

The Gay Philosopher

By J. W. S.

THE FIRST NATIONAL Bank's mural in oils is now complete, the final panel having been added this week with the other above the teller's cages. Artist Randy Seteffen put the finishing touches to the last panel over the weekend, and after the big panel had been given a few days to dry, it was moved to the bank.

The entire mural tells the history of this section of Texas — 100 years of it. Everybody is amazed and stares long at the scene. Out-of-town visitors are particularly impressed. Frequently, total strangers drop in to see the paintings. They report having heard about the pictures and wanted to see for themselves. Artist Seteffen's reputation as a muralist in oils will certainly suffer from this fine work. Its value as a work of art is considerable, and it will grow in the years. Already, the bank has been invited to show it as an art exhibit in Austin. But an invitation was declined due to the hazards involved in moving such a large painting.

President Charles Spears of the bank did much research on the subject of early Central Texas history and had a big part in planning the mural.

This fine work, which Mr. Seteffen considers his very best, will attract hundreds of visitors and artists. And we believe they'll like what they see. In commissioning Mr. Seteffen to do this painting, the bank has made a noble contribution to art and to all in Cisco.

THIS IS TO say Happy Birthday to many happy returns to Mrs. F. O. Schaefer of Route 2, Cisco. She celebrated her 77th birthday on Wednesday, the 24th. Friends and neighbors honored her with a surprise party and presented her with many valuable and useful gifts. Birthday cake and punch were served. And Mrs. Schaefer says "many thanks to my friends."

THEY'RE ALL SET for a free party for all members and families at the Cisco Country Club on Saturday night. The club will have appeal, we're sure. All the members need bring themselves. We'll bet there's a good crowd and good food.

MR. ROY CAMFIELD, the middle man who lives down on E. is well on the way to making a good pecan crop, our folks report. Roy has 20 or so acer-shell pecan trees around his house and garden, and the crop looks good. He has planted the trees a bit this past summer from his new water well. Mrs. Burketts and Mahans.

MOSLAH TEMPLE'S widely known canters, a choir of between 30 and 40 voices, will be on October 14 to present a program at the First Methodist church, Col. Will Reagan tells. This fine organization offers a variety program — everything from barber shop choruses to the blues. Col. Reagan suggests a concert Oct. 14 on your calendar and get ready for some top entertainment.

MR. RAY JUDIA reports an interesting battle he witnessed the other day between a hawk and a rattlesnake. When he looked, he saw a big hawk on the ground. In a few minutes, the hawk flew off with a rattlesnake held firmly in his claws. Ray reports that the snake must have had a dozen rattles.

Ray reports that a few fish have been taken from Lake Cisco since the rain. Catfish are biting these days.

SOMETIMES WE get kind of tired of the magazine articles about Texas and Texans. Coronet magazine has a piece in the current issue entitled "That Mysterious Land Called Texas."

One item in the article says "Texas, you never seem to see anybody but rich millionaires and poor millionaires. There must be somebody in Texas who is behind in his rent and down on his luck, but they keep him out of the barn."

Ray don't know what else the article said. We quit right there.

HE'S HAD IT!—Marine Pfc. Walfrid O. Walkama, of Menasha, Minn., is shown sleeping heavily among machine guns and automatic weapons after three days and four nights of fighting on Bunker Hill in Korea. His company was relieved by another company, and the men dropped their gear and fell into an exhausted sleep wherever they could find a place to lie down.

Farm Platforms Are Compared By Regional Agency

Comparison of statements in the national platforms of the two major political parties pertaining to spending for agriculture have been compared by the West Texas Chamber of Commerce public information department.

Without comment or interpretation, the statements in the platforms on this subject are, briefly, as follows:

Democratic platform:
Promises to: (1) continue a mandatory price support program "at not less than 90 per cent of parity;" (2) "practical methods of extending price supports to other storable and to producers of perishable commodities;" (3) "continue to assist farmers in providing abundant and stable supplies of agricultural commodities for the consumers at reasonable prices;" and to "assure farmers the opportunity to earn a fair return."

The party pledges to continue agricultural adjustment and crop insurance programs and to extend soil conservation, flood control and agricultural research program. It declares it will provide adequate storage facilities for farm products.

