## The Gay Philosopher

By J. W. S.

VISITORS IN OUR office yesterday were Mr. Bob Weddington and Miss Teresa Weddington, and they suggested that we might like to read an article by A. W. Thompson, nationally known Hereford auctioneer, in the current issue of The Hereford Journal. The theme of the article is "Keep the Public Informed."

Mr. Thompson's article points out that there are millions of people who are entirely ignorant of the Hereford man's problems, his risks of drought and storms with attendant losses, out in the wide open spaces. Few people realize the investment in dollars that the cattlemen has in land, machinery, improvements and breeding stock, or the cost of feeding and raising cows.

Many people, including officials in Washington, seem to think a \$300 or \$400 fat steer just grew up... The livestock producer is the best gambler on prices in the world... Beef is high because of the demand, not because the beef producer set the price... The average purebred breeder has an investment that is greater than the capital of the average bank.

The writer paid tribute to the pioneer cattlemen of the southwest for the strides they have made in their industry. He noted that ranching is no place for "play boys." Most of the wealthy men who enter ranching are fellows who grew up on a farm and have a yen for the smell of newly turned soil and a chance to produce something with "life in it."

It's a fine article and it would do everybody some good to read it. It would help you understand the problems of the cattlemen.

RAN INTO MR. J. E. Spencer, who has some 7,500 peach trees at his place southeast of town, and he tells us that the last freeze killed all the young peaches that had bloomed. The 1952 crops will be late peaches. A good rain wouldn't hurt the outlook at all, Mr. Spencer reports.

SATURDAY IS Election Day again in Cisco. You'll help elect two trustees for the Cisco Independent School District. Go to the polls and do your part.

OUR SCOUTS report that Mr. I. D. Reynolds is a pretty good forecaster of political events to come. Some weeks ago, he told some of the fellows around the hotel that President Truman would announce his plans on March 29. And that's just what happened.

