MR. RUDY RENDALL, Cisco student at Midwestern University, Wichita Falls, is highly regarded by his coach. "Rudy is one of the finest players I've ever coached," Coach Dixie White said in an article in the school paper last week. "He never complains, never misses an assignment, and gives his best every minute he's on the field. That's about all a coach can ask from any player. He turned in credible performances against opponents who outweighed him consistently from 25 to 50 pounds. His size had matched his heart and desire, he would have been big as any player in the country."

Rudy has one more year at Midwestern. He is the son of Mr. and Mrs. R. V. Rendall of Cisco and was a star athlete at HS before going on to the Wichita Falls school. He made a varsity team there his first year. Despite a crippling arm injury in 1950 that forced him to play with his arm bound to his side, he turned in such stellar performances that he was picked for the All-Gulf Coast Conference team. After the season he also received the Most Valuable Player award. Last season was outstanding, too, despite injuries. Rudy is due to become a Navy aviator when he completes his school work next year. Cisco can all be proud of the fine record he is earning for himself.

OUR SCOUTS report that the minor Class of Stamford High school will spend Friday, May 16, at Lake Cisco Park, enjoying a lily and outing. A goodly number of other area schools are also planning and enjoying outings at the park.

OUR CONFIDENCE in Mr. J. Edwards' program to be first in Texas to show the big new picture at Cisco's Palace Theater is slightly shaken this week when he let Fort Worth get ahead of him in showing "Pride of St. Louis," the Dizzy Dean picture. Mr. Edwards reports that "fy Son John," now at the palace, is brand new and it hasn't even been shown in Fort Worth yet. We all want to keep ahead of Fort Worth, and Mr. Edwards omises his close cooperation. He has "Pride of St. Louis" coming this month.

PRESIDENT PAUL Farrow of the ABC Club reports that he has some open dates for the m, "Playground, USA," and if y club or group wants to see all they have to do is call m. The film is a fine one. runs 20 to 30 minutes and shows hat a community can do to up itself with a playground.

LAST WEEK WE reported that r. H. R. (Pop) Garrett hooked 4 1/2 pound bass in the stock nk at his place. This week, we ar that Rev. Sidney Spain oked a 4 1/2 pound bass in Mr. rrett's tank last week. If we ar next week that somebody oked a 4 1/2 pound bass two eks ago in Mr. Garrett's tank, e're going to wonder how many oks were in one fish. Wouldn't u?

LIKE A NEEDLE IN A HAYSTACK—A spectator at the International Festival Cycling meeting in London needs a lot of patience to find his own two-wheeler. The turnout was tremendous this year at the annual event, but the search for any one vehicle among the thousands of parked bicycles considerably lessens the fun of the occasion.

Home Sanitation Is Important As Summer Arrives

AUSTIN, May 8. — With the approach of warm summer days, emphasis on home sanitation becomes increasingly important, stated Dr. Geo. W. Cox, State Health Officer.

At this season of the year your State Health Department puts special emphasis on a clean-up designed primarily for the two fold purpose of elimination of flies and rats. These two health hazards can be controlled only through sanitary practices. Places where they feed and breed and rest must be destroyed.

The common housefly has demonstrated that it can spread more than 20 human diseases. Some of the more serious are typhoid fever, diarrhea and dysentery. They have also been implicated in the spread of polio. Rats and mice have been accused in the spreading of 20 to 30 diseases.

"It is plain to see," says Dr. Cox, "that your health and that of your family and community depends in a good measure upon your maintenance of clean, fly and rat-free premises."

Spraying to kill flies and poisoning of rats are valuable supplements to the sanitation program, but will not do the elimination job by themselves.

Sanitation is largely a personal matter. It is a way of life expressed in clean healthful surroundings.

William R. Huber In Marine Corps

William R. Huber, son of Mrs. Clara Huber of Cisco, is now undergoing training at the Marine Corps Recruit Depot, San Diego, Calif.

