

Appreciation Day in Cisco

VOLUME XXXI

CISCO, TEXAS, THURSDAY, OCTOBER 25, 1951

NUMBER 238

The Gay Philosopher

By J. W. S.

YOU'RE GOING to Comanche Friday night to see the Lobos play another college football game, your best bet to go via Rising Star. It's 27 miles from there to Cisco. If you go like the flies, it's about seven miles.

Lobos are predicted to win the Fort Worth sports and Comanche is picked by the sportsmen. Cisco writers have quit predicting the local sports writers took as the outcome of four last week. And only one was right.

CISCO LIONS CLUB has elected Mr. W. H. LaRoque, who has been ill in the hospital the past two weeks, as president. He has kept a perfect attendance record for the past 27 years. The past Wednesday, five members of the club went out to hold a meeting in the room. That constituted the club for Mr. LaRoque.

President Austin Flint reported that Mr. LaRoque has regained consciousness and strength and knew them. He is glad to see them.

FOR ROY Killingsworth of Cisco has given up his campaign to induce Coach Everett to bring Assistant Coach Carroll Tatum to a meeting of the club. "I intend to invite myself next week," writes Killingsworth.

YOU SHOULD HEAR Miss Agnew sing "The Desert Song" if you would like to hear something new. Miss Agnew was a soloist at a group of collegians at Cisco yesterday, and she is a fine job. She's studying college music department. Her program was one of the best we've heard. Chairman Clinton of the college department put on.

WE'VE GONE INTO the weather forecasting business in a limerick. A friend down in Austin put a combination thermometer and barometer. The barometer has different kinds of weather that the pointer can see. For example, it's unsettled and the pressure is slowly falling. This indicates that a storm should come through to us.

MAKE THE whole thing better, P. Knight has brought us an entitled "Weather Forecast." He got the book four or five years ago and is now a weather forecaster himself. He has promised to kind of be our education.

WE'RE STILL a lot of guess work in our forecasting, as you can see from reading the daily news. We once knew an old man who had a pretty good reputation for forecasting weather. He told him one day where he was. "I just read the paper and see what the forecasters predict that the weather will be the opposite," was his explanation.

TEMPERATURE got down to 41 degrees Wednesday night as the coldest of the fall season. We're going to put anti-freeze in our pipes any day now. And it's frost any night.

SCOUTS REPORT that the season is dry. In fact, it hasn't rained since 1902. Hence, the hunting season wasn't so good. Local hunters included Annie and Earl Walker in the party, and Dr. D. Ball and Tillinghast in another party. They got a small elk, but no one saw one.

MRS. CARVELL REED and Mrs. Carvell Reed, Cisco, are announcing the birth of a son, Tommy Carvell, on October 21 in the Gorb hospital. The infant weighed eight pounds, nine ounces at birth and he and Mrs. Reed were reported as doing well. Mrs. Reed was the former Geenna Rich, daughter of Mr. and Mrs. C. L. Rich.

GLIDING DOWN THE RIVER—Mr. and Mrs. Gibson Cowan, of London, England, ply paddles in their 17-foot canoe as they make their way down the Mississippi River from Lake Itasca, headquarters of "Ol Man River," to New Orleans. Mr. Cowan, a travel authority, hopes to reach the mouth of the river some time in November. Mrs. Cowan is an actress in her native land.

LOBOES TO COMPLETE PLANS FOR COMANCHE IN WORKOUT TODAY

The Cisco High School Lobos were to complete their plans for a conference game at 8 p. m. Friday at Comanche in a workout this afternoon at Chesley Field.

Shrine Circus To Play In Abilene Late This Month

ABILENE, Oct. 25. — It'll be Circus Day, three of 'em, in West Texas Oct. 29, 30 and 31 when the famed Shrine Circus comes to Abilene for its first appearance in this area.

The show will be staged daily at 2:30 p. m. and 8:15 p. m. at Blue Sox Stadium. Tickets will be 50 cents for kids, \$1 for adults — and that includes tax. Reserved seats, which are optional, will cost 50 cents.

Famed for a score of years for its appearance under sponsorship of Shrine organizations over the Nation, it is being brought to Abilene by local Shriners.

The same Shrine circus presented annually in larger cities will be transplanted to Abilene. It will boast such headlines as dainty, diminutive Dolly Jacobs, circusland's famed "Princess of Pachyderms" who pits her 94 pounds of personality and talent against 15 and a third tons of elephants.

Miss Jacobs' tons of trunk-toters include Empress, Modoc and Judy, each weighing 10,000 pounds, and 800-pound Baby Dumbo, infant elephant reputed to be the smallest and smartest professional performing pachyderm in movies or circus work.

