## The Gay Philosopher

By J. W. S.

TWO VISITORS TO our office Saturday wanted to see the... And we enjoyed a half-day visit with Mr. and Mrs. R. Metcalf, who are just back from three years in the Panama Canal Zone. They were here to see Mrs. Metcalf's parents, Mr. and Mrs. Lee Leiskie, while en route to Douglas, Arizona, where they are being transferred by the Civil Aeronautics Administration. Mr. Leiskie had been sending Mrs. Metcalf the Press and they had been reading our column and they had some fine things to say about

The Metcalfs didn't get to stay long, as they had to hurry on to Douglas to put their children in school. The trip back home from Panama required three weeks. They went by boat to New York and then drove through to Texas and on Sunday afternoon for Arizona. They are both former Cisco residents. They hit New York during a cold spell, and three years ago warm Panama didn't leave them in very good condition for the extremely cold weather. The children got a big kick out of re-discovering America. With the CAA, Mr. Metcalf will run an airways weather station and emergency landing field at Douglas. It was good to meet them and to help welcome them back home.

SATURDAY NIGHT was a big night at the Community Gym. We stepped out to look in on the basketball game. The benches were the pitchiest benches we ever saw. A group of Cisco Junior College boys entered riding them. The final score, Coach Scat Russell ruled, was six to six. Some 500 people came out for the event.

OUR SCOUTS report that the accident and somewhat unexpected rain showers Sunday afternoon caught a goodly number of golfers in the middle of the Cisco Country Club golf course. Among those who got thoroughly drenched were Gene Abbott, Ralph Ginn, Gene Damron, Dr. Paul Woods, and others. Many others were under the little sheds at the boxes or under the trees. But everybody was glad to see the sun.

LATE SUNDAY afternoon, we accepted an invitation of the Merchants Motor Lines to eat a breakfast dinner and attend a banquet honoring their drivers at the Motor Coffee Shop. We had hoped to learn how to back up a trailer, but it wasn't mentioned. Most truck line accident, we learned, are due to backing up and following too close behind other cars and trucks. . . . Truck drivers usually drive the same way each day but hook on to a different trailer. . . . Most truck driving is at night to give better service. . . . When the truck boys have a flat tire they call in to Fort Worth or Abilene and another tire is sent out.

COMES A NOTE from Mrs. F. Schaefer of Route 2, Cisco, to say: "I have seen in your paper about people born on Feb. 29. My husband has his birthday on the 29th of February, 1952. He will be 80 years old. We expect to celebrate it at my home in the afternoon. Please announce it in the paper." Happy birthday, sir!

MR. HOMER BIBLE telephones to say there is a strange bull in pasture. And he imagines it belongs to the man who advertised in the Press the other day that he had lost a bull. So, says Mr. Bible, the owner is welcome to come after the big fellow.

SO FAR AS WE know, the First National Bank is the first Cisco firm whose employees have signed up 100% to give blood in the coming Bloodmobile Clinic. There's a table being maintained there each day for volunteers to obtain donor cards. As you know, the blood will be processed into plasma to be sent to Korea. The Bloodmobile Clinic will be held on March 6. You can sign up at the bank, the office, the Victor Hotel, the Press Office and elsewhere.

A TASTE FOR SCIENCE—Ling-Wong, an inhabitant of the Lincoln Park Zoo in Chicago, was a bit disappointed to find a telephone not very good to eat. A whirl at the typewriter soon bored this inquisitive orang-utan, and he turned to the other instrument in search of fun. But it wasn't really very amusing, and as for conversation—well, Ling-Wong's speechless!

## Labor Relations Board Decision Favors WTU Co.

ABILENE, Feb. 25.—According to a decision and order of the National Labor Relations Board received here yesterday, the West Texas Utilities Company has won another round in the labor election conducted among the company's production department employees last December. The election, ordered by the NLRB's Regional Director at Fort Worth, was for the purpose of determining whether or not the International Brotherhood of Electrical Workers should be certified as bargaining agent.

