The Gay Philosopher

By J. W. S.

COMES A NOTE from our old friend, Mr. J. S. Yeager, who used to be editor and publisher of the Putnam News. He is still in Dallas undergoing medical treatment and writes that "I am improving generally." He enclosed an article about inflation, which is printed on another page of today's Press. Here's hoping that he continues to improve and that he will be back with us before too long.

ALSO COMES a note a friend in Fort Worth who clipped an item out of some newspaper that gives the recipe for Cisco Punch. The recipe follows:

Ingredients: Two cups ginger ale, two and one-half cups grapefruit juice, five cups pineapple juice, four cups maraschino cherry juice.

Method: Combine and sweeten to taste with light corn syrup. The Cisco Punch sounds good, doesn't it?

THE HOOKER Jewelry Store of Cisco is the only jewelry store in the world selling Hooker Watches. The name of the watch is Hooker and Mr. L. A. Hooker personally designed the dial and case. Drop by his store and he'll introduce you to the new Hooker watch.

WERE VERY SORRY to hear that one of the prize chinchillas has died out at the C. M. Townsley home. Dead is the mother of three little chinchillas that were born recently. The little ones are all males. From the original two pair, the Townsleys now have two females and five males.

VISITORS UP IN Denton today are Mr. and Mrs. Lester Matthews of our town. They went up to see Lester's dad, Dr. J. C. Matthews, formally installed as president of North Texas State College in appropriate ceremonies. Lester, you know, is the chemistry prof at CJC.

OUR SCOUTS report that the wife of Judge Bob Kennon, who was recently elected governor of Louisiana, used to be a frequent visitor in Cisco. She visited her sister, Mrs. J. E. Caffrey, whose late husband was district superintendent for Humble Pipe Line Company here. Many Ciscoans will remember her.

SEE BY THE Fort Worth Star-Telegram that Mr. Seat Russell attended the TCU coaching school last week. He was pictured with other coaches in the paper last Saturday. The Sunday Star-Telegram had a picture of little Miss Tia Juana Alford, Cisco girl at the Gonzales Polio Foundation. Also in the Sunday Star-Telegram was a story and pictures about the Kincaid turkey ranch northeast of Cisco. We've written them to see if they'll let us run the pictures.

THE CISCO PUBLIC Library has a bunch of new books, and you're welcome to become readers of these new books and all the others there. Among the new books are:

Read to Bethynia by Frank Slaughter — an entirely new theme for an author with a most masterly power.

Caine Mutiny by Herman Wouk — a best seller in 48 cities in the nation.

Spark of Life by Erich M. Remarque — a forceful book.

President's Lady by Irwin Stone — a story of Andrew and Rachel Jackson.

The Cruel Sea by Nicholas Monsarrat — a best seller.

The Swimming Pool by Mary Roberts Rinehart — a stirring book.

Feather on Her Nose by Billy Burke.

