

The Gay Philosopher

By J. W. S.

THE SIGNS ARE right for some cold weather. The crickets are out at night in big numbers, and Mrs. Peggy Gallagher reports that a flock of geese flew over her place the other night. They were winging their way south. That's a pretty sure sign of autumn and colder weather.

ONE OF OUR scouts reports that down south in the Sabanno country some of the people fear that there's a panther on the loose. Reports indicate that some people are afraid to go out to see about their turkeys and chickens at night. Understand there have been good signs of the animal, although nobody has actually seen it. We'd be glad to have any information that anybody might have about this report.

THE BOYS TELL us that the Lake Cisco Skating Rink will be open for business at 1 p. m. Saturday. It has a brand new plastic floor and a flock of new skates. The American Legion, which operates the rink, has spent a lot of money giving it a general overhauling. And it's ready for the youngsters who have been asking when they could skate again. Mr. Ed Wende has done most of the work.

MET UP WITH Mr. Jake Leach last evening. He sold out the variety stores here some ten years ago and moved to California. And he and Mrs. Leach are visiting friends here. Mrs. Don Choate tells us that Operation give-away-dogs was a success. All of the puppies now have new homes. There are eight brand new boxer puppies out at the Dr. E. E. Addy residence. Saturday is the birthday of Mr. Robert Jackson, the Lobo.

MR. H. K. NEELY, who covered the Decatur-Wranglers game for us, reports that a very strong north wind made things difficult. Punters wouldn't go anywhere and it was hard to pass, into or against the wind. H. K. wasn't impressed with Decatur's press facilities. He says the press did not have a box. He said the crowd was the smallest he has seen this season. Cisco had a pretty fair delegation of fans.

MR. W. P. KNIGHT has just handed us a newspaper clipping about some famous ex-paper boys. These include General Dwight Eisenhower, Chief Justice Vinson, Governor Warren of California, Herbert Hoover, Governor Dewey of New York, Walt Disney, Joe DiMaggio, Bob Hope, and Frank Sinatra.

It would appear that you no longer have to be born in a log cabin to be famous — you have to be a newspaper carrier. There's no job that a boy can have that will give him better business training than being a carrier boy.

And right now, The Press has a good bunch of paper boys. We haven't had a complaint in two days — and that's good.

YOU'LL GET YOUR 75c worth at the football field tonight. You'll see the biggest crowd of the year, and there will be plenty of color. Ranger and Cisco always have plenty of good-natured rivalry when they play, and tonight will be no exception. Let's all go out and enjoy a good football game.

JUST TO TRY our hand at guessing football scores, we'll take the Cisco Lobos to beat Ranger by a touchdown. And Texas A. & M. College will trim TCU by 21 points, SMU will beat Rice, Texas will stop Arkansas, and Baylor will take Texas Tech by two touchdowns.

N. R. McMan and son, James Lloyd, of El Paso have returned to their home after visiting in the home of his sister, Mrs. J. F. Benedict.

Mr. and Mrs. Babe Wood of Colton, California, are visiting Mrs. W. W. Martin, Mr. and Mrs. J. T. Anderson and other relatives in Cisco.

Arch Birt, who underwent surgery in an Abilene hospital this week, was reported as improving Thursday.

DISTRICT CONVENTION WILL BE HELD AT LOCAL CHURCH MONDAY

DR. ROLLAND H. SHEAFOR

Representatives of some 20 area churches are expected here Monday, Oct. 22 for a district all-church convention at the First Christian Church, according to an announcement by the Rev. D. E. Aden, pastor.

The program, which will begin at 9:30 a. m. and continue all day, will feature several widely known speakers, including Dan Morgan of Brownwood, district president; Dr. Rolland H. Sheafor, Indianapolis, Indiana; Rev. Hugh Baker, Lampasas; Rev. Harley Woolard, Abilene; Rev. Chester Crow, Fort Worth; Rev. Thurman Morgan, Fort Worth; and others.

Almanac Reflects Much Growth For State In Decade

There has been almost as much economic progress in Texas during the last ten years as in all preceding history, according to data in the 1952-1953 edition of the Texas Almanac which has just been issued by the Dallas Morning News.

