VOLUME XXXII

CISCO, TEXAS, THURSDAY, JANUARY 3, 1952

NUMBER 23

The Gay Philosopher

By J. W. S.

ONE OF THE most interesting Christmas greetings that came our way was from our Alaska correspondent, Sergeant Marvin Strickland. It was a copy of the *Sour Dough Sentinel*, official publication of the Air Force base there. The cover is a special drawing of the northern country, and the back pictures Mt. McKinley, which stands 29,300 feet above the sea.

The paper tells how the Air Force and Sentinel staff had worked several months on their "Operation Alaskan," a souvenir Christmas edition. Stories tell about Christmas in the far North, and pictures add much to the stories. Moose and bear are shown. One page has Christmas greetings to Alaska men from the various state governors, including Governor Allan Shivers of Texas.

THE CISCO Lions Club received a Christmas card from one of its members who is in Korea, and the card was read at the weekly meeting Wednesday. The member is the Rev. Maurice Swisher, former pastor of the First Christian Church, who is on active duty with the Army Chaplain's Corps. He is with an outfit in the front lines.

ON THE SUBJECT of Christmas, Mrs. Juanita Little, mother of little Miss Tiajuana Alford, has written a card of thanks for the many ways Ciscons helped to make the little polio victim's holiday season a merry one.

"We wish to express our gratitude to all of you who did so much to give Tiajuana Alford the best Christmas she has ever had," Mrs. Little said. "To the fire department, who made it possible for her to come home from Gonzales Warm Springs Foundation, to Bill Kendall and E. O. Anderson who drove the department's emergency car, to the Lions Club and the Rotary Club who divided the expenses, to her school friends who visited her and sang Christmas carols and to all others who helped in many ways to make her Christmas a happy one, we say thanks. And Tiajuana wishes for every one of you a happy 1952."

THE MASONIC Lodge's drive to collect clothing for war sufferers in Korea is progressing nicely. If you would like to help, call the Masonic Hall. This is a major project with the Masonic Lodge and they want very much to help the victims of the war.

IT MAY SEEM a little unusual, but Mr. Roy Killingsworth and Mr. C. B. Midkiff suffered from sunburn last Monday afternoon. They went out to their favorite fishing hole, rolled up their sleeves and started pulling out bass. Both had blistered arms at the end of a very successful day.

CHECKING OVER our list of honorary colonels for the Cisco unit of the Texas National Guard, we have four new ones — Col. George Irvine, Col. Haywood Gabness, Co. C. F. Coates and Col. G. C. Rosenthal. We still need about 25 more to finish paying for the fine improvements made recently at the armory. Plans are in the making for the honorary colonels to become a permanent organization of Cisco men who will back up the National Guard unit in any way a national guard unit needs backing up. When it is complete, a meeting will be called and the colonels will elect a chairman — a five star general (honorary). They should enjoy this work, and the guard genuinely appreciates the job done recently.

UNDERSTAND THE new electric score board has been installed at the high school gym. It will be in operation for the home games coming up. Our scouts report that Mr. T. C. Williams deserves some kind of medal for the past deer season — went hunting almost every day and never did get one. Bill Hart, son of Judge and Mrs. John Hart, plans to enter the Baptist seminary at Fort Worth at mid-term to study for the ministry. He finished a law course at Baylor recently.

FOR GOOD SERVICE on your Olds and Cadillac Osborne Motor Co. — Eastland

CAROLS FOR PATIENTS—Two youngsters in wheel chairs listen thoughtfully in New York to the Bethune-Cookman College Choir, of Daytona Beach, Fla. Sponsored by the National Association of Manufacturers, 24 mixed voices sang carols for more than 100 hospitalized children.

CIVIC LEADERS OF EASTLAND COUNTY CITIES TO MEET HERE

A workable basis for cooperation in a county-wide water project and other mutual problems will be discussed at noon Friday when representatives of the East-

land and Ranger Chambers of Commerce meet with directors of the Cisco civic agency for a luncheon at the Victor Hotel Coffee Shop.

Final Rites Are Planned Here For Little Smith Girl

Sue Carolyn Smith, 14 year old daughter of Mr. and Mrs. Bill Smith of Corpus Christi, died in a Corpus Christi hospital at 7:15 p. m. Wednesday following an illness of several months.

She was born in Cisco on February 23, 1937 but had lived in Corpus Christi for the past several years. She became ill several months ago of an incurable blood disease but became very critical Christmas night and was rushed to the hospital.

Funeral services were to be held in Corpus Christi Thursday afternoon with Church of Christ Minister C. B. Thomas officiating. Her body will be shipped by train to Cisco for burial in Oakwood Cemetery. The body was expected here at 1:41 a. m. Saturday and will be met by Thomas Funeral Home coach.

A short graveside service will be conducted at 11 a. m. Saturday with C. B. Thomas of Corpus Christi officiating. The arrangements are in the hands of Thomas Funeral Home.

Survivors are her parents, Mr. and Mrs. Bill Smith of Corpus Christi and her maternal grandparents, Mr. and Mrs. Frank Williams of Santa Barbara, California. Also surviving are a number of aunts and uncles, including Wesley Smith of Cisco.

Lobos Will Play In Clyde Tourney

The Cisco High School Lobos will play Clyde in their opening game of the Clyde Invitation Basketball Tournament at 9:30 o'clock tonight if the weather clears up enough to permit night traffic on U. S. Highway 80, Coaches Buck Overall and Carrol Tatum said today.