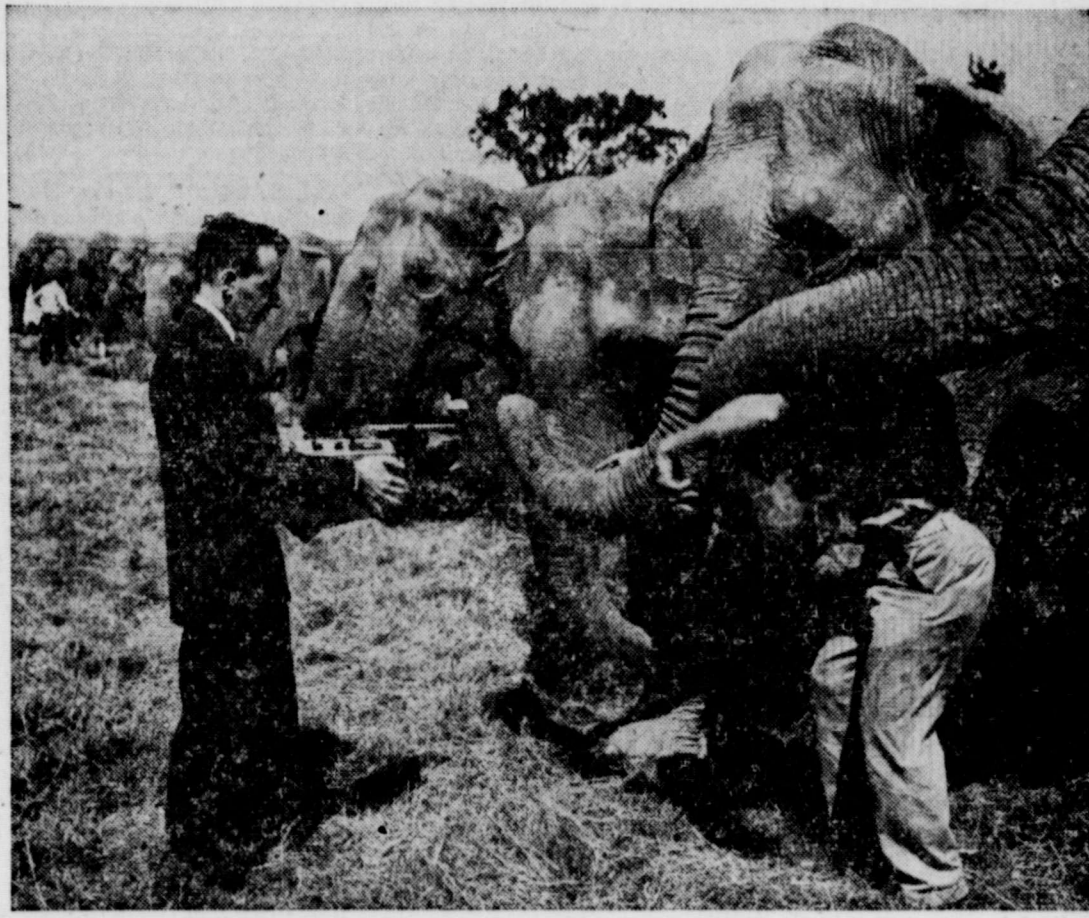

Best Plays of 1950-51 by Burns Mantle.

A Man Called Peter by Catherine Marsall — a partial record of Peter Marshall's work in Washington.

This is the Hour by Leon Feuchtwagner — the life of Goya, the artist.

Proud New Flays by Van Wych Mason — a narrative about the Confederate Navy.

Alcohol boils at a lower temperature than water.

SOUND TEST—A test was made on circus elephants in Schenectady, N. Y., by General Electric sound and vibration specialist Dick DeMichele. With a sound level meter, DeMichele found an elephant's trumpeting is almost as loud as a lion's roar, but it's one of the lightest steps in the circus. Similar measurements have provided invaluable data to design engineers.

SOME 200 SIGN PLEDGE CARDS TO DONATE BLOOD ON MARCH 6

You have a date to save a life.

Some 200 area people have signed pledge cards to give a pint of blood when the Red Cross Bloodmobile Unit arrives in Cisco Thursday, it was announced by the committee in charge of the local arrangements. Of the 200 cards, 34 were sent in by Rising Star citizens and the remainder were from Cisco.

The committee has arranged the schedule for donors and the donors have been notified of the time they are to appear. Every effort was made to arrange the schedule to suit the donor and the committee stressed the importance of being at the First Methodist Church at the time designated so that the schedule will not be interrupted.

Lone Star Names Land Dept. Head

Appointment of J. L. (Jack) Toone as manager of the Lone Star Gas Company's land department, effective March 1, has been announced by E. A. Brown of Dallas, manager of Lone Star's exploration and gas supply division. Mr. Toone succeeds Percy Hall who retired February 29 under the company's insurance-pension plan, Mr. Brown said.

Mr. Toone has been assistant manager of the land department since February 1, 1950. Prior to that he had been in Lone Star's legal department since 1929, specializing in oil and gas law and land titles. He practiced law in Dallas for three years after receiving his L.L.B. degree from the University of Texas in 1926.

The land department, a part of the exploration and gas supply division, handles right-of-way and claims and leasing operations and maintains office records on gas purchase contracts and related matters.

Mr. Toone's headquarters are at Lone Star's general offices at 1915 Wood Street, Dallas, Texas.

Civil Service Will Hire Fire Fighters

The U. S. Civil Service Commission announces examinations for filling vacancies in the positions of fire fighting (Crash and Structural) at \$4565 per annum for employment at Big Spring Air Force Base.

Additional information and application forms may be obtained from the post office or from the Executive Secretary, Board of U. S. Civil Service Examiners, Big Spring Air Force Base, Big Spring, Texas.

