## The Gay Philosopher

By J. W. S.

FREQUENTLY, we sit down with one of The Press paper boys to talk over business problems. Paper boys, you know, are business men and are so recognized by the United States government. They buy their papers from the newspaper and re-sell them to their customers at a profit — just as the average retail store does business.

It's wonderful training for a boy. One of our paper boys has a bank account and pays his bill each week with a personal check. Several of them have savings accounts. Many of them buy their own clothes and pay for their incidental expenses.

The lad we had a chat with yesterday was having trouble collecting from some of his customers. He's a good paper boy and his customers like him, but some are slow to pay off. The slow-paying people, however, are in the minority.

This boy's route has something like 140 customers. A hundred of them pay off and cheerfully the first time around. The other 40 will tell him to come back for various reasons. Sometimes, we think that people who tell paper boys to come back don't understand boys very well. In any event, if you are in the habit of telling the paper boy to come back two or three times, we'd like for you to try paying him promptly. You'll be repaid with good service and a cheerful smile.

Your paper boy pays his bill every week. Those who don't pay the paper boy cut into his profits.

THE LIGHT RAINS of the past weekend may have broken the ice so to speak, and cleared the way for some real rain, believes Mr. Hal Lavery of the City Hall. His bad weather ankle has been acting up the last day or two. . . . And Mr. Fred Grist, the city precinct chairman of the Democratic party, is an optimist. He can't remember when it didn't rain eventually.

RAN INTO MR. R. D. Boland of Scranton way yesterday, and he's looking forward to April 4. O n that date the cast comes off his left foot, and he will know if a general rebuilding job was successful. Back about two years ago, his foot was crushed in a falling accident. Doctors have spent all of this time to rebuild it. In the last and recent operation, a section of bone was taken from his leg to form a new arch for the top of his foot.

Meanwhile, Mr. Boland walks about with a steel gadget set in the bottom of the cast. Here's hoping that all turns out well.

MRS. J. D. BROWNING calls to report that there's a big square dance over at Comanche at 8 p. m. Saturday, and it's free. All Cisco area dancers have been invited to attend.

YOUR CHANCES of getting into "Who's Who" are today somewhat less than 1-in-3000, according to some mail received from the publishers of that book. That should give Cisco about two people in the book. If you're a college graduate, your chances of getting in the book are twice as good. In all, 44,640 people are listed in the new edition. The company has a new book for deceased people, "Who Was Who."

NATIONAL SMILE Week has been organized to begin on March 8, so we can all get ready to spend a whole week smiling. The idea has considerable appeal. Our country would probably be a lot better if we had National Smile Week every week. A smile spreads sunshine wherever it's seen.

Movie Comedian Joe E. Brown is chairman for National Smile Week because his smile is the broadest in the land. He has a name for people who smile — Joy Scouts. There are no dues, no assessments on the membership. A Joy Scout's only obligation is — SMILE!

Let's all join this organization.

"Hit or Miss"  
Hit or miss is a problem!  
It ends in woe or bliss.  
For she who doesn't make a hit,  
Will always be a miss.

**HITTING THE SILK**—Paratroopers of the 11th Airborne Division form tiny dots against the sky at Camp Drum, N. Y., during the Army-Air Force combined Winter maneuvers. Three of the men who have landed are gathering in their 'chutes on the icy ground. The maneuvers, known as "Exercise Snowfall," have already been fatal to some of the participants.

## Fire Insurance Premiums To Carry Penalty After March 1

Fire insurance premiums will carry a 15% penalty after March 1, 1952, due to the city's fire record during the past five years, Mayor G. C. Rosenthal told members of the city commission at their regular meeting Tuesday night at the city hall.

The rate is based on the city's fire record, and the credit or penalty is determined from the percentage of losses figured against the total premiums. The city had a five per cent penalty on premiums in 1951, and the loss record of the past five years brought the 1952 penalty to the maximum of 15 per cent.

Figures given Mr. Rosenthal were as follows:

Premiums Paid	Losses By Fire
1947	\$31,719
1948	37,613
1949	42,816
1950	40,070
1951	45,093
Total	\$197,311
1947	\$14,049
1948	8,591
1949	22,573
1950	63,404
1951	40,275
Total	\$148,892

### LENTEN SERVICES

Mid-Week Lenten services will be held at Grace Lutheran Church each Wednesday evening beginning this evening, February 27, at 7:30 o'clock. The Rev. James F. Hennig, pastor, will deliver a series of sermons on "Great Texts In The Light of The Cross." The public is invited to attend these services.

### TRUCK LINE DRIVERS HAD GOOD SAFETY YEAR, MEETING IS TOLD

Drivers and employees of the Merchants Motor Lines had a good safety record for the past year, Safety Director E. G. Niblo of Fort Worth reported Sunday afternoon at a banquet meeting of Cisco area employees at the Victor Hotel Coffee Shop.