Highest percentage of gain was scored by the manufacturing industry which more than doubled during the last decade, as measured in employment and volume of physical production. The number working in Texas manufacturing plants increased from 163,978 in April, 1949, to 449,800 in June, 1951. All classifications of industry showed gains, but especially notable were developments of the chemical, aviation, and iron and steel industries.

Retail stores of the state now do approximately seven billion dollars of business annually as compared with \$1,803,716,000 in 1939. This leaves a wide margin of increase in turnover of goods after allowing for price inflation.

These changes have been accompanied by an increase of 20.2 per cent in the total population, 1940-1950, and with an increase of 66.2 per cent in urban population. The great shift of rural to urban population consisted primarily of removal of tenant farmers to industrial centers.

Figures presented in the new Texas Almanac show comparable gains in civic, educational and cultural activities. Changes in the public school system after two years under the Gilmer-Aikin act are presented, including tables giving data on all independent and common school districts.

About 10,000 subjects are covered in the new volume, including Texas history, population, government, politics and elections, natural resources, weather, crops and livestock, industries, trade, transportation, finance, commercial services, recreation and athletics. A pronunciation guide to names of Texas counties, cities and towns is included. The new state senatorial and representative districts are shown.

All articles and maps for the 254 Texas counties have been revised to include new highways and other developments. A large folded map gives detail in colors, including highways and railroads.

Mr. and Mrs. W. E. Dean, Stephen Dean Bailey, Mrs. Delmar Johnston and daughter Jan attended the State Fair in Dallas Sunday. Capt. Gayle Bailey of Waco was also a member of the party.

NEW AUTO BANK LOAN RATE 4% per \$100 per installment Month 1ST. NAT'L in Cisco—Mfr F. D. I. C.

Mrs. Charles F. Bailey of Balinger, state CWF president, will appear on the evening program. Dr. Sheafor, who is pictured here, will make three appearances on the program. He is treasurer of the Board of Church Extension of Disciples of Christ with national headquarters in Indianapolis. This board has a fund of over \$5,000,000 from which loans are made to assist Christian churches erect new buildings and other work.

All members of the local church, as well as the general public, have been urged to attend the meeting. Programs are planned for the morning, for the afternoon and the evening. Dinner will be served Monday night in the church basement.

The complete program will be announced Sunday.

Lobo 'B' Team Is Beaten At Ranger

Long passes and a blocked punt spelled defeat for the Cisco Lobo "B" team at Ranger Thursday night when they dropped a 37-0 encounter to the Ranger High School "B" team.

The Ranger team scored four touchdowns on long passes to receivers who had worked past the Lobo defenders and blocked a Lobo punt to score a fifth touchdown.

The bright spot in the defeat was the defensive work in the line, which stopped the Ranger ground game cold, and the passing arm of Bobby Lloyd, a new recruit who was playing his first game in a Cisco uniform. His passes were accurate and with seasoning he should be a valuable addition to the Lobo team next year. Carl Ingram at guard, Peanut Poyner at guard, Mack McCauley at tackle and Marcus Gallegos in the secondary were standouts on defense.

Starting for the Lobo "B" team were Monty Ingram and David Williams at ends, Mack McCauley and Warren McMurry at tackles, Carl Ingram and Poyner at guards, Fred Hayes at center, Gallegos, Harold Pippen, Lloyd and Bobby Miller at backs.

Others seeing action were ends, Jerry Weiser and Danny Louden; tackles, Benny Edwards; guards, Ronald Johnson, Arzie Hale, Loy Dale Gryder and Billy Jackson and backs Poyner and Leland Davis.

TO ATTEND CONVENTION

Among those expecting to attend the Texas Baptist Convention in Houston next week include Mr. and Mrs. Frank Asher, Mr. and Mrs. Grover Eppler, Mr. and Mrs. Leo Keelan, Mrs. Parsons, Rev. H. D. Blair, Rev. and Mrs. Ralph T. Wootton, all of the First Baptist Church, and Rev. and Mrs. Paul Stephens of the East Cisco Baptist Church. The convention opens Monday and lasts through Thursday.

Mr. and Mrs. Joe B. Hall and children of Abilene are expected Saturday for a weekend visit in the home of their parents, Mr. and Mrs. J. D. Hall and Mr. and Mrs. Dick Thomas.

