The Gay Philosopher

By J. W. S.

NOT BEING A cowman, we didn't get to make Saturday's Eastland County ranch tour...

Instead of barbecue, Mr. Jimmy Floyd, the head chef, cooked up a stew that was very tasty.

IF YOU'LL LOOK at the flag pole over at the Negro school, you'll see that it has a brand new job and now has a red top...

MR. FRANKLIN Myrick, local club boy and son of Mr. and Mrs. Z. Myrick, was passing out ears in town Saturday morning.

IF YOU'RE AN old trapper, maybe you can help out Mr. Rex Roubay. Or, at least, maybe you will be willing to act in an advisory capacity.

RAN INTO MR. E. N. Strickland Saturday and he tells us that his wife received a telephone call the other day from their son, Marvin, who is a soldier stationed in Alaska.

ADVERTISING PAYS. Take it from Mr. R. W. McCauley of the fire store. A want-ad that he'd give an extra record for an Indian head penny in a special sale he is having brought in a lot of the pennies.

RAN INTO A fellow Saturday who nominates Mr. L. A. Warren, the local oil man, as the city's best Sunday School teacher.

Marriage Plans Of Lubbock Girl And Local Boy Announced

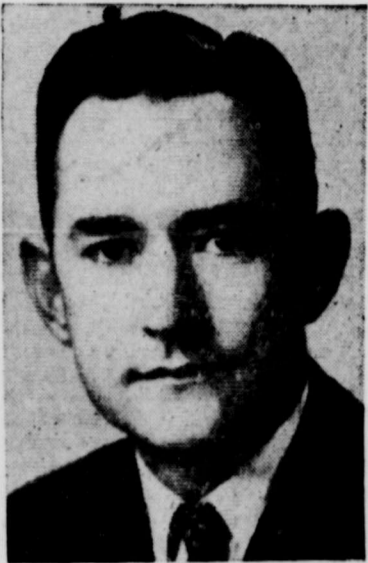

Mr. and Mrs. W. L. Brown of Lubbock have announced the engagement and approaching marriage of their daughter, Joyce, to Pvt. Luther Dee Edwards, son of Mr. and Mrs. L. E. Edwards of Cisco.

Waddell Rains, son of Mr. and Mrs. Floyd L. Rains of Cisco, will leave Monday for Camp Cook, California, after spending his leave in Cisco.

Will Begin Revival Sunday

CHARLES W. JONES

Rev. RALPH T. WOOTTON

Pictured are the Rev. Ralph T. Wootton, pastor, and Charles W. Jones, educational director, who will be in charge of the preaching and song services, respectively, in an 8-day revival meeting that begins Sunday morning at the First Baptist Church.

Monday through Friday, four services will be held daily. A group of young people will meet at 7:45 a. m. and junior boys and girls will meet at 3:45 p. m.

Rising Star Farmer Grows Peas To Build Soil And For New Cash Crop

R. T. Ezzell, prominent young Rising Star farmer who made an outstanding cotton production record last year, is also a believer in growing peas - not for the market on a dry basis but also for soil building and as feed for livestock.

Honor Roll For Junior High Is Announced Here

Honor rolls for the first six weeks of the second semester of the 1950-51 school year at the Junior High School were announced Friday by Principal Roy Killingsworth.

was seeded around June 15, he harvested 400 pounds of dry peas per acre. All of the peas were of the Blackeye variety, he said.

"I like peas as a soil building crop. I always try to have every third row in my corn field in peas, for I believe that it pays to do so," Ezzell commented.

A ready cash market for the dry peas of the Blackeye, Purple Hull, Cream, Crowders and varieties of stock peas will be available to growers at Gorman. If a sufficient acreage of peas are planted near other towns, other buying stations will be set up.

Willie, who had been "ill" for two years, was carefully cared for by his doting mother. During a repair job on their home Mrs. Winkle left Willie at the home for at week end.

The play was built around Willie Winkle and his mother, Mrs. Ophelia Winkle, played by Richard Moore and Pat Agnew. The scene was taken from the Bide Awee Nursing Home operated by Mrs. McDonald played by Patsy King.

Other patients in the home were Harvey, played by Ralph Green; Santa Claus, played by Don Kincaid, and Tarzan, played by Donald Watts.

The play ended when Willie and a nurse, Eva Wood, played by Johanna Chapman, along with the other nurses, slipped out to attend a country club dance.

Members of the Cisco Post of the Veterans of Foreign Wars made plans for the annual Decoration Day Poppy Sale at their semi-monthly meeting Friday night at the Legion Hall.

The Lake Cisco Home Demonstration Club will sponsor a Leathercraft School on Tuesday and Wednesday of this week at the roof garden of the Victor Hotel.

