SATURDAY IS Appreciation Day in Cisco

THE CISCO DAILY PRESS

YOUR HOME PAPER

CISCO, TEXAS, SUNDAY, NOVEMBER 19, 1950

TRADE AT HOME If you spend a dollar at home you have some hope of getting it back; if you don't, you just spend a dollar.

NUMBER 259

The Gay Philosopher

By J. W. S.
IF WE GET a vote next year — which isn't likely — on matters pertaining to high school and junior college football, we're going to vote for playing all games after Nov. 1 at 2 o'clock on sunny afternoons. This business of going to football games and freezing is not desirable. The game at Eastland on Friday night wasn't supposed to be played in cold weather. But we saw a lot of shivering fans.

IN ANY EVENT it was a good game as far as Cisco was concerned. There were about 1,000 Cisco fans there, who completely filled the east stand. We'd estimate that there were 600 people on the west side.

Eastland has a nice layout. But the location is bad. In the first place, the wisdom of building a stadium adjacent to a main highway with only one outlet is questionable. And in the second place, they don't have enough parking places in rows of five or six deep, and unscrambling it all at the end is time wasting.

THE CISCO BAND did a splendid job, just as they've done all year. We can all be very proud of our band this season.

A CISCO MAN leaves Tuesday for the oil fields of Arabia. He is Mr. Charles O. Redwine of 1012 East 6th Street. He'll take off Tuesday by air from Abilene. He'll stop in New York City, London and Cairo, Egypt, en route. He will work with Fluor Middle East, in connection with the Arabian American Oil Company.

MR. REDWINE returned early this year from Venezuela in South America where he was employed several months with the Lummis Engineering Company.

MR. DICK Lauderdale received an interesting letter the other day from Rev. Maurice Swisher, chairman at Fort Leonard Wood, Mo. He formerly was pastor of the First Christian Church here and in a letter, in part, follows:

"I find myself in a processing center as well as a training division. This means a great opportunity for me to get the first chance at these new men who are coming to the Army. I give each group talk at 7:30 in the morning, around 25 come to my office each day with problems, homesickness, etc.

"It gives me a thrill to have some of them say as they leave chapel services, 'thanks for a job of home.' I pray that I may get that."

"I am conducting three services each Sunday with a total attendance of around 500. Soon I shall have to interview each man who comes here for training and will give lectures once a week to each group. This will mean one or two lectures every day."

"I am working seven days a week and every other night until 1 o'clock."

"Housing is difficult and far from high for most of us. We are considering buying a house trailer."

"There is a fine group of men coming into the army every day, and I am happy to be associated with them and feel that I am right here I belong. Some day, I suppose, I'll go overseas, but I always try to be just a minister doing the same work I tried to do in civilian life."

Much Interest Seen in Xmas Pilgrimage

The response to the Delphi Club's Christmas Pilgrimage homes in Cisco during the holidays has been encouraging, according to officials who reported that more and more local home owners were signing up for the tour. The pilgrimage will be held beginning at 7 p. m. on December 2 and ending at 10 p. m. Plans call for visiting numerous homes during the tour, that will be attractively decorated in the Christmas motif. Tickets are being placed on sale immediately by members of the Delphi Club and those wishing to take part are asked to contact members early. A complete list of homes to be visited will be published before the time set for the pilgrimage.

Top Bull Available To Dairymen

WOODACRES ROYAL PHILOSOPHER

For the first time in history, an unlimited number of local farmers and dairymen have the opportunity to use a State Fair of Texas Grand Champion Guernsey bull, according to Clyde Hickson, technician for the Eastland County Dairy Association.

The sire, Woodacres Royal Philosopher, was awarded the coveted prize during the State Fair of Texas by Dean Kildee of the University of Iowa from a wide field of entries by Guernsey breeders throughout Texas and Oklahoma. It was one of the few times this award has been made to a Texas.

Woodacres Royal Philosopher has been at the North Texas Artificial Breeding Farm since it began operation and now has an estimated 1,500 daughters on the ground.

The grand champion is but one of 16 famous sires of the Jersey, Holstein and Guernsey breeds now available to Eastland County stockmen through the local artificial breeding association.

CISCO DISTRICT IS FIRST TO PAY RESERVE PENSION QUOTA

The Cisco District is the first in the Central Texas Methodist Conference in the payment of its reserve pension fund quota, according to the report that Rev. Leslie W. Seymour, superintendent, issued at the annual meeting in German last Thursday.

According to the report, 11 of 22 churches have paid their full four-year pension, final payment on which was not due until next year. The 11 churches are German, Breckenridge circuit, Caddo, Wesley, Clairette, Cottonwood-Bullock, DeLeon circuit, Desdemona, Flatwood, Olden, Putnam, and Scranton district.

Three of the four churches on the Bunyan charge have paid in full and eight charges have paid up to date: Breckenridge, Barkett circuit, Carbon, First Church, Cisco, Cross Plains, DeLeon, Eastland and Rising Star.

Rev. Garland Lavender of Ranger presented a composite report of the work of the churches and pastors in the district the past five months which included the following items:

Eighty members received on profession of faith with the DeLeon circuit, Rev. Lloyd Sanders, pastor, receiving the highest number, 11; 181 members received by transfer with First Church, Breckenridge, Rev. W. D. Shipp, pastor, receiving the largest number, 39.

Approximately \$76,000 has been raised for all purposes. Dr. Sidney Anderson, formerly of Rising Star, who is home from Shanghai on furlough, spoke on his missionary experiences.

