CISCO, TEXAS, WEDNESDAY JANUARY 2, 1952

NUMBER 22

The Gay Philosopher

By J. W. S.

IT IS WITH regret that we learn about the critical illness of Mr. D. W. Taylor, who has lived here many years. He was taken to a local hospital yesterday and it was determined that specialists were needed immediately. Mr. Taylor was taken to an Abilene hospital. Friends tell us that it will take considerably more money than Mr. Taylor has to obtain for him the attention his condition requires.

If you'd like to help, you can drop by the Chamber of Commerce and leave a contribution with Manager B. A. Butler. It occurs to us that a lot of good neighbors will want to lend a hand.

MR. L. A. WARREN tells us that Mrs. Coy Warren is to undergo a second operation Thursday at the Mayo Hospital in Rochester, Minn. She has been doing nicely after an operation there several weeks ago. Coy asked his dad to say thanks to the many Cisconians who have wired and written their good wishes. Mrs. Homer Slicker, Mrs. Warren's mother, is also in Rochester.

RAN INTO MR. Lee Leiske and Mr. Claude Reich, two of our subscribers who live out southwest of town, and they give us the latest information on fox hunting. Mr. Reich has a kind of a horn that he can blow. It sounds like a wounded rabbit. The fox hears it and comes to check up on the rabbit. And you can then shoot the fox. It works surprisingly well, they report.

These horns, it occurs to us, are liable to put a lot of good fox hounds out of employment. But that's often the case in this progressive era.

THE THREE ladies at the home of Mr. R. N. (Bob) Cluck have given us their version of what happened when young Bobby, one of our star paper boys, took off for a vacation. Mrs. Cluck folded the papers and Misses Nancy and Scrippie Cluck threw the papers while Mrs. Cluck drove them over Bobby's route. They admitted, however, that Mr. Bob went along and acted in an advisory capacity. Which, of course, was a pretty important assignment.

THE NEW YEAR'S Day football games made a lot of the experts look a little bad, huh? As far as we can tell, only one team that the experts selected — Texas Tech — came through. All of the others lost their games.

We drove up to Fort Worth on New Year's morning and came home the same night. Driving up, there was less traffic than we'd ever seen. And it was not too bad coming home.

SOME OF THE experts may be needed at the Zan Burroughs home, although he has not asked for help yet. The Burroughs got a new television set for Christmas. And all was working fine until a day or so ago when it stopped.

By the way, Zan had an unusual (to say the least) experience the other day. He went under the house to adjust the floor furnace. A rattlesnake was also under the house, sleeping under the warm floor furnace. Zan saw the snake just in time and stabbed him with a screw driver.

BET MR. ROBERT Kamon, the geologist and oil man, enjoyed his Christmas present. His mother, Mrs. Rudolph Kamon, had a special bed made for him. And Robert, who stands several inches higher than six feet, can now stretch out in solid comfort to sleep.

THE REV. J. W. Gill, pastor of the Wesley Methodist Church, appreciates the fine crowd that turned out last Sunday afternoon for the dedication of the new parsonage. Guests attended from Ranger, Olden, Eastland, Putnam, and Gorman, along with a good crowd of Cisco residents. Bishop Will C. Martin of Dallas and District Superintendent Leslie Seymour helped make the service a success from all standpoints. The church has a splendid new parsonage.

KNIGHT OF THE OPEN ROAD—Bugatti, one of the better known hobos in Paris, France, displays all the earthly goods with which he is endowed. On the side of his rolling home, the wanderer has written that he is happier than ever before, now that he sleeps outdoors.

J. E. McCanlies Is Candidate For Commissioner Job

J. E. (Ed) McCanlies of Cisco became the first candidate to announce officially that he was in the race for an office in Eastland County when he announced Wednesday that he would seek the office of county commissioner of precinct four subject to the Democratic primaries in July.

In making the announcement Mr. McCanlies said that his decision to announce early came after careful consideration of all the issues involved.

