

The Gay Philosopher

By J. W. S.

ONE OF THE finest shows that our town has seen in some time came off Sunday afternoon at the model plane airport near the National Guard Armory on the Lake Cisco Road. Model planes from Eastland, Abilene and Cisco staged combat and free-for-all maneuvers.

Pilots who took part included Bill Lassiter and Buster Graham of Eastland, Bill Losland, Joe Pechachet, Bill Ramsey, Dean Brown and Gene Young of Abilene, and Dick Donovan, James Thurman and Chief Brown of Cisco.

Lassiter won the combat contest, with Ramsey as runnerup. Lassiter also won the free-for-all event, with Donovan as the runnerup.

The local model plane club has been growing in numbers and interest for some time. Any if you want to join, all you have to do is to see Dr. Brown or Dick Donovan. They'll give you all the dope, including where you can get a plane.

OUR DESK HAS turned into kind of a lost and found department. Among the items that have been found and brought in in recent days include the following articles:

One spur for the left foot. Looks like it has been used considerably, but it will ride a good many more broncs if you had the other one.

One pair of glasses. They're small. Maybe they were lost by a child or a lady. They have shell frames with a bit of gold on each side. They're in a green leather case and were made by Dr. C. M. Cleveland as his name is on the case.

We still have a white knit baby's cap and a string of rosary beads. Will appreciate if the owners will come after these items.

MR. A. Z. MYRICK didn't know so many people here wanted to buy French doors. He ran a want ad on same the other day and reports that he could have sold a dozen more.

Now he wants to run a want ad on a meeting of the Cisco Livestock Show Association for 7:30 p. m. Thursday at the First National Bank's community service room. A group of us were designated to help him roundup a good crowd. We're supposed to notify Mr. Zan Burroughs, Mr. Joe Clements and Mr. J. B. Pratt to be present.

WAS OVER TO RANGER last evening to attend a Masonic meeting with Mr. Fred Erwin, Mr. R. E. Grantham and Mr. Roy Wilson. And one of the Ranger fellows told us that they're all set to play Dublin in a football game at Ranger on Friday night. Ranger is favored to win, but we've got a sneaking suspicion that it might be an upset. Our district is due for one.

CONGRESSMAN Omar Burlison, who spoke here last Sunday, quoted some interesting statistics. He said that it cost the Romans 75c to kill an enemy soldier. It cost the U. S. \$21,000 for every enemy killed in World War I and \$75,000 for each dead enemy in World War II.

In round dollars, the Civil War cost the United States 14 billion dollars, the Spanish American War cost 3 billion, World War I cost \$7 billion, and World War II cost 408 billion.

DROPPED OUT TO the football field late yesterday. And it was kind of cool. Coach Scat Russell told us we should have dropped out Monday afternoon if we were looking for cool weather. Both the Wranglers and the Loboes worked out in the chilling north wind Monday.

It's getting to a point where you can't depend on the weather in November, isn't it.

THE REV. D. E. Aden, pastor of the First Christian Church, calls to report that somebody's Collie pup had turned up at his house — 1112 West 7th street. And Mr. Aden would be glad for the owner to take custody.

Mr. and Mrs. Vernon Honea of Fort Worth visited in the home of his parents, Mr. and Mrs. J. J. Honea, over the weekend. Mr. Honea is a student at T. C. U.

Myrick Well Due To Be Completed Late This Week

Completion work in the E. C. Connally No. 1 A. Z. Myrick, wildcat oil test just south of Cisco, was due to begin about Friday, according to reports today. Pipe was cemented Monday in the well. The well had a good oil and gas show in the Lake Sand at 3,410 feet. Some 14 feet of sand was cut and a test showed gas to the surface in three minutes with free oil in the hole. Drilling was continued to 4,044 feet to the Ellenberger lime. Pipe was set to the Lake sand.

Cooper and Hemphill expected to begin completion work today in their No. 3-B J. S. Hart five miles northeast of Cisco. Pipe was set on top of the Lake sand at 3,411 feet Sunday. After drilling three feet into the sand, a drill stem test showed gas to the surface in 16 minutes with 60 feet of free oil and 60 feet of oil cut mud in the hole.