Churches at Pecan, northeast of Breckenridge, and Pisgah, southeast, have been merged and organized into a new church in Breckenridge with Rev. Paul Wiseman, a student in McMurry College, Abilene, as pastor. John Gilbert of Ranger and Richard Bacon of Cisco were granted licenses to preach. Paul Wiseman was recommended for admission on trial into the Central Texas Conference.

A total of 160 men attended the district laymen's banquet Wednesday night.

Wooten Accepts Call to Baptist Pulpit in City

Rev. Ralph T. Wooten, pastor of the First Baptist Church at Menard, will move to Cisco on December 4, to take over as pastor of the First Baptist Church here, according to F. E. Shepard, chairman of the church's pulpits committee. The new pastor will preach his first sermon here on Sunday, December 10.

A graduate of Hardin-Simmons University, Rev. Wooten also studied two years at Southwest Baptist Theological Seminary in Fort Worth. Mrs. Wooten earned a degree in music at Hardin-Simmons. They have one son, Ralph, who is three years old. Rev. Charles W. Jones, educational director, will continue to supply the First Baptist pulpit until the arrival of the new pastor.

HERE'S MY GIFT TO CHEST

Cisco, Texas, Nov. 19, 1950
Cisco Community Chest
Cisco, Texas
To help support the Community Chest,
I hereby enclose (or pledge) \$
(Signed)
(Address)

MINISTERIAL ASSOCIATION WILL SPONSOR THANKSGIVING RITES

In a meeting of the Cisco Ministerial Association at the First Methodist Church Saturday morning, final plans were outlined for a sunrise Thanksgiving service to be held at the First Baptist Church at 7 o'clock Thursday morning.

Rev. C. A. Warden, president of the association and pastor of the Wesley Methodist Church, will preside at the service. The sermon will be brought by Rev. H. Grady James, pastor of the First Presbyterian Church, and Mr. Robert Clinton of Cisco Junior College will be in charge of the music.

Others having part on the program include Rev. E. H. Lightfoot, invocation; Rev. Paul Stephens, scripture reading; Rev. Cecil E. Stowe, proclamation; and Rev. C. S. Moad, benediction.

All pastors and churches of Cisco have been asked to take part in the service, and the general public has been invited to attend.

Albany Pastor To Take Over Pulpit Of Local Church

Rev. Aden, pastor of the First Christian Church at Albany for the past five years, had accepted a call Saturday to become pastor of the First Christian Church of Cisco. He is expected to move here by December 1 and occupy the local pulpit for the first time on Sunday, Dec. 3.

Rev. Aden will fill the vacancy in the local church caused by the resignation of Rev. Maurice D. Swisher, who recently was ordered to active duty as a chaplain in the U. S. Army.

L. A. Warren was chairman of the pulpits committee of the Christian church.

Masons to Have Three Meetings

Members of the Cisco Masonic Lodge will have three meetings at the Masonic Temple this week, Worshipful Master Blair Clark reported Saturday.

A called meeting has been set for 7:30 p. m. Monday to confer a master's degree. Some 75 to 100 area Masons are expected at the temple Tuesday at 7 p. m. for the Masters and Wardens Association district meeting. A special program has been planned.

The Lodge's regular monthly stated meeting will be held at 7:30 p. m. Thursday.

Course Planned For Girl Scouters

A basic training course for girl Scout leaders and assistant leaders will be held Monday, Nov. 20, at the home of Mrs. Charles Stone, 203 Avenue I, it was announced Saturday. Miss Jeannine Frasier of Brownwood, field director, will conduct the work.

Classes will be held from 9 a. m. until noon, from 1 to 4 p. m. and from 7 to 9 p. m. During the hour from 3 to 4 p. m., a club for leaders and their assistants were urged to attend, and board members were invited to take a part.

Valuable Gifts Offered For Nov. 27 City Treasure Hunt

Valuable and useful gift items were being pledged Saturday by Cisco merchants for the third annual Cisco Treasure Hunt which will be held Monday night, Nov. 27, in connection with the opening of the 1950 Christmas Shopping Season.

Gift items pledged already include a \$10 gift certificate by Hooker's Jewelry Store. It will be good as money on any item in the store. Home Supply Company's item will be choice of a \$14.95 lamp table or end table. Drumwright's has offered a \$5 gift certificate for men and a \$5 gift certificate for women. LeMore Pharmacy will give two family size bottles of Hadacol. And Elite Beauty Shop is offering a \$10 Helen Curtis permanent wave. The Palace Theater will offer a \$5 book of tickets.

These are just a few of the items that will be in store windows with hunt numbers on them on Nov. 27. All you have to do to win is find your number in a store window. Tickets for the Treasure Hunt will be given away free at The Daily Press office on Friday, Saturday and Monday, Nov. 24, 25, and 27. One ticket will be given to each member of the family. The big treasure hunt will be only part of the Monday night program. Beginning promptly at 6 p. m., the Cisco High School band will play a 30-minute concert to announce that "Santa Claus Is Coming to Town."

Loboes Finish Season With 20-0 Victory Over Eastland

The Cisco High School Loboes concluded their 1950 football season at Eastland Friday night by scoring an easy 20-to-0 triumph over the Mavericks. It was Cisco's first win over Eastland in four years and gave the Loboes their sixth victory for the year against four setbacks.

The Loboes concluded their District B-A race in a tie for third honors with Hamilton. Ranger became the district winner when Dublin scored an upset 19-to-6 win over Hamilton at Dublin Friday night. Dublin was in second place with one loss and one tie against their conference record.