The company had 146 employee injuries during the year. Of this number, 34 per cent were strains and sprains, 14 per cent were in the shops, 23 per cent were hand injuries, 18 per cent feet and legs and the balance were miscellaneous mishaps.

Of 189 truck accidents in 1951, only six involved injuries to personnel and there were no deaths. Virtually all of the accidents were minor, the worst costing \$513. Forty-two percent of the accidents were caused while trucks were backing and sixteen per cent

Mr. Rosenthal said the losses were 75.4 per cent of the premiums paid, based on a five year average. A good fire record during this and the new few years can erase the penalty and result in a credit, Mr. Rosenthal added.

The mayor also announced that Engineer Homer Hunter of Dallas, who recently made a water resources survey here, would meet with commissioners and others here at 4 p. m. Wednesday.

The city took under advisement an offer of an Arlington firm to move the 60,000-gallon water storage tank from the T&P Railway right-of-way to the southwest part of town. The railroad has offered to give the tank to the city.

The development of a new state plan for vocational education for Texas schools for the years 1952-1957 was the purpose of a meeting held in Cisco on Tuesday with some 150 school superintendents, principals, supervisors, homemaking teachers, T and I teachers and vocational agriculture teachers in attendance. The Cisco meeting was one of 12 held over the state Tuesday.

The meeting began at 9 a. m. at the Victor Hotel when the entire group met for a program and general discussion. Arlin Bint, superintendent of the Cisco schools,

served as host to the group and introduced O. L. Stamey, president of Cisco Junior College, who in turn presented Robert Clinton, head of the music department of the school, who presented his girls Beauty Shop Quartet in a series of songs.

Following the musical part of the program, Mr. Bint introduced W. T. Graves, superintendent of the Coleman schools, who was general chairman. Mr. Graves talked to the group and invited general suggestions until the assembly adjourned for lunch.

At 1 p. m., the various groups met and further discussion of individual recommendations were made. The homemaking group met at the Chamber of Commerce, the Training and Industry group met at McCauley Tire and Supply and the vocational agriculture group met at the First National Bank. From these meetings recommendations were made for the plan for the next five years by the teachers of the three types of work.

At 3 p. m., another general assembly was held at the First National bank and memographed copies of the findings of the meetings were given to each one present. The memographed copies were prepared by Mrs. Jamie Smith, Cisco homemaking teacher, and M. D. Conger, supervisor. Mrs. Smith and Mr. Conger were the recorders for the meeting.

The recommendations coming from the Cisco meeting and the other 11 meetings held Tuesday were forwarded to a state committee for study and for final action before being adopted as the plan for the next five years.

The Arlington contractor offered to move it for \$3,000. He offered to equip it with a 40-foot tower for \$3,600 or a 50-foot tower for \$4,100. He also offered to stop water leaks in two concrete water standpipes in the city for \$450 while here for the other work, or for \$550 if he doesn't move the steel tank.

The commission was told that plans for placing city employees under social security laws have been completed. The coverage is to be retroactive to January 1.

Plans for annual cleanup week were discussed and will be studied at a future meeting. Other routine matters were discussed. All members of the commission were present.

## NEW STATE PLAN OF VOCATIONAL EDUCATION STUDIED IN MEETING

## Plans Completed For Turkey Field Day On March 6

All Eastland County residents interested in turkeys have been invited to attend the annual county-wide Turkey Field Day at the high school auditorium in Carbon on Thursday, March 6, County Agent J. M. Cooper reported today.

Beginning at 10 a. m., Alvin Kincaid of Cisco will talk on "Management of Turkey Laying Flocks." H. H. Weatherby of Ft. Worth will speak on "Brooding and Care of Poults." Lunch will be served in the school cafeteria.

During the afternoon, R. E. Janes of Austin will discuss the 1952 turkey outlook, Sam Davidson of Abilene will speak on sanitation and disease control, and F. Z. Beanblossom of Texas A&M College will discuss marketing turkeys.

## Planting Outlook Improves In Part Of Farm Sections

Prospects for starting the 1952 crop season were improved in south central counties as week-end rains provided moisture for early planting, and in some east Texas and upper coastal areas wet soil has stopped field work. In most other areas the light rain or drizzle was generally insufficient to effectively break the drought.

Peach and pear trees were blooming in south Texas and buds were swelled in northern and northwestern areas. Grain sorghum planting had started in the Coastal Bend and corn planting was expected to start in south central Texas as soon as soils dry. Clovers, cover crops and winter oats in eastern and southeastern counties were growing rapidly. Some sweet potatoes were bedded. Flax prospects were improved.

Wheat in the northwest was holding on but moisture was needed. Cut worms continued to damage fields in some northern Low Plains counties and a few instances of greenbug infestations were reported in north Texas.

Vegetable crops in parts of south Texas were benefited by rains, but except for favored sections the additional moisture was not sufficient to relieve the drought situation. Moderately heavy rains fell in the area immediately south of San Antonio, extending into the eastern part of the Winter Garden and the extreme northern part of the Coastal Bend. Light rains were falling over much of south Texas at the end of the period.