The Street Paving Proposition

(An Editorial)

The City Commission of the City of Cisco has approved and entered into an agreement with the Montgomery Paving Company of Lubbock whereby this concern will solicit property owners to pave city streets.

Street paving in the residential areas has long been a need in Cisco. There are two ways in finance street paving: (1) Finance it by voting a large bond issue, payable in some 20 years through taxation; or (2) Finance it by letting each property owner pay for his own pavement.

The latter method is a part of the agreement with the Montgomery company. This concern is soliciting property owners and telling them how much it will cost them to pave in front of their property.

A pay-as-you-go method is a pretty practical approach in any project. The Montgomery company has a finance plan whereby you pay a third down and the balance in from one to three years.

In any event, paving would materially increase property values for the home owners. Evidence as to how much it would hike values may well be seen in pricing properties on streets now paved and on those where there is no pavement.

Figures that the Montgomery company proposes to charge for paving are not excessive. The city commission investigated these prices before it entered into the agreement.

It is not the purpose of the city to force the pavement on property owners who do not want it badly enough to pay for it. The law is on the side of the homestead owner anyway.

We believe the city commission has acted wisely in offering this proposition to the property owners of Cisco, and we suggest its serious consideration in the interest of improving substantially the city in which we live.

SENIOR CLASS PLAY APPLAUDED AS BIG SUCCESS FRIDAY NIGHT

One of the best Senior plays ever staged at Cisco High School was acclaimed a success Friday night by an appreciative audience which packed the lower floor of the auditorium and overflowed into the balcony.

With only three weeks to work, the cast and the stage crew did a tremendous job in working the play up to a point where every thing went off almost perfectly.

The play was built around Willie Winkle and his mother, Mrs. Ophelia Winkle, played by Richard Moore and Pat Agnew. The scene was taken from the Bide Awee Nursing Home operated by Mrs. McDonald played by Patsy King.

Other patients in the home were Harvey, played by Ralph Green; Santa Claus, played by Don Kincaid, and Tarzan, played by Donald Watts.

The play was directed by Miss Lela Latch, Kenneth St. Clair and Mrs. Bill Mitcham.

Merry Wives Meet At Olsen Residence

Mrs. A. J. Olson entertained the Merry Wives Friday afternoon with three tables of "42" at her home at 601 West Ninth St.

She served refreshments of salad and desert in St. Patrick's color, to the following ladies: Mesdames C. R. Baugh, Geo. D. Fee, T. J. Dean, W. W. Moore, E. McCracken, C. Owen, W. H. LaRoque, Alex Ward, Joe Wilson, J. E. Spencer and P. Pettit.

FIVE NEW HOMES TO BE BUILT IN OAKHURST ADDITION OF CITY

Five new homes that will contain from 850 to over 900 square feet of floor space were announced Saturday for the Oakhurst Addition in southwest Cisco.

The City of Cisco advertised for bids Saturday for an oil and gas lease on 142 acres of land, according to a legal notice published in today's edition of The Press.

Community Choir To Present Special Program On Sunday

COOPER-HEMPHILL SEEK DEEP PAY IN TEST NORTHEAST CITY

Cooper and Hemphill, Cisco oil operators, were seeking deep oil production Saturday in their No. 1 Mack Clyatt, a wildcat oil test some nine miles northeast of Cisco.

The third drill stem test was being run Saturday. The test was scheduled after 24 feet of Ranger lime was cored with a good show. No Lake Sand showed up in the hole.

Langston Rites Held In Houston

Funeral services for Dr. J. E. Langston, Cisco native, were held in Houston at 2 p. m. Saturday.

The 60 year old physician was found in his bed Thursday morning by a step-daughter, who was his office nurse, as she came to take him to his office.

His mother, Mrs. Frank Langston and a brother, G. B. Langston live in Cisco. Neither was able to attend the funeral services due to the physical condition of Mrs. Langston who has been bedridden for several months.

Dr. Langston had lived in Houston since 1942. Prior to moving there he had practiced medicine in Dallas, Corsicana and Athens.

An injury received when Dr. Langston was a youth led him into the field of medicine. He received an injury while working with a railroad company here and during his stay in the hospital decided to study medicine.

Engineers Finish Part Of Survey

Engineers of the Homer A. Hunter Company of Dallas have completed the field work in their survey of the water resources of the Cisco area.

The engineers studied the possibilities of diverting part of the Battle Creek water flow into Lake Cisco and looked over the Leon River watershed south of Cisco as a possible water source.

The survey was ordered by the city in cooperation with the Chamber of Commerce.

Myrick Re-Named Dairy President

A. Z. Myrick of Cisco was re-elected president of the Eastland County Dairy Association at a membership meeting Friday night in the courthouse at Eastland.

The association discussed plans for the annual dairy show in Eastland in the spring. The annual membership drive was organized.

