## The Gay Philosopher

By J. W. S.

ONE OF THE members of the Cisco Post of the Veterans of Foreign Wars handed us a few paragraphs the other day, and we print them as follows:

"A VFW Post, American Legion, DAV or any meaningful, worthwhile veterans organization is one of the most valuable assets any community, city or township can have. The average layman may not understand it, but these organizations contribute as much, if not more, to local charities, crippled children's homes, infantile paralysis funds, orphanages and other institutions as any benevolent society organized for this purpose.

"Your local VFW Post keeps relief fund for the needy, the sick, and offers assistance to any member's family in distress.

"These organizations are made up of individuals who came from average homes, average business, and any average way of life. They seek to promote the American way of life — something that is worthwhile to the community as well as the individual. The men in these organizations are not average to a certain extent, but average in trials, tribulations, hardships, and deprivations.

"These veterans' organizations form welded bonds of individuals to do good for their community. Any adverse criticism you might hear about these agencies could not apply to the organizations as a whole.

"The VFW in Cisco is endeavoring to establish a permanent Post home — as a means of better equipping itself for community service. We have obtained a building and land for it. Next, we must drill a water well. We are grateful to Henson Construction Company for using their equipment to level our land."

"The VFW has a membership drive underway, is working on the building project, and is determined to keep in progress a program of worthwhile community work. The American Legion is also recruiting 1953 members and is endeavoring to keep a busy program in operation.

"These organizations aren't competitors. There's a place for all in our community.

SEEING AS HOW this is Oil Progress Week, maybe you would like to look at some figures on how well our area is getting along. During 1951, Eastland County produced 1,345,231 barrels of oil. Since oil was discovered in this county in 1917, a total of 109,706,509 barrels — quite a lot of oil. Callahan County had 519,323 barrels last year and has produced 17,837,847 barrels since oil was discovered in 1923.

ONE OF OUR friends was out at the Graham Hospital the other night and an ambulance brought two victims of an accident — emergency cases. And the telephone started ringing. People had heard the ambulance and were curious.

The hospital operates with a minimum of personnel and when emergencies come in, all hands are busy — too busy to have to answer the telephone constantly. The Press endeavors to report all emergencies and news of the hospital. And it will help the people at the hospital if the people won't call during emergencies.

ONE OF THE BEST programs we've heard in a long time was that of the Mosiah Temple Chanters at the Methodist Church last evening. The men from Fort Worth put on a fine program of varied selections. These fellows sing for the love of singing. They are doctors, lawyers, plumbers, teachers, clerks and the like. They practice every Tuesday night and when they give concerts, they charter a bus and pay their own expenses. We're certain that everyone in the large audience genuinely appreciates the work of the Chanters.

The Chanters were accompanied by several officials of the Temple. They announced that everything is set for the annual Shrine Circus in Fort Worth next month. The proceeds from the Shrine Circus, you know, go into the Shrine Hospital for Cripple Children fund.

Col. Will Reagan introduced the visiting Temple officials. The auditorium was full and the audience was very appreciative.

FREE AND THEFT PROTECTION Per Day For Safety Deposit Box 1ST. NATL in Cisco—Mr. F. D. L. C.

**CANINE MINE HUNTERS**—Accompanied by members of the 1st Commonwealth Division of Britain, four valuable pups are shown being trained to use their sensitive nostrils to sniff out non-metallic mines at the Korean front. There are 12 dogs in the unique troop and they frequently locate mines which ordinary detectors fail to pick up.

## Cub Pack 27 To Hold Meeting On Friday At Church

All parents and Cubs of Pack 27 have been invited to attend a meeting of the Cub Pack to be held on Friday, Oct. 17, at 7 p. m. at the First Christian Church. Cubmaster Art Lucas has announced that Dr. Chief Brown will be the new Cubmaster of the Pack for this year. Mr. Lucas has served as Cubmaster for several years and beginning with the meeting Friday his duties will be taken over by Dr. Brown.

Any boys of eight, nine, and ten years of age that are not already Cub Scouts are invited to accompany their parents to the meeting. New boys cannot be registered as Cubs unless at least one of their parents or guardians come with them.

The principal business of the meeting Friday will be to reorganize the group and make plans for the fall activities. At the present time some twenty boys are registered as Cubs. It is expected that this number will be doubled in the next few weeks.

Field executive Brantly Hudson, of Brownwood, will be present at the meeting and will have some entertainment features lined up for the Cubs.

The parents of boys who wish to join the Cubs were especially urged to attend the meeting so that their boys can be registered as new Cubs and can be assigned to a Den.

Dr. and Mrs. C. E. Paul and son, Blair, visited their daughter and sister, Lovell Paul, in Denton Saturday.