Cattle and calves continued to respond to the rapidly increasing supply of clover, oats and winter grass in East Texas and along the upper coast. Generous rain in south central counties will soon bring on much needed green feed in that area. Light rain in other areas was still insufficient to break the drought. Heavy supplemental feeding continued in all areas except in the favored eastern and southeastern counties. Marketing of sheep was heavy for this season of the year.

## Meaning Of Lent To Be Discussed

"The Meaning of Lent" will be discussed by the Rev. E. H. Lightfoot, pastor of the First Methodist Church, at the fellowship dinner at 6:30 p. m. Wednesday. The pastor stated that "this period of mourning, from now until Easter, should be observed by all Christians, but not in the way some observe it."

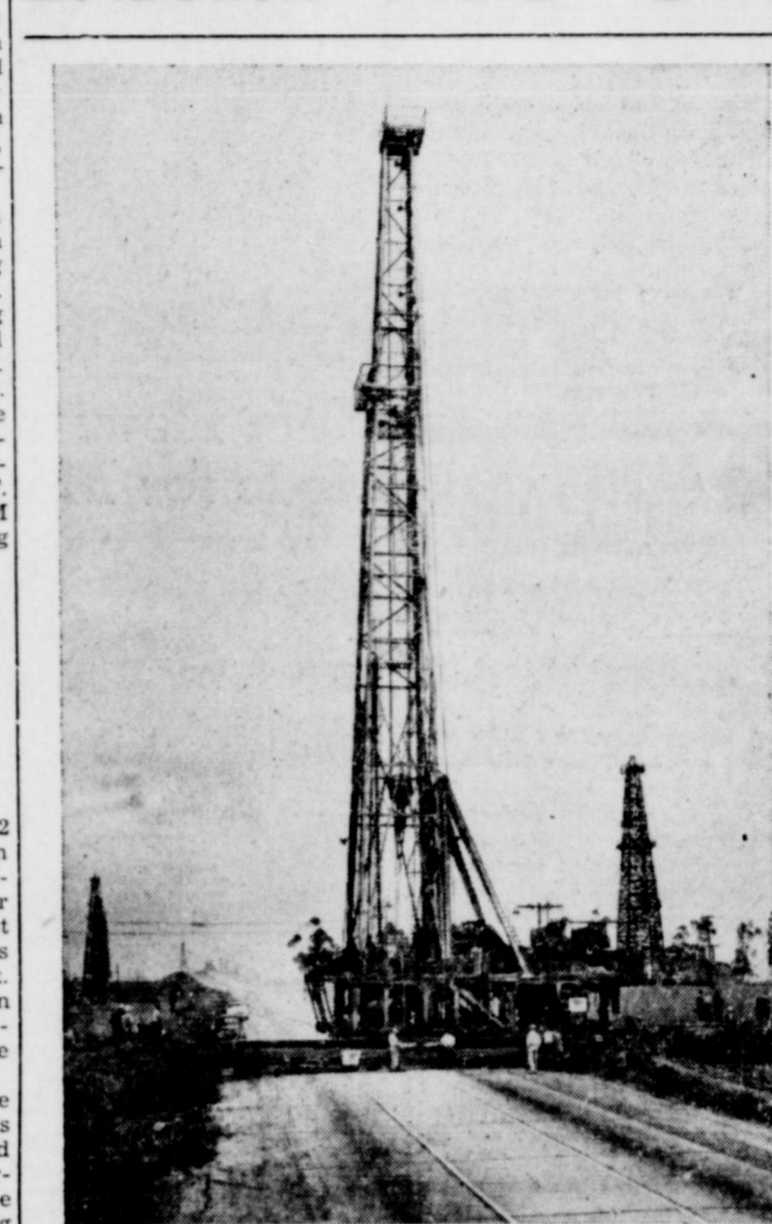

Circle No. 2 of the WSCS will serve as hostesses and will use for the first time some of the new kitchen and dining room equipment presented to the church by various individuals and groups in a shower Tuesday evening.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Coy Miller are the parents of a daughter, Beverly Kathleen, born Sunday, Feb. 24, at 10:30 p. m. at the Graham Hospital. Beverly Kathleen weighed seven pounds and two ounces at birth. The Millers have two other children. Both mother and baby are doing nicely.

## Gulf Pipe Line Contractors Establish Field Office Here

**CHANGING LOCATION**—A giant oil drilling rig, 10 stories high and weighing 100 tons, is being moved across a boulevard near Los Angeles, on its way to a nearby oil field. Engineers who planned the move, decided there would be less hazard and inconvenience if it were towed intact, rather than in dismantled sections. With traffic rerouted, the job was completed in two hours.