Bankline Oil Company has plugged and abandoned its No. 1 Reynolds-White, a wildcat test six miles northeast of Cisco, at 3,810 feet after failing to find production.

Plans call for Bankline to move next to drill their No. 3 C. E. Reynolds in the Bankline-Owens Field. The No. 3 location is between two flowing wells.

Another recent area failure was the Harold M. Kupp No. 1 Wedington, two miles north of Cisco. It was abandoned after failing to find oil in the Ellenberger lime and upper formations.

LOBOES AND WRANGLERS BEGIN WORK FOR GAMES THIS WEEK

Preparations for week-end football games were well underway at Chesley Field Tuesday afternoon as both the Cisco High Loboes and the Cisco Junior College Wranglers went through scrimmage programs.

The Loboes resume conference plays Friday night at Eastland after a week's layoff, while the Wranglers make a long trip to Corpus Christi to meet the Del Mar College team in the final road game of the year.

Coaches Jack Everett and Carroll Tatum had all hands except Guard Red Melton out for practice. Melton was ill. The Loboes studied Eastland's spread formation running and passing attack during a long scrimmage. Coach Everett said he expects all the Loboes to be in top shape for the game.

With Boy Gallagher running the "B" team using Eastland's TCU spread formation, the Loboes first string did a good job of defending.

MIGHTY MIDGETS WIN 7-TO-6 VICTORY OVER COMANCHE '11'

Cisco Junior High's mighty Midgets won a hard-earned 7-to-6 victory over Comanche's juniors in a football game Tuesday night at Comanche. A large delegation of local students and fans accompanied the team to Comanche.

The Cisco tally came in the second period. On fourth down, Midget Buck Whitehead went back to punt. The ball went to quarterback Tommy Reynolds who shot a short pass to End Ed Bernie who out-ran everybody for the double stripe. Bill Smith plunged over for the extra point.

Comanche also scored in the second period. Beginning in mid-field, the junior Indians completed a 30-yard pass. After three line plays failed, the Indians passed for a touchdown on fourth down. An attempted place kick failed.

The Cisco team missed a chance to score in the opening period

Marine Sergeant Is Entertained Oct. 30

Staff Sergeant Bill Trovar of the U. S. Marine Corps, who accompanied the remains of Kelly Damon to Baird last week, was the guest of Mr. and Mrs. H. E. Wagley of Putnam on Tuesday night, Oct. 30. Following dinner, they attended an entertainment at the Putnam School and enjoyed refreshments at the I. G. Mobley home. He left for his station at Santa Clara, Calif., the next day.

when line bucks by Bill Smith and Tommy Reynolds drove to the Comanche 10. Reynolds took the ball and drove to the two yard line where he fumbled and Comanche took over.

The final two periods turned into a defensive battle. Comanche passes failed to click as Benji Lipsey intercepted two aerials, and Bobby Joe Johnson and Reynolds caught one each.

Cisco starters included Don Price and Ed Bernie at ends, Kenneth Penn and Tommy Collier at tackles, Joe Wayne Farrow and Gerald Tucker at guards, Frank Walton at center, and Tommy Reynolds, Bill Smith, Buck Whitehead and John Carlisle in the backfield.

Midget substitutes included Dan Meir, Ronnie Qualls, Benji Lipsey, Bobby Joe Johnson and George Page.

The Midgets have two more games on their schedule. They go to Ranger next Tuesday night, and Rising Star plays in Cisco on November 20.

Federal Charges Filed Against Horace Walker

Horace Walker, former Eastland County delinquent tax attorney, today faced federal charges in connection with the operation of his tax collecting agency in this county.

A charge of using the mails to defraud was filed against Walker in Dallas early this week and he was released Tuesday on bond of \$3,500. He was accused of mailing alleged false statements to Austin on tax funds collected while he held a delinquent tax collecting contract with Eastland County.

He was alleged to have converted large sums of county and state tax funds to his own use instead of turning them in. U. S. District Attorney Frank B. Potter said in Dallas the federal case was an outgrowth of criminal and civil actions pending in state courts.

All of the cases have come up since 1945 after Walker's connection with Eastland County began.

