

The Gay Philosopher

By J. W. S.

THE FINAL COUNT showed that 1,463 auto license plates were sold by Mrs. Peggy Gallagher, deputy tax collector, at the Chamber of Commerce offices here. This represented about \$18,000 worth of auto taxes. The fact that the Chamber of Commerce handled the sale of tags saved local people considerable money and time, for they would have had to drive to Eastland to get the tags.

Cisco car tag sales were considerably more than any other station in the country, except the courthouse where all truck license sales were handled.

DROPPED OUT TO the boat house at Lake Cisco late Tuesday to wet a hook, despite the unfavorable report of our Spang Calendar. But we came home with a good pan full of nice crappie, thanks to Mrs. E. G. Dameron and Mrs. H. C. Anderson. These two ladies are almost daily visitors at the boat house.

Saw Mr. and Mrs. C. E. Hailey and daughters there. Also with them were Mr. and Mrs. Owen Edward King of Dallas. Mrs. King is the former Miss Margaret Hailey. They're here on vacation, and the Haileys and the Kings are thinking of pulling out to Corpus Christi this Friday for a bit of deep sea fishing.

The old boat house took a pretty considerable beating recently in a high wind. Also saw Mrs. C. M. Townsley out and a flock of others. Fishing generally wasn't very good yesterday.

Mr. Ray Judia was busy at his place building a boat. Fishing is expected to be pretty good at the local lakes this year due to the re-stocking program and Mr. Judia is getting ready.

THE BOYS OVER at the Back in the Saddle office have their chests out these days. Advertising Man W. P. Knight recently mailed a copy of the magazine to Arthur Godfrey, the radio master of ceremonies. And Mr. Godfrey gave them a lot of free advertising on the radio the other morning.

The advertising was good for Cisco, too.

COMES A NOTE from Mrs. Burril Reed of Comanche to give us a copy of a news story that went out from Korea about Roger Doyle of Cisco getting an insurance letter delivered to him in a fox-hole. We recently quoted this item. Mrs. Reed said she was sending it to us because her son, Sgt. Francis A. Reed, had sent it to her. Sgt. Reed was raised in Cisco and has many friends here.

THE WORRIED parent whose child has difficulty learning to read in school frequently wants to buy a duplicate set of school books and coach the child at home we're told. This practice often proves harmful to the child's reading habits, as the tendency is merely to memorize the next day's lesson, our informant continues.

Parents should realize that children are to develop skill in using a tool, and are not learning "reading lessons."

Our informant continues that school teachers will usually do a pretty good job if the parents won't try to rush the projects.