Republican Platform:
Promises: (1) a farm program "aimed at full parity prices for all farm products in the market place;" (2) a program of commodity loans on all non-perishable products without restricting the farmer's ability to produce; (3) expanded soil conservation and flood control programs "under local control;" (4) expanded agricultural research and education; (5) extension of rural electrification and communications (telephones).

The platform also promises to "make more efficient the operation of the Department of Agriculture."

COUNTY PLANS TO ISSUE \$40,000 IN WARRANTS FOR ROAD PROJECT

The Eastland County Commissioners' Court has announced that it expects to pass an order at the regular meeting on October 13 authorizing the issuance of time warrants in an amount not to exceed \$40,000 for use in purchasing right-of-way. A legal notice pertaining to the warrants appears elsewhere in today's edition of The Press.

The time warrants would bear interest at the rate of four per cent or less per year, and would mature at such times as may be fixed by the Commissioners' Court. The maximum maturity date would not exceed 18 years from date of issuance.

The warrants would be issued by the court as needed, it was pointed out, and not all at one

Castor Bean Hulling Plant In Operation

Doyle Burchfield, manager of the Cross Plains PMA Castor bean hulling plant, said that the first hulling season was in full swing and that over 50,000 pounds had been hulled at the Cross Plains plant so far.

He said that the yield was varying from 50 to 200 pounds being reported per acre. The bean brings 10 cents per pound.

Castor beans make two crops per year and it was expected that late rains would aid greatly the yield on the later crop.

Cisco Student Helping Arrange Engineer's Meet

NORMAN, Sept. 26.—Eddie Jackson, Cisco, a student at the University of Oklahoma, is helping with arrangements for the Tau Beta Pi Association convention to be held at OU.

The forty-seventh convention of the national engineering honor society will be at OU October 2, 3 and 4. Delegates from 90 chapters have been invited to attend as guests of the OU Oklahoma Alpha chapter.

Official headquarters for the sessions will be in the OU Memorial Union. Delegates will be housed in Woodrow Wilson Center on the campus.

Convention business will include consideration of petitions for new chapters at Fenn College, Cleveland, Ohio, and at Ohio University, Athens. Members also will take part in chapter project discussions.

Eddie is the son of Mr. and Mrs. E. L. Jackson of Cisco. He completed work for his bachelor's degree last spring and now is working on his master's degree. He is a Naval ROTC student and is serving as a part-time instructor in the University's Engineering School.

Over Billion Is Needed To Make Highways Safe

AUSTIN, Sept. 26.—Texas needs \$1,570,000,000 to bring its highways up to adequate standards of safety and utility, according to recent studies of the State Highway Department.

This program would permit completion of the present farm-to-market road system of 35,000 miles, with all gaps and fillers, at a cost of \$22,862,000 according to the Texas Good Roads Association, which is sponsoring a movement for the modernization of the entire state's system.

This almost equals the \$289,896,000 needed for the primary system. Arterial highways would amount to more than \$1 billion.

It would take more than \$2 billion to replace the present highway system of Texas, which totals approximately 44,000 miles. Present highway income is slightly in excess of \$100 million annually from gasoline tax and automobile registration fees. Maintenance work requires almost half of that amount, leaving insufficient funds for complete modernization of roads.

Texas has always used a pay-as-you-go system, which means there is no debt against its highway system.

50-50—While making a movie near Durango, Colo., actress Janet Leigh got a chance to see a lot of lovely scenery. The surrounding territory also had an opportunity to get a good look at Janet, and that should have evened things up on both sides.

Game Warden Is Speaker At Club Luncheon Meet

State Game Warden M. S. Dry of Eastland, Erath and Stephens Counties, told of the efforts of the State Game and Fish Commission in the conservation of wildlife in a talk at the Cisco Rotary Club meeting at the Hotel Victor Thursday.

Mr. Dry first told of the physical organization of the commission and how the operations were handled. He said that he was one of 170 game wardens in Texas who were striving, through enforcement of the laws set by the commission and the state legislature, to conserve wildlife so that all citizens of the state might have the opportunity of enjoying it.

He issued a plea for cooperation with the department by the law abiding citizens in an effort to stamp out violations and stressed the need for cooperation on the part of courts in assessing heavy fines for violations as a means of aiding in the fight.