Mr. McCanlies' statement follows: "To my many friends in Eastland County Precinct 4— After careful consideration I have decided to announce my candidacy for the office of commissioner of Eastland County, Precinct 4, and will truly appreciate your consideration and support.

"In making the decision to make the race again I have considered the problems that will face the commissioners' court during the coming years and feel that I can handle the situations in a manner that will be best for all the people in the precinct and in the county.

"I greatly appreciate the fine support given me at the last election, at which time less than 50 votes separated me from the winner. Your confidence at that time was one of the prime reasons for my decision to announce.

"I was born in Eastland County and have spent more than 50 years in Precinct 4 and am well aware of the needs of my friends and neighbors. My long residence in the county and my close association with the problems of the precinct in the past will enable me to serve you as you have the right to expect. I humbly solicit your support.

"J. E. (Ed) McCanlies."

Educational Director Will Visit Baptists

Bill Sweeney, educational director of the Baptist Church at Odonnell, Texas, will visit the First Baptist Church here this weekend at the invitation of the committee named to employ an educational director, it was reported today.

Mr. Sweeney, who will be accompanied by his wife, will arrive Saturday afternoon and conduct choir practice that night. He will take part in the regular Sunday services. He is a graduate of Wayland College and has had several years of experience as an educational director.

Members of the church's committee include M. F. Underwood, chairman, F. E. Shepard, J. Wesley Smith and the Rev. Ralph T. Wootton.

Sue Smith Reported To Be Critically Ill

Friends in Cisco learned Wednesday that the condition of Sue Smith, 14 year old daughter of Mr. and Mrs. Bill Smith of Corpus Christi, was extremely critical and that she was not expected to live through the day.

The girl has been seriously ill for several months from what her physicians described as an incurable blood disease. Reports Wednesday said that she had suffered brain hemorrhages and other complications.

Mr. and Mrs. Smith formerly lived in Cisco where he was a member of the Cisco High School football team. He is employed with the Humble Company in Corpus Christi and is the brother of Wesley Smith of Cisco.

Mr. Texas' Will Be Shown In City

The film, "Mr. Texas," will be shown at the First Baptist Church here on Wednesday night, Feb. 20, the Rev. Ralph T. Wootton, pastor, reported today. This is the first Christian western picture ever made, Rev. Wootton said.

The picture was filmed in Fort Worth and Texas by the Great Commission Films and is being presented through the courtesy of Evangelist Billy Graham and the Tarrant County Baptist Association. Stars are Redd Harper and Cindy Walker.

The picture has a wide appeal and has enjoyed good crowds at each showing, Rev. Wootton said.

HOLD WATCH SERVICE

On Monday evening December 31, the Wesley Methodist Church observed Watch Night with a fellowship service at 8 o'clock. A New Year's service was held at 11 o'clock with Communion services being celebrated at midnight.

WEATHER FORECAST CALLS FOR FREEZING RAIN IN THIS AREA

Freezing drizzle, sleet or snow was in prospect for this West Central Texas area for Wednesday night, according to the noon forecast today by the weather bureau. Tuesday night's low was 24 degrees, and the thermometer stood at 27 at 1 p. m. A low of about 22 degrees has been forecast for tonight.

Freezing drizzle was reported falling from Abilene west and Highway 80 motorists had been warned to stay at home or to take precautions against slick pavement. A fine drizzle was falling here shortly after noon.

The forecast called for rising temperatures Thursday after-

Final Rites Are Held On Sunday For Mrs. Carter

Mrs. Mollie Carter, 84, of Carbon, mother of Truly Carter of Cisco, died in a local hospital at 6 p. m. Saturday after being seriously burned about the body Friday, December 21.

She received the burns when her clothing caught fire from a living room stove at her home in Carbon. She suffered third degree burns from her waist down.

Mrs. Carter was born in Louisiana in December of 1867 but had made her home in Carbon for many years. She was married to Minton M. Carter in Arkansas in 1884. Mr. Carter died in 1924. She had been an active member of the Baptist Church since girlhood.