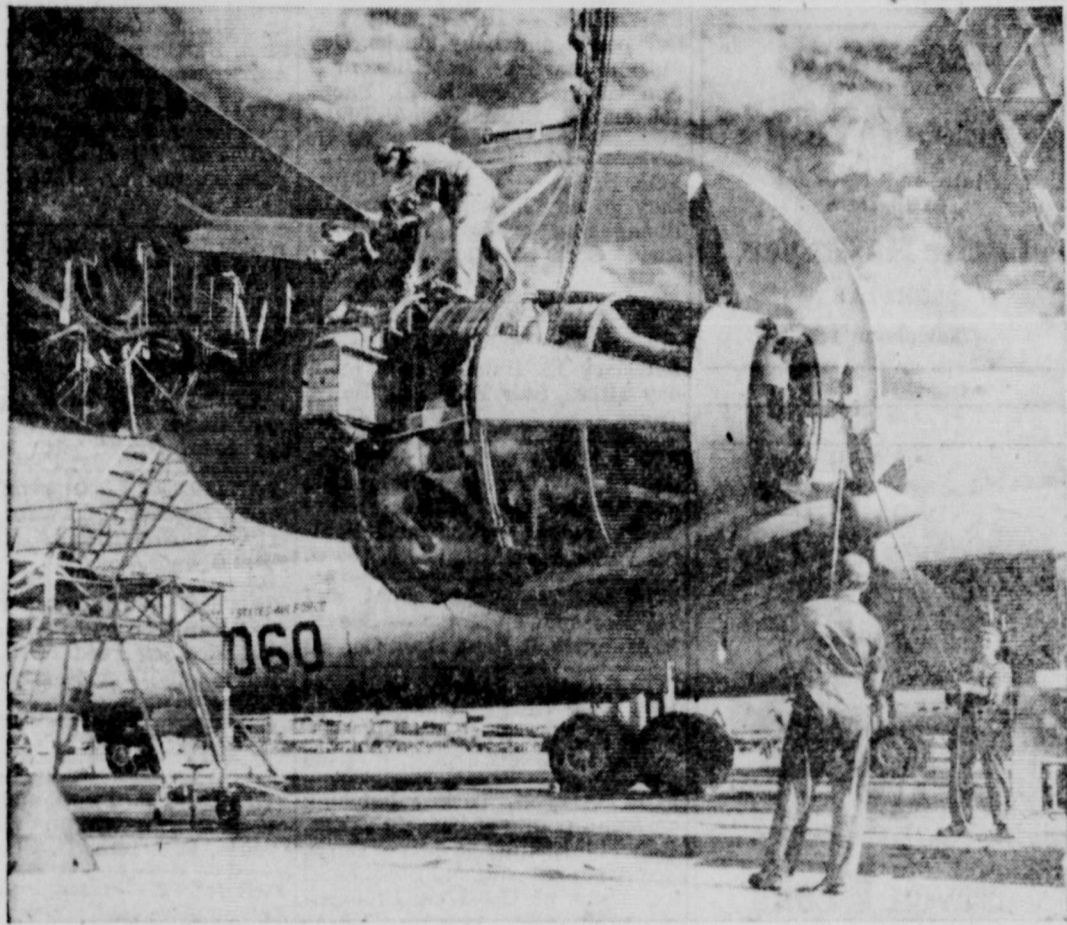

Frigidaire Gets Contract For 52 Electric Boxes

The Frigidaire Sales Corporation, Fort Worth, was awarded a contract to furnish 52 electric refrigerators for the housing units under construction here at a meeting of the Cisco Housing Authority at 2 p. m. Monday at the Chamber of Commerce.

The housing units will be equipped with 6-foot refrigerators for which the authority will pay about \$7,044.

The authority rejected bids for gas cook stoves and plans to re-advertise for bids on this item, Chairman S. H. Nance said. The bids were rejected because they exceeded the authority's estimate on cost.

Bids were opened some ten days ago and were sent to the Public Housing Administration, Fort Worth, for analysis and recommendation.

TIGHT FIT—One of the six engines which provide the horsepower to lift the Convaer B-36 bomber higher than 40,000 feet and send it 10,000 miles is shown being fitted to the trailing edge of the atom bomb carrier at Carswell Air Force Base in Fort Worth, Tex.

OUTCOME OF BIG SIX WILDCAT EXPECTED TO BE KNOWN SOON

Outcome of the Big Six Oil Company's No. 1 B. W. Martin, semi-wildcat oil test just north-east of Cisco, was expected to be known in the next day or two, according to information here. Completion work was in progress.

The well was given the hydraulic treatment Sunday and it was being swabbed today in an effort to make it produce. Some observers believed the well might make a pumper. An 18-foot section of Lake sand was being sought.

In the Bankline-Owens pool, five miles northeast of Cisco, the

Bankline Company's No. 6 J. H. Reynolds was drilling at 3,576 feet today. The drill went through an 18-foot section of Lake sand which reportedly looked good and will continue to the Duffer lime.

The S. D. Johnson No. 2 George P. Fee was drilling below 2,000 feet. It is two locations west of production on Johnson's Mize lease. Johnson has just completed his second Mize well, which is expected to make it allowable.

The E. C. Johnston No. 2 John Hart was to begin completion tests today. Drilled to the Lake sand last week-end, a drill stem test showed gas to the surface in three minutes and oil flowed in some 12 minutes. Pipe was set and the plug was ready to be drilled.

