NUMBER 223

The Gay Philosopher

By J. W. S.

ENJOYED A VISIT yesterday with Mr. A. E. Stockburger of Washington, D. C., who is here with Mrs. S. to visit her mother and sister and brother-in-law, the Charles Roberts. Mr. Stockburger is technical advisor to the Interstate Commerce Committee of the House of Representatives and has been for a good many years.

Mr. Stockburger tells us that he recently attended some hearings on the television industry in New York City. And from where he was sitting, it looks like color television will be with us inside a year. He added that the FCC is about ready to issue permits for some 2,000 more TV stations, and just about every section of the country should get one.

Mr. Stockburger was director of finance for the state of California before he went to Washington. They will be here several days.

THOSE OF YOU who like statistics will enjoy this report on water usage. Figures of the American Water Works Association show that if you are an average man or woman, you will use 36 gallons for a shower bath, 36 gallons for a tub bath, 20 gallons to shave (if you leave the water running), 30 gallons to wash dishes for one meal, and 45 gallons for nine pounds of laundry in a machine.

What is more, you drink half a gallon a day. Five to eight gallons are required to flush the toilet.

BECAUSE WE GO for statistics a big way, we'll report further that the average man drives his car 10,000 miles a year and buys new one every five years. During that time, he will buy 300 quarts of motor oil, at least 3,000 gallons of gasoline, 10 tires and two batteries, six sets of spark plugs, and ten oil filters. And that's why your filling station man strives to line up as many regular customers as he can.

OUR SCOUTS report that Mr. Alex Pollard, formerly of Cisco and now of Dallas, is helping with the Chance-Vaught aircraft exhibit at the State Fair this year. He would be mightily pleased if any of you who go to the fair could stop by and say howdy when you're there. Hear that he is happy in his work after a long stretch with the Marines in Korea.

WENT WATER switching again yesterday. That is, we went along with Mayor Rosenthal and City Commissioner James P. McCracken to watch Mr. Sam Wright work. Went to the Rodeo arena area again. And Mr. Wright worked the area, first with a peach limb and then with a willow. He is a veteran of more than 30 years in the water filling (and switching) business. Says he never misses and has just finished bringing in a good well up at Grayford. He has a ladder.

Mr. Wright says the ability to take a tree limb and locate underground water is due to electricity in one's body. He has much body electricity that any match he wears won't keep time. The Rodeo Arena doesn't have so much promise for water in quantity, the survey showed. Mr. Wright found one place on the back side where he figures a pretty good well could be drilled. The outlook for well water here, however, isn't too good. Most of it is too hard or has too much chemical content to be good drinking water. And there's not too much quantity in any wells the city has looked at. Watching the switching, however, is interesting.

FROM MR. BILL Fewell comes a picture of the old Gay Philosopher with a note: "This is the best picture I have ever seen of the GP." And the old gent is pictured with a broad smile while the politician stoops to kiss a baby. And the GP says: "A politician is busiest when he don't have 'otin' to do."

HEAR THAT THE Girl Scout board, Mrs. Don Choate, president, wants to start a uniform bank. The bank would be for uniforms your girls have outgrown and you wish to sell or give to some other smaller girl. Sounds like a practical idea. And you might get in touch with Mrs. Choate if you have anything for the bank.

DEATH STRUCK SWIFTLY—The body of James Kelly, a New York bank president, lies on the pavement in Ridgewood, N. J., after he was killed in an auto crash. Driving the white car at right, Kelly had a fatal collision with the police car in background.

EASTLAND COUNTY FARM BUREAU OPENS MEMBERSHIP CAMPAIGN

Eastland County Farm Bureau membership teams will begin an intensive farm-to-farm membership drive Friday, October 10, according to A. Z. Myrick, president of the Eastland County organization.

The local drive is part of a simultaneous state-wide effort to increase Farm Bureau membership from almost 57,000 to 75,000 members by October 17. More than 12,000 farmers and ranchers and their wives are taking the day off Friday to make this biggest of all Texas Farm Bureau Federation drives a success. The campaign will continue until October 17 when county membership chairmen will write in the results to the Waco headquarters.

President Myrick said that the 1952 county quota has been set at 825. Last year 386 members were signed up in the county organization. As of August 31, new members enrolled in 1952 totaled 151.

In stressing the importance of

Eastland Girls Entertain Lions

Misses Sue Gourley and Joy Lynn Robinson, Eastland High School girls, provided an entertainment program Wednesday for the weekly luncheon meeting of the Cisco Lions Club at the Victor Hotel Coffee Shop. Lion Bill Mitcham was in charge of the program.

The two girls used a record player to sing several duets in pantomime. They were introduced by Stanley Webb. The program was applauded as outstanding.

The Rev. Leslie Seymour, president of the Cisco Community Chest, spoke briefly to urge members of the club to support the coming drive for the community chest. Visitors included A. E. Stockburger, Washington, D. C.; Dr. H. M. Ward, new pastor of the First Baptist Church; the Rev. W. L. Milner, pastor of the Putnam Methodist Church; and Everett Plowman and Homer Smith of Eastland.

Hospital News

Mr. and Mrs. Charles M. Jessup of Cisco are the parents of a new daughter born at Graham Hospital Wednesday.

The condition of Leon McPherson of Cisco was reported as improved. His condition was such that special nurses have been dismissed.

H. E. McGowen was reported as improved Thursday.

Mrs. Bill Huffman was in Graham Hospital Thursday receiving treatment and Mrs. Loren T. Everett of Putnam was a patient.

The condition of Mrs. John Torrens was reported as doing nicely. Dismissed this week were Mrs. N. H. Taylor of Cisco, Miss Kay Wilbanks of Moran, and Mrs. W. T. Donham and infant daughter of Cisco.

Moran News . . .

