

## The Gay Philosopher

By J. W. S.

DO YOU HAVE a spare bedroom that you would like to put to good use Saturday night? The DeMolays are to entertain 25 boys from Fort Worth Saturday night and Sunday and they need places for the boys to sleep. If you'd like to help out, call Advisor W. M. Cotton or Chairman Douglas Johnson of the bedroom committee and tell them.

WE'RE GETTING all set for a match in the city golf tournament with Mr. Ray Clark, the Humble Pipe Line engineer. We contacted Mr. Felton Underwood, another Humble man, to do a little research and scouting for us. And Felton's report is discouraging indeed. He says the engineers are tricky — they take their slide rules along to figure angle shots. Now, we're really worried.

SPEAKING OF golf, the Ben Hogan story, "Follow the Sun," is winding up a 3-day run at the Palace tonight. We dropped in last night to see it. And it's very good. The golf shots make the game look easy.

AND SPEAKING OF Ben Hogan, the Cisco Country Club has put out some feelers to see if he would be available to play an exhibition at the local club. His answer so far is that he will have to see about all of his commitments before he can accept or decline.

MR. C. W. HENRY of the feed store reports that his pen of the special big breasted, extra white-meat chickens is coming along in splendid fettle. They're growing up at his store. He has promised us one of them when they reach the frying size. They're beauties to see.

WE'RE ADVISED that Mrs. Ralph T. Wootton, wife of the First Baptist Church pastor, came through a major operation in Dallas Wednesday in good style. Although she was still in considerable pain, Mr. Wootton believed that she was progressing satisfactorily.

YOU NEVER KNOW when you are going to run into a buzz saw. For example, this morning we were asking a lady who was wearing a straw hat if she thought it is proper to wear straws before annual "straw hat" day. This big event takes place around April 20 each year.

You should have heard the lecture we got. Men, we were told, dress alike, wear the same kind of hair cuts and do everything alike. Certainly, it's proper to wear a straw hat in the dead of winter if you want to wear a straw hat in the dead of winter. So, there!

## Be On Guard For Typhoid Fever Is Dr. Cox's Advice

AUSTIN, April 5.—"It is a well known fact that typhoid fever may result from the use of water, milk, or other food contaminated by bodily discharges of patients or carriers who harbor typhoid germs," stated Dr. Geo. W. Cox, State Health Officer.

"The fact that we know the source of infection and the means by which infection may be controlled, emphasizes the importance to all communities of providing water and milk of the highest quality."

"Texas is being host to many visitors this year, and all communities should put forth every effort to see that no epidemic occurs which will put an unnecessary blot on the health record of this State."

"Typhoid fever may be controlled by the use of pure water, pasteurized milk and clean foods, by the proper disposal of sewage, by screening homes against flies, by protecting food from contamination by flies, by destruction of the fly and its breeding places, by search for and care of carriers, and by anti-typhoid vaccination."

"Excreta from persons ill with typhoid should be carefully disinfected to prevent the germs from polluting the soil and thus being carried into streams or wells and contaminating the water supply. Where there is an efficient system of water purification, typhoid fever has greatly decreased."

"It is the responsibility of each community to establish adequate safeguards against the consumption of contaminated products at all times and in all places."

"It is the responsibility of each individual to further control the occurrence of typhoid fever by establishing immunity for himself by vaccination."

## Draft Boards Do Not Have Forms Yet For Students

AUSTIN, April 5.—College students were urged today not to seek application forms for Selective Service aptitude tests from local draft boards, as the "local boards don't have them yet."

Brigadier General Paul L. Wakefield, state director of Selective Service, said "scores of students in Austin have been asking the Travis County boards for these printed forms today, and I imagine the same thing is taking place in other college and university towns in the state."

General Wakefield said application on part of the students probably was caused by a news association story from Washington printed in Tuesday morning newspapers. He quoted from the story as follows:

"College students were advised to get in touch with their local boards immediately and obtain Selective Service forms 106 and 107. These actually are one-cent postcards attached to each other."

The state director said that "not only have the local boards not received these forms, state headquarters has not received them. State headquarters will have to distribute them to the local boards after they are received in Austin."

The Austin headquarters has been advised officially by the nationally headquarters that the forms are being printed "in sufficient quantity for immediate general distribution," but has been given no date of expected arrival.