The 23-year-old former Eastland High School student was inducted in the Marine Corps at Dallas recently.

During the eight-week "Boot Camp," as recruit training is commonly called, Private Huber will become well versed in such basic military subjects as precision drill, first aid, Marine Corps history and mission and field tactics.

Three weeks of the training period is spent at the Camp Matthews Rifle Range, situated 15 miles north of San Diego. While there, Private Huber will fire the 30 caliber Garand rifle, 45 caliber pistol, carbine and Browning Automatic Rifle. He will also receive indoctrination firing with the light and heavy machine guns, 60 and 81 mortars, flame throwers, and the latest type bozookas. Under a newly adopted training program he will also receive instructions in throwing live hand grenades.

Huber was employed by the Thornton Feed Mill in Cisco, before reporting for service with the Marine Corps. Huber's wife is the former Miss Millie Newman.

Residents Asked To get Ready For Cleanup Campaign

Residents of Cisco were reminded today that they should begin gathering their trash, tree limbs and various debris together for next week's city-wide cleanup campaign. The city and National Guard trucks will begin making the rounds Monday to haul off trash.

Anyone who knows the location of an old well, cistern or other likely mosquito breeding place was asked to call the city hall and give the address of such places. The city hopes to eliminate these hazards during the coming week.

The cleanup campaign project is being directed by a Chamber of Commerce committee in cooperation with the city and various civic groups.

Legion Members To See Film At Meeting Tonight

"Playtown, USA," a motion picture that tells the story of building playgrounds, will be shown at the regular semi-monthly meeting of the John William Butts Post 123 of the American Legion at 7:45 p. m. Thursday (tonight).

Legionnaires will meet at the First National Bank's community service room for the showing of the film. The Legion, which operates Lake Cisco properties and sponsors a junior baseball team, is one of the city's most active agencies in the field of entertainment.

Members of the Post will discuss business matters pertaining to the Lake Cisco property and the baseball team. All members were asked to be at the bank at 7:45 p. m.

Monday, programs are planned at Carbon and Eastland, and the group will go to May and Cross Plains on Tuesday. The choir will appear in Breckenridge on Wednesday.

HE'S CAMPAIGNING—Upon appearing on Jack Barry's "Life Begins at 80" TV show in New York, Robert C. Kefauver, second from left, 82-year-old father of Senator Estes Kefauver, angled for the over-80 vote for his son. He kissed Mrs. Georgianna Carhart, 86, a member of the show, and passed cigars to Barry and Captain Edward Lane, 84, so he had something for all.

Touring Turks To See Orchards In Eastland County

Seven Turks will be in Eastland County on Friday, June 20, for an inspection tour of orchards and orchard management practices, according to word at the county agent's office.

J. M. Cooper, county agricultural agent has been asked to arrange for an all day orchard tour so that the Turks may learn first hand something about orchard cover crops, varieties of fruit, thinning, fertilization, cultivation, spraying and marketing.

The group will have their own interpreter and mode of transportation. Cooper has been informed, and will be ready to leave from Eastland at 9 o'clock that morning. A tentative itinerary has already been arranged with lunch for the group at Rising Star.

The Turks are all connected in some way with horticultural activities in their native land. Eastland County and other portions of this state are very similar to Turkey in soils and climates, it was reported.

The group is to spend more than a month in Texas.

CJC Choir Sings For Area Groups

The Cisco Junior College choir presented three programs in area cities Wednesday and will make appearances in high schools in this section next week, Director Robert Clinton reported today.

The choir, Madrigal singers and the Beauty Shop Quartet sang at Baird, Moran and Eastland on Wednesday.

Monday, programs are planned at Carbon and Eastland, and the group will go to May and Cross Plains on Tuesday. The choir will appear in Breckenridge on Wednesday.