Hard-driving Robert Jackson led the Loboes to their easy win over Eastland. He scored two touchdowns, carried the ball 19 times for 164 yards, caught several passes and was a wheelhorse on the defense.

Doug Johnson, another Lobo backfield star, left the game in the second period when he re-injured his left knee. L. A. Sublett, Jr., who took over Johnson's chores, proved an adequate replacement when he completed several passes and generally turned in a good job.

Eleven Loboes played their final game in Cisco High uniforms. Senior members of the team were J. C. Suggs, Doc Watts, David Phippen, Leo Farmer, Gene Voss, Doc Dawson, Jimmy Basset, Jack Kisner, Duane Pelfrey, Sublett, and Fred Smith. All of them played and did a fine job except for Kisner, who has missed about half of the season with a broken arm.

Lobo regulars watched much of the second half from the sideline as Coach Jack Everett played every able-bodied man on his squad.

First Period
Cisco won the toss and Eastland kicked off, the Loboes taking over on their 30 yard line. Jackson and Johnson picked up 10 yards on three bucks. Three plays then failed and Suggs punted to Eastland who returned to their 41. The Mavericks drew a 5-yard penalty and then a 15-yard assessment. King made six yards and Johnson hit Evatt for a 6-yard loss. Stephens failed to get a punt off and Cisco took over on the Maverick 17.

Three Lobo line plays failed and Johnson passed to Brunkenbaker for a touchdown. Watts' placekick was wide.

Eastland took the kickoff on the 28. King hit the line twice for a first down. Dawson recovered a fumble and the Loboes took over on the Cisco 43. Jackson made a first down on three bucks and Black got through for 11 yards.

Second Period
Cisco drew a 15-yard penalty and the Mavericks held for downs, taking over on their 39. Three Maverick plays gained 5 yards and Stephens punted to the Cisco 41. Johnson circled right end for 22 yards. Jackson fumbled and Eastland recovered on their 30.

Cisco drew a 15-yard penalty and Phippen intercepted a pass on the Cisco 37. Cisco drew a 15-yard penalty and a pass attempt lost 10 yards. Johnson was hurt on the play. Jackson quick-kicked to the Eastland 37. A Maverick pass netted 11 yards, and four plays failed, the Loboes taking over on the 50.

Jackson made 8 yards, and Sublett passed to Jackson for a first down on the Eastland 30. Sublett passed to Black for 12 yards, Jackson made 7, and Sublett passed 10 yards to Jackson for a touchdown. Watts missed again.

Third Quarter
Eastland took the kickoff on their 28. Evatt and King made 10 yards, and Riggan drove to the Cisco 47 for another first. A penalty halted the drive, and Cisco took the punt on their 36. Jackson got through and raced 59 yards to the Maverick 15 and plunged over two plays later. And Watts missed again.

Eastland took the kickoff on their 19. The Mavericks drew a 15-yard penalty. Three plays netted 2 yards, and Stephens' placekick was wide.

Fourth Quarter
Eastland took the kickoff on their 28. Evatt and King made 10 yards, and Riggan drove to the Cisco 47 for another first. A penalty halted the drive, and Cisco took the punt on their 36. Jackson got through and raced 59 yards to the Maverick 15 and plunged over two plays later. And Watts missed again.

Eastland took the kickoff on their 19. The Mavericks drew a 15-yard penalty. Three plays netted 2 yards, and Stephens' placekick was wide.

Final Score: Loboes 20, Mavericks 0.

ROAD BLOCKS SET UP IN AREA AFTER HIKER ROBS MOTORIST
Road blocks were thrown up on all highways leading out of Cisco at 10:30 p. m. Friday when a Waxahacie man reported to Cisco police that a hitch hiker had picked up earlier near Fort Worth robbed him at gun point and took his billfold containing approximately \$50.

Alvin Allen, the Waxahacie man, told Cisco police that he picked the gunman up this side of Fort Worth at 8:30 p. m. and that when they had traveled a few miles the man stuck a gun in his ribs and told him to keep driving. When they reached a point about midway between Eastland and Cisco the hitch hiker told him to stop the car and demanded his money. The gunman left the car on foot and told the driver to keep driving and not to stop. Allen drove on to Cisco where he reported the robbery to local police.

Local officers contacted Eastland police and the sheriff's department immediately. With the aid of the State Highway Patrol, who called Abilene the roads were blocked. A Texas Ranger from Breckenridge assisted in the search but the robber slipped through the net and had not been apprehended Saturday at noon.

Lightfoot Speaks At P-TA Banquet Honoring Fathers
Rev. E. H. Lightfoot, pastor of the First Methodist Church, expressed confidence that "the good father who has guided the family through many crises will show the way through current troubled conditions" in a talk Thursday night at the West Ward Parent-Teacher Association's annual Father's Night banquet.

Mr. Lightfoot deplored the spread of Communism since the end of World War II, pointing out that the Communistic web has encircled near 400 million more persons than it contained five years ago.

Eighty-eight persons attended the banquet, filling the large basement of the Presbyterian Church. Supt. Arlin Bint of the city school system presided as master of ceremonies.

Mr. Bint introduced President G. R. Nance, who attended as a representative of the school board and praised his work with the schools for many years. Mr. Nance spoke briefly to assure the meeting that the trustees were endeavoring to bring about better conditions as speedily as possible.