## CJC CHOIR HAS BUSY PROGRAM PLANNED FOR WEST TEXAS TOUR

The Cisco Junior College A Cappella Choir, the Madrigal Singers and the Beauty Shop Quartet opened an early spring tour of west Texas at Putnam on Tuesday night. A busy schedule has been mapped out for March by Director Robert Clinton, head of the music department.

The March schedule opens on March 5 with an appearance for the Cisco Lions Club. On March 6, the group will appear at the meeting of the Cisco Rotary Club.

On March 7, the choir will go to San Antonio for appearances at the Texas Junior College Association convention. The Madrigal Singers and the Beauty Shop Quartet will sing for the noon luncheon, and the choir presents the program for the afternoon session. Mr. Clinton will speak on "Problems of Theory in the Junior College" on the music section program on March 8.

A tour of West Texas begins on March 11 with a day program at Colorado City and a night program in Roscoe. The following day, the group will sing for a day meeting in Roby and a night meeting in Hamlin. On March 13, they will be at Spur during the day and at Matador that night. The tour will be concluded on

March 14 with a day program at Munday and a night concert at Knox City.

The choir's home concert will be given March 21 at the Cisco Junior College auditorium. Also on the schedule is a program for the District Federated Club meeting in Cisco on April 1.

On March 17, the Beauty Shop Quartet and the Madrigal Singers will go to Shamrock for the Irish Day Festival. A spring tour of area high schools will be planned later.

Mr. and Mrs. O. W. Hampton have completed arrangements for the purchase of the educational director's home of the First Baptist Church, it was announced Tuesday.

The home is located at 405 West 7th Street and was moved to that location from West 9th Street. It was completely remodeled at the time it was moved. Mr. and Mrs. Hampton sold their home on Ave. N recently to Mr. and Mrs. Bill Bledsoe. The Surles-Allen Agency handled the arrangements for the sale.

## BLOOD FOR KOREA

If you wish to become a blood donor when the Bloodmobile Unit visits Cisco on March 6, fill out the form below and mail or take it to the Chamber of Commerce. An appointment card will be sent you, designating the time your blood will be taken.

### DONOR CARD

Certainly you can count on me to give blood for the defense of our country.

Specified age limits — 18 to 60.

Under 21 — written consent of both parents or husband or wife. These rules are NOT flexible.

NAME \_\_\_\_\_ DATE \_\_\_\_\_

ADDRESS \_\_\_\_\_ Telephone \_\_\_\_\_

IF SPECIFIC TIME DESIRED, PLEASE INDICATE \_\_\_\_\_

I (do), (do not) give permission for my blood type to be registered locally. (No charge is made for this service).

## Many Workers Are Expected In City

Between 200 and 300 workers, many of whom will live in Cisco, will work out of field office headquarters here while Associated Pipe Line Construction Company builds the section of the new Gulf Pipe Line Company's 26-inch line through West Texas, it was reported here today.

The contracting firm has rented the old B. & B. Drive-In building at the Highway 80 "Y" in West Cisco as a headquarters for its field office. It was understood that field offices would be maintained here for the construction work on the pipe line from Eastland to Abilene. Some two to three months will be required to lay that section of the pipe line, it was understood.

A large quantity of 26-inch pipe to be used in the new line, which runs just north of Lake Cisco, has been shipped into Cisco and other area cities, including Eastland and Putnam.

J. W. Long, purchasing agent for the contracting firm, has been in Cisco all week making arrangements for the field office opening and for the beginning of work out of Cisco early next week. Crews of workers were already arriving here.

The Cisco Chamber of Commerce has been assisting the contractors in making preparations for opening field offices here.

The new Gulf pipe line will parallel an old and smaller line much of the way from West Texas to the Gulf Coast. Much of the new line has already been built, work having started on the Gulf Coast end of the project. When completed, the line will transport West Texas crude oil to coastal refineries.

## Dollar Days For March Planned By Merchants Group

Friday and Saturday, March 14 and 15, will be special Dollar Days in Cisco, the trade extension committee of the Merchants Credit Association announced today. The group met this week to formulate plans for a series of special trade promotions.

"A Dollar's Worth for a Dollar" will be the slogan for the two big days, President Homer Ferguson of the credit agency said after the meeting.

The committee said that a canvass of Cisco stores has indicated that the entire city will be behind the promotion. Beginning in April, the merchants will inaugurate a "First Monday" trade program, and the third Saturday of each month will be Dollar Day.

During the year, each fifth Saturday, beginning on March 29, will be "Mystery Day." On these days, business firms will offer one or more unusual price inducements to area shoppers. The price will not be published, but will be made known at the store. The articles, however, will be announced prior to the day.

"We are endeavoring to work out these and other special trade days as an expression of our appreciation for generous support of Cisco area shoppers," Chairman Austin Flint of the trade extension committee said.

## Dean Wilkinson Dies In Mineral Wells

Word was received by friends in Cisco Tuesday night of the death of Dean Wilkinson, former Cisco service station operator who moved to Mineral Wells several months ago.

Mr. Wilkinson died late Tuesday in Mineral Wells following a heart attack.

