

## The Gay Philosopher

By J. W. S.

IF YOU HAVEN'T looked at your calendar yet, maybe you'd better not until tomorrow, for today is Friday the Thirteenth. And anything can happen. We once knew a man who was so superstitious about Friday the Thirteenth, that he stayed in bed all day.

TRUSTEES OF the Cisco Consolidated School System are to be commended on their study for a substantial improvement program for the school system. If you read yesterday's paper, you saw the dope on how they have found a way to erect a new junior high school and make other needed improvements without raising taxes.

Their work in the project should serve as an inspiration to us all to do our bit for a bigger and better school system.

YOU'LL BE GLAD to know that the unsightly old fence at the athletic stadium is going to be taken down. The school board has given it to the vocational agriculture boys. The boys will take it down and use the lumber to build a barn at their farm out on the Lake road.

The athletic stadium needs only to do a bit of cleaning up, build the ticket office and brighten the stands to have a first class plant.

AND THE CISCO Lions Club has plans for a project for the grounds around the Community Gym. This will be a long-range program to develop a playground that will be the envy of this section. The initial step is planned soon. Congratulations to the Lions.

SPEAKING OF fence building, neighbors are pretty envious of the new fence that Mr. B. A. Butler has built up at his house. It adds to the appearance of his property.

IN ADDITION TO our town's fine Lake Cisco Park, there's going to be another picnic ground in town. The West Texas Utilities Company is now busy cleaning up the grounds and planting things around their radio tower in the southwest part of town. It will be small but it's to be very attractive.

CISCO GOLFERS enjoyed the pro-amateur tourney Thursday at Breckenridge. Making the trip from here were Pro Bill Dill, Jeep Mitcham, Mike Cameron, Paul Mosley and Jack Milner. Dill's foursome was six under par for 18 holes, but some of the others were better. An eight-under 64 won the meet.

THE TOWN WAS full of cowboys and cowgirls today for the Cisco Junior College Ranch Day. One of the best dressed fellows we saw was Mr. Jim Haynie, the boss man at the college cafeteria. He was dressed as a preacher of the old west days.

You're all invited to drop out to the college for a look around and to help the students have a good time.

## Training Union To Have Meeting Here

An Associational Training Union meeting will be conducted at the First Baptist Church at 3 p. m. on Sunday with Rev. W. H. Karkalits of Moran as principal speaker, it was announced today by Mrs. R. R. Jones, training union director.

The Training Union executive committee will meet at 2:15. The committee is composed of all associational officers. The committee will discuss a monthly youth rally in this area.

All Baptist churches of Stephens, Eastland, and Schackelford counties have been invited to attend the meeting.

Mrs. Jerry Farley of Bryan visited her parents, Mr. and Mrs. Anita Cross, Monday and Tuesday.

**MIXUP**—When 27 cars of a 140-car freight train were derailed, one smashed into the station at Tuxedo Park, N.Y., wrecking part of the 65-year-old building. The heavily loaded train was en route to Jersey City from Buffalo, but there were no injuries in the early-morning accident.

## Several Second Round Matches Are Completed In City Golf Tourney

Several second round matches have been played in the Cisco Country Club golf tournament this week. Pro Bill Dill reported today. Dill asked the play-

## Farmers Planting Spring Crops In Most Of Texas

Getting 1951 crops into the ground moved full scale in many areas of Texas for the first time this spring, during the past week. In South Texas, where soaking rains two weeks ago broke up the critical drought, planting of cotton, grain sorghums and corn made excellent progress. Scattered showers added moisture reserves in central, east and upper coastal counties. Showers in the northern counties of the High and Low Rolling Plains further improved surface moisture. Cool temperatures retarded germination and slowed development of range and pasture feed over the eastern half of the state.

Small grain prospects have not changed materially during the past week. Light midweek showers in the northern Plains were helpful, but most southern High and Low Rolling Plains needed additional rain and warmer weather. Small grains in north Texas also needed moisture and warmer weather.