R. L. Foreman of Los Angeles is visiting his mother, Mrs. Nan Foreman, and Mr. and Mrs. Charles Roberts. Mr. Foreman is a brother of Mrs. Roberts.

MANAGEMENT AND COMPETITION SPUR OIL INDUSTRY PROGRESS

"Private management and competition are responsible for the remarkable progress made by the oil industry during the past 50 years," W. C. Barnes of Abilene, assistant divisional sales manager of the Humble Company, told Rotarians in an Oil Progress Week talk at the regular meeting of the club at the Hotel Victor dining room Thursday.

In his talk he stressed the importance of supply and demand in controlling the production and price of petroleum products and in the problems of the oil industry throughout the years.

He began with the discovery of the Spindletop pool in 1901 and brought progress of the oil industry up to date. Mr. Barnes said that in 1901 the known reserves of oil in the United States

Record Crowd Expected Tonight For Opening Of Conference Play

TRAINING WITH CACTI RAIDERS—Sgt. George Dunphy, wearing glasses, of Toledo, O., watches as his men, members of the newly-formed "Cacti Raiders," go through bayonet drill in Korea. The new unit is making a name for itself by specializing in night fighting. Bayonet drill is especially important since night fighting means close contact with the enemy.

Teams Are At Top Strength For Tilt At Chesley Field

The season's largest crowd is expected at Chesley Field at 8 p. m. Friday for the opening of the District AA-10 football conference season in a game between Cisco and Ranger high schools. The weather man promised clear skies and cool breezes for the night.

Both teams appeared in near-top condition for the game that area sports writers have described as one that will settle the conference race. The same observers have conceded the Ranger Bulldogs the favorite spot by some two touchdowns.

School officials were preparing to handle a crowd of more than 3,000 fans. Ranger fans were assigned all seats in the south stands, and Ranger authorities promised that every seat would be filled. Both schools will have their bands and student cheering sections out for the game.

Coaches Jack Everett and Carroll Tatum completed their plans for the game in a light workout Thursday afternoon. They halted the practice early due to rain showers, and sprinklers were turned on the field to be sure that the gridiron will be in good shape for the game. They hoped to have the sandy center section soaked and packed by game time.

The probable starting Lobo lineup was announced as follows: ends, Jimmy Webb and Irvin Brunkenhoefer; tackles, Norman Barton and Jim Reynolds; guards, Herbert Coats and Red Melton; center, Hughes McCrary; backs, Robert Jackson, Doug Johnson, Reo Evans and Bobby Black.

The defensive team will have Bobby Cleveland, Daniel Gray and Sherwood Gaines in for McCrary, Barton and Reynolds. Wayne Runsey may work on defense in the guard post for Coats. Coats has missed the past two games due to a sprained ankle.

Coach O. C. (Stubby) Warden has announced his Bulldog starting lineup as follows: ends, Jimmy Cantrell and Chico Mendoza; tackles, Lee Hill and J. L. Barnes; guards, Wayne Hargrave and Bobb Justice or Al Tune; center, Donald Varner; backs, Charles Masseege, Billy Moreland, Jim Comancho and Jimmy Cole.

Justice has been out due to an appendicitis operation and if he isn't ready to go, Tune will take his place.

Ranger has been stopped only by Stamford this season and by a 7-to-0 score. In four other games, the Bulldogs have won handily with Jim Comancho as their top ground gainer and scorer.

For comparison, the Lobos have one setback, one tie and three wins in five games. This will be the first conference game for both teams, and only Comancho has been given a chance of stopping either Cisco or Ranger in district play.

Ranger has a very slight weight advantage over the Lobos — not enough to make much difference. The Lobos will be out for revenge in a 14-to-0 loss they suffered at Ranger last year.

In any event, all Cisco was ready for "the game of the year."

QUARTET TO BROADCAST

The Kendrick Quartet will broadcast a 30-minute program each Sunday at 1 p. m. over Radio Station KRBC, Abilene, it was reported today. Members of the quartet are Jimmy Warren, Luther Black, Pierre and Shorty Kendrick. Mrs. J. H. Kendrick is the pianist and J. H. Kendrick is master of ceremonies.

