

The Gay Philosopher

By J. W. S.

SUCCESS OF THE Hydrofrac process in completing Cisco area oil wells was mentioned prominently in a recent issue of World Oil, a national magazine. The article was written by W. E. Hassenbrook, development engineer at Halliburton Oil Well Cementing Company's research department at Duncan, Okla.

The article said: "The Lake Sand near Cisco in Eastland County, a relatively soft sand in which shooting has not been overly effective, has responded very well with the Hydrofrac."

The article tells of experiments with Hydrofrac in lime formations and mentions a Mississippi lime test in Stephens County where a 168 barrel producer flowed after the treatment.

The process is an invention of the Stanolind Oil and Refining Company and Halliburton has the license to do the work.

Local oil geologists have given much of the credit for sand well activity in the Cisco area to this process. The Hydrofrac is a process where an oil base "gel" is pumped into the oil formations under high pressures.

THE VICTOR HOTEL continues to grow as an oil headquarters for this Central Texas region. The geological firm of John Christopher and Tommy Stewart has just opened offices in the hotel. W. H. Ezell and L. E. Griffin, oil operators, also have established an office in the lobby of the hotel.

Coy Warren, who has been operating as a geologist with offices in Abilene, has moved his offices to the hotel here — next door to his dad, L. A. Warren.

And Harrison and Hailey, drilling contractors, recently took an office at the hotel.

Several other firms have long had offices there, including the Choate Drilling Company, Cooper and Hemphill Oil Company and some others that we can't think of. The hotel is usually about half full of oil men at any hour of the day or night.

THE FINAL FIGURES are now county home demonstration agent, had a costly flat tire in front of our office the other day. While she waited to have it fixed, she went shopping in downtown Cisco. And, she reports, it cost her \$12.

THE FIAL FIGURES are now in for the Red Cross drive. Cisco's total contribution to the county's drive was \$1,809.63. Mrs. Willard White, the chairman, was closing out her books today and preparing to turn in a final report to the county chapter.

Cisco went \$309.63 over the quota of \$1,500. The success of this drive has been due largely to the work of Mrs. White and her committees. And this success speaks well for our town.

LET'S NOT FORGET to go out to the stock show and welcome the visitors to Cisco. We dropped out this morning for a brief look, and the livestock were beginning to come in. You won't see any prettier cattle and hogs and goats anywhere. And there is a fine entertainment program waiting for you.

All you have to do it go.

ABC Directors Will Have Meeting Friday

H. O. (Andy) Anderson, ABC Club president, announced today that the officers and directors will meet at the Chamber of Commerce offices at 5 p. m. Friday.

At this meeting it is expected that tentative plans will be made for the 1951 ABC Softball League. The church league is expected to be in operation again this season, and the prospects for at least two senior teams in the city appear good, Anderson said.

Temperature Drops To 38 Degrees Here

A northern that rode into this section of Texas with a sandstorm Wednesday afternoon dropped temperatures to 38 degrees here early Thursday, local thermometers showed. Tonight's temperatures are expected to be near the 40 mark before warmer weather moves in again Friday and Saturday.

Weather men weren't able to see rain in the immediate future.

Moran News . . . Moran Seniors To Give Class Play

The Senior Class of Moran High School has selected "The Angel of Red Canyon," a three-act comedy, as its annual class play for presentation in the near future. Rehearsals are now under way for the play.

Members of the cast are: Alden Bennett, Harold Willbank, Bill Davis, Don Bowna, Oma Wagley, Elruth Bankston, Vera Mae Morris, Patsy Fite, Sue Hamilton, Nedine Cutler, Janice Harper, Barbara Brooks, Miss Eubanks, and Ethel Amens.

Directors are Miss M. Haggard and Don Allen.

Moran's street lights now are controlled automatically, according to L. L. Walker, manager of the West Texas Utilities Co. A crew was in town last week and installed a new system. The lights now come on at sundown and go off at sunrise.

The Deep Creek ladies, including Mrs. Jim Parrish, Mrs. Albert Morris, Mrs. Emma Cottle, Mrs. Worlick Jones and Mrs. Sam Parrish, served a menu of fried chicken and all the trimmings to the Moran Luncheon Club on Wednesday. The Sedwick group will serve the April 4 luncheon.

Misses Lola Wynne and Thelma Rhodes of Fort Worth were week end guests of Mrs. A. J. Wise. Sunday guests were Mr. and Mrs. O. M. Smith of Cross Plains, Mr. and Mrs. Leon Andrews and Bruno Brooks, all of Moran.

Mrs. W. P. Grace of Abilene and her father, W. W. Martin of Moran spent the greater part of last week in Fort Worth as the guests of Mr. and Mrs. C. J. Watson. While there they attended the Billy Graham revival.

Mrs. Watson drove her guests to Abilene, where they spent Easter Sunday in the W. P. Grace home. Tuesday, Mrs. Watson was in Moran seeing her many friends and bringing W. W. Martin home.

Mrs. Maggie Hopkins spent the Easter holiday in Sweetwater in the home of her sister, Mr. and Mrs. Frank Perdue.

Retail merchants of Moran gave a sigh of relief last week on hearing the O. P. S. deadline on pricing charts, has been postponed to April 30th. The former deadline was March 29.