Mr. Dry told of some of his experiences while serving as warden, and in answer to a question he said that there were enough deer in Eastland County to care for all hunters if laws were observed. He said that the deer population in the county was high and only the people who disregard the rights of others were responsible for the fact that the deer hunting in the area was not as good as in other areas. He said that night hunters and those hunting out of season were depriving the sportsman of his right to hunt in his own area. He said that he had the names of several of the law breakers, some from Cisco, and that they were being watched closely.

The program was in charge of Rotarian Haywood Cabanesh who introduced Mr. Dry.

Visitors at the meeting were Rotarians Charles Freyschlag of Eastland and John Barton and Tommy Connerly of Abilene. Another visitor was L. E. Henry of Eagle Lake.

Lobo 'B' Eleven Loses 18-6 Game At Chesley Field

The Cisco High School Lobo "B" team, playing against a considerably heavier and more experienced club, lost an 18-6 decision of the Comanche High "B" team in a football game at Chesley Field Thursday night. Several hundred fans saw the contest.

The Lobo machine, which showed plenty of offensive drive and a stout line against Dublin the week before, couldn't seem to get started against the heavy Comanche line.

The lone Cisco touchdown came in the third period when Tackle Edward Bernie intercepted a Comanche pass on the Indian 10 yard line and sprinted 10 yards untouched to score.

Comanche scored a pair of touchdowns in the first half and one in the third quarter. The first touchdown was via a 17-yard pass play. The next score was a 32-yard run, and the final score was the result of an end sweep of 36 yards.

The Lobo backfield was made up of Tommy Reynolds at quarterback and Buck Whitehead, Harold Phippen and John Carlisle. The starting line included Ronny Qualls, center; Joe Wayne Farrow and Leonard Simmons, guards; Edward Bernie and Kenneth Penn tackles, and Bill Miller and Levere Adams at ends.

A dozen or more other Lobo players saw action.

Cisco	Comanche
7 first downs	10
5 passes attempted	13
5 yards passing	94
1 passes intercepted	0
6 for 30 punts	4 for 30
147 yards rushing	230

Paint Demonstration Planned By Rockwell

Factory representatives of the Sherwin-Williams Paint Company will be in Cisco Saturday for a demonstration at the Rockwell Bros. & Company lumber yard at 107 East 5th Street, it was announced today.

The public has been invited to bring any painting problem to the lumber yard during the day.

Outcome Of Hansen Wildcat Is Due Soon; New Tests Slated

IT'S A PLEASURE!—Squeaky, a pet squirrel in Sherman Oaks, Calif., is almost doing a jig of happiness as he gulps down one of his six meals a day. Bruce Everett, 12, doing the honors, found Squeaky and his four little brothers after a dog had made orphans of them. Bruce boarded out the other squirrels to friends, but he's making a home for his favorite.

MIDGETS LOSE 7-6 DECISION TO EASTLAND IN OPENING CONTEST

The Midgets of Cisco Junior High School outfoiled the heavier and more experienced Eastland Junior High School Doggies to hold them to one touchdown Thursday night on the Eastland field and to lose by the narrow margin of 7-6.

The Midgets, playing their first game, showed their inexperience but made up for it in fight. The Midget offense was weak and the pass defense leaked badly but the stout play in the line and in the secondary held their weighty opponents to 60 yards on the ground while they were making a total of 87. Most of the yardage was picked up by Bing Lipse, diminutive quarterback, on sneaks around end. On that particular play the blocking was good and it went for good yardage on every attempt.

The Eastland team showed poise and experience in handling the ball on the T. Their passing attack clicked for several good gains and was responsible for the only Doggie tally and for the extra point that spelled defeat for the Midgets. A fumble by the Midgets on their own 20 yard line gave Eastland the ball on the last play of the first quarter. The fumble cost the Midgets a touchdown and the game. On running plays and passes the ball was worked to the two yard line where a pass over the line was good. A pass play was good for the extra point.

An Eastland pass late in the second quarter backfired when David Ewell intercepted on his own 40 yard line and went 60 yards for the score. An attempted buck over the line for the extra point failed and the Midgets trailed one point as the half ended. Cisco threatened again in the third quarter when they took the ball at midfield and worked it to the 20 only to lose possession on downs.