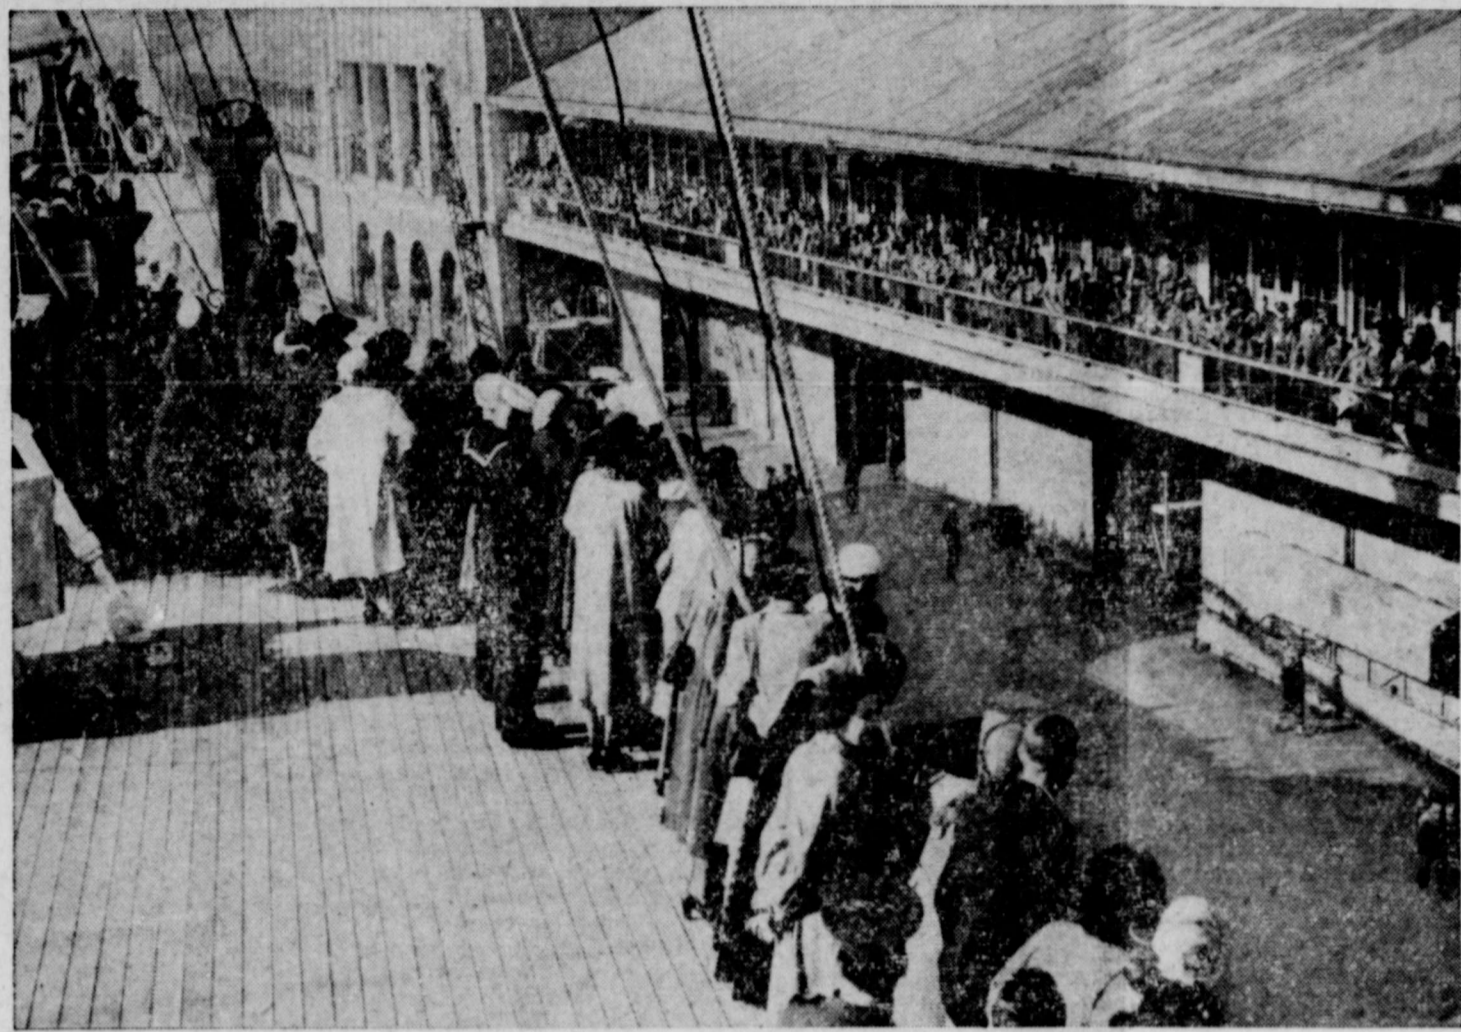

We asked Mr. Reynolds who he thought would be the Democratic nominee. He is inclined to think the Democrats will draft Mr. Truman to run. And we wouldn't be surprised.

WENT OUT TO the site of the L. A. Warren No. 1 Mrs. Maurine Royall oil well late yesterday. There was a big crowd of people waiting to see the result. But one thing and another delayed bringing in the well until about 3 a. m. Friday. And the crowd, including us, wasn't there. After being swabbed a few times, the well "kicked off" and has been flowing into tanks since. It will be given an official potential test in the next day or two.

WITH THE JUNIOR High football practice in full swing, The Press carrier department has some pretty important people present each day. Three of our carriers are out for football and their dads come by and get their papers so the boys can get right out to deliver the papers as soon as practice is over. Dads we've seen around the press room include J. B. McCanlies, Bob Cluck and Jim Duff.

THE NATIONWIDE strike of the Western Union shut down the local office yesterday. The local office is controlled by Fort Worth, and when the office there closed, there was no point in the Cisco office staying open... Mrs. Peggy Gallagher tells us that she sold just about 1,400 auto license plates here... Mr. E. T. Thomas bought a 4-H club calf and two pigs in the club sale at Eastland the other day.

