

SATURDAY IS

Appreciation Day in Cisco

VOLUME XXXI

CISCO, TEXAS, THURSDAY, APRIL 26, 1951

NUMBER 109

The Gay Philosopher

By J. W. S.

MRS. IVA GUY, the widely known musician who care here this week to conduct piano lessons at Cisco Junior College, made a pretty good impression on men of our town. She made remark that Cisco and Texas were generally well-dressed handsome. And that's a fine date, don't you think?

THE PIANO auditions will be regular annual affair at the college we understand. This is a good deal for local music teachers, for in years passed the others had to take their students to Abilene or Fort Worth for the auditions.

AND SPEAKING of auditions, Randolph Lee Clark tells us one of her students missed finding his name in the paper. He Lee Cheves, son of Mr. and Mrs. E. H. Cheves, and Lee mixes music with football and baseball. He made a good grade in the auditions and he's a right fair football player, proving that music and athletics will very definitely mix.

THE HAMMERING and nailing operation at The Press office will be over after today, and we're thankful. Not that the Latson Construction Co. doesn't know about hammering and nailing, but it's very noisy business at the best. They're going to do the stuccoing and brightening out front and then we hope the Press building will be pretty new. You're invited to come down and be on the advisory committee during the construction.

MAYOR G. C. Rosenthal was this morning and asked where is the building permit. We turned him over to J. H. Latson, and went up the street. Haven't heard any more about it.

BOB LATSON joined the hammering and nailing crew this morning for the first time. He says he's really a better sports writer. Well invite him to cover some sporting event one of these days and see about it.

WENT OUT TO the Country Club late Wednesday to look over the Scotch foursome tourney. Understand Mr. Nick Miller was on a winning team, but couldn't confirm it . . . Pro Bill Dill and Amateurs W. W. Milner and Jack Milner went over to Abilene yesterday for a pro-amateur meet. Bill had a low score . . . After the Scotch foursome matches, the players and a group of members enjoyed a picnic supper . . . The threat of rain in the early afternoon caused the number of players to be pretty small . . . But a good time was had by all.

Local Teachers Plan To Attend State Convention

Five local teachers will leave Friday to participate in the state convention of Delta Kappa Gamma, national women teachers organization, being held in the Texas Hotel in Fort Worth, April 27-29.

Mrs. O. L. Stamey, a state committee member, serving on the permanent Fund Committee, will participate in the executive board meetings on Friday and Saturday. Mrs. Bernice Carter will honor the late Mrs. Lillian Fee in the necrology ceremony on Saturday.

Mrs. Millie L. Hill, president of Beta Upsilon Chapter, will be in the President's March before the national president, who will be the speaker at the president's dinner held in the crystal ballroom of the Texas Hotel Friday evening. Miss Ella Andres, last year's state music chairman and past-president of Beta Upsilon Chapter and Miss Doris Joe Pyle, also past-president of Beta Upsilon Chapter will take part in the convention program.

The Cisco teachers will be among the guests at a Sunday morning coffee given in the home of Misses Eula Lee Carter and Phyllis Ellis, both of whom served as state presidents of Delta Kappa Gamma, and as state executive secretaries, a post which Phyllis Ellis now holds.

Scranton Gives \$30 To Red Cross

Scranton residents contributed \$30.44 in the recent Eastland County Red Cross campaign and their gift was not included in previous published lists of community contributions, Mrs. John Love, 1951 fund chairman, reported today.

The county drive went well over the \$6,000 quota, Mrs. Love said.

"The people of Eastland County have demonstrated again that they want their Red Cross strong and ready," Mrs. Love said, in commenting on the success of the campaign. "As our chapter begins a new year of service to this community, we want you to know how deeply we appreciate the support of everyone whose contributions of money and time made possible the success of the drive."

Socialization Of Medicine Scored By Health Leader

AUSTIN, April 26.—Socialization has no place in either public health or the private practice of medicine, State Health Officer George Cox has said in a statement aligning himself with the medical profession against socialized medicine.