Seven Year Old Moran Girl Dies In Gorman Friday

Tragedy struck the home of Mr. and Mrs. Floyd Parrish in Moran last week when their seven-year-old daughter died from the after effects of a measles attack. She was rushed to the Gorman hospital where she remained three days before her death. She died without gaining consciousness.

George Eberle, a Moran grade school student, suffered a similar attack but was able to return to school this week.

F. R. Raymond, Fred Wylie and Floyd Raymond of Moran attended the West Texas Ranchers Association meeting in Eastland last week. Mr. Hamilton is the Moran reporter for the group.

Mrs. Oma Townsend and Mrs. Ima Higgins have presented a new baby grand piano to the First Methodist Church in Moran in memory of their mother, Mrs. George W. Elliott. The public was invited to attend a dedication service at the church at 3:30 p. m. Sunday. The church has given their old piano to the Luncheon Club.

Miss Maurine McCollum has returned home from the Graham Hospital in Cisco where she underwent major surgery some three weeks ago. She is steadily improving but will not be able to return to her job in the bank for another month.

Mr. and Mrs. B. H. Willis of Strawn spent Saturday night with Mr. and Mrs. C. W. McCollum. Sunday morning they all went to Abilene and spent the day with Mr. and Mrs. James Wheeler. Mrs. Wheeler surprised her mother, Mrs. Willis, with a birthday dinner complete with a large birthday cake and home made ice cream.

L. L. Walker returned Sunday night from Harlingen where he went to attend the funeral of his sister, Mrs. E. C. Whitaker. She died Wednesday morning and the services were held Friday afternoon at the Aaron Funeral Home in Harlingen. Interment was at Mont Meda Memorial Park, in San Benito.

Mr. and Mrs. Charles J. Gardner Visited in the Home of Their Parents, Mr. and Mrs. John Gardner, and Mr. and Mrs. Bud Booth, Saturday Night and Sunday.

Mr. and Mrs. Carl Oates of New York City and Mr. and Mrs. H. A. Freeman of Eastland were visitors in the home of Mr. and Mrs. W. M. Freeman Monday evening of this week.

Prosper Walker, son of Mr. and Mrs. L. L. Walker, who is a Cadet at West Point Military Academy, has been elected to represent Cisco.

Hospital News

A. N. McBeth, 400 East 10th, was admitted to Graham Hospital this week for examination and X-Ray following a fall. The examination showed a fractured hip and he was referred to an Abilene specialist. He will be returned to the hospital here later this week.

Ira Hooker of Route 2 was referred to a Fort Worth hospital and a specialist Thursday. He will undergo surgery there later this week.

Miss Josephine Wallbraun, nurse at the hospital, was greatly improved this week and was able to be out of bed.

Mrs. E. L. Hazelwood was continuing to show improvement and Mrs. Bob Winston was reported in good condition Thursday.

Dismissed this week were J. D. McCoy of Cisco, Mrs. J. L. Daniels of Moran, M. M. Tabor of Cisco, W. T. Booth of Cisco, Mrs. Alferd Cole of Cisco and Sandra Sue Cobb of Cisco.

FAMILY LIFE WEEK ADDRESS IS MADE BY SEYMOUR FOR LIONS

The home and the family are the basis of civilization and are this nation's most valuable possessions, the Rev. Leslie Seymour, superintendent of Cisco District Methodist churches, told members of the Lions Club in a talk at the weekly luncheon Wednesday.

Rev. Seymour spoke on a National Family Life Week theme, pointing out the the annual observance ends on Mother's Day. Lion Truly Carter was in charge of the program.

The American home is constantly under attack by various forces, some of which seek to spread evil influence, Rev. Seymour said. The family is having to fight to preserve its home, just as "our forefathers fought the Indians," he said.

Rev. Seymour noted that there are forces which seek to persuade young people that there is no harm in drinking liquors, "and we have a job to convince these youngsters that it is not necessary to drink to have a good time."

"A man's home is his castle — the core of his existence," Rev. Seymour said. "We all live to work, play, love and worship, and these four things are vital to the home. And as a family group, we should plan these things together."

