TRADE AT HOME

If you spend a dollar at home you have some hope of getting it back; if you don't, you just spend a dollar.

A POLL TAX Receipt Is Your Badge of Good Citizenship. - Get It Today!

VOLUME XXXII

The Gay Philosopher

By J. W. S.

ONE OF OUR Scouts comes with a long range weather forecast and reports that it will October next before our part of the country gets any substantial rainfall. Hope his forecast all wrong. And then Mr. Stanley Webb, tax collector, reports on getting up with a man the other who had just toured the country. He pointed to dry cracks in the ground and said, "This is just the way Arizona got started."

WENT OVER TO Eastland yesterday to see how business was at the courthouse. They are in the middle of re-equipping the courthouse with venetian blinds. The old blinds had been here 24 years and an overhaul would have cost around \$1,200. So the county decided to get in new metal blinds at a cost of \$2,000. They're pretty.

WANT TO GO INTO the armadillo business? We have a card man in Florida who wants to buy armadillo shells to make jewelry baskets. And he wants to get in contact with some armadillo catchers. If you're interested, drop by and we'll give you his address.

ALL OF THE honorary collectors of the Cisco Unit of the National Guard are invited to be at the First National Bank at 10 o'clock tonight to see some combat films from Korea. They're taken by the U. S. Army and show a lot of action shots and pictures of the peace conference. The films were obtained by the local guard unit for the meeting. Be there.

YOU'LL Be ABLE to begin paying your auto license plates Feb. 1. The new plates are black with yellow letters. They have a couple of slots that will be used in 1953. Next year, you'll get a little tab that will be over the "1952." This will save the state something like a hundred tons of steel.

FIFTEEN hundred license plates will be placed on sale at the Chamber of Commerce office in Cisco. They will start with the number CN-3500. You have to have them by the first of April.

POLL TAX payments are still behind what they were in 1950 when over 6,000 were paid in the county. Business is picking up a little at the Chamber of Commerce office where Mrs. Peggy Gallagher is selling receipts.

THE LEGION BOYS tell us that they're expecting a crowd of several hundred to greet Bob Wills and his Texas Playboys at the skating rink Monday night. They're seeking to raise funds for overhaul the swimming pool for opening in May.

The Legion would like to have a piano to keep at the Lake Cisco Skating Rink. If you know one that could be bought real cheap, give us a ring and we'll get you in touch with the proper authorities. It doesn't have to be a fancy piano. Just one that will play.

Presbyterian Sermon Topics Are Announced

"The Compassion of Jesus" is the subject for the morning worship Sunday in the Presbyterian Church and the evening service will center on "The God Seldom Reached."

CUBS WILL MEET

The Boy Scout cub pack will hold a regular meeting tonight at the First Presbyterian Church. Packmaster Ace Lucus reported. All clubs were urged to attend.

FOR GOOD SERVICE on your Olds and Cadillac Osborne Motor Co. - Eastland

LEGION POST URGES CITIZENS TO PAY THEIR 1952 POLL TAXES

A resolution urging the residents of the Cisco area to pay their 1952 poll taxes was passed Thursday night at a meeting of the John William Butts Post 123 of the American Legion at the Legion Hall.

The resolution urged "a re-awakening of our citizens to the growing need for participation in government through voting in elections."

The resolution read as follows: "Whereas, the future of our nation and of our democratic way of life depends very largely on the actions and the interest of the citizens;

"Whereas, participation in elections is necessary to assure a strong and capable government; therefore,

"Be it resolved that our citizens be reawakened to the growing need for participation in government voting in elections, that our people equip themselves with poll taxes as a means of assuring

themselves of being able to take part in every election in our city, precinct, county and state in 1952."

In addition to passing the resolution, the Post attended to business matters and saw two combat pictures made by the U. S. Army in Korea. The films were shown by the Cisco Unit of the Texas National Guard.

Loboes Will Play Ranger Tonight

The Ranger Bulldogs and the Ranger High School girls team will be in Cisco tonight for conference games with the Loboes and Lobo Queens at the community gymnasium with the girls game scheduled to begin at 7 p. m. The boys will play following the girls game.

Ranger has a tall, good team and the Loboes are due one of their hardest games of the current season.

