Mrs. Edwin Estes Honored With Shower

At Sutton Crofts Residence Tuesday

Mrs. Edwin Estes, the former Miss Frances Halstead, was honored Tuesday evening with a shower at the Sutton Crofts residence.

Hostesses for the occasion were Mrs. Cate Atkins, Ernest Lennon, Horace Cameron and Sutton Crofts, and the Misses Betty Dean Lennon and Carolyn Crofts.

The guests were met in a bower of flowers and greenery at the rear of the Crofts home, where a table was laid with a white lace cloth lined with orchid, the bride's chosen colors. The centerpiece was an arrangement of white asters and orchid-sprayed tulle and lemon leaves. This was flanked by white tapers tied with orchid bows in crystal candlesticks. A bride's cake, topped by a tiny bride and groom, was

at one end of the table, and the crystal punch bowl at the other. Miss Betty Dean Lennon and Miss Carolyn Crofts presided at the table. Suspended from an evergreen behind the table were two white metal music staves, bearing the opening notes from Lohengrin's Bridal Chorus in orchid. Tall baskets of bachelor buttons, potted ferns and hurricane lamps completed the decorations outdoors.

In the receiving line were Mrs. Estes, her mother, Mrs. Thelma Moore of Midland, and her grandmother, Mrs. Horace Cameron of Ranger, and the hostesses.

After the guests were served, they were led by the hostesses' assistants, Miss Faye Redwine and Miss Dottie Crofts, to the living room, where the beautiful array of gifts was on display.

W. S. C. S. Meets Tues. At Methodist Church

The W.S.C.S. of the First Methodist Church met Tuesday, August 5, in the church for their regular business meeting.

The president, Mrs. George Davis, presided during the business session. Mrs. C. A. Shockey gave the devotional and opened the meeting by all singing "Blest Be The Tie That Binds." The group then repeated the Lord's Prayer in unison.

Mrs. Shockey used as her subject for the devotional, "Those That Trespass Against Us." Mrs. S. H. Nance led in prayer. Communications were read by the secretary, Mrs. Rudolph Schaefer, and the treasurer's report was given by Mrs. Wm. Joyner.

Mrs. S. H. McCannies read a letter on supply work, and Mrs. Carrel Smith reported on the kitchen supplies. Mrs. F. J. Harrelson read an estimate on the work to be done on the parsonage. Mrs. John Shertzer was appointed chairman of the flower committee.

The rooms were decorated with cut flowers in pastel shades.

About fifty guests called during the evening.

The meeting of the executive committee was postponed until September. The meeting closed with prayer by Mrs. E. H. Lightfoot. Those attending were Mesdames George Davis, Leo Clinton, C. A. Shockey, S. H. Nance, B. E. Morehart, E. H. Lightfoot, B. J. Osborn, Wm. Joyner, R. W. Merket, O. C. Lomax, F. J. Harrelson, D. P. King, S. H. McCannies, Carrel Smith, John Shertzer, C. E. Hailey, and Rudolph Schaefer.

Gleaner's Class Has Meeting Tuesday P. M.

The Gleaner's Sunday School Class of the East Cisco Baptist Church met in the home of Mr. and Mrs. Truman Evans Tuesday evening for an ice cream supper.

Those present were Mesdames Leona Morton and son, Louise Manning, Ruby Nell Jones and Peggy, Lola Cozart, Lent Ruth Stansell and girls, Cecil Adams, Neva Lois Hamrick and sons, Christine Moran, Fern Brown and sons, and Mr. and Mrs. A. C. Weaver and children, Mr. and Mrs. Gene Taylor, Mr. and Mrs. Edwin Posey and children, Mrs. Marie Woolover and children, and the hosts, Mr. and Mrs. Evans.

Final Green Onion Crop Must be Grown from Seed

Large onions grown from sets are ready to harvest in midsummer.

To maintain a continuous supply of green onions through the summer and fall, seed must be sown. It is rarely possible to obtain onion sets to plant for a late crop. Seed of a bunching variety, such as white Lisbon, should be sown in drills 2 inches deep, taking the precautions usual for summer sowing in order to assist germination.