Eudora Hawkins To Talk At Moran Luncheon Club

Eudora Hawkins, home economist for the West Texas Utilities Co. and prominent Abilene club woman, will speak at the October 29 meeting of the Moran Luncheon Club, it was announced at the meeting of the club Wednesday.

The Wednesday meeting of the club was highlighted by short talks by Moran Bulldog Coach Don Allen and grade school Principal Etheridge. Mr. Allen announced that his Bulldogs would play Aspermont Friday on the Moran field.

The luncheon was served by Mrs. Ben Waters and Mrs. Ezra Weir. Guests included Mr. and Mrs. Howard Waters of Abilene and several people from Albany.

The W.S.C.S. of the Moran Methodist Church met Monday at 3 p. m. in the basement of the church building. The meeting was opened with the group singing a song which was followed by prayer. The business session was conducted by Mrs. Roach, preceding the devotional by Mrs. Mathis. The entire group joined in singing "Love Lifted Me." A continuation of the study course was led by Mrs. Dean, Mrs. Burton and Mrs. Roach.

Roll call was answered with a fire prevention hint by the following: Mmes. Drake, Mathis, Crawford, Wylie, Chaney, Morris, Kays, Dean, Burton, Roach, Huggins and two visitors, Mrs. Sherman and Mrs. Royall. The meeting was closed with prayer led by Mrs. Drake.

Due to his wife's serious illness, Coach Everett has not been able to work with the high school football team this week. Daily workouts have been in charge of Assistant Coach Jay Williams, and M. D. Conger was directing physical education classes in the absence of Mr. Everett.

Coach Everett expected to arrive home late Friday in time for the Cisco-Ballinger game.

W. W. Martin and his daughter, Maggie Hopkins, visited Mr. Martin's sister, Mrs. W. B. Reeves, in Eastland from Tuesday to Thursday.

W. D. Sargent, son of Mr. and Mrs. Jake Sargent of Moran, and Miss Margie Moore of Albany, were married in a ceremony held on September 29 at the home of

Weekend Football Program To Open With Games Tonight

Melba Ray Harrelson Is Winner Of Sewing Machine In Schaefer Contest

Melba Ray Harrelson of 1500 Avenue L has been declared the winner of a new Domestic Sewing Machine for being the first to submit the correct number of dots in a "count the dots contest" conducted last week by Schaefer's Radio Shop.

Cases Of Scarlet Fever Increases In Fall Months

AUSTIN, Oct. 9 — The State Department of Health has just issued a warning in regard to scarlet fever, as the number of cases usually increases during the fall months. The majority of deaths from this disease occur from October through February.

Scarlet fever is a very contagious and serious disease. Grown people may contract it, but children under 15 years are especially apt to have it, if exposed. It is especially dangerous for children under 5 years, and Dr. Geo. W. Cox, state Health Officer, warns mothers to "not let your children take any chances with scarlet fever. Call the doctor as soon as the first symptoms appear."

If your child has contracted scarlet fever, the first signs you may notice are that he seems tired, restless and out of sorts. Usually, there is a sore throat, chills, vomiting, or convulsions and fever. His skin is dry and hot. His tongue is furred, and, under this white covering, it is red and swollen. In ordinary cases, these early signs are followed in a day or two by a rash. Little flat red points, close together, appear first on the neck and chest and soon the rash, very red in color, spreads over most of the body.

The doctor is required by law to report the case to the local health officer. Do your part by following carefully the quarantine instructions which the health officer will give you, since a severe or fatal case of scarlet fever may develop from contact with some one who has only a light attack. Children who have had scarlet fever, or who have been exposed, must not return to school until permission is given by the health officer and physician.

Bill Smith Made President Of New Agriculture Group

The Greenhands, members of the first year class in vocational agriculture at Cisco High School, elected Bill Smith president of the group at a recent meeting at the school.

Tommy Terry was elected vice president and Bobby Notgrass was named secretary. Other officers named were Clyde Butler, historian; Gerald Tucker, sentinel; Sammy Prickett, treasurer; Leonard Simmons, parliamentarian and Kenneth Peen, reporter. James Starr, agriculture instructor, is the class advisor.

Other members of the first year class are Donald Langford, Buck Whitehead, Raymond Williams, Bernice Mitchell, Paul Ford, Donald Boyd, Preston Chick, Levere Adams, Wesley Cochran and Tommy Gautney.

It was announced that the Cisco group would participate in a leadership contest and a Greenhand chapter conducting contest in Baird Saturday, October 21.

Some 50 members of the high school agriculture classes were among the 85,000 club boys and girls that attended the State Fair in Dallas Saturday. The group made the trip by bus and left Cisco at 2 a. m. Saturday. They arrived in time to attend the Early Bird radio program before going to the fair grounds. They arrived back in Cisco late Saturday night.

Ranch and Farm Production LOANS
No Red Tape—Competitive Rates
1ST. NAT'L in Cisco—Mr. F. D. I. G.

Henry Schaefer, owner of the store, reported that the puzzle which appeared in The Press last week, contained 2,493 dots. Object of the contest was to count the dots. Twelve other contestants had the same correct count, but the Harrelson entry came into the store first.

The highest count turned in was 5,428 dots, while the lowest was 583 dots. Mr. Schaefer said that the count was not the same as in a contest conducted in Abilene recently. More than 290 persons entered the contest.

Some contestants used the "blackout" system in counting the dots. In this system, each dot was blacked out as it was counted. Others used the "box 'em up" system, boxing up a few dots at the time and then counting the dots in the boxes.

Others used the "pin puncturing" system, piercing each dot with a pin as they were counted. Most contestants, however, used what Mr. Schaefer termed "the Columbus method — discover and land on the dots as counted." Judges in the contest were Mrs. Travis Parmer, Mrs. Richard Turknett and Mrs. Paul Yardley. "We are highly pleased with the results of the contest and with our advertising in connection with it," Mr. Schaefer said.