Coach Overall will probably start Jim Webb, Doug Johnson, H. L. Youngblood, Bob Black and Irvin Brunkenhoefer. Mrs. Bill Bledsoe will probably use Kitty Lou Phippen, Marie Borst, Wylene Bint, Bobby Huffman, Jessie Warren and Martha Eudy as her starters.

Tickets for the two games will be sold at the gym entrance at 50 cents for adults and 25 cents for students. Student tickets were sold at the school building all day Friday and indications were that a good crowd could be expected as the two old rivals meet.

Rotarians Show Freedom Picture

"The Price of Freedom" was the title of a film shown to Rotarians and guest at their regular weekly luncheon at the Hotel Victor dining room at noon Thursday.

The film told of the newspaper's part in the fight for freedom and stressed its value as a means of making the people of the community think.

The program was in charge of Rotarian B. A. Butler and was obtained by Jack Chambliss for showing to his journalism classes at Cisco Junior College.

Visitors at the meeting were Everett McKinley of Leavenworth, Kansas, and the following Rotarians: Hollis Davis, Nat Wolford, George Barron, Ernest Fender and Bob Gilchrist of Abilene; Dr. J. C. Whittington, Dr. J. O. Jolly, Jr., Rev. C. Melvin Rathel and Jack Frost of Eastland and George Winebrood of Lexington, Kentucky.

LAST SECOND GOAL GIVES ONE POINT VICTORY TO RANGER '5'

The Cisco Junior College Wranglers dropped a one point heart breaker to the Ranger Junior College Rangers in a basketball game played at the community gymnasium Thursday night. The final count was 76-75 with the Rangers sinking a field goal in the final seconds to go out in front.

The Rangers took an early lead in the contest but the Wranglers came back strong and were leading the opposing five by 12 points at halftime. Jimmy Bridges, who made only four points in the first half, found the range after the intermission and brought his team to within striking distance of the Wranglers. He and Tommy Wilson exhibited some fine basketball to lead their team to the win.

Bobby John Huffmeyer set the scoring pace for the game. The Thursday scoring brought his season's total to 405 points in 16 games for a game average of 25 plus. Wilson of the Rangers was in second place with 27 points. His team mates Jim Bridges and Don Ashcroft were in third and fourth place with 19 and 18 points respectively.

Burl Moses played probably his best game for the Wranglers and

his long shots piled up a total of 13 points. L. A. Noles made 10 and Barnett made 12 for the Wranglers. Bobby Gibson made eight points and played a steady game all the way. The five starters for the Wranglers played the complete game.

In an earlier game the Cisco Junior College girls defeated the Ranger Junior College girls by a score of 38-26. Micky Burnett made 29 points for Cisco to take the scoring honors. Betty Penn of Ranger made 22 of her teams 26 points. Mary Nell Clardy made seven points for Cisco while Virginia Spence and Pansy Pippen were each making one. Others playing in the game for Cisco were Carmen Dickerson, Mary Eubanks, Pearl Ezra and Henry Lou Sharp.

The Wranglers play three games in Cisco next week beginning with Weatherford Junior College Monday night. Tuesday night they go to Abilene for a game with Abilene Christian College. Friday night they play Blinn here and Saturday night they play Allen Academy.

AN EVEN EXCHANGE—As artist-author Don Freeman finishes his drawing of historian George Dangerfield, right, in Santa Barbara, Calif., the latter autographs a copy of his new book, "The Era of Good Feelings," in exchange. A leading candidate for the Pulitzer Prize, the book has been enthusiastically hailed by critics all over the U. S.

BOB WILLS IS TEXAS BOY WHO MADE GOOD AS ENTERTAINER

An American success story that began in the heart of Texas is that of Bob Wills, handsome, genial leader of the nation's No. 1 Western music aggregation.

Known as "Bob Wills and his Texas Playboys," this phenomenal dance band is coming to Cisco for an engagement at Lake Cisco Skating Rink on Monday night, Jan. 28, under the auspices of the American Legion.

Bob was born and raised deep in the Lone Star State, in a small town in Hall County, West Texas.

His childhood was that of a typical Texas youngster, riding his dad's horses and learning the songs of the wild and lonely plains.

When he was about 10, he heard his cousin practicing on the violin. "He went over and over the same piece," Bob recalls. "I got tired of hearing it. I said, 'I'll bet I can play that even if I don't take violin lessons.'"