Lions officially presented a speaker's stand for the high school

DeMolays Attend First Christian Church Services

The Cisco DeMolay Chapter met in a body with the First Christian Church Sunday morning and as a part of the morning service conducted a Flower Ceremony in which the Flower Degree, the fourth section of DeMolay work, was conferred upon Tommy Patterson, Bob Frost, Jerry McCannies, Bill Knight and Don Meers.

The degree was conferred by Joe Schaefer, past-master counselor, who was in charge of the ceremony.

All DeMolays present received flowers in honor of their mothers and bouquets were presented to Mrs. Callie McAfee, oldest mother present, and Mrs. Jack Garrett, youngest mother present.

The evening services at the church featured the high school girl's chorus and the high school mixed choir, both under the direction of Robert Clinton of the Cisco schools music department. Miss Wilma Thomas was the choir accompanist.

Seniors To Hold Dress Rehearsal For Annual Play

A dress rehearsal for the play, "Change of Heart," to be presented Friday night at 8 o'clock at the high school auditorium by the Senior Class, has been scheduled for tonight to complete final preparations for the production.

Members of the cast were introduced in assembly at the school Wednesday, and a skit from the play will be presented in assembly Friday.

Members of the cast include Barbara McCauley, LaNell Hale, Bob Cleveland, Philip Waters, Mary Hill, Mary McCrea, Don Jeffcoat, Janet Ferguson, Robert Jackson, Norman Barton, Joanna Blackwell, Douglas Johnson, Nannette West, Hughes McCrary and Richard Robinson.

Mrs. Bill Mitcham is the director, and members of the class are in charge of all details of the production. The class has planned a party in the hall over A-G Motor Company Friday night after the play.

Proceeds from the play will be used by the Seniors to buy their annual gift to the school. Tickets are being sold for 35 cents.

21 Persons Are Arrested Tuesday By Sheriff's Men

Twenty-one persons, including seven Ciscoans, were arrested by Eastland County officers and Texas Liquor Control board agents in a series of raids throughout the county Tuesday afternoon and night, Sheriff Frank Tucker reported here today. Forty-three cases were filed against the 21 individuals for liquor law violations.

All of those arrested had made bond today with one exception. Charges were filed against them for sale of intoxicants or for possession of intoxicants for the purpose of sale. Bond of \$500 was set in each of the cases.

Misdemeanor charges have been filed against each of the individuals, Mr. Tucker said. The maximum punishment in these cases is a fine of \$1,000 or 12 months in jail or both. Minimum punishment is a fine of \$100 and costs.

Sheriff Tucker and Deputy Les Threat were assisted in conducting the raids by City Policeman Herschel Wooten of Cisco, City Policeman Ed Freeman of Ranger, State Highway Patrolman Terry Barrett and eight agents of the Texas Liquor Control Board from the Abilene and Lubbock district offices.

Beginning at 2:30 p. m. Tuesday, Sheriff Tucker's party was preceded in most of the raids by a liquor control agent who purchased whiskey. The agent who made the purchases then assisted in the raids. Sale of liquor charges were filed in all but two of the 43 cases. Officers confiscated 25 to 30 cases of beer and a quantity of whiskey in the raids.

Success of the raids, Sheriff Tucker added, was due in a large measure to the new radio facilities now operating in his office in Eastland and at the police station in Cisco. The sheriff's department depends entirely on the Cisco radio for night work.

County Attorney J. M. Neussie told the Press today that his office was processing the cases as speedily as possible. He estimated that the necessary paper work has been completed in a fourth of the cases. The county already had about 100 cases on file involving liquor charges.

The new cases are the best kind from a prosecutor's standpoint, Mr. Neussie said. All he must do is prove that there was a sale, and the decision is up to the jury.