Mr. and Mrs. A. F. Waller visited Arch Birt in an Abilene hospital Thursday.

Methodists Will Morris Reports

Mr. and Mrs. Derward Morris, who were representatives of the Cisco District in a recent conference on family life in Chicago, will speak in the 7:30 p. m. service of the First Methodist Church Indians at Decatur by a score of 13-0. Both teams were hindered by a strong, cold gale which blew during all the game.

During the first portion of the game, both Cisco's offense and defense were operating smoothly, but during the rest of the game, Cisco's offense could not seem to click. Outstanding on defense were such players as Darr, Solters, and McLean.

The game started rolling with Cisco's kickoff to Decatur who took the ball on their own 17. John Price of the Indian eleven carried the ball up to Cisco's 40 yard line where he fumbled. Cisco recovered. Moses lost 7 yards. Chambers picked up 13 and Moses plowed up to the 50 for a first down. After a loss of 7 yards, Cisco attempted a pass. It was intercepted by Hessler of the Indian squad on his own 19. Price hit Morrison for a first down. The Wranglers held and Price punted for the Indians.

Cisco took the ball on her own 30. Carrol Chambers smashed through for a first down on the 41. McLean picked up 4, and Moses plowed up to the Decatur 48 for another first. After a 7 yard pickup by Chambers, Moses got another first on the 27. Moses lost five yards. After an incomplete pass, Moses gained 5 and lost 8 more on the next play.

Decatur took over on her own 35. A pass play from Healer to McQuinn netted 12 yards and a first as the quarter ended.

After three unsuccessful tries to obtain a first, Price punted down to the Wrangler 21. Chambers carried the ball up to the 32 for a first and Moses got loose for 10 more yards. After an eleven yard loss, Moore hit Neidholt on the 46. Chambers picked up 5 and on the next play punted down to the Invasion 25. Vance Horsley lugged the leather up to the 41 for a first. Horsley carried the ball down to Cisco's 45 on the next play. Then a pass play from Healer to Horsley netted a first on Cisco's 18 yard stripe. Healer then hit Price on the 3 for another first. A 5 yard penalty and a 10 yard loss set the Indians

back to the 18. After an incomplete pass, Healer passed to Morrison who romped over to score a Decatur touchdown. Stephens kicked the extra point. Huffmeyer took Decatur's kickoff on the 3 and scampered out to the 22. Chambers picked up a first on the 38. After 3 plays and a net of only 2 yards, Chambers punted for Cisco down to the Indian 32. Healer hit Morrison on the 41. After a six yard loss and an incomplete pass, Price punted to the Cisco 8 yard line. Moses sprinted up to the 28 and Moore hit Moses on the 44 as the half ended.

Because of the high wind, Cisco kicked off to Decatur who took the ball on their own 33. Price carried the ball down to Cisco's 45 and then down to the 20 on the next play. Cisco held for downs and took over on her own 25. After 3 plays lost 6 yards Chambers punted up to the 35 in Cisco territory.

Price carried the ball down to the 27. Then Healer hit Morrison who raced over for the second Indian touchdown. The attempt at conversion failed.

Cisco took the kickoff on the 29. Moore picked up a first down and then passed to McLean on the 48. Chambers carried the ball down to Decatur's 37 yard line for another first. Vernon Horsley intercepted a Cisco pass

WRANGLERS DROP CONFERENCE CONTEST TO DECATUR, 13 to 0

By H. K. NEELY

Cisco Junior College's Wrangler squad lost its third conference game Thursday night to the Decatur Baptist College Indians at Decatur by a score of 13-0. Both teams were hindered by a strong, cold gale which blew during all the game.

During the first portion of the game, both Cisco's offense and defense were operating smoothly, but during the rest of the game, Cisco's offense could not seem to click. Outstanding on defense were such players as Darr, Solters, and McLean.

The game started rolling with Cisco's kickoff to Decatur who took the ball on their own 17. John Price of the Indian eleven carried the ball up to Cisco's 40 yard line where he fumbled. Cisco recovered. Moses lost 7 yards. Chambers picked up 13 and Moses plowed up to the 50 for a first down. After a loss of 7 yards, Cisco attempted a pass. It was intercepted by Hessler of the Indian squad on his own 19. Price hit Morrison for a first down. The Wranglers held and Price punted for the Indians.