Of the 152 votes cast, 45 were challenged. A majority of these votes were challenged on direction of the NLRB's Regional Director on the grounds that they represented votes of operators of diesel plants which the company operated for auxiliary service in 14 towns served by the company.

The National Board changed this by clarifying its definition of the "bargaining unit" as follows: "We will clarify the unit finding in our Decision which was intended to include in the appropriate unit all employees, however designated, who devote any part of their time to the operation or maintenance of the Employer's diesel engines."

Of the 45 votes challenged by the board, company, and union, the board agreed on the challenge of only 12 votes, and ordered that 3 votes be counted without further delay and without further data being required.

The board then ordered that hearings to be held to determine if the remaining challenged ballots of employees could be counted as diesel engine employees under the clarified definition of the unit as directed by the board.

## Lobo Band Holds Clinic On Friday

Members of the Cisco Lobo Band attended an all-day clinic here Friday, Feb. 22, under the supervision of Director McAdow of the North Texas State College band of Denton.

The clinic was held to help the local band prepare for the interscholastic league contests to be held in Abilene on April 21. The band also will take part in a district contest in Brady on March 8.

Mr. McAdow held the clinic here Friday and a similar clinic in Coleman on Saturday.

## Ciscoans Attend Longview Wedding Saturday Night

Several Ciscoans were present in Longview last Saturday night for the wedding of Amon Carter Evans and Miss Donnalyn Louise Knight. Mr. Evans is the son of Mr. and Mrs. Silliman Evans of Nashville, Tenn., and the grandson of Mrs. L. H. McCrea, Sr. of Cisco. Mrs. Evans is the daughter of a prominent Longview family.

The wedding took place in the parlor of the Christian Church and the reception and a wedding supper were held at the ranch home of Mr. and Mrs. Carl L. Estes, prominent Longview residents. Mr. and Mrs. Silliman Evans entertained with a rehearsal dinner Friday night in Longview.

Mrs. McCrea, Mr. and Mrs. Luther McCrea, Jr., and Luther McCrea III of Cisco were present for the wedding and other events.

Amon Carter Evans is well known in Cisco, having visited frequently with relatives here. Following the wedding, the young couple left for a honeymoon in Mexico. They will return to Knoxville, Tenn., and enroll at the University of Tennessee.

The young man's father is the nationally known publisher of the Nashville, Tenn., newspaper. While in Longview, he engaged in a radio debate with Carl L. Estes, prominent Texan.

The wedding was a social highlight of the season in Longview. The bride is the daughter of Mr. and Mrs. Fredrick Allen Knight of Longview and is a graduate of Colorado City High School. She has done student work at Texas Christian University.

## Sergeant Aldredge Injured In Mishap

Sgt. Leonard Aldredge was seriously injured in a car wreck at Brenham on February 14 and was taken to the Fort Hood Hospital where he is stationed on maneuvers.

Sgt. Aldredge received a broken arm and head and chest injuries in the accident. He is reported to be improving nicely. He is the husband of Mrs. Leonard Aldredge of Cisco.

## Schools To Offer Land For Oil Lease

The Cisco Independent School District today advertised bids for an oil and gas lease covering the softball field and the block on which the gymnasium is located and for 93.7 acres around Cisco Junior College.

## Ministers Honor Rev. Moad Monday At Dinner Party

Members of the Cisco Ministers Alliance honored the Rev. and Mrs. C. S. Moad of the Church of God at a dinner meeting at 6 p. m. Monday at the Victor Hotel Dining Room. The occasion was in recognition of the Moads' completing 20 years in Cisco.

Attending the dinner were Rev. and Mrs. Moad, Rev. and Mrs. Leslie Seymour, Rev. and Mrs. E. H. Lightfoot, Rev. Mart Agnew, Rev. and Mrs. H. Grady James, Rev. and Mrs. D. M. Duke, Rev. and Mrs. Collier, Rev. and Mrs. J. E. Blackwell, Rev. C. G. Fuston, Rev. and Mrs. Ralph T. Wootton, Rev. and Mrs. F. C. Bradley, all of Cisco, and Rev. and Mrs. W. E. Hallenback, Eastland.