Harvest Of Fall Crops Progresses In Most Sections

Harvest of mature crops progressed without interruption as warm open weather prevailed over the state during the past week. At the end of the period a cool front moved across the State bringing sharply lower temperatures, and some dirt but no effective moisture. Critical droughty conditions still plagued most of the state. Eastern plateau, central and some coastal counties, where torrential rain fell in early September, were again needing surface moisture to keep late feed, oats and pastures coming along.

In the northwest "dusting in" wheat was active. Dry soils are checking development of wheat that is up except where irrigated. Oats drilled immediately following the September rains in eastern plateau and south central counties were up and making fair to good development. Army worm infestations were reported causing some damage.

Cotton harvest was gaining momentum in the northern high plains. Progress was slow in the southern high plains and low rolling plains as many growers waited for all the crop to open. Harvest was active in north central and eastern counties and was nearing completion in southeastern and upper coastal counties. Combining and binding of grain sorghum was active in northwestern districts and was nearly completed in other areas.

Corn harvest was mostly completed in all areas with some activity still underway in east Texas. Rice harvest continued active with some counties about 75 percent completed. Peanut harvest continued in north and east Texas. Some of the crop in the northern commercial area was being baled. Harvest of castor beans was in progress in northern and eastern counties. Yields were light.

Dry range and pasture feed was critically short over most of the State, with many western ranges practically bare. In the northwest many farmers have turned stock in on dry land sorghums to salvage all available forage.

Growth of annual grass, clovers and perennial grass was slowing down in eastern plateau, central and coastal counties as surface moisture was again getting short. Stock water was very short in eastern and blacklands areas. Livestock continued to show some shrinkage even with heavy supplemental feeding. Marketings continued heavy.

Midgets To Play Gorman '11' Here

Cisco's four football teams will open the weekend program with two games, one at home and one away at 7:30 p. m. Thursday (tonight). The Junior High Midgets take on the Gorman eleven at Chesley Field, while the Lobo "B" team goes to May.

Friday night, the Cisco High Lobes entertain the Ballinger High Bearcats in a game at Chesley Field, and the Cisco Junior College Wranglers go to Brenham on Saturday for a game at 8 p. m. with the Blinn College team.

Coach O. B. Graham's Midgets were ready for the undefeated Gorman eleven tonight. Gorman holds two victories in two starts over Eastland and DeLeon junior teams. The Junior High Band will be out in full force for the contest, and a good crowd has been forecast. Admission charges will be 25 cents per person.

The Midget starting eleven was announced as follows: Don Grey and Johnny Trigg, ends; Jack Reynolds and Ralph Berry, tackles; Gene Courtney and Harold Donica, guards; Bobby Cluck, center; Benji Lipsey, Don Price, David Ewell and Herbie Gallegos, backs.

Other Midget players due to see action will include Marshall Simmons, Ronald Fleenor, Omar Carlisle and Buddy Waters, backs; Larry McCanlies, Ronnie Edwards, Johnny Richardson and others in the line.

Troy Stewart, Don Johnson and Chesley Tipton will be the officials.

Assistant Coach Jay Williams will take a squad of some 25 Lobo "B" team members to May for tonight's game, which is expected to be rough as the May team has a good record for the season, including victories over Moran and Baird.

Probable Lobo starters include Levere Adams and Bill Miller, ends; Edward Bernie and Donald Meier or Kenneth Penn, tackles; Joe Wayne Farrow and Leonard Simmons, guards; Ronnie Qualls, center; Tommy Reynolds, Buck Whitehead, Harold Pippen and Kent Davis or Paul Ford, backs.

The Cisco High Lobes have sought replacements for several injured players in practice sessions this week. Three members of the team, Irv Brunkenhoefer, Bob Lyold and Bill Smith, are not expected to be in uniform when the Lobes take on Ballinger Friday night.

Brunkenhoefer has a shoulder injury that has kept him out of practice all week. And Lloyd's bad leg has him out of practice. Both are backfield men and Marcos Gallegos, a defensive starter, is limping with a sore leg. Regular starters Boy Gallagher and Bobby Black are expected to be joined by Sonny McCrea and Max Poyner.

End Bill Smith has a sprained back and he hasn't practiced this week and the coaches weren't expected to suit him out Friday night. Monte Ingram is due to draw his starting assignment.

Ballinger has a much larger team than the Lobes and have won several games this season, losing last week, however, to the strong Stamford Bulldogs, 42 to 14.

Out at the junior college, Coaches Red Lewis and Paul Mosley were busy with plans to sharpen their offensive weapon in preparation for another Texas Junior College Conference game. Blinn dropped a 21-to-6 decision to Baylor's Freshmen last week, and Coach Lewis saw the game. He reports that his Wranglers will have a full night's work.

Wrangler players were in comparatively good condition and the squad will go through a heavy workout today to complete plans for the game. The team plans to leave at 10:30 a. m. Friday for Brenham and a light workout is planned after they arrive.

LEGION MEETS TONIGHT

Members of the John William Butts Post 123 of the American Legion will hold a regular meeting at 7:30 p. m. Thursday at the Legion Hall. All members were urged to attend.

FARM BUREAU SEEKS MEMBERS

Of paramount importance to everyone living in an agricultural region are the influences that govern the income of farmers and shape the future of agriculture. The individual farmer or rancher is capable of handling any on-the-farm emergency. However, unless he is organized with others sharing his interests, he is powerless to cope with situations beyond his fences. These influences are state and national laws, administrative directives, commodity prices and so forth.

The farmer, as a consumer, pays every time a ship unloads foreign goods in this country because the protective tariff, imposed by big industry, discriminates against the consumer. Likewise, the farmer pays every time big labor strikes and gets a raise. This tribute is exacted in the form of higher prices for farm machinery and consumer goods. Thus, the farmer who must sell his produce on a free world market is forced to buy on a controlled domestic market.

