The Gay Philosopher

By J. W. S.

ONE OF THE MOST unusual announcements we've ever seen came in the mail today. It was a postcard from Gary Lynn Warden, young son of Rev. and Mrs. Chief Warden, and the card contained his picture and the following message:

"Just wanted to call some of my friends and let them know how happy we are that I have a 'sissy.' Dad told me that the way to have more happiness is to share it. So you can see I am dropping you this note from the C. A. Warden family. My little 'sissy' arrived Sept. 1 in the Wichita Falls General Hospital. She weighed 9 pounds and 4 ounces. We named her Elaine."

"Dad is awful busy with his church, Wesley Foundation, and school work, so I hope you will forgive us for not getting you word sooner."

THE MAIL MAN also brought a letter from Mr. and Mrs. Lester Matthews of Urbana, Illinois. Mr. Matthews was science teacher at CJC for the past couple of years and is working on his doctor's degree at the University of Illinois.

The Matthews want The Press to start coming their way. "We are living in Yankee land, but, of course, it isn't like home. Have been trying to find out what they all Southerners here, but so far no luck," they wrote. Mrs. M. is working on the campus as secretary to the Dean of the College of Arts and Sciences. Les is studying and teaching.

A CLEVER IDEA came in the mail from Coleman where the HIS Lobos play this coming Friday night against the Bluecats. Mrs. Robert I. Bowen writes that the St. Mark's Episcopal Auxiliary at Coleman will serve Mexican food — all you can eat for \$2.25 — and "follow your team and eat supper in Coleman." She asked for an ad to be run in the Press for a couple of days telling about it all. Bet they get more takers from our town.

MR. JEFF GREGORY and the boys at the Halliburton Cementing Company have a television set they installed to see football games and such this fall. We asked Mr. Gregory for a report on the success of the project, and he reports that when cooking classes or the like or on the set are perfect. But let a football game come on, the screen comes a snowstorm.

Dr. Chief Brown tells us they're giving pretty good success with their new television set. He recommends television as a good means of getting the children to sleep. After the bath and lessons, the youngsters settle on the front in front of the television at night. And in a matter of minutes they're fast asleep.