Mrs. Bill Bracewell of Fort Worth spent last week in the home of Mr. and Mrs. F. E. Shepard. Mr. and Mrs. Shepard accompanied them home and attended the Fair in Dallas.

## RISEING STAR MAN IS ELECTED UPPER LEON DISTRICT LEADER

B. B. Hickman of Rising Star and Brownwood was elected supervisor of the Upper Leon Conservation District in a meeting held Tuesday night in the agricultural building in Rising Star. Mr. Hickman received the unanimous vote of the 48 farmers and agriculture workers who attended the meeting with their wives.

Mr. Hickman will replace Bruce Eberhart on the board of directors. Mr. Eberhart had served as a member of the board of supervisors since the district was created some 11 years ago and resigned that he be relieved of his duties.

Mr. Hickman is a native of Rising Star but operates a business in Brownwood. He will assume his duties as a member of the five-man board immediately. The board approves the spending

## Chest Agencies

### GIRL SCOUT MOVEMENT MAKES BIG CONTRIBUTION TO CISCO

By MRS. DON CHOATE  
President Girl Scout Ass'n

One of the Agencies that will receive its share in our Community Fund Campaign is the Girl Scout movement.

The purpose of the Girl Scout movement is "to help girls realize the ideals of womanhood as preparation for their responsibilities in the home and as active citizens in the community and the world." To accomplish this purpose, the Girl Scout organization provides a leisure-time program for girls from seven through seventeen.

More than a million girls in cities, towns, and villages in every part of the United States and its possessions are registered Girl Scouts. They form one of the largest and oldest girls' organizations in the world. Through affiliation with Girl Scout and Girl Guide groups in practically every civilized democratic country, they encircle the globe.

All voluntarily accept essentially the same pledge as that embodied in the Girl Scout Promise:

On my honor, I will try:  
To do my duty to God and my country,  
To help other people at all times,  
To obey the Girl Scout Laws.

Girl Scouting is fun — with a serious purpose. Girls learn through games, good times, trips, and camping as well as through service and discussion groups.

The Girl Scouts of today, under the guidance of trained adult leadership, are trying to bring into the family circle, the community, the nation, and the world the understanding and friendly relationships that are the rule in Girl Scout troops. They are doing this in a variety of ways:

By sharing such skills as outdoor cooking and camping with their families; by studying the various nationalities and racial groups represented in their families and communities, learning to appreciate the contribution each has made to American culture; by assisting in nation-wide drives for public health and conservation; by sending small gifts of needed items to children overseas, enclosing snapshots and addresses of donors in the hope of getting acquainted through exchange of letters, pictures, scribbles; and so on.

Surely these are worthy activities for our local young people and that is the reason why you will be giving liberally to our Community Fund Drive, October 20-26.

Among high school bands whose top musicians have been invited are those of Ranger, Baird, Cisco, Eastland, Gorman, Mineral Wells, Cross Plains, Coleman, Comanche, Santa Anna and Graham.

Mr. and Mrs. E. G. Pierce and Mr. and Mrs. I. H. Skiles visited in Fort Worth over the weekend with their children, Mr. and Mrs. Lee Foster and Mr. and Mrs. Ray Irving.

## Young Citizen

More than a million Girl Scouts stand ready to take part in community and national civil defense programs as part of their citizenship activities.

## Father Of Cisco Resident Called By Death Tuesday

R. P. Avinger, Ranger cattleman and father of Mrs. O. L. (Bill) Lee of Cisco, died at 4:45 p. m. Tuesday in a Ranger hospital after an illness of some three weeks.

Funeral services will be held Thursday at 1 p. m. at the Second Baptist Church of Ranger. Burial will be in the Rocky Church cemetery near Brownwood.

Mr. Avinger had lived on Rt. 1, Ranger for about two years. He moved to that location from Brown County where he had lived for over 30 years.

Survivors are his wife; two daughters, Mrs. Lee of Cisco and Mrs. J. H. Marshall of Americano, Brazos; three sons, A. R. Avinger of Arcadia, California, A. B. Avinger of Ranger and M. A. Avinger of Silver Springs, Maryland. Also surviving are six grandchildren, and a brother, Jesse Avinger of Weslaco.

## CJS Students To Light Bonfire At College Tonight

Students of Cisco Junior College will light a huge bonfire on college hill at 8:30 p. m. Wednesday as the feature of a pep rally for the football game here Thursday night between the Wranglers and Decatur Baptist College.

All residents of Cisco have been invited to attend the rally and watch the bonfire. Officials of the college reported today that grade school students will be admitted free to this week's game if they obtain a ticket at their schools and are accompanied by their parents. The tickets were distributed to the grade schools today for any students who want them.