Several of the ministers made short talks of tribute to Rev. Moad for his long years of service to his church and community. Rev. Moad acknowledged the tributes in a short talk.

## John Webb Hurt In Road Mishap

John Webb, owner of the local White Auto Store, was in Wichita Falls Clinic Tuesday suffering from injuries received in an automobile accident five miles north of Graham at 10:30 a. m. Monday.

Mr. Webb received a broken pelvis bone and a dislocated hip in the accident and will be in the hospital for several weeks. He was reported in a fair condition Tuesday.

According to investigating officers the 1950 Nash sedan which Webb was driving was struck head on by another car as the driver was attempting to pass a truck on a hill and curve. The car driven by Mr. Webb was almost completely demolished.

## VALOREY ELAINE VALENTINE

Valorey Elaine Valentine was born at 10:45 p. m. Monday in Root Memorial Hospital in Colorado City. She is the daughter of Mr. and Mrs. Bill Valentine of Colorado City. She weighed four pounds and 14 ounces at birth and both the baby and the mother were well. Mrs. Valentine is the former Miss Monterey Lisenbee, daughter of Mr. and Mrs. T. E. Lisenbee of Cisco. The paternal grandparents are Mr. and Mrs. R. R. Smith of Snyder. Mrs. Lisenbee is in Colorado City with her daughter and new granddaughter.

## RUSSELL C. STROTHER

Mr. and Mrs. Clarence Strother are announcing the arrival of a son, Russell Clarence Strother, at 5:40 a. m. Monday at Graham Hospital. He weighed five pounds 15 ounces at birth. Both Mrs. Strother and the baby were reported as well. Mr. and Mrs. Strother are employed at the City Cab Company.

## Area Receives About One Inch Of Moisture During Weekend

A combination of rain, sleet and snow gave the Cisco area approximately one inch of moisture as a cold front spent Sunday and Monday in this West Central Texas region. A low temperature of 21 degrees was recorded here Monday night.

The area received an even half inch of rain during a brief down-pour Sunday afternoon. Intermittent light rain and mist fell during Sunday night and Monday morning, turning to snow during the morning. Snow fell most of the morning and afternoon.

The area had a light coat of snow Tuesday morning, but it soon disappeared as the cloud cover disappeared during the night. The weather man forecast fair skies with slowly rising temperatures. The high today was expected to be about 45 degrees with tonight's low around 25 degrees.

Early blooming fruit trees were believed to have suffered heavy damage in the freeze. But area residents generally agreed that the moisture was worth losing a few early trees. Some farmers believed the moisture was sufficient to assure a small late oat crop.

## Oil News . . . WICHITA FALLS FIRM LOCATES DEEP OIL TEST WEST OF TOWN

Hamilton and Powell of Wichita Falls have made location for a deep test as their No. 1 E. J. Penn Estate Some five miles west of Cisco, according to reports here today. The location is just north of Highway 80.

It was understood that the Wichita Falls firm has a lease on the 320-acre Penn tract for the test. Pits have been dug and a drilling rig was being moved in to begin operations.

Further west in the Dothan area, D. D. Feldman has started drilling his No. 2 Pruet, located 1500 feet west of his No. 1 Pruet, which was recently abandoned as a dry hole.

Three miles southwest of Cisco, the Charles R. Kuhn, trustee, No. 1 Rudolph Reich was drilling at 3,150 feet in the top of the Caddo lime. A slight show was reported in the upper Caddo, but no drill stem test was run. Location is in Section 85, Block 3, H&TC Survey. This is a Lake sand test.

In the south Cisco Pool, the Jack Hailey No. 1 Thelma Richardson was flowing into tanks in testing work. The tests were to continue for two or three days before final completion as a Lake sand well.

In the Grover Hart pool, some five miles southwest of Cisco, pumping equipment was being installed on one Mississippi well and a Caddo lime prospect. The Light travels faster than sound.