Practically all intended cotton acreage in the Coastal Bend was planted last week, which was about a month late. In central and eastern counties a limited cotton acreage was planted, but most farmers were waiting for warmer weather. Corn planting and replanting was being pushed toward completion in central and northern counties. Corn planted prior to rains a week ago was up to a good stand in central and northern counties. Grain sorghum planting in the important Coastal Bend area was nearing completion and was well along in many central and eastern counties. Rice drilling was getting started. Pecans were beginning to bud.

Spring range food was coming along over the eastern half of the State, but warmer weather was needed. Livestock there were beginning to get complete fills of green feed for the first time this spring and were responding to the improved feed supply. In west and northwestern counties some ranges were green but cool temperatures were slowing development.

In west, northcentral and southern High Plains counties grass was still dormant because of continued drought and cool weather. Ranchmen were beginning to round up cattle preparatory to shipping to Flint Hill and Osage pastures. Spring movement of sheep was starting but volume was still much below last year's heavy early movement.

Members of the Cisco Rainbow Girls will sponsor a skating party Saturday night at the Lake Cisco Rink to raise funds for use in their work. The general public has been invited to take part in the skating party.

Prizes will be given to the best individual and couple skaters.

## R. E. Kennedy Is Speaker For Rotary Meeting

R. E. (Bob) Kennedy of Abilene, Advertising manager of the West Texas Utilities Co., was the speaker at the weekly luncheon meeting of the Cisco Rotary Club at the Hotel Victor Thursday. Mr. Kennedy appeared as the guest of Rotarian J. E. Proctor, program chairman for the day. He used as his topic, "The American Way Of Life, Is It Worth It?"

He stated that the American way of life is a system of government, an economic system and a social system and that it was relatively free but not absolute and stated that regulations by business, state and federal governments tended to keep it under slight control.

He explained the benefits received from the American way of life based on free enterprise and said that, through that freedom, Americans owned 72 per cent of the motor vehicles of the world and 48 per cent of the radios, 92 per cent of the bath tubs, 61 per cent of the telephones, had 50 million savings accounts, 70 million insurance policies, a large majority of the schools, hospitals, and so forth, in the world.

Mr. Kennedy compared the length of time an American had to work for various articles as compared with the time required under dictatorship in the USSR. At the conclusion of his talk Mr. Kennedy gave ten requirements the American way of life demanded of each one. They were: To protect and defend the way, respect the rights of others, to vote, support the elected leaders, serve on juries, pay fair share taxes, obey the laws, respect the flag, practice tolerance, be constructively critical and to guard democracy.

Visitors at the meeting were Rotarians C. A. Deuschle, Mineral Wells, and F. E. Higginbotham, Abilene. Other visitors included H. V. McCorkle, Pampa; D. F. Robinson, Pampa; H. C. Guyton, Houston; E. L. Krueger, Houston; and E. L. Jackson of Cisco.

## Parade Opens C.J.C. Ranch Day Program; Event Closes Tonight

Picture, left to right, are W. C. McDaniel, Rev. E. H. Lightfoot, George Boyd and Carlos J. Turner, who are busy with activities in behalf of a new program of stewardship that is being installed at the First Methodist Church here. McDaniel is chairman of the board of stewards, Rev. Lightfoot is pastor of the church, Boyd is chairman of the campaign, and Turner is the church school superintendent.

## Church News

### First Methodists Arrange For 12 Members To Speak On 'New Plan'

by LELA LATCH  
Twelve speakers and writers will express their views orally or in written form for the church bulletin, the adult Sunday School classes, the young people's department and at the morning and evening worship services at the Methodist church Sunday.

"This is the introduction into our local church of the program outlined at a district wide meeting held at the Cisco First Church last week when Roy Farrow, executive Sec. of the Texas Methodist Colleges, spoke to a full house on the new program of stewardship," said Rev. E. H. Lightfoot, pastor.