ELECTION ISSUES

The Welfare Program

One of the five proposed changes in the Texas Constitution, on which Cisco and all the state will vote next Tuesday, is an effort to liberalize the welfare program. And it has kicked up a pretty big fuss in most of the state.

The two main points of the amendment are: (1) A \$7,000,000 per year increase in state funds for the old folks, dependent blind and needy children; and, (2) Remove the Constitutional rule that citizens only can get relief.

By increasing the funds by \$7,000,000 the state's outlay for pensions would amount to \$42,000,000 while the federal aid funds total about \$100,000,000 a year. If the state added an extra \$7,000,000 the federal aid would increase by about \$5,000,000.

Under point two, the Legislature would decide whether to pay aliens in the future. Some people believe the proposal, as worded, would forbid excluding non-citizens, even if the lawmakers desired. Thousands of Mexicans and some European immigrants have lived in Texas long enough to qualify for pensions, blind or dependent child aid except for citizenship.

HJR 6, as the amendment is called, is opposed by many conservatives who object to paying out any more money until the less needy cases are weeded out. They believe that many of the 223,000 old-age pensioners could be supported by family or private means, and that more state money could be spent on oldsters who have no outside help. Texas ranks next to California in percentage of old folks drawing relief. Texas checks average \$33 a month. But the residence requirement is drawing the most criticism.

Governor Allan Shivers has said that a vote for HJR 6 will be considered a mandate to call the Legislature into special session in January to put the new program into effect. There has been some concern expressed over what the amendment would do to the tax payer, for many people fear that it would lead to higher taxes.

At best, the amendment could only add a few dollars to the pension checks the old folks get. Little additional aid would be available for the 19,000 families with 55,000 children. The proposed new program still omits some 10,000 Texans who are unable to make a living because of physical ailments, and who are bedfast invalids, under 65 years of age.

The welfare program is expensive. Texas citizens should consider carefully before they let down the bars. Go to the polls next Tuesday and vote your conviction.

SATURDAY IS PROCLAIMED AS 'POPPY DAY' BY LOCAL MAYOR

All citizens of Cisco were urged to wear a memorial poppy on Saturday, November 10, in a proclamation issued today by Mayor G. C. Rosenthal.

McMurry To Have Big Homecoming

ABILENE, Nov. 7. — McMurry College's Reservation will be completely set up and ready for Homecoming Occupation, Nov. 8.

For the first time in the history of the college, the students decided to carry out their nickname, the Indians, in its entirety for Homecoming and their first project was to build a real life-size Indian village on the campus for exes to assemble.

According to student officials the Village, consisting of about 15 teepees, will be completed by Thursday.

Two other major Indian features will highlight the Homecoming Activities. Boy Scouts from the surrounding area, attired in full Indian costume, will perform the lighting of the ceremonial council fire in the village Thursday night to get the festivities unofficially underway.

Then Friday night, which marks the real beginning of the 1951 Homecoming, the Lightfoot Indian Troupe will perform for the exes and the Reservation Royalty — Chief McMurry and Reservation Princess — who will be presented for the first time.

Registration of exes will be held Nov. 10, at the Student Association wigwam, located in the center of the village. Also scheduled for that day are the various individual club luncheons, coffees, teas, with a general assembly and a band concert slated for the afternoon.

Homecoming activities will be climaxed that night as the Indian Gridmen meet Howard Payne Yellow Jackets at 8 p. m. in the campus stadium.

Whereas young men of the City of Cisco, Texas, are again serving in defense of our country and are taking their places among our honored citizens alongside those who have served in other wars, and

Whereas the roll of those who have given their lives in the nation's defense is increasing as war takes its toll of our finest young men, and

Whereas the memory of those citizens of Cisco who make the supreme sacrifice for America should live forever in the hearts of all citizens of our City, and

Whereas annual wearing of the memorial poppy is an individual tribute to the war dead, showing that we remember and are grateful for their sacrifices in our behalf, now

Therefore, I, G. C. Rosenthal, Mayor of the City of Cisco, do hereby proclaim Saturday, November 10, to be Poppy Day in the City of Cisco, and I urge all citizens to observe the day by wearing the memorial poppy.

