

## The Gay Philosopher

By J. W. S.

BUSINESS WAS booming over at the Legion Hall this morning. Prof. Gail Jones and his FFA boys drove down about 9 a. m. in their pickup truck and started pruning trees. And their work was just about done at noon. The Legion genuinely appreciates the work of Prof. Jones and his class.

Legionnaires were to gather at the hall at 5:30 p. m. today to give the building and grounds a general overhauling. The program included installing a hot water heater in the kitchen, building a flag stone sidewalk in front and planting shrubs and plants donated by good friends of the post. If anybody has anything they'd like to see growing around the hall, they're welcome to bring same by anytime after 5:30 p. m.

All members of the post are reminded that Chef Doc Cabness will serve supper when the work is done.

SOME TIME BACK we mentioned casually that Congressman Omar Burleson had sent us a supply of letters he was mailing over his district with regards to important matters before the Congress. He wanted us to pass them around to anyone not receiving them.

We are now ready to tell Congressman Burleson that we will positively never be a candidate for his job. A good many of the people who have come by for the letters gave us 30-minute lectures on what the Congress should do. And if a congressman has to listen to lectures like that all of the time, we do not want the job.

Some of the lectures were interesting and informative. And we're glad to have had the experience.

THE LOBO BAND is having another of its square dance programs this Friday night at the old high school gym. We dropped in and watched a little of the one they held some months back, and it was very interesting, indeed. Mr. and Mrs. J. D. Browning, who arranged both programs, are due a big hand for the help they're giving the band in providing funds with which to buy instruments.

THE ANNUAL STAFF is sponsoring a Style Show at the community gym tonight. And our old friend, H. K. Neely, is the publicity director. So let's all go to see a good show of spring fashions and to help out H. K. Neely with his reputation as a crowd getter.

## State Farm Cash Income Has Gain

AUSTIN, March 8. — January farm income in Texas averaged a 26 per cent gain over January, 1950, the University of Texas Bureau of Business Research reports.

Cotton and wheat were lower than in the year earlier period, but oats and corn rose 25 and 22 per cent, respectively.

Although the total Texas farm cash income dropped 27 per cent in January, 1951, from December, the livestock market showed good gains. Income from cattle was up 36 per cent from December; calves were up 42 per cent; hogs, 39 per cent; and sheep and lambs, 23 per cent.

Cattle, the major cash farm product during both months, brought \$30,900,000 in January, or \$8,300,000 more than in December, and more than twice as much as in January, 1950. Cotton brought Texas farmers \$10,600,000 during January, 1951, compared to \$39,600,000 in December.

Poultry income was 64 per cent lower than during the December holiday boom. Texas rail stations shipped 111 carloads of turkeys during December, but only eight carloads in January. Egg shipments dropped from 26 carloads to two.

Total January milk and milk products income was up 25 per cent from December and up 74 per cent from the year-earlier level. Manufactured dairy products rose 1 per cent during January, contrasted to their usual 2 per cent drop during that month. Great-est gain was in ice cream, which rose 12 per cent from cool December to icy January.

A YOUNG BEGINNING—Mrs. Barbara Solomon, center, left, 15-year-old mother, admires the twin boys born prematurely to her in Maywood, Calif. The father, Paul Solomon, 18, and young grandmother, Mrs. Charles Brennen, 32, also get a quick look at the babies as a nurse holds the twins behind a glass for their first inspection.

## Local Girls Will Sing With Choir At Grace Church

Miss Virginia Weiser and Miss Ann Scaer, of Cisco, will sing with the Winfield, Kansas, Lutheran Choir when they appear at the Grace Church here on March 14.

Miss Weiser, daughter of Mr. and Mrs. Paul Weiser of Cisco, graduated from Cisco High School last year. She is attending St. John's Junior College at Winfield. Miss Scaer, daughter of Pastor and Mrs. M. Scaer of the Christ Lutheran Church of Cisco, is also attending the Winfield Junior College.

The Lutheran churches of Cisco are sponsoring the choir's appearance at Grace Church on March 14 at 7:30 o'clock. Professor W. H. Wente, Ph. D. of the Winfield Faculty will direct the choir at the concert.

The concert will include works of the religious masters in music, suitable for a church concert. The Winfield Choir will appear at a number of churches in Texas and Oklahoma during the present tour. There will be no admission to this concert, though free will offering will be taken to defray the expenses of the choir. Members of the choir will be guests in the homes of Christ and Grace Lutheran churches during their stay in Cisco.

## W. R. Bell Rites Planned Sunday

Funeral services for W. R. Bell, 52, will be held at the Pisgah Cemetery at 3 p. m. Sunday. Mr. Bell died in Huntsville Tuesday and his body was brought to Cisco by Thomas Funeral Home. Rev. Ross Grace of Scranton will conduct the services.

Mr. Bell was born on November 15, 1898. His family was living in Fort Worth at the time of his death. He was the son-in-law of Mrs. Edd Townsend of Scranton.