Miss Jacobs was featured with her three larger pets in the recent MGM production, Soldiers Three. Baby Dumbo has "played opposite" such stars as Clark Gable, Robert Taylor, Spencer Tracy, Gene Kelly and others.

One of Dumbo's tricks is playing a harmonica — a stunt which won him an honorary membership in the American Federation of Musicians through personal award by James C. Petrillo.

Other stars stud the 46-act, two and a half hour show. Ala Ming is the Chinese Princess of the Silver Wire. Mlle. Beatrice Dante, beautiful blonde from Brussels, Belgium, will present a troupe of educated chimpanzees. There are animal acts, jugglers, acrobats, clowns and all that goes to make a three-ring circus.

Climaxing the show will be the aerial ballets, Jungle Fantasy and Western Air, featuring fabulously wardrobe beauties, including the "Dozen Daring Darlings."

The show is sponsored by Abilene Shriners to provide funds for their various activities. Hubert Northcutt is local chairman. The famed Shrine drum corps will be ushers for the show.

Moran News . . . Moran Luncheon Club Has Meeting

The Moran Luncheon Club was served by the Sedwick group this week with Mrs. Ura Hammond and Mrs. John Rice as hostesses. Last week Mrs. Dave Parrish and Mrs. Ida Ballard of the Deep Creek group were hostesses. Some 60 members and visitors, including Mr. and Mrs. Bob Black of Albany and Mr. and Mrs. Walker Sales of Breckenridge, were present. During the business session it was announced that Moran's quota on the USO drive was \$250. Plans for raising the quota will be worked out at a later meeting.

Visitors at the Wednesday meeting were Dub Macon, W. C. Vines, Ike Chism and Matt Blanton, Albany; Mrs. M. H. Parrish, Cisco; Mrs. E. H. Muller, Houston; Mr. and Mrs. Tom McWhirter, Abilene. The highlight of the next meeting will be a talk by Jack Cox of Breckenridge, a member of the Texas House of Representatives.

The Moran Bull Dogs will play the South Taylor football team in Tuscola Friday night after being idle last week. A good following of Moran fans was expected to be on hand when the whistle blows for the opening kickoff at 7:30 p. m.

The annual Moran Hallow'en carnival will be held on Main Street Saturday night, October 27. The street will be roped off and the concession stands will be set up along the sidewalks. Numerous games and programs will be given and food and drinks will be served. Half of the proceeds will go to the P. T. A. for the purchase of equipment for the school and the remaining half will be divided among the rooms participating in the carnival. Everyone from the Moran area was invited to attend.

Mr. and Mrs. Emory Morris and son Pete returned Monday from El Paso where they visited Mr. and Mrs. Elvin Green. While there they attend a family reunion, went to Juarez and attended a bull fight.

Mr. and Mrs. R. F. Thames are moving to Abilene to be with their daughter Joyce who is employed with the telephone company there.

Evangeline Booth and Peggy Goode of Abilene and Mrs. J. W. Booth of Moran spent Friday and Saturday in Fort Worth visiting M-Sgt. John J. Booth and his family.

Mrs. T. H. Sherman is recovering from surgery which she underwent recently in a Baird hospital. She has returned to her home and is expected to be able to be out in about two weeks.

Texas Farmers Make Progress In Harvesting Crops

Texas farmers again made full use of available labor and machinery to push harvest of mature crops as open weather continued over much of the State for the third consecutive week. Widely scattered showers in some High Plains counties temporarily delayed cotton picking and combining of grain sorghums, but were too light and scattered to materially benefit wheat prospects. Heavy rain in the Lower Valley will keep winter vegetables coming along. General rains, however, was still needed badly over practically the entire state.

Small Grain prospects continued to deteriorate with another week of drought. Planting was virtually at a standstill, although some further seedings were made in the dust. Wheat and other small grains that were up made little or no progress, with some crops dying from lack of moisture. Army worms were still damaging small grains in central, southern and eastern counties.

Harvesting of grain sorghums in the northern High Plains made rapid progress with most counties reporting harvest about 75 percent completed. Harvesting was also underway in the southern High Plains and northern Low Rolling Plains. Gathering of corn was making good progress in southeastern counties, where harvest had been slow due to cotton and rice harvest, and was continued in other areas.

Conditions were favorable for continued active harvest of peanuts, with light yields in most areas. Fall-crop peanuts in the southern counties, where early crop yields were very light, are showing some deterioration because of lack of moisture. All rice areas resumed active harvest and grades were showing some improvement. Harvest of the light pecan crop was becoming general. The fig crop along the coast was cut short by dry weather.

