Banquet Planned to Honor Bulldog Football Players

Members of the Moran High school football team and their coaches will be honored at a banquet at 7 p. m. Friday, Dec. 8, at the high school gym. Tickets are \$1.50 and by Quarterback Club members at \$1.50 each. A turkey dinner with all the trimmings will be served.

Sixty-six pounds of turkey were consumed by 94 persons as Deep Creek women served the Luncheon Club's annual Thanksgiving dinner last week. A number of town visitors included Mrs. Tom McWhorter, Mrs. Ollie Clark, J. Carter, Jr., Judge Dyess, County Commissioner Park Vines, Vines' wife, Mrs. Fannie Vines and Mrs. E. G. Cooper, of Albany; Mrs. Charles C. Albert Hansen, Mrs. Lou Henderson and Mrs. Margaret W. Worth; Mrs. Mary Wheeler, of Dyess spoke on a Thanksgiving theme, and Rev. and Mrs. H. Bell sang two song numbers.

SAY SOMETHING nice about the City Fire Department. That's what a lady told us to do when she telephoned the other day. And something nice should be said about the splendid way they have kept the grass fire menace under control. Between times when they're answering the calls to put out fires, they've spent a lot of times burning grass for people.

So we're glad to take off our hats and your hats to our firemen for a job well done.

NOT SO WELL done is the Community Chest drive. A little over \$3,000 has been turned in to Treasurer C. E. Higginbotham. This is about \$2.00 short of the quota. Cisco's quota amounted to only \$1 per person. If you haven't done your part, won't you send the treasurer a check for your part?

Reading the papers, we see that the people over in Breckenridge, with a quota of \$17,500, have already raised \$14,000.

WERE HAVING quite a few calls for houses and apartments. If you have one vacant, maybe you had oughta run a want-ad in The Press. Results will come almost immediately.

ONE OF THESE days before long, the good folks over at the East Cisco Baptist Church will ring out with a huge bell to inform one and all that it's time to come to church. Our scouts report that Mr. R. J. Stevenson, local T&P Railway agent, wrote the president of the railroad about a bell. And one came in this week from an old steam engine - which is being replaced by the new deisel.

We hear that Mr. Stevenson is ill at his home. Hope he gets out again soon.

IT'S GOOD to see Mr. Frank Bond out again after a long illness. Mr. Bond is able to spend an hour or so a day at his office at the Hickok corporation. He's in their oil department.

BACK HOME in Cisco is Mr. Charles Hemphill, the oil man. Mrs. Hemphill and Mrs. Edith Cook came back with him this week from Beverly Hills, Calif., the legal residence of Hemphill and Cooper Oil Company. Mr. Hemphill was away three weeks. From the way he talked, we suspect that he's about ready to move his legal residence to Texas with him.

The Hemphill - Cooper company recently completed a big oil well northeast of town and they're now drilling another.

LET'S ALL GO out for the football game tonight. Let's give our Wranglers a lot of backing against the Ranger team. See you there.

AN OLD FASHIONED bazaar will be held Saturday, Dec. 2, at the Home Demonstration Club. Home-made gifts will be sold. Watch for all the details in Friday's Press.

CHRISTMAS SEAL DRIVE UNDER WAY—The 44th annual Christmas Seal drive of the Tuberculosis and Health Association was launched at a luncheon at the Hotel Pierre in New York. Andre Duge, noted artist who designed the 1950 stamp, in center, gives his contribution to Lila Lee, silent screen star who recently recovered from an attack of tuberculosis.

NATIONAL GUARD UNIT BEGINS CAMPAIGN TO RECRUIT 67 MEN

Battery A, Armed Field Artillery of the Texas National Guard has launched a two-month recruiting campaign. Capt. Frank N. Sayre, commanding officer announced today. Goal of the campaign is to bring the Cisco Battery to its full authorized strength of 105 officers and 62 enlisted men.

Grain And Cover Crops Need Rain In Most Of State

Growth of small grains and winter cover crops was further checked as drying winds depleted soil moisture in Texas last week. Freezing temperatures caused additional damage to oats and winter vegetables in the south appear to have escaped any appreciable damage. Soils were too dry for plowing although some wheat and oats were still being dusted in.

Combining of sorghum neared completion in the High Plains where yields on late harvests were being reduced by lodging. Cotton pulling in the northwest was retarded by cold weather and mechanical strippers were being utilized to replace hand labor.