The cases will be filed in county court. If the defendants plead guilty, they will be tried by County Judge John Hart. If they plead not guilty, the cases automatically go into district court where the defendants can choose between a jury trial or a trial before the judge.

Sheriff Tucker had invited the ministers and other citizens of the county to a meeting in Eastland on Tuesday afternoon to ask their backing in the war against liquor traffic. It was understood that the ministers decided that they will endeavor to send representatives to all of the trials involving liquor law violations to be observers.

The raids Tuesday were just a beginning, Sheriff Tucker indicated. He said that his office would continue the fight.

Farm Bureau Plans Scranton Meeting

The Eastland County Farm Bureau will hold a membership meeting at 8 p. m. Monday, May 12, at the school auditorium of Scranton. All non-members of the area were invited to be guests at the meeting.

An interesting program has been planned for the meeting. In addition to Farm Bureau business, a film on farm safety will be shown. A string band will provide special music, and refreshments will be served.

Mr. and Mrs. J. B. Jenkins of Fort Worth were weekend guests in the home of Mr. and Mrs. F. E. Shepard.

Spring Planting Makes Progress In Most Sections

Cultivation, planting, replanting, and seed bed preparation made fair progress in between showers and scattered torrential rains over much of the state during the past week. Local areas, particularly in central and southern counties, reported hail damage to growing crops. Light to heavy showers benefited dry land cotton in parts of the lower valley, but more rain was needed in that area.

In the southern high and southern low plains, moisture was sufficient for cotton and sorghum planting to start. In all other farming areas, moisture was adequate to excessive. Clearing skies at the end of the week over much of the state will permit full scale resumption of pressing field work.

Bethany Class Holds Business Meeting

The Bethany Sunday School Class of the First Baptist Church met May 1 in the home of Mrs. W. L. Darr for regular business meeting.

Routine business was transacted and a social hour followed in which secret pals were revealed. Refreshments were then served to Mrs. D. N. Morrison, Mrs. Austin Flint, Mrs. W. L. Moore, Mrs. W. W. Shirley, and the hostess, Mrs. W. L. Darr. The next meeting will be in the home of Mrs. W. W. Shirley June 3, at 1:30 p. m.

Presbyterian Group Has Meeting Tuesday

A program taken from the book of Colossians was given at the regular meeting of Circle One of the First Presbyterian Church Tuesday at the home of Mrs. James McCracken.

A short business session followed in which it was decided to send two magazines to Pres-Mex as their project for the month. Mrs. Evelyn Bailey led the program which was the first lesson in the study of Colossians. Refreshments were served to Mrs. John Kleiner, Mrs. Grady James and Mrs. Joe Kial, visitors, and Mrs. Evelyn Bailey, Mrs. Edith Bragg, Mrs. Ruth Black, Mrs. Betty Comingore, Miss Elizabeth Coleman, Miss Helen Crawford, Mrs. Mattie Dietaker, Mrs. Kitty McCracken, Mrs. Elizabeth McCracken, Mrs. Marie Price, Mrs. Charlotte Spears, Mrs. Shorty Wallace, Mrs. Wilma Waters, Mrs. Ardella Garrett, Mrs. Gloria Honea, Mrs. Billy Alkire, and Mrs. Marie Smith members.

AIR RAID DRILL—During an air raid drill in New York, Civil Defense workers are shown lowering an "injured man" in a body bag down a cable from the top story of a building in the Bronx. When the city's 579 sirens roared an alert, about 50,000 Civil Defense workers went into action for exercises in which it was assumed that two atom bombs hit the city.

Mrs. Ellison Hostess For Christian Group

Mrs. Bob Ellison was hostess in her home Tuesday afternoon for Group Four of the Christian Women's Fellowship of the First Christian Church when they met for their regular meeting.

The meeting was called to order by Mrs. Standley McCracken with opening prayer by Mrs. J. C. Fletcher. The devotional, a continuation of the book review, "The Greatest Story Ever Told," was given by Mrs. V. C. Overall.