Labor and industry are antithetical factions and both have well defined goals. Both are organized strongly enough so that they can achieve their goals, even at the expense of other groups. The farmer, on the other hand, is at the same time his own labor, management and capital. The weather is his great price determinant, along with actual world supply and demand.

That the condition of agriculture is better today is directly attributable to the strong farm organizations. Through only a small percentage of the total farm population belongs to these groups, all persons gaining their livelihood — directly or indirectly — from agriculture profit from the work of the organizations. The American Farm Bureau Federation is the largest and the strongest of all these groups. Its policies are determined by resolutions adopted by the membership in county, state and national conventions. Since 1920, the American Farm Bureau has helped get over 200 pieces of legislation favorable to agriculture. It wrote and helped pass the original AAA program; it backed the Soil Conservation and Domestic Allotment

HEALTH TALKS

Prepared by the Texas Medical Association

Why eyebrows and eyelashes? Perhaps you've heard about the man who grew a mustache so that his wife couldn't call him a bare-faced liar. You could take this attitude about the brows and lashes and let it go at that, or you could simply say you'd look naked without them. Either way, you still wouldn't know

UP A TREE—At the Zoo in London, England, these two bears appear to be having a little argument about something. At least, one is apparently scolding the other, who is not taking it without defending himself. It's even possible that the angriest bear chased that other one up the tree trunk to continue the discussion which is undoubtedly a noisy one.

why the human being was planned to have this kind of "foliage" on his face.

If you really must know "why" the eyebrows, they're for protection, as are also the eyelashes. The eyebrows (now don't lift yours) prevent dust or perspiration from rolling down into the eyes; they are actually a modified part of the scalp, rather than of the face. During blinking the eyebrows do not move, but they can be brought down forcibly by closing the eyes. By frowning, another act involving the brows, you squint and the slit your lids make can improve the vision up to a point. This kind of frowning may give rise to a headache.

The eyelashes are also known by the name of "cilia." They are extremely sensitive hairs which act as end-organs of touch. Thus,

Hyacinths Bring Garden Earliest Pinks and Reds

Hyacinths bring the first brilliant red and pink flowers of spring. Blossoming with the daffodils, they also contribute deep porcelain blue and sky blue varieties, which make a vivid color effect contrasting with the dominant yellow of the daffodils.

Hyacinths Grow Plumes of Vivid Color.

Their flowers stand straight, resembling the plume of a grenadier's hat; and because of this hyacinths are usually considered to be suitable for "formal" planting, in orderly rows or patterns, rather than in groups arranged informally in the border. But they can be tucked among other bulbs and perennials in numbers sufficient to register a desired color-note; and they also look well in rows in the foreground of informal planting, or grouped at accent points.

Besides vivid red and blue and lovely pink varieties, there are yellow hyacinths. All are once again available in several sizes. For garden planting second size bulbs are recommended, as they will do as well and are much less expensive than the mammoth bulbs, which are intended to be forced into flower indoors, in pots, or in "hyacinth glasses." These hold the bulb suspended above water in which their roots develop, the bulb containing sufficient substance to develop its flower with the aid of the water alone.

Hyacinths tend to be shorter lived in gardens than do other hardy bulbs. They bloom early, and should be planted in the fall in time to develop roots sufficient to support their early growth in the spring. Hyacinths are not as easy to keep with you, as are daffodils and tulips. They seldom multiply, and second year blooms are not as large as first. They should never be planted in a poorly drained location; the safest method is to plant them

in a place which is well above the surrounding surface. The bulbs should be set with four to six inches of soil above them, deeper in light soil and in locations where subzero temperatures are experienced in winter.

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

Legion Auxiliary Has Meeting Monday Night

The American Legion Auxiliary of the John Wm. Butts Post met in regular session at the Legion Hall at 7:30 p. m. Monday, October 6.

Mrs. Beatrice Guthrie, president, called the meeting to order and led the group in repeating the pledge of allegiance to the flag. Mrs. Warren led the singing prayer.

Mrs. Gorman suggested plans for the membership drive which start immediately and announced that captains will organize teams and that each member will have a part in the campaign.

Call to the Seventeenth District Convention of the American Legion and Auxiliary which convenes in Hamilton October 18 and was read by the secretary and following delegates and alternates were elected:

Mrs. Beatrice Guthrie, Mesdames Beatrice Guthrie, Margie McEachern, Reba Gorman, Essie Roberts, Louise Runa Warren, Annie Myrtle Anderson, Irene Gorman, Myrtle Anderson, Irene Gorman and Leatha Estes. Mrs. Hallmark was appointed chairman of the Christmas Gift campaign for veterans. Gifts must be sent by November 15 and will be sent to the hospital in Waco, an invitation to the installation of the Eastland officers by the team was extended to the unit. The president urged all members to attend.

The meeting closed in regular session.

Mrs. Marie Woolover Honored At Shower

Mrs. Marie Woolover was honored at a pink and blue shower Tuesday afternoon in the home of Mrs. George Brown Jr., with Miss Gleaner's Sunday School class as hostesses.

Refreshments of cake and punch were served to Mesdames Ma Morton, Betty Pritchard, Ruth Stansell, Becky Green, Gafford, Frances Arrington, Ailene Bradley, Cecil Adams, Posey, Ella Jo Nelms, Raster Smith, Betty Green, Ollie Lipse, Luther Lipse, and Mrs. ...

Music Study Club Has Meeting On Wednesday

The Music Study Club met in regular session Wednesday morning at the clubhouse with Mrs. Ben Krauskopf, president, presiding.

Routine business matters were transacted and an announcement was made of the District Federation of Music Clubs meeting which will be held in San Angelo October 24 and 25.