The defense play of Gray and Trigg at ends, Jackie Reynolds and Ralph Berry at tackles, Larry McCannies at guard and Ewell, Lipse and Herbie Gallegos in the secondary looked good. Other

linemen showed up well against their bigger opponents. Seeing action in the game were Gray, Johnny Trigg, Reynolds, Berry, Marshall Simmons, Gene Courtney, Harold Donica, John McCannies, Larry McCannies, Bobby Cluck, Ronnie Edwards, Ewell, Don Price, Gallegos, Lipse, Ronnie Fleenor and Tuffy Carlisle.

Cisco	Eastland
8 first downs	12
85 yards gained rushing	60
10 passes attempted	25
1 passes completed	11

TWO FOOTBALL TEAMS DEPART FOR ROTAN, UVALDE CONTESTS

Two Cisco football teams left town today for football games Friday night in Rotan and Saturday night in Uvalde. The Cisco High School Lobos departed at 2 p. m. by school bus for the Rotan game. The Cisco Junior College Wranglers left at 11 a. m. by chartered bus for a conference game at Uvalde at 8 p. m. Saturday.

The Lobos were in good spirits and comparatively good physical condition as they departed for the 115-mile trip. The kickoff at Rotan is scheduled for 8 p. m. Friday.

At 3:30 p. m., two school buses were to depart from the high school, carrying the Lobo band and cheer leaders. Scores of students and fans were expected to make the trip by auto.

Coaches Jack Everett and Jay Williams and 24 Lobos were in the traveling squad. The team held a light drill Thursday afternoon for a final look at Rotan plays as setup by scouts and for a complete review of the offensive weapon, stressing the passing game.

The starting lineup will be about the same as it was last week. The traveling squad in-

Drilling Activity Increase Is Noted

Outcome of the Connally-Jackson No. 1 Albert A. Hansen, wildcat oil test three miles northwest of Cisco, was expected to be determined this weekend, it was reported today. Several new projects have been announced for the Cisco area during the past few days.

The Hansen well was testing in the Lake Sand at noon today. It was reported that the sand was topped at 3,648 feet and a nine-foot section was being tested. Results were not available at noon. Observers believed the wildcat would be deepened to other potential pay horizons if the Lake Sand failed to yield oil.

The Hansen tract is located just west of Lake Cisco in Section 501, SP Survey.

Two new tests were announced today for the area southwest of Cisco where development activities have been at a standstill for several weeks. The KLB Drilling Co., Wichita Falls, will drill their No. 1 Albert Weed as a wildcat six miles southwest of town, and the Woodson Oil Company of Fort Worth spotted a test south of Nimrod.

The KLB test will be a 4,000 foot project 990 feet from the north and east lines of Section 102, Block 3, T&N Survey.

The Woodson company will drill their No. 1 E. L. Jennings as a 3,300 foot test 1,263 feet from the north and 330 feet from the east lines of the west half of Section 6, EL Survey.

Ralph Lowe of Midland has spotted his No. 1 R. B. Armstrong as an Ellenburger test three miles north of the Pioneer Field in Eastland County. Location is 1,500 feet from the east and 800 feet from the north lines of the Sam Damron Survey. Permit calls for 3,850 feet.

The KLB Drilling Company has made location for a West Cisco Lake Sand Pool test as their No. 1 Dittmore Land & Cattle Company. This is a near offset to the Connally-Jackson No. 2 Theresa Weddington, now drilling at about 1,750 feet in the area.

Country Club Plans Dinner For Members

The Cisco Country Club will serve dinner to all members and their families at 7:30 p. m. Saturday at the club, according to an announcement today. The dinner has been planned and arranged by the entertainment committee.

Members of the committee include Mr. and Mrs. Jack Hailey, Mr. and Mrs. Carl Lamb, Mr. and Mrs. Joe Lambert and Mr. and Mrs. Edward Lee.

All members and their families were urged to attend. There will be no charges for the dinner.

Scholarships Awarded Two Women By National Tuberculosis Ass'n

AUSTIN, Sept. 26. — Two young women dedicated to the proposition that tuberculosis need no longer put its victims permanently on the shelf of inactivity and financial dependence have enrolled in two Texas colleges under scholarship awards of the National Tuberculosis Association.