Cisco took the ball on her own 30. Carrol Chambers smashed through for a first down on the 41. McLean picked up 4, and Moses plowed up to the Decatur 48 for another first. After a 7 yard pickup by Chambers, Moses got another first on the 27. Moses lost five yards. After an incomplete pass, Moses gained 5 and lost 8 more on the next play.

Decatur took over on her own 35. A pass play from Healer to McQuinn netted 12 yards and a first as the quarter ended.

After three unsuccessful tries to obtain a first, Price punted down to the Wrangler 21. Chambers carried the ball up to the 32 for a first and Moses got loose for 10 more yards. After an eleven yard loss, Moore hit Neidholt on the 46. Chambers picked up 5 and on the next play punted down to the Invasion 25. Vance Horsley lugged the leather up to the 41 for a first. Horsley carried the ball down to Cisco's 45 on the next play. Then a pass play from Healer to Horsley netted a first on Cisco's 18 yard stripe. Healer then hit Price on the 3 for another first. A 5 yard penalty and a 10 yard loss set the Indians

back to the 18. After an incomplete pass, Healer passed to Morrison who romped over to score a Decatur touchdown. Stephens kicked the extra point. Huffmeyer took Decatur's kickoff on the 3 and scampered out to the 22. Chambers picked up a first on the 38. After 3 plays and a net of only 2 yards, Chambers punted for Cisco down to the Indian 32. Healer hit Morrison on the 41. After a six yard loss and an incomplete pass, Price punted to the Cisco 8 yard line. Moses sprinted up to the 28 and Moore hit Moses on the 44 as the half ended.

Because of the high wind, Cisco kicked off to Decatur who took the ball on their own 33. Price carried the ball down to Cisco's 45 and then down to the 20 on the next play. Cisco held for downs and took over on her own 25. After 3 plays lost 6 yards Chambers punted up to the 35 in Cisco territory.

Price carried the ball down to the 27. Then Healer hit Morrison who raced over for the second Indian touchdown. The attempt at conversion failed.

Cisco took the kickoff on the 29. Moore picked up a first down and then passed to McLean on the 48. Chambers carried the ball down to Decatur's 37 yard line for another first. Vernon Horsley intercepted a Cisco pass

County Rural Rat Control Program Is Planned Soon

A county wide rural rat control campaign is expected to get underway sometime in the near future, according to officials of the Eastland County Farm Bureau, who will sponsor the work. The farm organization will secure the cooperation of Bob Wilson, Fort Worth, representative of the Rodent Control Bureau of the Federal Government, who attended a meeting of the group recently when preliminary plans were made concerning the campaign. Wilson will direct the work it was said.

A large number of demonstrations will be held at different places over the county prior to putting the bait out. The bait will contain Warfarin, new anti-coagulant type of rat killer that has been successfully used in the county in the past several months. It will be made up by the Government mixing bait station at San Antonio and will be sold at cost to those who participate in the movement. The selling price will be 30¢ per pound.

Those who wish to participate in the campaign are asked to contact some member of the Farm Bureau in the county to get their name on the list.

At the different demonstrations a member of the organization will take orders for the bait and those in the different communities will get their bait at the same time.

Further plans for the rat control campaign is expected to be made at the annual county convention of the Farm Bureau in Eastland on Tuesday, November 6, it was said.

RAINBOW SOCIAL HELD

The members and their friends of the Order of Rainbow for Girls met Friday, October 12, for a hayride. The group went to Lake Cisco where they roasted weiners and sang songs. Approximately thirty attended.

Mrs. Roy Stoker and Mrs. O. P. Parish of Breckenridge, Mrs. Raymond Gandy of Olney, Mrs. C. M. Pogue, and Mrs. E. C. McClelland of Cisco spent Monday in Nocona visiting their brother, Clev Gandy and family.

Mrs. J. F. Benedict is visiting her sister, Mrs. M. L. Guthrie, in Bangs.