Sow the seed thinly and begin to pull onions for use as soon as they are large enough. If soil is hilled around them as they grow the length of the white stalk will be increased. There is no reason why the green portion of a stalk should not be eaten, however.

If sets were sown to produce large onions, when the tops grow limp and topple over it is time to harvest the bulbs. They need not be dug right away, but before they have time to resume growth they should be taken up and dried in the sun for several days before they are stored in a dry, well-ventilated place.

Onion plants that develop a seed stalk, with a ball-shaped seed pod

at the top, will not make satisfactory bulbs, but should be pulled up as soon as noticed, and used for green onions. It is the larger onion sets that bear seeds, and the smaller ones which develop into mature onions.

These early onions will keep well during the summer and fall; and their mild flavor will be welcome in salads, in the period when green onions are not so plentiful. Some gardeners follow the ancient practice of tying their tops together and hanging strings of onions in the basement, or dropping them from garage rafters.

The onion is not one of the vitamin-rich vegetables, but its flavor makes it indispensable. Such vitamin content as it has is in the green stalk and leaves, which can be cut up and mixed with a tossed salad to impart the appetizing flavor.

A rich soil is required to grow onions from seed. A balanced plant food should be applied at the rate of a pint to 25 feet of row, before sowing.

THDA Delegates Will Get X-rays

KINGSVILLE, Aug. 7. — Almost a thousand women of rural communities meeting in Kingsville August 26-28 will be given chest x-rays as a feature of the annual Texas Home Demonstration convention.

Mrs. R. M. Almanrode of Munday, THDA president, announced today the x-ray bus of the Texas Tuberculosis Association will be stationed at the Student Union Building on A. and I. College campus where the delegates from over the state will hold their three-day session.

The mobile x-ray unit will be staffed by Texas TB Association technicians and members of the Kleberg-Kenedy TB organization and reports on the films will be mailed directly to the women after their return home, Mrs. Almanrode said. The survey is part of the TB associations' program of finding and controlling tuberculosis in Texas which is financed by the annual sale of Christmas Seals bearing the anti-TB emblem — the double barred cross.

More than 900 women, representing 43,000 club members in Texas, have registered to date for the convention.

Rooms are available to the delegates in the college dormitories and meals in the cafeteria, the THDA president announced.

Workshops and study sessions will form a major part of the program, Mrs. Almanrode said, and new officers will be elected.

A visit to the famed King ranch, climaxed by a barbecue supper is scheduled for the opening day as part of the entertainment to be provided for the visitors.

More than 746,500 Texans received chest x-rays in community surveys conducted by the State Department of Health and by TB associations from March 1, 1951 to April 1, 1952, the Texas Tuberculosis Association reports.

VACATIONING — Actress Barbara Stanwyck, right, and Nancy Sinatra, former wife of Frank Sinatra, are shown upon arriving in New York by plane from the coast. They planned a round of visits to the night spots and shows and were well prepared for any cold weather emergency they were not accustomed to in California.

Report Is Made On USO Success

DALLAS, Aug. 7.—The need for the continuance of USO and a report on the wonderful job which USO is doing for the youth in the Armed Forces around the globe has just been made to the President of the United States, R. R. Gilbert, campaign chairman for the USO in Texas, announced today.

"That report tells the people of America that during the past 12 months USO has been built up to the point where it has a total of 271 clubs and lounges — 104 new units added during the year," Gilbert reported. He added that there is a critical need for a minimum of 75 more. "A year ago USO Camp Shows, Inc. was just beginning to send out entertainers. Today that agency is sending out one troupe a week, routing shows through all areas where our servicemen are stationed. To sustain the morale of our Armed Forces, one thousand performers in 80 units are now entertaining troops in Europe, North Africa, the Northeast Air Command, Alaska, the Aleutians, Korea and Japan," Gilbert continued.