Public health is a separate, distinct field from private medicine, Dr. Cox said. Both professions have their separate objectives and distinctive methods of accomplishing them.

He declared public health's objective to be:

1. Public education as to how to avoid disease by such means as vaccination against smallpox and typhoid fever and immunization against diphtheria.

2. Investigation of disease outbreaks.

3. Quarantine and isolation of communicable disease cases, thus preventing its spread.

4. Inspection of water supplies, and control over the safe production and sale of milk, drugs, and food products.

"But," the health officer added, "people get sick and accidents happen, and the job of curing and patching up is the business of the private practitioner of medicine—the family doctor and the specialist."

Doctors in private practice advocate public health principles when they urge mothers to have children protected against diphtheria and smallpox, and public health officials "need their help in the vital work of maintaining a high level of well being for all Texans," Dr. Cox asserted.

"We aren't in competition with doctors in private practice. Public health people deplore the idea of socialized medicine as unworkable, cumbersome, and totally inefficient.

"There is no place on earth that has a better system of medical administration than the United States. Private doctors deserve the credit.

"And there is no place on earth with a higher standard of public health. Public health people deserve credit for that," the doctor concluded emphatically.

Harold C. Warren Now In Germany

STUTTGART, Germany, April 26.—Warrant Officer Harold C. Warren, Texas career soldier, has been assigned to headquarters 7th Army here and has been named administrative officer of the G-3, Plans and Training section of the headquarters staff. He is the son of A. J. Warren, 704 West 5th Street, Cisco.

Mrs. Warren, the former Miss Margaret L. Bryan, daughter of Mrs. Nannie Bryan, Eureka, Texas, came to Germany with him. The couple arrived at Bremerhaven on April 1. Mr. Warren came directly to his assignment while his wife is at the dependents' reception center, Bad Mergentheim, Germany, awaiting availability of suitable quarters in the American community here.

He is a combat veteran of the European Theater and won the Bronze Star medal as a combat infantryman. He entered service in November, 1942, and served as an enlisted man until July 20, 1950, when he won his warrant officer rating, he said.

LITTLE STRONG MAN—Jordan Scott Cantell is only 3½ months old, but he's going through his muscle-building exercise just the same. His mother, Mrs. Adele Cantell, left, and grandmother, Mrs. Frances Kessler, hold a bar in Philadelphia for the tot to chin himself. He's been doing this for more than a month.

HONOR ROLLS ARE ANNOUNCED FOR JUNIOR HIGH STUDENTS

Honor rolls for the Cisco Junior High School for the six weeks period ending April 20 were announced today by Principal Roy Killingsworth. The school system has one more six weeks period before the end of the current school year.

The first honor roll lists students with grades above 90 and the second roll lists those with grades above 85, as follows:

Eighth Grade

First roll — Sue Harrelson, Catherine James, Neva Reddrick,

Gas Resources To Be Surveyed At Spring Meeting

DALLAS, April 25.—Gas men will take stock of their industry's resources supporting the nation's defense program when they gather here May 7-8 at the 1951 spring meeting of the American Gas Association's Natural Gas Department, according to Elmer F. Schmidt, Lone Star Gas Company vice-president who is chairman of the meeting program committee.

Session at the Baker Hotel will be presided over by Charles E. Bennett, vice-president of the A. G. A. and chairman of its Natural Gas Department. Mr. Bennett is president of the Manufacturers Light and Heat Company of Pittsburgh.

"But," the health officer added, "people get sick and accidents happen, and the job of curing and patching up is the business of the private practitioner of medicine—the family doctor and the specialist."

Doctors in private practice advocate public health principles when they urge mothers to have children protected against diphtheria and smallpox, and public health officials "need their help in the vital work of maintaining a high level of well being for all Texans," Dr. Cox asserted.

"We aren't in competition with doctors in private practice. Public health people deplore the idea of socialized medicine as unworkable, cumbersome, and totally inefficient.

"There is no place on earth that has a better system of medical administration than the United States. Private doctors deserve the credit.

"And there is no place on earth with a higher standard of public health. Public health people deserve credit for that," the doctor concluded emphatically.