Survivors include his wife of Ft. Worth, a son, Robert R. Bell, of Ft. Worth; two daughters, Mary Lou Bell of Denver, Colorado and Betty Bell of San Angelo, California, and a sister, Mrs. W. E. Windham of Odessa.

Burial will be in the old Pisgah Cemetery with Thomas Funeral Home directing.

**BAKE SALE PLANNED**

The Stellar Class will have a rummage sale and a bake sale in the building adjoining the Chamber of Commerce on Saturday beginning at 8:30 a. m.

## VALUE OF FREE EDUCATION IS THEME OF LIONS CLUB ADDRESS

Free education, such as is available to the children of the United States, is both unique and remarkable in the history of modern civilization, Rev. Leslie Seymour, superintendent of Cisco District Methodist Churches, told members of the Lions Club in a Public School Week address at noon Wednesday.

"Our education, democracy and civilization will be doomed," he said, "when we think we have learned everything." He expressed pride in the fact that "we have built no iron curtain around our school rooms. Any philosophy that is afraid to expose itself to

light is wrong and is doomed to fail."

Rev. Seymour pointed out that the character of young people is the result of early teachings, in most cases. And he emphasized the importance of the things that go on in school rooms for the younger children.

He added that children should not be asked to accept theory without proof. "It's not enough to tell our children that the democratic way is the best," he said, "We've got to demonstrate that it is the best."

Rev. Seymour was introduced by Lion James Duff, program chairman for the day.

President A. Z. Myrick of the Cisco Livestock Association spoke briefly to ask Lions to cooperate in planning the coming show of the Eastland Livestock Association. The club appointed a committee, including E. L. Jackson, Austin Flint, Dr. C. E. Paul, Clyde Karkalits, George Davis, Fleming Waters, Dr. J. H. Denton, A. R. Westfall and T. C. Williams to serve on the show's finance committee.

Mr. Myrick pointed out that the show association has an investment of some \$9,000 in equipment and that the annual show has grown each year.

"We have more interest each year among the young people in growing livestock and this is good for the community," Mr. Myrick said. "We believe that the annual show is partly responsible for this new interest and we should do everything we can to make it a better show each year."

President T. C. Williams appointed all past presidents of the club to a committee to nominate new club officials. Clyde Karkalits, immediate past president, was made chairman. Dr. J. H. Denton took up a collection for the Red Cross.

## C-C DIRECTORS VOTE TO BACK ANNUAL AREA LIVESTOCK SHOW

Directors of the Cisco Chamber of Commerce, holding their regular semi-monthly business meeting at 3 p. m. Wednesday, pledged their support to help the Cisco Livestock Show Association in staging the 5th annual livestock show here March 29, 30 and 31.

Most of the directors and the agriculture committee planned to meet with other civic groups at 2 p. m. today to assist with financing the project. Some \$1,000 is needed each year to provide prizes and pay all show costs.

The committee in charge of an area water survey reported that

## Start Drive On Flies Early Says Health Officer

AUSTIN March 8.—Millions of flies help to cause illness and death of thousands of children and adults each year in the United States. Hundreds of these casualties may be in Texas this year if residents fail in their responsibility for developing the best possible sanitation measures in the area where they reside. Typhoid fever, summer complaint and other intestinal diseases can be traced to the common housefly as the carrier of the infection.

Dr. Geo. W. Cox, State Health Officer, speaking in this connection, recently said, "Be sure that windows and doors are tightly screened so that stray flies will not endanger your family. Be sure that flies are kept away from food, drink and utensils used in the preparation of food. Make sure, if you live in rural districts, that outside privy vaults are tightly covered so as not to permit the entrance of flies."

"Infections from this source can be picked up and spread to human beings through contact with food, drink and utensils. Keep all garbage covered until collected or buried. Eliminate all breeding places for flies and you will be helping your community in its work controlling communicable diseases and preventing unnecessary illness."

Now is the time to do away with the winter's accumulation of trash. Clean up and stay clean is a good slogan for communities and individual citizens.

### POSTAL RECEIPTS DOWN

AUSTIN, March 8. — Postal receipts in Texas declined 26 per cent in January from the December high level, but were 14 per cent greater than receipts in January, 1950, the University of Texas Bureau of Business Research reports.

## Area Farmers To Study New Crop Outlook At Meet Here

### BIG CROWD EXPECTED FOR LOBO BAND SQUARE DANCE PROGRAM

Everything from Put Your Little Foot to Mule Train will be in store for the hundreds of square dancers expected to be at the old gymnasium in the high school basement Friday night for a benefit program for the Cisco High School band. The program is scheduled to begin at 8:30 p. m.

The program under the direction of Mr. and Mrs. J. D. Browning is being sponsored by the Band Parents Association and all proceeds derived from the admission charges will go to the band.

### Moran News . . .

## Funeral Services Are Held Sunday For Mr. Louder

Funeral services for Carrol G. Louder, prominent resident of Moran for more than 30 years, were conducted at 3 p. m. Sunday at the Moran Baptist Church with Dr. T. W. Walton, dean of Hardin-Simmons University, Rev. Joe Allen of Merkel and Rev. H. W. Blair of Eastland officiating.

