: Max Walmer, Ada Kopetz, John Scales and Bertha Melnik, and each will soon be totting—and playing—a heavy load of flats and sharps.

Mrs. Bennie Nichols of Fort Worth, who is ill, is planning to stay with her mother, Mrs. Robert L. Jones until she recovers.

Mr. and Mrs. J. A. Sharp, Jr., of Breckenridge spent the week end with her mother, Mrs. Robert L. Jones.

J. I. Prat and Guy and Doyle Murray of Fort Worth spent the week end with Mr. and Mrs. O. O. Odom, Jr. They had an enjoyable duck hunt while they were here.

Mr. and Mrs. W. E. Dean spent Sunday in Merkel visiting Mr. and Mrs. Guford Allen, former Ciscoans. Mr. Allen is in a Merkel hospital receiving treatment for a broken arm.

Mr. and Mrs. J. R. Livingston and son, Travis, of Odessa visited in the home of his mother,

Mrs. J. J. Livingston, the past week.

Mr. and Mrs. K. H. McIntire of Long Beach, Calif., are visitors at the homes of her sisters, Mrs. Frank Leas and Mrs. J. W. Sledge. Mrs. McIntire will be remembered in Cisco as Irene Coulter. Mr. McIntire, who is with the Merchant Marine, has just returned from a six month's trip to the Far East. They plan to return home this week-end, via Carlsbad Caverns and points in old Mexico.

Mr. and Mrs. Oddie Brownlow of Meridian left Saturday morning after spending Friday evening with his sister-in-law and husband, Mr. and Mrs. D. D. Wood.

Mrs. Inez Ricks is leaving this week for Shreveport, La., where she will spend part of the winter with her son, W. E. Ricks. After

the first of the year she plans to go to San Antonio to spend the rest of the winter with her son, S. S. Ricks.

Mr. and Mrs. W. J. Foxworth returned Monday from Clayton, Texas, where they spent the Armistice holiday with her sister and husband, Mr. and Mrs. Frank Adams.

Mr. and Mrs. S. H. Nance, Mr.

and Mrs. G. R. Nance and daughter, Patsy, and Mrs. John Speir spent the week end in Ballinger with Mr. and Mrs. S. H. Nance's daughter and husband, Mr. and Mrs. Ford Taylor.

Fred Stroebel, Jr., who is a student at Texas A & M College, spent the week end with his parents, Mr. and Mrs. Fred Stroebel.

Mrs. W. T. Thackerson of 3, Cisco, who has been visiting her daughter, Mrs. C. A. Lamb, since Friday, has returned home.

NEW DESIGN—This unorthodox-looking floating tent is the first 20-man life raft to be produced in quantity at the Wright-Patterson Air Force Base, in Dayton, O. The raft with its canopy is snug, dry and a highly buoyant refuge for downed airmen. In top photo, the canopy is raised at the sides to provide added ventilation. (Photo from U.S.A.F. Air Materiel Command.)

What a big help!

"Mrs. F. will work on our Christmas dolls for the poor. A big help!"

"Edith wants me to have some of their apples. They're delicious."

"Daughter Mary Ann makes plans for a formal dance. Big event."

"Ed, my husband, will get a later bus from the city. Saves me a wait at the bus stop!"

THERE'S a pleasant bustle of family life in the home of Mrs. Ida Bianchi, on the outskirts of Oklahoma City. And the telephone is right in the middle of everything.

Mrs. Bianchi proved that by keeping track of all calls, in and out, for five days. She was surprised to see how many there were... and how little they cost—1 1/2¢ a call!

"The telephone is a BIG help to me—a bargain," she says. "And the time and steps it saves!"

To Mrs. Bianchi, our thanks for her kind words. We are doing our best to make your telephone service a real bargain today—and to keep it growing in value every year! Southwestern Bell Telephone Co.