## Mrs. Lipsey Is Named President Of Mother's Club

Mrs. Luther Lipsey was named president of the Junior High School Mother's Club for the coming year at a meeting held Thursday at the East Ward school. Elected to serve with Mrs. Lipsey were Mrs. Otis Edwards, vice-president; Mrs. Roy Killingsworth, secretary; Mrs. J. H. Latson, Jr., treasurer and Mrs. John Leveridge, parliamentary.

Retiring officers are Mrs. I. D. Reynolds, president; Mrs. Zan Burroughs, vice-president and Mrs. Wesley Smith, secretary-treasurer.

At the meeting Thursday the club voted to decorate a float and enter it in the Cisco Junior College Ranch Day parade. It was also voted that the club sponsor the eighth grade picnic at the close of the 1952 school year. The picnic will be the final function of the club until the beginning of the 1952-53 school year.

During the present school term the club has made over \$1,000 on various projects. More than \$900 has been spent in purchasing athletic equipment for the school and the remainder will be spent on the eighth grade picnic and other projects.

Mrs. Reynolds, the retiring president, thanked members of the club and mothers of junior high school students for their fine spirit of cooperation and for their work in making the projects a success. All club members joined Mrs. Reynolds in expressing their thanks to Roy Killingsworth, junior high school principal, and all the junior high teachers for their help and cooperation during the school year.

## Revival Singer To Give Testimony

Vidal Jones, music director of the First Baptist Church revival, will give his testimony Saturday night at the Youth Fellowship of "How the Lord impressed him to enter his present field of work." Mr. Jones was an orchestra leader until 1935 when he entered religious education work.

The meeting will follow the revival service at the church at 8:00 p. m. and will be conducted in the home of J. Wesley Smith on the Lake Road. All young people are cordially invited to attend.

The meeting will end with the services Sunday night. The Rev. W. C. Hultgren of Corpus Christi is the revival speaker. Large crowds have been attending the services.

VFW PLANS MEETING

Members of the Cisco Post No. 3359, Veterans of Foreign Wars, will hold a regular meeting at 7:30 p. m. Friday at the Legion Hall. All members were urged to be present.

## STORM DAMAGES BUILDING AT COLLEGE AND IN HUMBLETOWN

Three buildings on the Cisco Junior College campus were damaged and several small buildings were demolished in southeast Cisco when "little twisters" struck here around 4:30 p. m. Thursday during a local thunderstorm.

At the college, about one-third of the roof was gone from the

shop building, and part of the roof was missing from a wooden class-room building. The roof and ceiling of the cafeteria building were damaged. The buildings were covered by insurance.

A second twister struck in the Humbletown area. Mrs. J. H. Chambliss of 701 East 24th Street reported that three medium-sized trees were uprooted besides their home, and two out-buildings were demolished, along with a fence. A chicken house was demolished at the home of Mrs. R. B. Carswell, 708 East 23rd St.

C. M. Townsley, who lives in the same area, reported that slight damage was done at his residence. Several other houses in the area had minor damage.

The Humbletown twister was believed to have followed the base line road. A small barn on the road was demolished. The storm lasted about one minute, residents of the area reported. Humble Pipe Line Company had no damages at their camp.

A cold front moved into the area Thursday night dropping the thermometer to around 40 degrees.

## Plans Complete For Roundup Club Trail Ride Event

Plans were complete, it was announced Friday, for the Cisco Roundup Club trail ride to be held Sunday.

Members of the club invited everyone in the Cisco area who had a horse to join them on the ride which is scheduled to begin at 10 a. m. at the intersection of Avenue D and West Third.

Those who wish to make the ride were asked to bring along a picnic lunch which will be spread at noon at Lake Cisco. Cold drinks and coffee will be furnished free by the club. Randy Steffen will take along his chuck wagon to carry the drinks and the lunches.

Plans call for going direct to Lake Cisco for lunch. Following lunch riders may ride where they want to for a while then the entire group will go to the club arena near Cisco Junior College where barrel races and other events will be held. All interested in entering the arena events were invited to participate.