Location was being cleared for the Kupp and Dickson No. 5 Otto Chance and drilling is expected to begin next week.

A new wildcat location for the county is the HB&G Drilling Co. No. 1 W. Sneed three miles north of Eastland, 330 feet from the south and east lines of Section 23, Block 4, H&C Survey. Permit calls for a 4,000 foot test.

W. O. Kimmell et al have permits to drill their Nos. 1 and 2 Alma and Josie Harris six miles northwest of Rising Star as 2,500 foot projects in Section 11, George Clark Survey.

Noted Men Will Attend Party At Ranger On Friday

Distinguished Texans will be in Ranger Friday for "Boyce House Day," it is announced by Allan Full, president of the Junior Chamber of Commerce, which is sponsoring the celebration in honor of the new book, "Roaring Ranger, the World's Biggest Boom."

State Land Commissioner Bascom Giles has advised the committee that he will attend the luncheon and the other features of the day unless the tidelands fight in Congress requires his presence in Washington. As head of the Land Office and of state land boards, Giles plays a leading part in the handling of hundreds of thousands of acres of oil land belonging to the University of Texas and to the public schools.

Two noted attorneys of Houston will be there: W. J. Barnes, formerly of Cisco, and Gilvie Hubbard. Judge Barnes was assistant county attorney during the boom and, afterward, served two terms as county attorney. Many will recall the large and genial lawyer. Hubbard's career has almost paralleled that of Barnes. The two attended the University of Texas law school together, they served in the army in World War I, after the war came to Eastland County to practice law and Hubbard was assistant county attorney in Barnes' administration. Hubbard then went to Houston where he became one of the leading attorneys for the Humble Company. Barnes went to Houston soon afterward and he, too, has become one of the principal lawyers for that great oil company.

Still another acceptance has been received from a former Eastland Countain: Coach "Red" Williams, as he was known when—just out of college—he turned out some of the finest football teams in the history of Rising Star High School. Now one of the foremost educators of Texas, Dr. R. L. Williams is superintendent of schools in Beaumont.

Car Mishap Mars Week-End Visit

One local person was painfully injured and others received minor scratches and bruises in an automobile accident which occurred at 7 a. m. Sunday near Olney.

Robert Dale Whisenant received a head cut which required seven stitches. Whisenant and others were treated in an Olney hospital and released to return to their homes in Cisco.

The accident occurred when a car driven by Mrs. W. E. Miller overturned after a tire blew out. The party was enroute to Wichita Falls to visit Mrs. Miller's son who is stationed at the Sheppard Field near there.

Riding in the car with Mrs. Miller were Mrs. H. H. Jones and infant, Jeanell Miller, Rex Milton Miller, Iva Dean Sublett and Robert Dale Whisenant.

Phayer's Condition Is Still Critical

The condition of C. W. (Cliff) Phayer, local oil operator, remained critical in a Fort Worth hospital Wednesday. Mr. Phayer was injured in an automobile accident Sunday night near Weatherford. The crash claimed the life of W. H. Ezell, Cisco oil man.

Mrs. Phayer, who was in St. Louis at the time of the accident, was at the bedside of her husband.

The mess hall at Texas A & M College is the largest permanent mess hall in the world.

Scranton Seniors To Present Play

The Senior Class of the Scranton School will present "Here Comes Charlie," a comedy in three acts, in the auditorium there at 8 p. m. Friday, April 6, according to an announcement here today.

Members of the cast include Jane Starr, Lawrence Ingram, Julia Wheatley, Joe Wheatley, Jimmy Simons, Patsy Naylor, David Stutville, JoAnn Morgan and Ruth Page.

Mrs. E. R. Battle is director of the play. Admission charges will be 40 cents for adults and 20 cents for students. The general public has been invited to attend.

Annual 4-H Rally Set For April 14

The 4-H Club boys and girls of Eastland County will hold their annual 4-H Club Rally on April 14, in Eastland, according to C. V. Whitaker, assistant county agent.