Directing the campaign is George Boyd who, with Carlos J. Turner, church school superintendent, and W. C. McDaniel, chairman of the board of stewards, will express their views of the new plan in Sunday's bulletin. Their theme will be "Our Plans."

The launching of this program begins a four-week cultivation period with speakers, writers, dinners and personal visitation high lighting the whole schedule. The kick-off dinner will be held at the church May 7. This will be followed with two report dinners on May 10 and 14 and a victory dinner on May 17.

Speakers for this week and their assignments are: Philothea class, J. H. Chambliss; Goodfellow Class, Mrs. James Moore; Stellar Class, Tom Stark; Progressive Class, Mrs. Bill Mitcham; young people's department, Mrs. E. H. Lightfoot, intermediate de-

partment, Roy Killingsworth; morning church, Geo. Boyd; evening worship; Sam King; Wednesday night group, H. A. McCannlies.

## Methodist Group To Meet Tuesday

STEPHENVILLE, April 13.—The Regional Council for the Methodist Student Center at Tarleton College, Stephenville, will meet at the center Tuesday, April 17, at 10 o'clock in the morning. Rev. Frank L. Turner, director of the center, has announced.

Members of this board include: Rev. H. B. Loyd and Rev. A. S. Gafford of Brownwood; T. A. Clarke of Coleman; Mrs. E. Arthur of Comanche; Rev. Leslie Seymour of Cisco; Rev. E. L. Craig of Dublin; Rev. J. Morris Bailey of Eastland; Dr. G. C. Boswell of Ranger; Mrs. R. H. Hallover of Breckenridge; Rev. C. H. Sisserson and Rev. Raymond M. Burton of Cleburne; Grady Elliott of Grandview; Rev. Floyd E. Johnson of Gattsville; Clyde Weatherby of Hamilton; Mrs. Wesley Ford and Rev. R. Henry Price of McGregor; Rev. W. H. Cole of Waco; Rev. Glenn Flinn of Dallas, director of the Texas Methodist Student - Movement; Mrs. R. Y. Anderson, E. M. Stone, Mrs. Oren H. Ellis, Rev. W. L. Hankle and Reede Jones, all of Stephenville.

Mr. Gafford, pastor of the First Methodist Church at Brownwood, is chairman of the board.

## Wild Bill Elliott Here To Aid College In Staging Program

Annual Ranch Day at Cisco Junior College was off to a good start at noon today and students and officials of the school believed that this year's event would be the most successful in the history of the celebration.

Delegations from area high schools were expected to join the already good crowd on hand for the program this afternoon. The longest and best parade Cisco has seen in many months ushered in the Ranch Day program at 11 a. m.

Nearly a mile long, the parade was led by the Cisco High School Band. The Cisco Roundup Club and a group of horsemen rode behind the band, followed by numerous floats and entries by civic clubs and business firms.

Wild Bill Elliott, the cowboy movie star, was here to help the college stage their annual show. He rode in the morning parade and was to appear at the college auditorium at 2 p. m. to help judge various contests in which the students will compete for such honors as best dressed cowboy, best dressed cowgirl and most typical cowboy and cowgirl.

Elliott and the students planned to move to the Roundup Club arena at 4 p. m. for a two-hour rodeo program. A chuck wagon dinner was scheduled at 6 p. m. at the college, and the program was to end with a western dance at the Cisco Country Club at 8 p. m.

## Texas Is Leader In Decade Growth

Texas was first among the four states of the West South Central region in rate of population growth between 1940 and 1950, according to insurance company statisticians. During the decade the population of Texas increased by 20.2 percent, which compares with a 14.5 percent increase for the United States as a whole, and an 11.3 percent increase for the West South Central region.

Louisiana was second among the West South Central states, with a population increase of 13.5 percent during the 10-year period. Arkansas lost population during the decade for the first time in its history, but the loss amounted to only 2.0 percent of the state's 1940 population. Oklahoma continued to lose population for the second decade in a row.