Mr. and Mrs. John Hamilton and family of Stanton visited her father, Ed Chism, during Easter week. They also visited Miss Fannie Stephens of Cisco.

Mr. and Mrs. Willard Gaskins and daughters, all of Fort Worth, spent the week end with her parents, Mr. and Mrs. Albert Grace, Sr.

Mr. and Mrs. R. F. Thames announce the engagement and approaching marriage of their daughter, Joyce, to Alfred E. Wisenbaker of Big Spring. The wedding will take place the latter part of April.

Mr. and Mrs. C. H. Churchill of Midland spent the Easter holiday with her parents, Mr. and Mrs. W. H. Brewster.

College students home for Easter holidays were: Donna English, University of Texas, Austin; Carolyn Louder, Hardin-Simmons University, Abilene; Dick Peterson and Wade Roberts, Texas A & M College.

Moran Schools resumed classes on Tuesday morning. Superintendent D. Y. McKinney and family were away all Easter vacation. Continued on Page 6

New Car Tags Must Be Bought This Week

Cisco area motorists must obtain their 1951 license plates if they drive their cars after Saturday, Mrs. Peggy Gallagher, deputy collector, reported today. And Mrs. Gallagher plans to keep the Chamber of Commerce office open until 9 p. m. Thursday, Friday and Saturday nights to take care of an expected rush to buy the new tags.

Sales are beginning to pick up sharply, Mrs. Gallagher reported today.

Modern Service for Your Convenience Bank at the Drive-In Window 1st NAT'L BANK—Member F.D.I.C.

SALT FROM THE SEA—Bare-footed workmen scrape the top layer from salt beds that glisten like sheets of ice near Cabo Rojo, on Puerto Rico's southern coast. This is done after Caribbean Sea water is sluiced into shallow reservoirs and then allowed to dehydrate under the tropical sun. Drying out under the sun are piles of salt for commercial use, part of the island's annual yield of 10,000 tons from the water.

Air Chimes Will Replace Whistle On T&P Engines

DALLAS, March 28.—An experiment by the Texas and Pacific Railway Company with a new air chime whistle on one of its Diesel freight locomotives recently has proved so successful that the railroad now has installed the smooth, tonal "chime" signals on sixteen of its Diesels.

In addition to these, twenty-three new Diesels now on order and scheduled for delivery to the T&P before the end of 1951 will be similarly equipped — both passenger and freight locomotives.

The "Airchime" whistles, products of the Nathan Manufacturing Company of New York, were originally designed and placed in service in Canada, but are now widely used on eastern U. S. railroads.

The new soothing signals will be welcome — a lot of railroad fans and others have complained of the harsh blasts of the original Diesel horns, which have been compared to the cries of a catamount whose appendix had been taken out without anesthesia.

The new type locomotive horn is not to be confused with a chime. Coming in several models with from one to five different trumpets, they all blow at once to blend and produce a soothing sound with almost the mellowness of the friendly old steam locomotive whistle, familiar to millions.

Aside from its melodious sound, another advantage claimed for the new whistles are that their sounds can carry farther through being blown in different tones — one loud for use in the country or at high speed, and another softer one for use in the city.

Caution Needed In Homes After Catching Illness

AUSTIN, March 29.—Speaking of the precautions that should be taken in households during and at the close of an illness from any of the "catching" diseases, which are prevalent at all seasons, Dr. Geo. W. Cox, State Health Officer, said recently: "Any plan for the prevention or control of this sort, depends upon the intelligent cooperation of individuals and communities with the medical profession and the health authorities for its success."

"Those who are in charge of persons suffering from influenza, pneumonia, tuberculosis, scarlet fever, measles, infantile paralysis or any other of the diseases spread by discharges from the nose or throat, are warned that these discharges are sources of great danger, and are urged to have the patient use paper handkerchiefs of soft cheesecloth, that can be disinfected or burned or otherwise safely disposed of."

The sterilization of dishes and utensils used in the sick room, by boiling after each use of them, and of the patient's clothing, sheets, towels, and pillow cases, are equally necessary. Then, at the close of the illness, a thorough cleaning of the room, bedding and personal belongings of the patient, scrubbing the floors and woodwork, and opening the place to the fresh air and sunlight, are urged as a final precautionary measure.

"Fortunately, the best disinfectants yet discovered are within reach of everybody. They are plenty of hot water and soap, fresh air and sunshine."

Livestock Show Begins With Many Entries In All Classes

New Owners Of Fashion Cleaners Plan Open House

Mrs. Nelle Goode and O. W. Cathey, the new owners of the Fashion Cleaners, bring to Cisco a combination of some 35 years experience in the cleaning business. The new owners, who come to Cisco from Graham where they operated the Goode Cleaners, plan to have open house when they open the shop Tuesday, April 3.

The plant is being completely remodeled and redecorated to assure Cisco one of the most modern plants in the state, they said. New equipment is being added and the fixtures have been replaced to add to the attractiveness of the shop.

Mrs. Goode has operated shops in Stanton and in Graham. A native of Graham, where she attended school, she has had some 14 years experience in the business. She has two daughters. One is a student in Tarleton State College in Stephenville, and the other is married and lives at Bryan. Mrs. Goode is a member of the First Methodist Church. While in Graham, she was a member of the Chamber of Commerce, the Legion Auxiliary and other women's organizations. Her husband died in Graham in 1948.