City Advertises For Oil-Lease Bids

The City of Cisco advertised for bids Saturday for an oil and gas lease on 142 acres of land, according to a legal notice published in today's edition of The Press.

At 1,530 feet in the Strawn section, about 250,000 cubic feet of dry gas resulted on a drill stem test. An electrical survey of the hole was planned Saturday before the Ranger drill stem test.

In the Bankline-Owens pool, the Bankline Oil Company's No. 5 C. E. Reynolds was drilling at 3,525 feet. Some 20 feet of Lake sand was cored before it was decided to test the Duffer lime.

The Kupp and Dickson No. 4 Otto Chance expected to complete drilling the cement plug and turn the well into tanks Saturday. It was expected to be the operators' best well on their Chance lease.

Woodley-Johnston No. 1 George P. Fee was drilling at 3,920 feet and expecting the Mississippi lime to show up early Saturday.

The Big Six Oil Company's No. 1 B. W. Martin, located a mile northeast of Cisco, was drilling at about 3,000 feet Saturday, according to reports.

New Ordinance To Control Drilling

An ordinance governing the drilling of oil or gas wells in the corporate limits of the city of Cisco was passed at a meeting of the city commissioner Tuesday night, March 13.

The ordinance in 22 sections allows the drilling of one well per city block and specifies the procedure required to obtain permits. It sets up safety measures and sets penalties for violation of the ordinance.

Complete information on town-site drilling can be obtained from the office of the city secretary in the city hall. The ordinance was passed after it was drawn up and studied by the city attorney who took similar ordinances from towns permitting town-site drilling to compile the Cisco regulations.

Invitations Go Through For Local Tourney

Invitations have been mailed to several neighboring schools to participate in a volleyball tournament for grade school girls to be held in Cisco on Saturday, April 21.

The local grade school girls have been practicing for several weeks and the team was strengthened recently when members of the girls basketball team of the school joined the squad.

Christian Church Plans Services

In keeping with the custom of the church, the First Christian Church will hold pre-Easter services Wednesday evening, March 21, through 23 at 7:30 o'clock.

Thursday evening's program will include a message on the Lord's Supper and will be conducted with a candle-light Communion service.

Easter Theme Will Be Feature Of New Work By City Choir

The Cisco Community Choir will present its second production since its organization at 3:30 p. m. Sunday at the First Methodist Church auditorium.

Soloists for the program will be Miss Renabel Bible, Cisco, soprano; Jack Chambliss, Cisco, tenor; and Ray Baker, Abilene, Baritone. The choir has been at work on the concert for about two months and held a final rehearsal Saturday night.

Many composers have used the theme of the seven last words of

JACK CHAMBLISS, Tenor

Christ, Mr. Clinton said, as a setting for sacred cantatas. The Dubois cantata is regarded as unusual in the respect that there are no alto solos.

Miss Bible will be making her first appearance as a soloist with the choir. The daughter of Mr. and Mrs. H. A. Bible, she finished Cisco High School last year and now is attending TWC in Fort Worth.

Mr. Chambliss has been active with the choir since its beginning. A native of Cisco, he was one of the outstanding soloists in

"BIGGER and BADDER"

Heavy overloaded trucks on Texas highways are becoming "bigger and badder" by the month says the Texas Tax Journal. Texas taxpayers are being penalized daily by the damage done to the highways and roads by heavy overloaded trucks and truck trailers, and these violations apparently are on the increase.

According to the January report, recently released by Kent Odum, Chief of the License and Weights Division of the State Department of Public Safety, 1,101 cases were filed against truck operators for overloading. This was 226 more than was filed in December, 1950.

The January report shows a 2000 ton payload (50% to 100% loading, improper registration and miscellaneous offenses. The December, 1950 report shows a total of 1,729 cases for all offenses. Two trucks were arrested dur-

more than 100,000 pounds. One from Houston paid a \$125 fine at Pecos for hauling 139,900 pounds and a fine of \$139 for overlength. Another truck loaded with sheet steel from Houston paid \$218 in fines at Hempstead for hauling 114,200 pounds. The legal gross weight limit allowed on Texas Highways is 48,000 pounds.

Highway officials refused to hazard a guess as to the amount of damage such loads would cause the highways. Allin F. Mitchell, Corsicana, former Texas Highway Commissioner, said: "Our highways are being destroyed by overloaded trucks violating the load and speed limit law day and night."

Mr. Mitchell made this statement before a Senate Committee hearing on February 27, 1951 when he urged passage of House Bill 11, a measure requiring overloaded trucks to reduce their excessive load before they can proceed over Texas Highways.

"Being stopped and fined is not the remedy," he told the Committee. "This same overloading truck continues on its destructive way, unmolested, after paying a small fine."

## New Officers Are Elected By Althaeon Class At Meeting

The Althaeon Sunday School class of the First Baptist Church met last Monday evening in the home of Mrs. Lewis Lee for a business and social hour and during the course of the meeting, elected officers for the coming six months.