During the business session, routine business was transacted, a love offering taken and the treasurer's report given. The meeting closed with the missionary benediction.

Refreshments were served to Mrs. J. H. Latson, Mrs. Standley McCracken, Mrs. V. C. Overall, Mrs. J. C. Fletcher, and Mrs. Bob Ellison.

HEALTH TALKS

Prepared by the
Texas Medical Association

The anemias may be broadly classed as the result of improper production or function of the red cells of the bloodstream. The leukemias, in a broad classification, may be considered the result of improper production or function of the white cells of the bloodstream.

There are different kinds of white cells and they go through several stages of development. Thus there may be many different types of leukemia when all kinds of white cells are not present or do not go through the cycle from infancy to maturity.

Leukemia is not a new disease since it was first recognized in the middle of the 19th century. But because blood examinations have become more accurate, more

cases of leukemia have been discovered in recent years.

The causes and the cures of leukemia have not been found. While some forms spread faster than others, all forms are considered fatal, ultimately claiming the life of the leukemia patient.

Like cancer, leukemia is a malignant disease. It has been called the cancer of the bloodstream because it, like cancer, is an overgrowth of destructive force within the body.

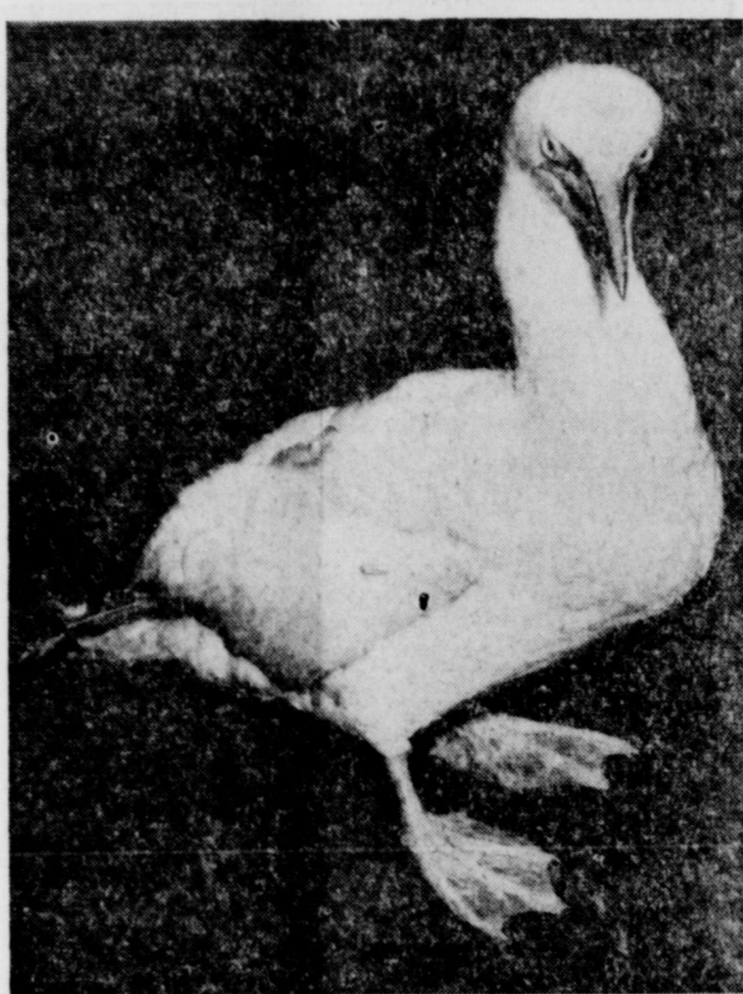

There are always destructive forces at work in the body, serving as a defense against harmful organisms in the body. The white cells perform that function for the bloodstream, and the lymph glands for the organs. At the same time the constructive forces, as represented by the red cells, are replacing the worn out parts of the body, carrying the building materials in the bloodstream. Leukemia represents a mutiny of the destructive forces, whereby they run wild with destruction, upsetting the normal balance which favors constructive work in the body.