The only obstacle to rapid progress of cotton harvest during the week was a shortage of pickers and pullers in west and northwest counties. Cotton opened rapidly, and in some places schools were closed to provide additional harvest hands. Some farmers were buying harvesters to gather the crop mechanically after frost defoliates the plants. Pink boll worms were found in some northern and northeastern counties. Many fields in which stalks had been plowed under were needing reworking to destroy volunteer cotton, especially in south Texas.

Fall and winter pasture feed prospects faded as droughty conditions spread south and east to again cover the State, excepting the Lower Valley. In western and northwestern counties where the summer and fall drought was still unbroken, the short supply of dry range feed was being steadily consumed. In central, eastern and southern counties, lack of moisture since mid-September has checked development of much-needed new green feed, and to add further to the critical situation in some counties in this area, Army worms were destroying oats. Supplemental feeding continued to increase. Movement of old ewes, lambs, and goats out of the Plateau and western counties continued very heavy. Marketing of cattle and calves also continued in very heavy volume.

Farm Bureau To Hold Convention

Plans for the county convention of the Farm Bureau were made when directors met last week in Eastland. The Eastland County Farm Bureau will hold its county convention on Tuesday, Nov. 6, at Eastland.

Directors for the coming year will be elected and voting delegates will be selected to represent this county at the state convention to be held in Houston on Nov. 19-21. Luther Cunningham and Mr. and Mrs. Ben Freeman were appointed to serve as the resolutions committee.

Resolutions passed by the county convention will be sent to the state meeting. Anyone interested in offering a resolution on any farm subject was invited to contact members of the committee.

Local Authority Takes Over New Cisco Housing Project

OPTICAL ILLUSION—Mrs. Larry Swanson, of Seattle, Wash., is demonstrating her original idea for entertaining small groups with her "puppetette." With the body of the puppet-like doll attached to her neck, Mrs. Swanson's own head and hands are used in her unique puppet show monologues.

Tenants To Move Into Apartments

The Cisco Housing Authority today accepted the newly completed 52 brick apartments, erected here by the U. S. Public Housing Administration in a national low-income rent program, and released the contractors, according to an announcement by Chairman S. H. Nance.

In accepting the project, which cost an estimated \$430,000, the authority began making immediate preparations for tenants to move in. The first tenant lease was expected to be signed during the day.

Secretary E. A. Butler of the authority said that some 35 of 55 applications for apartments in the project have been processed. Several tenants are expected to be assigned apartments before the week ends.

The housing authority has announced that the apartments will be open for inspection of the general public in an open house from 2 to 4 p. m. Sunday. Members of the authority are expected to be available to show guests through the apartments.

Mr. Nance said the authority accepted the project from the E. M. Lambert and Son Construction Company, Abilene, subject to completion of landscaping and site work, part of which will be done next spring.

The authority met this week and awarded insurance contracts for the project to local agents. T. N. Carlisle, long time resident of the Cisco area, was employed as maintenance superintendent. Butler will serve as secretary.

Acceptance of the project had the approval and recommendation of the U. S. Public Housing engineers at Fort Worth and the authority's architects and engineers.

College Students Provide Program At Lions Meeting

A group of Cisco Junior College music students presented the program at the weekly luncheon meeting of the Lions Club at noon Wednesday in the Victor Hotel Dining Room. Robert Clinton was in charge of the program.

Misses Jane Huestis, Pat Agnew, Patsy King and Ruth Beatty and Bob Womack and Ben Green, joined by Instructors Clinton and Jack Chambliss, to sing several madrigal numbers. Miss Agnew, accompanied by Miss Huestis, sang "My Hero" and "The Desert Song."

Lion Don Rupe was the program chairman for the day.

President Austin Flint announced the appointment of a committee composed of C. E. Hailey, T. C. Williams and Truman Taylor to cooperate in the coming chest x-ray program.

Community Chest Needs \$428 More To Finish Drive

The Cisco Community Chest needed \$428.31 today to reach its budget goal of \$4,200, according to a report by Treasurer James S. Duff. A total of \$3,772.69 had been turned in to Mr. Duff.

Campaign Chairman W. P. Guinn reported that four business district teams had not completed their canvasses, and there were several large business firms yet to report. He asked them to finish their assignments as soon as they can.

Anyone who has been contacted in the campaign drive was asked to send donations to Mr. Duff or to Mr. Guinn.

The chest drive will provide operating budgets during the coming year for the Cisco Welfare Association, the ABC Club, the Boy Scouts, the Girl Scouts and the Teen-Age Hobby Club.