Mr. Cathey was connected with the shop in Graham and has owned establishments in Snyder, Clovis and Monahans. He started in the business at the age of 16 and has been connected with the business for 21 years. He is a member of the First Methodist Church and was a member of the Lions Club and the Chamber of Commerce in Graham.

Mrs. Goode and Mr. Cathey invited all residents of Cisco to visit their shop Tuesday and inspect their plant. Drinks will be served free all day to visitors. Included in their services will be expert cleaning and pressing, free storage for winter clothes cleaned in the plant, repair and replacing of buttons on clothing cleaned in the plant, complete tailoring service and others.

Lions Take Care Of Business At Meeting

Members of the Cisco Lions Club devoted the program hour of their weekly luncheon meeting Wednesday to business matters. President T. C. Williams presided over the meeting, which was held in the Victor Hotel dining room.

Truman Taylor of the Humble Pipe Line Company was initiated into the club as a new member in ceremonies directed by W. H. LaRoque. The club heard the regular reports of the secretary and the treasurer.

Guests at the luncheon included Sam Speight of Fort Worth and Joe Brown of Cagle Bros. Construction Company.

BIRTH IS ANNOUNCED

Mr. and Mrs. Larry E. Phillely have announced the birth of a son, Larry Craig, in a Dallas hospital on Saturday, March 24. Mrs. Phillely is the former Miss Josephine Miller, daughter of Mrs. Joe Clements.

Horse Show Due To Begin Friday; Big Parade Planned

A western parade led by Wild Bill Elliott riding his reserve world champion cutting horse, Red Boy, will highlight the horse show section of the Eastland County Livestock Show being held in Cisco this week end.

Elliott, star in some 69 western movies, will be entered in the horse show events beginning at the arena at 7:30 p. m. Friday.

Elliott and Red Boy will be competing with some of the best known horses and riders in the cutting horse contests Friday night, Saturday afternoon and Saturday night. All the horses in the impromptu show held at the arena two weeks ago will be seen in action again and other

cutting horse enthusiasts will be on hand to assure a full show.

In addition to the cutting horse events there has been planned calf roping, barrel races and other arena events. Th events will attract some of the leading horses and riders of the nation.

The Quarter Horse halter classes and the Palomino halter classes and pleasure type classes will be judged at 9 a. m. Saturday and many of the top horses in the divisions will be on hand for the event.

Parade master Mart Agnew asked all in the Cisco area who had horses or western type equipment to enter the parade and to be

at the starting point at 1 p. m. Saturday. Plans call for the biggest parade ever held in connection with the stock and horse show.

The cutting horse contests have the sanction of the N. C. H. A. and the calf roping has the sanction of the American Cowboy Association so both should draw top performers. Horses from Fort Worth, Cresson, Abilene, Cisco and a number of other horse raising centers will be on hand to help with the show.

In the halter and pleasure type classes horses from as far away as Michigan have been entered to give the event a National atmosphere.

NEW ELLENBERGER DISCOVERY IS REPORTED IN PUTNAM AREA

A new Ellenberger discovery of oil well appeared certain today for the area some six miles due north of Putnam in Callahan County after the Fain and McGaha No. 1 J. N. Williams Estate, a wildcat test, flowed considerable oil in completion tests.

According to reliable reports here, test was taken from the Ellenberger lime at 4,165 feet. Oil men estimated that the well would flow more than 1,000 barrels per day.

It was understood that Fain and McGaha, Wichita Falls operators, have a block of about 2,000 acres around the well. The area formerly had some 75 shallow oil producers in a sand about 260 feet deep. Some of the old wells produced as much as 800 barrels per day.

The new Williams well was expected to result in considerable drilling for the area. Fain and

McGaha drilled the well with their own rig, and the drilling in operation was being done by Harrison and Hailey, Cisco contractors.

In the Cisco area, the Big Six Oil Company had moved in tools to drill in their No. 1 B. W. Martin, a semi-wildcat just northeast of town. Completion will be attempted in the Lake sand where a good section was cored. It was understood.

In the Bankline-Owens pool five miles northeast of Cisco, the Bankline Oil Company was building tanks and completing preparations to begin flowing their No. 5 C. E. Reynolds as a Duffer lime discovery.

The project flowed 51 barrels Sunday in a five-hour test. Good pressures were reported on the tubing and casing.

Bankline's No. 6 J. H. Reynolds, offset to production in the area, was drilling in shale and lime at 2,650 feet early today.

Two new projects for the pool are the J. P. Lohan et al No. 1 John Hart et al, 4,000 foot test offsetting production four miles northeast of Cisco. Location is 1,263 feet from the north and 1,566 feet from the west lines of Section 58, Block 4, H&TC Survey. Lohan recently completed his No. 1 Hart as an outstanding well.

Another new well is the S. D. Johnson et al No. 3 S. B. Mize located 330 feet from the south and 44 feet from the east lines of Section 59, Block 4, H&TC Survey. Permit calls for 3,600 feet.

Johnson recently completed his No. 1 Mize as a small flowing well.

A completion report has been filed for the Harold M. Kupp and W. L. Dickson No. 4 Otto Chance. It flowed 841 barrels of 42 gravity oil in 24 hours with 920 pounds pressure on the casing and 680 pounds pressure on the tubing. The test was from an open hole at 3,372-88 feet. The well has a gas-oil ratio of 1,020 to 1.