Much to his own surprise, Bob found he could perform the unusual feat of playing violin by ear. From then on, he determined to make music his career.

He practiced hard on his cousin's violin, finally acquired one of his own, and soon was playing on three Fort Worth radio stations.

Then he collected a guitarist and a singer and organized the "Lightcrust Doughboys," a trio which sold flour by the ton with their radio shows. That was in 1928.

By 1933, the "Doughboys" fan mail had soared to over 2,000 letters a day; about 1,700 of them from Oklahoma.

With a warm reception assured, Bob Wills moved to Tulsa. There his outfit increased to 25 men. They broadcast over KVOO for ten years, playing every night except two when floods prevented their appearance at the station.

umbia pictures. A parade of 1,100 men, women and children on horseback marched through Tulsa streets when one of Bob's films, "Take Me Back to Oklahoma" had its world premiere there.

Between film and radio and theatre engagements, Bob Wills was busy writing songs. His "San Antonio Rose," recorded by Columbia, has gone over the three and a half million mark.

One folio of his Western melodies was published by the Irving Berlin Company and another soon followed on the stands. It included his "My Confession," "I Wonder If You Feel the Way I Do," "Spanish Two Step" and "Steel Guitar Rag." The latest-named is a terrific request number wherever Bob Wills and his Texas Playboys appear.

Wills joined the Army in 1942 and served for nearly two years. Thirteen members of his original band went into the armed forces, and are now back in harness — better than ever.

Film studios are again seeking him, and the regular "pop" musicians are agape at the official reports that Bob Wills and his Texas Playboys cracked all top band gross records on their recent tour of the Southwest.

Friendly, easy to know, Bob Wills has one success formula: "Nothing fancy or forced."

Cities Are Urged To Observe Week

ABILENE, Jan. 25.—Observance of Highway Appreciation Week, January 27 — February 2, to further inform citizens of problems confronting the Texas highway department is being suggested to all local chambers of commerce that are affiliated with the West Texas Chamber of Commerce.

The annual convention of the WTCC recently authorized organization of a special committee to study how the WTCC may assist in formation and execution of a definite plan for adequate future development and maintenance of the state's highway system.

WTCC headquarters has transmitted to all local chambers a copy of Governor Allan Shivers' proclamation of Highway Appreciation Week, a copy of a "plan of work" drawn up for observance of the week in Houston, and a copy of an article that appeared recently in Texas Parade, magazine of the Texas Good Roads Association. It is entitled "A Highway Plan for Texas." It presents the facts that have been presented by E. H. Thornton, Jr., Chairman of the highway commission, to number of audiences, including that at the November convention of the WTCC.

Thornton declares \$219 million per year for five years — \$1.1 billion in all — will be necessary to meet the highway needs of the people of Texas.

COUNTY IS EXPECTED TO BEGIN TRYING DRUNK DRIVING CASES

County Attorney J. M. Nuessle reported today that he expects soon to begin trying cases filed in recent months in Eastland

County against motorists charged with driving while under the influence of intoxicating beverages.

Mr. Nuessle said the county has a backlog of 27 such cases, the oldest of which was filed on August 21, 1950. Most of the cases were filed by state highway patrolmen. A number of cases on the county court docket involve the sale of beer and liquor.

In cases involving driving while under the influence of intoxicants the law provides a penalty of from \$50 to \$500 fine or ten days to two years in jail or both. Another statute provides for forfeiture of the driver's license for six months.

Mr. Nuessle, who took over the office by appointment recently, indicated that he hoped to clean up the county court dockets in the near future. He said that a new grand jury will be impaneled on February 4 to work with the county and district courts.

March Of Dimes Fund To Be Used In War On Polio

Funds contributed to the 1952 March of Dimes this month will become double-barrelled bargains in the war on polio, Mrs. Fleming Waters, Cisco Area campaign director, declared today.

"Every dime and dollar finances care of patients, research, epidemic aid and education of much-needed professional personnel," Mrs. Waters said.

Fifty per cent of the funds remain here to finance care of local polio patients needing such help or, in an emergency, are made available to the national epidemic aid fund.

The other fifty per cent is sent to National Headquarters, where it is used for these programs:

Research—The most extensive voluntary research program ever levelled at a single disease. Aimed at finding a means of preventing or curing polio, March of Dimes grants are supporting research in the nation's leading universities and laboratories.