The morning program will be held in the Lyric Theatre. This program will get under way at 10 a. m. and last until noon. The program for the morning will consist of some entertainment, a movie, and presentation of the achievement awards by County Judge John Hart.

All club members and their families are to bring a picnic lunch and spread it together at the city park. The afternoon program will be held at the park.

TALKING ABOUT THE WEATHER—The high temperatures in Los Angeles are a topic of conversation for Manny, Moe and Jack, three penguins at the Griffith Park Zoo. They're not exactly dressed for a heat wave, but not even an unexpected spell of humidity can cause these birds to ruffle their sartorial elegance.

'Jubilee Trail' To Be Reviewed In Rising Star

Miss Evelyn Oppenheimer, nationally known book reviewer, will present her interpretation of Gwen Bristow's "Jubilee Trail" at the First Methodist Church in Rising Star at 8 o'clock tonight.

The program is being sponsored by the Rising Star P-TA and the proceeds will be used in school improvements.

The book, "Jubilee Trail," is a story of the opening of the western empire and has enjoyed the honor of being a best seller for more than a year.

Miss Oppenheimer, who is sponsored by Sangers in Dallas, will be in Cross Plains Thursday night when she will review the humorous book, "People Named Smith."

Vacation Is Seen In Shopping Time Saved By Women

Each Texas housewife can get an extra vacation of more than a week from household activities this year.

A little more than seven full days in the 365 could be added to the leisure time of every homemaker in the state if she would modernize her food shopping habits, a study conducted by the Scrvel Homemaker's Institute reveals.

The research disclosed that most of Texas' 1,643,376 housewives shop for groceries everyday, a staggering total of 598,370, 864 hours, or approximately 24, 656,140 days. By shopping only twice a week for food, which now is possible because modern household refrigerators can hold more than a week's supply of food at a time, each housewife could reduce grocery shopping time by half. Whereas every-day shopping requires an estimated 15 full days a year of each homemaker, the twice-a-week system cuts the figure to 7.5 days.

DEMOLAYS WILL MEET

A meeting for pledges for the new Cisco DeMolay Chapter, their fathers and members of the advisory council will be held at 7 p. m. Wednesday at the Masonic Hall. All boys interested in joining the chapter and their fathers also were invited to attend.

RANCH DAY MEETING

Members of the Cisco Roundup Club will meet with a committee of college students and others at the Chamber of Commerce at 7:30 p. m. Wednesday to discuss plans for the coming Ranch Day program at the Cisco Junior College.

Mayor And Two Commission Members Returned To Office

HORSE POWER—Uncle Miltie seems a little travel-weary as he follows trainer Andy Colando from his railroad car to a stable at the Jamaica, N.Y., Race Track. The three-year-old horse spent his winter in Florida and now he'll carry top weight in the Experimental Hardicap at Jamaica.

776 Voters Take Part In Election

A total of 776 Cisco citizens went to the polls Tuesday and voted to keep the city commission intact by returning Mayor G. C. Rosenthal and Commissioners Don Rupe and James McCracken to office for the next two years.

In the Mayor's race, Mr. Rosenthal won a second term by a 40-vote margin over his opponent, City Commissioner J. W. Slaughter. Mr. McCracken led the ticket in the commission race.

Complete, unofficial returns for the two races were as follows:

Mayor	
G. C. Rosenthal	391
J. W. Slaughter	351
Commissioner	
J. P. McCracken	522
Don Rupe	442
W. W. Fewell	266
W. L. Lewis	232

The turn out was comparatively large as city elections in past years had attracted about 400 voters. The election was held at the city hall with Fred Grist as the president judge. His assistants were Sulton Crofts, Mrs. B. S. Huey, Miss Mina Robinson and Lee Mehaney.

Mayor Rosenthal said today that the new terms of office for the three men re-elected will begin with the April 24 meeting of the council. He indicated that there would be no changes in the assignment of the various commissioners and in city employees.

Mr. Rosenthal expressed his appreciation for being returned to office and pledged himself to do everything possible for the progress of the city.