More than 1,000 persons crowded the church to pay a last tribute to the civic leader. Special music was provided by the choir and by a girl's trio composed of Misses Jean and June Hardy and Dorris Chandler, students at H-SU. Burial was in the Moran cemetery.

Mr. Louder was prominent in business, civic and church life. He had been a Baptist from early manhood and was chairman of the board of deacons of the Moran church, a director of music, and a past worshipful master to the Masonic Lodge No. 857 and present chaplain.

He was born on Nov. 24, 1869, at Gunsight in Stephens County, the son of the late Dr. and Mrs. E. L. Louder. He died at 7:30 p. m. Friday after suffering a heart attack. He had resided in Moran since 1918 and operated a garage for the past 21 years. He was married to Miss Gladys Clement on May 21, 1924 in Moran.

Survivors include his widow; one daughter, Carrollyn, student at H-SU; one son, Don, Moran; two brothers, Claude of Breckenridge and B. E. of Dallas; one sister, Mr. L. D. Jones, Lamesa, and his stepmother, Mrs. Vada Louder, Luders.

Moran's Red Cross drive, which begins March 12, already has \$15 in its new bank account — the first donation. Miss Evadene Ellis and Miss Maurine McCollum will solicit the business section. Others to work in the drive include D. Y. McKinney, high school Mr. Etheridge, grade school; Mrs. Roy McCoy, Sedwick; Mrs. Dave Parrish, Deep Creek; Mrs. Ira McCrum, north Moran; Mrs. C. C. Cary and Mrs. Lester Dalton, southeast Moran; Mrs. Frank Midkiff, west Moran.

The Moran bank will also accept donations. Shackelford Co. has a quota of \$904, and Moran's quota is about 20 percent of that amount.

Mr. and Mrs. Wylie Williams had all of their children and grandchildren home over the weekend. They were: Mr. and Mrs. Harold Stokes and children of Abilene, Mr. and Mrs. Charles Nesof of Dallas and their son, Loren, a student at SMU.

Mrs. Charles J. Gardner, formerly of Killeen, has been in Moran this week visiting her parents Mr. and Mrs. J. W. Booth, and her

### Turn To Page Five

## Daniel Baker Head To Direct Service

The Rev. Dr. Cross, president of Daniel Baker College, Brownwood, will hold the fifth of a series of Lenten services in Trinity Episcopal Church in Eastland at 8 p. m. Friday, March 9, it was announced here today.

He will conduct a confirmation class at 7 p. m. before the Lenten service.

## C-C Sponsor Of Friday Meeting

Farmers and land owners of the Cisco area will study the possibilities of planting new crops at a meeting at 2 p. m. Friday in the building next door to the Chamber of Commerce, according to an announcement today.

The meeting will be conducted by County Agent J. M. Cooper and arrangements were made by the agriculture committee of the Cisco Chamber of Commerce. Invitations were mailed to some 200 area farmers and anyone else interested in new crops is welcome. Dr. C. M. Cleveland, chairman, said.

The new crop possibilities to be discussed include cotton, castor beans, broom corn and peas. Most of the county's farm land has been devoted to peanuts and grains in recent years.

H. H. Tompkins, local broom manufacturer, will attend the meeting and outline the possibilities from growing broom corn. He has assured local farmers of a ready market for their product if they will plant broom corn. Mr. Tompkins also has a supply of seed for planting.

The castor bean outlook will be discussed fully. The government has announced plans for installing a processing plant at Brownwood and all details of the project will be discussed.

County Agent Cooper will explain the outlook for cotton and peas. He has agreements from packers of peas to buy the county's crop. He will discuss the outlook for cotton planting, and the measures to combat pests for all crops.

The Chamber of Commerce will serve refreshments to the visitors. President E. L. Jackson asked members of the agriculture committee and the board of directors to attend the meeting, if possible.

## Moisture Helps In Wheat Belt; South Still Dry

Surface moisture conditions in the northern high plains were materially improved by widespread rains a week ago, and additional light rains also were beneficial in other northwestern areas. In most northern, central, and eastern counties, preparation of land and spring planting gained momentum.

South Texas farmers, however, were still waiting for rain. In the lower valley, the season for planting cotton was getting short, and general rains were needed over the Rio Grande water shed to replenish irrigation water supplies. Spring sown oats as well as fall seedings which had not previously had sufficient moisture was up to stands in north Texas. Cotton and grain sorghum planting in the Coastal Bend was still being postponed because of dry soil.

Wheat in the important high plains area was greatly benefited by the improved surface moisture condition. Although additional rain was still needed to assure continued growth and development, drought-weakened fields were greening up rapidly. Greenbugs and cutworms were still present in disturbing numbers, but prospects were more favorable than for many weeks.

Wheat and oats were also helped over parts of the low rolling plains where additional late planted acreage was germinating. Much of this area, however, still needed surface moisture to halt further deterioration. Continued improvement was noted in north Texas where the drought had been effectively broken by earlier rains. Recently germinated fields made good growth and a substantial acreage of spring oats was seeded under favorable moisture conditions.