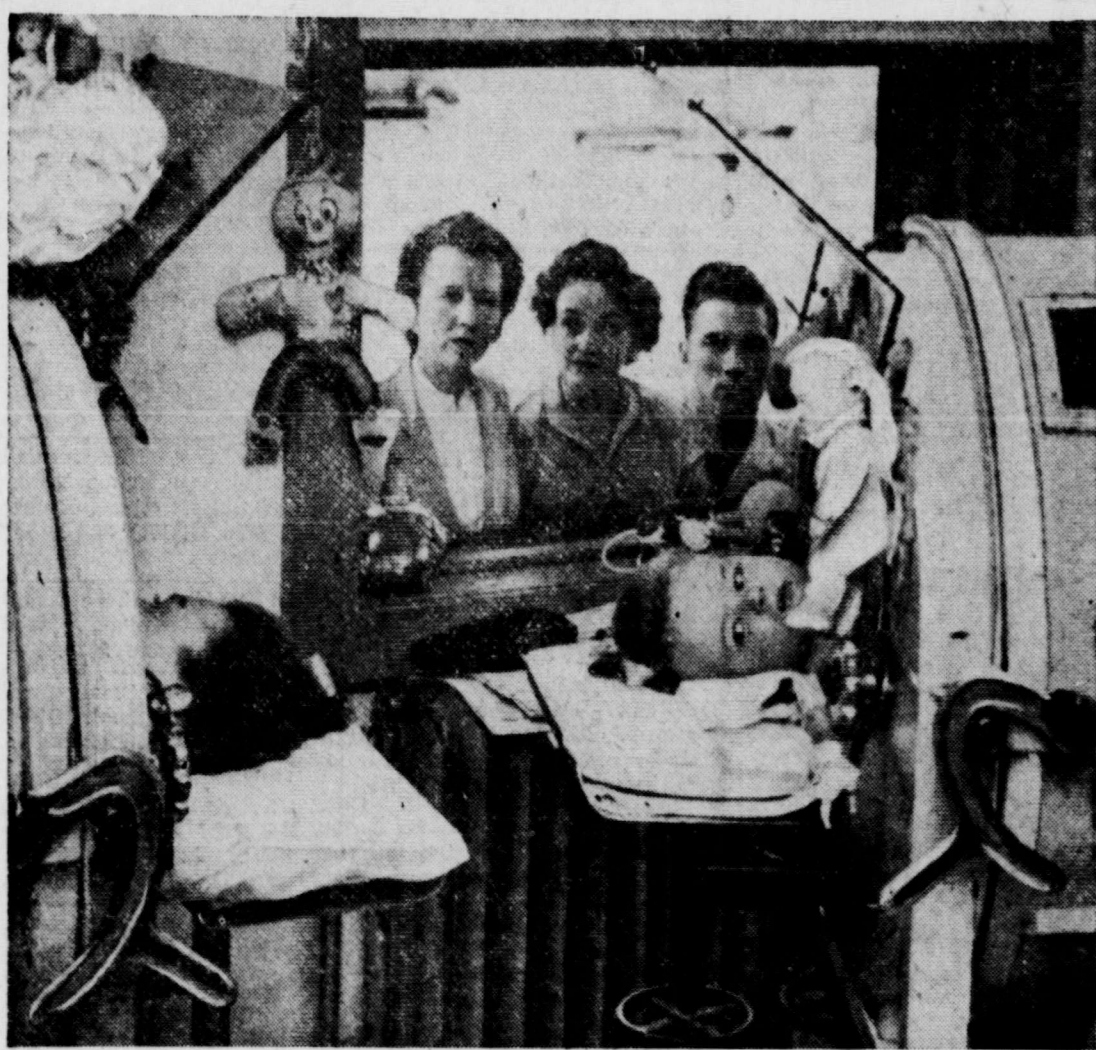

MR. JACK ANDERSON, the Chevrolet man, had to go out on the golf course to find out there's a serious depression covering over the country. A lot of golfers came by while he watched, and he heard one of them remark: "This is the first time in many years that I haven't been able to find enough holes to play golf — never had to buy any before."

THE BIGGEST GROUP of Cisco Country Club members we ever saw turned out to the club Saturday night for a chili supper. President Charlie Cofer counted the people three or four times and didn't get the same number either time, but he figured there were between 80 and 100 members and their families enjoying the event.

Mrs. Cofer, Mrs. Edward Lee, Mr. and Mrs. Joe Lambert, Mr. and Mrs. Carl Lamb and others helped put on the feed, and the menu was very fine. Afterwards, Mr. Bill Hogue was the barker for a bingo game.

MISS GLENA MOAD let us write on her new electric typewriter the other day. We had a lot of trouble. After 15 years of the newspaper business, we've formed the habit of pounding a typewriter. All you do is touch the keys of the electric machines, and the motor does the pounding. We never could write on a noiseless typewriter. It's just too quiet.

Mrs. Lummus Is Laid To Rest In Services Monday

Funeral services for Mrs. W. D. Lummus, 70, a resident of Moran for more than 50 years, were conducted at 3 p. m. Monday in the Moran Baptist Church with the Rev. Joe Allen of Kermit officiating. Burial was in the Moran cemetery.

Mrs. Lummus, who had been dismissed last Friday from the Graham Hospital in Cisco after treatment for an illness, died unexpectedly of a heart ailment at her home in Moran at 4 a. m. Saturday. She had been a resident of Moran since 1899.

Born May 1, 1882, in Oxford, Miss., Mrs. Lummus followed her husband in death by two weeks. The retired farmer and stockman had died while his wife was ill in the Cisco hospital. Mr. and Mrs. Lummus were married in Eastland on November 8, 1899.

Survivors include two sons, Carl Lummus of Ranger and D. C. Lummus of San Angelo; a daughter, Mrs. Glen Cottle of Moran, and five grand children. Also surviving are two brothers, John Fincher of Ruidoso, N. M., and Evan Fincher of Breckenridge and three sisters, Mrs. Alice Hazlewood of Comanche, Mrs. Gertie Greer of Grand Prairie, and Mrs. Prebble Chaney of Moran.

SEYMOUR WILL SPEAK

The Rev. Leslie W. Seymour, superintendent of Cisco District Methodist Churches, will be the speaker for a union church service in Comanche tonight in commemoration of the completion of the Revised Standard Version of the Holy Bible.