Mrs. Delmar Johnson, president of the organization, conducted a short business session. Room numbers went to Mrs. Laws' room for the upper grades and to Mrs. Clement's room for the lower grades.

Rev. H. Grady James, Presbyterian minister, gave the invocation. A musical feature was provided by Mr. and Mrs. Stanley Webb. The banquet was served under the direction of Mrs. Luke Phippen, cafeteria supervisor.

Reeves Residence Is Destroyed By Saturday Blaze
City firemen answered 28 fire alarms from Sunday night, Nov. 12, to Saturday morning, and all of them were to extinguish grass fires except an early Saturday blaze that destroyed the residence of Mrs. Tess Reeves at 603 East 11th Street.

The fire at the Reeves home broke out at 5 a. m., and it was described as a total loss. Origin of the blaze was not known. Mrs. Reeves, who lived alone, was wakened by a noise in the kitchen. She saw flames and called firemen. She closed her kitchen door hoping to confine the fire, but it soon spread.

Mrs. Reeves ran out of the house with only the clothing she was wearing. The home and contents were insured for \$1,000. She left Saturday for Houston to stay with a daughter.

Mayor G. C. Rosenthal said that most of the 28 grass fires which firemen were called to extinguish were caused by carelessness in burning trash. He pointed out that a city ordinance provides penalties for leaving trash fires unattended.

In addition to the 28 fires, firemen were busy at odd hours burning as much dead grass in the city as they could get to. The long dry spell has increased the fire hazard offered by the dead grass.

"We would certainly appreciate citywide cooperation to prevent these fires," Mr. Rosenthal said.

Mr. and Mrs. N. E. Limbert of Lewisburg, Ohio, are having an extended visit with her sister and husband, Mr. and Mrs. Shy Osborn.

Funeral services for Carl L. (Dutch) Childs, about 57, who was killed Sunday at Monahans, were held in the Higginbotham Funeral Chapel in Cross Plains Wednesday afternoon with Lawrence Smith, Church of Christ minister, officiating. Burial was in the family plot of the Cottonwood Cemetery.

Childs, who had been making his home at Royalty, was shot to death with a .22 calibre rifle. Another Royalty man is being held for investigation, it was reported. The man contended that Childs shot himself.

Addition of \$113.52 from the May game and \$395.95 from the game with Rising Star in Cross Plains last Saturday brings the earnings of Cross Plains High School Buffaloes to \$1,483.96 for the season.

With proceeds from the Blanket and Baird games to be added for the regular season play, and with indications pointing to Cross Plains going to bi-district, the total for the year is expected to reach \$2,000.

FOR SALE — 3 drawer 72 inch all steel bookkeeping table. See Mrs. John H. Kleiner, or call 314.

WANTED TO BUY — 1 to 10 acres with 3 or 4 room house & good improvements. Will pay \$3,000 to \$4,000 cash. Write R. B. Fry, 737 Alver St., New Orleans, La. 261

DAR MEETING CALLED
The Charles Crawford Chapter of the DAR will meet Tuesday morning, Nov. 21, at 9:30 o'clock with Mrs. B. A. Funnell at Ranger. Mrs. M. H. Hagaman will be co-hostess.

ANNOUNCE NEW SON
Mr. and Mrs. Marvin Nash of Eastland became the parents of a seven and one-half pound son Tuesday, Nov. 14, at Graham Hospital here. He was named Rodney Wayne. Mrs. Nash is the former Miss Lois Ann Clark of Cisco. Mother and baby were reported to be doing nicely.

Per week (by carrier) 15c

DEFENSE COMES HIGH

Defense comes high and the American people can pay for it in one of three ways.

"We can pay the price by open inflation, we can pay the price by suppressed inflation and total controls, or we can pay the cost in high taxes, tight credit, and government economy," the Research and Policy Committee of the Committee for Economic Development (CED) says in its newest statement on national policy, "Paying for Defense."

Documenting its preference for blocking inflation "by eliminating the excess of demand over supply rather than by trying to dam up the excess of demand behind a wall of price and rationing regulations," the non-profit, non-partisan research organization of business leaders outlined a "pay-as-you-go" emergency program to serve while the tax structure is being adjusted to long-run needs.

Immediate imposition of a Defense Profits Tax on all corporations in addition to the basic tax, plus an increase in individual income taxes and a subsequent increase in excise taxes, are features of the CED plan. The committee opposed enactment of an excess profits tax, saying the proposed Defense Profits Tax would raise as much revenue, by less inequitable and do much less harm to the defense effort and the economy as a whole.

The corporate and individual income tax increases recommended by the committee would take effect Jan. 1, 1951, and be replaced at the end of next year by a tax

program that "must be developed to meet the needs of a budget that may continue to be very large for a very long time."

The statement was released by Meyer Kestnbaum of Chicago, chairman of CED's Research and Policy Committee and president of Hart, Schaffner & Marx. It was drafted by a subcommittee headed by J. Cameron Thomson of Minneapolis, president of Northwest Bancorporation.

The committee recommended prompt action to:

1. Revise the corporate profits tax so that it consists of a basic rate of 38% (18% on profits under \$25,000) plus a Defense Prof-

its tax at a flat rate on all corporate profits. . . .
"2. Levy a defense addition to the individual income tax at a flat percentage rate on net income in excess of exemption and the present tax."

"The rates at which the Defense Profits Tax and the income tax increase would be levied would depend on the expenditure outlook for 1951. The committee remarked that for the present illustrative purposes "we shall assume total expenditures of \$62 billion, \$35 billion military and \$27 billion non-military."