The tournament has been scheduled for Thursday, Friday and Saturday with boys and girls teams from the area entered.

Cisco defeated Clyde to win the Cisco tournament played in December and Clyde will be out to even the count. Coach Overall reported that his team looked good in scrimmage Wednesday and would be in top form for play tonight if it was decided to make the trip.

Cynthia Ann Speegle First Baby Of 1952

The Cisco area had its first 1952 baby today with the early morning arrival of little Miss Cynthia Ann Speegle, eight pounds, at Graham Hospital. She is the first child of Mr. and Mrs. H. S. Speegle of near Moran.

The little girl and her mother were reported by hospital attendants as doing nicely. Her dad is a farmer.

Let Your Bank Be Bookkeeper 197. NAT'L in Cisco—Mr. F. D. I. C. BANK BY MAIL AND SAVE TIME

Abilene Man Is Named District Phone Manager

John A. Cornell, Abilene manager of the Southwestern Bell Telephone Company, has been promoted to District Manager for Cisco and 14 other exchanges in this vicinity, J. H. Chowning, division commercial superintendent, has announced.

Cornell replaces C. A. Deuschle, District Manager here for the past two years, who is being transferred to Amarillo as Camp Telephone Manager for Southwestern Bell's facilities at the Amarillo Army Air Force Base. The change is effective immediately.

W. H. McAnally will continue as Manager of the company here. Cornell began his telephone career in 1941 as a cable splicer in the company's Plant Department, and later went to Waco as a representative in the company's business office there.

During the war, he served in the U. S. Navy aboard a submarine, participating in many undersea patrols and assisting in the rescue of American flyers shot down at sea during the intensive B-29 raids on Japan. He holds the Asiatic-Pacific theatre ribbon and the Philippine Liberation medal.

In 1946, Cornell was discharged with the rank of Seaman 1st Class and returned to telephone work at Waco. He later served at Tyler, Fort Worth, and Plainview, and in April of this year was named Manager at Abilene, his position until the present promotion.

Mr. and Mrs. Cornell have two children, a daughter, 10, and a three-year-old son. They will move to Mineral Wells as soon as arrangements can be made.

Former Ciscoan Dies In Accident

Funeral services for Mrs. J. L. Carswell of Waco, a native of Cisco who was fatally injured Tuesday afternoon in an automobile mishap near Waco, will be held Friday afternoon in Brownwood.

Mrs. Carswell was the sister of Mrs. J. M. Williamson of Cisco. Mr. Carswell was critically injured in the accident and is in a Waco hospital. They were returning home after spending the day in Brownwood visiting her sister. Mrs. Carswell died instantly. She was the former Miss Hattie Lovelady and grew up here.

Besides her husband, Mrs. Carswell is survived by two brothers, M. K. Lovelady of Marshall and W. C. Lovelady of Texarkana, and two sisters, Mrs. B. F. Adams of Brownwood and Mrs. J. M. Williamson of Cisco.

Poll Taxes Go On Sale At C of C Here

Poll taxes that will enable local residents to take part in 1952 elections are now on sale at the Cisco Chamber of Commerce, Manager B. A. Butler reported today. The poll tax receipts must be obtained this month.

City, school, county, state and national elections are scheduled for this year.

Area Covered In Coat Of Ice But No Damage Is Reported

Moran News . . . Moran Boy Given Medical Aid For Fireworks Burns

David Raymond, 10 year old son of Mr. and Mrs. F. R. Raymond, was burned so badly by fire crackers exploding in his pocket that he spent a week in Graham Hospital recently for treatment. David was released Saturday to return home but in 10 days must return to see if skin grafting is necessary. David cannot enter school for a few weeks.

Cadet Prosper Walker returned Saturday evening to West Point, N. Y., after spending Christmas with his parents, Mr. and Mrs. L. L. Walker.

Mrs. Dee Bumpers returned home after visiting with her children through the holidays at Corpus Christi.

Mrs. Betty Jean Mathews and baby of Oklahoma City, granddaughter of Edd Raymond, spent the Christmas holidays with her grandfather in Moran.

Moran Public Schools resumed classes Wednesday, Jan. 2, 1952. Supt. Harold H. Thomas and Mrs. Thomas spent the holidays in Moran, Miss Marguerite Haggard returned New Year's Day from spending the holidays with her parents at Plano, Texas.

Luncheon Club will meet Wednesday, Jan. 9, first meeting of the New Year. The new toastmaster, Harold H. Thomas, will preside. Mrs. J. M. Townsend will serve the luncheon. Visitors are welcome.

Mr. and Mrs. W. H. Brewster spent Christmas in Midland with their daughter, Mr. and Mrs. Chet Churchill. En route for a Christmas Eve party, they stopped at Merkel on Saturday and Sunday with their grand daughter, Mr. and Mrs. T. G. Hull and family.

Mr. and Mrs. C. O. Moseley of Monahan and Ella Brazell of Monahan had dinner Christmas with her son and family, Tom Moseley, of Albany.

Guests in the home of C. W. McCullum during the holidays were: Mr. and Mrs. Jack Dunn and daughters, Janet and Carol Ann of Lake Jackson; Mr. and Mrs. Bruce Willis of Strawn, and Mr. and Mrs. James Wheeler of Oklahoma City. Mr. and Mrs. Dunn and daughter, Janet, left for Austin Saturday.

Mr. and Mrs. Lloyd Morris had as guests during the holidays Mr. and Mrs. Corkey Morris and little daughter of Dallas. Doris Morris returned to Dallas with them for a visit.