New range and pasture feed was coming along over the eastern two thirds of the State, but was still short. Last week's rains in the northwest will start new feed in that area. Rain was still needed in southern and western counties to bring on new feed. Supplemental feeding was still necessary but was being cut as the green feed supply increased. Cold nights slowed new grass development. A good lamb crop was reported in Plateau counties. Demand for replacement cows and ewes continues strong.

DALLAS, March 8.—Despite heavy production, Texas operators increased proved reserves of both oil and gas to record highs during 1950, an analysis by the Texas Mid-Continent Oil & Gas Association showed Wednesday.

## Red Cross Drive Passes Half-Way Mark For Quota

The Cisco Chapter of the Red Cross passed the half-way mark today in its drive to raise a quota of \$1,500 in roll call funds. Treasurer Robert White reported that receipts Thursday morning had amounted to \$778.38.

Mrs. Willard K. White, city roll call chairman, complimented the committee workers on their initial success and urged them to complete the drive as soon as possible. Workers were busy in all units of the city school system today.

## Open Forum Will Be School Event

An open forum meeting at 7:30 p. m. Thursday at the Masonic Temple will be another feature of Public School Week in Cisco, which is being sponsored by the Masonic Lodge. The general public has been invited to the meeting.

School officials and trustees will attend the meeting to answer any questions pertaining to the city school system.

The final event in the week will be an address by Dr. D. D. Tidwell of Howard Payne University at the Cisco Junior College auditorium at 7:30 p. m. Friday.

## Proved Reserves Are Increased By Texas Operators

DALLAS, March 8.—Despite heavy production, Texas operators increased proved reserves of both oil and gas to record highs during 1950, an analysis by the Texas Mid-Continent Oil & Gas Association showed Wednesday.

"These statistics are reassuring to a state whose economy benefits from oil and gas production and to a nation whose military

Ornery Rustlers Given Credit For Cattlemen Forming State Society

Nobody ever had a good word for cattle rustlers, but seventy-four years ago wide roving bands of these ornery crooks were responsible for the formation of the Texas and Southwestern Cattle Raisers Association...

the stories are as interesting as ever came out of the old west. Faced with a growing wave of rustling in the Reconstruction period after the Civil War...

It was February 15, 1877, and on that day a basic creed was written which has never been altered. The members of this association shall work together for the good and common interests of all stock raisers...

First president of the association was Col. C. L. (Kit) Carter who settled on the wild Texas frontier in 1855, in Palo Pinto County.

The virgin valley which Carter chose for his ranch was 30 miles from the nearest neighbor, and mail was picked up in Waco once or twice a year. Indian warfare nettled his operations, but by 1883, when the Indian troubles were over, he was running 8,000 head of cattle.

In 1883 the first full time inspectors were hired. The inspectors were stationed at trail centers and followed round-up crews. Later they were assigned to markets and important range centers.

By 1893 livestock producers from all sections of Texas had joined. Today membership to-

tals more than 9,000 from 16 states, representing ownership of more than three and a half million cattle.

Although methods of present-day rustlers are far different from those used during early days the threat is no less serious. Modern transportation enables a thief to load stolen cattle and be many miles away in a short time...

Field inspectors in Texas carry commissions in the Texas Rangers, and wage relentless war on thieves. Since the first field inspector began work in 1883 to the end of 1943 a total of 13,409 head of cattle with a market value of \$3,170,480 were recovered.

Cattlemen, however, do not use the number of cattle returned as the final measure of the advantages of the inspection system. Today the very existence of the association, they say, serves as the best deterrent against theft of cattle from association members by rail or truck.

# SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

## Enthusiastic Audience Hears Talk On Flower Arranging Here Monday

Mrs. Lucille Allard, national judge and pupil of J. Gregory Conway, appeared before an enthusiastic audience at the palace theater on Monday, March 5, at 2:30 p. m. under the auspices of the local Garden Club. Mrs. Edward Keough, president of the local Garden Club, welcomed the speaker and turned the program to Mrs. P. Petit, program chairman, who introduced the speaker.

Mrs. Allard, who is a student of Japanese Flower Arranging, teaches the naegare style of arrangement and emphasizes that flower arranging is an art with the purpose of attaining beauty. The Japanese developed flower arranging, which is a part of their religion. This art was introduced to the United States some thirty years ago.

Mrs. Allard stresses that the basis of all good arrangements is the needle point holder, the casa. The most frequently used sizes are the four and one-half inch to the six or seven inch casa. The O'Hara arrangement is the most commonly used arrangement. The Japanese arrange their flowers so that they are facing Buddha, hence the backs of the flower are toward the admirer. Each arrangement tells a story and symbols and images are represented. The most frequently used containers are the brass and copper ones. Rocks are used to cover the flower holder, using black rocks for summer-time, green rocks for spring and white snowy rocks for winter time.