Food Production Is High Project Among 4-H Clubs

Texas 118,27 4-H Club members will be emphasizing three major food producing projects this year. They hope to top 1950 production in field crops, garden and poultry. Some 2,000,000 youth throughout the nation will be doing their part in the mobilization program by participating in 4-H Club activities.

In these projects 4-H boys and girls, ranging from 10 to 21 years, learn latest scientific agriculture techniques and approved farming practices. They also have an opportunity to demonstrate phases in which they have become skilled. Learning to judge crops, garden produce, poultry and eggs is another part of their 4-H training.

Awards will be made next fall to club mothers who have done the best job. Medals will be presented to county winners, a trip to the 1951 4-H Club Congress in Chicago to state winners, and a \$300 college scholarship to the national champions. Donor of awards in the field crops is International Harvester. Poultry awards are given by Dearborn Motors, and garden by Allis-Chalmers Mfg. Company. All three concerns have provided these incentives for the past several years.

Local 4-H Club leaders and County Extension agents conduct the projects which are under the supervision of the Cooperative Extension Service.

GOES TO HOSPITAL

Stewart Slatton, employed here by West Texas Utilities Company, went to Abilene today for treatment of a hand injury in a hospital there. He was injured some two weeks ago.

Judging Contests Feature Program For Opening Day

The Eastland County Livestock Show had the appearance at noon Thursday of being almost 100 per cent a club boy event as boys from all over the county were getting their animals in show condition and placing them in the stalls at the show barn.

Only two or three breeders of beef cattle were to show their animals in the annual event but all the club boys events appeared to be full.

The dairy cattle division drew the largest number of entries as the deadline neared. Already in their places Thursday morning were heifers owned by Virgil Cozart, Cisco; Jerry Jones, Ranger; Don Webb, Eastland; Edward Hattox, and Jim Moody, Ranger; Buddy Aarons, Eastland; Daniel Gray, Cisco; Franklin Myrick, Cisco; Clyde Herring, Eastland; Joe Buckley, Desdemona; J. D. Carter, Cisco; James Guy, Carbon; Jimmy Webb, Cisco; C. W. Keller, Cisco; Lawrence Ingram, Nimrod; Kelly Coats, Cisco and Billy Charles Carraway, Gorman. All the above are club boys of the county.

Guy Warden of Eastland, Ray Burton Norris, Eastland; Horace Witt, Carbon; Jerry Simms, Eastland; Jerry Davis, Rising Star and Lawrence Ingram of Nimrod had calf calves entered in the show and six more entries were expected. Norris of Eastland had two calves in the show.

In the sheep and goat division, Club Boys Travis Kurklin, Cisco; Mark Kurklin, Cisco; Danny Boyd and Donald Boyd, Ranger; Gerald Birt, Cisco; and Bobby Gailey, Byron Gailey and Benny Gailey of Ranger, had pens of lambs and goats. A few additional entries were expected.

In the swine division several club boys were unloading their entries and a full entry in that division was expected.

The show was to get under way at 2 p. m. Thursday when club boys and vocational agriculture classes were to compete in the judging contests. Judging of the animals for ribbons and cash awards will begin at 10 a. m. Friday. Dairy cattle will be judged at 3 p. m. Friday to wind up the Livestock portion of the show.

Cleanup Week On Texas Farms Set To Begin Monday

AUSTIN, March 29. — Call for Texas' annual "farm cleanup week" to begin Monday, April 2, was issued here today by the American Foundation for Animal Health and cooperating groups.

Theme of this year's cleanup week is: "Clean up for more profits through fewer livestock disease losses."

Here are some of the farm pointers suggested for the week in the bulletin issued today by the Foundation:

1. Buildings in which livestock and poultry are housed should be cleaned and disinfected to kill disease germs and parasites.
2. Mud holes and stagnant ponds which may harbor parasites and germs should either be drained or fenced off.
3. Old strawstacks, common sources of infection, should be spread and plowed under.
4. Holes in foundations, where pigs or poultry could burrow under, should be walled up.
5. Nails, glass, wire and other objects which cattle might swallow or step upon, should be picked up. Protruding nails in mangers or partitions should be removed.
6. As soon as possible, young livestock should be moved to pasture that hasn't been used by the same species for two years.

Authorities estimated that the annual loss from common barnyard diseases and parasites totals more than half a billion dollars.

HIGH WINDS CAUSE DAMAGES TO MUCH FARM LAND IN STATE

FORTH WORTH, March 27—Recent high winds severely damaged thousands of acres of unprotected farm lands in western Texas. Regional Director Louis P. Merrill of the U. S. Soil Conservation Service announced today in a semi-monthly report on wind erosion conditions.

Dust storms in the Lubbock and Lamesa areas on March 2 were described as the worst since May of 1950 with wind velocities at Lubbock reaching 70 miles an hour in gusts. Visibility was reduced to one-fourth mile at both points. Less severe dust storms were reported at Childress and Spur.

District Conservationist Homer A. Taff of the SCS at Lubbock reported 25,000 acres of sandy soils severely damaged by the wind, with fields badly hummocked or blown out from two inches to plow depth. Approximately 50,000 acres suffered moderate erosion, he said.