Funeral services were held at the First Baptist Church in Carbon Sunday, December 30, at 3 p. m. Rev. G. W. Thomas, minister of the Carbon church, conducted the services. Burial was in the Longbranch Cemetery with Thomas Funeral Home of Cisco in charge of the arrangements.

Survivors are a daughter, Mrs. Ed. McMillan of Fort Worth; six sons, Truly Carter of Cisco, Tex Carter and Tim Carter of Fort Worth, Bill Carter of Levelland, Henry Carter of Rising Star and C. C. Carter of El Paso; three sisters, Mrs. Barbara Addington of Colton, California, Mrs. Defie Lewis of Abilene and Mrs. Ludie Carter of Hawley and two brothers, Tildon Jarvis of Estelina and Truly Jarvis of Nobeled, Oklahoma. Also surviving are 10 grandchildren and 11 great grandchildren.

Palbearers were O. C. Payne, Rufus Beene, Henry Lovell, Henry Hines and Frank Stubbiefield of Carbon and Elzo Beene of Eastland.

New Wildcat Oil Test Slated For Area Northwest Of Cisco

Courthouse Records

- Property Transfers
- Oil & Gas Leases
- Court Proceedings
- Marriage License

The following instruments were filed for record in the County Clerk's office last week:

J. S. Anderson to E. C. Conner, oil and gas lease. Doss Alexander to Southland Life Insurance Company, deed of trust. Johnnie Aaron to Texas Electric Service Company, right of way. T. D. Stephenson to Raymond Young

Turn To Page Three

WHITE HOLIDAYS—Old Man Winter really got into the holiday spirit by covering a lot of the East with a heavy blanket of snow. Here, a white-covered foot-path in Chicago's Lincoln Park provides ample proof that Christmas was a white one in the Windy City. For folks who like that sort of thing, it couldn't have been merrier. As for the others, they reply in icy shivers.

Rev. and Mrs. Stephens Leave For Baytown To Accept Baptist Pulpit

The Rev. and Mrs. Paul Stephens left early Wednesday for Baytown where he becomes pastor of the Second Baptist Church this week. He had been pastor of the East Cisco Baptist Church for some three and a half years.

Rev. Stephens preached his final sermons to his congregation here last Sunday. At the conclusion of the evening service, he and Mrs. Stephens were presented a new gas cook stove by the congregation. The presentation was made by W. R. Ivie on behalf of the membership. The women of the church gave Mrs. Stephens two bedspreads for their home, and several individuals presented gifts.

Junior Cagers To Play Cross Plains

Coaches Bill Sledge and Roy Killingsworth announced Wednesday that their boys and girls basketball teams of Cisco Junior High School would go to Cross Plains Thursday night for games with the Cross Plains Junior High School teams.

It will be the first games for the local teams since before the Christmas holidays.

Mr. Killingsworth also announced that he was attempting to schedule games for both teams at the local gymnasium for Friday night.

Sunday School Clinic Planned For Baptists

Sunday School teachers and officers of the First Baptist Church will hold a clinic at 6:30 o'clock tonight at the church. A covered dish supper will be served for the some 130 teachers and officers. M. F. Underwood, superintendent, will be in charge of the clinic.

"In many ways, this is one of the most important meetings of the year and we would like to have a large attendance," the Rev. Ralph T. Wootton, past-yr., said.

Witt Well Nears Oil Sand Horizon

A wildcat oil test for the Craddock Lake area a mile northwest of Cisco had been announced today as the highlight of area oil operations in the new year. The new test is the Raymond Thomson No. 1 E. C. Montague.

The Abilene operator has completed arrangements with the H-B-G Drilling Company of Breckenridge to drill the test, which is scheduled for 4,000 feet. Drilling equipment was due to begin moving on location today.

The well location is 1,000 feet from the south and 467 feet from the west lines of the W. H. Grouse Survey.

In the south Cisco townsite, the E. K. Carey No. 1 Masonic Home was cleaning out today for completion work to begin Thursday. Early trouble in the hole apparently was clearing up. The operators cored some 12 feet of Lake sand before setting pipe several days ago.