FOR KOREANS' CHRISTMAS—Col. Ben Limb, Korea's representative in the United Nations, and two Korean youngsters, are shown with some of the 500 boxes of warm clothing which were sent to Korean children for Christmas by the Save the Children Federation in New York. The Federation's Manhattan workrooms have recently resembled the home of Santa Claus.

Full Time Local Health Agency Is Seen As Big Need

AUSTIN, Oct. 25.—"What the average community needs is a well organized health department which emphasizes five types of activities to protect the child's health," says Dr. Geo. W. Cox, State Health Officer. "These activities are: (1) The safeguarding of child health and motherhood; (2) the control of contagion; (3) accurate recording of births and deaths; (4) support of public health laboratories; and (5) sanitary control of diseases spread from human waste and by vermin and insects."

"The full time local health unit gives due emphasis to each of the above mentioned activities. To illustrate how these 5 essential functions are interrelated, the various divisions in the new born baby, preschool and school child may be cited as an example. Child health is safeguarded by providing information and instruction to the mother. Through the use of vital statistics, complete and accurate birth registration is kept, as well as records indicating deaths which occur among children from preventable diseases.

"Contagion is prevented or controlled against further spread through the encouragement of immunization early in life, through the prompt reporting of infectious disease. Public health laboratories and sanitary engineers provide additional bulwarks of protection for child life.

"Adequate health organization and wholehearted support on the part of various state and local agencies are essential if these activities are to be successfully maintained."

Miss Olga Faye Ford of Cisco, Mr. and Mrs. E. K. Henderson of Eastland, and Mrs. Guiles and son of Breckenridge attended the funeral of R. W. McCarroll in San Angelo today.

Brit Simmons of Fort Worth is visiting in the home of his aunt and uncle, Mr. and Mrs. J. M. Simmons, and other relatives this week.

By NANETTE WEST

This week at C. H. S. is a quiet one after the hectic turmoil of last week prior to the game with Ranger. The annual game with Ranger is more than just another football game; it has become a tradition. It represents a competitive contest in athletic prowess and sportsmanship, observed for many years by the two teams. Last year Ranger defeated the Lobos by a score of 14-0, this year the final score was 20-7 — one point less than what they beat the Lobos by last year. That is one bright point of the game and another is the splendid way the Lobos conducted themselves on and off the playing field. All C. H. S. was proud of the Lobos and are expecting a victory over Comanche this Friday night.

The "Los Chicos" Spanish Club is sponsoring a bake sale Saturday morning at Norvell-Miller Grocery. They are having the sale to finance a trip to Mexico next summer. Last summer they made enough money on bake sales to make a trip to Monterrey, Mexico. Go down and help them out. Who knows, one of these days you might want some extra money and sponsor a bake sale; if so we will guarantee every one of the "Los Chicos" will go down and buy a cake. That's good politics.

Last year the Lobos defeated Comanche by a score of 46-13. The team and student body are showing enough spirit and pep to merit a perfection of a Lobo victory by two touchdowns!

Think twice before you speak, especially if you intend to say what you think.

Said the Senior: "When I first started to C. H. S. I was pretty conceited, but the other students knocked that out of me and now I'm one of the nicest fellows in the whole school."

Mr. Massey: (in Chemistry class) This gas is a deadly poison. What steps would you take if it escaped?"

Max Poynor: "Longe ones, sir."

Seems like old times: Seeing Mr. Conger running down C. H. S. halls pulling his hair?

The Seniors preceding Juniors, Sophomores, and Freshmen out of assembly.

Bob Hogue back at C. H. S. Mr. St. Clair with a complete band half-time show.

Downtown pep rallies. Leon McCrary with his scooter. Edward Courtney back in school.

For those of you taking Algebra we dedicate this poem by Marieta Blaylock:

It causes us to sweat and stew; stay up late and work long overdue.

We wrestle with letters and numbers; till our mind is all in a jumble.

We use our pencils down to the stub, and our eraser is just a nub. We use packages of paper by the dozens and expect we have the right answer. But we doesn't.

Bucking the Line of Scrimmage —

... if we may borrow from football parlance, is the sort of exercise that toughens fibre and prepares the participant for heavy duty ahead. As in sports, so it is with those who attain success in life. The weak falter while the strong survive. Getting the job done is bucking the line, a sure demand of the public in business life. Some call it Success but we like to think of it as a lot of hard work. In a nutshell, that's it!

Word And Lake Cisco HD Club Hold Joint Meeting On Thursday

The Word Home Demonstration Club and the Lake Cisco Home Demonstration Club met in a joint meeting Thursday, October 18, in the lunch room of the Cisco Junior High School.