At Lamesa, District Conservationist Jesse D. Jenkins reported another 25,000 acres of poorly

protected cotton lands blew badly. Only fields protected by grass, stubble or by deep plowing resisted the 30-to-40 mile southwest wind, he said.

Elsewhere in the wind erosion areas of Texas and Oklahoma, conditions appeared to be slowly improving as wheat and other winter growing crops strengthened as a result of recent moisture. Exposed acreage in the Clinton Oklahoma area dropped from 500,000 acres to 450,000 acres. Moderate wind erosion damage was reported by SCS field headquarters at Anadraque (10,000 acres) and Watonga (5,000 acres).

In the entire two-state wind erosion areas, acreages without sufficient protection against the wind dropped from 2,862,000 acres to 2,765,000 acres in the two week period since February 16.

Appearance of green bugs and cutworms a threat to growing wheat was reported in the Watonga and Woodward, Oklahoma areas and in the vicinity of Dalhart in the Texas Panhandle. However, at Dalhart, District Con-

servationist A. E. Klahn reported wheat growing vigorously. Wheat was reported improved at Herford, Perryton, Childress and Plainview, but in the Pampa and Spur areas wheat condition was said to be still poor.

Late February rains helped to revive wheat in the Littlefield section, but District Conservationist John A. Perrin said 40,000 acres of cotton lands had suffered moderate erosion damage.

The Lamesa-Lubbock-Littlefield portion of West Texas and the sandy peanut lands of Texas' Cross Timbers remained the areas where further damage is most likely to occur, Merrill said. However, at Lubbock District

Conservationist Taff said 475,000 acres of chiseling, listing and deep plowing had helped to reduce the hazard temporarily in that section.

At Dublin, where 74,000 acres of peanut lands suffered added erosion damage, District Conservationist W. R. Heizer said peanut fields with two-row strips of close-planting sudan, with not more than eight rows of peanuts between have been controlling erosion effectively. Sorghum strips also are effective when aided by the return of peanut hay to the land, he added. Heizer said cover crops are beginning to sprout and may soon help to prevent further land damage.

For the Biggest Chicks Ever at 5 Weeks on PURINA CHICK STARTENA

1951 Purina Chick Startena, Purina's answer to fast growth, big development and feathering, contains Formula 1028 . . . B-12 Supplement, Antibiotic Supplement and Growth Vitamins.

This New formula developed by 1028 feeding tests helps poultry raisers get biggest chicks ever at 5 weeks on the Purina Plan. See us, for New, Better Purina Chick Startena containing Formula 1028.

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

Displaced Couple Appears On Youth Banquet Program

Mr. and Mrs. Leon Kakulia, displaced couple brought to the United States recently by the Methodist Young People of the Cisco District, were the honorees at a banquet in Eastland on Tuesday night, March 27, at the Methodist Church. The couple talked of their homeland and took part in the program which followed the banquet. Bobby Schuman of DeLeon served as toastmaster and the program

consisted of a dramatic skit presented by the young people of Eastland, entitled, "Endless Line of Splendor," and a group of young people from Gorman discussed material and books suitable for young people. Miss Phyllis Berry, of Cisco, led the entire congregation of about 233 Methodist Youth and their sponsors in a sing-song period.

At the ACHE, BURN, ITCH OF ATHLETES FOOT GERM YOUR 40c BACK, T-4-L, with undiluted alcohol base, KILLS THE VESSELS OF THE SKIN to reach imbedded infection and "on contact". Get instant-drying relief at all drug stores. Today at Dean Drug Store

Gunsight News

By MRS. W. S. DYE
Mr. and Mrs. Dick Perry and children of Abilene spent the Easter holidays with their parents, Mr. and Mrs. Henry Perry.

Mrs. Rosa Baggett of Cisco visited her sister, Mrs. J. H. Dye and Mr. Dye, and her son, Johnny Baggett and wife.

Mr. and Mrs. A. F. Billman, made a business trip to Eastland Friday.

Mrs. Mattie Baggett of Eastland visited her son, Ralph Baggett and family, Sunday. Mrs. Lee Perry and grandson, Oren Noble, and Paul W. Wiseman were dinner guests of Mr. and Mrs. Baggett Sunday.

Johnnie Baggett and uncle, Early Cole, have returned home after a weeks visit in Memphis, Tenn.

Born to Mr. and Mrs. Troy Bo-

HOW LONG SINCE YOU FELT REALLY GOOD?

Senator Dudley J. LeBlanc

A Lack of Energy May Be Due to a Deficiency of Vitamins B₁, B₂, Niacin and Iron
Maybe you're just tired, fatigued, slowed down! Or maybe you're tortured by vague aches and pains, gas, indigestion, heartburn! If these troubles are due to a lack of Vitamins B₁, B₂, Niacin and Iron you may find relief with today's great HADACOL. Thousands of my good friends are writing in constantly to tell me how my great formula, HADACOL, has helped them get back on the track to feeling really good, really alive again, by relieving the very cause of troubles due to such deficiencies. You can trust the words of these folks, good people just like yourself, from all sections of the country, who have found new hope, a chance for a brighter tomorrow, with HADACOL. Why delay? Why wait? Won't you give my formula a chance to help you, too? I'll refund every penny you pay if HADACOL doesn't help correct your trouble when due to such deficiencies. Just ask your druggist today for HADACOL.