Leukemia is the most dangerous upset in the body which can be caused by improper white cell development. It may be compared with the red cell disease known as pernicious anemia, and it is to be hoped that within a short time medical science will find a treatment as effective against leukemia as liver and B-12 are against pernicious anemia. Just a few years ago, pernicious anemia was considered a deadly disease, as fatal as leukemia is today.

There are other diseases of white cells which are much less serious than leukemia. One form called leukocytosis (meaning an abnormal condition of white cells) may be compared with the less serious anemias, diseases of the red cells. It creates a weakened condition of the body, keeping the body from functioning properly and usually increasing the susceptibility to disease.

Severe or chronic infections such as tuberculosis, scarlet fever, diphtheria and typhoid (rab-bit fever) may upset the white cell function of the bloodstream. Dehydration, depletion of the fluids of the body by vomiting or the taking of drying-up medicines, also may interfere with the normal production and function of the body's white cells.

There seems to be an impairment of white cell duty associated with allergies. Chemical intoxications, the building of chemical poisons within the body or the inhaling of irritating chemicals, are often responsible not only for an increase in the number of white cells, but sometimes for exactly the opposite effect, a decrease in white cell population.

NEW TELEVISION STAR—Before being presented to the Bronx, N. Y., Zoo, this gannet (sula bassana), a rare sea fowl resembling a duck, made his first appearance before a camera on a television program. The bird, with a length of 36 inches and a wing spread of 72 inches, is thought to be the only one in captivity in the U. S. His diet is limited to fish.

CLINGING BOVINE—Traffic came to a standstill while mama fed her calf on a state road at Gallinas, N. M. The honking of horns, shouts and threats with clenched fists were unable to get the road, and cow and calf moved aside only when the youngster was well fed.

The Man Who Borrows Money —

... must have good security to offer the lending agency or individual before he can expect a loan. There is no better collateral than real estate provided the title is good. More money is loaned on real estate than any other commodity of value. The careful lender always insists on an abstract for the abstract reveals the condition of the title and upon the title rests the applicant's eligibility for the loan.

IT'S THE LAW
in Texas

People often misunderstand the reason a lawyer puts up the defense of a crime. "It might be all right," they say, "if the defendant were innocent, but why put so much effort defending him when everyone knows he is guilty?"

The obvious answer is that not everyone knows all the material in any legal sense until, by process of law and under the evidence insuring equal justice, the court and jury arrive at the conclusion that he has committed a crime.

The Canons of Ethics govern the lawyers of Texas say: "It is the right of a member (of the Bar of Texas) to undertake the defense of a person accused of a crime, regardless of his personal opinion as to the guilt of the accused; having undertaken such defense, the member is bound to defend him by all fair and honorable means, present every defense that the law permits, to the end that no person may be deprived of life or liberty but by process of law."

ARTIFICIAL KIDNEY—Dr. John R. Guarino, left, teams up with his brother, Louis, M.P.E., in Cambridge, Mass., to demonstrate their new apparatus for clinical and hospital use—an artificial kidney. Louis, director of engineering of a New York firm, built it for between \$400 and \$500 to the specifications of his doctor brother.

OH, WHAT A BEAUTIFUL MORNING—Spring comes a bit late in Minnesota, but its tardy arrival was greeted warmly by three-year-old Roger Anderson and Happy, his pet dog, in Chaska. After playing in the floodwaters of the Minnesota River which invaded the Anderson's back yard, Roger relaxed by using Happy as his pillow in the warm sunshine.

IT'S A BREEZE—Every generation of sailors has had its legends, but Bettye Lindquist provides a wind-velocity reading as part of this generation's service in Miami Beach. Fortunately, there don't seem to be any other navigational hazards in the vicinity, so Bettye might tell which way the wind is blowing.