ARRIVES IN JAPAN

Mrs. H. E. Wagley of Putnam has received word that her son, Ervon Edward Brown, has arrived in Yokosuka, Japan. He left with a task force and was at sea for 42 days. Ervon enlisted in the Navy on August 15, 1951.

Nearly Inch Of Rain Falls Here

A thunderstorm which hit Cisco early Monday morning left .60 inches of badly needed moisture in its wake. The total for the weekend was .80 as a shower early Sunday measured at .20.

The Monday morning storm brought high wind, an electrical display and some hail but the damage was light. The storm struck shortly after midnight.

A cold front which followed the rains dropped temperatures to the 27 degree mark Tuesday morning and a heavy frost was in evidence. It was felt that the frost did little damage because of the moisture which came ahead of it.

The forecast was for rising temperatures Tuesday and Wednesday with clear skies.

Ciscoan 'Big Man' On Sooner Campus

NORMAN, Okla., March 3.—Edwin Jackson, Cisco, has been named a Big Man on Campus at The University of Oklahoma. He is the son of Mr. and Mrs. E. L. Jackson, 408 West 19, Cisco.

The Big Men on Campus and Big Women on Campus certificates of award went to 109 men and 82 women at a banquet at OU March 4. The banquet preceded the annual Career Conference, March 5-8, when Sooner students are hosts to approximately 1,000 Oklahoma high school students.

OU students and visitors are hearing talks by experts in 30 fields, who are outlining job opportunities, wage scales and preparation needed for careers. The BMOG and BWOC candidates were nominated by organizations, houses or individuals, and judged on the basis of leadership, scholarship and participation in campus activities.

Judges were students and faculty members. Co-Chairmen of the selection committee were Marjorie Bracken, 2512 NW 24, Oklahoma City, and Lee Riley, 225 Edgemere Ct., Oklahoma City.

Shivers To Talk At Ranger Dinner

RANGER, March 1.—Governor Allan Shivers will be the principal speaker at the annual Ranger Chamber of Commerce banquet to be held March 11. The banquet will be held in the Ranger Masonic Lodge Building, corner of Elm and Rusk Streets, and will begin at 7:15 p. m.

A maximum of 300 tickets has been set for the banquet, at \$2.00 each. Reservations must be prior to noon, Saturday, March 8.

Chamber President Calvin W. Harris will preside and State Representative L. R. Pearson will introduce Governor Shivers at the banquet.

Miss McCrea is the daughter of Postmaster Luther McCrea, Jr., of Cisco.

ATTEND C-C BANQUET

President E. L. Jackson and Directors A. R. Westfall, W. B. Wright and James Duff represented the Cisco Chamber of Commerce at the annual banquet of the Abilene Chamber of Commerce Monday night. They reported that the event was highly successful from all standpoints.

Campaign Opened At Meeting Today

The annual Red Cross drive opened in Cisco early today and nearly 100 workers were hopeful of raising the \$1,700 quota by the end of the day. The campaign began immediately after a breakfast meeting at the Victor Hotel Coffee Shop.

"Let's be good Good Neighbors," was the theme of a talk by the Rev. Ralph T. Wootton, pastor of the First Baptist Church, at the breakfast gathering of workers. Chairman George N. Irvine preside over the meeting.

Rev. Wootton described the spirit of the Red Cross as one of helpfulness, of sacrifice and of love. He noted that nobody knows better than soldiers in foreign battle fields the value of the Red Cross and the Red Cross spirit.

Mr. Irvine praised the spirit of the campaign workers and expressed appreciation for the large turnout. He introduced the various campaign committee leaders. Mayor G. C. Rosenthal, who heads the business district campaign committee, passed out supplies to his workers. Mrs. Don Choate chairman of the committee of women workers for the residential canvass, gave out supplies to her workers.

All team captains were asked to turn in Red Cross funds to Treasurer Paul Farrow at the First National Bank. It was noted that anyone who may be missed by the solicitors may make their contributions at the bank.

This city over-subscribed its quota by \$400 last year, and campaign workers were confident that this year's drive would be a success. The quota was raised \$200 to \$1,700 due to heavy Red Cross expenditures in Korea and in the Kansas flood areas last year.

The annual campaign is being conducted throughout Eastland County.