Political Announcements

The Daily Press has been authorized to announce candidates for offices in the City Election on Tuesday, April 3, as follows:

From The Seller's Point Of View —

... he may earnestly believe that just any kind of an abstract will do, but it makes a lot of difference to the buyer as to the kind of an abstract he gets. There is as much difference in the quality of title information as there is in people and personalities. Most attorneys try to protect their clients against the hazards of irresponsible and sub-standard abstracts, and they should. Waiting for the best, where waiting is required, will pay big dividends in the long run.

Phone 156 — IN NEW LOCATION — 200 W. 8th St.

THERE IS REST FOR THE WEARY—These battle-worn GIs are reboarding a plane in Korea for five days' rest-leave in Japan. They more than deserve a chance to relax after the bitter campaign which has pushed the Chinese Communists back of the 38th Parallel.

FORMERLY THE LITTLE COLONEL'S—Visitors to the exhibition in Paris of some of the belongings of Napoleon Bonaparte examine the chess set he used for diversion during his campaigns. Note that some of the chessmen are wearing a typical "Napoleon" hat.

HOPES TO MEET MARK—Under the watchful eyes of trainer Jimmy Jones, right, groom Dan Lett walks Citation from a freight car on his arrival at Bay Meadows Race Track at San Mateo, Calif. Jones said the near-million-dollar winner will soon begin his assault on the \$1,000,000 mark.

HAPPY CARGO—A small Korean war orphan is overjoyed as he is helped from a plane on Cheju-Do Island by Lt. Col. Dean Hess, Marietta, O. Capt. George Metcalf, Sweeton, Ill., gives assistance from inside the craft which was loaded with U.S. gift food and clothing for more than 800 Korean orphans on the island 75 miles off the south coast of Korea. (U. S. Air Force Photo from Acme.)

SHE'LL TAKE OVER—Ballerina Nedra Nerina has been chosen in London to fill in for ballet star Moira Shearer, dancing the role of "Cinderella," for the Sadlers Wells Co. Miss Shearer is recovering from an appendectomy.