Wheat pasture was further retarded by dry weather and freezing temperatures in most of the Plains region. Supplemental feeding will soon be general practice in that area if rains hold off much longer. Cured range feed supplies throughout the State pose a fire hazard with some areas reporting pastures burned over.

Livestock were being kept in fair condition in the Plateau and central Texas regions by supplemental feeding of cottonseed cake and roughages. Continued dry weather in the extreme southern counties has further reduced range feed supplies and is causing some reduction in livestock numbers. Rain was needed in all parts of the State to bring on winter vegetation and improve pastures.

General resistance to sinus infection can be built up by observing the rules for good physical and mental health. Get plenty of rest, good food and exercise. Protect your body from sudden changes in temperature and from exposure to extreme cold or heat. Don't expose yourself to infections, since colds and other infections of nose, throat and chest are often forerunners of sinus trouble.

Rest in bed and medical care for respiratory ailments are wise precautions against complications. A stuffy nose is not necessarily a symptom of sinus infection; he may give you medicines to relieve the situation. But you should use nose drops, inhalants and salves only if your doctor recommends them.

Mr. and Mrs. Roy Lee Williams and sons have returned to their home in Arlington after spending the Thanksgiving holidays here with Mrs. Williams' parents, Mr. and Mrs. S. M. Eubanks.

Com. and Mrs. I. G. Mobley left Sunday for Austin where they will attend the State Convention of County Judges and Commissioners. They returned Wednesday.

The P. T. A. and teacher sponsored program and community get together at the local school buildings Wednesday of last week was a grand success. The splendid program rendered by the pupils showed the painstaking efforts of both teachers and students. The excellent lunch served was a compliment to the women of the community, well cooked and included all that goes with a Thanksgiving dinner. The occasion was marked by the very friendly spirit and congeniality that goes with a happy community and the pleasant affair will be long remembered by those in attendance. This is an annual affair in Putnam.

Mrs. Gus Brandon has returned from a visit of several weeks with her daughter and family Mr. and Mrs. Neil Norred and son of Big Springs.

Mr. and Mrs. W. A. Buchanan were both reported on the sick list here the past week.

The Cross Plains Review advises its readers - "When you want to get next to something there's real money in, go over and lean on the bank."

Friends here will regret to learn that Mrs. E. G. Scott, former resident of Putnam, has recently been the victim of two serious heart attacks and her condition is regarded as serious.

NEW PEANUT QUOTAS WILL BE SET IN DECEMBER 14 ELECTION

The Production and Market Administration has called an election in Eastland County for Thursday, Dec. 14, to set the peanut marketing quota for 1951 and 1952, according to an announcement here today.

The price of peanuts will be supported by the government at from 80 to 90 per cent of parity if two-thirds of the county's farmers vote in favor of the program. If quotas are not voted, the price of peanuts will be supported at 50 per cent of parity, which would be at about \$120 per ton at the present price levels.

All producers of peanuts in 1950 are eligible to vote in the election. Both husband and the wife may vote.

Secretary E. E. Powell of the Eastland County PMA has announced that voting boxes will be located as follows: Carbon, Trading Co., Cisco Chamber of Commerce, Eastland PMA office, Ranger City Hall, Higginbotham's at Gorman and Rising Star City Hall.

Junior Cagers To Field Good Team For 1950 Season

The Cisco Junior High School basketball teams have begun to workout for the 1950-51 season and Coaches Sledge and Killingsworth expressed themselves as well pleased with the prospects.

The boys and girls teams have entered the Scranton grade school tournament which begins Friday of this week. The boys began working out this week and will go into the tournament with only four days practice. The girls have been working out since last Friday and will have had five days practice when they play the first contest.

The boys will wear their new uniforms for the first time in the Scranton tourney. The new suits are black and gold and will be used in game play only. Uniforms for the girls should arrive soon.

Coach Sledge will take his starting lineup from the following boys: Harold Hammett, Bill Miller, Bill Smith, George Callerman, Herbie Locke, Fred Hayes, Harold Phippen, Tommy Reynolds, Jerry McMurry, James Brogdon and Jerry Weiser.

Coach Sledge had 27 boys out for practice Wednesday and gave them a stiff workout. Missing from the list was James Thorman, who was depended on to add much to the team. Thorman, a 6 foot and 3 inch seventh grader, is one of the most promising of the junior high players. He was expected to begin workouts soon. More players are expected to begin work as soon as the new glass backboards are installed at the new gymnasium. They were in Abilene and high school officials were expected to send for them today. When they are installed the high school team will begin work in the new gym and the juniors will take over the old floor.

