If You're Looking For Trouble -

. . you may find some of it during the New Year. The weather, war, walk-outs and wrinkles are all on the horizon. If you come out with enough money to pay income taxes consider yourself lucky. And then the person who buys real estate in 1951 without an abstract is sure to run into trouble later on. So play safe, be careful, watch your step - and don't forget those New Year's Resolutions.