## Roy Killingsworth's Mother Dies Today

Mr. and Mrs. Roy Killingsworth and children left Cisco Friday morning for Paducah after receiving word of the sudden death of Mr. Killingsworth's mother in a hospital there.

Mrs. Killingsworth had been ill but it was thought that her illness was not serious. Mr. Killingsworth had received a letter from his brother stating that their mother was better and was to be taken home. He had just finished reading the letter when he received word that she had died.

## Wesley Meeting Ends On Sunday

The revival meeting currently in progress at the Wesley Methodist Church will come to a close on Sunday, according to Rev. C. A. Warden, pastor.

Crowds and interest have been good throughout the meeting, it was reported.

Rev. John Wesley Ford, visiting minister, will leave after the service Sunday morning to speak to his own congregation at Arlington in the evening.

The public was invited to attend the closing services of the revival.

Mrs. Faye Armstrong, daughter of Mrs. W. R. Babb of Dallas, is visiting Mrs. Carrie Hull, who lives on Route 4, Cisco, in the Dan Horn Community.

## Lueders Pastor To Lead Revival At Local Church

Rev. Buren Higdon, pastor of the First Baptist Church of Lueders, will do the preaching in the revival meeting which begins at 7:45 p. m. Friday at the East Cisco Baptist Church.

This will be Mr. Higdon's second revival meeting with the East Cisco Church. A former pastor at Trent and Nolan, he is in great demand as an evangelist in West Texas. Recently, he led a revival meeting at the Elmwood Baptist Church in Abilene.

Ted Cotten will lead the congregational singing and be in charge of the special music.

## Final Rites For Paul White Are Set For Saturday

Funeral services for Paul White, 17, a former Cisco school student, will be conducted at 2 p. m. Saturday from the Church of God in Eastland. The services will be in charge of Rev. Robert E. Bowden of Sweetwater, a former Eastland pastor. He will be assisted by Rev. Waldon O. Meyers of Abilene, Rev. C. S. Moad of Cisco and Rev. George Harrington of Big Spring.

Young White was the son of Rev. and Mrs. H. E. White of Hubbard. He was a junior student at Hubbard High School and a member of the Hubbard football team. A leg injury kept him from playing most of the last season. He had been confined to his home suffering with bone cancer and hundreds of cards, letters and remembrances flowed into the home during his illness. He was the nephew of Rev. W. E. Hallenbeck of the Eastland Church of God. He attended the Cisco public schools while living with his parents between Cisco and Eastland.

A quartet composed of Clyde Fisher, Mr. and Mrs. R. E. Head and Miss Gladys Green will furnish the music for the services. Burial will be in the Eastland cemetery. Pallbearers will be Clarence Penn, Dean Todd, Tommy Tucker, Preston Capers, Gene Millican and Harvey Basham.

## Texas Is Making Big Contribution In Cancer Effort

HOUSTON, April 12.—Texas is making a big and still-growing contribution to the nation's research effort to control cancer, said Pat McGrady of New York City, Science Editor of the American Cancer Society, who has just visited several cancer research laboratories in the state.

McGrady talked this week with scientists doing cancer research in several branches of the University of Texas. He is on leave from a Fulbright Fellowship to France where he is writing a comprehensive report on worldwide research into the cancer problem.

"Both basic and clinical research has moved ahead rapidly in Texas," McGrady said. "It is extremely encouraging to return here year after year and see the great strides that have been made."

The cancer writer's accounts of a few of the more promising Texas projects will be released publicly later this month. The Cancer Crusade for funds to support research, professional and public education and service is conducted during April.

McGrady asserted that "without doubt a much greater number of cancer patients are being cured this year than were cured ten years ago — or even last year."

"We won't know for about five years just how many patients are being cured in 1951," he explained. "It takes about that long to really evaluate a cure and rule out possibilities of recurrence."