The boys will play Putnam in their opening game of the Scranton tournament. They are scheduled to play at 5:15 p. m. Friday. The girls will open against Eastland at 7:15 p. m. Friday.

Coach Killingsworth will pick his starting lineup from the following girls: Louella Downie, Katherine Edwards, Wanda Jackson, Janice Hawkins, Sue Harrelson, Nixie Gregory, Carolyn Birt, Norma Schaefer, Guawana Clark, Jean White, Rita Kennedy, Barbara McCorkle, Cindy Gallagher, Carlene Holder, Diana Waters, Jacqueline Douglass, Jane McCauley, Ann Hutchins, Vernell Carey, Mozelle Elrod and Loretta McKinney.

Community Choir Selects Officers

Officers for the Cisco Community Choir were elected Tuesday night at the weekly rehearsal meeting at the First Baptist Church auditorium. C. S. Karkalis was named president, Jack Chambliss was elected vice-president, Mrs. James Latimer is the secretary, and Mrs. W. W. Wallace was made treasurer.

The choir's first performance will be the Christmas Oratorio of Saint Saens to be given at 3:30 p. m. on Sunday, Dec. 17, at the First Methodist Church. Soloists for the performance will be announced next week.

Rehearsals for the choir will be held in the future at the Methodist church - at 7 p. m. on Dec. 7, Dec. 14 and Dec. 16. Robert Clinton, Cisco Junior College music director, is directing the choir, which is made up of singers from all city churches.

Both Teams Ready For Final Battle

Cisco and Ranger Junior College football teams will meet at 8 p. m. Thursday at Chesley Field in the 1950 season's final game for both schools. It will be a conference game.

The spirits of the Wranglers were at a new high today following a bonfire and pep rally at 6 p. m. Wednesday at College Hill. School officials, coaches and players were invited to make brief talks, and the large crowd was ready to do everything possible to help the CJC team win the season's finale.

There was no official comment at College Hill regarding the act of unknown persons who Tuesday night painted several "Beat CJC" signs in blue paint on the college sidewalk and one building.

A highlight of tonight's game will be the half-time ceremonies in which the 1950 Wrangler football team will be formally introduced and crowned. Identity of the queen was not available. She was elected this week at a meeting of the football players.

Several Cisco players will be playing their final game as the Wrangler. This list includes Lee Kinard, Alton Kite, Jim Gray, Lonnie Crosby, Leonard Grigsby and others.

Most of the Cisco players will be in good condition for the last game. Tackle Jim Gray, out with a broken hand, was listed as a probable starter. His hand was taken out a cast this week. Grigsby and Eddings, who have been out with shoulder injuries, are also in the starting lineup.

With Jimmy Payne out for the season, the quarterback duties will fall to Lonnie Crosby, who has been the team's No. 1 punter and ball carrier all season. Bob Huffnayer, Brooks and Grigsby are the other backfield starters.

In the line, Ken Mays and J. Robinson will start at ends. Gray and Kinard are due to be the tackles, with Kite and Bill Jeter at guards and Gerald Watson at center.

Other backfield men who are due to see plenty of action include A. V. Jones, Allen Cavitt, Ken Guthrie, Wayne McLean and others. There will be a number of other linemen who will see action.

Ranger's probable starting lineup was given as follows: Ends - Standridge and Neal, tackles - L. Boynton and White; guards - L. Williams and Elder; center - Johnson; backs - McWhorter, B. Williams, Gerth and Hamrick.

The Rangers will have a slight weight advantage. They have two victories and seven setbacks for the season, as compared with one win and eight losses for the Wranglers. Neither team has won a conference game.

The two teams played a 7-7 tie in their annual game last year at Ranger.

Lions Take Care Business Matters

Members of the Cisco Lions Club discussed sponsoring the paving of the College Hill road as a club project during a business meeting at their weekly meeting at noon Wednesday at the Victor Hotel Coffee Shop.

The matter was referred to a committee for early action.

The regular program was eliminated in order that business matters could be discussed.

Rev. Paul Stephens, pastor of the East Baptist Church, was initiated as a member in ceremonies directed by W. H. LaRouque. Guests included Lonnie Sutherland of Dallas, J. H. Latson, Jr., and Paul Mosley.