"If expenditures are as much as \$62 billion," it said, "and rising through the year, the committee would recommend:

"(a) That the temporary Defense Profits Tax be set at 15% of total profits. This would yield about \$3 billion more than the present profits tax.
"(b) That the temporary addition to the individual income tax

be set at 5% of income in excess of exemptions and the present tax. This would yield about \$3 billion net."

Today more than a million people drive the car that bears this crest—proof overwhelming of public confidence in Ford products.

For '51... and the years ahead

You can pay more but you can't buy better

Next Friday the '51 Ford will be on your Ford Dealer's showroom floor.

As you look at it—as you drive it and see and feel all of the new things it offers, remember this:

Every advance in styling, performance, safety, economy and durability represents years of progressive planning and testing in the laboratory and on the road!

For example, its Automatic Ride Control will be called new by motorists . . . because it automatically adjusts spring reactions to road conditions . . . but it is an old friend to Ford engineers.

And so it goes throughout the '51 Ford—feature for feature, part for part! For this car was designed and

built not just for this year and the year after—but for the years ahead!

No matter how much you're accustomed to paying for a car, we invite you to inspect the '51 Ford critically—and to "Test Drive" it at any time and in any way you like.

You'll find that you can pay more, but you can't buy better!

The New "look ahead" '51 Ford will be at your Ford Dealer's next Friday

For Power with Economy...it's High Compression!
FOR HIGH COMPRESSION... IT'S THE "ROCKET"!

Ever since Oldsmobile introduced the "Rocket" Engine two years ago, seems like everybody claims "high-compression"—but nobody explains it. The phrase simply means squeezing the gasoline into a smaller space before exploding it. This gets more power out of the same amount of fuel. But the engine must be designed for high-compression all the way through to assure smooth, quiet, gas-saving performance. The "Rocket" is 100% high-compression — from the crankshaft out. And the lowest-priced "Rocket" Engine car is Oldsmobile's "66." Makes good sense to try it soon—doesn't it?

Thanksgiving Day is almost here. Although Governor Alan Shivers has authorized two official Thanksgivings in Texas this year, it seems that most of the people in Cisco are going to observe next Thursday.

President Lincoln appointed the last Thursday of November as Thanksgiving Day in the U. S. in 1864, and each president followed his example until 1939 when President Roosevelt appointed an

earlier date with the idea of giving more time between the Thanksgiving and Christmas holidays and making things easier on American businessmen.

A joint resolution of Congress, approved on December 26, 1941, declared the fourth Thursday in November to be a national legal holiday, but some states continue to exercise their sovereignty by observing the more traditional date or giving each community its individual choice.

The Thanksgiving observance actually began in 1621 when the Pilgrims set aside a day after their first harvest—a day in which they would give thanks to God for his blessings to them. So far as we have been able to determine, the exact date of this first Thanksgiving Day is not known. However, we do know that the end of the harvest in New England comes several weeks before either of the days we now observe for Thanksgiving.

The Massachusetts Bay Colony observed Thanksgiving Day for the first time in 1630; Connecticut as early as 1639; and the Dutch in New Netherlands in 1644.

Except in 1777, the Continental congress appointed one or more Thanksgiving days each year during the Revolutionary War. President Washington appointed Thursday, Nov. 26, as a day of Thanksgiving in 1789 and Presi-

dent Madison called for a day of Thanksgiving at the close of the war of 1812.

