Changes Are Made In 1952 Program

The 1952 support price for Spanish peanuts, the type grown in the Cisco area, will be \$232 per ton, according to an announcement this week by the department of Agriculture. And the outlook for a peanut crop is considerably better than it was last vear

The \$232 support price is for peanuts on a basis of 70 grade. Moisture will be based on seven per cent, discounted one per cent for each one per cent above seven and not over nine per cent. Peanuts containing over nine per cent moisture will be ineligible. The order provides for a dis-

count of \$1 per ton for foreign material in excess of four percent and not over 10 per cent. If foreign material amounts to between 10 and 15 per cent, the discount would be \$2 per ton.

The 1952 program does not call for direct buying by CCC or its agents as a means of support. In order to get peanuts in line with other commodities, the price will be supported by farm loans to producers, purchase agreements, purchase by the Southwestern Peanut Growers Association or oans to producers who place peanuts in approved CCC of PMA warehouses.

It was understood that the CCC will not loan money to shellers this year to purchase peanuts at support prices as has been done previously. The shellers will not be required to pay any definite price, it was reported. The PMA, however, plans to make every effort to secure a support price for the producers who comply with all regulations, including the acreage rule. To be elgible for price support, the peanuts will have to be graded by a Texas-Federal inspector.

A Cisco man was given emerency treatment at Graham hospital shortly after 1 p. m. today after an Eastland man allegedly shot him in the right arm in downtown Cisco. The Ciscoan was struck in the right arm by a bullet. Glass from a broken auto windshield cut his face.

The Eastland man surrendered to City Police after the shooting. The fray occurred near the intersection of West 8th Street and Avenue F. The local man was reported to have told witnesses that a car pulled up beside him and asked him to stop "so I can talk to you." The Ciscoan said he was greeted then with a volley of several shots.

Details of the shooting were not mmediately available.

Henry's Feed Store Has Jamesway Line

Arrangements have been completed whereby Henry's Feed Store will handle the nationally known Jamesway line of Poultry & Hog equipment in the Cisco area. Since 1906 the James Mfg. Co., with branches in Fort Atkinson, Wis., Mount Joy, Pa., and Los Angeles, Calif., has specialized in the planning, equipping, and ventilating of farm buildings

In addition to selling and servicing the Jamesway equipment, Henry's Feed Store will be in position to offer planning help to the dairy, poultry, and livestock farmers in this territory.

Five Ciscoans Make Spring Honor Roll

As for assistance to the needy aged, the needy blind and to dependent children, the Governor reminded that the State's contribution had been limited to \$35. 000,000 a year by the Constitution an amendment to raise that limit having been voted down by the voters of Texas. An advocate of the amendment, Governor Shivers said Tuesday night, "I shall continue to advocate making vailable to our deserving aged itizens, not merely enough for a neager existence, but suffiicent funds to carry them through the evening years of life as proud, lignified citizens of a great state." He added that "an increase of \$5 a month in each pension check, due this coming October, will be helpful in that regard.

Summarizing his program, the Governor said, "These are some of the things we have done and tried to do . . programs which reflect the wish and the demand of an enlighted citizenship that we provide help for those of our people who - often through no fault of their own - are in need of a helping hand." "It is significant," he thinks,'

that unbiased observers feel we have done a good job:

SHARE AND SHARE ALIKE-Rags, a canine mascot of fireman Ted LaPorte, is shown daintily nibbling on a bit of doughnut that LaPorte is sharing with him. After a fire in Chicago, the two of them stopped for a bite at a Salvation Army snack bar. They'd had a good workout, they were hungry, and Rags was as much entitled to a reward as anyone.

I want to recommend this picture to everyone. I think it is one the best religious pictures I have ever seen. I have personally recommended such pictures as "Stars in My Crown" and "I'd Climb the Highest Mountain" and now I highly recommend "Reaching From Heaven." It is a must for everyone.

After a special screening held some weeks ago here is what some of the people of Cisco had to say about "Reaching From Heaven."

"One of the most unusual pictures I have ever seen. It shows what Christianity is and how it works in the lives of ordinary people." -Mrs. Grady James.

"A very fine picture. Would recommend it to church people of all denominations and to those of no church at all." - Mrs. J. W. Gill.

"God truly is "Reaching From Heaven" today, as always. He is ever mindful of us if we will do our part. We should be interested in the Strangers. "Reaching From Heaven" is powerful and awaker spiritual need. Everyone should see it." Mrs. W. D. Johnston.

"I think this is a wonderful religious picture that meets people in a practical way." - Grady James.

"This a picture with a terrific impact for the highest and best in life. A good family picture." - J. W. Gill.

Also on the program with "Reaching From Heaven" we have another wonderful religious picture, "The Guest."

For fine family entertainment do not miss these two pictures.