U. S. Navy Announces Promotion For Huey

ENDERS P. Huey, USN, of Cisco, has been promoted to the rank of Commander, while serving as the Commanding Officer of the submarine USS Chopper, operating with the Atlantic Fleet.

The theme of the meeting will be "Economy of Natural Gas in National Defense Mobilization" and key-note will be Bruce K. Brown of Washington, D. C., Deputy Administrator of the Petroleum Administration for Defense. Speaking on all aspects of the Gas industry will be D. A. Hulcy of Dallas, Lone Star Gas Company president and president of the American Gas Association. His subject will be "The Association and the Industry."

DON'T IGNORE TICKETS

The practice of some violators of city traffic over-parking laws in ignoring tickets given them by police must be discontinued, Mayor G. C. Rosenthal reported today. The tickets are a legal summons to appear in city court, and effective at once, warrants will be issued for the arrest of those who fail to report, he said.

Planting Season Slow In State Due To Dry Northerns

Conditions were unfavorable for planting operations and for best progress of growing crops as dry northerns continued in most of Texas during the past week. Soil moisture was further depleted over most of the State and temperatures were unseasonably low. Good rains were received in several north Texas and eastern Plateau counties, but general rains and warmer weather were badly needed in all parts of the Edwards Plateau where the crop showed further deterioration in the High and Low Rolling Plains areas.

Small grain crops made little progress as high winds made further inroads on limited moisture supplies. Weekend rains in north-central Texas and eastern counties of the Edwards Plateau were helpful in those areas but the crop showed further deterioration in the High and Low Rolling Plains areas.

The cotton crop in southern counties was needing more rain and nights were too cool for favorable development. Planting of cotton made slow progress in central and east Texas. Planting of sorghum was also proceeding slowly, with additional rainfall needed. Stands were good in the Coastal Bend area but all crops are late. Moisture was adequate for a short time. Rice seedling was underway in southeastern counties.

Range and pasture feed was further retarded by lack of moisture, cool nights and strong drying winds throughout most of the State. Green feed and vegetables growth made very little progress.

Beneficial rains were received in a number of north central counties and in the eastern Plateau area, but general rains and warmer nights are needed in all parts of the state to stimulate pasture development. The movement of cattle to the Osage and Flint Hill pastures was accelerated during the week. Sheep movement was started early in the week. A large proportion of these sheep were spring lambs which is several weeks earlier than usual for spring lambs to be moving.

Range and pasture feed was further retarded by lack of moisture, cool nights and strong drying winds throughout most of the State. Green feed and vegetables growth made very little progress.

Program Studied For State VFW Meet June 22-27

AUSTIN, April 26.—With Judge E. G. Moseley, Dallas, as general chairman, and with all committees actively functioning, everything is shaping up as Dallas makes ready to entertain the 31st annual encampment of the Department of Texas, Veterans of Foreign Wars, to be held June 22-27, inclusive.

Program for the six-day get together of overseas veterans has been tentatively arranged and has been given approval by Department of Texas Commander J. T. Rutherford.

Governor Allan Shivers, a member of Hamilton Smith VFW Post 797, Port Arthur, will deliver the keynote address of the encampment at a joint meeting of the state VFW organization and its ladies auxiliary the morning of Monday, June 25th. Governor Shivers also will lead a gala downtown parade in Dallas, starting at 11 that morning.

James W. Cothran, South Carolina, junior vice commander-in-chief, will represent the national VFW organization. Another national officer to attend will be Julian Dickenson, adjutant general who is the immediate past commander of the Department of Texas. Delegations from other states in the South and Southwest also have accepted invitations to attend.

Encampment headquarters will be in the Adolphus Hotel, Dallas. First two days of the annual get together will be taken over by the

Mrs. Jim Lawrence Is Hostess For Child Study Meet

The Child Study Club met Friday afternoon, April 20, at the Club House with Mrs. Jim Lawrence as hostess. The meeting was called to order by the president, Mrs. J. D. Collier. The roll was called and the minutes of the previous meeting were read and approved. Reports were given by the chairman of the standing committees.