NOTED LIBERAL PRAISES THE FBI

The Federal Bureau of Investigation is unique in the history of national police," declares Morris L. Ernst, counsel for the American Civil Liberties Union, in an exclusive article in the December Reader's Digest. Mr. Ernst, a long-time liberal who has devoted his life to the preservation of human liberties, admits that he "is inclined to view all law-enforcement officers with a wary eye, and that he once feared the Bureau. Yet, after studying FBI methods in dealing with thousands of suspects, he finds that the Bureau "has a magnificent record of respect for individual freedom, invites complaints against its agents and has zealously tried to prevent itself from violating the democratic process."

In 1939, influence by criticisms of FBI "with hunters," Ernst had a "start of surprise" upon reading that J. Edgar Hoover had asked the U. S. Attorney General not to endorse a law to permit the free use of wire-tapping. The reason as Hoover himself explained it: "I do not wish to be the head of an organization of potential blackmailers."

During his subsequent investigation of FBI tactics, Ernst wrote articles asking readers to send him any evidence that the Bureau had violated a person's constitutional rights. "My score-board," he says "shows a remarkable absence of such accusations. On the contrary, all the evidence indicates the FBI as a matter of unvarying policy has played fair with criminals and suspects."

The loyalty-investigation program has created a misapprehension about the FBI's function, Ernst says. "Americans should understand, he emphasizes, that the FBI does not try government employees. It merely serves various government bodies as a reporting agency, getting the facts about "federal employee and reporting its findings. The report contains no recommendation of any kind. In its investigations the Bureau never undertakes wire-tapping without permission from the Attorney General. Wire-tapping evidence cannot be used in federal courts; its only value is in opening leads for inquiry."

The fact that we have no law requiring any political group to meet and operate in the open handicaps the FBI in tracking down subversive characters. Even so handicapped, however, the Bureau was able on the day of Pearl Harbor to give the Attorney General sufficient data to authorize the arrest of 16,000 persons. A few of the 16,000 became clients of Mr. Ernst, and some of these were freed. "In every case there were fair hearings, with every consideration shown to the defense."

In loyalty investigations FBI agents do not demand to know whether the suspect reads certain magazines of leftist tinge, as often charged. Ernst says he has personally checked 100 such complaints and has yet to find one piece of evidence of improper questioning by agents.

UP SHE GOES!—This giant Martin Mariner Navy patrol plane is being hoisted aboard the U.S.S. HE NEEDS HELP—Vera Jean Hart is making herself useful in Warren, Utah. Because this little Holstein bull calf was born without a tail to wag away flies and annoying insects, the young lady uses a fly-swatter to make her pet comfortable. But he'll eventually have to depend upon some other way of being unmolested.

NEW ACQUAINTANCE—Starlet Susan Cabot is shown with some new friends of hers in Hollywood. Susan made the acquaintance of the three kittens at the movie studio where she is employed, and Mickey Mouse had better be careful in the future.

Mrs. Kabrie Aucoin, 915 North First St., Eunice, Louisiana, is all smiles these days because she feels so good. She says she feels so good because she is taking HADACOL. Mrs. Aucoin was suffering from a deficiency of Vitamins B1, B2, Niacin and Iron which HADACOL contains.

Here is what Mrs. Kabrie Aucoin says about HADACOL.

"I have been taking HADACOL for over a year. Before I started taking HADACOL I had been sick for a long time. My neck, my arms, my legs ached most of the time; in fact, I was miserable all over. Night time I dreaded because I knew it was time for another restless night. Even when I did sleep I would twist and turn all night.

"It was my 54th birthday the exact year I heard about the wonders of HADACOL that I started taking it. After the third bottle of HADACOL I felt better than I had ever felt in my life. The most wonderful thing about HADACOL is that I actually rest when I sleep—and I do mean sleep. No more lying awake nights. I could rave about the wonders of HADACOL for days on end, but this is enough to let other folks know how really marvelous HADACOL is. The only regret I have about HADACOL is that I did not have it when I was 25 years old."

You, Too, Can Be Helped... as it has helped thousands of other fine folks if you have a deficiency of Vitamins B1, B2, Niacin and Iron, which HADACOL contains. HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body.

Give HADACOL a chance today to help you if you suffer such deficiencies. Refuse substitutes. Don't let anyone tell you something else is "just as good." Insist on the genuine HADACOL. No risk is involved... because HADACOL is sold only on a strict money-back guarantee. You'll feel better with the first few bottles you take or your money will be refunded. Trial size, only \$1.25; Large Family or Hospital size, \$3.50.