Christmas dinner guests in the home of Mrs. A. J. Wise were: Misses Wynne and Rhodes of Fort Worth, Mr. and Mrs. O. M. Smith, Cross Plains, and Mr. and Mrs. Leon Andrews of Moran. Later during the holidays, her son, Gay Campbell, of Odessa and her grandson, Billie Gay Campbell, of Galveston came for a visit.

Mrs. Nellie Black returned home from a two weeks visit with her son, Mr. and Mrs. Ralph Black, in Goldsmith.

Green's Furniture has moved back to their remodeled store building. Mr. Green is a new Moran business man, recently moving from Baird.

Mrs. Ella Royal, Mr. and Mrs. Alton Burton and Gynn spent Christmas Day with Mr. and Mrs. Shelton Royal at Haskel.

Mrs. Marcus H. Ward visited her son, Dr. Harry and Mrs. Ward and family, at Snyder during the holidays.

Mrs. Nellie Dennis entertained at her home with a Christmas

FAIR AND WARMER—While sub-zero and near-zero cold waves hit the nation over the holidays, the folks in southern Florida enjoyed warm sunshine and balmy 74-degree temperatures. Here, racing fans at Tropical Park, in Miami, refresh themselves with the only ice-cold commodity for miles around—ice cream.

NUMBER OF FARMS IN COUNTY SHOWS DECREASE IN 10 YEARS

One of the most significant agricultural changes in Eastland County the past few years has been the decrease in the number of farms, according to a report from the County Agent's office.

The 1950 agricultural census report shows a decrease from 2,345 farms in 1945 to 1,929 farms in 1950, a loss of 416 farms caused by consolidations and increasing the farm's size. The average size farm increased from 216 acres to 259 acres during the five year period.

Electric and telephone service to farmers increased during the past few years. In 1945 only 230 farms reported telephone service whereas in 1950 service had been increased to 357. Electric

Wranglers Resume Work After Rest

Coach Seat Russell of the Cisco Junior College Wranglers put his cage team through two work outs Wednesday in their first practice session since the team was dismissed for the Christmas holidays. The team is working for their game with the McMurry "B" team at the local gym Saturday night.

Coach Russell reported that his team looked good in practice Wednesday despite a lay-off of some two weeks and that team members should be in top form by Saturday.

Probable starters for the game Saturday are Huffmyer, Gibson, Noles, Moses and Barnett.

Junior High Cage Teams Will Play

The Cisco Junior High School boys and girls basketball teams will go to Rising Star tonight for games with the junior high school teams there, it was reported by Coaches Roy Killingsworth and Bill Sledge. The teams play there rather than at Cross Plains as was announced Wednesday.

Friday night the two teams will play Olden Junior High School in the local gym, it was announced.

Mr. Killingsworth reported that the trip to Rising Star tonight would probably be made by car rather than by bus due to the weather.

Highway Travel Proceeding With Extreme Caution

Little or no damages had been reported here at noon today from the area-wide ice storm that held much of West Central and West Texas in its grip. The forecast for continued freezing drizzle or rain Thursday afternoon and night offered a threat of damages.

Electric and telephone lines had a heavy coating of ice, but services had not been disrupted. Much of the ice coating fell during Thursday morning when a heavy drizzle fell with temperatures between 28 and 30 degrees. Forecasters predicted temperatures in the lower 20s for tonight. Friday is expected to be cold and partly cloudy with occasional rain or drizzle.

Highway traffic was still moving through Cisco on Highway 80 but with extreme caution. The roads were slick from near Cisco west to the New Mexico line and north to beyond Lubbock. Bridges were especially dangerous.

One mishap was reported in the immediate Cisco area. A pickup truck was damaged considerably on the railroad overpass west of town on the old Abilene highway. Nobody was hurt. The school buses were making their regular runs, and buses were still keeping up schedules.

Southwestern Bell Telephone Company reported no trouble so far in Cisco. In the Sweetwater area, the company had a number of long distance circuits frozen up or broken. Calls were still going through to the West, however, through several circuits undamaged by the weather.

West Texas Utilities Company had received no reports of disruptions in their services. No damage was reported here.

Two cars collided on West 8th Street near Poe's Grocery late Wednesday, due partly to bad weather. Nobody was hurt. City streets were in good condition generally, Police Chief Perdue reported.

Considerable moisture was believed to have fallen in the drizzle and light rain. Sleet fell for a time Wednesday night.

Henry Sollers Loses Eye In Auto Mishap

Henry Sollers, Cisco Junior College football star, suffered serious injuries and lost his left eye in an automobile accident on December 24 at his home in Kermit, college officials learned here today.

Sollers, a tackle, had gone home for the holidays. Mrs. R. L. Williams, his mother, notified the college that it would be about ten days before he could return to school.

Uncle Dan Taylor To Undergo Surgery In Abilene Hospital

D. W. (Uncle Dan) Taylor, long time resident of this area, will undergo major surgery in an Abilene hospital early Friday, friends were advised here today. His condition has shown improvements sufficient to permit surgery, it was reported. He has been seriously ill for the past three days.

Friends were contributing to a fund to provide the needed medical care. Anyone who wishes to make a contribution to the fund was asked to leave their check at the Chamber of Commerce office.

Saturday Show Will Begin Hour Earlier

The Palace Theater's regular Saturday morning fun show will begin an hour earlier this Saturday in response to popular demand, Manager J. T. Edwards reported today. The doors will open at 9:45 a. m. This will allow youngsters to see the complete program by noon.