Flint To Attend Penney Meeting In San Francisco

Austin Flint, manager of J. C. Penney Company department store, left Cisco today to attend the Company's Golden Jubilee convention being held in San Francisco, California, March 10-12.

"This year marks our 50th Anniversary of serving the American people," Mr. Flint said, "and our convention has been built around that theme. 'Naturally we are proud of our past. Our company started as a single, tiny store in 1902 and has grown to be the biggest of its kind in the world.'"

"But frankly we are looking to the future, rather than the past. We want to continue serving the American people the best we know how in the next 50 years — and that's what we are going to talk about at our convention," he added.

"We have built a great business following a simple principle — the Golden Rule. We believe in it and we are going to take the opportunity, at the convention, to reaffirm and rededicate ourselves to this great principle in 1952 and the years ahead."

J. C. Penney, founder of the Company and its board chairman today, will make the keynote address at the two-day meeting. The subject of his talk will be "Do It Better."

Principal convention address will be given by A. W. Hughes, president of J. C. Penney Company, on the topic, "A Look Ahead."

Mr. Flint, accompanied by his wife, left by automobile early Tuesday. They expected to return home around March 16.

ANNIVERSARY PROGRAM A state-wide radio network will be used by the Loyal Democrats of Texas at 7:30 o'clock tonight for a program on the anniversary of the inauguration of Franklin D. Roosevelt as president of the United States, it was announced here today.

THE INFLATION MENACE

BY J. S. YEAGER
(Former Publisher of the Putnam News)

Many a columnist and writer contend that the amount of currency in circulation controls prices, but the writer disagrees and will cite some figures to show different.

Back in 1932, during the depression when Roosevelt was elected president, the currency in circulation showed to be approximately \$50,000,000,000. Today, currency in circulation shows to be \$185,000,000,000, a 270% increase. We will compare this with the basic prices of basic commodities. On that date cotton was selling around 8c per pound and is selling today 40c plus which equals around 400% advance.

- For County Judge**
JOHN HART (re-election second term).
- For Justice of the Peace**
W. E. BROWN (re-election)

The price of wheat at that time was about 60c per bushel. Today it is bringing about \$2.70. Then the price of wheat today is about 385% above the 1932 price. Cows were selling at about \$15 per head when you could find a buyer, but now are selling from \$75 to \$100 per head. Taking them at \$75 the average raise would be 400%.

The price of hogs, another basic commodity, rose from 5c to 30c in the market, which would be 500% raise, but the price has leveled off on hogs to around 18c which is 260% above depression days but the average for the four basic commodities; hogs 260%, from depression days; cattle 400%, from depression; wheat 385% above the 1932 price; and corn, 260% above depression, makes the average basic commodity 361% above depression prices.

Design and Detail In Flower Arrangements Judged At Club Meet

Design and detail in flower arrangement was given at the monthly meeting of the Cisco Garden Club Monday at the club house.

Mrs. Don Choate, president, presided. Routine business was transacted and arrangements were made for the appearance of Miss Dorothy Biddle who will demonstrate flower arrangements to the Cisco Club the next week. An announcement was made of the Waco State convention to be held April 15, 16 and 17.

The meeting was then turned to Mrs. O. A. Herring of Graham who spoke on Design and Detail Flower Arrangements. She held classes and taught the women to arrange flowers. Mrs.

Junior High Mothers Club Holds Meeting

The Mothers Club of Cisco Junior High School met Thursday afternoon, February 28, at the East Ward School for their regular meeting.

The meeting was called to order by the president, Mrs. I. D. Reynolds. In the absence of the club treasurer, Mrs. Reynolds read the treasurer's report. A word of thanks to the club for all it had done this year for the Junior High School was expressed by the following teachers: Mrs. Truly Carter, Arlin Bint, Roy Killingsworth, Mrs. Melvin Bailey, Mrs. B. E. Wagley, Mrs. Raymond McCauley, Mrs. Bill Bragg, and Bill Sledge.

The chairman appointed a nominating committee to name officers for the next year. They were appointed as follows: Mrs. R. L. Justice, Chairman, Mrs. Roy Killingsworth, Mrs. Neal Moore, and Mrs. Carlyle. The president declared the meeting adjourned. The next meeting will be held the first Thursday in April.

Approximately twenty-five attended.