In the same area, the Carey No. 1 Max Witt was expected to top the Lake sand pay horizon some time today or tonight. The well was drilling in the lower Caddo lime at about 3,200 feet early Wednesday. This is an offset to the Hoffman Estate lease.

West of the recently completed J. E. Connally No. 1 A. Z. Myrick, the Connally No. 1 Mrs. Pearl McMurray was drilling at about 2,900 feet today. It is about one mile southwest of Cisco and is classified as a wildcat test. The Myrick well is flowing from the Lake sand.

In the Dothan area, nine miles west of Cisco, the D. D. Feldman No. 1 G. S. Pruet was preparing to begin completion work in an Ellenberger prospect. Pipe was set last week in the Ellenberger and a squeeze job has been completed to eliminate a water hazard. The well is a half mile northwest of the J. J. Lynn No. 1 Pippen, an Ellenberger discovery well completed early in December.

Dr. Taylor Will Be Speaker Here

Dr. Thomas H. Taylor, president of Howard Payne College at Brownwood, has accepted the invitation of the Rev. Ralph T. Wootton to address the Cisco Rotary Club at the luncheon meeting for Thursday, Jan. 10, according to an announcement today. Rev. Wootton will be in charge of the program on that date.

Dr. Taylor is a fine example of his school's theme, "where everybody is somebody," Rev. Wootton said. He is widely known in the field of education.

Schools Resume Work After Xmas Vacations

City schools resumed class work today with attendance slightly below normal due largely to bad weather after being closed for two weeks for the Christmas holidays.

Students at the high school and at West Ward returned to find their rooms equipped with new desks and other new facilities which were installed during the mid-year vacation.

BIRTH ANNOUNCED

Rev. and Mrs. James F. Hening are the parents of a son, Carl Frederick, born December 26, in the Graham Hospital. Carl Frederick weighed 8 pounds and 12 ounces at birth. Both mother and baby are doing nicely.

VFW PLANS MEETING

The Cisco Post of the Veterans of Foreign Wars will hold a regular semi-monthly meeting at 7:30 p. m. Friday at the Legion Hall, Post Commander Roy Westfall, Jr., reported today. All members were urged to be present.

Mr. and Mrs. W. E. Dean and Stephen Dean Bailey spent New Year's Day with Captain Gayle Bailey at Waco.

WORD CLUB TO MEET

The Word Home Demonstration Club will meet at the home of Miss Alice Bacon Thursday, January 3, for regular meeting.

Education or Catastrophe

Many will look back over the year 1951 with a feeling bordering on despair. The cause of free men has had tough going. It is impossible to adequately describe the suffering and frustration in Korea just as it is impossible to sum up in a few words the political, economic and social milestones of the past twelve months.

In spite of these grim items on the debit side of the ledger Americans must face the new year with courage. They can count among their blessings assets possessed by no other nation. Years ago one of the country's leading economists and columnists who apparently saw the handwriting on the wall wrote to the effect that the greatest gifts parents could leave their children were good health and a good education.

One of the most significant stories of 1951 has rated no headlines. That story is the tireless manner in which our free press has hammered home day after day, chapter by chapter, shocking facts about the incompetence and corruption of countless public officials to say nothing of the grand schemes of bureaucratic spenders of tax funds to socialize and control industry, workers and consumers.

Few people appreciate the scope of the American press. It is as vast as it is unique. It consists of highly efficient wire services several hundred metropolitan publications, many of whose names are bywords in the home, plus more than eleven thousand country dailies and weekly newspapers owned and operated by thousands of editors who fully realize that back of all our political, international, labor, tax, industrial and inflation problems stand simple principles we must adhere to in order to make our country tick.

Seed Treatments Reduce Losses From Cereal Diseases

Control of cereal diseases should increase crop yields and quality of both grain and forage. Many cereal diseases are seed-borne and can be controlled by chemical seed treatments. The fungicides now used are either (1) mercurials, mostly organic; (2) copper and zinc inorganic materials; and (3) non-mercurial organic compounds.

