CISCO, TEXAS, TUESDAY, JULY 1, 1952

The Gay Philosopher By J. W. S.

DO YOU WANT the Cisco Indians, the Legion's junior baseball team, to keep playing after their league season ends Thurs-day night? If you do, make known your wishes to Manager D. N. Morrison. If the people want to see more baseball, Mr. Morrison is willing to keep going.

Members of the junior team and their families are planning a big picnic next Monday night at Lake Cisco Park. The boys will have a swimming party first, followed by the picnic at about 7:30 p. m. Each family is to bring a basket of food for the

ANOTHER PICNIC is being planned. There will be a basket picnic at 7:30 p. m. on July the 4th at the Cisco Country Club for members and guests. Each member should bring a basket of food for his family and any guests he invites.

Some 70 members and members of their families ate free fried chicken at the club last Saturday night. It was a fine dinner and everybody thoroughly enjoyed the event.

President and Mrs. Charlie Cofer of the club are leaving this week for Houston and a vacation. Understand Judge R. E. Grantham will accompany them to join Mrs. Grantham for a visit with their son and daughter, returning home next week.

COMES A CARD from the J M. Green family of 908 Avenue N. They're up in Nebraska en route home from a tour of the west. "Warn would-be vacationers to Yellowstone Park to take heavy wraps," they write. sow flower seeds in the garden. By choosing varieties which germi-nate quickly and grow fast, flowers may be had almost as soon as from seeds sown much earlier, which may have been delayed by

For best results seeds should be sown where the plants are to grow, so they will suffer no setback from transplanting. Since hot, dry days may soon arrive, special precau-tions should be taken to prevent crusting of the soil, and drying out.

Loosen the soil to a depth of six inches, spading under 2 to 4 pounds of plant food for each 100 square feet. Mix small seeds with dry sand to help scatter them well. Large seeds of plants which need plenty of room may be sown two or three seeds in each spot where a plant is wanted, to be thinned out later to a single plant.

Cover the seeds lightly, with porous soil containing no clay. A special covering soil may be prepared by mixing fine top soil or peat with an equal amount of sand or vermi-culite. Keep the soil moist by sprinkling with a fine spray until the seeds germinate and the plants begin to grow well.

Annual flowers which germinate within five to ten days after sowing include the following:

Sweet Alyssum, Amaranthus, Aster, Calendula, Calliopsis, Candytuft, Celosia, Centaurea, Cheiranthus, Cosmos, Dianthus, California Lupins, Marigolds, Nicotiana (flow-ering tobacco), Annual Phlox, Por-

GM Builds New 'Two-Way' Plant in Texas

Construction work has begun on the new General Motors "dual purpose" plant (above) at Arlington, Texas, where GM's Buick-Oldsmobile-Pontiac Assembly Division will build a Grumman-designed airplane for the United States Navy and assemble passenger cars simultaneously. The flexible layout of the plant will permit combined aircraft-automotive operations or it can be converted in a matter of days to either

total aircraft or total automotive production, depend ing upon military requirements. The "dual purpe plant idea was first proposed a year ago by C. E. Wilson, GM president, as a means of maintaining strong military and civilian production levels withou disruption of plant facilities or working forces. Most of the Buick, Oldsmobile and Pontiac cars produced in the Arlington plant will be for distribution in Texas.

ARLINGTON, July 1. — New governor of Rotary District No. 186 of which the Rotary Club of Cisco is a member is Dr. Ernest H. Hereford, president of Arlington State College. A native west-Texan from Tow

and a Charge Lay Leader in the Methodist Church, the Rotary executive is a graduate of Southwestern University and holds a Ph.D. degree from the University of Texas. Dr. Hereford has been public

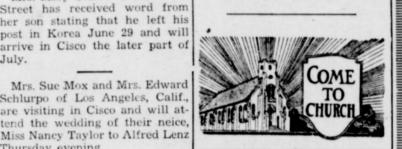

school supeintendent at Llano and Corpus Christi and a college teacher at Southwestern University, University of Texas, North Texas State College, and Texas College for Women. He is a former president of

Del Mar College at Corpus Christi and an ex-dean of Hockaday School for Girls in Dallas. He has been president of Arlington State College since 1946.

The new governor is the father of two children and has three grandchildren. His Rotary Ann is the former Ruth Barnett of Llano. The couple was married

A Rotarian of 20 years exper-ience, Dr. Hereford is noted for a keen sense of humor and a dislike for long speeches. When he pays his official visit to the Cisco club, members can be assured they will hear an address that will not wear them out.

The new governor, announces that goals for the district this year will be four-fold: (1) Better Rotary education for local clubs; (2) more Rotary members and more new clubs in the district; (3) special stress on vocational international services; and (4) 100 per cent participation in the Paul Harris Foundation fund.

It Wasn't Your Fault --

... when the party who sold you your home did not have an abstract, but it was your fault if you bought it without an abstract. One authority on titles puts it this way: "Titles were good yesterday, fair today, but sure to be worse tomorrow." Better insist on an abstract when buying real estate of any kind. It's safer, more business-like, and a sure sign of good judgment.