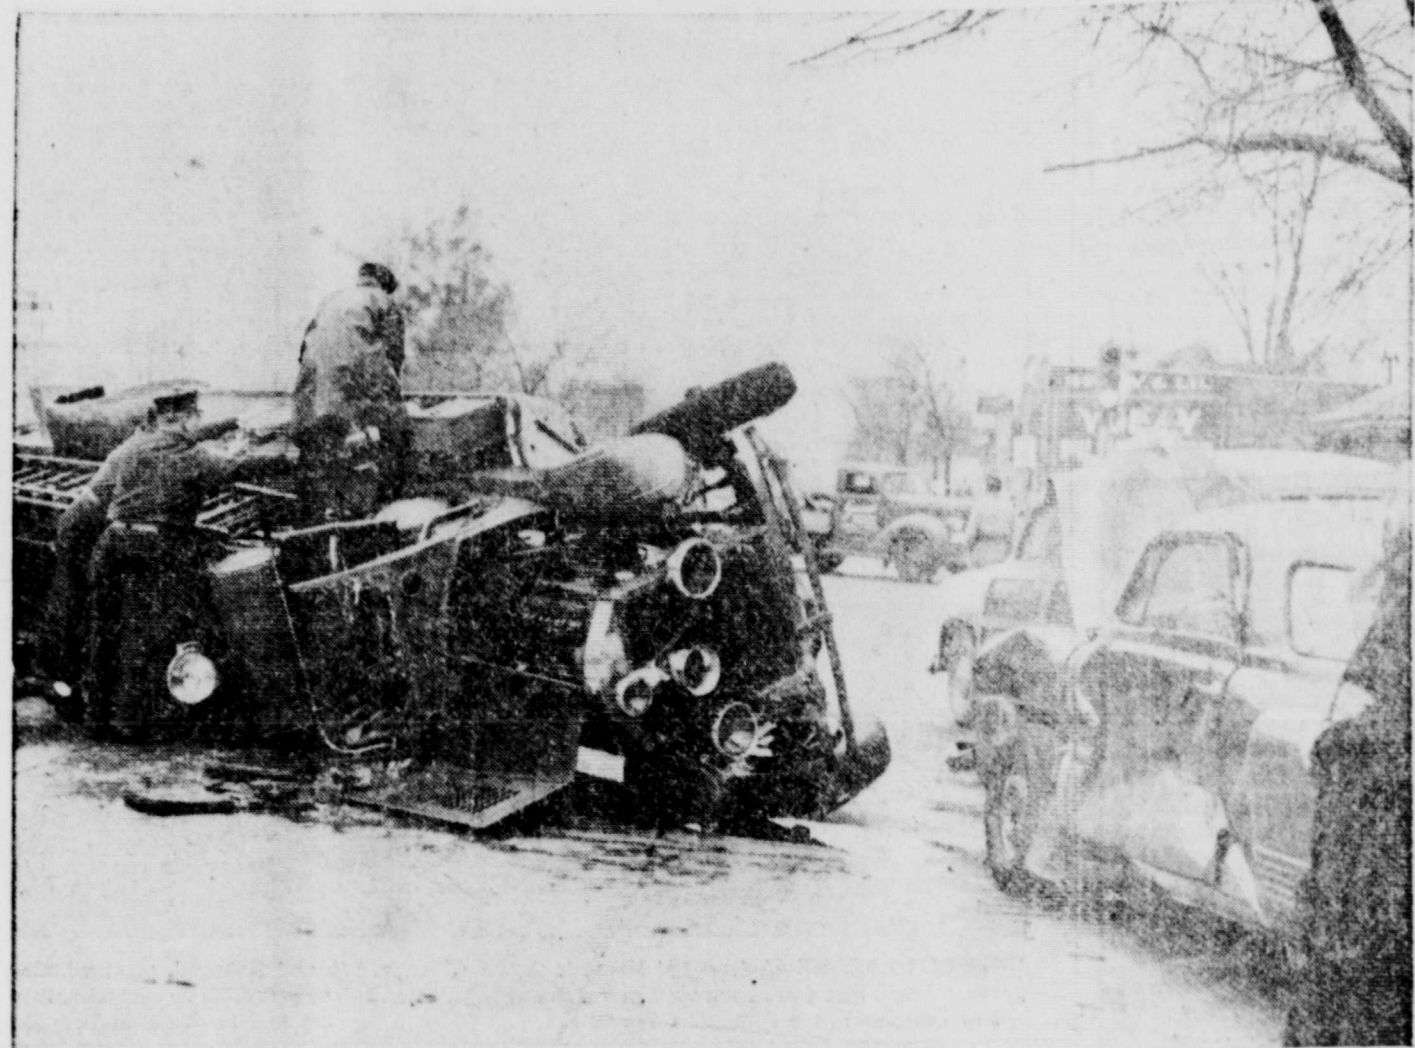

And so, you see it doesn't make too much difference which day we observe in Cisco in 1950. The fact of the matter is that every day should be a day of Thanksgiving for everyone of us.

For too many of us, Thanksgiving Day is only a day for eating turkey and dressing with all the trimmings. Yet, I wonder how many families in Cisco will eat Thanksgiving dinner and never stop to offer thanks and ask God's blessing on the meal.

There was a little girl whose name was Anna. Her parents were not Christians. They never prayed. When they gathered round the table for their meals they never gave thanks to God for his mercies. And when the day was passed, they never thought, to express gratitude to God for the blessings of the day or ask for His care during the night.

One day, a Christian uncle came to see them. During his stay he was invited to ask the blessing at meal-time.

The morning after the uncle left, the family came to the table and were about to commence their breakfast when little Anna, who sat next to her father, looked up to him and whispered, "Is

TOO LATE TO HELP—A firetruck lies on its side in Berwyn, Ill., after colliding with an auto while en route to put out a brush fire. The truck careened into five parked cars, but only two firemen were injured. The auto's driver hadn't yielded the right of way.

there no God today, daddy?" This touching question of his child went straight to his heart and Anna's dad soon became a Christian and from that day forward, prayer at the table was never forgotten.

Let's make every day a Thanksgiving Day in our hearts.

CHOIR PRACTICE SET
The newly organized Cisco community Choir will hold a rehearsal at 7 p. m. Monday at the First Baptist Church in order to enable the members to dismiss the regular Thursday practice. It was announced Saturday. Ninety-two local singers were present for last week's rehearsal.

Mr. and Mrs. Hubert Crofts and children, Doretta, Louis, and Bobby of Tucson, Arizona, were to arrive in Cisco Sunday to spend the Thanksgiving holidays with their sister and brother, Mr. and Mrs. Sutton Crofts. While

they are here they plan to go to Marble Falls and visit the ranch near here.

BRITAIN'S LATEST TANK—These Centurion tanks are shown going through a test on the road at the Royal Ordnance factory near Leeds, England. Production of the Centurions has increased 50 per cent since the British Government announced its new defense program. The 50-ton fighting vehicle is powered by a Meteor engine, an adaptation of the Rolls Royce Merlin.

GOOD CREDIT

The majority of people use credit in its various forms, but only those who meet their contracts as agreed, continue to enjoy its advantages.

The credit you command rests largely on one thing — not the position you hold, not the property you own; not your bank account — but the way you pay your bills.

Pay all charge accounts promptly each month and installment accounts when due.