"There is no doubt, however, that improved surgery is saving patients who would have been doomed just a little while ago. Radiation has improved a great deal. Supravoltage x-ray machines have helped quite a few people who were beyond help by other means. Radioactive iodine has improved a number of hopeless cases of thyroid cancer — and some interesting experimental work is being done with other radioactive substances in still other kinds of cancer."

One big factor in the rising cure rates of cancer is the growing public awareness of early symptoms of the disease.

## Ranger Reaches Red Cross Quota

Ranger, which got off to a slow start in the 1951 fund raising campaign for the American Red Cross, went over its assigned quota of \$1500 with the amount of \$1533.04 in the bank this week, and \$22.50 more promised, making a total of \$1555.54.

Miss Marjorie Maddocks has served as chairman for Ranger, and her chief helper in the soliciting has been Mrs. James Higdon.

Eastland County is well over its quota of \$6000 this week, E. E. Woody, county treasurer, said. A final accounting will be made next week when all monies are turned in from outlying committees to Mr. Woody and placed in one bank account.

## Rainbow Girls Will Have Skating Party

Members of the Cisco Rainbow Girls will sponsor a skating party Saturday night at the Lake Cisco Rink to raise funds for use in their work. The general public has been invited to take part in the skating party.

Prizes will be given to the best individual and couple skaters.

LESSONS IN HOW TO STOP STALIN

If we're lucky — and tough enough — history may record that Korea produced the secret of how to stop Stalin. Not politically — although it may show that, too — but in terms of fighting men and machines.

Our weapons, men and tactics have undergone a hard testing in Korea. That testing, according to an article in the May issue of Pageant magazine, has produced 10 basic lessons which will be vital in future military operations. These are the "10 Lessons in How To Stop Stalin":

(1) We must re-design our Infantry. The American Infantry is over-burdened with personal equipment — and rear echelon personnel for supply and maintenance. The infantry division needs a light automatic weapon for everybody. As the division's weight is reduced by lightening weapons, it becomes not only a better fighting unit but also potentially airborne—a prime tactical factor in what may be the winning technique of the next war.

(2) We must toughen our foot soldiers. If the U. S. is to survive, its infantry must be taught to fight under all foreseeable conditions. This means a longer period of tough basic training (16 weeks or more). It also means better recruits (the Army usually gets the last choice).

(3) Our Army needs better air support. Perhaps the most important military lesson of the Korean war is the crucial need for air-ground liaison. Before Korea the Army was cool to Air Force suggestions that they get together on tactical support of ground troops. As a result, they had to improvise this lack of coordinated training while fighting for their lives.

(4) To beat the A-bomb, air borne assault must replace amphibious assault. The reason is obvious; a huge concentration of ships, men and material makes a perfect target for an atomic bomb. The solution is vertical envelopment—assault by airborne troops entirely supplied by air — which would allow us to disperse our forces and material over many air fields, thus offering no single target important enough to waste an atomic bomb on.

(5) We need more of tomorrow's weapons right now. The U. S. lag in developing new weapons was painfully illustrated by the absence of the 3.5 bazooka, which had just gone into quantity production (although the need for it had been drastically demonstrated in the last war) and had to be flown to the battlefield.

(6) We need better, faster, more reliable field communications. Our communications proved to be deficient in almost all categories. Our infantry divisions, forced to hold fronts of 35 miles or more, found they did not have the equipment and the trained personnel to communicate efficiently. The Army could use new radar and other electronic devices for maintaining contact between isolated groups.

(7) We must settle the question of the jet plane vs. the propeller plane. The Navy and the

time over the target, deliver a greater weight of bombs, slow down for more effective ground work. The Air Force contends that the jet can provide air-ground support just as well, and that what is needed is an all-purpose plane which can fight on equal terms with enemy jets.

(8) We must use the napalm (fire) bomb as often as we can. This bomb, primarily an anti-personnel weapon, destroys tanks and its applications to any future war America fights is as important as it is obvious, points out Pageant.

(9) We must revise, tighten and improve our intelligence. Our G-2 in Korea has not performed brilliantly, but those who have to evaluate and act on the information our intelligence agencies provide are the truly responsible parties involved.