The Club voted to have a bake sale on Saturday, April 28, at Poe Grocery. Plans were made for the club luncheon to be held in May. The meeting was then turned to the program chairman, Mrs. O. O. Odum, who introduced Miss Eudora Hawkins of Abilene. Miss Hawkins used as her subject, "Texas." A film on modern Texas was shown.

Refreshments were then served by the hostess to two guests, who led the group in several interesting games.

Those present for the evening were a guest, Mrs. C. J. Stephens, and the following members: Mesdames E. L. Pugh, C. S. Surles, Barton Philpott, M. M. Taborn, Frank Walker, Van Gardiner, Grady Laws, H. D. Hazel, Floyd Shepard, E. H. Creves, Harry Schaefer, Miss Willie Frank Walker and the hostess, Mrs. O. J. Russell.

Try Special Technique to Sow Flower Seed in Garden

Mix Seed With Sand, and Scatter Over Area as Evenly as Possible.

When flower seeds are sown directly in the garden it will pay to take special precautions to identify the place where they were sown, and make sure that when they sprout the tiny seedlings can find their way to the surface and be recognized when they emerge.

All annual flower seeds may be sown directly in the garden; and there are a number which should be, because they are difficult to transplant. These include alyssum, California poppy, godetia, kochia, leptosyne, linnaria, lupin, matthiola (evening scented stock), nasturtium, dwarf phlox, poppies, portulaca and salpiglossis.

Much the same technique should be used as in sowing in a seed box, particularly as to shallow planting, and covering the seeds with porous soil. Identification of the seeds, and of their location, are also important,

since with slow germinators it is easy to forget exactly where they were sown. Care will be well repaid. Seeds are subject to many hazards which human skill cannot wholly avoid, but the careful operator may count upon a high average of success.

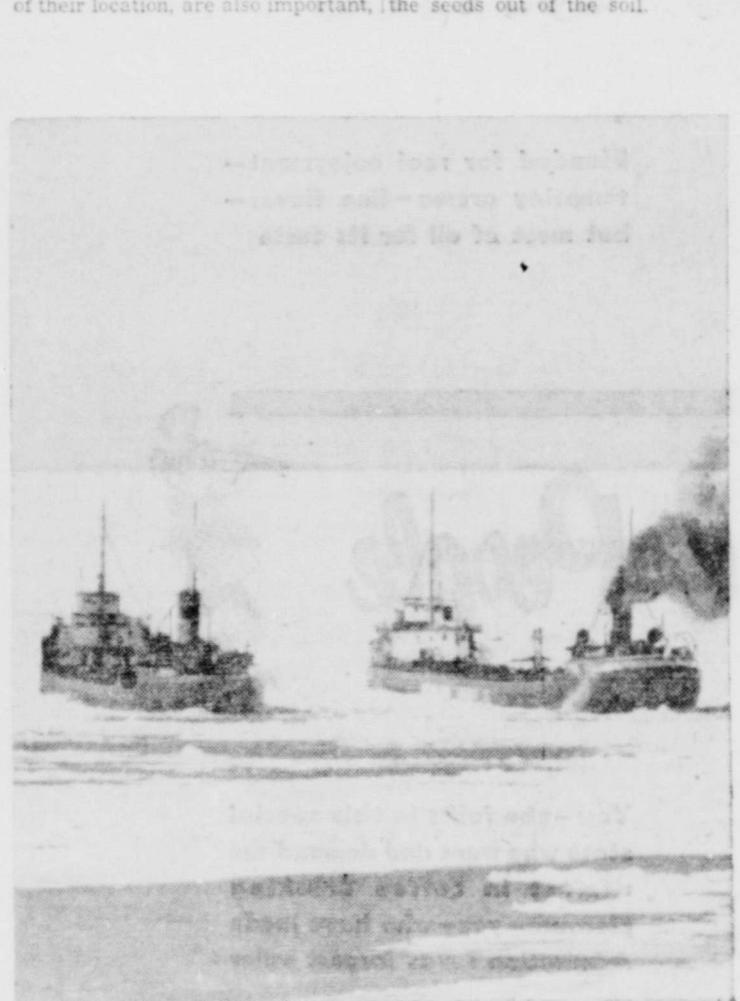

Prepare a smooth seed bed, loosening the soil to a depth of six inches. Work into it 4 pounds of plant food for each 100 square feet.