Club members were very anxious to have a large number of horsemen and women on the ride and assured all of them a good time.

## Club Stock Sold For \$15,000 At Auction Tuesday

The Eastland County 4-H and F. F. A. Chapter members sold their fat stock Tuesday, April 1, for a total of \$15,059.13 for 64 animals at the Faircloth Auction Barn at Eastland, according to C. V. Whitaker, assistant county agricultural agent.

This sale was arranged by Faircloth Auction Barn and members of the Eastland County Livestock Growers Association. The sale and the resale of all animals was handled free of charge by Faircloth. The original sale was to business men and firms of Eastland County. Some of these buyers resold the animals to packer buyers for slaughter and some were kept for slaughter.

Of the \$15,059.13 the largest share went for 38 Fat Beef Calves. The highest price was 75 cents per pound paid for the Grand Champion owned by Clifford Erwin, Rising Star, FFA boy and bought by Judge Clyde Grissom of Eastland. The lowest price paid was 42½ cents per pound and the average price was 46.93 per pound. The total price paid for beef calves was \$13,796.74.

The second largest share went for fat barrows, \$1073.64 for 22 animals. The highest price paid for a fat barrow was 30 cents per pound for the grand champion owned by L. J. Linney, Rising Star, FFA. The lowest price was 20 cents per pound and the average was 22.43 per pound.

Only 4 fat lambs were sold bringing an average of 32.5 cents per pound for a total of \$183.75. The grand champion owned by Joe Buckley, Desdemona, 4-H Club brought 35 cents per pound and the lowest was 27 cents per pound.

The 4-H and F. F. A. members, parents, vocational agriculture teachers and extension agents greatly appreciated the turnout of business men who bought these animals, Whitaker said.

## Merchants Plan Value Day For First Monday

Monday, April 7, will be First Monday Value Day in Cisco, and local merchants are planning to offer special shopping bargains for the day. Sunday's edition of The Press will carry Value Day advertisements.

A big livestock auction sale is expected to be held Monday at the Cisco Livestock Exchange, and merchants are offering the Value Day bargains for the expected good crowd of shoppers.

## Justice Smedley To Run For Re-Election

AUSTIN, April 4.—Associate Justice Graham B. Smedley, a recognized authority on water, oil and gas law, announced Thursday that he will be a candidate for a second elective term on the Supreme Court of Texas.

Justice Smedley rose to a position on the state's highest court from the Supreme Court Commission of Appeals when, in 1945, the Supreme Court was increased

Mrs. Glenn Burnam, who is a patient in Hendricks Memorial Hospital in Abilene, is reported as improving but will remain in the hospital for several weeks before returning to her home. Mrs. Jesse Youngblood, mother of Mrs. Burnam, left this morning to be with her daughter.

## Spring Planting Makes Progress In Some Sections

Spring planting made rapid progress between showers over the eastern half of the State during the past week. In that area, moisture was adequate for germination and early growth. Light general rains temporarily eased droughty conditions in most Plateau and Cross Timbers counties but the relief was slight in the western Plateau and more moisture was needed.

Over the western half of the State and in the extreme southern counties, however, droughty conditions continued. In the northwest, strong winds and dust storms were sapping the already scant moisture reserves.

Progress and condition of wheat in the northwest was spotted, with considerable High Plains acreage just holding on and needing moisture. Winds and low temperatures caused some damage. Greenbugs were present in local areas, but damage was expected to be negligible. In north Texas, the crop continued to make satisfactory development.

Oats in that important area have very good color. Corn planting was past its peak in north Texas. In southern counties much acreage was up to good stands and some fields were receiving first cultivation.

Most corn sown by frost a week ago was expected to recover. Grain sorghum planting moved northward to the Red River. Cotton planting started in central counties, and considerable acreage was up in the Coastal Bend and other southern counties. In the Lower Valley lack of moisture was delaying planting of a substantial portion of the intended dry-land acreage.

In the High Plains, pre-irrigation of land intended for cotton and sorghums was underway. Light rain improved flax prospects in the south.