Mrs. C. E. Paul, program chairman, presented the following program: Text and tune of the hymn of the month, "O Where Are Kings and Empires Now," by Mrs. W. D. Johnson; Life and Music of Edward McDowell, by Mrs. John Kleiner; and "Scotch Poem," a piano solo by Mrs. Hal Lavery.

Those attending the meeting were Mrs. J. M. Flournoy, Mrs. Roy Fonville Sr., Mrs. J. A. Jensen, Mrs. W. D. Johnson, Mrs. John Kleiner, Mrs. Ben Krauskopf, Mrs. Hal Lavery, Mrs. C. E. Paul, and Mrs. D. E. Waters.

Officers Are Named By Baptist Circle 3

Circle Three of the First Baptist Church met Tuesday afternoon for their first meeting of the year in the home of Mrs. W. W. Sawyers.

The meeting was called to order by Mrs. Sawyers, chairman, with opening prayer by Mrs. V. Gardenhire. Mrs. E. J. Poe led the devotional.

The following officers were elected: secretary and treasurer, Mrs. C. A. Lassiter; mission chairman, Mrs. Walton Baum; young peoples secretary, Mrs. E. J. Poe; Bible study, Mrs. W. H. LaRoque; community mission, Mrs. O. J. Russell; benevolence and stewardship, Mrs. A. F. Ashenhurst; and program and literature, Mrs. E. J. Poe.

Visiting the sick in hospitals and shut-ins was announced as the assignment for the month. The meeting closed with prayer by Mrs. Walton Baum.

Refreshments were served during the social hour to Mrs. Nute Hart, Mrs. W. V. Gardenhire, and Mrs. H. M. Ward, visitors, and Mrs. W. J. Poe, Mrs. C. A. Lassiter, Mrs. W. H. LaRoque, Mrs. Walton Baum, Mrs. E. J. Poe and Mrs. Sawyers, members.

LIKE THE GARDEN OF EDEN—Simulating a modern version of life on Noah's Ark, some animals and birds live peacefully together and even eat out of the same dish in the home-made zoo of the Eugene Brunks, in Jacksonville, Fla. Vivian, the 12-year-old daughter of the household, enjoys watching Smuggie, the bulldog in the center, mother some kittens and squirrels. Other members of the "family" include a miniature Pekingese, a parrot, lovebirds, seven kittens, four squirrels, a rabbit and tropical fish.

Nazarene Missionary Society Has Meeting

The semi-monthly meeting of the Nazarene Foreign Missionary Society was held Tuesday evening at the church.

Mrs. S. L. Cook, president, presided over the short business session. The missionary theme song, "We Must Work," was sung by the group, and the group was led in prayer by Floyd Rains.

As each member arrived, they signed a guest book and purchased a ticket to the countries of South Africa through which they will travel during the year through the study book. Mrs. J. E. Reddick taught the lesson from the second chapter of the study book called "Nazarene Missions in South Africa."

At the close of the meeting, Mrs. J. B. Elder, retiring president of the society, was presented a gift as a token of appreciation for her work.

Twenty-nine members were present.

Rainbow Advisors Hold Monthly Meeting

The Advisory Board of the Order of Rainbow for Girls met Monday evening in the home of Mr. and Mrs. Richard Turknett for their monthly meeting.

Mrs. Sam King, mother advisor, presided and opened the meeting with prayer. Routine business matters were discussed and a letter was read by Mrs. King inviting the Cisco Assembly to Big Spring for a school of instruction October 25.

Refreshments were served at the close of the meeting to Mrs. Cy Cooper, Mrs. Sam King, Mrs. T. E. Lisenbee, Mrs. Zan Burroughs, Mrs. Albert Byrd, Mr. and Mrs. Joe Brown, Mrs. Bill Dean, a visitor, Sam King, and the hosts, Mr. and Mrs. Richard Turknett.

Baptist Circle Five Elects New Officers

Officers for the coming year were elected at the regular meeting of Circle Five of the First Baptist Church held Tuesday at the home of Mrs. Claude Boles.

The meeting opened with prayer by Mrs. E. H. Cheeves and the following officers elected: chairman, Mrs. Boles; vice chairman, Mrs. J. T. Richardson; program and literature, Mrs. W. B. Cates; stewardship, Mrs. W. C. Clements; mission and Bible study, Mrs. D. N. Morrison; benevolence, Mrs. Roy Morrison; community missions, Mrs. E. H. Cheeves; young peoples secretary, Mrs. M. M. Tabor; secretary, treasurer and reporter, Mrs. C. W. Reed, and devotional leader, Mrs. Roy Pippen.

The meeting closed with prayer by Mrs. W. B. Cates and refreshments were served to Mesdames W. B. Cates, E. H. Cheeves, W. C. Clements, Roy Morrison, D. N. Morrison, C. W. Reed, and the hostess, Mrs. Boles.

Baptist Circle Six Has Meeting Tuesday

Mrs. M. P. Farnsworth was hostess Tuesday afternoon for Circle Six of the W.M.U. of the First Baptist Church when they met for their regular business meeting.

Mrs. Farnsworth, chairman, called the meeting to order and the following officers were elected: secretary, Mrs. S. E. Carter, Jr.; benevolence, Mrs. J. D. Collier; stewardship, Mrs. John Popalio; mission study, Mrs. A. B. Cooper; community missions, Mrs. Harry Schaefer; and young peoples secretary, Mrs. Austin Flint.

The assignment for the month was announced and will be helping the Sunbeams. The devotional was given by Mrs. T. C. Goza and the meeting closed with prayer.

Refreshments were served at the close of the meeting to Mrs. J. D. Collier, Mrs. John Popalio, Mrs. A. B. Cooper, Mrs. Harry Schaefer, Mrs. T. C. Goza, Mrs. S. E. Carter, Jr., and the hostess, Mrs. Farnsworth.