A BOUNCE WHERE IT COUNTS—Goalkeeper Parsons of the Wolverhampton Wanderers uses his head to punch the ball clear from his namesake, Parsons of Chelsea. The active soccer match was played before a large crowd in London.

STATE HIGHWAY DEPARTMENT IS READY TO DISTRIBUTE NEW MAP

The shortest distance between two points is established by an old axiom, but from the standpoint of motorists, the shortest distance between two points can only be established by the Official Highway Travel Map. D. C. Greer, State Highway Engineer, announced today that the Department's new 1952 Official Highway Travel Map is now available free to the general public. The Official Highway Map is revised and published annually. It is used by all state agencies as the basis for computing official car mileage. Then new map is 28" x 36" and is chock full of travel guidance and information on Texas. The material is illustrated and in color for easy comprehension and appearance. Several important changes have been made in this year's map which include a topographical relief drawing along the addition of symbols which show the locations of the 854 roadside parks and turnouts. Special emphasis has been placed on indicating various recreational, scenic, and historical spots. All U. S. and State highways are shown. The important Farm & Ranch to Market roads which serve the cross-country motorist are also shown. The travel information reflected on the map is designed to supply motorists with guidance needed for safety, comfort, and pleasure while traveling Texas highways. The back side of the map is jam-packed with factual and pictorial Texas history. The story of Texas is unfolded with the map. Many milestones and landmarks are described and portrayed pictorially. There are 26 pictures in full color of the more popular historical points of interest in the State with a full caption explaining each scene. A panorama is used to introduce some of the more popular historical characters in a "passing parade" of Texas history. Included also for the first time is a map of Mexico, incorporated with the small U. S. map, showing the principal highways and cities, however, it is primarily for geographical purposes. This new map can be obtained by mailing the map card distributed by the Tax Assessor-Collector's office with the sale of license plates, or by writing directly to the Texas Highway Department, Austin 14, Texas. Copies are also available in any Highway District Office or the Highway Travel information Bureau.

Blue Grass Lawns in Lead After 100 Years of Trial

A Long Established Kentucky Blue Grass Lawn.

Kentucky blue grass, which for a century or longer has been grown in lawns, public and private, throughout most of the United States, is said to have been brought to this country from Europe, though definite records of this seem to be lacking. Only a small part of the 25,000,000 pounds now used annually to make and maintain lawns and fairways is harvested in Kentucky. Blue grass became established in that state during pioneer days, but it has spread so widely through the Mississippi Valley that the harvest extends north to the international boundary. Harvesters report that most of the fields from which they take the seed were not sown by human hands, but by the wind; and the vigor and persistence of this fine-leaved grass is responsible for its spread. These qualities are invaluable in a lawn grass, and Kentucky blue grass presents a conspicuous example of the "survival of the fittest." In a bulletin of the authoritative Missouri Botanical Garden, Robert W. Schery writes: "Under the climatic conditions prevailing in the northeastern section of our country Kentucky blue grass tends to gain a pretty stout foothold in the lawn, even when no pains are taken to establish it there." But he continues: "It behooves us to make conditions as near to the liking of blue grass as possible and these will automatically be to the detriment of competitors (unwanted grasses and other weeds)."

