### What I Think Should Be Done To Improve Cisco

MISS ARLENE BINT, SEVENTH GRADE

One of my opinions for improving Cisco is to build a park in town We have a good park, but it is too far from town. Most of the time our parents are too busy to take us out to it. It would be nice to have a small park and playground on the plot of ground behind the gymnasium. There should be picnic tables for those who like to take their lunches out. There would be a need for tennis courts swings, seesaws and a and around the schools. We swimming pool. There should stop the sale of liquor in should be trees and grass and our town. Cisco is not a bad shrubbery to make it attractive. town, but we can make it a bet-

I think Cisco should encourage ter place to live if we all work more doctors to settle here. The for that. doctors from Cisco must care for (Editor's Note: This is another the people of all surrounding essay which was awarded a lov- For Justice of the Peace communities. Some of the older ing cup by the Chamber of Comdoctors are not able to care for merce in the recent Community as many patients as they once Clinic.) did, and the young doctors are too busy.

The people of Cisco and community would enjoy a new baseball field with plenty of grandstands so more people could come to the games. We might organize a hard ball team. We need a good track for school track

Cisco needs more stores. So many people find it necessary to go to Abilene or Fort Worth to buy the things they need. There is a need for more dry goods and general merchandise stores to sell things in the price range of the average person

We need to help our police force in making our town a better place to live. Fast and reckless driving should be stopped, especially on eighth street and

**IN THE 1952** 

Mobilgas

Economy

gallon and 25,463 actual miles per gallon,

ounce of power out of every drop of gas.

Again this year : : as in the past two years : : Ford was first in gas economy over all other cars in its price class in the Mobilgas

Economy Run. In this toughest test, a stock model Ford Six equipped

with Overdrive (optional at extra cost) averaged 53.855 ton-miles per

high-compression Six. For now, with its new design providing 101-

horsepower and free-turning overhead valves, Ford is definitely

pound-for-pound the most economical low-priced car to run! Yes . . . Ford's thrift was clearly proved by the 1,415-mile grind from Los Angeles to Sun Valley. And a very important factor contributing to this victory is Ford's Automatic Power Pilot which squeezes the last

\*The AAA Confest Board determines the winner by a "ton-mile per gallon" formula

to insure equal chance for all cers in each class regardless of size and weight.

Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by number of miles travelled, divided by number of gallons consumed.

"Test Drive" the Economy Winner Today!

This was a very special triumph for Ford's All-New Mileage Maker

## **Political** Announcements

#### Good Crowd Attends Dorothy Biddle Talks

Approximately seventy Garden Club members and guests attended the lecturers of Dorothy Bidile, nationally known writer, lecturer, and garden expert, at the Victor Hotel Roof Garden Monlay, April 21.

Mrs. Don Choate, president of the Cisco Garden Club, introduced Mrs. Biddle. In the lectures and arranging of the different flower arrangements, Mrs. Biddle stressed the importance of blending colors, balancing weights of flowers, and following symmetrical lines in arrangements. She also mentioned the fact that flowers can not be arranged by merely putting them in a vase of

Mrs. Biddle made arrangements which could be used in a church ooth large and small, on buffets, offee tables, sunroom tables, uncheon tables, breakfast nooks, and others.

Both the lectures and arrange-Saturday for Fort Worth nenets were very interesting and educational. est Park and went through the

The Cisco Garden Club wishes o acknowledge the following firms for their help and cooperation in making the appearance of Mrs. Biddle possible: Mott's, Daily Press, Cisco Country Club, Cisco umber and Supply, Victor Hotel, Mr. Ken Russ, Tennyson's Nurery, and the members of the Garden Club.

Mr. and Mrs. J. D. Elliott of T. Spence, Mrs. J. H. Latson and Big Spring spent Saturday night in the home of his sister, Mrs. Lora Ford.

Mrs. Ora Strausel was called to Hamilton Sunday to be with her on, Estel, who is in the hospital due to pneumonia.

Mr. and Mrs. Guy Morris have returned from Waco and Larque where they have been visiting in the homes of relatives.

## ROCKWELL BROS. & CO.

Cisco, Texas

You can help your boy with his homework .. by Light-Conditioning his study desk

You don't have to do his arithmetic, answer his history questions, or write his compositions to help a boy with his homework. The way to do it is with light!

### BRIGHTER, HAPPIER STUDY HOURS

Light Conditioning (shown in the above photo) makes homework easier by cutting glare, reducing shadows-lessening eyestrain. The study desk looks so bright and cheery that homework almost becomes fun!

## BETTER POSTURE, SPEEDIER WORK

A light conditioned desk helps posture-no hunching to dodge shadows. It's easier to concentrate, too. Homework goes faster. More time for other things.

## ACTUAL RECIPES SHOW YOU HOW

Light Conditioning, a new idea in home lighting, has actual recipes that show you how to get the kind of lighting that engineers have found is best. These recipes tell you:

The right kind of lamps and fixtures The right size bulbs to use in them -The right locations for lamps and fixtures

You just use a tape measure and follow directions. Start Light Conditioning your home now! THE RESERVE

Free: "Light Conditioning" Recipe Booklet 22 tested recipes for good lighting

It's brand new! Includes a Light Conditioning recipe for every room in the house. Shows how to get the best lighting for every seeing task. Ask for your free copy today. Our Home Lighting Representatives will be glad to help with your individual lighting problems.

# SHE'S THE SAFEST LADY ON THE ROAD

With Chrysler POWER STEERING plus Chrysler POWER BRAKES

At the wheel of a new Chrysler, you have quicker, a car. You can't imagine what it's like till you drive it! With this full-time power steering, hydraulic power does 4/5 the steering work at your gentle pull on the wheel! You also turn the wheel 1/3 less distance. And on rough roads, soft shoulders, snow or sand, "wheel fight" just doesn't happen. Your hand actually has five times the usual steering control, through every minute of every mile . . . with the same sure "wheel feel" at all times!

With this safer way to steer, power brakes make stops at all speeds safer and easier, too. Power from the engine "boosts" every touch of your toe. Actually you stop with up to 2/3 less foot pressure than non-power brakes. You can bring your Chrysler to a halt from full speeds in many feet less distance than other cars of comparable size can stop. See your Chrysler dealer soon. Feel for yourself why thousands of owners say Chrysler offers the two greatest advances in many years in driving safety and driving ease!

CHRYSLER