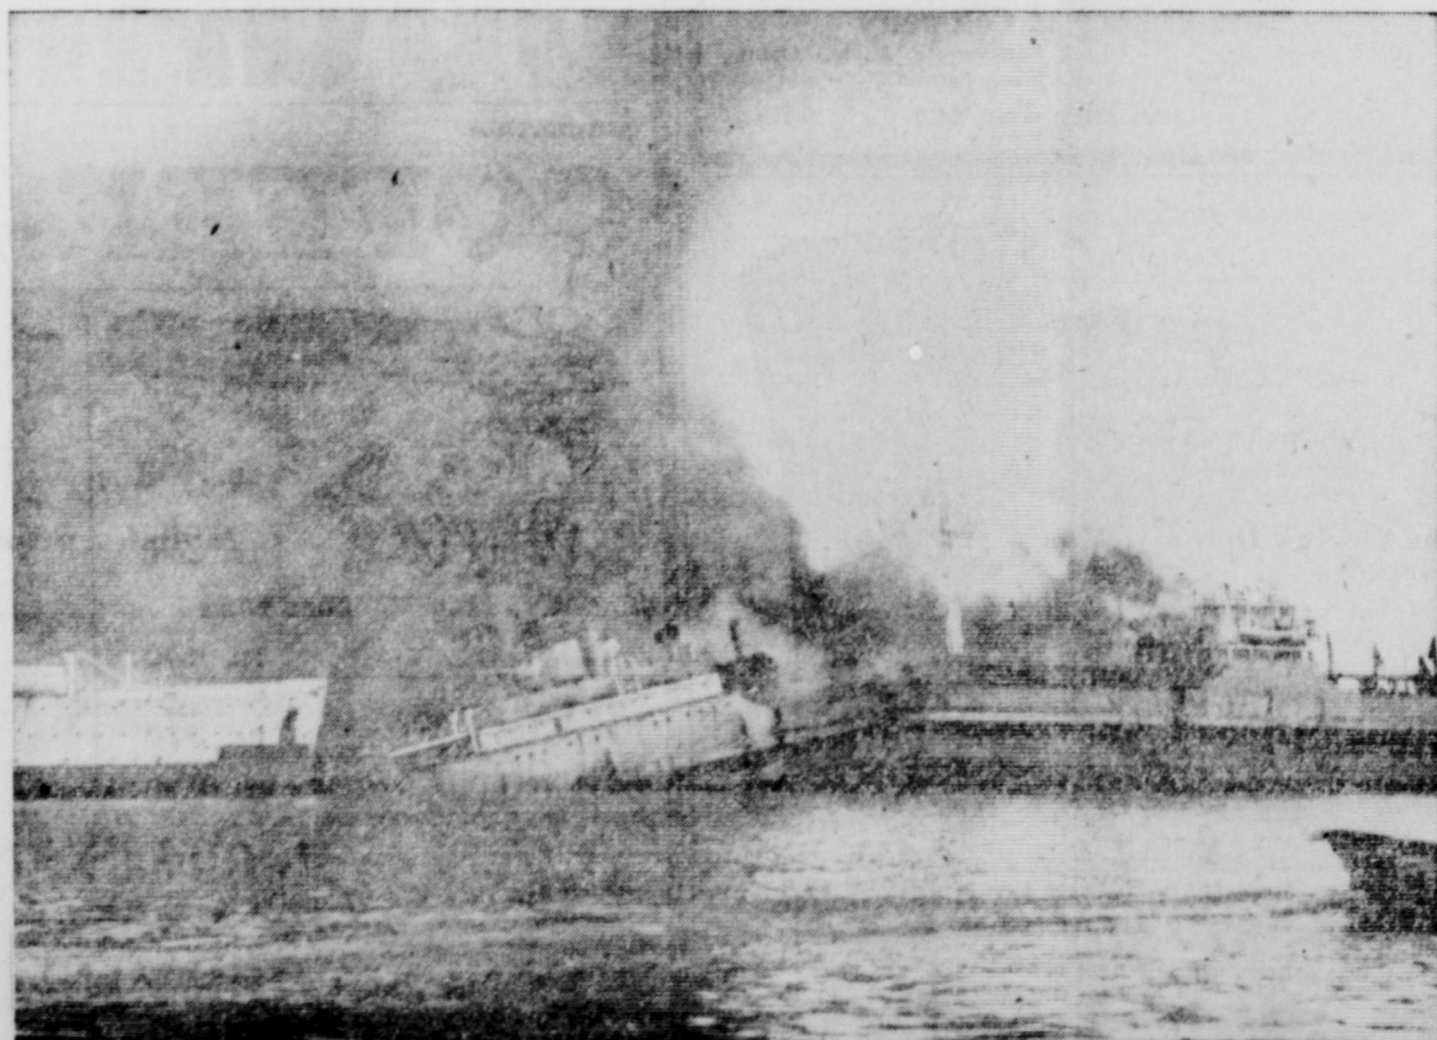

WHO'S LEADING WHOM?—Two Great Danes look around inquiringly at tiny Nancy Jo Dinsmore, of Lowell, Ind., who is going with them into the International Kennel Club's all-breed dog show in Chicago. The spotted dog is Harlequin, a seven-month-old pup, and the other is a Great Dane champion, Derrick of Dillner, seven years old.

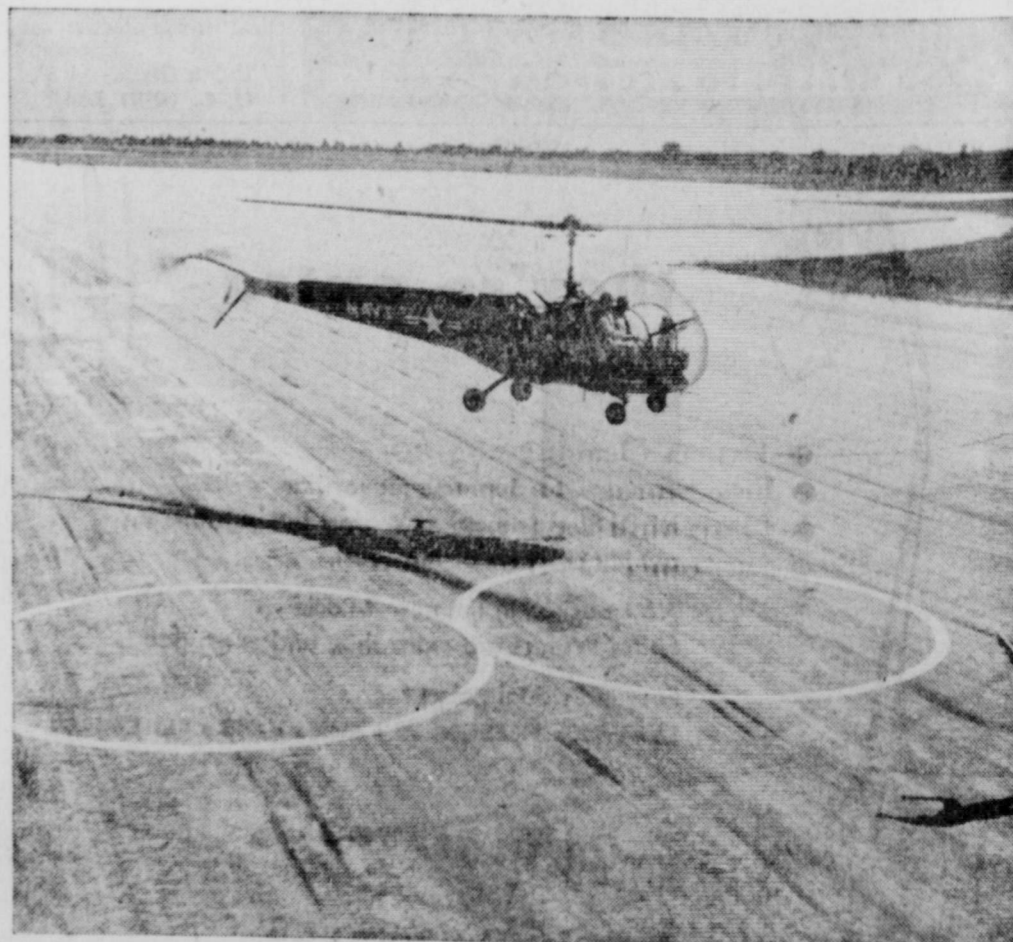

UNCERTAIN LIVING—After a section of this building collapsed, killing three persons and injuring 12 in Rome, Italy, workers began clearing the rubble and masonry. Formerly a school, building has recently been occupied by refugees. The cause of the unexpected collapse has not been found, and the city's Mayor was threatened by an angry crowd when he visited the scene.