Mrs. Raby Miller Is CWF Meeting Hostess

Group One of the C.W.F. of the First Christian Church met

Tuesday at the home of Mrs. Raby Miller for their weekly meeting.

Miss Marie Winston opened the meeting with prayer and Mrs. Roy Fonville presided during the business session. Mrs. Raby Miller gave the devotional on "His Peace" based on John 14: 27 preceded by the verse entitled "House Cleaning Time," by Elsie Robinson.

Mrs. W. J. Armstrong taught the lesson on "Right To Education," telling of the work done by mission schools among minority groups, speaking chiefly of Southern Christian Institute. Routine business matters were discussed after which the meeting closed with the missionary benediction in unison.

Refreshments were served during the social hour to Mesdames W. J. Armstrong, Roy Fonville, Nick Miller, Ace Lucas, C. B. Powell, W. R. Winston, W. R. Huestis, Miss Marie Winston, and the hostess, Mrs. Miller.

The next meeting will be held October 21 in the home of Mrs. C. B. Powell.

What Causes Destructive Fires?

Here Are Some of the Answers

Matches and smoking caused 26.95% of all fires reported to the National Board of Fire Underwriters in the ten-year period ending December 31, 1950. That means that nearly three out of ten fires were caused by smokers and the reckless use and careless disposal of burning or smoldering matches.

The following table lists the other known causes as well and was compiled from a study of several million fires for which the causes are unknown are not included in this study.

The dollar cost of fire waste in the United States during the ten-year period, from fires of all causes, known or unknown, insured or uninsured, exceeded an estimated total of five billion dollars.

CAUSE	PERCENT
Matches and Smoking	26.95
Faulty Chimneys, Stoves, Furnaces, etc.:	
Stoves, Furnaces, Boilers and Their Pipes	6.82
Overheated and defective Chimney's Flues, etc.	5.73
Hot Ashes, Coals and Open Fires	3.12
Sparks on Roofs	2.66
Misuse of Flammable Fluids:	
Petroleum and its products	8.37
Open Lights	3.78
Ignition of Hot Grease, Oil, Tar, Wax, etc.	3.71
Misuse of Electricity	15.86
Fires Originating off Premises	11.65
Lightning	8.40
Miscellaneous (cause known but not classified)	7.63
Spontaneous Ignition	2.47
Gas—Natural and Artificial	2.08
Rubbish and Litter	1.64
Sparks from Combustion	1.49
Explosions	1.15

Why Should I Have An Abstract?

... is a question often asked of abstractors and one we like to answer. When ownership of real property enters your business life then title problems also come in. Buying, selling, mortgaging and otherwise dealing with real estate require correct title information. The abstract reflects the true record title and therefore has everything to do with values. That's one answer, there are many others.

Earl Bender & Company
Eastland, (Abstracting since 1923) Texas

© DUNCAN COFFEE CO.

save up to 25¢ per pound

... yet enjoy the richest coffee of all.

Smart housewives know that the true cost of coffee is measured by the number of cups a pound of coffee makes ... not by the price they pay for it in the store.

Good coffee today costs at least two cents per cup. But with Maryland Club, because of its extra richness ... you can use less to make each flavor-rich cup ... get 10 to 15 more cups out of every pound ... thus you can actually* save up to 25¢ per pound.

Try Maryland Club and discover for yourself how really good coffee can be ... and how economical, too! Buy coffee the smart way and save up to 25¢ a pound ... buy Maryland Club!

the coffee you'd drink if you owned all the coffee in the world!

FREE MEADOLAKE MARGARINE

and TWO \$100.00 PRIZES EVERY WEEK

Mrs. Tucker PAYS YOU TO "TEST AND TELL"

Write a short letter to ANY friend or relative at a DIFFERENT address from yours. Tell WHY she should use Meadolake Margarine. Enclose a Meadolake carton with the "Tested and Guaranteed" seal on it. Then, if she mails your letter on to Mrs. Tucker, Sherman, Texas, along with TWO Meadolake END FLAPS—the one you sent and ANOTHER just like it—

—you will both receive a Card good for a pound of Meadolake FREE!

Every letter will be entered in current WEEKLY "TEST AND TELL" Contest. For the BEST letter each week until November 30, Mrs. Tucker will pay the writer \$100. cash, and will ALSO pay \$100. to the one who mails the letter in. Decisions of Judges final; duplicate prizes in case of ties; all letters become property of Mrs. Tucker. Write AS MANY letters each week as you wish to a different person and address and enclose proper End Flap.

SPREAD THE WORD ABOUT THE BETTER SPREAD

Mrs. Tucker MAKES IT BETTER AND DELIVERS IT FRESHER!

Mrs. Tucker's — THE CREAMIEST SPEED-MIX SHORTENING IN THE WORLD!

IT'S THE LAW ★ in Texas ★

Have you put your affairs in order since you were released from military service? Here is a partial list of things to check. Have you filed the original copy of your discharge papers with your County Clerk? This is important to insure that a record of your discharge papers

always will be available. It protects you against future loss from theft, fire or negligence. Should you lose your discharge papers, the government will give you only a certificate stating that you were in service, but giving no other pertinent information. County Clerks throughout the state accept your discharge papers for filing without cost, and thereafter you may obtain certified copies whenever the need arises.

When you entered military service, did you execute a power of attorney so that someone would be able to act for you during your absence? If you now want complete control of all of your affairs, you must cancel any contract which gives certain powers to someone else.

If you have had a will prepared, has it been revised to suit changed

conditions? For example, if you have married or if another child has been born to you and your spouse, you will want to check your will to make sure that all of your dependents are provided for. Changes in tax laws, judicial decisions and administrative actions by the Treasury Department, too, could affect the provisions in your will. Especially is this true if the government has passed a new revenue act since your will was prepared.