Funeral services will be held Thursday afternoon in Mineral Wells, it was announced.

LOST — Japanese bracelet, black and gold. Butterfly design. At bus station Thursday, February 21. It was a birthday gift from a son in Japan. Will give small reward. Mrs. Dee Cobb, 200 W. 18th St. Phone 554-J.

HOW TO CUT COSTS

WASHINGTON—Everybody talks about cutting non-defense government expenditures, but much more needs to be done about it. The Chamber of Commerce of the United States comes forward with the suggestion that if the Hoover Commission recommendations were put into effect large savings could be accomplished.

In a communication to its membership, the Chamber supplies a box-score of progress on the Hoover proposals.

Roughly, the score is 20-20 in legislative enactment. Congress has enacted 20 laws implementing the commission's proposals, with 20 still pending.

Of the 20 not yet acted on, seven are held to be supremely important. They would make enormous savings possible by eliminating waste, overlapping and duplication.

The question is asked: What actually would be saved? The original Hoover estimates were \$4 billion, based on the then \$40 billion budget. Meanwhile the budget has doubled, and estimates are consequently increased.

Briefed, the seven major Hoover proposals are:

- 1. Give greater flexibility to Civil Service operations. 2. Modernize and centralize Post Office Department operations, and eliminate politics from the service. 3. Give centralized direction to the government's overseas programs. 4. Eliminate money and manpower waste in the administration of veterans' affairs. 5. Eliminate conflicts between Army engineers and the Interior Department in water resources development and food control. 6. Reorganize the sprawling Department of Agriculture. 7. Create a united federal medical administration.

Political Announcements

The Daily Press has been authorized to publish the following announcements of candidacies for public office, subject to action of the voters in the Democratic primaries:

- For Tax Assessor-Collector: STANLEY WEBB (re-election) For Congress (17th District): JACK COX of Breckenridge For Commissioner (Prec. 4): J. E. (Ed) McCANLES ARCH BINT (Re-election) For Judge 91st District Court: FRANK SPARKS For District Clerk: ROY L. LANE (re-election) JOHN C. NICHOLAS For City Commission (April 1): JOE BRITAIN (re-election) J. W. SLAUGHTER (re-election) JOHN DUNN For County Treasurer: H. H. HARDEMAN J. H. (Hoover) PITTMAN E. C. (Clyde) FISHER For County Judge: JOHN HART (re-election second term).

Civil Service Will Hire Men For WSB

Applications are now being accepted for the position of Industrial Relations Analyst for employment with the Wage Stabilization Board. The positions pay from \$3410 to \$10,800 per year. Additional information and application forms may be obtained from the post office.

Little Known Facts about your navy

More Flowers, Less Shade, Mode for Modern Homes

Petunias Border This Front Walk. Foundation plantings of evergreens, which were the conventional treatment in front yards throughout America for twenty years prior to World War II, are now conceded to be out of fashion. Sunshine and flowers are being returned to front yards from which they were so long excluded by overplanting. Modern houses with their picture windows and complete absence of visible foundations, do not require a continuous band of green to conceal a high foundation and "tie the house to the ground" as the landscape designers used to say. They get down to ground level and seek to unite indoors and outdoors in one area of comfortable and pleasant living space. To relieve the appearance of the house from bareness, a frame about it is desirable. This is now being supplied in most cases by flowers, with a few shrubs or evergreens used as accents at the house corners, where two walls meet, and at similar focal points. Annual flowers are extensively used to border walks, and at the base of the house walls. Flowers do not produce shade, but require sunshine to make them grow. There is a wide selection of dwarf growing, compact and bushy annuals which are suitable for low, colorful borders, which present a gay picture both to passerby, and those who look out the picture window. Illustrated is a curving walk, planted with a border of petunias. These are of a large flowered, single fringed variety. They will bloom all summer, without the necessity of picking off faded blossoms, because this type of petunia does not produce much seed, unless pollen is spread in the blossoms by hand. Annual flowers will continue to flower until they produce seed; which is the reason faded flowers of most varieties should be picked off, before seed forms. Seed catalogs list hundreds of annual flowers, including all the colors of the spectrum, which can be used for front yard flower gardens. Zinnias and marigolds, which next to petunias are the most popular of all, have a surprising number of forms and colors which will serve this purpose. Asters, of all colors except yellow, blue ageratum and anchusa, white and purple alysums, garden pinks and carnations, the annual coreopsis which is listed as calliopsis, calendulas, sky-blue cynoglossum, blue lobelia, nasturtiums, pansies, violas, annual phlox, salvia, red and blue, and verbenas, all serve excellently to provide color in the front yard. Striking effects can be achieved by using a color scheme which harmonizes with the house, and planting flowers in masses of one color, so that each mass stands out in harmonious contrast with the others.