Commercial vegetables were damaged early in the week by frosts extending from central Texas to areas just north of the Lower Valley. By the week end, conditions had turned generally favorable.

Cattle and calves over the eastern third of the State continued to gain on the generally rank growing clover and winter grass, and the hazard of losses from bloat was increasing. Light rains over the Cross Timbers and heavier rains over the Plateau will start urgently needed green food, but more rain will be needed soon to keep green feed coming along. In western and some southern counties heavy supplemental feeding was still necessary as droughty conditions continued. Goat shearing was well along in many Plateau counties and sheep shearing was starting.

The second largest share went for fat barrows, \$1073.64 for 22 animals. The highest price paid for a fat barrow was 30 cents per pound for the grand champion owned by L. J. Linney, Rising Star, FFA. The lowest price was 20 cents per pound and the average was 22.43 per pound.

## Lions Get Report On Conference Of School Principals

A report on the program at a recent state-wide meeting of public school principals in Austin was given to the Cisco Lions Club in short talks Wednesday by C. B. Midkiff and Roy Killingsworth at the weekly luncheon meeting at the Victor Hotel Coffee Shop.

Superintendent Arlin Bint of the City School System was in charge of the program.

Mr. Midkiff, principal of West Ward School, told Lions that common problems were discussed at the meeting. One speaker told the principals, Mr. Midkiff said, that children don't grow — mentally and physically — at the same rate, and that the teacher must always be alert to the work of the students in her constant effort to keep school standards high.

Mr. Killingsworth, principal of the junior high school, told Lions that he is convinced that "our schools are as good as any in the state." Buildings, he noted, don't mean everything. The school must be a community center, he said.

"Teachers should teach the child as an individual they would like to have live next door," Mr. Killingsworth said. He said that in 1890 this nation had only 250,000 students. Today, by comparison, the United States has 250,000 school teachers.

## School Trustee Poll Is Planned Saturday

Two trustees for the Cisco Independent School District will be elected Saturday in the annual school election, which will be held at the Fire Station. The official ballot lists the names of two candidates — J. Wesley Smith and Paul D. Farrow.

The polls will open at 8 a. m. and close at 7 p. m. Election judges will be G. B. Langston, Bill Huffman and H. E. Reed of Long Branch. Regular election laws will govern the voting.

A light vote has been forecast due to the fact that there are only two candidates for the two board vacancies. Mr. Smith is running for re-election, and Mr. Farrow is a candidate for the place of N. C. Huston, who is not a candidate for re-election.

Hold-over members of the board are Dr. E. E. Addy, Travis Parmer, O. L. Lee, Ralph Glenn and Jess Hagan.

## Rev. Duke Begins Second Year Here

The Rev. D. M. Duke will begin his second year as pastor of the Church of the Nazarene here Sunday. Coming to Cisco from Abernathy, Rev. Duke preached his first sermon to the Cisco congregation on the last Sunday in March, 1951.

All departments of the Nazarene church have experienced growth during the past year, including an 11 per cent gain in membership, an increase in the Sunday School enrollment, and in the church budget.

The church's recent revival meeting, conducted by the Rev. Joseph Bierce, had 28 professions of faith.

Plans for the future include to sell the old parsonage and to build a new one, and to add much needed room to the Sunday School and refinish the interior of the church building.

Rev. Duke is a member of the Lions Club and has been active in community work during his first year in Cisco.

## C. A. Williams Dies Thursday; Services Sunday

Calvin A. Williams, 76, retired Humble Pipe Line Company gauger, died at his home at 701 East 23rd Street at 5:45 p. m. Thursday following an illness of several months.

Mr. Williams had lived in Cisco since 1938, moving here from Woodson. He was born in Corvett County on October 4, 1875, and was married to Miss Florence Thomas on July 4, 1903. He was a member of the First Baptist Church.

Funeral services will be held at 2 p. m. Sunday at the First Baptist Church with the Rev. Ralph T. Wootton, pastor, in charge. Burial will follow in Oakwood Cemetery with Thomas Funeral Home in charge of the arrangements.