Then outline with a string the area to be covered with each variety.

Mix the seed with sand to help scatter it over the space as evenly as possible.

Then sift a light covering of porous soil over the seed and firm it lightly.

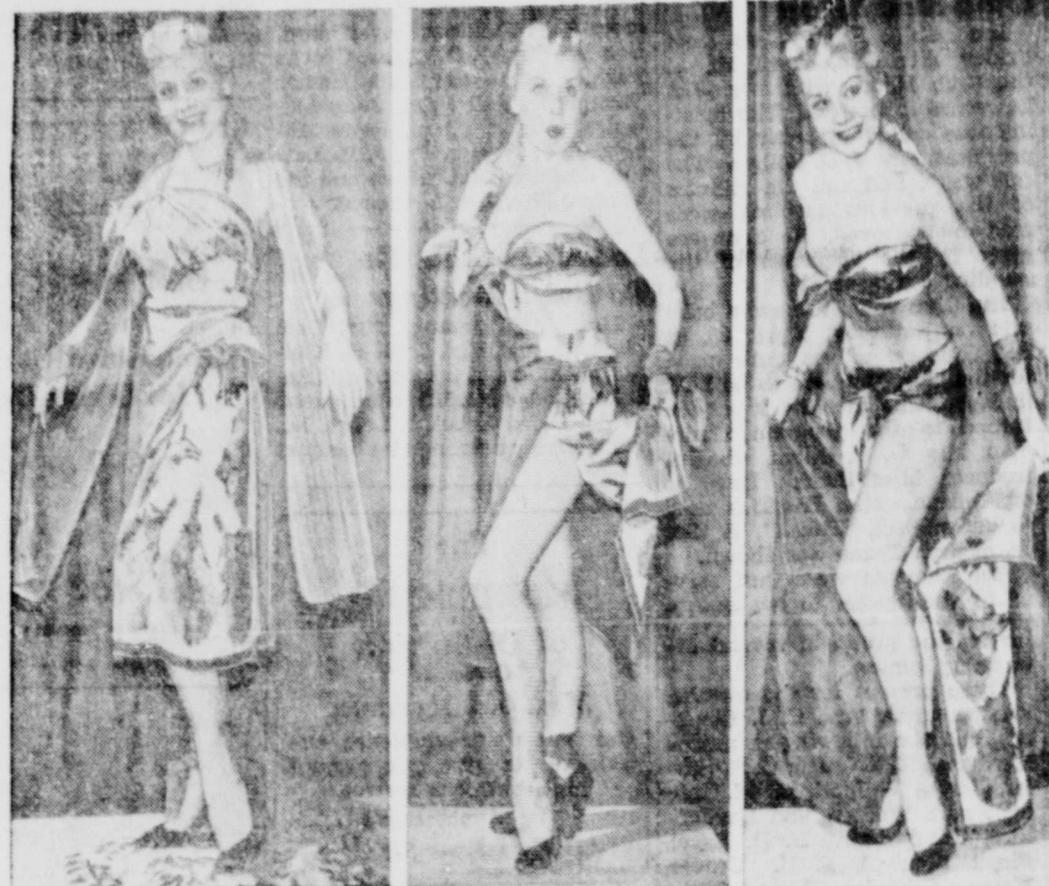

Now, until the seeds sprout the soil must be kept moist; and this requires daily sprinkling with a fine spray, taking care not to wash the seeds out of the soil.

TOUGH GOING—Although the freighter Perseus, right, opened traffic in Lake Erie three weeks ago, she's having a struggle now, accompanied by the William F. Stifel. Photographed almost a mile and a half off shore, the ships, with their cargos of pig iron, were fighting the ice again as a team and making very slow progress.