Professional Education — with shortages resulting from increased demands for professional service, plus inroads made by military requirements, more trained personnel are needed today than ever before, particularly in view of more widespread polio epidemics. March of Dimes scholarships, fellowships and short courses are training more professionals to care for polio victims and to man scientific laboratories.

Emergency Epidemic Aid Fund — This is money made available to any community which has exhausted its local March of Dimes funds caring for patients.

Mrs. Waters emphasized that "the number of new patients every year, plus the tens of thousands of patients from past years still needing help, have left the March of Dimes in debt at the end of each of the past four years. Thus the 1952 appeal must surpass any of the past."

The March of Dimes will continue to the end of the month.

Re-Study Of Tax Profits Is Asked

DALLAS, January 25.—A re-examination of the excess profits tax law of 1950 was demanded today by the Young American Business Conference, national small-business organization formed in 1951 to combat inequities in the profits tax law.

Thomas L. Amis, president of Wamix, Inc., Dallas concrete manufacturers, and 1952 chairman of the Conference, called on the House Ways and Means Committee to schedule hearings early in the 1952 session to study the effects of the law on business expansion. In a letter to Rep. R. L. Doughton (Dem. - N. C.) chairman of the Ways and Means Committee, Amis called re-vamping of the law "a necessary and long-deferred action."

"Within a few months after the enactment of this hastily-conceived law in 1950, it became obvious that it was crammed full of inequities," Amis stated. "Its effect on many segments of business and industry have been disastrous. It has failed in its stated political purpose, that of 'taking the profits out of war.' It has restricted the growth of the new and dynamic segment of American industry, and has unduly penalized many companies."

Amis said that a re-examination of the complicated tax law had been promised for this session of Congress.

NOTICE—SATURDAY SPECIAL at the O. K. Bakery — CHEESE CAKE. Also Eclairs, Cream Puffs, Danish Pastries, Lady Locks, French Bread, Cream Pies and Fruit Pies. O. K. Bakery.

Quail Wings Are Sent To Agency

AUSTIN, Jan. 25. — The Director of Wildlife Restoration for the Texas Game and Fish Commission reported the receipt of a record number of bob white quail wings during the 1951-52 season.

The total has not been tabulated and will not be known until next month when wildlife biologists assemble at San Marcos to study the wings.

The Director said the wings for the season are fairly representative of the entire state but that the greatest number was received from the Panhandle and from Southeast Texas.

He attributed the splendid return to the "better cooperative attitude of sportsmen and to the fine help from newspapers and radio stations in informing hunters how they could help scientific studies by forwarding the quail wings."

The subject of sportsmen-biologist teamwork in gathering and studying the wings is covered in an article in the January issue of TEXAS GAME AND FISH magazine.

This article breaks down the results of the 1950-51 season studies of breeding, feeding and migration habits.

The Director of Wildlife Restoration points out in the magazine that quail wing feathers tell the approximate age of the birds. He adds that acquiring sex and age data on a good sample of birds from a locality indicate rather definitely the extent of hatch and survival for the year.

Baptists To Hear Committee Report Sunday Morning

Recommendations of the building committee regarding the immediate construction of a nursery structure for the First Baptist Church will be made to the congregation at the Sunday morning service, the Rev. Ralph T. Wootton, pastor, reported today.

The morning service will meet at 10:45 o'clock instead of the usual hour to allow time for the committee report. W. P. Gunn is chairman of the committee.

The committee studied the bids recently submitted for the contract to erect the building at a meeting Tuesday night.

Superintendents of the Sunday School will explain the schedule for shorter periods at the opening program Sunday.

Spain Announces His Sermons For Sunday

"An Amputated Christ" will be the subject of the sermon for the Sunday morning service at the First Christian Church, the Rev. Sidney Spain reported today.

Sunday evening, Rev. Spain will speak on "Why the Disciples" as the first of 11 sermons in which he will discuss the doctrines of the church.

THE EISENHOWER CAMPAIGN

The Eisenhower announcement contained no surprises. The General said, in substance, that he will not presently resign his post or leave Europe, that he will not campaign—but that he will accept the Republican nomination if it is offered him. This is not as much as his supporters would like, but it is about all they had expected, and the Eisenhower organization, under the direction of the able Senator Lodge, is pressing hard on the throttle now. They know that they have a great deal of hard work to do in a very short time if they are to put their candidate over, in the face of the great strength that has been shown by Taft.