While she was serving in her chosen field with the American Red Cross in military hospitals overseas during World War II she was assigned to a 1000-bed TB hospital in the Philippines. There, her foe struck back.

During her rigorous schedule of ministering to the cure and rehabilitation of patients laid low by this silent killer, it was discovered she had contracted the disease.

Mrs. Matthews is demonstrating her own victory over tuberculosis in a forthright way. Last spring she completed her first year of graduate training for medical social work at the Worden school.

At TSCW, 24-year-old Virginia Oliphant is matriculating with an NTA scholarship in occupational therapy tucked snugly between her books.

A native of Virginia but for several years a resident of neighbor-

NATIVE COSTUME—A farmer's wife in Triberg, Germany, warms her back on a native stove as she knits straw that will be used to make baskets. Living in the Black Forest region as she does, she wears a costume typical of her locality where clock and watchmaking are an old art and industry

ing Louisiana, Miss Oliphant chose the Texas school "because," she says, "I was impressed by the well organized program of study in occupational therapy and found the moderate fees attractive."

Completing the regular term she will attend the summer session before entering a year's clinical work required in the grant. At Louisiana State University where she earned a degree in Art Education, Miss Oliphant decided to apply her training to aid hospitalized and handicapped persons.

Her interest swung to work with TB patients, she notes, when she "read Hudson and Fish's book on Tuberculosis and Occupational Therapy." The fellowship from

the National TB Association resulted.

As the death toll of tuberculosis is pushed downward efforts of workers in this field are being released toward reducing the great economic losses sustained by victims of the disease, their families and communities. The TB association in its educational grants emphasizes the need for trained workers to assist patients in returning to active, productive lives once the onslaught of the deadly germ is halted. Part of the national TB control program scholarships are made possible by the annual sale of TB Christmas Seals.

Both women look to putting their training to work in Texas. Mrs. Matthews as a resident of the state is acutely conscious of the demand for medical social workers in its TB hospitals.

Convinced that former tuberculosis patients can be of special help in rehabilitating others, she chose to work directly with these ill persons in easing the burden of family responsibilities and speeding their return to self-supporting activity.

She chose the Worden school, she says, because its location offers opportunity for supervised work with hospitalized TB patients and affords the chance for research on tuberculosis problems in Texas.

She received her B.A. degree at the University of Nebraska where she was elected Phi Beta Kappa for scholastic excellence and has a Master of Arts degree in English from Southern Methodist University, Dallas.

NOTICE OF INTENTION TO ISSUE ROAD AND BRIDGE WARRANTS

THE STATE OF TEXAS: COUNTY OF EASTLAND:

NOTICE IS HEREBY GIVEN that it is the intention of the Commissioners Court of Eastland County, Texas, to pass an order at the Regular Term of Court on October 13, 1952, authorizing the issuance of interest bearing time warrants against the Road and Bridge Fund of said County in an amount not to exceed \$40,000.00, bearing interest at a rate not to exceed four (4%) per cent per annum, and maturing at such times as may be fixed by the Commissioners Court, serially or otherwise, with a maximum maturity date not to exceed eighteen (18) years from their date, for the purpose of paying claims to be incurred in purchasing right-of-way for public roads in the County, and incidental expenses in connection therewith and constructing permanent road and bridge improvements in the County.

GIVEN PURSUANT to a resolution adopted by the Commissioners Court this 22nd day of September, 1952.

JOHN HART County Judge of Eastland County, Texas

Mr. and Mrs. Olin Lewis and daughter, Nancy, of White Face, Texas, are visiting in the home of Mr. and Mrs. J. T. Waddell.

Mrs. Winona Lanham and son, Mike, visited in the home of Mr. and Mrs. B. E. Louder in Dallas Wednesday.

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

Baptist Circle One Has Meeting Tuesday

Circle One of the First Baptist Church met Tuesday in the home of Mrs. W. D. Hazel for a one o'clock luncheon and the last meeting of the year. The invocation was given by Mrs. A. R. Day.

Mrs. J. E. Burnam presided over the business session in which routine business was transacted. Following the business session, the study book, "Guide for Community Missions," was finished.

Those attending were Mrs. J. E. Burnam, Mrs. C. A. Farquhar, Mrs. Adrian Allen, Mrs. E. L. Jackson, Mrs. Jay Warren, Mrs. F. Ashenhurst, Mrs. A. R. Day, and the hostess, Mrs. Hazel.