LOAFING — Light-Heavyweight champ Joe Maxim acts as counterman in his self-owned delicatessen store in Cleveland before starting serious training for his title shot against Ezzard Charles on May 30. He's already showing signs of being a breadwinner.

THREE-IN-ONE — Curvesome Jeane Williams has discovered that she can add a little something by subtraction. In New York she demonstrates a scarf dress, left, while in the center, after some ingenious deletions, she models a scarf sports outfit. Down to the basic elements, right, Jeane gives her final fashion hint by displaying the bikini swim suit she had on all along.

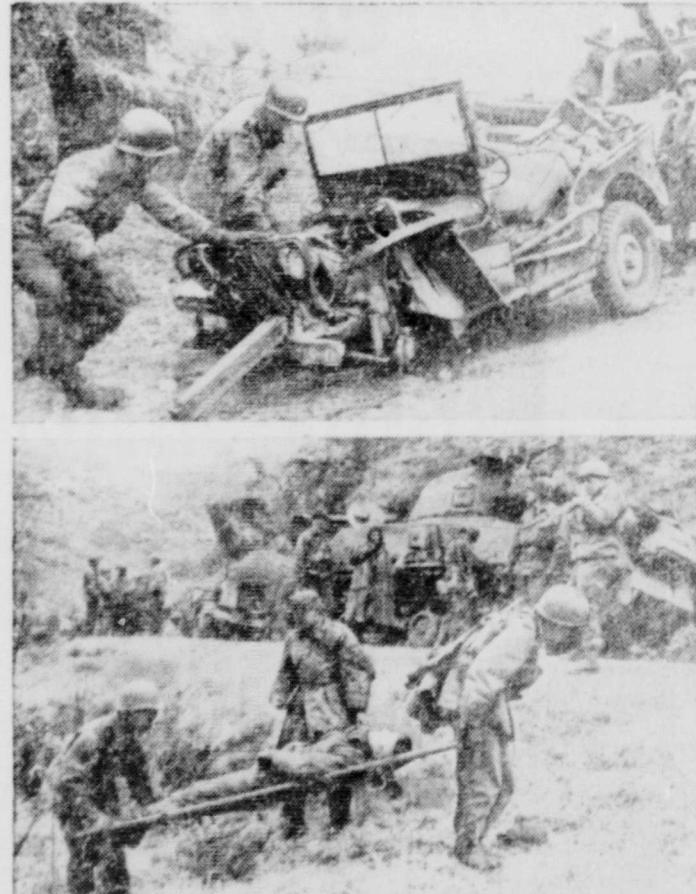

OFFERS BLOOD — German war vet, Rudolf Knop, 24, has offered in Berlin to donate blood every four to six weeks for wounded Americans in Korea. Knop fled the Soviet Zone because his work as a Catholic youth leader incurred the anger of the city's Reds.