(10) We must re-evaluate our Navy, give it more punch, more power, greater thrust. After clearing the mine fields off Wonsan, laid under Soviet direction, the Navy was convinced that its mining and mine-sweeping techniques are antiquated. Korea also gave the Navy an opportunity to test its aircraft carrier operations, and it is now apparent that it will have to modernize its present carriers and build new ones with a great many technical innovations.

In the year since American ground troops first engaged the Communist forces in Korea, many of our concepts and techniques of warfare have altered radically, concludes Pageant. What we have learned may be the real answer to future Communist aggression.

Mrs. Walter Mitchell has returned to her home in Abilene for a short time after spending several weeks with her sister and husband, Mr. and Mrs. T. E. Owens. While in Cisco she was under the care of a physician and was reported in an improved condition.

# SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

**City Federation Issues Memorial Mrs. C. H. Fee**

The City Federation of Women's Clubs adopted a resolution in memory of Mrs. Lillian Lillian Fee in their meeting Monday, April 9. The resolution was as follows:

**IN MEMORIAM**  
Mrs. Lillian Patterson Fee, wife of the late C. H. Fee, was called to her Heavenly home April 21, 1951, age 83 years.

She is with a sense of deep loss and sorrow that the members of the City Federation of Women's Clubs, of Cisco, Texas, records the passing of a most beloved member.

Mrs. Fee was a pioneer club member and ever stood for that which she felt to be right and best for her community. Her genuine interest and unselfish service in worthwhile projects, her kindly nature, her life of love and devotion to her home and family, her church and community, plus a radiant Christian personality won for her many long friends among both the young and the old.

**Wesleyan Service Guild Meets At Marshall Jones Home**

The Wesleyan Service Guild of the First Methodist Church met Monday evening in the home of Mrs. Marshall Jones. A brief business meeting was conducted by Mrs. Bill Mitcham, president. The devotional was presented by Mrs. E. H. Lightfoot and a discussion on "Jacob and Esau" was led by Mrs. J. E. Crawford.

**Diocesan Council Has Meeting Monday**

A meeting of the Dallas Diocesan Council of the National Council of Catholic Women was held at the Baker Hotel in Dallas on April 9. The meeting was opened with a luncheon at 12:30 o'clock. Representatives from the various dioceses that compose the Dallas Diocese were present.

Mrs. Jack Wolf of Texarkana, president of the council, presided. Reports were made by each diocesan president, as well as chairmen of war relief, international relations, and libraries and literature. A report on national and state legislation was made by Catherine Cunningham of Cisco. Plans were made for the convention to be held in Denison in September.

**House Warming Is Given For Rumleys**

A surprise house-warming was held Thursday night at the home of Mr. and Mrs. Mac Rumley at 1502 Ave. N. Games of "42" were played and a nice array of gifts were presented to the honorees. Refreshments of punch and cookies were served to the following: Mr. and Mrs. Charlie Wende, Mr. and Mrs. Gus Wende, Mr. and Mrs. Ernest Schaefer, Mr. and Mrs. Herman Schaefer, Mr. and Mrs. Ernest Schaefer, Rev. and Mrs. Seaver, Mr. and Mrs. H. E. Wende, Mr. and Mrs. Bill Wende, Mr. and Mrs. Martin Weiser, Mr. and Mrs. Martin Wende, Mr. and Mrs. Arthur Bauer, Mr. and Mrs. Edwin Wende and family, Mr. and Mrs. Ed Wende and daughters, Mr. and Mrs. Cliff Forman, Miss Emma Lee Wende, Norman Weiser, and Beulah Mae Weiser.

**Ruth Sunday School Class Holds Meeting**

The Ruth Sunday School Class of the First Baptist Church held its regular monthly business and social meeting in the home of Mrs. Leake Lane on Tuesday night with Mrs. C. L. Smith as co-hostess. The meeting was opened with a prayer by Mrs. Bob Latson. A guest, Mrs. Ray Kinard, brought the devotional lesson from the 34th Psalm.