Lutheran Society Has Meeting On Sunday

Mrs. James F. Hennig was hostess in her home Sunday afternoon for the monthly meeting of the L.W.M.L. of Grace Lutheran Church.

The scripture reading and topic were led by Mrs. R. H. Dunning. Following the business session routine business was transacted after which refreshments were served by the hostess to the group.

Those attending were Mesdames Fred Stroebel, W. J. Lange, Ben Wende, Fred Wende, O. Lenz, Ed Wende, Marie Henke, Alex Zander, Carl Stroebel, Clarence Stroebel, Winona Lanham, Paul Weiser, Joe Weiser, J. Weiser, R. H. Dunning, Dorothy Prange, Frank Ziehr, Ernest Reich, and the hostess, Mrs. Hennig.

Rebekah Lodge Holds Meeting On Thursday

The Rebekah Lodge met Thursday evening at the lodge hall for their weekly meeting.

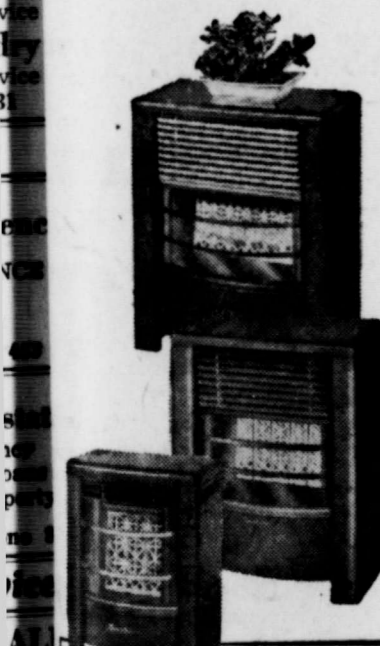

The meeting opened in regular form and routine business matters were transacted. The date of the meetings was changed from 7:30 to 8:00 o'clock. Mrs. Katherine Hines, district supervisor of Baird, was present for the meeting, making her official visit.

At the close of the meeting, cake and punch were served to the group.

HEALTH TALKS

Prepared by the Texas Medical Association

"Yea, team, let's go!" Cheerleaders and players in bright uniforms, a stadium packed with milling rooters, the scoreboard which steadily rolls up the score—all these spell the color and excitement that is football, the king of sports.

Believe it or not, this rah-rah atmosphere can be carried too far.

Highly organized athletic leagues which encourage keen competition among children of elementary and junior high schools have been frowned upon by the country's leading medical and educational groups. These experts remind parents that they want their children to have the best possible program of physical and health education which can be worked out by the joint thinking of all of the interested professions. Yet these same parents reject the facts which have been learned from study of children in the first nine grades: that these youngsters should be allowed "to grow up without the unnecessary emotional and physical strain of playing gladiator in the public arena."

The ideal physical education program in schools allows a "well rounded program of instruction for all children, and for as many as possible an interesting, extensive program of intramural competition in team, dual, and individual sports, supplemented by sports days and play days," according to a recommendation of the Society of State Directors of Health, Physical Education and Recreation.

This group and similar organizations believe that interscholastic leagues should be limited to senior high schools and that interschool activities for junior high school pupils should consist of only occasional meets or games. Instead of all-American football for junior high school boys, they advise an enlarged program of intramural activity.

A well planned physical education program for children in the first nine grades of school will do much to build good emotional and physical backgrounds. These young people should not be encouraged, however, to give their all in winning the game to possible harm of their future health.

Road Committee Studies Program

ABILENE, Sept. 26. — The West Texas Chamber of Commerce highway policy committee will not make any recommendations on division of funds for construction of various classes of highways, or any method of creating additional state funds the highway department may need.

So stated Virgil P. Patterson of Amarillo, chairman of the committee.

Patterson said he wanted to emphasize that point because the WTCC has heard that reports have been circulated in several places that the organization will "take sides" in highway matters during the next session of the legislature.

"This report is not merely unfounded; it is in direct contradiction to the firmly expressed policy of our committee," said Patterson.

He said the committee will devote all of its activities to making an inventory of highway needs and conducting a public information program on the whole problem.

Patterson said Governor Allan Shivers has declared he will appoint a state-wide committee to advise him before the legislature convenes.