Simplicity is the theme to follow and Mrs. Allard favors the asymmetrical line, which is charac-

have a flower left over to place it in your hair.

Mrs. Allard believes that flower arranging is necessary for every housewife to enable her to make the most of her surroundings and to enhance the beauty of her home.

## Baptist WMU Holds Monthly Meeting

A monthly business meeting of the women's Missionary Union of the First Baptist Church was held on Tuesday, March 6, at 3 p. m. at the Church. Regular monthly progress reports were submitted by the circle chairman and committee heads. Mrs. Ray Kinard, president of the WMU, presided over the meeting. Mrs. Roy Pippen was selected to fill the vacancy created by the recent death of Mrs. Ina Pyle Martin as chairman of Circle two.

## Presbyterian Circle Two Meets Tuesday

Circle Two of the First Presbyterian Church met on Tuesday, March 6, at 3 p. m. at the Church with Mrs. J. J. Tableman presiding in the absence of Mrs. Alex Spears. The opening prayer was given by Mrs. Frank Harrell. A routine business meeting was

conducted and Mrs. Jamison led the Bible study on the subject, "Paul's Prayer for the Family of God." All the members present read passages from the Bible on the subject, followed by a general discussion. Mrs. W. W. Wallace dismissed with prayer.

Members in attendance were: Mesdames J. J. Tableman, W. W. Wallace, Frank Bond, Eva Jamison, E. P. Crawford, a guest, Rudolph Karon, Joe Clements and Miss Helen Crawford.

# Support The Public School Week Program In Cisco This Week

— CONSULT THIS NEWSPAPER FOR THE PROGRAM —

# Essential industry in peace or war!

• A school "plant"—it should be as modern a business as any industry you can name.

Here, America's children are educated and trained to become straight-thinking, fair-minded adults — adults who will have the responsibility of running our country. When school plants are inefficient or outmoded, our children and our future suffer.

What is the condition of our school plants across the land today? Here are a few of the sobering facts. We need 270,000 more classrooms right now — 25,000 more each year for the next 10 years. One out of five schools should be abandoned or reconstructed. Thousands of children have to attend overcrowded classrooms, others go to school only on a half-session plan. This

year alone we need 75,000 more elementary teachers — and we need new equipment, new textbooks and supplies.

As parents and citizens we should be alert to the future needs of our own schools. Are we ready for the increased school enrollment right here? Will our children have the supplies, textbooks, and facilities they need? How foresighted we are in meeting our school problems today will determine how well our children are educated for their future in these uncertain times.

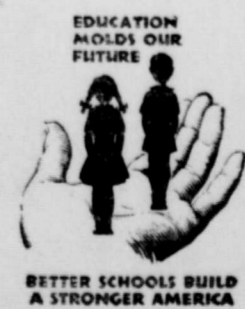

Let's get to work on this essential job — the first step is to join the P.T.A. For further information on how other communities are solving their school problems, write to: The National Citizens Commission for the Public Schools, 2 W. 45th St., New York 19, N. Y.

Like other American business firms, we believe that business has a responsibility to contribute to the public welfare. This advertisement is therefore sponsored by

Jim Buck Hood has been out of school a week with the chicken pox. Wayne and Zack White also have chicken pox.

Ronnie Boles, son of Mr. and Mrs. Troy Boles, underwent surgery in a Ranger Hospital Friday. He was reported as improved Monday.

Mr. and Mrs. Roy Loudder, Mrs. W. C. Christie and daughter and Jolene Loudder spent the week

end in Dallas visiting Mr. and Mrs. B. B. Jones and family.

Mr. and Mrs. W. A. McIntire and Mr. and Mrs. S. D. Broyles and son visited their daughter and sister and her husband, Mr. and Mrs. Howard Peacock of Graham last week end.

Mr. and Mrs. Wayne Perry and daughters of Graham visited in the Gunsight community last week end.

Leon, Jerry and Delores Boles of Strawn visited their aunt and uncle, Miss Lettie and Glen Boles the past week end.

Mr. and Mrs. J. A. Baggett spent Sunday in Cisco with his mother, Mrs. Rosa Baggett and sister, Mrs. Edna Williams and children.

Mr. and Mrs. Toke Boles, Mr. and Mrs. J. A. Baggett, Mr. and Mrs. Lester Thorp, Mr. and Mrs. G. Thorp, Mr. and Mrs. Roy Loudder, A. F. Billman, N. B. Loudder and Mmes. J. H. Perry, O. H. Perry and W. S. Dye attended the funeral of Carroll Loudder in Moran Sunday.

Mr. and Mrs. R. C. Dye of Albany spent Sunday with Mr. Dye's parents, Mr. and Mrs. J. H. Dye.

Mrs. C. R. Richardson of Dallas who has been visiting in this community is spending part of the week with her sister, Mrs. Rosa Baggett of Cisco.

The H. D. Club met with Mrs. S. D. Broyles Thursday with 7 members present.

Mr. and Mrs. Paul Roberts attended singing here Sunday night.