Commissioner Slaughter expressed his thanks for support. And he pledged himself "to work wholeheartedly with the mayor and other members of the commission for the advancement of our city."

Candidates for city commission posts were also appreciative for consideration given them at the polls.

Slaughter Quotas Announced by OPS

FORT WORTH, April 4.—During April slaughters of cattle will be permitted to slaughter no more of these animals than the amount they slaughtered in April, 1950, accounting periods, Ellis H. Boyd, Fort Worth District OPS Director, said.

There will be no quota restrictions for calves, sheep, lambs, and swine for April.

Slaughter quotas for all types of livestock were to have gone into effect April 1 under the original OPS regulation which was issued February 9.

Slaughters were required to apply for registration by March 15. However, because of delays in obtaining forms and due to administrative difficulties, OPS said, it has not been possible for all such slaughterers to apply for or receive their registration numbers.

If a slaughterer has not filed an application for registration or received his registration number by April 15, he may not slaughter livestock after that date. Boyd emphasized that forms now are available and that it is the responsibility of the slaughterer to see that he obtains the proper forms in time to make his application.

In restricting cattle slaughter during April, OPS said a class 2 slaughterer who received an adjustment from OPS covering his April 1950 slaughter of cattle may use this quantity as his April 1951 quota.

OPEN BUSINESS HERE

H. N. Thompson and Doc Horn have opened a garage and welding shop at 206 East 6th Street, they announced today. They plan to specialize in auto repairs of all kinds and to do welding of all kinds. They have portable welding equipment. Thompson came here from McAllister, Okla., and Horn is a native of Cisco.

Civil Service Plans To Hold Job Exams

The Civil Service Commission announces an examination for filling vacancies in the position of Investigator at entrance salaries ranging from \$3825.00 to \$6400.00 per annum. Employment will be with the Office of Price Stabilization establishments located in the states of Arkansas, Louisiana, Oklahoma and Texas.

K. N. Creers Buy Bowling Lanes

Mr. and Mrs. K. N. Greer of Falfurrias, who formerly lived here for many years, are the new owners of the White Bowling Lanes, it was reported today. Final papers in the sale were to be signed today upon the arrival of Glen White, who had operated the lanes for the past several years.

The sale was effective April 1 and Mrs. Greer took over the property. Her husband, who has been managing theaters at Falfurrias, will join her in two weeks, it was understood. The Greers formerly owned both the bowling lanes and the Cisco theaters.

Mrs. White has been operating the lanes for the past few months while her husband was at Fort Braeg, North Carolina, in a civil service assignment. She planned to return to North Carolina with him this week-end.

Baptist To Hold Convention Soon

DALLAS, April 4.—Honor guests at the state Baptist Sunday School convention in Amarillo, April 16-18, will be persons who have been working in Sunday School 50 years or more.

Teachers and officers whose Sunday School work spans at least a half-century will receive special recognition at the evening session Tuesday, April 17, in the Municipal Auditorium. Honor awards will be presented the guests.

Five thousand Sunday School members from Texas are expected to attend the convention which will be the 22nd annual meeting in the state. It is sponsored by the department of Sunday School work, Baptist General Convention of Texas.

Beginning at 1:30 Monday afternoon, April 16, the convention will continue through Wednesday noon, with day sessions in the First Baptist Church, Amarillo, and evening sessions in the Municipal Auditorium.

Choral Group To Sing For Banquet Thursday Night

The Cisco Junior College Choral Club and a group of school officials and others will leave early Thursday for San Antonio where the club will sing at a banquet of the Texas Association of Colleges Thursday night.

Director Robert Clinton's 46-member choral club will be accompanied on the trip by President O. L. Stamey of the College, Mr. and Mrs. Lester Matthews, Mrs. Roy Farley, Jack Chambliss and others.

The club will give a 30-minute concert as a musical feature for the banquet. Mr. Chambliss will appear in a tenor solo.