CLEAN-UP SQUAD—Workmen had to use brooms in the basement of a hotel in Marietta, O., when clean-up operations got under way to erase the damage inflicted by the Ohio River which had been on a five-state rampage. The damage, which made more than 10,000 people homeless, ran into millions of dollars.

## Week of Prayer Is Planned At WMU Meet

Plans for the Week of Prayer were held the first week of March made at the regular business meeting of the W. M. U. of the First Baptist Church Tuesday evening at the church.

Mrs. R. D. Guthrie, president, presided. The meeting was opened with the group singing, "The Lord's Hymn," followed with prayer by Mrs. O. J. Russell, Mrs. E. Day brought the Bible lesson "The Mothers of the Family of Israel," taking Leah, her son was Judah, as her subject. The meeting closed with prayer by Mrs. E. C. Duncan.

Those present were: Mrs. A. D. Grist, Mrs. Fred Grist, Mrs. O. Russell, Mrs. O. T. Morton, Mrs. W. H. LaRoque, Mrs. O. G. Lawson, Mrs. C. A. Lassiter, Mrs. D. L. Kiser, Mrs. Eula Grantz, Mrs. F. E. Shepard, Mrs. J. E. Burnam, Mrs. G. B. Langston, Mrs. E. L. Fleming, Mrs. W. W. Fewell, Mrs. A. R. Day, Mrs. J. B. Popallo, Mrs. W. L. Pippen, Mrs. Frank Walker, Mrs. J. W. Collier Jr., Mrs. Algie Skiles, Mrs. W. W. Sawyer, Mrs. W. B. Cates, Mrs. E. H. Cheeves, Mrs. W. C. Clements, Mrs. W. L. Hussey, Mrs. J. V. Heyser, Mrs. E. C. Duncan, Mrs. R. D. Guthrie, Mrs. M. P. Farnsworth, Mrs. Jay Warren, Mrs. A. B. Cooper, and Mrs. Lewis Lee.

## Miscellaneous Shower Honors Newly Weds

Mr. and Mrs. Clem Neuhaus were honored with a miscellaneous shower Tuesday evening at 7:30 o'clock at the American Legion Hall.

Hostesses for the occasion were Mrs. Fred Stroebel, Mrs. A. M. Stroebel, Mrs. Paul Weiser, Mrs. O. J. Weiser, and Mrs. Ed Wende.

The tables were laid with white linen cloths and held centerpieces of yellow jonquills.

Several piano selections were played by Beulah Mae Weiser after which three numbers were sung by Beulah Weiser, Anita Stroebel, Virginia Whitehead, Frances Lanham, Ruth Lanham, Mrs. A. M. Stroebel, and Mrs. Carl Stroebel, accompanied at the piano by Mrs. James Hennig.

Anita Stroebel was in charge of the guest book. Frances Lanham pinned favors of wedding rings, tied with yellow and blue ribbon on the guests as they arrived.

Beulah Weiser served the cake with Nancy Taylor and Ruth Lanham pouring the coffee and hot chocolate.

A nice array of gifts were presented to the honorees.

Approximately sixty guests attended.

## Marking Time in the March of Time —

... is somewhat like fishing without luck — there's no thrill to it. But there is real thrill in moving forward, serving humbly and doing some one thing well. We never heard of an abstractor getting rich as such, but we have heard of those who have spent a life-time as we have, building up title institutions that are assets to their communities. Yes, we get a thrill out of every order and a real joy in producing it into a quality product.

## RADIO-CONTROLLED RESCUE BOAT

**SOMETHING NEW**—The U. S. Air Force now has a remote-control rescue craft which passed trial runs on Lake Pymatuning, near Sharon, Pa., with flying colors. The 30-foot, 3500-pound craft, top, can be parachuted from a plane and guided to survivors by radio. It will hold 15 men and provisions for 10 days, with a machine to make drinking water from sea water. Folding steps, left, help survivors aboard the craft which they can operate or, if they're too exhausted, an airplane will guide it, right. Signals crank the engine and propel the boat forward.

## Presbyterian Women Hold Business Meeting

The monthly business meeting of the Women of the First Presbyterian Church was held Tuesday in the parlor of the Church.

Mrs. John Kleiner, president, presided. Reports were given as follows: Mrs. A. E. Jamison, World Missions; Mrs. W. W. Wallace, Stewardship; Mrs. Ted Waters, Circle One; Mrs. A. E. Jamison, Circle 2; Mrs. J. A. Jensen, Circle 3; Mrs. H. L. Jackson, Circle 4, and a report was made by the secretary.

Mrs. Ted Waters, chairman of the committee to see about an attendant for the nursery, had no report. Mrs. Waters, chairman of the committee to order linens for the tables for the church, reported having ordered the material.

The nominating committee presented the following names for officers of the Women of the Church: for the time 1952 to 1954: president, Mrs. John Kleiner; secretary, Mrs. P. R. Warwick; treasurer, Mrs. Bill Price; chairman of spiritual growth, Mrs. H. Grady James; chairman of world missions, Mrs. Glenn Dietaker; chairman for Assembly causes for one year, Mrs. Alex Spears; chairman of education, Mrs. Melvin Bailey; and Historian, Mrs. C. R. Baugh. These officers were accepted by unanimous vote.