The president, Mrs. J. C. Preston, conducted the business meeting and three made tentative plans for a social to entertain the winners and their families. The meeting was closed with a prayer by Mrs. Elmer Fleming. A social hour followed and refreshments were served by the co-hostesses to the following: Mesdames Jack Everett, Elva Morrison, Elmer Fleming, Glenn Hudson, J. C. Preston, Joyce Jenkins, Claudene Bowden, A. D. Taylor, Howard Turner and Bob Latson.

Week-day Services—Tuesday, 7:30 p. m. and Friday, 7:30 p. m.

There was a day when the railroad ended at the river. Cars were unloaded, freight was transferred to the river boats. Then across stream, cars were reloaded and the railroad continued its trek to the next river.

But man discovered how to lay tracks on the river. With the coming of the train barge, freight stayed on the rails and was guided across the river.

In everyday life there are countless obstacles which seem to defy human ingenuity. A man is tempted to abandon the "tracks" he has followed, believing he cannot go on.

But usually the solution to these problems is just as simple as "laying tracks on the river." Stay on the rails and be guided across. The Church will help you live by Christian principles. And in the face of a crisis, be true to those principles and depend on the guidance of God.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Book	Chapter	Verses
Sunday... James	1	1-7
Monday... Matthew	4	1-11
Tuesday... Psalms	25	1-10
Wednesday... I Peter	1	1-4
Thursday... Luke	11	1-4

**Baptist Conference Is Held In Caddo**  
The Cisco Baptist Workers Conference met Tuesday at the First Baptist Church in Caddo. The theme of the conference was "Getting Ready for the Evangelistic Season." The song service was led by the Educational director of the First Baptist Church of Breckenridge, J. O. Stropher. Vertis Kilburn was in charge of the scripture reading and prayer.

W. R. Karkalits of Moran spoke on "Through Preparation for a Revival," and Joe Self of Albany spoke on "Vacation Bible School." Special music was furnished by J. O. Stropher of Breckenridge, Ralph Perkins of Ranger delivered the sermon. After lunch the W. M. U. quarterly business meeting was conducted with the president, Mrs. Van O. Mortor, in charge.

Those attending the conference from Cisco were: Mrs. C. L. Sledge, Mrs. Ray Kinard, Mrs. Cecil Adams, Mrs. M. P. Farnsworth, Mrs. E. L. Fleming, Mrs. W. V. Gardenhire, Mrs. J. E. Burnam, Mrs. R. R. Jones, Mr. and Mrs. G. B. Langston, Mrs. Frank Walker, Miss Willie Frank Walker, Mr. Karkalits, Mrs. W. L. Hussey, Mrs. C. S. Sures, Mrs. D. A. Morgan, Mrs. O. P. Wheeler, Mr. and Mrs. Tissuer, and Rev. H. D. Blair.