"For the convenience of registrants and local boards, we will make a public announcement when the forms are available at local boards," General Wakefield said.

**THE MAJOR PROBLEM IS INFLATION**

The major problem now faced by the top defense planners is inflation. That, it is reported, is the view of Defense Secretary George Marshall.

According to the current report, he addressed a grave-faced meeting of the Defense Mobilization Board with these words: "Inflation is getting out of hand. That is especially true as far as the military is concerned. Since Korea, the prices of essential supplies which the services have to buy have continued to rise without a halt. We have lost more planes, tanks and guns by high prices than have been destroyed by the enemy. Unless drastic action is taken promptly to curb inflation, this nation will soon be so weakened that it could not win in an all-out war with Russia."

General Marshall, the report continues, was followed by Eric Johnston, the Economic Stabilizer, who endorsed these views and added, "I just cannot stabilize prices and wages with every group demanding concessions. It's impossible."

High prices have really come with a vengeance to the defense chiefs — as they have to the public at large. As an example, the Army, Navy and Air Forces have asked for budget appropriations which would total substantially more than \$100,000,000,000. Under present conditions, of course, there is no chance of such figures being approved. The services will have to get along as best they can with a great deal less. But it is an indication of the way things are going. The military dollar, like every other dollar, is a sad and shrunken thing by comparison with past times. And, to make matters still worse, the machines of war are far more complicated than were those of World War II. The planes and tanks and other weapons of the present make those of the last conflict look almost cheap.

Mr. Johnston has said, with undoubted accuracy, that every major group in the country — busi-

ness, labor, and the farmer — is exerting pressure on his office for preferred treatment. It seems to be human nature to ask that the proposed budget can be cut by some

As part of the inflation issue, the demand for the strictest kind of economy in government has reached a climax, in and out of Congress. Senator Byrd's documented contention that the proposed budget can be cut by some

\$9,000,000,000 is being taken seriously now. That budget will be subjected to extremely thorough going over before it is brought up for a vote.

# SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

## Officers Installed By Presbyterian Circle Tuesday Afternoon

Circle Two of the First Presbyterian Church held its initial meeting of the new church year Tuesday afternoon in the Ladies Parlor of the church.

The following officers of the circle were installed by Mrs. Mae Kliener in an impressive chain ceremony: Mrs. A. E. Jamison — chairman; Mrs. Alex Spears — vice chairman; Mrs. Frank Bond — secretary; Mrs. W. F. Watson — treasurer; Mrs. Lillian Coleman — program chairman; and Mrs. A. J. Olsen — reporter.

Following the installation of officers, the chairman, Mrs. Jamison called the meeting to order and Mrs. Grady James offered the opening prayer. Mrs. Warwick called attention to the Presbyterian Women's Work-book and Bible study for the year. The lessons are based on the Ten

Commandments in the light of the teachings of Jesus. The special theme was "These Things Abide."

The program chairman, assisted by Mrs. Jamison, brought an interesting lesson on the topic for April, "You Cannot Break The Commandments." Several members took part in the reading of Scripture verses. A prayer band was organized for 1 p. m. each day. Attention was called to the importance of reading and following suggestions for prayer as outlined in "Day by Day." It was also urged that members subscribe for the Presbyterian Survey.

Those present at the meeting were: Mesdames Mae Kleiner, A. E. Jamison, Alex Spears, Frank Bond, W. F. Watson, Lillian Coleman, A. J. Olsen, J. G. Rupe, R. L. Ponsler, Grady James, eGorge Irvine, P. R. Warwick, F. J. Borman, and Miss Betty Baugh.

After sundown it is colder on a desert than in a forest. Sand loses heat while trees hold it.

## Presbyterian Circle One Meets Tuesday

Circle One of the First Presbyterian Church met in the home of Miss Elizabeth McCracken Tuesday evening. The meeting was opened with prayer by Mrs. Grady Jones, with Mrs. Ted Waters presiding. Following the business meeting, Miss Helen Crawford presented the Bible lesson on the first chapter of James. The meeting was closed with the Lord's Prayer.

Those present were: Mesdames J. P. McCracken, B. J. Comingore, Charles Spears, Ted Waters, Glenn Deitiker, W. H. Bragg, Marie Price, Catherine Cole, Misses Elizabeth McCracken, Helen Crawford, and Elizabeth Coleman and two guests, Mrs. Grady James and Mrs. E. McCracken.