THE CHAMP—Miss Raeburn Edgington, of Hammond, Ind., is the latest high school short-hand champion. She set a new world record with a 99.3 per cent accuracy mark on a 175-word-per-minute test. She'll never be out of a job.

RESERVES REACH NEW HIGH

The nation's known proved reserves of crude oil, natural gas liquids and natural gas were boosted to new all-time peaks in 1950, despite record-breaking production of natural gas liquids and natural gas, and near record-breaking production of crude oil.

This was announced recently by the American Petroleum Institute and the American Gas Association in a joint report. The findings have special significance to a security-conscious country for these new additions to proved reserves add to the internal strength of the United States.

The joint report, which covers discoveries, revisions of previous estimates and extensions of known pools during the 12-month period ending December 31, 1950, was compiled by special reserves committees of both trade associations during their annual meeting in Colorado Springs, Colo., recently.

Total new supplies of crude oil and natural gas liquids developed in 1950 amounted to an estimated 3.3 billion barrels. With total production of liquid hydrocarbons estimated at close to 2.2 billion

Letters

Editor:

Demand for 50 percent cotton production increase this year and current high prices, have made farmers "cotton crazy", says the Wall Street Journal, national daily of the business world.

California farmers are plowing up fine orchards, vineyards and berry and vegetable fields, and turning the land to cotton. Rental of \$100 an acre per year is being paid for land to grow cotton.

All of which amused Texas farmers who know that the prize cotton land of the nation is in Texas, equal and superior to any California land. Rich river bottom land in Texas produces more than anything in California, and without irrigation.

On a production basis and by California values, Texas has ten million acres of river bottom land worth \$1,000 an acre, since it will yield a bale to the acre without

tion cubic feet over 1949.

The proved reserves of liquid hydrocarbons and natural gas referred to in the joint report apply only to those reserves whose locations and extent have been proved and measured. They do not include any estimate of oil or gas which may underlie the vast untested acreage which appears favorable to the accumulation of oil and gas in the U. S.

A review shows that since 1933 American oilmen have added to the nation's petroleum reserves every year except one year. In the 18 year period the proved reserves have been more than doubled.

The API reserves committee estimated the crude oil reserves, the API committee accounted for natural gas and both committees estimated the natural gas liquids.

fertilizer, worth on today's market more than \$200 a bale, not to mention the seed and other crops grown in connection with cotton.

But before this "white gold" of the rich valleys can be mined, the land has got to be reclaimed and protected from the annual floods that lay it in waste. The rivers must be straightened, deepened and cleaned out, and the land made ready for farming, which is not being done, now. Hundreds of millions of dollars are being spent to build lakes on Texas rivers to conserve water, but not a dollar to reclaim the multi-billion dollar land value along their rich banks.

When will a sane, practical program be launched to develop and work these vast gold mines running through Texas? Wallace Jenkins, Farmer, 801 Pemberton Hill Road, Dallas

GET 4-WAY Summerproof

FOR THE LONG PULL AHEAD!

Give your car a "lift" by driving in at your favorite Sign of the Flying Red Horse for 4-Way Summerproof Service. Hot weather, higher driving speeds, more miles on the highway and uncertainties about replacement parts make regular car care more vital than ever. With this 4-Way seasonal protection

program there's more life for your car. Whether you want added pep and performance, or more miles of service with less wear and repair, your Friendly Mobilgas Dealer is ready to help. Ask for these four Summerproof services at the Sign of the Flying Red Horse:

1 ENGINE gets fresh Mobiloil to protect hard-working parts, keep it clean and cool, fight friction and deposit formations which waste fuel, rob power and cause needless repairs.

2 RADIATOR service includes draining anti-freeze plus a Mobil Radiator Flush to wash away all traces of winter rust and scale. Adding Mobil Hydrotone helps retard corrosion.

3 CHASSIS gets Mobilubrication to protect vital friction points, cushion your rides and safeguard vital under-car parts from washing effects of rain or rutted roads.

4 GEARS are given the protection of the correct Mobilube Gear Oils to help prevent costly repairs by safeguarding both transmission and differential. Proper maintenance is a must for cars with automatic transmissions.