Fungicides may be applied (1) as solutions in which the seed is soaked for a period and then dried; or (2) as dust at rates from 1/2 to 3 ounces per bushel; or (3) in the form of a thick, soup-like "slurry" which coats the seed with the fungicide; or (4) in the form of a volatile concentrate applied by special machines.

More effective in cereal seed treatment than any other class of fungicide, according to R. W. Leukel, cereal pathologist, U.S.D.A. "Ceresan" was the first organic mercurial to be used widely for cereal seed treatment, but it was soon replaced by "New Improved Ceresan," which is in turn now being replaced by "Ceresan M," because the latter is less objectionable and can be applied as a slurry.

"Panogen," introduced from Sweden, has been found effective for seed-borne diseases of barley, oats, wheat, flax and sorghum. Applied in concentrated liquid form, usually as a spray in a special machine, the dust hazard is eliminated so that no mask is necessary.

Among the other organic mercurials, "Leytosan" has been found less effective than the "Ceresans," and "Parson's Seed Saver Dust" has been found generally to be inferior to standard cereal-seed treatments. A number of organic non-mercurials have been found effective for treating seed of corn, rice, sorghum, flax, and vegetables, but in general are not recommended for wheat, oats, and barley.

Leukel finally cautions all persons handling fungicides to bear in mind that they are poisonous, that dust or fumes should not be inhaled, that the fungicides should not touch the skin, and that treated seed should not be used for feed or food. Research workers in commercial laboratories and in Federal and State experiment stations are continually testing new fungicidal materials in an effort to produce better, safer and more effective fungicides for the control of plant diseases.

with a free nation — and a free press. The situation at the beginning of 1952 has been described as a race between education and catastrophe.

HERE'S WHAT HAPPENS TO DRUNKEN DRIVERS

GOOD ADVICE—During the holiday season, it's advisable to leave your car in the garage if you're going to take a drink. The pictures that follow were made through the co-operation of the Citizens Traffic Safety Board and posed in Chicago. The man on the left has landed in jail for not listening to the bartender, center photo, who told him he'd had enough.

HE WOULDN'T LISTEN—After the bartender refused to serve him, this driver went right out and got into his car. He likes speed but his reflexes were slow and the pedestrian before him didn't have a chance. So the driver landed in jail, or a hospital, and other unheeding drivers go right on doing the same thing.

New Texas Law
Goes Into Effect
On January 1
REPRESENTATIVE

J. C. PELFREY
PHONE 116
A new Texas law makes auto insurance doubly important! Under this new Motor Vehicle Safety Responsibility Law, unless you have the right kind of automobile insurance, just one accident could cost you your driver's license! Protect your right to drive by having the right kind of automobile insurance. Come in and let me show you why it pays to insure with State Farm Mutual — which writes more full-coverage automobile insurance than any other company! Convenient semi-annual premiums... and attractive dividends have been paid to Texas policyholders year after year!

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

Rochelle Ann Gorr Honored With Party

On Saturday, December 29, Mrs. Carl Gorr was hostess for a surprise birthday party honoring her daughter, Rochelle Anne Gorr, on her tenth birthday.

As the honoree returned from a birthday dinner given by her aunt, Mrs. R. C. Crawford, she was greeted by a roomful of happy children singing "Happy Birthday." The group spent the afternoon playing various games after which the candles were lit on the decorated cake and pictures taken of the group. The gifts were then opened and displayed for all to see.
Refreshments of ice cream, cake, and mixed nuts were served to Beth Smith, Carolyn Christopher, Gail Graham, Jan Cameron, Charlene Russell, Alice Ann Webb, Sondra Norvell, Emmalee Heltzel, Judy Graham, Gloria Shaeffer, James Stanley Webb, Bob Dolgener, Milton King, the honoree, her grandmother, Mrs. A. T. Gorr, and her aunt, Mrs. R. C. Crawford.

Mrs. Nance Hostess At Dinner Dec. 25th

Mrs. S. H. Nance was hostess Christmas Day at a reunion dinner for her four sisters and their families.