HER NIBS—Miss Georgia Gibbs is the name. The well-known singer was named fashion's "Best Dressed Entertainer" at the annual spring selection of the Fashion Academy Gold Medal Awards in New York. Georgia always dresses as well as she sings.

DESTRUCTION IN THE HARBOR—A huge black cloud marks the sinking 10,000-ton Italian tanker Montallegro after a terrific explosion split the ship in two in Naples. The unloaded tanker was undergoing repairs and the blast appears to have been caused by ignition of gasoline fumes. Twelve persons were killed and about 60 others seriously injured.

COPING WITH 'COPTERS—The U.S. Navy has started a helicopter training program at the Pensacola, Fla., Naval Air Station in response to growing proof that helicopters are a wartime utility. Recent rescue missions in Korea have proved their spectacular usefulness as instruments in saving lives. Here, a pilot tries to maneuver the helicopter over the figure eight on the runway. The craft must remain about ten feet from the ground during this exercise.

Putnam News . . .

The Woman's Study Club met at the school building March 26 and was assisted by Mrs. R. A. B. Hutchinson was hostess and was assisted by Mrs. R. Clinton, Mrs. E. C. Waddell and Mrs. L. A. Williams.

Miss Eudora Hawkins of the West Texas Utilities Co. of Abilene was guest speaker. She brought a very interesting talk "The Old Forts of Texas" before she presented the film "Remember the Alamo." She then showed a film put out by the American Cancer Society.

The hostess served cookies, these sandwiches, olives, tea, and coffee to Mrs. Ace Hickman, Mrs. P. Brightwell, Mrs. S. L. McCoy, Mrs. Ashley White, Mrs. John Norrell, Mrs. M. C. McGowan, Miss Betsy Hickman, all of Abilene, Mrs. Buddy Ried, Mrs. John Kellner and twelve club members.

Mrs. C. P. Chick and children of Cisco spent Friday in Putnam visiting friends.

Mr. and Mrs. Joe Nalley of Merkel spent Easter Sunday in the home of her brother, Mr. Earl Rutherford.

Dr. and Mrs. C. A. Davis and David Wiggins of Hobbs, New Mexico, and Mrs. J. H. Davis of Abilene were weekend guests in the home of Mr. and Mrs. S. W. W. W.

Mr. and Mrs. Troy Wadczek and daughter of Colorado City, spent the Easter holidays in the home of her parents, Mr. and Mrs. R. D. Williams.

Miss Fredalyn Cook, daughter of the Fred Cooks, and student at Hardin-Simmons University visited with friends in Austin during the Easter holidays.

The following students spent the weekend with their parents: Betty Williams, — daughter of

Mr. and Mrs. E. H. Williams; Bruce Williams, — son of Mr. and Mrs. R. D. Williams, from Texas Tech, Aura Francis Waddell, — daughter of Mr. and Mrs. E. C. Waddell; Retha Burnam, — daughter of Mr. and Mrs. Mark Burnam; Patty Williams — daughter of Mr. and Mrs. E. H. Williams; Billy Jim Everett, — son of Mr. and Mrs. W. A. Everett, from Hardin-Simmons in Abilene.

Mr. and Mrs. Carol Tatom of Colorado City were guests Sunday of Mr. and Mrs. R. D. Williams.

Rheumatism Arthritis Pains Relieved

IN FEW MINUTES
with Doctor's External Prescription

Make This 24 Hr. Test
Enjoy blessed relief from swollen, aching joints, arthritis, rheumatism, sciatica, lumbago or neuralgia—or no cost to you for trying this prescription formula called Muscle-Rub. Widely used by institutions, massage parlors and gymnasia; recommended by coaches and trainers for muscle soreness, strained ligaments, painful sprains and bruises.
To get safe, quick relief, simply apply this pleasantly scented liquid EXTERNALLY wherever you feel pain—limbs, joints, shoulders, neck, back. Note how much more comfortable you feel all day, how many hours of restful sleep you get at night.
"My patients and I are more than pleased. Warmth soothes and produces circulation to carry off toxins. Nothing compares to Muscle-Rub for relieving the suffering from arthritis and kindred pains," states T. T. Connor, physiotherapist, Philadelphia.
Money Back Guarantee
Get Muscle-Rub today from your Druggist. Use half the bottle. If you are not delighted with results, return what's left to your Druggist, who will cheerfully refund your money. Regular economy or hospital size bottle \$2.25, or Special Large Trial Size \$1.25. Bottle, ONLY. At Dean Muscle-Rub Drug Store.

Despite an ever-increasing industrialization and the tremendous progress in oil production, the livestock industry remains the economic backbone of West Texas. The West Texas Utilities Company not only supplies the farms and ranches of the area with low-cost dependable electric power, but makes every effort to help West Texas stockmen make the most profitable use of their electric service.

The trained personnel of our Farm and Ranch Development Service is available to assist, without cost, in helping solve your electric problems.

West Texas Utilities Company