GET THE CARE THAT GETS THE BEST FROM YOUR CAR at the Sign of the Flying Red Horse!

Presbyterian Circle Three Meets Tuesday And Installs Officers

Circle Three of the First Presbyterian Church met Tuesday afternoon in the church for their regular business meeting, in which the officers for the coming year were installed by Mrs. John Kleiner. They are as follows: chairman, Mrs. J. A. Jensen, vice chairman, Mrs. J. J. Tableman, program chairman, Mrs. W. W. Wallace, Bible teacher, Mrs. C. R. Baugh, secretary and reporter, Mrs. Rudolph Kamon, and Mrs. Frank Harrell, treasurer.

The meeting was opened with the Lord's Prayer with Mrs. J. A. Jensen presiding. Miss Willie Word presented the Bible lesson on the Ten Commandments. It was decided to have Prayer Band every morning at 9 o'clock. Mrs. John Kleiner read an article on "The Educated Colleges," taken from the Presbyterian Survey. The meeting was dismissed with

prayer by Mrs. W. W. Wallace. Those present were: Mesdames W. W. Wallace, E. P. Crawford, John Stansell, C. R. Baugh, John Garrett, J. J. Tableman, Rudolph Kamon, J. A. Jensen, Frank Harrell, John Kleiner, and Misses Helen Crawford and Willie Word.

Paul Bell Circle Meets For Study

The Paul Bell Circle of the First Baptist Church met in the home of Mrs. E. L. Fleming Tuesday afternoon for a business meeting and Bible Study. The meeting was opened with prayer by Mrs. Cecil Adams with Mrs. E. L. Fleming presiding. Mrs. Adams announced that the Circle assignment for the month is to give financial assistance to a needy family. Mrs. C. P. Cole presented the Bible Study from the eighth chapter of Romans. The meeting was closed with prayer by Mrs. Fleming.

Those present were: Mesdames Cecil Adams, C. P. Cole, W. L. Darr, E. L. Fleming, W. L. Hussey, O. L. Lee, D. N. Morrison, A. D. Taylor, and two visitors, Mrs. Frank Wood and Mrs. W. B. Cates.

Baptist Circle Six Has Meeting Tuesday

Circle Six of the First Baptist Church met in the home of Mrs. C. W. Reed Tuesday morning. The meeting was called to order with prayer by Mrs. Cooper. Mrs. Cheves presided over the business session. The minutes were read and approved. The devotion was led by Mrs. R. R. Jones.

Refreshments were served to Mesdames E. H. Cheves, W. C. Clements, A. B. Cooper, M. P. Farnsworth, R. R. Jones, Roy Morrison, Royce Pope, M. M. Taylor, and the hostess, Mrs. Reed.

Legion Auxiliary Meets Monday For Welfare Program

The American Legion Auxiliary met Monday evening at the Legion hall with Mrs. Gorum Pollard presiding. Colors were advanced by Mrs. Ethel Berry and Miss Lela Latch. The Pledge of Allegiance was given and the group was led by Mrs. Opal Blackstock in singing the Star Spangled Banner. Prayer was given by the chaplain, Mrs. Mac Stephens. The sick and bereaved were mentioned and cards sent to them.

Mrs. Katherine Berry brought a program on "Child Welfare," stressing, "A Square Deal for Every Child." The next meeting will be held April 16. This meeting will be a joint meeting with the Legion. About twenty members were present.

Rebekahs Meet For Social To Honor Mrs. Effie Mayhew

Mrs. Ben Krauskopf entertained the Good Will Rebekahs in her home Thursday evening with a party honoring Mrs. Effie Mayhew, Junior Past Noble Grand of the Lodge.

After their regular meeting at the Rebekah Hall the members went to the Krauskopf home where they engaged in games and conversation for the remainder of the evening.