Poppies, made by disabled veterans at Legion, Texas, will be distributed throughout the city by members of the American Legion Auxiliary on Poppy Day. Contributions for the aid of disabled veterans and needy children of veterans will be received in exchange for the little red crepe-paper flowers.

UNDERGOES OPERATION Gene Schaefer, son of Mr. and Mrs. Rudolph Schaefer of Cisco, underwent an appendectomy Tuesday night at Graham Hospital. His condition was described as satisfactory today.

Santa Claus And Deers To Be Here

Final plans for the Christmas shopping season will be completed at 9 a. m. Thursday as committees of business men meet at the Chamber of Commerce. Chairman A. G. Sander made a report on the program at noon Tuesday at a semi-monthly meeting of the Chamber of Commerce directors.

The Christmas season will open on November 26 with the annual Treasure Hunt in downtown Cisco. Street lights and decorations will be ready to be turned on for the first time.

The committee has contracted for the appearance of Santa Claus with real reindeer here from 7 to 9 p. m. Saturday, Dec. 8. The reindeer for the program now are being assembled in Alaska. A parade will accompany Santa Claus and the reindeer.

Another feature on Saturday night, Dec. 8, will be a program of Christmas music to be presented by the Cisco Junior College and Cisco High School choirs under the direction of Robert Clinton.

Mr. Sander estimated that the costs of the parade and the lights will be about \$600, and the committees will raise this money this week.

In addition to the Christmas program the Chamber of Commerce board heard reports on other activities. A meeting date is being arranged this month for Cisco civic leaders to study a water resources survey with Engineer Homer A. Hunter. The date will be announced in the near future.

Secretary B. A. Butler reported that plans are being completed to build a farm-to-market road to Scranton, using the current farm road as part of the route. He also reported on the community chest drive, and the directorate passed a resolution of appreciation to the leaders and others who contributed to its success.

Mr. Butler reported that 22 of the low-rent apartments built here in a public housing program had been rented Tuesday. Other lease contracts were being signed as soon as detail work was completed. He predicted that all of the 50 units would soon be full.

President A. Z. Myrick of the Cisco Livestock Show Association met with the board to discuss plans for using the show barn and other property here. It was decided for the two groups to hold a joint meeting at 7:30 p. m. Thursday at the First National Bank to discuss the matter.

Stephens To Hold Abilene Revival

Rev. Paul Stephens, pastor of the East Cisco Baptist Church here, will begin a revival meeting at the Ash Street Baptist Chapel in Abilene at 7:30 p. m. tonight, he said today.

The meeting will continue through Sunday, November 18, with services being conducted twice daily in the chapel's new \$40,000 auditorium. Ash Street Chapel is a mission of the University Baptist Church in Abilene.

Pastor A. A. Watson of the Abilene congregation will be speaking at both morning and evening worship services of the East Cisco church next Sunday the local pastor announced.

MOTHERS WILL MEET

There will be a called meeting of the Cisco Junior High Mothers Club Thursday afternoon, November 8, at the East Ward School at 3:30 o'clock. All members and prospective members have been urged to be present.

CHEST FUND GROWS

Cisco's Community Chest fund drive stood at \$4,502.19 — \$302.19 over the quota — today after another donation had been turned in to Treasurer James S. Duff. The chest's board of directors was due to meet this week to handle business matters.

Drivers Must Forfeit License If They Don't Comply With New Laws

AUSTIN, Nov. 7. — Public Safety Director Homer Garrison, Jr., reminded Texas motorists today that their licenses to own or operate an automobile will be suspended if they are involved in a traffic accident and fail to meet damage claims up to \$15,000 when the state's new Motor Vehicle Safety Responsibility Law becomes effective on January 1.

features Director Garrison explained its operation as follows: The operator of every motor vehicle that is involved in an accident resulting in death or injury to a person, or property damage to any one person exceeding \$100, must file with the Texas Department of Public Safety a new report in addition to the regular accident report that is now required by the state's Uniform Traffic Law.

Accordianist To Appear At CJC

LLOYD LA VAUX

Lloyd La Vaux, "The Poet of the Accordion," has been scheduled to appear in an assembly program at Cisco Junior College the Ninth of November at 9:00 a. m.