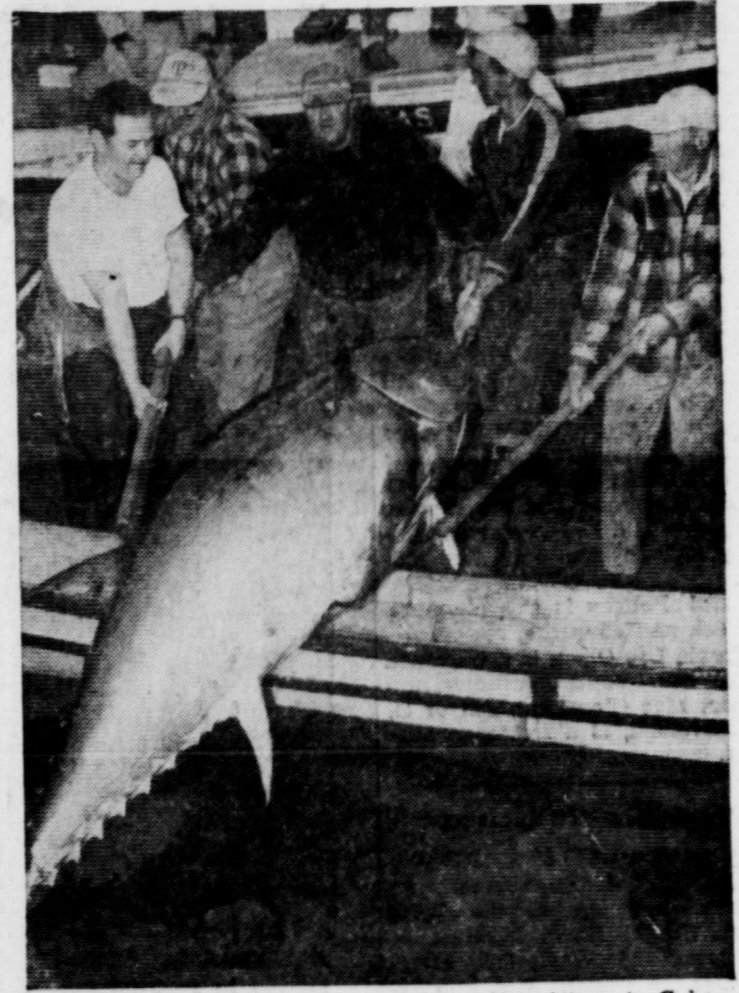

"We will try to be in position to give the governor's committee a complete picture of our West Texas highway needs—from big city expressways to farm roads—and that is all," said Patterson.

Mr. and Mrs. J. C. Hunter of Midland were expected today for a few days visit with Mr. Hunter's sister and husband, Mr. and Mrs. Raby Miller.

Mrs. M. P. Farnsworth, Mrs. W. F. Walker, Mrs. C. E. Whitmire, Mrs. Joe Conn, and Mrs. C. P. Cole attended the 69th annual associational meeting of the Baptist W. M. U. in Eastland Thursday.

IN PURSUIT OF TUNA

THE START—Boats of the tuna fleet are shown heading for the fishing grounds off Wedgeport, Nova Scotia, in the recent Tuna Cup Match, top photo. Commander Duncan M. Hodgson, Montreal, Canada, nears the end of a struggle that netted the British Commonwealth team a 303-pound bluefin, below. The fish can be seen breaking water as it struggles near the boat.

THE FINISH—Here's the fish that brought victory to Cuba. Its 600 pounds were just what the Cubans needed to head off the U. S. anglers, who finished in second place. The champion angler of the contest was Ramon del Collado, left, of Havana, the only fisherman to catch two bluefins.

Nunnally Re-Elected By Rising Star Post

J. H. Nunnally was reelected commander of the Bob Bishop post of the American Legion in Rising Star recently.

Mr. Nunnally was elected to serve his eighth consecutive term as post commander and was given a vote of thanks for his service.

Other officers elected were John Shultz, vice commander; George Steel, second vice commander; R. C. Moore, Jr., adjutant; Lane Wells, finance officer; B. B. Morris, child welfare officer; Norman Ray, chaplain and Charlie Walker, sergeant at arms.