Circle three was reminded that they were in charge of fixing food for the Evangelism Church Supper Sunday at 6 p. m. Each circle chairman was given their

responsibilities for the church supper Wednesday evening at 6:30 o'clock. A committee was appointed to buy gifts for three families who recently moved from Cisco.

The president appointed a new welcoming committee for the church services as follows: Mrs. Rudy Kamon, Mrs. M. H. French, Mrs. George Irvine, and Mrs. W. A. McCall. The secretary was asked to send get well cards to Mrs. J. E. Chesley, Mrs. A. Sandhoefer, and S. R. Herndon. She was also asked to send a sympathy card to Mr. and Mrs. W. W. Martin and to write the

members in the towns where their members have moved to tell of their good work in the church here.

Mrs. A. J. Olson requested donations to the American Bible Society and asked all circle chairmen to stress this at the next meeting. Mrs. Olson, secretary of inter-group work, told of securing a Cisco Woman to give a colored girl piano lessons and that a beginners book would be needed. The meeting closed with prayer by Mrs. J. E. Coleman.

Seventeen members and one visitor were present.

## Shower Compliments Mrs. Alfred Green

The Josephine Holmes Circle was hostess Tuesday afternoon at the home of Mrs. Marshall Ivie with a pink and blue shower honoring Mrs. Alfred Green.

The entertainment was directed by Mrs. Luther Lipsey and a refreshment plate of coffee and cookies and favors of pink and blue diapers were served to Mrs. A. C. Weaver, Mrs. Glenn Hamilton and Terry Jean, Mrs. Tuffy Pitzer, Mrs. John Whisenant, Mrs. Wesley Latham, and Linda, Mrs. Venita Mitchell and Robert and Roberta, Mrs. Ollie Hughes, Mrs. I. D. Hodnett, Mrs. Harry Bosworth, Mrs. M. Slaughter, Mrs. Johnny Manning and Kay, Mrs. J. A. Taylor, Mrs. Claud Ingram, Mrs. Howard Carlyle, Mrs. A. W. White, Mrs. Truman Evans, Mrs. Carlton Holder, Mrs. Cecil Adams, Mrs. Luther Lipsey, Mrs. A. B. Booth, Mrs. Tommy Wyatt, Peggy, Tommy, and Bobby, Mrs. Carson Holdridge, and Mrs. Marshall Ivie and children.

## Faithful Workers Hold Meeting On Tuesday

The Faithful Workers Sunday School Class of the East Cisco Baptist Church met Tuesday evening at the home of Mrs. Claud Tucker for a business and social meeting.

Mrs. Marshall Ivie, president, presided during the business session with opening prayer by Mrs. Ollie Smith. The devotional, taken from Luke 10, was given by Mrs. Ivie and the meeting closed with prayer by Mrs. Luther Lipsey who also directed the entertainment.

Refreshments were served to Mrs. Viola Abbott, Mrs. Pearl Bisbee, Mrs. Gladys Carlyle, Mrs. Charlotte Hastings, Mrs. Alpha Lipsey, Mrs. Marie McCormick, Mrs. Martha Pruet, Mrs. J. E. Shirley, Mrs. Ollie Smith, Mrs. Betty Wyatt, Mrs. Marshall Ivie, Mrs. Allene Bradley, the hostess, and a visitor, Mrs. Margaret Edwards and seven children.

## YOU SEE MORE because YOU GET MORE

**N**O doubt about the fact you see more GMC trucks on the roads today than ever before—and the reason's no mystery.

This popularity must mean that GMC owners are getting more of the kind of performance they appreciate in a truck. Like what?

Like more horsepower. Not more than you need, but all that you need to meet exacting schedules—without relying on excessive speeds to make up the time many trucks lose when the going is rough.

Like more hub-to-hub, bumper-to-tail light stamina. Plenty of brawn in the right places—yet a GMC is a trim truck, engineered so that it doesn't penalize your pay load with dead weight.

Whether your hauling involves gasoline or Diesel power—light, medium or maximum loads—why not come in and see a new GMC? See why you get more!

**Get a real truck!**

## 6000 Reserves To Attend Training Camps This Year

AUSTIN, Feb. 27.—Approximately six thousand members of the Army Organized Reserve in Texas will attend two-week summer camps between June 15 and August 31, Col. C. M. Culp, Chief of the Texas Military District, announced today.

The majority of the reservists will go to Fort Hood, Texas, where the 90th and 75th Infantry Divisions and non-divisional engineer and quartermaster units will conduct their training. Non-divisional artillery, ordnance and transportation units will go to Ft. Sill, Oklahoma, anti-aircraft units to Fort Bliss, Texas, aviation engineer units to Wolters Air Force Base, Mineral Wells, Texas, and certain specialized units to Camp LeRoy Johnson and Camp Polk, Louisiana.