Foreign Teaching Positions Open

AUSTIN, March 1.—Qualified Texas public school teachers may spend next year abroad, teaching children of U. S. military personnel, Dr. Hob Gray, University of Texas Teacher Placement Service director, announced.

Dr. Gray will arrange interviews April 14-16 at the University with Far East and European Command representatives.

The positions pay \$4,205 plus free transportation and living quarters. Requirements include a bachelor's degree, 18 semester hours in education, at least two years' public school teaching experience and a teaching certificate. Candidates must be teaching now or must have left teaching jobs within the past year to study.

Women 25-45 and men 25-55 are eligible for the one-year teaching jobs at American "dependent" schools.

Elementary teachers, in greatest demand, should be able to teach music, art and physical education. Secondary teachers will be expected to teach all courses in at least one and often two fields, and will be expected to conduct extracurricular activities.

Complete information and interview appointments may be obtained by writing Dr. Gray at Box 2138, University Station, Austin 12.

Marking Time in the March of Time —

. . . is somewhat like fishing without luck — there's no thrill to it. But there is real thrill in moving forward, serving humbly and doing some one thing well. We never heard of an abstractor getting rich as such, but we have heard of those who have spent a life-time as we have, building up title institutions that are assets to their communities. Yes, we get a thrill out of every order and a real joy in producing it into a quality product.

HEALTH TALKS

Prepared by the
Texas Medical Association

One of the shortest but most important circuits of blood through the body is by the way of the coronary vessels, the arteries, capillaries and veins which feed the heart itself.

All the blood that courses through the inside of the heart does not nourish the heart itself because there's so much muscle and elastic fiber between the inside and the outside of the heart. So the heart has to have its own blood system which feeds it from the outside to the inside.

Where the big blood vessel, the aorta, leaves the heart there are two small arteries which never seem to make the uphill grade, just flop down and stretch themselves out over the heart like spreading hands. These are the coronary arteries. Some of the "fingers" are content to just lie on the surface of the heart, others dig into the walls of the heart.

The blood in these coronary arteries begins the trip around and into the heart on the left side of the heart, then shuttles over the veins through capillaries and returns to dump its load in the right side of the heart, the work all done.

It is through these coronary vessels, however, that the muscles of the heart receive the substances which blood feeds to organs; the muscle of the heart play a most important role in the mechanical function of the heart; so therefore, the coronary arteries and veins must be considered as mighty mites in the picture of a properly functioning heart.

The diagnosis, coronary heart disease, refers to those vessels around and through the heart muscles and this disease is one of the leaders of heart trouble. It is in the coronary arteries that coronary thrombosis, angina pectoris and many other familiar heart disorders may wreck their havoc.

DON'T JUMP TO CONCLUSIONS—Bundled in flight togs for a tour by air of the Armed Forces overseas, shapely—you'd never guess it—actress Audrey Totter lugs her belongings in a traveling bag that isn't glamorous, left, in Hollywood. But the curvesome blonde took time out, right, to reveal what the boys might be treated to if that flying suit got too hot.

NOW I FEEL SORRY FOR WOMEN WHO DON'T HAVE MY CHRYSLER POWER STEERING!

COME DISCOVER POWER STEERING TODAY . . . AND THESE GREAT CHRYSLER FEATURES, TOO!

180 V-8 Horsepower, even on non-premium fuel . . . The Security of Power Brakes . . . Driver-Controlled Automatic Fluid Transmission . . . The Rough-Road Stability of Oriflow Ride . . . The Protection of Fully Waterproof Ignition.

You'll never know what she means till you try Chrysler's Full-Time Power Steering yourself! Even other cars with so-called power steering don't offer as much new safety and ease as she gets!

On every turn, hydraulic power does 4/5 of her work, her hand does only 1/5! On every turn, she turns her wheel 1/3 less distance than other cars! At every instant, turning or not, her hands have 5 times her former power to hold and control her car's front wheels!

She eases into parking places you wouldn't even try. She slips through

traffic with the precision of a watch. She breezes over bad roads with never a feel of wheel fight, car under control as never before!

She can start in the morning and drive into the night with never a hint of shoulder strain . . . with the same wonderful "wheel feel" and safety in every mile!

Come try this amazing new steering yourself. We promise you never felt anything like it!

(NOTE: Power Steering standard on Crown Imperial, available, extra, on any new Chrysler.)