Commander Nunnally announced that the annual membership drive would begin with a barbecue supper at the Legion Hall on October 20.

STAND MAKES MONEY

The Rising Star P-TA reported that the club netted \$58.25 from the concession stand at the opening game of the 1952 football season in Rising Star last Friday when the Bulldogs lost to Early High School 32-6. The money will be used in paying for equipment for the band.

Superintendent Sam Jones said that the Rising Star schools netted \$190.35 from gate receipts.

The emerald is the softest of all precious stones.

Eight Ciscoans Enrolled At HP

Eight students from Cisco have enrolled at Howard Payne College for the fall semester. F. C. Bradley, Jr., a Bible major, is a graduate student. Seniors include Marshall Odis Ervin, a Bible and business major; and Carole Phippen, daughter of J. L. Phippen, an art and secretarial training major. Miss Phippen is a member of the Student Council and the Yellow Jacket Band. Juniors are: Clyde Laverne Cearley, a transfer from Decatur Baptist College, and elementary education major; and Pat Phippen, daughter of I. H. Phippen, a secondary and physical education major. Carol Pelfrey is a sophomore English and education major. Jackie Lee Clack is a freshman English and education major, and Robert Mac Cleveland, son of G. S. Cleveland, is a freshman student.

Mrs. Killingsworth Is Room Mothers' Leader

Mrs. Roy Killingsworth was named chairman of the West Ward School Room Mothers as the group met Wednesday afternoon at the school. Mrs. Bob Ellison was elected secretary. The room mothers voted to hold Thanksgiving and Easter treats for the children during the school year. Plans for the annual Hallow'en Carnival were discussed. The event will be held on Saturday night, Oct. 25, at the West Ward School. A feature of the program will be the selection of the annual carnival queen. Details of the carnival will be announced at a later date.

Among those attending the Seminar of the W.S.C.S. in Eastland recently from the First Methodist Church in Cisco were Mesdames J. W. Slaughter, E. H. Lightfoot, Leslie Seymour, B. E. Morehart, S. H. Nance, D. P. King, George Davis, Carrell Smith, Chesley Tipton, Paul Wood, and J. W. Harlin.

Mr. and Mrs. Robert Hammett and baby of Dallas are expected for a weekend visit in the home of her parents, Mr. and Mrs. F. E. Shepard.

Mr. and Mrs. J. W. Shepard and children, Linda and Jimmy, of El Paso were expected today for a two week's visit in the home of his parents, Mr. and Mrs. F. E. Shepard.

ALWAYS WITH HIM—When the New Zealand cruiser, Bellona, arrived in Portsmouth, England, seaman Vivian Hata, of Gisborne, N. Z., proved he wasn't forgetting the "girl he left behind." He carries her picture in his cap. Hata, whose Maori name is TeWhiwhi, decorated his face for a "Haka" dance of welcome which was performed by the Maori members of the crew.

The Next Best Thing -
... to a clear conscience and a good night's sleep is the feeling of security in owning your own home with a clear title. Peculiar to the real estate field values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then becomes the most important item to be considered when purchase of real estate is contemplated. So be careful to buy only good titles based on an abstract of title.

RECIPE OF THE WEEK
By Mary Lee Taylor
Barbecued Corn and Meat Balls
Broadcast: January 5, 1952
1 lb. ground lean beef
1/2 cup rolled oats
1 1/2 teaspoons salt
few grains pepper
1/2 cup Pet Milk
2 tablespoons flour
1 teaspoon paprika
2 tablespoons hot fat
1/4 cup finely cut onion
1/4 cup bottled barbecue sauce
1 1/2 cups water
No. 303 can drained, whole kernel corn
Mix beef, oats, 1 teaspoon salt, pepper and milk thoroughly. Dip hands in water, then shape mixture into 8 balls. Roll meat balls in mixture of flour, paprika and 1/2 teaspoon salt. Brown in skillet on all sides in hot fat. Add onion and cook slowly 5 minutes. Stir in mixture of barbecue sauce and water. Cover and simmer 45 minutes, turning meat balls now and then. Add corn and heat thoroughly. Serve hot. Makes 4 servings.
You Will Need:
Pet Milk, Canned Whole Kernel Corn, Ground Beef, Rolled Oats, Onions, Barbecue Sauce.