The Saturday program will feature a program of cartoons and comedies along with the regular feature for the day.

Strength Is Still In Individual Man

Since the dawn of time man has known a conflict within himself — between his gregarious instincts and his urge to express his individual will. These opposing ideas have grown into political philosophies, one proclaiming man's subservience to the state, the other championing his creative destiny as an individual.

Today the former idea, propagated at the point of the sword by dictatorships, seems to many to be in the ascendant. Perhaps never in history has the individual been faced with such formidable odds.

A. Whitney Griswold, president of Yale University, appraises these opposing forces in a January Reader's Digest article condensed from a recent address before the Herald-Tribune Forum

tarianism in the Massachusetts Bay Colony, complete with purges and secret police. Both systems were given up as unworkable.

In our traffic with foreign nations we have always faced a world full of despots. As colonies we were their pawns; as a young republic we were surrounded by them. Democracy was then, and is today, a new thing in the world; compared with despotism it is but a few minutes old. The remarkable fact is not that it is opposed by despotism but that it has vigorously survived that opposition.

It has survived, Griswold says, because it alone has been able to harmonize the individual and social instincts innate in man. "Wisdom and virtue cannot be forced from a crowd as eggs

HOME FOLKS SPECULATE ON PRICE DANIEL

The presence of Price Daniel, Attorney General of Texas, and his family in their home town of Liberty during the holidays increased speculation that the historic old city might furnish Texas another Governor or Senator in 1952. The last Liberty lawyer to hold these offices was Sam Houston who is Mrs. Daniel's Great - Great - Grandfather. Pictured above are the Attorney General, Mrs. Daniel and their four children, Price Jr.; Jean; Houston Lee; and John.

LIBERTY CITIZENS THINK THEY HAVE ANSWER TO '52 POLITICS

LIBERTY, TEXAS, Dec. 30 (Special)—Historic Liberty, third oldest city in Texas, literally buzzed during the holidays with the talk of furnishing Texas a new senator or governor in 1952.

The town's native son, Attorney General Price Daniel, and his family were at home. As the State's chief lawyer walked the streets where as a boy he had sold newspapers, his homefolks speculated more than ever about the part their town would play in politics of the New Year.

The last Liberty lawyer to serve as governor or United States Senator was Sam Houston. He served in both offices.

Price Daniel's law office in Liberty was on the exact spot where Sam Houston had his office. What is more, Daniel married Houston's great-grand-daughter, Jean Houston Baldwin. While living in Austin temporarily, they and their four children spend Christmas and vacations here.

Liberty has had a long claim on the fighting attorney general and his family. His ancestors settled here in 1824 and helped Mexican officials build the town in 1831. His great-grandfather, Huch B. Johnston, was the first alcalde and engaged in the early conflicts of the Texas revolution. This accounts for some of Price Daniel's interest in Texas history and his uncompromising fight to keep the federal government from taking the Texas tidelands away from the State's public school fund.

All these bits of history are recounted as Liberty folks predict that the mantle of Sam Houston will fall on the capable shoulders of Price Daniel in 1952. They admit after several days of visiting with him that they do not know which of the two offices Daniel will seek, but they will give odds that it will be the senate.

Neighbors Comment

A Liberty merchant put it this way: "Price Daniel has been fighting against the Truman tidelands steal and other federal encroachments for several years. He never gives up. He has some unfinished business in Washington, some scores to settle with those who robbed this State, and you can bet that we will

win the tidelands in Congress if Price Daniel gets a seat in the United States Senate."

A county official and former law partner also believes Daniel has his eye on Washington and is waiting only for a decision by Governor Shivers that he will run for re-election instead of the Senate. This man said:

"Price is a natural-born fighter, smart in the books, a forceful speaker, and honest as the day is long. His heart is in the fight to save the tidelands for Texas schools, and he will jump at the chance to run for the Senate because he believes the fight can be won there."

The homefolks would be proud to see Daniel run for either governor or senator, and judging from the way they talk and the way they voted in his last contested race, they will support him strong for either job. His home county gave him a vote of 494 to 778 for his opponent in 1946, the largest majority received by any state official in his own county. In the last two elections Daniel has been unopposed for Attorney General.

When asked for a preference, Liberty people almost invariably speak of the Senate. The reason is clear. They are fed up on the scandals of the Truman administration, mad about the tidelands grab, tired of government waste and extravagance, and displeased with the foreign policy in China and Korea.

They believe Price Daniel has the nerve to oppose these things and to "fight for Texas and honesty in government", as one man put it. They point to his fight against organized crime in Texas and predict that he would be as good as Kefauver or Fulbright in investigating corruption and demanding a house-cleaning in the federal government.

Above all, they point out that Daniel has no obligations to the Truman administration which would interfere with or slow up his work. They recall that Daniel came out boldly, last October, against the renomination of President Truman and said Texas should lead the way in finding a Democratic nominee who would respect and uphold the Texas Annexation Agreement.

last Sunday in Moran. The Givens are en route home after a trip to Temple.

Those attending the New Year's Game at the Cotton Bowl, Dallas, were: Mr. and Mrs. Wylie Williams, Tim Hamilton, Britt Phippen, Mr. and Mrs. R. E. Weber, Mr. and Mrs. Earl Wheeler, Mr. and Mrs. M. C. LaBella and others.