He is survived by his wife; three sisters, Mrs. B. A. Golding of Waco, Mrs. B. F. Smith of Silvertown and Mrs. J. W. Davis of Hesperia, Calif., and a number of nieces and nephews.

## Firemen Attend District Meeting

Baird was selected as the site for the October convention of the Mid-West Texas Firemen's Association at the annual spring convention in Snyder Thursday. Six Ciscoans attended the meeting, including Chief H. O. (Andy) Anderson, retiring association president.

New officers are: A. B. Parker, Rotan, president; H. E. Lawson, Hamlin, first vice president; Bill Walls, Baird, second vice president; and J. Parker Sharp, Merkel, secretary-treasurer.

Chief Anderson was elected delegate to the state firemen's convention in June in San Antonio. Some 160 firemen from 19 cities attended the meeting.

Attending from Cisco were Chief and Mrs. Anderson, Mr. and Mrs. Dick Thackerson, E. S. Townsend and Charlie Huntington.

Mrs. Ernest Lenson, Miss Lavelda Cagle, and Mrs. R. F. Blackstock, Sr., left today for Austin where they will attend the Texas University Roundup over the weekend.

Survivors are Mrs. Wood of Eastland; a son, Harry Wood of Eastland; two sisters, seven grandchildren and seven great grandchildren.

Funeral services will be held at 2 p. m. Saturday at Hamner Funeral Chapel in Eastland. The services will be conducted by Rev. Otto Marshall, minister of the Eastland First Christian Church and R. E. Davis, minister of the Eastland Church of Christ. Burial will be in the Eastland Cemetery.

## Moslah Bedouins To Visit Cisco Saturday Night

The famous Bedouins of Moslah Temple and their Oriental Band will conclude a goodwill tour of this West Texas region late Saturday by stopping for the night in Cisco. They will entertain local Masons at the Cisco Country Club Saturday night.

The visiting Shriners will leave Fort Worth at 1:15 p. m. After stops and parades in Weatherford, Strawn, Ranger and Eastland, they will arrive here at 5:45 p. m. for a parade. Local Masons will entertain the visitors at dinner at the Savoy Cafe at 6 p. m.

At 8 p. m., the visiting band will entertain Cisco area Masons and their wives with a program at the country club. The entertainment will include a play. Potentate Roscoe L. Carnrike will be master of ceremonies, and the program will include a talk on "What Moslah Temple Stands For" by Bob Hall, secretary.

In addition to temple officers, visitors will include Dr. and Mrs. D. W. Garrison and Mr. and Mrs. W. D. Smith. Both of the men are prominent in Temple affairs. A bus will leave at Fort Worth at 3:15 to bring the wives of the Shriners here for the evening. The women will arrive at about 6 p. m.

Music for a dance, which will begin at 9 p. m., will be provided by Leonard King and his Orchestra.

Local Shriners have been requested to wear their "fez" and meet at 8th Street and Avenue D at 5:40 p. m. to greet the visitors.

## Eastland Pioneer Called By Death

E. E. Wood, pioneer Eastland County resident, died at his home in Eastland at 7 p. m. Thursday following an illness of more than a year. Death followed a heart attack which he suffered Wednesday night. Mr. Wood had been confined to his bed for more than a year.

Mr. Wood, 80, moved to Eastland in 1890 and had been in public office most of that time. He was born in Pirtle on December 31, 1871. He married the former Carrie Day on December 6, 1891. They observed their 60th wedding anniversary last December.

He was elected district clerk in 1896 and served three terms. For 16 years he served as justice of the peace of precinct one, a job he held at the time of his death.

Survivors are Mrs. Wood of Eastland; a son, Harry Wood of Eastland; two sisters, seven grandchildren and seven great grandchildren.

Funeral services will be held at 2 p. m. Saturday at Hamner Funeral Chapel in Eastland. The services will be conducted by Rev. Otto Marshall, minister of the Eastland First Christian Church and R. E. Davis, minister of the Eastland Church of Christ. Burial will be in the Eastland Cemetery.