The group assembled in the basement of the First Methodist Church where there were filled baskets of food that would make a Christmas dinner complete. Rev. E. H. Lightfoot gave the invocation before the meal. A Christmas Carol was sung by Bill Lightfoot and the afternoon was spent in conversation.

Those attending were: Mrs. Lela Womble of Munday and her children, Mr. and Mrs. Lane Womble and son, Charles Arthur of Munday, Mr. and Mrs. Jack Hensley and daughter, Connie, of Fort Bliss, Mrs. Joe Womble of Munday, Mr. and Mrs. Joe Bailey King of Munday, and Mr. and Mrs. R. W. Hightower and children, Sharla, Suzan, and Kenneth of Dallas; Mr. and Mrs. J. M. W. Alexander of Sligman, Missouri; Mrs. W. C. Lightfoot of DeLeon and her children: Mr. and Mrs. W. C. Lightfoot Jr. and daughter, Judy, of Fort Worth and Mr. and Mrs. W. H. Lightfoot of Austin; Mr. and Mrs. Elmer St. Clair of DeLeon and

daughter, Erwin, of Cisco, John A. Lightfoot and sons, Jim Ed and Bruce of DeLeon and the hostess, Mr. and Mrs. S. H. Nance and their family, Mr. and Mrs. G. R. Nance and daughter, Patsy, Mr. and Mrs. John Spier of Cisco, Mr. and Mrs. H. Ford Taylor of San Angelo, and Mr. and Mrs. Hartman McCall and children, Nancy and Charles of Midland. Special guests were Rev. and Mrs. E. H. Lightfoot and sons, Bill of San Bernida and Johnny of Dallas.

HEALTH TALKS

Prepared by the Texas Medical Association

Benign is the desired verdict when someone has had a growth removed from the body to find out whether it is cancer or not. Benign means innocent or not endangering life or health; malignant is the opposite term which is applied to cancer.

Beriberi means extreme weakness, one of the outstanding symptoms of beriberi disease. Widespread in the Orient, beriberi also occurs among heavy rice-eaters in this country and was prevalent among the Japanese prisoners of war. It is a deficiency disease, meaning the lack of some ingredient essential to the proper functioning of the body. In the case of beriberi, the deficient ingredient is thiamine, vitamin B-1. Burning, tingling and numbness of the hands and feet are often symptoms of beriberi. It may cause swelling of the body, paralysis, and heart trouble, all accompanied by an extreme weakness.

Bozoar is a word that has come through many languages and means hairball. Its presence in so many different tongues is due to the many myths connected with the hairballs of animals, which were supposed to have magic powers to protect against any poisons. The eating of unripe persimmons may cause a hairball in man's stomach large enough to create an obstruction.

Bilateral means relating to two sides. Some diseases affect only one side of the body (unilateral) while others affect both sides of the body. In some cases the unilateral or bilateral symptoms will be of great aid in the diagnosis of the disease.

SAFE DRIVING LESSONS for 45,000 teen-agers in 508 high schools last year have brought national recognition to Texas. Here Gov. Allan Shivers receives the Meritorious Award of the Association of Casualty and Surety Companies from Travis D. Bailey, right, president of the Texas Association of Insurance Agents. More than 120,000 high school students have been taught to drive safely since Texas started the educational program in 1946.

ALL ROADS LEAD TO ROME—Hamid Tarzi, an Afghan journalist, checks a road map on an ancient thoroughfare in Rome where he stopped during a round-the-world bike trip. Starting from Afghanistan last June, Tarzi hopes to even visit America and return home via Japan and the Asian continent.

PRIZE-WINNING BATTLE PHOTO—This picture entitled "For A Fallen Comrade" by Sgt. 1/Cl. Al Chang took first place in a recent exhibition of Korean combat photography. A grief-stricken American infantryman whose buddy had been killed in action is comforted by another soldier. In the background a corpsman methodically fills out casualty tags.