GUARD YOUR CREDIT AS A SACRED TRUST

Jimmy Waddell Has Same Collar Bone Broken Two Seasons In Row

NANETTE WEST
The Cisco High School Lobo hopes for defeating the Mavericks on Friday dimmed Monday when Waddell, 205 pound Lobo

tackle suffered a broken collar bone in scrimmage. "Waddell will be out for the remainder of the 1950 season. He was being touted as a possible all-district selection."

him on the campus of Texas Christian University in the Fort Worth, where he enrolled as a freshman on a scholarship offered him by TCU.

Jimmy went out for the Freshman football squad, the Polly Wogs, and received one of the tackle positions on their starting line-up. In the line, he was very outstanding on both offensive and defensive plays.

HIGH BLOOD PRESSURE

Opening of Arteries, in Left Arm

Dr. G. Johnson, President of Oregon State Bank, Harlingen, Tex., writes on Feb. 20, 1948: "Please send another bottle of Liquid Garlic, also send a letter to my sister-in-law, Mrs. C. Dutton, 45 Atwater Terrace, Springfield, Mass."

"I have some good reports to make on the effectiveness of Gar-Liquid. Mr. Turner, Texaco here, has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. F. Nelson, San Benito, who was in bad shape, is also very much better and her blood pressure down considerable. This Gar-Liquid works, and you are doing a job of producing it for the relief of those suffering from high blood pressure or heart trouble."

Hundreds of other testimonials of similar nature.

DANCE

To The Music Of The Melody Five
KRBC & Hillbilly
Featuring Stars of Abilene

AT THE Veterans Recreation Club
(Formerly Lakeview Club)

Friday Night,
Nov. 17 - 9 p. m.

Everybody's Invited!

On November 14, 1949, the above was printed in the Cisco Daily Press. "So what?" You say, "a tough break for the school and Jimmy. But that's past history, what's it got to do with us or with him now?"

It doesn't have anything to do with you of 1950 but in 1949 it meant a whole lot to a high school, a ball club, and to an individual.

To the high school it meant that the game with Eastland would be played with a gap in the line no one could fill bodily or spiritually.

To the ball club it meant that the spirit of the team would suffer, for Jimmy is one of those rare personalities who are born with a natural and active sense of humor, and hardly anything depressed him so much that he couldn't get a quip out of it.

To the individual it meant that at the last games in the last season in his final year in high school, he would sit in the stands, or at best, on the bench, to watch a football game he should be playing in. It meant that instead of being in uniform out on the field sparking the Lobo on and trying his darnedest to keep the opposing team from blasting through his side of the line, and the other side too if the need arose, all he could do was stand on the side lines and shout encouragements.

Well, Jimmy graduated in the spring of 1950. The fall found

Last Tuesday, November 14, Jimmy broke his left collar bone in scrimmage with the Wogs, the same one he broke exactly one year ago, to the day. An ill-timed coincidence that will put his shoulder in a cast for six weeks and knock him, for the second time, out of the rest of the games this season. But Jimmy's gay fighting spirit is evident in the remark he made shortly after arriving home after the accident. "Well, they may think I'm out now, but I'll sure give them a run for their money in spring practice next year!"

So, here's to a fine athlete, and a swell person to know, all the luck in the world his every endeavor.

Hospital Notes

Entering recently for treatment were Mrs. Pete King, Putnam; Miss M. Ledford, Cisco, who is seriously ill; Mrs. R. W. Winston, Cisco; L. C. Gibson, Carbon; Mrs. Josh Thompson, Moran; Roy T. Moore, Cisco; Miss Venita McCannles, Moran and Mrs. Earl Wood, Cisco.

Dismissed following treatment were Mrs. F. T. Boggs, Pyote; M. E. Craft, Cisco; Kenneth Hudson, Moran; Mrs. J. Marvin Nash and infant son, Eastland; Eddie Harding, Rising Star; Jim Carter, Eastland; L. A. Warren, Cisco and Mrs. J. B. Garrett, Fort Worth.

A HIT IN JAPAN—Frank "Lefty" O'Doul, left, manager of the San Francisco Seals, and Yankee Clipper Joe DiMaggio were given bouquets by Japanese baseball fans in Tokyo. The two baseballers, who plan a tour of Japan and Korea, are there to entertain the GIs, but that doesn't prevent them from making a big hit with the Japanese with whom the game is very popular.

LOBOES
(From Page 1)
punt was blocked by Watts. A Maverick fell on the ball back of the goal, giving Cisco a safety and two points, Watts being credited with the two points.

Cisco took the kick on the Eastland 46. Jackson and Black made a first down on the 34. Cisco drew two penalties for 20 yards, and Jackson took a fake

pass and plowed for 36 yards and a first down.

Fourth Quarter
Evans made 4. The Mavericks held and took over on their 20. The Loboos held and Stephens punted to the 50. Eastland drew a 15-yard penalty. Sublett hit Jackson for a first down on the 12. Cisco drew a 15-yard penalty. Sublett completed one of three passes to Jackson for 12

and the ball went over on the 14. Watts intercepted a pass on the Eastland 23. Sublett and Smith drove to the Eastland 12 and Evans intercepted a Cisco pass on the 10. King got through for 12, and Cisco held. Smith brought the punt back 24 yards. Sublett drove through for 8 yards as the game ended.

RUGGED

Right down the line!

All-welded cabs! Powerful Valve-in-Head engines! Strong rear axles and heavy-steel channel-type frames! Right down the line, Chevrolet trucks are built for the rough-tough jobs and the big payloads. All parts, all units—like Chevrolet's positive Synchro-Mesh transmissions—are engineered to withstand the shocks and strains of real work. Engineered to serve you better—and longer! That's why there are more Chevrolet trucks on the road than any other make... why you should come in and see these great trucks today!