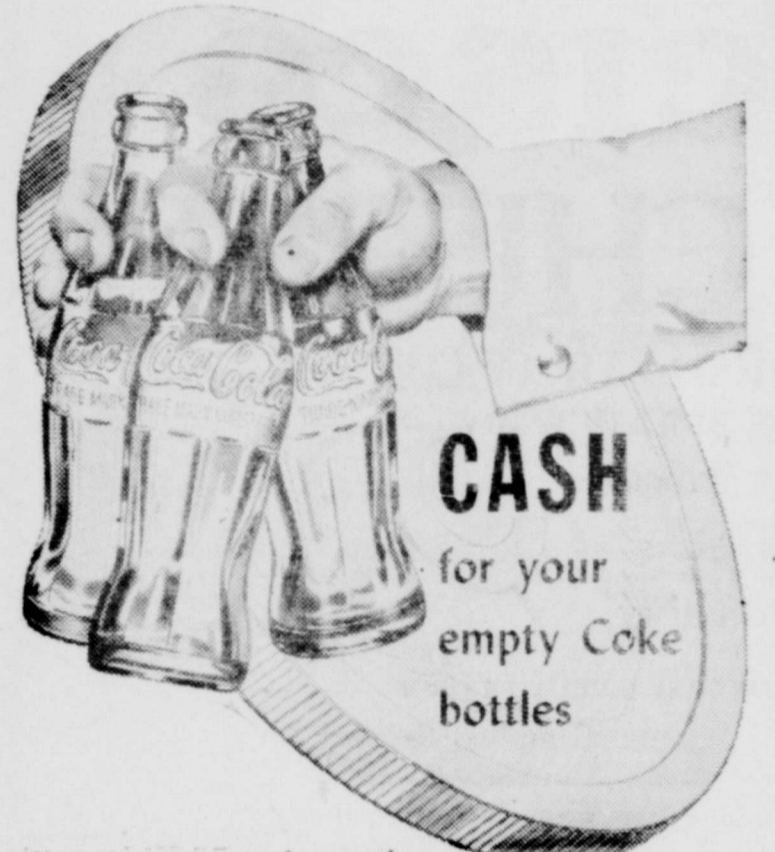

**Former Resident To Be Buried In Cisco**  
Funeral arrangements for Mrs. Laura Lamb call for the final rites to be held in Cisco at the First Methodist Church at 2 p. m. Sunday. Burial will be in Oakwood Cemetery.

Mrs. Lamb lived in Cisco for many years but was in Dallas at the time of her death Thursday night. Further arrangements will be announced later.

Mrs. O. R. Turner returned home Saturday from Houston, accompanied by her son, Frank.

**CASH**  
for your empty Coke bottles

Next time you go to the store for Coca-Cola, won't you gather up any empty bottles that you have around the house and take them with you. Some of them, of course, you can use to cover the deposit on a fresh supply of Coke. Your dealer will give you cash for the rest, as follows:

Single bottle 4¢  
Paper carton (only) 3¢  
Case with 24 bottles \$1.00

Please remember to return your bottles, cartons, and cases in the future. We need them to make sure that you continue to find plenty of Coke at your dealer's whenever you want it.

Please return the paper carton when you buy Coke

**Gas Has Got It!**  
IF Friday is fishday in your house and plain old fish gets a little boring, try Broiled Fillets with Cheese. Brush 4 fish fillets with 2 tbsps. melted butter or margarine. Broil until flaky—about 10 mins. Combine 2 tbsps. melted butter or margarine, 1/2 cup tomato puree, 1/2 tsp. Worcestershire sauce. Cook over low simmer flame until heated. Put broiled fish in oven dish, pour sauce over it. Sprinkle 1/2 cup minced onion, 1/2 cup grated cheese on top. Slide into broiler under medium flame, cook until cheese is melted. Serves 4.

A thermostatic control, or oven temperature regulator, is now required equipment on gas ranges by the American Gas Association's Testing Laboratories. For consumer protection all gas ranges approved by the Laboratories are labeled with the blue Seal of Approval.

Steam bread slices in a colander over boiling water for a minute or two to make them easier to roll for sandwiches.

There's no special plumbing needed for gas-fired incinerators which can be hooked up to any gas line in kitchen, laundry or utility room, even the back porch or garage.

As high as 150° hot water is required to thoroughly sterilize dirty dishes and for some types of home laundering. This demand for higher temperature hot water is available through the new automatic storage type gas water heaters.

To freshen rolls, put in paper bag, twist the top to close it, heat in gas oven at 400° F. for about 15 mins.

Waste baskets are easier to clean if they have a good coating of wax rubbed on the inside.

It Takes a Lot of Figuring —  
to make ends meet these days, but it doesn't take too much calculating to find out where we are going. We need to do more thinking and acting for our own good. Some folks know they need an abstract but keep putting off the job of having it made. While we are quite busy for the moment making abstracts for others, we are not too busy to make yours. Come in today, or any day, and let us figure with you.