Awards For Perfect Attendance Are Presented At First Christian Church

WRANGLERS AND COWBOYS FIGHT TO 6-6 TIE IN UVALDE CONTEST

By Ralph Green and Jack Kisner

The Cisco Junior College Wranglers and the Southwest Texas Junior College Cowboys began their 1952 chase for the championship of the Texas Junior College Athletic Conference crown by battling to a 6-6 tie in their game at Uvalde Saturday night.

It was a nip and tuck battle all the way with the half ending in a 0-0 score. Uvalde broke the tie in the third quarter and scored on a pass play from Bobby Jack Grantland to Bobby Griffin from the Cisco 35 yard line.

Wrangler Player Has Broken Leg

Jerry Cade, Cisco Junior College football player from Trent, suffered a broken left leg in the game last Saturday night at Uvalde. The small halfback, one of the top backfield performers, was injured when several Southwest Junior College players fell on him as he was tackled with the ball.

The leg was broken between the knee and ankle. Cade will probably be lost for the season to the Wrangler squad, school officials reported.

my Latson, Bill Overall, Don Overall, Standlee Clarence McCracken, Tom Choate, Jimmy Choate, and Jack Lucas.

First-year pins went to Leon Cagle, J. H. Latson, Jr., Ace Lucas, Ace Leroy Lucas, Lynda Burzenski, Joe Alsobrook, and Mike Burzenski.

Services during the day were centered around the Bible. The youth groups had a joint meeting in the evening, featuring a display of Bibles, some of which were several more than a hundred years old. One was labeled: "This Bible has been through several tornadoes. Please do not handle." There was one miniature Bible, about an inch square, chained to a miniature pulpit, just like in the old days. The program was attended by about fifty interested adults as well as the young people.

Fire Prevention Week Observance Is October 5-11

COLLEGE STATION, Sept. 30.—Texans have a big stake in the observance of National Fire Prevention Week, October 5-11, since thousands of acres of Texas forests and range burned during the extreme drought this summer. The prevention of this waste of natural resource is everybody's business.

Fire Prevention Week was first observed in 1871 following the historic Chicago fire. Since that time October 9 has been recognized nationally as Fire Prevention Day. Personnel of the Texas Forest Service will cooperate with civic clubs, schools, fire departments, and other organizations in the observance of the week.

Forest fires burn millions of dollars worth of property and take numerous lives each year. Last year the damage caused by 3002 forest fires in Texas was estimated at more than one-half million dollars. If there was no organization to control the fires, the damage to timber values would probably have been several million. Even the smallest fire kills little trees. Trees that are vitally needed to supply wood for future generations.

During the current forest fire season, the Texas Forest Service emphasizes the need for the observance of Fire Prevention Week. Forest fires can be prevented by extinguishing camp fires before leaving, crushing cigarette and cigar butts before discarding, holding matches until they are dead out, plowing firebreaks before a field is burned, and burning a field or trash only in the late afternoon when the wind is low.

Revival Meeting Opens Wednesday At Local Church

A short revival meeting will begin at the Church of the Nazarene here at 7:30 p. m. Wednesday, Oct. 1, with the Rev. Austin Moore of Lubbock as the speaker, according to an announcement today by the Rev. D. M. Duke, pastor.

The revival will close Sunday night, Oct. 5. Until Sept. 1, Rev. Moore was pastor of the San Jacinto Nazarene Church at Amarillo.

The public has been invited to attend all services.

Sammy McClure Elected District FFA President

Sammy McClure, vice-president of the Cisco F.F.A. Chapter, was named president of the District F.F.A. at a meeting held in Clyde last week. McClure was elected at a meeting of Future Farmers and their advisers.

Attending the meeting from Cisco were Gerald Bint, president of the Cisco chapter, McClure and James Starr, chapter adviser.

In addition to Bint and McClure other officers of the Cisco chapter include Jerry Weiser, secretary; Arzell Hale, treasurer; Bill Miller, sentinel; J. D. Graham, historian; Freddy Anderson, parliamentarian and Harold Phippen, reporter.

Reporter Phippen said that the chapter members were busy starting their projects for the school year and that the various projects would be announced later.

MOTHERS WILL MEET

The East Ward Mother's Club will meet Wednesday afternoon, October 1, at 2:30 o'clock at the East Ward School. All mothers have been urged to attend.

Fox Hunters Will Hold Annual Meet

The Star Fox Hunters Association will hold their annual meeting on Saturday, Oct. 4, at Rising Star, it was announced today. The public has been invited "to bring your family, hounds and basket supper" at 5 p. m.