Are the beneficiaries named in your life insurance policies now correct? Is the amount adequate now in the light of the present deflated dollar? It is important to note that, unlike World War II veterans, Korean veterans must act within 120 days after release from duty in order to continue their government insurance.

Did you change your automobile license and insurance to the name of another person? If your car was not used for business purposes during your absence, you perhaps were granted a reduced premium. Is the insurance you carry now adequate for the purposes for which you use your car?

Did you take advantage of certain provisions in the Soldiers and Sailors Civil Relief Act to protect you from further liability for leases or contracts after you entered service? This act provides for immunity from court action only during the time you serve in the armed forces. Did you miss any payments on your home while you were in service? You now are liable for interest which accrued on the unpaid balance during the years that payments were postponed. These

MAKE A DATE

The date shapely Gloria Van Deweel suggests is an appointment with a dealer for installation of the stuff that prevents engine blocks from cracking in cold weather. Gasoline dealers checked Gloria, Broadway musical comedy player, as Miss Anti-Freeze to call motorists' attention to the importance of arranging for cooling system care before—not after—the first sub-freezing temperatures.

debts were not forgiven — and now that you are a civilian again, you must take up your postponed responsibilities.

Have you applied for reemployment in your old job? Application must be made within 90 days after you are released from service. If you do not return to your former job, it will be helpful to your former employer if you notify him as to your decision. The 86 local offices of the Texas Employment Commission and the Federal Bureau of Veterans Reemployment Rights are equipped to protect your rights and assist in returning you to your pre-service employment status. No charge is made for this service.

A pamphlet explaining procedures to safeguard your reemployment rights can be obtained by writing the Bureau of Veterans' Reemployment Rights, Room 222 Commercial Building, 1190 Main Street, Dallas 2, Texas.

FOR ROMANCE—As delicate as a moonlit night is this Sea Breeze gown worn at a fashion show in Atlantic City, N. J. Designed by Rembrandt in green silk organza over taffeta, it guarantees a successful evening for its wearer.

Bryan Fishermen Make Own Lake

AUSTIN, Oct. 9. — The current issue of Texas Game & Fish magazine tells how the folks over Bryan way made their own lake. The article states that the lake — Camp Creek Lake — has exceeded all expectations, adding: "Now these land-locked anglers have a fresh water area ranging to a depth of 35 feet, which seems ideal for fish life, and there are

fifteen miles of shoreline." Thus these Texans, who decided life wasn't worth living without a handy place to go fishin', have created a permanent community recreation area and also have impounded a vast amount of water.

The lake required a 1750 foot earthen dam, tapping of a forty-square-mile Brazos River drainage area, assorted permits ranging up to a \$1500 state water license, and purchase of approximately 4,000 acres of land. The original financing hinged on 450

lake site owners-to-be cutting \$375, plus annual dues now cut to \$20.

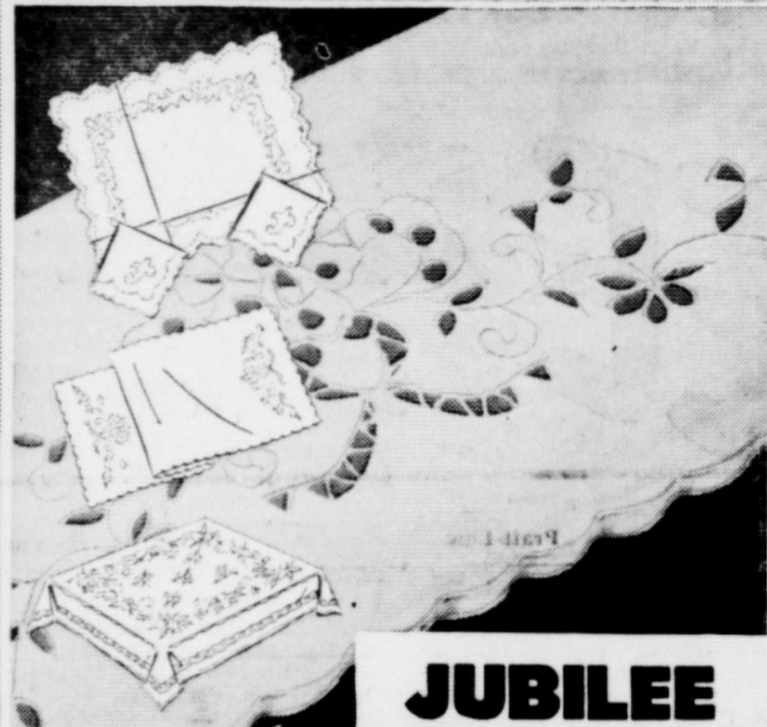

Within four years after the project was envisioned, more than 150 cottages have been built, beaches have been developed, timber which littered the dated woods and swamp land is being removed.

The bass and perch are biting and the dress watering place for the same type is coming true.

New Parrot Tulip Blooms Excel in Dazzling Color

Parrot tulips, which may now be obtained in many named varieties, are an ancient race of garden tulips formerly sold in this country as a mixture. Their blossoms are probably the largest of all, but their petals are fringed and wrinkled, and so heavy the stems often cannot hold them erect.

It is their coloring which probably won them their name. This is described as being of "barbaric splendor," and in many blossoms it is easy to see the resemblance to the coloring of a parrot, with almost always a touch of green. Bright red, yellow and orange of greater intensity than in any other tulips are found among the parrots.

Parrot Tulip Fantasy.

The variety Fantasy, which is a true pink, was the first named variety to achieve great popularity in this country. Fantasy is described in catalogues as a "sport" mutant of the Darwin tulip Clara Butt, having the same lovely pink, combined with the fringed parrot petals. Many new varieties have appeared since the end of the war, which have the colors of well known standard varieties, of which they are said to be sports, or mutants. Red Champion, the parrot form of Bartington; Sunshine, a mutant of the Cottage tulip Bouton d'Or, are examples, together with others whose origin is obscure.