Miss Willie Word of the Word Club called the meeting to order. The group repeated the Club Prayer in unison. Miss Word introduced Arlin Birt who explained the Gilmore Aikens Bill. A short business session followed.

The clubs were reminded to send their things for the exhibit which is to be held October 27, to the former Motts Store by Friday. The exhibit will consist of the things that were made by the clubs during the past year. The Clubs participating in the exhibit will

be the Word Home Demonstration Club, The Lake Cisco Home Demonstration Club and the Pleasant Hill Club.

Those present were: Mrs. D. Ball, Mrs. McNeely, Mrs. C. H. Housh, and Mrs. Justice from the Lake Cisco Club and Miss Willie Word, Mrs. Ernest Schaefer, Mrs. Roy Fenley, Mrs. W. C. Clements, Mrs. I. D. Strawn, Mrs. D. P. King, Mrs. Smith, Mrs. George Irvine, Mrs. Cora Plumlee, Mrs. M. P. Farnsworth, Mrs. Jay Warren, Miss Alice Bacon and three visitors; Mrs. J. E. Stansell, Mrs. M. Carrell Smith, and Mrs. Joe Tullos.

At the close of the meeting the clubs were served ice cream by Mrs. Tullos who was in charge of the lunch room.

First Baptist W.M.U. Has Business Meet

The W. M. U. of the First Baptist Church met Tuesday afternoon, October 23, at the church for the monthly business meeting.

The W. M. U. president, Mrs. R. D. Guthrie, presided. The meeting was opened with a song and prayer. Mrs. A. R. Day brought the devotional on The Pen Picture of Christ. Reports from all standing chairmen were given and assignments for the next month were assigned to each Circle. The meeting closed with prayer by Mrs. A. R. Day.

Thirty members were present.

Mr. and Mrs. Carl Alford, Mrs. Johnnie Leonard and daughter, Cathy, of Austin and Mrs. Ed Watkins and daughter, Julie, of Rising Star were recent guests in the home of Mr. and Mrs. Raby Miller.

Eastern Star Meets On Tuesday Evening

The Cisco Chapter 461 of the Order of Eastern Star met Tuesday evening at the Masonic Hall for regular stated meeting.

The meeting was opened in regular form with Mrs. Stella Wilson presiding as worthy matron pro-ten, Joe Brown as worthy patron, Sarah Ann Parmer as associate matron pro-ten, and Selma Tableman as secretary pro-ten. Routine business was transacted and an invitation was extended by Leroy Wilson, on behalf of the Masons, to the Eastern Star to attend the dedication of the aged Masons Hospital in Arlington on November 10.

Word was received that Mrs. Kitty Hickland of Ranger was recently appointed as deputy grand matron for this district for the coming year. The regular officers: Mrs. Juel Browning, worthy matron; Mrs. Gladys Byrd, associate matron; Mrs. Irene Brittain, secretary; Mrs. Mary Emma Brown, life member; Mrs. Nona Dean and J. D. Browning, were attending Grand Chapter in San Antonio. The meeting closed in regular form.

Twenty two members were present.

East Baptist RA's Meet On Monday

The R. A.'s of the East Cisco Baptist Church met Monday afternoon in the home of their leader, Mrs. R. E. McCord, for their regular meeting.

Mrs. McCord read a story to the group from the Bible after which games were played and popcycles were served to: Robert Hodnett, Gene Thetford, Eddie Snyder, Wesley Payne, Lonnie Abbott, Dewie Lankford, and Ronnie Payne.

Announcement

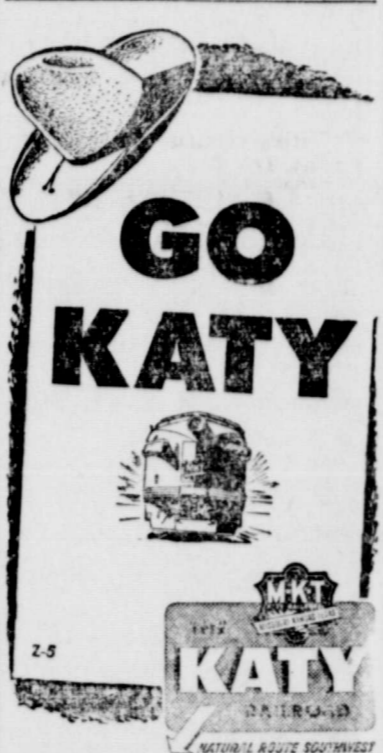

I have moved the Canaris Studio to Eastland and will appreciate your continued patronage. I thank all of you who helped make my stay in Cisco a pleasure.