Drag races will begin at 10 a. m. for fox, coon and Beagal hounds. The bench show for coon and Beagal hounds will be held during the afternoon. The fox hound bench show will be at 7 p. m. Rosettes and dog food will be given as prizes to the winners.

Curtis Morton is president of the association, and Buck Maples is secretary.

WRANGLERS PLAY ONLY HOME GAME; 3 OUT OF TOWN TILTS

Tickets went on sale in all drug stores and at the school board office Monday for the Cisco Junior College-Henderson County Junior College conference game scheduled for Chesley Field at 8 p. m. Thursday. The Thursday night game will be the only home game played by the Cisco teams this week.

The game Thursday night will be the first the Wranglers have played on the home field since they opened the season with Arlington State on September 13. It will also be the first conference game played at home and the second conference game of the year for the Cisco school.

The Wranglers will be in fair condition for the game Thursday night. They all came through injuries except for J. Cade who received a broken leg.

The Wrangler-Henderson contest will be the only game played on the home field of the four scheduled for Cisco teams this week. Also on Thursday night the Cisco High School "B" team will play De Leon there and the Midgets of Cisco Junior High School will play Moran in Moran.

Ciscoan Serving On Cruiser USS Helena

Among 1400 men serving aboard the heavy cruiser USS Helena on her third tour of duty in Korean waters, is Robert A. Painter, fireman, USN, of 1000 West Seventh St., Cisco, Texas.

The Helena has played a major role in the Far Eastern conflict, pounding enemy supply lines, transportation facilities, and troop concentrations with more than 20,000 rounds of heavy calibre ammunition.

Since being commissioned in 1945, the ship has been on continuous active duty.

THE CRIME REPORT

Over a million major crimes were committed in the United States during the first half of 1952, according to FBI Director J. Edgar Hoover. In releasing the FBI's Uniform Crime Reports semiannual bulletin, Mr. Hoover stressed that the 1,022,200 offenses committed up to the end of June, 1952, indicate a crime toll of well over two million major offenses this year.

The FBI Director pointed out that this estimate of major crimes is conservative, since these figures include only the more serious crimes. He directed attention to the following facts and trends: An estimated 1,022,200 major crimes were committed throughout the nation in the first six months of this year.

On the average day during this period one larceny was committed every 26 seconds, an auto theft every 2.45 minutes, an aggravated assault every 6.23 minutes and a rape approximately every half hour. Every 4.6 minutes there was a crime of murder, manslaughter, rape or assault to kill.

Crime rose 6.4 per cent throughout the United States during the

Urban crime rates, calculated in number of offenses known to the police per 100,000 inhabitants, showed the East South Central States leading the nation with 6.21 murders or nonnegligent manslaughters per 100,000 inhabitants.

More persons aged 18 were arrested during the first six months of 1952 than any other age group, according to arrest fingerprint cards received in the FBI Identification Division. This is a reduction from the preceding year, when young men and women of 23 predominated amongst those arrested.

During the first half of 1952, persons less than 21 years of age represented over 30 per cent of the 95,600 persons arrested for crimes against property, and persons under 25 represented approximately one-half of all persons arrested for such crimes.

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields — 10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-months period each smoker was given a thorough

examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."

RUPTURE

Shield Expert Here
H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Wooton Hotel, Abilene, Sunday and Monday only, October 5 and 6, from 9 A. M. to 4 P. M.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

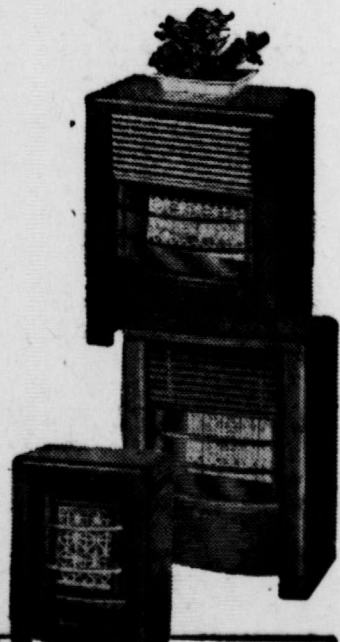

Mr. Shevnan will be glad to demonstrate without charge.