Col. Culp said that 296 Texas units will go to camp this year. This is the second year of mandatory field training for all members of troop program units and the largest attendance yet experienced is anticipated.

"Annual field training for reservists is one of the most important features of the Army Reserve program. It complements armory training carried out during this two-week period actual field work is accomplished that is not possible at the home stations," Col. Culp stated.

Individual and small unit training will be emphasized this year. Unit commanders will assemble, move their commands to the training sites and carry out their training schedules as a part of their own training in command responsibility.

## Stanley Sharpe Enlists In Army

Stanley D. Sharpe, 19, of Cisco was recently sworn in the United States Army at the Abilene Army and Air Force Recruiting and Induction Main Station as a candidate for Army Officer training school, it was announced today by T-Sgt. J. O. Hendrick of the Eastland Recruiting Station.

Pvt. Sharpe is the son of Mr. and Mrs. Floyd S. Sharpe, 813 West 5th Street.

Stanley is a graduate of Cisco High School, Cisco Junior College and is a mid-term graduate of North Texas State College at Denton, where he graduated with honors.

After initial processing at Ft. Sill, Oklahoma, he will be sent to one of the Army's training centers for a phase of basic training and wait entrance to Officer Candidate School. While in OCS he will receive the pay and allowance of a sergeant and on completion of the 6-month course will be commissioned a Second Lieutenant in the Army of the United States and serve in that capacity.

## Civil Service To Hold Job Exams

The U. S. Civil Service Commission today announced an examination for Inspector (Communications and Electronics Equipment) for employment with the Signal Corps at inspection offices and contractors' plants throughout the United States. The pay is \$5,060 and \$5,940 a year.

To qualify, applicants must have had 5 or 6 years, depending on the grade of the position for which they apply, of progressively responsible experience in the development, manufacture, maintenance, repair or installation, or operation of electronic or electrical communication equipment, and in the inspection, design, or testing of such equipment. Pertinent study in the physical sciences or engineering in a school above the high school level, or in a resident trade school may be substituted for part of the experience.

**UNDERGOES SURGERY**  
Neil Lane, former Cisco resident, was in Brownwood Memorial Hospital Wednesday, where he underwent major surgery. He will remain in the hospital for some ten days to two weeks. He is the son of Mr. and Mrs. H. B. Lane of Cisco.

**LEGION MEETS THURSDAY**  
Members of the John William Butts Post 123 of the American Legion will study plans for sponsoring a baseball team at their regular semi-monthly meeting at 7:30 p. m. Thursday at the Legion Hall. Other business matters will also be discussed. All members have been urged to attend.

DORIS DAY and DANNY THOMAS take that extra bow, in this scene from Warner Bros' "ILL SEE YOU IN MY DREAMS"

**REMEMBER THE MAINE!**—Workmen of the Cuban Government sand-blast the Maine Monument in Havana to get it clean for the 54th anniversary celebration of the USS Maine's sinking. It was this event which helped ignite the Spanish-American War, from which Cuba emerged as a Republic in 1902.

## 50 Scholarships Open To Seniors Of Texas Schools

COLLEGE STATION, Feb. 27.—Fifty or more four-year Opportunity Award scholarships at Texas A. and M. College will be offered through a state-wide competition this spring to Texas high school seniors who require financial assistance to attend college, it was announced here today by E. E. McQuillen, director, Texas A. and M. College Development Fund. Scholarship winners will receive up to \$300 each year, plus student employment, to make their college education possible.

Announcements and application forms have been mailed to high school principals, county agricultural agents and vocational agricultural teachers of the state, with March 15 as deadline for candidates. Winners are chosen by the faculty committee on scholarships of the college, R. G. Perryman, secretary.

Among the awards are the Jesse H. Jones Scholarships in Agriculture, and the Jesse H. Jones Military Awards for boys desiring to follow military careers. Two hundred and forty previous winners are now attending A. and M. College.

The greatest low-priced car ever built!

The car that's made greater strides forward for '52 than any other in its class!

The most powerful low-priced car ever built!

# Guess again... it's the '52 FORD!

You won't believe your eyes when you see the big, new '52 Ford! For never before has a low-priced car offered such power, such fine-car styling, such big-car comfort! You'll see such built-for-keeps advances as Ford's new longer, stronger Coachcraft Bodies... its more powerful, high-compression V-8 and Six engines... and the many other features described at right.

Ford's 110-h.p. Strato-Star V-8 is the most powerful engine—the only V-8 offered in a low-priced car. Ford's 101-h.p. Mileage Maker Six is an all-new low-friction Powerhouse with new free-turning overhead valves and shorter piston stroke. Both engines feature the Automatic Power Pilot which gives you high-compression "go" with regular gas.

White sidewall tires if available, and Fordomatic Drive optional at extra cost. Equipment, accessories and trim subject to change without notice.