In the meantime, the General's views on public questions are

You Can Save Real Money By Starting Garden Plants

Inexpensive Equipment Will Insure Ample Light and Water to Your Plants, and Protect Them From Disease.

Though winter is said to begin when the sun reaches its southern solstice, gardeners know that this is really the beginning of spring. Days grow longer as the sun starts north again; in ten short weeks the snowdrops may be in bloom.

This is little enough time to plan for your garden, and prepare to start seeds indoors. So much has been learned about starting seeds that no one need hesitate to undertake it, even though an ideal south window unshaded from the sun may not be available. New experiments in growing plants entirely under artificial light have taught lessons which the amateur may easily adopt to solve his problems.

Seedling plants can be started in a dark basement, without expensive equipment. On a table sheltered from drafts, where the temperature will average 60 degrees, place your seedboxes. The soil which fills them should be a mixture of sifted top soil, builders' sand and peat moss, one-third each. To prevent disease, sow the seeds in a layer of sphagnum moss half an inch thick laid on top of the soil. Cover the seeds lightly, or not at all.

Instead of soil, you may fill the boxes with sphagnum moss, or vermiculite, but these are sterile substances, and you will have to supply plant food when your seedlings begin to grow.

Artificial light should be furnished the seedboxes as soon as the seeds sprout. Its intensity should be at a minimum of 50 to 100 foot candles, and it may come from either fluorescent lamps or ordinary tungsten lamps. You can measure the intensity by the following easy method, provided you have a photographic light meter. Place two thicknesses of white letter paper on

the spot where your seedbox will stand. Hold a late model Weston meter above it, and measure the light which falls upon the paper, being careful not to cast a shadow from the meter. Multiply the meter reading by four, and you will have the foot candle measurement of the light on the paper. Adjust the lamps until the desired intensity is achieved, and by providing this illumination 12 hours a day, you will be able to supplement the daylight to thrive, so far as light is concerned.

If the light is inadequate for the crop you are growing, the seedling plants will grow tall and spindly, and the light must be increased.

Warmth, water and light are the three essentials for seedbox success. It may be easier to watch your boxes if you place them in the best available window. Here you can supplement the daylight with artificial light, measured the same way, to provide a minimum in all of 50 to 100 foot candles, 12 hours a day.

It may be that you have a south window which provides all the light needed; but that your seedling plants bend toward the light. You can straighten them out by turning the box around every day, but an easier way is to place a white cardboard back of the box, so that it reflects the sun upon the plants. This will keep them straight.

Plan what you expect to grow this year, and get your seed and boxes ready. It does not pay to waste seed on pasteborder boxes too small to develop vigorous plants. Get "flats" knock-down, approximately 14 x 20 inches, 2 1/2 inches deep or larger, or use boxes of equal capacity you may have available. In these your plants will really have a chance to grow.

Mr. and Mrs. Raby Miller left Friday for Boerne to spend the weekend with their son, Hunter Miller, and family.

AND NEWS OF INTEREST TO WOMEN

Care Of Sick Room' Theme Of Program Union Center Club

Program on the "Care of the Sick Room" was presented at the regular meeting of the Union Center Home Demonstration Club on January 18, at the club house. Mrs. George Hill called the meeting to order and Mrs. E. T. Small led the group in singing "Beautiful Texas." Mrs. Hill then led the club prayer. Roll call was answered with ideas for decoration in the sick room. Minutes of the previous meeting were read and approved.

mas gift. Mrs. Crowell gave a Council report. She stated that the Council chairman asked the clubs to study rules and regulations and abide by them. Mrs. Jess Flippin, council reporter, asked all club reporters to send her news in order that she might get out the "Comrades" again. The club voted one hundred per cent for the T.H.D.A. contributions and also for the pennies for friendship.

Mrs. Lela Ham discussed Hospitality and being a good hostess. Miss Vera McBeth told how to disinfect the bed in the sick room and "Feeding the Sick," was discussed by Mrs. York Ebenhart.