Mr. and Mrs. N. B. Loudder of Breckenridge, Mrs. Ross Danner of Stephenville, Mrs. Dwight McIntire and daughter Sandra,

of Huckabee were dinner guests of Mrs. W. E. Dye Sunday.

Reports showed that the singing held at Harpersville Sunday afternoon was a great success.

Zane Gray who is stationed in California, is visiting his wife and baby this week.

Mr. and Mrs. W. T. Henson and grandson Larry Lambert are visiting their son and uncle, Troy Henson and family in San Antonio this week.

Mr. and Mrs. Guy Baggett of Breckenridge visited Mr. and Mrs. Joe Hood Sunday evening.

**PROVED RESEARCHED**  
From Page One  
security depends so greatly on petroleum products," said Charles E. Simons, Association General Manager.

The nation's oil and gas reserve figures released jointly Wednesday by the American Petroleum

Institute and the American Gas Association showed that U. S. total proved reserves of crude oil and liquids from natural gas at the close of 1950 were estimated at 29.5 billion barrels — an all-time high. There was a net increase, nationally, last year of more than 1.1 billion barrels.

Texas reserves of liquid hydrocarbons from both crude oil and natural gas liquids totalled more than 16 billion barrels at the beginning of 1951. This was 54 per cent of the U. S. total. Texas provided 37 per cent of the national increase in liquid hydrocarbon reserves.

Texas' percentage of the country's crude oil reserves at the beginning of 1951 was about 54 per cent, maintaining the Number One position it has held among the oil states for several years. The operators offset crude oil withdrawals of 813 million barrels during 1950 with additions to reserves totalling about 890 million barrels. This gave a year's net gain in the state's crude re-

serve position of some 72 barrels for a total of 13.6 barrels. In crude oil reserves Texas provided 12 per cent national gain.

The rising importance of liquids obtained from natural gas is reflected in the figures which show that Texas has 2.5 barrels of natural liquids serve. This is 58 per cent national reserves in this category. Texas provided 65 per cent national gain in natural liquid reserves.

Growing reserves of natural gas in Texas hit the 102.4 cubic feet mark as of January 1951. Texas has 55 per cent of the natural gas reserves of the nation. Of the country's 1950 gains in natural gas reserves Texas accounted for 63 per cent.

All figures are on a basis whose locations and extent have been proved and measured do not include any estimate or gas which may underlie vast acreage which appears available for future production.

SPRING SLIDE—Third baseman Walt Derucki puts the tag on outfielder Bill Loos as the latter slides in during a practice session at the Philadelphia Phillies' training camp in Clearwater, Fla. Both rookies were with the Utica club last year.

FORMING A FRIENDSHIP—Mrs. Thomas Ready, of Bowling Green, O., isn't a bit alarmed at the affection displayed by a chinchilla at the National Chinchilla Show in the Hotel Statler in New York. This little animal, who has won several prizes recently, was competing with 300 other chinchillas for the top awards. Total value of the 300 entries was about \$250,000.

BALANCING THE BUDGET—Basketmaker Pierre Chauvez travels 22 miles down through the Haitian hills to Port-au-Prince to sell these huge handmade hampers. However, the seven baskets will bring a total of \$3.50, enough to feed him for two weeks, so he has reason to smile.

IT'S NOT BLOSSOM TIME—The heaviest snowfall to hit Tokyo since 1945 gives a strange new lilt to a parked car. City traffic came to a virtual halt in the Japanese capital when winds up to 50 mph whipped 12.5 inches of snow over the oriental metropolis in a temperature that dropped 28.6 degrees. (U.S. Army Photo from Acme.)

**Annual Crucifixion Program On Greatest Story Ever Told**

Radio's most honored program, "The Greatest Story Ever Told," will again present its Easter Programs on Sunday, March 18 and March 25, with "The Crucifixion" on Palm Sunday, and "The Resurrection" on Easter Sunday, at 5:30 p.m., EST, over the ABC network. These two Easter programs, as well as the Christmas programs, have become traditional radio fare for the American public. The fine dramatic presentations of these Biblical stories have constantly increased in popularity since their first presentation, five years ago, when "The Greatest Story Ever Told" first came on the air.

Most unusual among radio programs in many respects, there is no commercial announcement at any time on this program, except for the sponsor identification required by law. Neither are actor, director, writer, or music credits ever given, so that the program is entirely in the spirit of a sincere public service. It is not surprising, therefore, that this sincerity in presenting a radio program has brought it more honors than any other radio offering.

**NORVELL'S**  
RECIPE OF THE WEEK  
By Mary Lee Taylor  
**Deviled Egg Salad**

4 hard-cooked eggs  
3 tablespoons sweet pickle relish, drained  
1/2 teaspoon salt  
1/4 teaspoon dry mustard  
few grains pepper  
5 tablespoons Fat Milk

8 small pieces pimiento  
4 teaspoons sweet pickle relish, drained  
4 teaspoons salad oil  
2 teaspoons vinegar  
1/2 teaspoon salt  
2 cups finely shredded cabbage

Shell eggs; cut in half lengthwise. Mash yolks; stir in 3 tablesp. pickle relish, 1/2 teasp. salt, dry mustard and pepper. Stir in 3 tablesp. milk. Take out 3 tablesp. of mixture. Fill whites with rest of mixture. Garnish with pimiento. Chill. Mix the 3 tablesp. mixture with 2 tablesp. milk, 4 teasp. pickle relish, oil, vinegar and 1/2 teasp. salt. Chill. At serving time put eggs in 4 nests of cabbage. Spoon dressing over eggs.