Rugged engines

Chevrolet's valve-in-head engine design has been proved and improved for 38 years. It's world famous for rugged reliability, for its ability to take hard use year after year.

Rugged frames

Chevrolet's channel-type frames are built for the load... built with reserves of strength in their wide flanges, deep section and heavy metal... Advance-Design to withstand the road shocks and distortions of hauling big payloads.

Rugged cabs

Chevrolet cabs with Advance-Design construction are all-steel, all-welded for greater safety and longer service. Rigid, solidly built cabs are flexi-mounted on rubber for greater durability. Doors open easily, even in off-the-road use.

Plus CHEVROLET ADVANCE-DESIGN TRUCK FEATURES Two Great Valve-in-Head Engines • Power-Jet Carburetor • Diaphragm Spring Clutch • Synchro-Mesh Transmissions • Hypoid Rear Axles • Double-Articulated Brakes • Wide-Base Wheels • Ball-Type Steering • Unit-Design Bodies • Advance-Design Styling.

MINING ITS BUSINESS?—Crewmen aboard this North Korean fishing boat stand by for inspection by a boarding party off the U.S.S. Maddox. The boat was suspected of laying mines in the waters off Korea. (U.S. Navv Photo from Acme.)

LET'S SEE, NOW—It's a big and bitter pill for Jamuna, the elephant, to swallow, but if pills as big as baseballs are to be swallowed, there's nobody better equipped for the job. Jamuna, who lives in the zoo at Auckland, N.Z., has stomach trouble and all that pill-pushing is done in the hope that an operation may be averted. Perhaps Jamuna would prefer surgery to the medicine.

REMEMBER WHEN

Taken from the Files of The Daily Press

FIVE YEARS AGO —

The Cisco Lobos will go to Eastland Tuesday night for a return game with the Mavericks after defeating the Eastland team 20 to 16 in opening their basket-

ball season here Thursday night. Cisco scored 16 points in the first half but were held to only four in the second half by a tight Eastland defense, while the Mavericks rang up 11 of their count in that period. Coach V. C. Overall has other games scheduled with Moran and in a tournament at McMurry college next weekend in which he hopes to develop the team.

Old Santa Claus will make his

annual visit to Cisco Saturday, December 22, at 2 p. m. in a program which will be augmented by the Cisco Lobo Band and high school Choral club.

The band will play in the parade by which Santa will make his entry into the business district and at 8 o'clock in the evening it will join the Choral Club in a program of Christmas music to be presented from a platform downtown, it was announced by the chamber of commerce.

practices during the 1946 program year. The Eastland county ACA committee, assisted by members of the community committees and other agricultural workers, have selected the practices considered as most needed in this county, for which assistance will be available. The community committees include groups from every town in Eastland county.

TWENTY THREE YEARS AGO— Three additional entries were made in the Cisco Daily Press City Beautiful contest Saturday, when indications of increasing interest in the contest were apparent. The time for entering the contest has been extended.

Decision of the Cisco Country Club to go ahead with its building program and complete the club house already at Lake Cisco should bring congratulations for its officers and directors. A good country club is an asset to any city, and located as the Cisco Country club is at Lake Cisco, it is a particularly valuable asset to Cisco.

Complete development of the club will round out the recreational program for Lake Cisco, and will help in beautifying the surroundings at Williamson Dam. President W. W. Wallace and

There has been allocated to Eastland county \$71,225 to be used as assistance to farmers in carrying out needed conservation

PLENTY TO SHOW—Shapely Marie Wilson proves in Hollywood that she has nothing to hide as she displays part of her extensive swim suit wardrobe. The sheer black one she is wearing is her favorite of them all, and no wonder!

board of directors deserve commendation or not only the members of the club but of the entire citizenship as well, and it is to be hoped the plans of the club are carried out in full before the summer is in full swing.

"The members of the City police department would be glad

if the Daily Press would express our appreciation and thanks to the young lady operators at the Cisco office of the Southwestern telephone exchange," said L. A. White Saturday morning, "These young ladies were on the job every minute during the Santa

Claus bank robbery man hunt, and we got connections right now, every time a call was put in from the police station. I don't think I ever knew of better service than that which the Cisco operators gave us while we were on that man hunt."

CLUB MEET CALLED
The annual stockholders meeting of the Cisco Country Club has been called for Tuesday, Nov. 21, President W. C. H. has announced. Purpose of meeting is to elect new officers and directors.

YOUR STORE NAME RECIPE OF THE WEEK
By Mary Lee Taylor
Pumpkin Pie
Broadcast: November 18, 1950
1/2 cup brown sugar 1 1/2 cups cooked or canned pumpkin
1 tablespoon flour 1/2 cup Fat Milk
1/2 teaspoon salt 1/2 cup Fat Milk
2 1/2 teaspoons pumpkin pie spice 2 tablespoons dark molasses
Turn on oven; set at very hot (450°). Mix brown sugar, flour, salt and the spice. Add rest of ingredients and stir until smooth. Pour into deep 9-in. pie pan, lined with unbaked pastry made with pie crust mix. Bake 15 min., then reduce heat to slow (325°) and bake about 40 min., or until firm.
You Will Need:
Fat Milk, Pumpkin, Pumpkin Pie Spice and Pie Crust Mix.