THE FBI CRIME REPORT

In connection with the releasing of the semi-annual Uniform Crime Reports bulletin for the first six months of 1951, J. Edgar Hoover, Director of the Federal Bureau of Investigation, called attention to the following trends:

Crime in the United States rose 5.1 per cent in the cities and 4.0 per cent in the rural areas during the first half of 1951 as compared with the same period in 1950.

Auto thefts rose 18.6 per cent in the cities and 20.0 per cent in the rural areas during the six months period as compared to 1950. Larcenies increased 7.9 per cent in urban communities and 12.9 per cent in rural districts.

Murders, robberies, aggravated assaults, and burglaries declined in both the urban and rural areas during the first half of 1951 as compared to 1950.

On the basis of fingerprint arrest records received by the FBI in connection with violations of state laws and municipal ordinances, more persons 23 years of age were arrested during the first half of 1951 than any other age group.

For males and females combined the frequency of arrests by age groups was in the following order: 23, 22, 21, 24, and 18.

Male arrests were more frequent for ages 23, 18, 22, 21, and 24. Arrests of females showed the largest number occurring at age 24, followed by ages 23, 22, 25 and 26 in that order.

There was a decrease in the arrests of males in age groups under 21 during the first six months of 1951 of 7 per cent as compared to the same period of 1950.

As compared to the same period of 1950. Arrests of boys under 21 for offenses against common decency increased 2.5 per cent and for crimes against the person decreased 7.1 per cent. For offenses against property there was an increase of .1 per cent and miscellaneous violations decreased 3.2 per cent.

The arrests of girls under 21 years of age increased 7.2 per cent during the first half of 1951 as compared to the same period in 1950. Arrests of girls in these age groups for offenses against property increased 3.8 per cent while arrests for offenses against common decency (prostitution and commercialized vice and other sex offenses, disorderly conduct, vagrancy, etc.), increased 12.6 per cent.

Of the 419,451 fingerprint arrest records received by the FBI during the first half of 1951, 60.5 per cent represented persons who already had prior arrest records on file with the FBI Identification Division. For males, the percentage of prior arrest records was 62.1, and for females the percentage was 46.0.

More than 42 per cent, or 177,279 of the fingerprint records examined during the first half of 1951 represented arrests for major violations. Persons charged with murder, robbery, assault, burglary, larceny and auto theft numbered 112,626 which constituted 26.9 per cent of the total arrest records examined.

The number of fingerprint records examined by the FBI during the January - June, 1951, period exceeded by 4.2 per cent the number examined during the same period in 1950.

For every 100 crimes reported to the police, 23 were cleared during 1950 by the arrest of 22 offenders, some of whom were thus responsible for the commission of more than one crime.

In the list of percentages of offenses cleared by arrest, murder would take first place with 93.8 per cent followed by 88.3 per cent for negligent manslaughter. Rape was next with 80.3 per cent while 76.6 per cent of the aggravated assaults were followed by the arrests of the offenders.

Among the crimes against property, the 43.5 per cent cleared by arrests for robberies was the highest, followed by 29.0 per cent for burglaries, 25.6 per cent for auto thefts and 22.1 per cent for larcenies.

The term "cleared by arrest" refers to the situation wherein one or more of the offenders responsible for the commission of the offense were arrested and made available for prosecution.

The percentage of persons charged by the police with some offense and who were found guilty in 1950 ranged from 54.5 per cent for manslaughter by negligence and 56.8 per cent for receiving stolen property to 84.0 per cent for liquor law violations and 86.4 per cent for driving while intoxicated, according to the reports of 206 cities with more than 25,000 population representing a combined urban population of 24,341,092.

Mrs. G. O. Griffiths of Vernon visited in the home of her parents, Mr. and Mrs. H. S. Stubblefield, the past week.

THEY HAVEN'T MUCH TIME—The Eiffel Tower provides the background in Paris as two French workmen twist tubing into the shapes needed to complete the United Nations Building in time for the General Assembly session to be held there in November. The dismountable building, attached to the Palais de Chaillot, will strike a new note in modern architecture.

Daffodil Types Differ Chiefly in Size of Trumpet.

Months of Spring Color Possible from Daffodils

Daffodils, first major flowers to blossom in the spring, have been cultivated in gardens almost as long as tulips.

While limited in color range, they vary much in form and season of bloom. By using all available types, and selecting early, midseason and late varieties, daffodils can be kept blooming during two spring months.