News from Cisco Junior College

Introducing The Faculty

Mr. Collier's friendliness toward both faculty and student body has won him many friends. We can feel safe in saying that the veterans have been more than pleased with the interest he has taken in their affairs because he certainly tries to please them in every way he can.

students have watched her day by day as she filed the registration cards and has done all the other work of a secretary. Carolyn Page has been an employee of this college for quite a while. Some of the background of her past life is as follows: She enlisted as a Wac in Philadelphia, Pennsylvania. She served 20 months in England as a personnel clerk. She received her discharge on November 14, 1945. She finished school in Union, New Jersey, and completed her education here in 1949. She is married to Jack E. Page and has two daughters, Shirley, who is 6 years of age, and Sandra who is 20 months old.

Boat Ready For Plywood

The Cisco Junior College sailboat-Building excursion is nearing completion. The framework for the craft has been finished by the crew of sail-boat fans, headed by Jack Chambliss and Prof Matthews; and now they are ready to begin putting the plywood in place. The boat, an open-cockpit multipurpose sloop, is composed of marine plywood with permanent leakproof qualities. The boat is sixteen feet long, six feet in beam, twenty-three inches deep amidships, and weighs 650 pounds. This type of craft is noted for its unusual stability, comfortable accommodations, seaworthiness, speed, good handling qualities, and trim, attractive lines.

Wranglers Show Ability In Meet

The Wrangler track team journeyed to Stephenville Thursday, March 20th, to enter a three-team meet. Other teams entered were Tarleton and Ranger Jr. College. Although the boys have not worked out much, they made a good showing. Don Kincaid was the leading scorer for Cisco. Don placed first in the pole vault, third in the low hurdles and fourth in the 440 yard dash for 8 points. Other boys placing were Burl Moses, Carrol Chambers, and Bob Womack. Moses placed third in the broad jump, Chambers third in the shot put and Womack fourth in the shot-put. Boys making the trip were Kincaid, Moses, Chambers, Womack, Bowden, and Hagans.

Robertson Presents Program

Bobbie Robertson presented a versatile program for the Cisco Junior College, demonstrating the Vibraphone, Marimba, Drums and Cymbals. The program included a wide variety of Classical, semi-classical and swing music, with explanations of how each instrument is used for these several types of music. Robertson started his musical career at the age of five and made his first public appearance at the age of six. He spent the next eight years studying under Mr. William Drew, of the Kansas City Philharmonic Orchestra, along with appearing on the various radio stations of Kansas City and making all types of public appearances from church socials to night club performances. This was all done with the help and guidance of his father, whom he claims is responsible for all of his musical advancements.

It's PURINA With The Kincaids

A part of the 1,300 laying Turkey Hens on the Alvin Kincaid and Son's Ranch near Cisco. These Hens were fed on Purina prepared feeds from the day they were hatched. The hens maintain a very high egg output and hatcheries report from 70 to 90% hatchability. The Kincaids attribute the success of their venture to proper management and proper feeding - and they are Purina feeders.

Robert Kincaid - one of the partners in the business - stores a gathering of No. 1 hatching eggs produced by the Purina Fed flock of Bettsville White Turkeys. The Kincaids keep their flock strong and healthy with proper feeding methods - and they are strong believers in PURINA.

AND NEWS OF INTEREST TO WOMEN

## Word Club Hostess For TFCW Luncheon

The Word Home Demonstration Club was hostess Wednesday, April 3, at a luncheon for the Federated Club Women.

The theme of the Education Department of the Federated Club was carried out in the decorations. The tables were decorated with little red school houses in a green setting and held a centerpiece of red carnations.

A menu of ham, cream potatoes, English peas, pickles, sail boat salad, and cake was served to eighty eight women.

Following the luncheon, Miss Willie Word, president, called a meeting of the Word Club for a short business session. Roll call was answered with wedding anniversaries and plans made for a

## Thompson Plans State's Rights Address At Southern Gas Meet

GALVESTON, April 4.—A warning against federal meddling in state affairs will be given the Southern Gas Association's convention here April 28 — 30 by Lieut. Gen Ernest O. Thompson, member and former chairman of the Railroad Commission of Texas.