Gilbert is heading up an appeal in Texas for \$740,896 — this state's portion of the national United Defense Fund goal of \$17,244,585. His campaign vice-chairmen are John P. Butler of Midland, Lawrence R. Hagy of Amarillo, George M. Irving of Houston, W. A. Pounds of Tyler and Forrest M. Smith of San Antonio.

A major portion of the Texas goal, as in 1951, will be included in Community Chest campaigns throughout the state this fall.

Crop Outlook —

From Page One

ties, the crop was mostly a failure, with some baling and grazing underway. Harvest of fair to good yields continued in central and southern counties. Corn harvest was starting in southern and southeastern counties. Rice prospects remained very favorable. Peanuts were holding up fairly well in northern counties, although more rainfall would be extremely helpful. Alfalfa harvest continued in western and northwestern areas and harvest of broomcorn in northcentral counties was making rapid progress.

Marketing of commercial vegetables, mainly cantaloups, summer-crop potatoes, and watermelons were active, although harvest of the potato crop was practically finished and shipments of cantaloups were mainly from the small acreage in the Pecos area. Watermelon harvest was nearing completion in many of the mid-season areas, but supplies were expected to be fairly plentiful for another two weeks.

Dry, short range and pasture feed was being steadily consumed over much of the western two-thirds of the State. In the eastern third of the State, pasture feed was adequate, but the spread of droughty conditions into that area has stopped development. Temporary pastures have been very helpful, but were about gone over much of the dry area and supplemental feeding was being resumed. Marketing of cattle, calves and lambs was very heavy. Goat shearing was starting on the plateau.

A ship rated at 40,000 tons displaces 40,000 tons of water.

AN IMPORTANT ANNOUNCEMENT

ABOUT NEW INVESTMENT ADVANTAGES OF UNITED STATES DEFENSE BONDS!

Four new earning features for your Series E Bonds!

- 1 The Series E Bonds you've bought since May 1 now pay you 3% interest, compounded semi-annually if held to maturity!
- 2 And you can still hold your bonds beyond maturity. The automatic extension privilege applies not only to the new Series E Bonds, but also to all old ones — and every unmatured bond you own earns higher interest for the extended period!
- 3 The Series E Bond is a better investment than ever — it has improved interest terms in the early years — and interest starts after six months.
- 4 The annual purchase limit is doubled — now \$20,000 maturity value. Now, invest more in Series E Bonds — through Payroll Savings where you work, or the Bond-a-Month Plan where you bank.

New Series J and K Replacing Series F and G!

Series J — a new 12-year appreciation bond, available in denominations of \$25 up to \$100,000, sold at 72% of par value. It pays 2.76% compounded semi-annually if held to maturity, and is redeemable after six months. Annual limit of \$200,000 jointly with Series K Bonds.

Series K — a new 12-year current-income bond available in denominations of \$500 up to \$100,000. Annual limit of \$200,000, jointly with Series J. Pays interest semi-annually by Treasury check at the rate of 2.76% per annum. Redeemable after six months from issue date at stated redemption values. Full details of the new Series J and K Bonds are available at any Federal Reserve Bank or Branch.

And Beginning June 1, a New Series H Bond!

A new current income bond, available in denominations of \$500 up to \$10,000, paying 3% interest if held to maturity (interest paid semi-annually by Treasury check). Annual purchase limit, \$20,000. Details of the new Series H Bond are now available at your nearest Federal Reserve Bank or Branch.

NOW EVEN BETTER... INVEST MORE IN DEFENSE BONDS!

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

Maryland Club Coffee

the coffee you'd drink if you owned all the coffee in the world!

IT'S THE LAW in Texas

How may a purchaser determine whether the title he is receiving in a real estate transaction is good, bad or indifferent? Although at first glance there may appear to be more than one alternative method, we shall see in this and later columns that all roads of complete title security lead to a lawyer chosen by the prospective buyer to represent his interests.

In a previous column it was said that the Contract of Sale should state the QUALITY OF TITLE to be conveyed to the purchaser. If the contract does not so state, then the seller may be obligated to sell — and the purchaser bound to buy — only whatever title the seller happens to possess, which may actually be quite defective. This may be true in spite of the fact that the seller is in possession, has a deed to the property, has been paying taxes, etc.