Mrs. Ray Judia, class president, opened the meeting by calling upon Mrs. Frank Walker to lead the prayer. Mrs. D. L. Kisner brought the devotional from the book of St. John. This was followed by sentence prayers in interest of the revival which is scheduled to begin at the church Sunday.

Group captains gave their reports and cards were sent to members who are ill.

Acting upon the recommendation of the nominating committee the group unanimously elected the following officers:

President, Mrs. D. L. Kisner; first vice-president, Mrs. E. C. McClelland; second vice-president, Mrs. Ray Judia; third vice-president, Mrs. L. W. Tucker; fourth vice-president, Mrs. A. Swindell; secretary, Mrs. J. R. McMurry; treasurer, Mrs. Lewis Lee.

During the social hour St. Patrick's Day games were played and refreshments were served from the tea table. The refreshments consisted of ribbon sandwiches,

cake squares, pickles, nuts and mints.

Mrs. H. N. Lyle presided at the silver service and Mrs. Judia served the cake. Some 15 members were present.

The Industrial Arts Club met at 3 p. m. Thursday at the Woman's Club House for a program on "Working with UNESCO."

Mrs. A. J. Olson was hostess for the occasion. Routine business matters were attended to as the meeting opened.

Johnny Turner and Patti Haynie played piano numbers as musical features. Mrs. W. W. Wallace was program leader and presented a paper on "Education Reconstruction." Mrs. Rex Moore read a paper on "Human Rights."

Mrs. F. J. Borman, president, presided over the meeting, and Mrs. N. A. Brown acted as secretary.

Present were Mesdames H. A. Bible, Frank Bond, F. J. Borman, N. A. Brown, Leslie Seymour, Joe Clements, J. E. Coleman, W. V. Gardenhire, Jack Leach, Rex Moore, B. E. Morehart, S. H. Nance, J. B. Pratt, J. J. Tableman and W. W. Wallace.

## Circle 3 Of WSCS Has Meeting At Home Of Mrs. Mitcham

Circle Three of the WSCS, First Methodist Church, met Tuesday, March 13, at the home of Mrs. G. P. Mitcham with the chairman, Mrs. O. C. Lomax, in charge. The meeting opened with a song, followed by a prayer by Mrs. Ed Huestis.

Minutes of the previous meeting and the treasurer's report were read. The circle sent out "pay your pledges" cards and discussed ways and means of raising money for a life membership.

The program opened with the singing of "What a Friend We Have in Jesus." Mrs. Leslie Seymour discussed "With Healing in His Wings," from The Methodist

## Majestic To Show Texas Ranch Short

Charles Pettit's "Flat Top Ranch" in Walnut Springs, Bosque County, was chosen as a model to show other Texans and the rest of the United States how a modern cattle ranch is run with profit. Mr. Pettit is a brother of Mrs. Frank Castleberry of Eastland. The ranch is the subject of a picture at the Majestic Theatre in Eastland Sunday and Monday.

The photography is highly superior, showing the Texas ranch country at its best. Commentary is humorously slanted yet factual.

Hamp and Jamie Stamey of Eastland are weekend visitors of the home of their grandparents, Mr. and Mrs. O. W. Hampton.

## COMMUNITY CHOIR From Page One

The general public has been invited to attend Sunday's program. There will be no admission charged, but a free will offering will be taken to defray expenses of the production.

**Farmers To Study Castor Beans At Callahan Meeting**

A meeting of farmers of the Cross Plains area to discuss the production of castor beans will be held in the high school auditorium in Cross Plains Tuesday night, March 20, County Agent Oliver F. West announced recently.

The Cross Plains PMA office will have enough bean seed to plant approximately 700 acres in the vicinity and it was hoped by the officials that most of the crops could be around Cross Plains because the hulling plant is to be located at Brownwood.

A shallow oil test drilled on the J. C. Bowden plot in northern Brown county, nine miles south-

west of Cross Plains encountered a heavy flow of gas in the top of the Fry sand, a depth of 1,818 feet. It has been estimated in excess of a million cubic feet daily.

Although all fruit was not killed by last Sunday night's freezing weather Cross Plains orchardmen predicted that the crop will be reduced probably more than 30 per cent. Many of the trees were in full bloom and others were beginning to bud, it was reported.

The campaign to raise \$1,400

for maintenance at the Cross Plains cemetery stood at \$839.50 in the fund last week. A total of \$560.50 more is needed to complete the budget.

Vernon Rich, son of Mr. and Mrs. E. E. Rich of Cross Plains, who suffered serious injuries in a tractor accident recently has been returned to his home six miles northwest of Coleman. He received a small fracture in the forehead, severe cuts and bruises while working with the tractor near his home.