There is no doubt that the history of any single musical instrument has always been the story of one particular man to whom was due the credit for having elevated it in the eyes of the music world, thereby giving it a place in the highest realm of this world — the concert stage.

CAFETERIA IN EXPERT HANDS

As bread is the staff of life, and since most of us at CJC depend on the cafeteria for our daily sustenance, it is only fitting that we say a word of praise about these unsung heroes (or in this case, heroines), who faithfully prepare our meals out at ye olde cafeteria.

The cafeteria staff is headed by Mrs. Carl Pence. It is her duty to plan a well-balanced meal for quite a number of collegiates every day.

The girl's living in the dorm met with the girl's dorm faculty, Mrs. Stamey, Mrs. Hill, and Miss Estes Monday evening to discuss some new rules and regulations concerning the time they would be in, how many dates a week (I don't think we will be bothered with that) and the up-keep of the dorm.

We are going to redecorate the living room and improve the kitchen. Miss Estes made some new curtains for the living room and we are going to get a new carpet, buzzer, and telephone. We are hoping to get new linoleum and curtains for the kitchen.

AND NEWS OF INTEREST TO WOMEN

## Cisco Man Married to Henderson Girl

Nov. 2 Service

Miss Rachel Johnson of Henderson became the bride of Mr. Claude Blackwell of Cisco in ceremonies at 7:30 o'clock Friday morning, Nov. 2, at the Pentecost Church in Cisco. The Rev. E. C. Copeland of Breckenridge performed the ceremony. The wedding vows were exchanged before an altar banked with beautiful flowers. Groomsmen were Bill Scarlett of Cisco and Eddie M. James of Ranger. The bride's attendants were Mrs. Mill Scarlett and Miss Joan Blackman, both of Cisco, sisters of the groom. Only relatives and a few close friends were invited. Mr. Blackwell is the son of the Rev. and Mrs. J. E. Blackwell of Cisco. He has lived most of his life here and is a graduate of Cisco High School and a Fort Worth business college. Mrs. Blackwell, the daughter of Mr. and Mrs. E. O. Johnson of Henderson, is a graduate of Henderson High School and a Fort Worth business college. She is well known in East Texas, having worked for a radio station for four years. The young couple will be at home in their new residence at 15 West 17th Street in Cisco. Following the ceremony, a reception was held at the home of the groom's parents.

## Mrs. Brown Hostess For Circle Meeting

Circle One of the First Christian Church met Tuesday, November 6, in the home of Mrs. Edward Brown for regular meeting. The Chairman, Mrs. J. M. Flournoy, called the group to order and gave the opening prayer. The devotion, "The Apostles Before the Council," taken from the study book, was given by Mrs. J. R. DeArmond. A short business meeting was held. The minutes of the previous meeting and all correspondence was read by Mrs. Leon Cagle. Other business was transacted and the meeting closed by all repeating the missionary benediction in unison. A social hour followed and refreshments of pumpkin pie and spiced tea were served to Mrs. J. R. DeArmond, Mrs. F. M. Hooks, Mrs. J. M. Flournoy, Mrs. Cora Davidson, Mrs. H. H. Davis, Mrs. Leon Cagle, a visitor, Mrs. G. W. Troxwell, and the hostess, Mrs. Edward Brown.

## Mrs. Agnew Hostess For Baptist Circle

Circle Six of the First Baptist Church met Tuesday Morning in the home of Mrs. James Agnew for regular meeting. The meeting was opened with prayer by Mrs. M. P. Farnsworth. The minutes of the previous meeting were read by Mrs. Jeanene Cleveland. The assignment for the month is to help the Sunbeams. Mrs. R. D. Guthrie, W. M. **TIME FOR CHESS**—Swedish youngsters play chess during their noonday recess. Throughout the country, school children get an hour and a half for lunch and relaxation. Other popular pastimes are ping pong, billiards and listening to jazz music. Most Swedish schools, such as this one in Stockholm, serve hot meals plus sandwiches and milk free of charge to about 80 per cent of the children. The others bring their lunch from home.