CHECK LIST

for Mid Winter

Motoring

- () Is anti-freeze giving your engine FULL PROTECTION?
- () Do tires have enough tread for RELIABLE ROAD GRIP?
- () Are radiator hose connections tight? Do they keep anti-freeze WHERE IT BELONGS?
- () Are wheels properly aligned for LONGER TIRE WEAR?
- () Are brakes properly adjusted for STOPPING SAFELY?

Depend on our experts to keep your car winter-fit with top flight service and supplies.

Remember to fill up with our super quality gasoline, when you drive up! Higher octane rating means more pep... especially important during rough winter months. Drive up today!

They are as follows: Mr. and Mrs. Edd Hayes and son Eddie Burl, Midland; Mr. and Mrs. M. P. Herring Jr. and daughters, Rose Ann and Rita of Snyder; Mr. and Mrs. John Potter, Jr., and daughter Sherry of Fort Worth; Mr. and Mrs. Dick Thackerson and daughter, Sonja Kay, Cisco; Miss Betty Josne Townsend and Miss Earline Waters, Cisco; and Mrs. Potter's brother, Perry Bishop, of Wink.

Holiday guests in the home of Mr. and Mrs. D. D. Wood were their son, Lee Wood of Monahans, Mr. and Mrs. J. M. Casey of Nim-

NATION'S NEWEST HEAVY TANK

First released picture of the nation's newest, biggest, hardest punching tank, the giant T-43, with details blacked out against the setting sun to safeguard military security, the huge land battleship looms against the skyline at the Chrysler Delaware Tank Plant where it was built. Designed by Army Ordnance and Chrysler Corporation, this first pilot model rolled from the new tank plant only ten months from the date when ground was broken to build the plant at Newark, Delaware. Although the exact date the T-43 will go into volume production cannot be revealed at this time, Robert T. Keller, general manager of the plant, said that construction of the plant is more than a month ahead of schedule.

rod, Mr. and Mrs. J. B. Arthur and son Johnny of Albany, Mrs. Marjorie Tollet and daughters, Floydene and Debra Jean of Cisco, and Mr. and Mrs. George Parker of Pomono, California.

INEXPENSIVE — If the material of Sally Robinson's suit cost \$20 a yard, then she paid about ten cents for her costume. But it's just the thing for the sunshine city of Florida — St. Petersburg — where pretty girls cavort on the sands of the Gulf of Mexico.

home of her parents, Mr. and Mrs. J. P. McCanties. Mr. and Mrs. C. E. Cooper left Sunday to spend some two months in California. Mr. Cooper is an oil operator here.

Mr. and Mrs. E. L. Jackson took their son, Eddie, to Fort Worth last Monday and he caught a train for Norma, Okla., where he attends the University of Oklahoma.

Mrs. Layden Stroud of Dallas has returned to her home after visiting her parents, Dr. and Mrs. E. L. Graham, here during the holidays.

Mrs. Lilly Mae Yoder, Mrs. Bess Wilson, Mrs. Earl Eads and baby, Miss Kay Wilson and Marion Paschal, all of San Antonio, visited relatives in Cisco the past week-end.

Miss Dorothy Clements of Lubbock and Miss Jane Houston of Abilene were the guests of Miss Kathryn Fenley during the holidays.

Elwood Webb of Chicago visited in the home of his parents, Mr. and Mrs. J. B. Webb and other relatives over the holidays.

Mr. and Mrs. James E. Dean and Mary Kay of San Angelo visited in the home of Mr. and Mrs. A. M. Stroebel Saturday.

Mr. and Mrs. R. M. Stubblefield and children of Dallas and Harold Stubblefield of Dallas have returned to their home after a visit in the home of Mr. and Mrs. H. S. Stubblefield.

Recent visitors in the home of Mr. and S. W. Smith and Frank were John A. Smith of Freeport; L. E. Prickett and family, John Prickett and family, James E. Smith and family of Cisco; and Sam T. Smith and boys of Abilene.

Mr. and Mrs. Onis Helms and baby, Mr. and Mrs. Homer Helms and children of Hamilton visited in the home of their mother, Mrs. J. M. Helms during the holidays.