Guests in the W. W. Martin home Christmas were Mr. and Mrs. F. E. Perdue of Sweetwater. The family motored to Abilene for the day with Mr. and Mrs. W. P. Grace. Other members of

the family were: Mr. and Mrs. C. J. Watson of Fort Wort.

Expect January Decision It won't be long now. Sometime in January Price Daniel will announce one way or the other, for senator or governor. Liberty folks are for him win, lose or draw, but they'll quickly tell you that on his record Price is not a "loser" or "drawer", but always a winner.

This is backed up by a set of solid facts which go back to his boyhood when he delivered the Beaumont Enterprise and Houston Post in the mornings and ran a laundry route in the afternoons.

It continued when he went to Fort Worth to attend high school where he won every debate championship, edited a weekly magazine for Fort Worth high schools, and was a cub reporter for the Star-Telegram.

At Baylor University he majored in journalism before taking law. He edited the campus daily "The In-Print" and the yearbook "The Round-Up", and served as reporter for the Waco News Tribune. He holds A.B., J.L.B. and LL.D. degrees from Baylor.

Returning to Liberty, Daniel hung out his shingle as a lawyer and became co-publisher of the Liberty Vindicator and the Annual Progress. He served two years as president of the local Chamber of Commerce, was president and teacher of a men's bible class, and Master of the Masonic Lodge.

During his eleven years as a lawyer-publisher, he served six years in the House of Representatives and was elected speaker of the house as another tribute to his leadership.

The armed services saw Daniel's leadership in two branches, the Army and the Marine Corps. Waiving his legislative exemption, he entered the army as a private and emerged as a captain. He saw service with the Marine Corps in Japan on special assignment from the Army.

As attorney general, Daniel has gained nationwide attention for his tidelands defense and his fight against organized crime. On the latter, he was complimented in the final report of the Kefauver committee.

At 41, with a long list of achievements behind him, he is still just "Price" to young and old alike in Liberty. They are ready to help him make another stop up, and if they have their wish, it will be in the direction of Washington, D. C., and the United States Senate.

Rainbow Girls Have Meeting On Tuesday

The Order Of Rainbow For Girls met Tuesday at the Masonic Hall for a regular meeting.

The meeting opened in regular form. The following officers were elected for the following term: Worthy advisor, Mary Mc Crea; worthy associate advisor, Janet Ferguson; charity, Patsy King; Hope, Lundy Ann Hooker; Faith, Shirley Branton; recorder, Wanda Hailey; and Treasurer, Pat Agnew. Installation services for these officers will be held January 29. Mrs. Juel Brown gave a report on Rainbow Girls Drill at Grand Chapter. The meeting closed in regular form.

Approximately twenty members were present.

Leo Clinton, Mrs. A. R. Day, Mrs. James Flournoy, Mrs. W. L. Hussey, Mrs. G. B. Langston, Mrs. Eugene Lankford, Mrs. Fleming Waters, Mrs. H. G. James, Mrs. Guy Brogdon, and Mrs. H. N. Lyle.

Junior Adult Class Has Social Meeting

The Junior Adult Training Union Class of the East Cisco Baptist Church met Monday evening in the home of Mr. and Mrs. Carlton Holder for a business and social meeting.

Routine business was transacted. During the social hour, music was furnished by Mrs. Carlton Holder, Jess Hagan, Truman Evans, and Doc Horn. The group was then led in singing by Don Rupe. The devotional was given by the Rev. Paul Stephens. The group joined in sentence prayer after which all joined hands and sang "Bless Be The Tie That Binds." Mrs. C. L. Gilmore led in closing prayer.

Those present were: Sgt. and Mrs. Kenneth York and Stevie, Mr. and Mrs. Don Rupe, Mr. and Mrs. B. F. Thomas, Mrs. C. L.

Gilmore, Mr. and Mrs. Jess Hagan, Bessie, Carol, Lynn and Suzette, Mr. and Mrs. Doug Busby, Mr. and Mrs. Roy Marcontell and Barbara, Mr. and Mrs. Carlton Holder, Carlene and Janice, Mr. and Mrs. M. IT'S THEIR FIRST—Bingie, the very young pride of the Pennsylvania Women's Society for the Prevention of Cruelty to Animals, nuzzles up to Ginger, a kitten, at a Christmas party for stray animals in Philadelphia. Since it was their very first Christmas, they're both a wee bit puzzled by all the tinsel and glitter of the festive occasion.

Jobs Assigned As Program Chairmen

Program Chairman J. H. Denon completed his work for the year by assigning program

through next July at the weekly luncheon meeting of the Cisco Lions Club at noon Wednesday at the Victor Hotel Coffee Shop. The club's fiscal year ends each July 1. D. M. Morrison was introduced

by President Austin Flint as a new member of the club. Guests for the luncheon included E. A. Cox of Albany, L. L. Walker of Moran and Miss Betty Brogdon, student at North Texas State College, Denton.

New Plymouth On Display Here Friday

Here's the new Plymouth for 1952, a more beautiful, smoother operating, easier riding, safer car which features 46 important improvements. There is new beauty in the car's road-hugging, sweeping appearance, and color harmony perfection in the new interiors, which are Tone-Tailored with quality fabrics. The luxurious interiors blend beautifully with the exterior colors. The car has all the features for comfort, economy, safety and reliability which have become traditional with Plymouth. Shown above is the new four-door Cranbrook sedan.

Smooth, Easy Performance Featured in New Plymouth

The new Plymouth for 1952 will go on display in dealer showrooms throughout the United States, Friday, January 4.