A real estate title is a claim of ownership or right to land and to the improvements, such as houses and other structures, located thereon. It may be partial or complete, as determined by the numerous facts in each case. If it is complete and superior to any other person's claim — if you can prove your right thereto against all the world, it is a GOOD TITLE. If, in addition, the evidence of your claim of ownership is contained in the proper

public records, it is a GOOD RECORD TITLE. Ordinarily, only a GOOD RECORD TITLE is considered salable, being sometimes referred to as a GOOD MARKETABLE TITLE.

Having made certain that your contract of sale indicates the exact nature of the title to be conveyed to you by the seller, how do you go about assuring yourself that you will receive the specified quality of title? People have varied ideas about this matter.

Some consider themselves safe when they gain possession of an Abstract of Title or a General Warranty Deed. We have previously seen that an Abstract is merely an outline of public records on the tract of land — a history of the title — which anyone may purchase, regardless of ownership. Possession of an Abstract does not indicate that you own the land described therein, any more than possession of a History of Texas means that you own the entire state.

A General Warranty Deed from a responsible seller is comforting to have, but is a poor substitute for a careful title examination. True, it entitles you to sue the seller for damages caused by defects in the title. But serious title defects may not come to light until after the seller is dead, has moved to an unknown address, or is bankrupt.

Safer procedures include your attorney's examination of the Abstract tendered by the seller, and the purchase of a Title Insurance Policy which names you as the insured. This latter method also involves an attorney's examination which must be paid for by either buyer or seller (as specified in your Contract of Sale) along with premium charges and other items. Both of these routes will be further explained in columns to follow.

Paul Bell Circle Meets At Church

The regular meeting of the Paul Bell Circle of the First Baptist Church was held Tuesday, August 5, at the church.

Mrs. W. L. Hussey opened the meeting with prayer and gave the devotional from Proverbs. The assignment for the month is to furnish refreshments for the R.A. boys. Mrs. R. D. Guthrie, W.M.U. President, gave a report on the W.M.U. social held last week.

Mrs. Cole brought the lesson on Community Missions and Mrs. Guthrie closed the meeting with prayer.

Those present were Mrs. W. L. Hussey, Mrs. C. P. Cole, Mrs. J. T. Richardson, Mrs. W. C. Clements, Mrs. A. D. Taylor, and Mrs. Guthrie.

Party Honors Gene And June Thetford

Gene and June Thetford were honored with a party Monday at their home in celebration of their birthday.

Several games were played on the lawn after which the group entered the living room and opened the gifts for all to see. Refreshments of ice cream and cake were served.

Those attending were Sandra Rylee, Shirley Cozart, Jane Notgrass, Sandra Thetford, Coretha Anderson, Sherry Lee, Julia McCantles, Norris Busby, Dale Bradley, Pat McCantles, Butch Thetford, Jerry Smith, C. L. Thetford, Mrs. C. R. Hightower, Miss Edna Hightower, Mrs. R. L. Cozart, and the honorees parents, Mr. and Mrs. J. E. Norris, Jr.

RECIPE OF THE WEEK

By Mary Lee Taylor

Pineapple Upside-Down Cake

Broadcast: March 29, 1952

3 tablespoons butter 1/2 pkg. white cake mix (see note)
1/2 cup brown sugar 1/4 cup Pet Milk
6 slices canned pineapple, well drained 1/4 cup water

Melt butter in an 8-inch skillet over very low heat. Remove from heat and sprinkle sugar over butter. Arrange pineapple slices on sugar. Let stand until needed. Put cake mix into bowl. Add half of a mixture of milk and water. Beat hard 1 minute. Stir in rest of the milk mixture and beat hard 2 minutes. Pour batter over pineapple. Bake in a moderate oven (375) 35 minutes or until cake pulls from sides of skillet. Remove from oven. Let cake stand in skillet 5 minutes before turning out.

Note: Use well-known brands calling for milk on the package.

You Will Need:
Pet Milk, Canned Sliced Pineapple, Cake Mix.