Mrs. Mack White and Mrs. Hudnall were in charge of the recreation following the program after which refreshments of hot chocolate and cookies were served by Mrs. Burk Halter, Mrs. Crowell, and Mrs. Chambers to Mrs. Buck Maples, Mrs. George Hill, Mrs. E. T. Hudnall, Mrs. Jack Gryder, Mrs. Clarence Stroebel, Mrs. Lela Ham, Mrs. Ode Carver, Mrs. W. J. Martin, Mrs. Mack White, Mrs. Tommy Culwell, Mrs. York Ebenhart, Mrs. A. W. Wright, Mrs. Henry Reed, Mrs. Bige Heaires, Mrs. E. E. Winfrey, Mrs. Charlie Wescott, Mrs. Buster Walker, and Miss Vera McBeth.

Christian Missions Studied At Meeting

"Christian Missions on Trial" was discussed by Mrs. J. R. DeArmond when group one of the First Christian Church met in the home of Mrs. W. C. Hogue on Tuesday, January 22, for their regular meeting.

The meeting was opened with prayer by Mrs. J. E. Elkins with the chairman, Mrs. H. R. Miller, presiding. Routine business was transacted followed by the devotionals by Mrs. DeArmond and the Mission lesson on Mexico by Mrs. Ada Mobley. The meeting closed by all repeating the Missionary Benediction in unison.

Refreshments were served to Mrs. Kate Berry, Mrs. J. R. DeArmond, Mrs. Cora Davidson, Mrs. J. E. Elkins, Mrs. Roy Fonville, Mrs. W. R. Huestis, Mrs. Leon Cagle, Mrs. Carl Lamb, Mrs. J. M. Flournoy, Mrs. H. R. Miller, Mrs. C. B. Powell, Mrs. Hogue and two visitors, Mrs. Jane Mobley and Mrs. Harlin.

HEALTH TALKS

Prepared by the Texas Medical Association

BRONCHOSCOPE is an instrument which not only permits a look-see into the windpipe and bronchial tubes but is also used to remove objects which have become lodged in those parts of the breathing apparatus. Corn, peanuts and beans have through the years been the most common foods which get stuck in the windpipe and tubes and have to be removed very carefully so that they don't break and leave pieces to continue the irritation.

Children are noted for getting a number of various objects stuck in the windpipe but one phase of the modern hurry-up civilization which has had its effects upon the bronchoscope is the chopping

A Three Days' Cough Is Your Danger Signal

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or money refunded. Creomulsion has stood the test of millions of users. **CREOMULSION** relieves Coughs, Chest Colds, Acute Bronchitis

Turbulent romance and action-packed adventure mark M-G-M's "Westward the Women," in which Robert Taylor, as a woman-hating wagon-master, meets his match in the glamorous French actress, Denise Darcel, remembered as the only girl in the cast of "Battle Ground." The new drama opens Jan. 30 at the Palace.

Donald E. Miller of the 360th Fighter Escort Squadron, is visiting in the home of his parents, Mr. and Mrs. W. E. Miller. Mr. Miller was stationed in England for the past six months. He is now stationed at Bergstrom Air Base in Austin.

up of chickens instead of the old-time method of disjuncting fowls; sharp pieces of chicken bone resulting from chopped up chickens lead the field in things-that-get-stuck-in-adult-windpipes. BRUCELLOSIS is a come-and-go feverish disease which man gets from cattle, goats or hogs who are infected. Known also as Malta fever, Mediterranean fever, or undulant fever, it leads to weakness, loss of weight, anemia and sometimes nervous disorders. One person very rarely gives it

to another, but it spreads rapidly among animals and is then transmitted to man, often through unpasteurized milk from infected cows. Brucellosis is often confused with many other diseases, such as flu, malaria, typhoid fever, glandular fever, tuberculosis or Hodgkin's disease (a lymph gland disorder). Diagnosis of brucellosis is usually made certain by a study of the blood. Since it is a hide-and-seek disease, coming and going for in-

definite periods, it has been considered a difficult disease to cure completely but such new drugs as streptomycin and one of the sulfa drugs, given in combination, seem to have good results in the more serious cases where complications have developed.

Looking Back on 1951 —
... the inventory shows that the scales weighed out a good portion of the better things for us to enjoy. While the mistakes we made stick out like a sore finger and our failures almost overwhelm us, yet these discouragements are small indeed when compared to the unhappiness and tragic experiences of some who happen to live in other countries. We are glad we live in Eastland County where we have had the opportunity to serve a host of loyal customers for more than a quarter century.