A long list of improvements—46 in all—has been incorporated in the engine, the brakes, the electrical system, the chassis, and to the inside and outside of the body.

The new car, according to D. S. Eddins, president of Plymouth, has been improved and refined to provide "the most gentle ride, the smoothest engine performance and the greatest safety ever built into a car for the lowest price field."

Exceptional engine smoothness is produced through a newly designed combustion chamber; brakes are stronger and longer-lasting; Plymouth's famous Safety-Flow ride has been made even more comfortable by improvements in the springing and to the Oriflow shock absorbers; and the car's beauty is enhanced by numerous styling refinements.

The Plymouth has a road-hugging, sweeping appearance, accentuated by changes in the external adornment. A new luxurious standard for interiors is attained with the high quality upholstery fabrics in harmonious colors which blend beautifully with the instrument and door panels.

The smart hardtop club coupe, the Belvedere, is the pace-setter in the lowest price field with its new concepts in styling and beauty. The car has glistening, lively two-tone colors which set it apart and give it the continental look. The color used on the roof follows the Belvedere's streamlined contours around the spacious rear window and down over the rear deck. Sparkling chrome molding outlines the top and carries back to separate the two colors at their junction at the rear quarter-panel. Interior of the Belvedere is luxurious, with colorful quality fabrics and vinyl blended in perfect harmony with the shades used on the exterior. Long-wearing carpeting—also in complementary colors—stands out the ensemble. The following color combinations are available for the Belvedere: Suede Tan with Sable Bronze top; Belmont Blue with Chromatic with Sterling Grey top; Mini Green with Black top.

There are ten body types in the new Plymouth line, available in an array of eight regular, and two special sparkling new colors. The traditional interior roominess and the many "high-priced car" features for which Plymouth has been distinctive have been retained throughout the new line.

SMOOTH PERFORMANCE
A new, smoother flow of power results from the newly designed combustion chamber in Plymouth's famous floating power engine. The six-cylinder, 97 horsepower engine has a 7 to 1 compression ratio. Longer life for both the main and rod bearings is achieved through an improved type of base metal.

To further insure smoothness of performance and faster getaway, several refinements in the new Synchro-Silent transmission permit faster, easier shifting, and more rapid and positive engagement of gears. The rear axle is improved, and there are provisions which permit more accurate gear and bearing adjustments.

Operating temperatures up to an additional eight degrees without the hazard of losing water or anti-freeze result from further improvements to the pressure-vent radiator cap, which provides a pressurized cooling system.

STURDY BRAKES

The traditionally sturdy Safety-Guard Hydraulic brakes have been given greater ease of operation, and much longer life. New Cyclebond brake linings provide greater braking area and longer braking life. There are heavier backing plates on both the front and rear brakes; an improved drum design on the front brakes for smoother operation and better cooling; an easier operating brake pedal return spring; and a redesigned steering knuckle to provide more positive protection from road splash.

Passenger and driver comfort has been increased with improvements to Plymouth's "Safety-Flow ride." New cushioning-type ports in the Oriflow shock absorbers, increased travel in the front springs and a new interliner for the rear springs provide quieter operation, reduced

steering wheel shock, less friction and an improved ride.

Quicker starting in hot or cold weather with less drain on the battery is assured by the new "Follow-Thru" anti-kickout feature of the starter, the foremost among numerous changes in the electrical system. Greater visibility under adverse driving conditions is provided by a ten per cent increase in the speed of the electrically-operated windshield wipers.

BEAUTIFUL STYLING

Luxury and color harmony are the keystones of the beautiful upholstery and trim selected for the new Plymouth. A fine selection of long-wearing, quality fabrics is available in shades which blend beautifully with the car's exterior colors. An attractive "Lustre-Tone" instrument panel features controls which are conveniently grouped and instruments which are colored and lettered for easy reference while driving. Newly designed to further beautify the Plymouth are the ornament, the top molding, and the medallion on the hood, and the license light and name plate on the rear deck lid. The sweeping, low appearance of the car is further accentuated by the lowering of the rear fender molding.

Solex tinted safety glass is available throughout the Plymouth line as optional equipment at small extra cost. The glass reduces interior temperatures on hot summer days, minimizes fading of upholstery or seat cover fabrics, and reduces sun glare.

Among the many features which have been retained in the new Plymouth are the wide, deep chair-height seats, the ease of entrance and exit, the combination ignition and starter switch, automatic electric choke, super-cushion tires, and safety-rim wheels.

There are ten body types in the new Plymouth line: the Concord series includes a two-door sedan, a three-passenger coupe, and the popular all-metal Suburban, and its country club cousin, the Savoy; the Cambridge series has a four-door sedan and a club coupe; and the Cranbrook series includes a four-door sedan, a club coupe, a convertible club coupe, and the pace-setting Belvedere.

Hospital News

Mrs. P. A. Wooten of East 21st Street became the city's first victim of the current ice storm early today when she suffered a broken leg in a fall on the steps of her home. She was taken to Graham Hospital for treatment.

Others admitted to the hospital late Wednesday and today included Mrs. H. S. Speegle, Moran; Mrs. A. C. Edwards, Cisco; and Mrs. M. T. Caldwell, Cisco. Dismissed were Mrs. W. C. Chance, Cisco; Rollin Fuller, Moran, and Mrs. G. E. Elkins, Cisco.

There is no difference between a chess board and a checker board.