You Will Need:  
Fat Milk, Sweet Pickle Relish, Eggs, Vinegar, Salad Oil, Cabbage, Pimiento.

**Putnam News . . .**  
 Six students from Putnam are among the 1400 students who are enrolled this spring at Hardin-Simmons University. They are Retha Ray Burnam, daughter of Mr. and Mrs. Mark Burnam; Fredalyn Cook, daughter of Mr. and Mrs. Fred Cook; Billy Jim Everett, son of Mr. and Mrs. W. A. Everett; Lewis Eugene Harper, son of Mrs. George L. Harper; Aura Francis Wad-

dell, daughter of Mr. and Mrs. E. C. Waddell; Patty Jean Williams, daughter of Mr. and Mrs. E. H. Williams.  
 Opening classes began Jan. 31 and will continue through May 28. University officials report a decrease of approximately 200 from the fall semester into the armed services.

Mrs. Alma Buchanan and daughter accompanied by Mr. and Mrs. Stanley Hurst and children of Beaumont visited their mother, Mrs. Earlie Hurst, the past weekend.

Mrs. Sallie McLarty of Vernon visited her uncle and aunt, Mr. and Mrs. Sam Jobe, Saturday night and Sunday. Mrs. McLarty accompanied Dr. and Mrs. Howard Brown who visited relatives in Cisco.

Mr. and Mrs. Melvin Stewart of Electra were weekend visitors of Mrs. Earlie Hurst.

Mr. Leroy Purvis of Albuquerque, New Mexico, visited friends and relatives in Putnam Sunday.

Mr. and Mrs. Frank Jobe and boys of Colorado City visited in the home of his parents, Mr. and Mrs. Sam Jobe.

Everyone attending services at the Baptist Church Sunday night enjoyed hearing a sermon by Rev. Charles Clark, student preacher of Hardin-Simmons University. Being a roommate of Billy Jim Everett, Rev. Clark spent the weekend in the home of Mr. and Mrs. W. A. Everett.

Charles Rutherford, serving in the U. S. Navy in Oakland, Calif., is spending a short leave with his parents in Putnam. Charles has been in the Navy almost 3 years.

George Biggerstaff, who underwent surgery last week in the Baird Hospital, is improving and was able to sit in a chair a few minutes Tuesday. Mrs. Biggerstaff's niece, Mrs. L. R. Hamm of Dallas, has been visiting in the Biggerstaff home.

Weekend guests in the home of Mr. and Mrs. Earl Rutherford were their son, Lee Rutherford of Lafayette, La., and Mr. and Mrs. Gene Witt of Fort Worth.

Sgt. and Mrs. Morris Harper visited his father, G. P. Harper Sunday. Sgt. Harper is stationed at Camp McCoy, Wisconsin. His wife and daughter will return with him to Wisconsin to live. Lewis Harper of Hardin-Simmons was also visiting his father Sunday.

Delmus Rutherford, son of Mr. and Mrs. A. A. Rutherford surprised his parents Tuesday night when he arrived home for a leave from the Navy. He has been aboard ship near Korea.

Mr. and Mrs. R. B. Cunningham and Mrs. John Cunningham visited their son and brother, W. R. Cunningham in Jal, New Mexico, the past week. W. R. is to return to El Paso soon for major surgery.

Mrs. Tom Butler, who has been in Baird Hospital for sometime is reported to be recovering satisfactorily.

Mrs. Pete King is able to be out on the street again after being confined to her room due to an accident.

Mr. and Mrs. Wilhite of Mincola, have been guests of Mrs. George Biggerstaff for the past week.

**Moran News . . .**  
 From Page One,  
 husband's parents, Mr. and Mrs. John Gardner. She left Tuesday for Cut Bank, New Jersey, to be with her husband, who is attending school before going overseas. Her mother accompanied her.

The Moran Study Club met Friday, March 2, in the home of Mrs. R. W. Brown. Mrs. H. R. Roberts, president, presided for the business session. Roll call was answered with garden hints. Mrs. C. B. Snyder gave an interesting report as federation counsellor. Mrs. Fred Wylie, leader for the

**HADACOL Relieves Lack of Energy When Due to Lack of Vitamins B, B<sub>2</sub>, Niacin and Iron**

There's just no doubting an honest, sincere statement like that. Surely there is no need to be a burden to yourself, to your friends, or to your family, if you are suffering from such troubles due to a lack of Vitamins B, B<sub>2</sub>, Niacin and Iron. HADACOL supplies more than the minimum daily requirements of these elements plus helpful quantities of Phosphorus and Calcium. It really goes to work to build good red blood, better hemoglobin, (when Iron is needed) to make sure that the precious Vitamins and Minerals are speed to every part of the body, to every body organ. HADACOL is quickly absorbed in your system because its important elements are already dissolved in a special liquid form that's easy to take.