Varieties suitable for garden borders are classified as:

Large Trumpets, in which the trumpet is as large as the perianth (surrounding petals). Colors include yellow, white and bicolor, in which the trumpet is yellow and the perianth white, or the reverse.

Incomparabilis, with medium length trumpets, of yellow, white, orange, red or flushed pink, combined with perianth of white or yellow.

Barri, with small trumpets or cups, with color range similar to incomparabilis.

Leedsii, having white perianths and white or sulphur medium trumpets.

Poets, with white perianths and small red or orange cups.

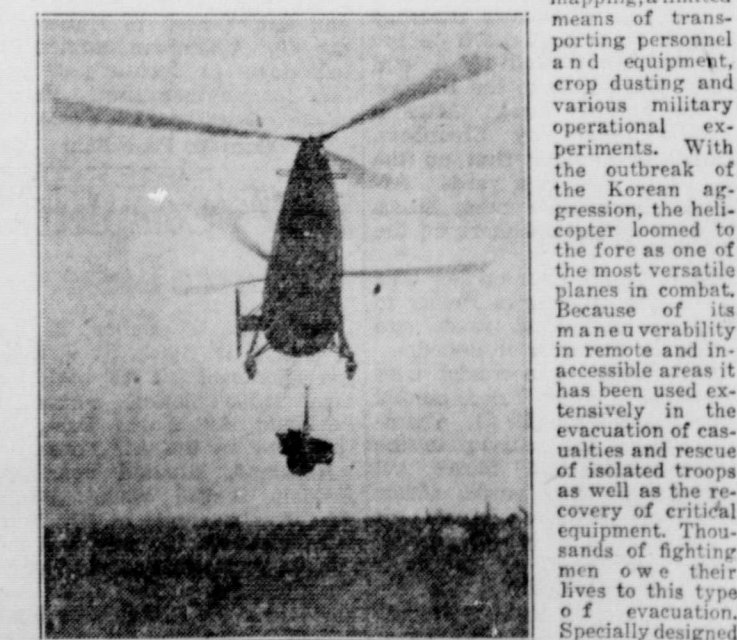

Jonquils which are not suited for a cold climate, except with heavy protection. They bear fragrant flowers in clusters.

There are also small flowering varieties suitable for rock gardens, and cluster-flowered varieties called "poetaz" which are attractive in flower arrangements.

Double-flowered daffodils are more curious than beautiful, but many like them for flower arrangements.

HELICOPTER SERVES UNLIMITED MISSIONS IN COMBAT IN KOREA

Prior to the Korean operations, the helicopter was generally considered an eddy, an infant among the battle-tested fighters, bombers and transport planes. During the interim period following World War II, it was used chiefly for air-sea rescues, reconnaissance and mapping, a limited means of transporting personnel and equipment.

duced in limited quantities and vital to the United Nations operations have been retrieved and returned to our forces. Safe shipment of highly essential equipment and supplies is most generally assured. Its unique size and the low altitude at which it flies makes it a difficult target for the enemy and a very effective forward observer and artillery spotter for ground troops. Field commanders are using it extensively for closer liaison with their tactical positions and troops. The armed services are anticipating many more uses for the aerial curiosity with additional field tests and certain modifications.

Cisco Homes For Sale

New, modern 2-bed-room home close-in on pavement. FHA loan.

7-room home with extra lots. A splendid home.

A RUNNING START—Halfback Tom Keane of the National Football League's Los Angeles Rams, skirts around end away from New York Giants center John Cannady for a 10-yard gain in the first quarter of an exhibition game at the Polo Grounds. The Rams didn't do much running for the rest of the game, however, depending on forward passes to down the Giants, 23-31.

Wranglers - - -

From Page One on the 17. After an eleven yard loss, Price punted to his own 45. Unable to gain first down yardage, Cisco punted down to the 28. After a 15 yard penalty, Healer hit Morrison for a gain of 32 yards as the third quarter ended.