Leprosy Strikes 12 Texans Each Year, Says Cox

AUSTIN, Jan. 3. — About 12 persons in Texas come down with leprosy every year, according to Dr. Geo. W. Cox, State Health Officer. "Since 1921 over 300 individual cases have been diagnosed, mostly in counties bordering the Gulf Coast and Rio Grande River.

"Leprosy," Dr. Cox says, "is one of the penalties of being human. No other animal ever gets it. You do not need to worry a great deal about it because it is probably the least catching of all communicable diseases. The horror and shame in which the disease is held today is a hold over from Biblical times.

"One consolation about the whole thing is that a Russian satellite — Rumania — is the world's focus of leprosy.

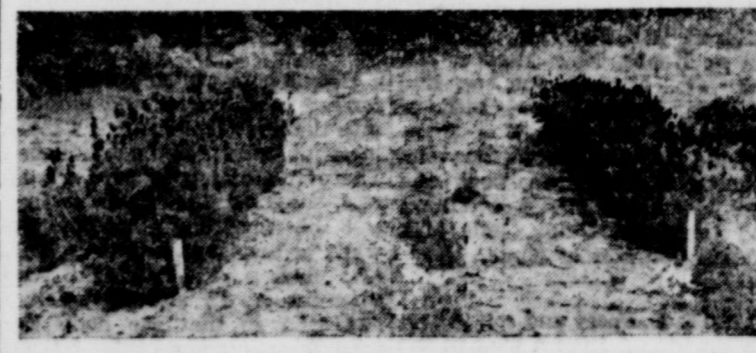

"The disease takes two forms, one called tuberculoid because it resembles tuberculosis; and the other lepromatous. The second type affects twice as many men as women, presumably because 'there are more modes and opportunities for infection in men'.

"Lepromatous patients live an average of 8 to 10 years, while the tuberculoid type apparently doesn't affect the patient's life span. Neither type is as catching as tuberculosis or other communicable diseases.

"Most cases of the disease are contracted during childhood," Dr. Cox reports, "with manifestations actually appearing in the teens or early 20's. "Medical researchers at the national Leprosarium at Carville, La., are having success in the treatment of leprosy by the use of certain drugs. The Texas State Department of Health can assist anyone suffering with this disease in securing treatment at Carville."

Eighty per cent of the fur seals in the world are found on the Pribilof Islands off the coast of Alaska.

For Top Legume Yields Seed Must Be Inoculated

On the Center Row of Crimson Clover No Inoculant Was Used. Compare Its Failure With Vigorous Inoculated Rows on Either Side.

Improved methods of production and application of cultures of legume bacteria, new more-efficient nitrogen-fixing strains, better packaging and distribution methods, and low cost of commercial cultures, have made obsolete the old soil-transfer method of inoculating legumes, according to Dr. L. W. Erdman, soil bacteriologist, U.S.D.A. The guess-work has been eliminated so that today farmers can use commercial inoculants with reasonable certainty of satisfactory results.

Maximum field production of legume crops is dependent on effective nitrogen-fixing bacteria. There is no other way so practical and economical of supplying legumes and associated field crops with an equal quantity of available nitrogen. The amount of nitrogen supplied will vary from 25 to 200 or more pounds per acre, depending on the species of legume plant, the strains of bacteria, and soil conditions.

Certain groups of leguminous plants use the same general strains of bacteria, e.g., the alfalfas and sweet clovers are in the same group, and true peas and vetches are together in another group. It is important, however, to use strains known to have high nitrogen-fixing efficiency with the variety or species planted.

Soil conditions, climate, moisture, fertilizers, acidity, and other factors affect the activity and efficiency of legume bacteria. Those conditions essential to the satisfactory growth of legumes must be supplied if maximum results from inoculation are to be obtained. Acid soils tend to eliminate legume bacteria in accordance with

the degree of acidity of the soil, and the ability of the bacteria to tolerate this condition. Organic matter is essential for proper development and functioning of legume bacteria.

Certain strains of legume bacteria are much less effective than others in their nitrogen fixation even though they form numerous nodules, and some are actually parasitic. Unless it is known that the soil contains the right kind of bacteria of a highly effective strain, artificial inoculation should always be used when sowing legume seed. "When in doubt, inoculate."

Legume bacteria are living organisms, so inoculants should be stored in a cool place until used, and not be exposed to high temperatures. After legume seeds are inoculated they should be kept out of sun and be sown or planted as quickly as possible.

If inoculated legume seeds are not sown under favorable conditions for quick germination and plant development, the legume bacteria may be destroyed, in which case a supplemental inoculation may be necessary to obtain satisfactory results.

Most chemical seed disinfectants are injurious to legume bacteria, so care should be exercised where both kinds of treatments are used. Tests made by Erdman and others have shown that a large percentage of the commercial legume cultures on the market today, put out by well-known concerns, and handled and applied according to instructions given, can be depended upon to produce satisfactory results.

ATTENDING CONFERENCE

Supt. Arlin Bint, Supervisor M. D. Conger and Coach Jack Everett of Cisco High School left Wednesday to attend a conference of Texas school leaders. They expected to return home Saturday.

Mr. and Mrs. Jerry Farley returned to College Station Wednesday after spending the Christmas holidays in the home of

their parents, Mr. and Mrs. A. B. Cross and Mr. and Mrs. Allen Farley.

Miss Martha June Morehart of Andrews spent the holidays in the home of her mother, Mrs. B. E. Morehart. Other guests in the Morehart home over the weekend were Mr. and Mrs. Frank Morehart, Mary Ann and Connie, of Hobbs, New Mexico, and Mrs. Delmar Borman and Mary Martha of Baird.