Parrot tulips should be planted at a focal point in the border, where their decorative form and brilliant colors will serve as a

cent. They can be depended upon to attract the attention of all visitors. Cut blossoms are effectively used in corsage arrangements. Their petals are exceptionally heavy and last a long time in good condition.

Cultivation of Parrot tulips is in general the same as for other tulips. They are not so likely to endure without lifting for many years, and it is advisable to lift the bulbs annually, after their leaves and stems have turned yellow, and re-plant the larger bulbs in the garden the following fall. Small bulbs can be grown in a nursery row until

Girl Scout Rally Day Program Is Planned In Cisco

Plans for an area-wide rally day program to be held here Saturday, October 25, were discussed Wednesday at the regular meeting of the Cisco Girl Scout Association at the home of Mrs. Don Choate, president.

The rally day program will be a feature of Girl Scout Week — October 25 to November 1. The program will be held from 10 a. m. to 3 p. m. at the Junior High School gymnasium. Girl Scouts from Breckenridge, Baird, Cross Plains, Dublin, Gorman, Ranger, Rising Star, Stephenville and Cisco will participate.

November 1 was designated as "Brownie Play Day" at the Junior High Gym, and plans for this event will be announced soon. For the monthly outing, a tacky party will be held on the night of October 23 at the junior high, and both leaders and Scouts will wear "tacky" clothing.

It was announced that the Girl Scouts would provide programs for both the Lions and Rotary Clubs in the near future.

Mitchell News

Friends and neighbors honored Mrs. W. B. Starr with a covered dish luncheon in her home on her birthday Monday, October 6. A Stanley party was held in the afternoon and those attending were Mr. and Mrs. W. B. Starr, Mrs. Bob Starr, Mrs. Ruppert Starr and Michael, Mrs. Woodard McCulloch, Mrs. Johnny Speegle, Mrs. M. D. Speegle, Mrs. Buchanan, Mrs. M. Y. Ervin, Beverly and Danny, Mrs. Irma Simmons, Mrs. F. E. Rosson, and Mrs. Aries Pierce and Glenda.

Mr. and Mrs. Hubert Rosson of Plentwood, Montana, visited last week in the home of Mr. and Mrs. F. E. Rosson.

Chalmer Brooks of Lamesa is visiting in the home of Mr. and Mrs. Walter Brooks.

Mrs. Madge Notgrass visited in the home of Mr. and Mrs. William Burrows in Odessa last weekend.

Mr. and Mrs. M. D. Speegle and Tom visited in the home of Mr. and Mrs. Doc Beene and Mr. and Stewart Speegle of Snyder last week.

Mr. and Mrs. Flood of Odessa visited Sunday in the home of Mr. and Mrs. Johnny Speegle.

This means more money to you!

NOW YOUR U. S. SERIES E BONDS CAN EARN INTEREST 10 EXTRA YEARS

ALL YOU WISE and patriotic people who bought United States Series E Bonds ten years ago and have held them can benefit by this new law! For according to this law the bonds you expected to mature finally in 1952 can now continue to earn interest every year for ten more years—till 1962—without your even lifting a finger!

To get this extra money, there's absolutely nothing you have to do. Just hold your bonds and let them go on earning!

You may still cash any Series E Bond at any time after you've owned it for sixty days. But you'll be better off to hold your bonds, just as you're better off to hold savings in any form.

Cash in the pocket melts away fast—often with little or nothing to show for it. But cash in bond savings is always there—growing steadily toward the big sum which can buy something really worthwhile . . . And remember—the interest rate on Series E Bonds has been increased to 3% compounded semiannually, when held to maturity.

So if you have bonds coming due, why not just sit back and let them go on making more money for you? And meanwhile keep adding to your cash savings by buying more bonds regularly—through the Payroll Savings Plan where you work. It's the easy, systematic saving plan that's so helpful because it lets you save before you even draw your pay. Thousands say it's the one sure way to save.

3 new money-making opportunities for you!
New Series H, J, and K Defense Bonds pay 2.76% to 3%

If you want to get the interest on your bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at any Federal Reserve Bank or Branch about these new bonds:

SERIES H. A new current income bond, available in denominations of \$500 to \$10,000. Sold at par. Matures in 9 years 8 months and pays approximately 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Annual limit, \$20,000 maturity value. Issued only by Federal Reserve Banks and Branches and at the Treasury.

SERIES J. A new 12-year appreciation bond, available in denominations of \$25 to \$100,000. Sold at par. Pays 2.76% compounded semiannually if held to maturity. Annual limit, \$200,000 issue price jointly with Series K Bonds.

SERIES K. A new 12-year current-income bond in denominations of \$500 to \$100,000. Pays interest semiannually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, \$200,000 issue price jointly with Series J Bonds.

Texas Democrats want TEXAS-BORN IKE

"RESOLVED... that it is the recommendation of the Convention that every Democrat in Texas vote and work for the election of Dwight D. Eisenhower for President and Richard Nixon for Vice-President..."

TEXAS STATE DEMOCRATIC CONVENTION
AMARILLO, TEXAS *** SEPTEMBER 9, 1952

A MAN OF PRINCIPLE WHO THINKS AS WE DO

You can be a Democrat without being a Trumanite. Your party's state convention in Amarillo on September 9 passed the resolution quoted above. Texans who believe in the time-tried Jeffersonian principles of the Democratic Party are going to vote for Dwight D. Eisenhower on November 4. If you are tired of Trumanism and want to help elect Eisenhower, send in the coupon. Be a Texan—not a Trumanite—vote Ike.

TEXAS DEMOCRATS FOR EISENHOWER

I am a Texas Democrat for Eisenhower, and I want to work in my community to elect him. Please send me further information.