Decatur punted down to Cisco's 35. Moore lost 11 yards and two passes did not connect; so Chambers punted to the Decatur 40. Price carried the ball down to Cisco's 46 where Decatur received a 15 yard penalty. Decatur punted down to Cisco's 30 where Stephens of the Indian squad recovered the ball after it had been touched by a Cisco safetyman. Cisco held the Indians for downs. Moore hit Moses on the 35. Then a pass by Decatur's Vernon Horsley on the Indian 34. Healer picked up 10 and lost 21. Price punted up to the Indian 36.

After four incomplete Cisco passes, Decatur took over again. Unable to gain a first down, Price punted to Cisco's 41. After a 12 yard loss, a Cisco pass was intercepted by Vernon Horsley as the game ended.

The statistics for the game were: Cisco Decatur 71 yards gained rushing 70 13 first downs 11 21 passes attempted 16 6 for 59 passes complete 8 for 168 5 for 28 punt average 8 for 33 0 interceptions 3 2 for 20 penalties 6 for 70 Cisco's starting lineup was Noles and Atkinson, ends; Darr and Travis, tackles; Salter and McDonald, guards; Knapp, center; Eddings, McLean, Moses, and Chambers, backs.

BOOM... the right rear tire on his car blew out. Walter didn't have a jack that would work so he walked into town and borrowed one from a service station. Some hour later he was off again.

He was only a half mile from home when his car threw a rod. Clanking and knocking he struggled on, and just as he turned out in front of him. To help matters his breaks played out. The repairs on the new Ford won't cost over \$300 dollars.

And you gripe about your troubles. . . .

GOOD BUS SERVICE AT C. J. C.

Cisco Junior College purchased two new buses to provide transportation to the College for students from neighboring towns.

The new G.M.C. carry-all goes to May where it picks up students and at Rising Star. William Key drives.

The Ford bus, driven by Gene Clark, picks up students at Carbon and Eastland.

President Stamey reports that the buses are assets both to the Student as a means of easy reach of a higher education and to the College in gaining more students.

The buses are truly serving the community.

Students Advised To Submit SSCQT Applications Now

Applications for the Dec. 13, 1951 and April 24, 1952 administrations of the College Qualification Test are now available at Selective Service System local boards throughout the country.

Eligible students who intend to take this test on either date should apply at once to the nearest Selective Service local board for an application and a bulletin of information.

Following instructions in the bulletin, the student should fill out his application and mail it immediately in the envelope provided. Applications for the December 13 test must be post-marked no later than midnight, November 5, 1951.

According to Educational Testing Service, which prepares and administers the tests for the Selective Service System, it will be greatly to the students advantage to file his application at once regardless of the testing date he selects. The results will be reported to the students Selective Service local board of jurisdiction for use in considering his deferment as a student.

and women veterans are 20 highly educated teachers. Some of the men study metallurgy and internal combustion, while several others try their hand at radio work or drafting; but there are many other subjects designed to fit their needs. In the speech, English, business and math classes, one may find both men and women with their heads buried deep in a text book. The main difference between night school classes and day are that you will see several bald and grey headed scholars intermingled with the younger ones. The age nor the type of work doesn't matter, — the main thing is that they are learning a trade.

Mr. Collier has a fine group to work with and they will probably turn out to be finer men and women.

So You Have Troubles

HALTOM CITY, Oct. 13. — Walter Knapp, a student of Cisco Junior College, started toward his home this week-end. Mr. Knapp intended it to be a hurried trip—but it was all to his misfortune.

To start his troubles — his car ran out of gas just outside of the city limits of Cisco. Walking back into town he purchased gas and was off again. His troubles were quiet until about two miles from Fort Worth, then

NIGHT SCHOOL NEWS

Three nights a week the lights burn bright in the class rooms of C. J. C. The night classes attend college on Monday, Tuesday, Wednesday and do their make up work on Thursday nights.

This year there are 325 students enrolled in a variety of different courses. To guide the men

Bucking the Line of Scrimmage — ... if we may borrow from football practice, is the sort of exercise that toughens fibre and prepares the participant for heavy duty ahead. As in sports, so it is with those who attain success in life. The weak falter while the strong survive. Getting the job done is bucking the line, a sure demand of the public in business life. Some call it Success, but we like to think of it as a lot of hard work... In a nutshell, that's it! Earl Bender & Company Eastland, (Abstracting since 1923) TEXAS