HEALTH TALKS

Prepared by the Texas Medical Association Blood flows from the heart in channels which are called arteries. These are two-way stretch tubes that look a lot like the rubber girdles that are perforated, since all blood vessels have holes in them and all blood vessels stretch. The inside of the artery is called the intima, a stretchy, scaly sort of plate such as you find inside the heart; it looks like a bunch of overlapping coil springs. All arteries have that intima but the big artery of the body, the aorta that leads out of the heart, has more than the others. Outside the intima is a circular muscle called the media and wrapped around all that two-way stretch is some strong string-like tissue called the adventitia. The tiny arteries of the body, called arterioles, have the same type of layers as the arteries except that there's little "give" in them, only slight elasticity. So the big artery leading from the heart can stretch in length and can stretch in width as the blood starts its circuit through the body. The aorta swoops up out of the heart, going from the left side of the heart in a right-sided swoop, then arches back over the heart and scoots downward behind the heart on into the body. All the curves of the aorta have special medical names. The outward and upward swoop is called the ascending aorta, the arch at the top is the arch of the aorta, and the downward scoop is the descending aorta, divided into the thoracic artery when it is travelling through the chest and the abdominal artery when it gets below the diaphragm, the muscle dividing the chest and abdomen. Back up there in the arch, however, there are three branch arteries which lead on upward from the arch. When the corpuscles hit this division of the blood highway you can imagine some of them singing to the others. "You take the high road and I'll take the low road."

Little Known Facts about your navy

ONE OF THE FEW TIMES IN HISTORY A BLACK FLAG WAS USED TO SIGNIFY SURRENDER INSTEAD OF THE TRADITIONAL WHITE WAS ABOARD GERMAN SUBS. THE BRITISH ADMIRALTY AND U.S. NAVY AGREED THAT A BLACK FLAG WAS EASIER TO SEE AND DISTINGUISH FROM WHITECAPS. THE AIGUILLETES WORN BY NAVY AIDES WERE ORIGINALLY A HANGMAN'S ROPE. SPANISH TROOPS UNDER THE DUKE OF ALBA WERE REQUIRED TO CARRY A NAIL AND ROPE ON THEIR BELTS. IF THEY OBSERVED AN ORDER, THEIR CONDUCT BECAME SO BRILLIANT THAT THE ROPE BECAME A BADGE OF HONOR.

**GLAD TO HELP**—Actor Humphrey Bogart and his wife, Lauren Bacall, right, don't resemble any of the hard-hearted characters they have portrayed on the screen as they cheerfully donate to the Salvation Army at a luncheon at the 21 Club in New York. The lady pair attending the Salvation Army table are Angela Fraser, left, and Swanhilde Castle, who were helping a good cause.

**GLAD TO BE BACK**—When it was one day out of New York, and on its way to Europe, the SS America became aware of a stowaway. Blackie, a dog, had somehow gotten on board and had neglected to get off. The pooch was given full first-class treatment topside kennels despite his lack of a ticket. Dr. Pearce, the ship's veterinarian, is shown with Blackie upon the vessel's return to New York when the dog had to go through Customs.

**A DANGEROUS GAME**—Fermin Rivera, Mexican matador, is tossed into the air by a bull as another matador unfurls his cape and emerges from behind the barrera in Mexico City, top photo. An instant later, the second bullfighter attempts working the animal away with his cape, bottom photo. El Toro has mistaken Rivera for a broom and is trying to sweep the bull ring with him. Rivera wasn't hurt, but his \$500 costume was.

**SCOUTS LEARN FBI TECHNIQUES**—Boy Scouts Charles Templeton, left, and Bobby Taylor, right, are impressed in Atlanta, Ga., as an FBI agent shows them how an ultra-violet ray lamp is used to disclose messages written with disappearing ink. The lads were part of a Scout group which visited the local FBI office, and were especially pleased to be let in on such top secrets.

**SIGNING IN**—Hannie Urbanus, of Amsterdam, and rated as Holland's best pitcher, signed his first autograph, after flying to the U. S., for stewardess Miekie Fledderus, a Dutch fan of his in New York. An accountant's assistant by trade, the 24-year-old right-hander will take Spring training with the Giants at Phoenix, Ariz. He's the first European baseball player to receive a bid to try out with a major league team.

**CLOWNING UP HIS GOLF**—Cutting up a little at the Baseball Players Golf Tournament at Miami, Fla., Yogi Berra of the New York Yankees lines up on a baseball with his putter. Dick Wakefield, center, and Al "Flip" Rosen, of the Cleveland Indians, go along with the gag as they rest during a qualifying round of the tournament. Yogi certainly knows what to do with a baseball, so these results may have been startling.