A lovely Rebekah lapel pin was presented Mrs. Mayhew by Mrs. Ethel Moore, noble grand, in behalf of the Lodge. Sandwiches cake and coffee were served by the hostess to the following: Mesdames Effie Mayhew, Ethel Moore, Laura Jensen, May Kleiner, Katie Cooper, Ruth Bolinger, Leah Bates, and Dee Clements.

Birthday Club Has Buffet Dinner Friday At E. L. Pugh Home

The Double Octet Birthday Club met in the home of Mrs. E. L. Pugh Friday evening. Dinner was served buffet style with guest seated at quartet tables. The invocation was given by Mrs. E. H. Cheves and Mrs. Grady Laws presided over the business session. Mrs. Harry Schaefer led the group in games and the birthday song was sung to the hostess.

Those present were: Mesdames Truly Carter, E. H. Cheves, Grady Laws, C. S. Surles, F. E. Shepard, W. D. Hazel, Harry Schaefer, Barton Philpott, W. F. Walker, O. J. Russell, Miss Willie Frank Walker, the hostess and one visitor, Mrs. Mac Stephens.

From The Seller's Point Of View -

... he may earnestly believe that just any kind of an abstract will do, but it makes a lot of difference to the buyer as to the kind of an abstract he gets. There is as much difference in the quality of title information as there is in people and personalities. Most attorneys try to protect their clients against the hazards of irresponsible and sub-standard abstracts, and they should. Waiting for the best, where waiting is required, will pay big dividends in the long run.

Cordless Hearing Aid Announced To Deafened

St. Paul, March 31. Telex, Inc., makers of the world's first wearable vacuum tube hearing aid, has announced the development of the world's first wearable cordless electronic aid to hearing.

This new aid opens up whole new vistas of hope to the deafened, especially those who want the closest approach to good hearing with nothing to show and almost nothing to wear.

There's no electrical cord to hang down, and no button to wear in the ear for everyone to see. It's not just something you can't see — there isn't any cord or receiver button at all.

If you want more details on this latest hearing development call or write the office of the distributor in your area, Cochran & Johnson, 215 West 8th Street, Ft. Worth or write directly to Director of Research, Telex Park, St. Paul 1, Minnesota. — Adv.

You'll have oil!

The oil industry is better prepared than ever before in history to supply the country's needs for petroleum products. Continuous exploration and development have established the necessary reserves, refining capacity has been increased, transportation facilities have been improved and extended.

tinued to roll, farmers' equipment stayed in the fields, industries powered by oil continued to operate; not an airplane was grounded, not a ship stayed in port, for lack of fuel.

Operating competitively in free America, the oil companies have brought U. S. oil resources to a state of readiness not equalled in any other country.

Nevertheless, the industry recognizes that all-out defense preparations will pose many new problems; that some petroleum products may be reduced in quality; that some sacrifices may become necessary.

In the past year, the daily needs of the American people plus the extra needs of national defense increased the demand for oil by about a half-million barrels daily. It was produced at once. Cars and trucks con-

But the oil is here; it's available. You'll have oil.

"I got the story on
50,000 Miles - No Wear
and changed to New Conoco Super Motor Oil"

says Joe Albertson
Traveling Salesman
Santa Fe, New Mexico

"50,000 MILES - NO WEAR!" — PROVED HERE:
After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence . . . in fact, an average of less than one-thousandth inch on cylinders and crankshafts.
AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that new Conoco Super, with OIL-PLATING, can make your car last longer, use less gasoline and oil.

"MANY OF MY CUSTOMERS have actually gone out of their way to thank me for servicing their cars with new Conoco Super Motor Oil, because it has reduced their repair bills by a good margin," says T. S. Young, Young Motor Company, Walsenburg, Colorado. "I know Conoco Super is the finest motor oil on the market."

"I'M ON CALL 24 HOURS A DAY and my car must be ready to roll over the roughest roads in any weather," states B. P. Bryant, Oil Field Engineer, Abilene, Texas. "That's why I changed to new Conoco Super Motor Oil. Never have I had such good gasoline mileage and cost-free operation."

Ask Me About "50,000 Miles No Wear!"