## Mary Martha Circle Has Meeting Monday

The Mary Martha Circle of the East Cisco Baptist Church met in the home of Mrs. A. C. Weaver Monday, November 5, for Bible Study. The meeting was opened with prayer by Mrs. A. C. Weaver and Mrs. Tommy Wyatt presiding. A brief business session was held in which the name of the circle was changed from the Mary Martha Circle to the Josephine Holmes Circle. Mrs. Cecil Adams gave the Bible lesson from the book of Romans. The meeting closed with prayer by Mrs. E. D. Posey. Those present were: Mrs. Cecil Adams, Mrs. E. D. # There's An Election In Cisco Tuesday Nov. 13

# 8 reasons not to VOTE

1 Maybe you think a little more of Comrade Joe than you do of Uncle Sam. Joe licks his chops when you stay away from the polls. In the last Presidential election 45 million qualified voters stayed away.

2 You don't know anything about the issues and the candidates. It's nothing to be really proud of, but it doesn't take long to get up to date.

3 You think your time is too valuable to wait a few minutes for your turn at the polling place. You have more "important" things to do.

4 You think it's all "politics" anyway—and it certainly will be as long as you and folks like you stay home.

5 What the heck's the good of "my one little old vote"? Let George vote." And George decides to let you vote. So a lot of you's and Georges stay away from the polls—and lose an election.

6 Your corn hurts—but remember a lot of freedom-loving Americans get to the polls on crutches and in wheel chairs.

7 You moved and forgot to register. That's a reason for not voting this election, but, folks, it really won't do to use that excuse a second time!

These Marks are Legal	These Spoil Your Ballot

In each case a cross has been used, and the intersection of the lines of the cross is inside the circle or square.

Top 3 ballots are invalid because crosses were not used. Bottom 3 ballots are void because the lines of the cross do not intersect within the square.

8 The wife likes one candidate and the husband likes the other. It's obvious your votes will cancel out each other, but each helps to swell the total of your favorite candidate.

Note—If a voting machine is used in your polling place, remember, it is completely reliable and enables you to split your ticket in any manner desired.

#### Federal Charges -- From Page One

The state cases include five embezzlement indictments alleging misappropriation of about \$2,500 from tax collections and a civil suit brought by the state and county for recovery of \$101,229 in tax funds allegedly collected and not turned in.

Walker is due to face trial in Breckenridge on Nov. 12 on two embezzlement cases and two others have been set for trial on Dec. 3. The cases have been postponed twice.

Walker told reporters in Fort Worth that "someone has the facts incorrect."

Eastland County authorities were not surprised when the federal indictment was issued, for FBI agents had been in the county recently working on the case.

### REFUGE FOR WILD ANIMALS

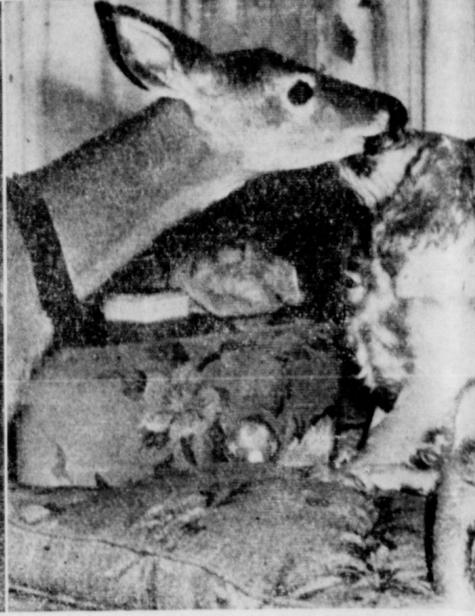

**FREEDOM FOR ALL**—The 3000 acres around the Northern Hotel at Three Lakes, Wis., is full of wild animals, and guests are not permitted to hunt on the property. Most of the animals come and go as they please and are even fed at the hotel.

**SAMPLING A TIDBIT**—Carl Marty, owner of the hotel, offers a bit of cheese to a neighboring raccoon. Marty stays up late at night waiting for some of the animals to come to the hotel for food. Note open can of sardines and broken biscuits. When

he goes outdoors, Mary is frequently followed by all kinds of his four-legged friends, especially the ones who know he carries bits of cheese in his pockets. Above, Lulu, a deer, gets right into the back seat of her benefactor's car for a handout. The

animal hostess at the hotel is Marty's cocker spaniel, Ginger. Lulu, one of the animals who is permitted indoors, is shown here giving Ginger a good-night kiss in the manner of a thoughtful friend who thanks her hostess for a pleasant evening.