TO AUNT FANNIE AND NANA ANDERSON

My: Inez Watson Fox  
I dropped in to pay a visit to a friend whom I had known, When a little child I had been before I to womanhood had grown She was an elderly woman then, with hair just turning gray; And eyes so brown and bright with life's problems every day. Now those years had passed and gone, Her memory had faded, too. She's bed-fast, with one limb gone There's nothing more for her to do. I stood there by her bed-side; Her arm around my neck,

And felt very close to heaven As driving the portals from the deck. So close was she within the gate, As I held to her hand, I felt the Heavenly blessing, And heard the angel band. She did not even know me So far from earth was she. But yet she knew the Savior; Him, plainly could she see. He gave her strength and gladness, When other memory were all gone At the end of life's shadows He will be standing with the dawn!! My heart was overflowing,

As the room I had to leave, My eyes had beheld the sufferings That only death could relieve. But someday in "Glad tomorrow," With Jesus we shall stand, And see no withered bodies, Nor held no withered hands! The "old" shall be made young again, And then we shall behold The glories of God's Heaven If we are within the FOLD. We will know up there as we are known The beauties all to share. There will be no shabby dresses Or no rooms cold and bare. No heart-aches or life's problems

Will there be for us up there, When we've cross this desert earth land And reached Eden's glories fair. Oh, to Him may we be faithful, In this present life with sin So we shall hear the welcomed summons, "Come ye faithful; Enter in!"

**"JESUS EVERLASTING COMFORT"**  
When the trials of life ore take us And we feel so sad and lorn, Let us think of one who loves us And new hope will then be born. Jesus everlasting comfort Always at our side each day. He will love and bless and keep us If we ask him, If we pray.

Think of all the love he's shown us All along life's great highway. Tho' he's taken home our loved ones We will see them some glad day. They're so happy in his presence How can we grieve that they are gone? They're with Angels up in heaven Gathered 'round that great white throne. And when our race on earth is ended How happy then we'll be there. With them our Saviors love to share.

### Christian Church Plans Convention

DALLAS, April 4.—A "get-out-the-membership" campaign was under way in most Texas counties this week in preparation for the sixty-fourth annual convention of Texas Christian Churches in Dallas, April 24-27.

President Colby D. Hall, dean emeritus at Texas Christian University, Fort Worth, asked ministers of each of the 425 Christian churches in the state to head local drives for advance registrations.

The Rev. Paul Campbell, pastor of the Bonham Christian Church, was appointed by convention trustees recently to organize such a campaign in Northeast Texas (District 14).

Delegates will assemble at the East Dallas Christian Church. Lodging will be provided in private homes at \$1 per night. Mrs. Dora Smith, 429 Peak St. Dallas, is arranging hotel reservations, as well as residence rooms.

"Fellowship in Christ" is the convention theme. Laymen, women and youths will hold special activities. Banquets, luncheons and breakfast are planned. The complete program will be announced shortly.

### Women's Fellowship Meets At Aden Home

### New Type Farm Show Is Planned For State Fair

The State Fair of Texas, working closely with officials of Texas A. & M. College System, is blueprinting an entirely new type of agriculture show for the 1951 exposition, Oct. 6-21, R. L. Thornton, Fair president, has announced.

The show will be a balanced, correlated and highly-educational panorama of the state's agriculture as represented by the 14 agricultural extension districts of the A & M System.

Each district will have its own large exhibit, built from information on scientific agriculture furnished "from the grass roots level" by district and home agents and the committees they will designate.

This is one of the best informed groups of men and women in Texas on the state's agriculture because of their close daily contact with farmers and ranchers in their districts, Thornton said.

"The result should be the most outstanding agriculture show in Fair history," Thornton predicted. "We are investing more money in this effort than in any previous agriculture show to give the Fair's 2,000,000 visitors a better concept of the industry's varied output from the Panhandle to the Valley and from the Piney Woods country to the Big Bend."

Thornton added that Fair officials consider agriculture the most important industry in Texas and believe this tribute to farms and ranches of the state will provide the show the industry deserves, one which will appeal strongly to both rural and urban folk.

The first sentence of the Texas Declaration of Independence contained 293 words.

I wish to express my gratitude for the splendid support given me in my candidacy for a place on the city commission.

Your vote of confidence adds to my determination to do my best, as your servant in aiding in running the affairs of our city.