GOVERNOR URGES DRIVERS TO LEARN PROPER HAND SIGNALS

AUSTIN, Jan. 3. — Governor Allan Shivers has urged the automobile drivers in Texas to learn proper hand signals and apply them while driving as a means of lowering the "death and injury toll on our streets and highways." This appeal is contained in an official memorandum issued by Shivers which designates January as "hand signal month" in the Lone Star State.

"The use of proper hand signals," said Shivers, "is a most effective weapon in the curbing of traffic accidents. The hand-signaling motorist is the courteous motorist. I am firmly convinced that if all drivers were courteous while at the wheel, our traffic toll would be reduced to the minimum.

"When a motorist applies hand signals in his driving, he automatically becomes conscious of all aspects of traffic safety and courtesy — the protection of pedestrians, the danger of weaving in traffic, the death-dealing results of speed, the folly of hogging the highway, the importance of yielding the right-of-way. So,

I urge all motorists to acquaint themselves with the proper hand signals and to apply them diligently. The hand signal is the mark of a courteous driver; he doesn't keep the other driver guessing."

The state-wide hand-signal campaign is sponsored by the Texas Safety Association, Inc. and is patterned after the project conducted jointly last September in Dallas, by the Citizens Traffic Commission and the Dallas Civitan Club. Highway posters and other media proclaimed the slogan: "Right turn — hand up. Left turn — hand out. Slow or stop — hand down."

The hand signal month in Texas is to be promoted by the press and radio facilities throughout the State and is to be directed by J. O. Musick of Austin, General Manager of the Texas Safety Association; Bruce Cunningham of Dallas, representing the Dallas Civitan Club and the Citizens Traffic Commission, and Weldon Hart, formerly of Governor Shivers press staff.

BLUEJACKET BROTHER—Astride a Navy big gun are the four Liptrap brothers of Seattle, Wash., who met recently at the Naval Training Center in San Diego, Calif. They are, left to right, Jay, James, Jules and Jerome. Jay, last of the brothers to enlist, is stationed in San Diego; James is just back from Kodiak, Alaska; Jules from duty in Korea; while Jerome is also stationed in San Diego. (U. S. Navy Photo.)

Mr. and Mrs. Roy Brown and children of Magnolia, Arkansas, and Mr. and Mrs. Earl Wagner and daughter of Springfield, Colorado, have returned to their homes after a visit in the home of Mrs. Stella Wilson.

Fred Stroebel Jr. returned to College Station Wednesday after spending the holidays in the home of his parents, Mr. and Mrs. Fred Stroebel.

Mr. and Mrs. Joe B. Hall, Janet and JoAnn, of Abilene, Mr. and Mrs. L. J. Akers, James and Karen, of Uvalde, and Mr. and Mrs. L. V. Hall of Abilene were recent guests in the home of Mr. and Mrs. J. D. Hall.

Mrs. E. E. Posey and son, Jackie, of Stephenville visited relatives in Cisco, Sunday.

Mr. and Mrs. Edgar Johnson had all their children home for Christmas except one son, Pfc. Russell Johnson, who is in Germany. Those present were Mr. and Mrs. Joe Dan Johnson and

children, Dan, Jennifer, and Martha of Hobbs, New Mexico; Mr. and Mrs. Mitford Johnson and children, Jennene and Biff, of Pecos; Mr. and Mrs. Don Johnson and Debbe of Moran; Wayman Johnson and children, Tony and Becky, Mr. and Mrs. Bob Ellison and daughter, Paula, and Mrs. Russell Johnson of Cisco.

Mrs. E. D. Posey and son, Allen, have returned from a visit in the home of Mr. and Mrs. E. E. Posey in Stephenville.

Mrs. Dora E. Kennedy of Abilene is visiting in the home of her daughter and husband, Mr. and Mrs. V. H. Bosworth.

Mrs. J. E. Bearman of Austin and Mrs. Lannie Mancill of Cisco spent New Year's Day visiting in Dallas.

Emmett Graham, son of Dr. and Mrs. E. L. Graham, planned to leave Thursday for Dallas to resume his studies at Southern Methodist University after spending the holidays here.

HEALTH TALKS

Prepared by the
Texas Medical Association

Bile is a brownish-yellow fluid formed in the liver and emptied into the first section of the small intestine known as the duodenum. There the bile goes to work on fats, breaking them down so they can be absorbed through the walls of the large intestine. Bile also plays a part in breaking up vitamins A, D, and K, calcium and iron so that the body can take the necessary parts of those ingredients for use from the intestine.

Since bile is alkaline (salty), it keeps the walls of the intestine properly taut so that food is pushed from one intestinal scallop to another in what is called peristaltic waves, preventing the food from staying too long and putrefying in the intestine.

The gallbladder, tucked under the liver is the storehouse for bile. Bile is also called gall.

Biliousness is a popular name for a number of symptoms that are probably due not to bile but to digestive disorder; the term is often used to include everything from dizziness to constipation, along with a coated tongue, headache, lack of appetite and a general rundown feeling.

Biologicals is a pharmaceutical term for a number of complex medicines such as serums, vaccines, antitoxins and antigens.

Biopsy is the removal during life of a piece of skin or tissue to study it under the microscope in order to reach a diagnosis. The study of tissue or skin after death is known as necropsy. The study of the whole body after death is known as autopsy.