It takes a good man, a man that's really up and at 'em, to help keep an eye on one of the world's largest office buildings. So when Jimmy Kilroy, 1133 Belden Ave., Chicago, Ill., found himself below par . . . in a sluggish rundown condition . . . he turned to today's great HADACOL. He'd heard how this wonderful formula corrected the real cause of such troubles when due to a lack of Vitamins B, B<sub>2</sub>, Niacin and Iron. As a result, he's back in shape again, loaded with energy and enthusiasm.  
 Here's what Mr. Kilroy has to say. "A few lines to tell you the same. Advised me to buy a bottle of HADACOL, which I did. After two bottles, started feeling like myself and from there on I got new energy. Have been working in the gym 1 hour daily and everyone tells me how great I look and act. It really is a great product and I will always keep taking it. I feel like the Kilroy of old."

**DO YOU HATE HOT FLUSHES?**  
 Do you suffer from hot flushes, nervous tension, upset emotions—due to functional "change of life" (35 to 62 years)—that period when fertility ebbs away, when symptoms of this nature may often betray your age? Start taking Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. No other medicine of this type for women has such a long record of success. Taken regularly, Pinkham's Compound helps build up resistance against such middle-age distress. A great medicine made especially for women. The woman's friend!  
 NOTE: Or you may prefer Lydia E. Pinkham's TABLETS with added iron.

### BRIEFLY TOLD PHONE 37

Mrs. Myrtle Anderson, who has been ill in Graham hospital, has gone home and is reported to be improving.

Mrs. Allen Farley, arrived Wednesday night from McDill Air Force Base to spend a few days with his parents.

Pvt. Rex Farley, son of Mr. and

Visitors in the home of Mr. and

Mrs. Roy Fonville are Mrs. Warren E. Ogle and son, Steve, of Wichita Falls, sister and nephew of Mrs. Fonville, and a friend, Mrs. Pat Frederick and son, Mark Allen, of Wichita Falls.

### Mrs. J. V. Heyser Is Hostess At Luncheon For Delphian Club

The Delphian Club met on Wednesday, March 7, at the home of Mrs. J. V. Heyser, Sr., for a Texas Day Program.

The hostess read a poem, "Spirit of Texas," written by Judge Lankford. The table was laid with a green and chartreuse lace cloth with yellow and chartreuse lacy-susans. Behind the table, a painting, "The Early Rangers," done by the local artist, Randy Steffen, hung with the six Texas Flags beneath in miniature.

The keynote of the afternoon was the western atmosphere and in that portion of the house designated as the corral, the hostess seated her guests at quarter tables with centerpieces of potted Christmas cacti and favors of hand painted wooden cut outs of Texas with the menu burned on the back side. Those favors were hand painted by Mrs. George Scott of Cross Plains, and each depicted a different scene in the Western life. Mrs. Don Choate and Mrs. James Flournoy served from the chuck wagon. Hand carved western figurines and horses completed the table arrangement.

A lovely flower arrangement on the buffet of fern, yellow Jonquills and a branch of plum blossoms in a China container with matching candle holders with white tapers completed the decorations.

The group was led in prayer by Mrs. Heyser. Guests from the

various Federated Clubs were present as follows: Mesdames N. A. Brown, Delta Kappa Gamma; J. D. Collier, Child Study Club; Celia McCrea, Twentieth Century Club; Lonnie Shockley, Music Study; E. L. Jackson, Industrial Arts; and E. Keough, Garden Club. Mrs. Fred Heyser and Mrs. L. L. Clinton represented the Putnam Club.

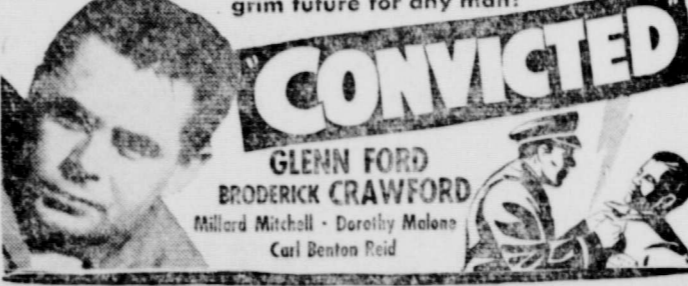

Delphian members present were: Mesdames Don Choate, Charles Cofer, Leo Clinton, A. R. Day, C. A. Farquhar, James Flournoy, V. C. Overall, Bethel Gallagher, Fleming Waters, Theon Graves, eBatrice Guthrie, W. D. Hazel, Ethel Huey, Otto Kean, G. B. Langston, Eugene Lankford, H. N. Lyle, Mrs. J. V. Heyser, Jr., and Standlee McCracken.