General Thompson, whose commission regulates the oil and natural gas industry in Texas, has said he will point up some of the dangers that lie in the practice of permitting federal bureaus to interfere with the work of state regulatory commissions. His talk, at a luncheon Tuesday April 29, will be a high light of the convention, which is expected to draw a record-breaking throng of 1,600 delegates.

In other sessions, the SGA will put emphasis on the importance of getting out and doing a job of selling — as one speaker has it, "There's much to do in '52." Sectional meetings of sales executives are being combined into

one big session this year to emphasize this point. Among the features will be a no-punches-pulled exchange between a utility salesman and a factory representative. T. E. Hawkins of Rio Grande Valley Gas Company, Brownsville, Texas, will tell what the factory man should be doing for him, then John Henry Weymouth of Houston, representative of a stove manufacturer, will say what he thinks is the responsibility of the utility people.

The sales section also will hear a famous Southwest Conference football announcer, Kern Tips, in a new role — partner in a Houston advertising agency. He'll talk on "Advertising, the Extra Point of Merchandising." August Belmont of the famous New York banking family, is listed for a discussion of the gas transmission business as an investment.

Carl H. Horne, former vice-president of Alabama Gas Corporation at Birmingham and last year's president of SGA, will give his former associates a look at the gas industry as he sees it from his new position as a sales executive in New York City.

Mr. and Mrs. A. L. Dudley and children of Carlsbad, New Mexico, are visiting relatives in Cisco. Mrs. Dudley is a sister to Mrs. C. N. Wagley, E. D. Posey, and George Posey of Cisco.

Jeff Chandler, seen in the role of Cochise, Apache Indian chief, in Universal-International's Technicolor "The Battle at Apache Pass," seeks peace terms with U. S. Cavalry officer John Lund, left, and Bruce Cowling in this important scene from the new film. Susan Cabot heads the supporting cast as Cochise's wife. George Sherman directed.

## Girl Scouts Will Hold Dramatics Workshop April 14

Miss Oleda Schrottky, dramatic consultant of the national Girl Scout organization, will be in Brownwood on April 14 for a Dramatics Workshop from 10 a. m. until 3 p. m.

A well-known speaker on youth needs, particularly in respect to recreation, Miss Schrottky spends most of her time addressing men's and women's clubs and community organizations throughout the country in the interests of Girl Scouts and all young people. In the spring of 1949, on a special two-month trip to Hawaii, she spoke before various service and civic groups, teachers' associations, and so on, on five islands; conducting a roundtable on education in dramatics for children; and visited Kalaupapa, the Hawaiian leper colony, where the Girl Scout recreational program has been adapted to the needs of children afflicted with the disease.

Miss Schrottky has planned and produced many of the colorful pageants and ceremonies associated with Girl Scouting during her long affiliation with the organization.

Her varied career has included acting and teaching as well. She appeared with the Provincetown Players in such productions as Susan Glaspell's "Inheritors," starring Ann Harding, and with the Henry Jewett Players of Boston in "John Regan." For a number of years she was a speech teacher at Mount Holyoke College and also produced many plays for freshmen. Miss Schrottky has sponsored several young people who have made names for themselves in both dramatic and musical fields.

Miss Schrottky was graduated from Lawrence College, Appleton, Wis., where she took her A. B. Degree. She also studied at the Curry School, Boston, Mass., the Yvette Guilbert School of the Theatre, New York University, the Riverdale School of Pageantry; and with the Provincetown Players.

She is a member and past president of the New York Story Teller's League and had been affiliated with the Junior League Drama Institute.

## The Hole In The Doughnut

... may serve no useful purpose yet it is always there as is the parasite on the tree or the thorn on the rose. The person investing in real estate may act quickly, oftentimes unwisely thereby overlooking the hole in the deal which in this case is a bad title. By spending a few dollars for an abstract at the right time you who buy real estate may save your lifetime earnings as well as much trouble and inconvenience later on.