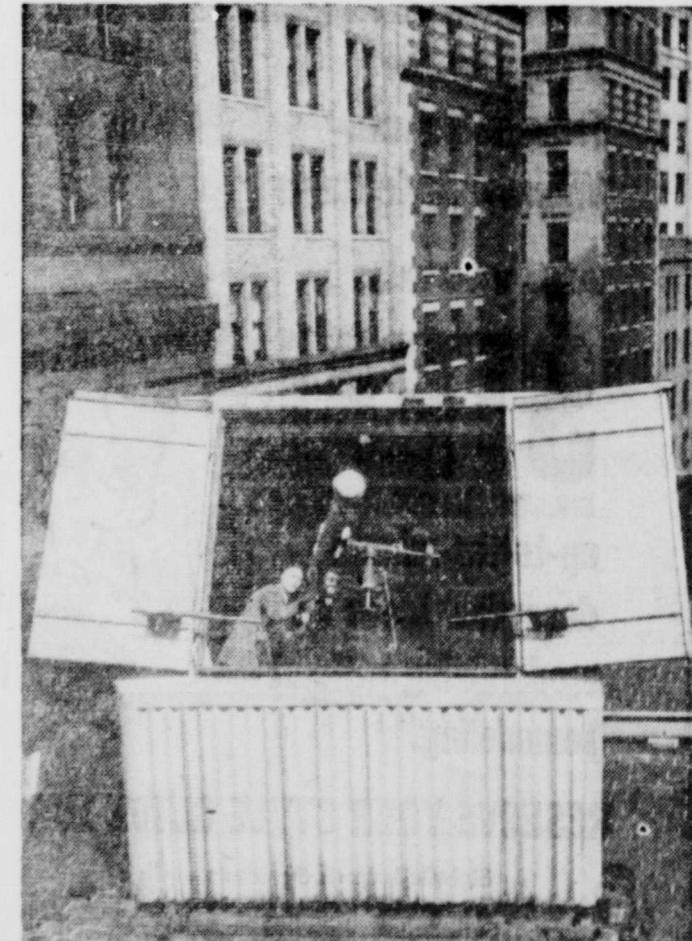

FOR EMERGENCIES ONLY — An A-Bomb ambulance, equipped for on-the-spot treatment of victims of an atomic blast, is being demonstrated in New York in a setting similar to the havoc a bomb might create. The station wagon ambulance was outfitted under the supervision of Dr. Paul J. Flagg, right, and is one of four such vehicles in use by the VA hospitals in the N.Y. area.

BIRTHDAY GREETINGS TO PARIS — When French models Stasin Kos and Leonie Vernet visited the kitchen of New York's Cafe Chambord, they created quite a stir. The girls were attending the opening of America's first Gourmet Festival and in honor of the gala occasion, they wore fantastic hats, representing Parisian landmarks. The chapeaux were whipped up for them in Paris to celebrate that city's 2000th birthday which calls for gaiety in 1951.

CASUALTY — An American jeep, riding in an armored column, was demolished by a mine in a Korean road, killing an infantry officer and wounding eight soldiers. Above, Lt. Col. Elmer Owens, Indianapolis, Ind., who had left the jeep just before the explosion, examines the wreckage while one of the wounded enlisted men, below, is evacuated on a stretcher to a behind-the-lines hospital unit.

LOOKING UP — Astronomer and engineer John H. Nelson lines up a telescope for a daily solar observation from New York's financial district. As the result of a five-year study of sun spots and the planets, Nelson has discovered new evidence of the cause of magnetic storms on the earth's surface. He can forecast months in advance when and where the magnetic storms will occur.

**Kennedy Speaks
At Meeting Of
Moran Citizens**

Wednesday at the weekly meeting of the Moran Luncheon Club, He discussed the American way of Life.

Floyd Pool, Moran banker and cattleman, introduced Mr. Kennedy.

The manager of the Shackelford County Hospital was present and told of plans to establish a walking blood bank. In this pro-

gram, the hospital will keep record of the blood types of area citizens.

Mrs. J. M. Townsend and her group of Moran women served a fried chicken dinner to 58 guests. Next week's luncheon will be served by the Deep Creek community.

Local Man Makes Texas Honor Roll

AUSTIN, April 26.—Louis Lamar Evans, son of Mrs. A. D. Everett, 608 West Ninth, Cisco, is named on the latest honor roll of the School of Journalism at the University of Texas.

With 30 grade points, Evans is ranked among the best 23 of 199 students, receiving honors cum laude.

In announcing the honor roll, and daughter, Mrs. W. J. Beilding of near Caddo Sunday.

J. M. Dye of Morton Valley visited his brother and sister-in-law Mr. and Mrs. W. S. Dye, Saturday.

Mr. and Mrs. J. A. Hood, Sr., of Eastland were guests of their son and his family last week.

Kearby Smith

HOME STATE LIFE INSURANCE COMPANY

Dr. C. P. Boner, dean of the College of Arts and Sciences, said that heavy emphasis is given to quality by counting an A on one semester hour as 3 points, a B as 2 points, and a C as 1.

The honor roll includes approximately 10 per cent of the students enrolled in the School.