### Army To Increase Officer Program

AUSTIN, Nov. 7.—The Army has decided to double its Officer Candidate program to produce 16,000 second lieutenants a year instead of 8,000. The current requirement for young officers and doubling the goal is due to the separation of thousands of Reserve officers who were ordered to active duty since the Korean situation developed, Colonel C. M. Culp, Chief of the Texas Military District, stated today.

In implementing the program a new Officer Candidate School has been ordered for the Guided Missiles Center at Fort Bliss, Texas. It is anticipated the new school will be ready to accept candidate officers for antiaircraft by Nov. 15.

It was thought earlier this year that the activation of three new schools, graduating 8,000, would be sufficient, but separations of Reserves has brought about the change in plans and production to officers. At the present time OCS classes are conducted at the Engineering School, Fort Belvoir, Va.; Signal School, Fort Monmouth, N. J.; the Armored School, Fort Knox, Ky., the three latest to be activated.

Other OCS classes are held at the Infantry School, Fort Benning, Ga.; Artillery School, Fort Sill, Okla.; and the Army General School, Fort Riley, Kan. Prior to the outbreak of the Korean conflict, there was only one school at Fort Riley, Kan.

When the Fort Bliss school is opened that will make two OCS establishments in the Fourth Army area.

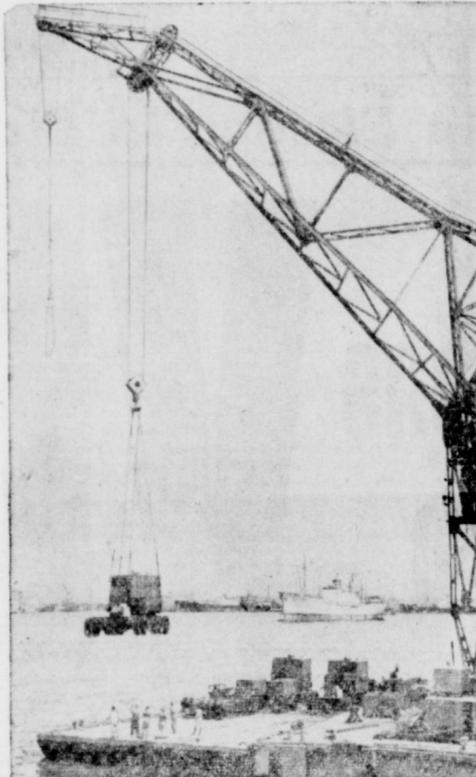

Weekend visitors in the home of Mrs. Pearl Campbell were her son, Mr. and Mrs. Hickman Hensley and family, of Odessa and her granddaughter, Mr. and Mrs. Mitford Johnson and family of Pecos.

### Mrs. Surles Hostess For Christian Group

Group Four of the First Christian Church met Tuesday afternoon in the home of Mrs. Helen Surles for regular business meeting.

The meeting was called to order by the group leader, Mrs. Nell Denton. The opening prayer was led by Mrs. Mable Fletcher. The Devotion, taken from the study book, "Beginning At Jerusalem" and entitled, "God Shows No Partiality," and the scripture reading from the tenth chapter of acts, was given by Mrs. Charlotte Overall. Routine business was transacted and the love offering taken. The meeting closed by all repeating the Missionary Benediction.

Refreshments were served to Mrs. Billy Joe Clark, Mrs. Mabel Fletcher, Mrs. Nell Denton, Mrs. Charlotte Overall, Mrs. Alice Warren, and the hostess, Mrs. Helen Surles.

**HOLLYWOOD FAMILY**—It's strictly a family affair as actor William Holden gets together with his wife, actress Brenda Marshall, and sons, Peter, left, and Scott, on the set of his latest film, "Boots Malone." The picture has a western atmosphere, and the whole family is properly dressed in the right togs to stay in the spirit of a western story.