YOUR ELECTRIC BILL IS TOO HIGH

Yes, that's right. Your electric bill is probably a lot higher than it should be due to worn door seals and hinges on your refrigerator. Air leaks around the cabinet door can cause sweating interiors, unnecessary defrosting, food spoilage and excessive running of your refrigerator. Cooler weather does not lessen the load on a refrigerator that is handicapped by worn parts. We have door seals and parts for any make and model. Call Us.

Competition is the life of the

OIL BUSINESS

The demand for oil increases every year. Americans need more oil for more automobiles, for more airplanes, more ships, more high speed locomotives and more of many things besides.

And just as one merchant competes with another for your business, oil companies compete for it, too—for the gallons of gasoline and quarts of motor oil you buy; to supply the ships, the locomotives, the industries, the airplanes.

The competition is intense, and it spreads throughout the industry. Oil companies compete with each

other to find and produce more oil. Pipe line companies vie with each other to develop low cost transportation. Refineries compete to supply more and better oil products. Salesmen compete on the basis of quality products and the service rendered.

It's a good thing, this competition, a healthy thing. It is the life of the oil business; it keeps the industry vigorous, progressive, enterprising.

But its chief benefit is to you and other Americans. Competition within the oil industry discovers and develops a natural resource necessary not only to modern living but to national defense. It supplies you and the country with continuously improved petroleum products; today, two gallons of gasoline do work that required three in 1925, but the gasoline costs no more than it did then.

play before the game ended, and that play was stopped for short yardage.

A big charging Wrangler line led by Bob Cook and Gerald Davis held the Cowboys in check when the chips were down. The line stopped the Cowboys cold when the Wrangler goal was in danger. The pass defense was outstanding. The Wranglers lost their defensive safety for the remainder of the year when Jerry Cade received a broken leg in the third quarter. The accident happened on a punt return after Cade received the ball on a handoff. He was reported as resting comfortably in his room at the school Tuesday.

Need For Men Is Cited By Army

The US Army is intensifying its efforts to gain qualified volunteers by offering more and better enlistment choices, it was announced today by T-Sgt. James Hendrick of the Eastland Recruiting Station (Army and Air Force).

Men with no prior service may, effective immediately, choose one of the following branches or arms of the Army; Airborne, Armor, Artillery, Corps of Engineers, Infantry or he may request assignment to the Far East Command or US Army Unassigned.

"It is felt," said Sgt. Hendrick, "that recent Army policies of fast promotions, choice of arms and assignment, the expanding of Army aviation and officer candidate schools offer almost unlimited opportunity to the young man who is ambitious and wants to get ahead fast."

Mr. and Mrs. Otto Hagaman spent the weekend in Dallas with their daughter, Mrs. J. W. Hildreth and family. They were accompanied home by their grandson, Mark Thomas, for a visit.

Meteorological Aid Job Exam Is Slated

The United States Civil Service Commission today announced an examination for Meteorological Aid positions paying from \$2,950 to \$3,410 a year. Most of the positions are in the Weather Bureau and are located in Washington, D. C. and throughout the United States. Some positions will also be filled outside the United States.

A written test will be given; appropriate experience or education is also required.

Full information regarding the requirements and instructions on applying may be secured from the Commission's local secretary, Sam King, at the Cisco Post Office.

DEMONSTRATION PLANNED

James Starr, agriculture teacher and local F. F. A. adviser, announced Tuesday that there would be a tractor and implement demonstration Wednesday at the F. F. A. farm located just north of the Katy tracks at the north edge of the city limits. The performance will begin at 9 a. m. and all business men and those interested in the demonstration were invited.

TSCW To Observe 50th Anniversary

DENTON, Sept. 27. — On Nov. 6, The Texas State College for Women will open its year-long Golden Anniversary celebration, and state and national officials, leaders of business, industry and agriculture, educators and exes will gather in Denton to commemorate the pioneering work of the college and view its future as an outstanding university for women.

Top state executives and members of the Texas Senate and House of Representatives will be present. More than 11,000 ex-students are on the invitation list. A day-long celebration was planned this week when faculty and students comprising the Golden Anniversary coordinating committee met with President John A. Guinn.

A morning program featuring addresses by nationally-known men and women, a noon luncheon and campus tours and departmental exhibitions during the afternoon were outlined.

Misses Emma and Ella Huber spent the weekend with their sister and family in Brownwood.