Coaches Red Lewis and Paul Mosley expected to complete plans for the conference game with the Decatur team at a workout this afternoon. The Wrangler squad has worked out the past two nights under the stadium lights in preparation for the game. Coach Lewis reported that his team is in comparatively good condition for the contest.

## Abilene Women To Address Rotarians

Miss Nelda Kate Wilson of Abilene will be the Oil Progress Week speaker at the weekly luncheon meeting of the Cisco Rotary Club at noon Thursday, Chairman George Irvine of the local information committee reported today.

Miss Wilson is chairman of the Ladies Desk and Derrick Club in Abilene and is well known in the oil fraternity.

## Ballots Ready, Judges Named For Nov. 4 General Election

### Navarro Looms As Big Threat In TJACAC Loop

The Texas Junior College Athletic Conference members ran true to form last week except defending champion Navarro which upset previously undefeated Arlington State, 25-19. The Bulldogs' surprising victory added weight to preseason dopesters' belief that Navarro would again rule the TJACAC roost.

Henderson County, strongest challenger to Navarro's supremacy, couldn't cope with the running wizardry of Schreiner's Durwood Watkins and fell before the Institute, 33-7, despite superb passing by Ed Cheek, Henderson's ace quarterback.

In the other non-conference game, Southwest Texas slaughtered Saitillo Independents, 91-0.

While in conference tilts, Blinn and Allen Academy each won but neither was impressive victories. Blinn nosed out Cisco, supposedly a weak eleven, 6-0, in the last two minutes of play. Decatur, three touchdowns underdog, showed surprising strength against Allen. Not until the final quarter could Allen lead the spirited Baptists more than 7-6. Two last period pass interceptions finally gave the Ramblers a 20-6 win.

Allen and Henderson will headline conference play this week at Athens with Henderson a solid favorite. Thursday night finds Decatur at Cisco and the Baptists should break into the win column by a close margin.

In non-conference clashes Thursday night Navarro goes to Commerce to engage East Texas B in a toss-up affair. Saturday Blinn is underdog to Arlington State and Southwest Texas should fall before Texas Lutheran.

#### Season Standings

	won	lost	tied
Navarro	2	1	0
Southwest	2	1	1
Allen	2	2	0
Henderson	2	3	0
Blinn	1	3	0
Cisco	0	4	1
Decatur	0	5	0

#### Conference Standings

	won	lost	tied
Henderson	1	0	0
Blinn	1	0	0
Allen	1	0	0
Southwest	0	0	1
Decatur	0	1	0
Cisco	0	2	1
Navarro	0	2	0

Mr. and Mrs. J. P. McCannies have returned from a visit with relatives in Oklahoma and Arkansas. They also attended the Fair in Dallas.

### NEW PASTOR

W. H. M. Ward, pictured above, became pastor of the First Baptist Church here on October 1. A minister for 24 years, he served churches at Troup, Mineola and Huntsville in East Texas for many years. He came to Cisco from Granite City, Ill. Dr. Ward is a graduate of Baylor University.

"We are happy in Cisco and are delighted with our work and reception," Dr. Ward said.

### Absentee Voting Is Started Today

Plans have been completed for the general election on Tuesday, November 4, and a record number of voters is expected to take part in the poll, according to an announcement today.

Absentee voting for the general election began today and will continue through Friday, October 31.

County Clerk Virgil Love had received a supply of ballots for absentee voting and for distribution later to the county's some 26 voting boxes. Election judges have been named by the Commissioners' Court.

The ballot is about the size of a full newspaper page. It contains eight columns under the headings: Democratic Party, Republican Party, Prohibition Party, Progressive Party, Christian Nationalist Party, Constitution Party, Independent Party, and Write-In Party.

The Democratic Party has a complete slate of candidates — from president to precinct candidates.

The Republican Party shows Dwight D. Eisenhower and Richard M. Nixon as the nominees for president and vice-president. The column then lists the same candidates as the Democratic Party from United States Senator through State Treasurer. There are no candidates for district or county offices.

Presidential candidates for other parties are listed as follows: Prohibition Party, Stuart Hamblen and E. A. Holtwick; Progressive Party, Vincent Hallinan and Charlotta Bass; Christian Nationalist Party, Douglas MacArthur and Jack B. Tenney; and Constitution Party, Douglas MacArthur and Vivien Kellems.

The ballot contains two proposed amendments to the Texas constitution. One would authorize the Legislature to provide for Workmen's Compensation Insurance for employees of cities, towns and villages; and the other would provide for the establishment of a state medical education fund from which grants, loans or scholarships may be made to students desiring to study medicine.

Election judges have been named as follows:

Eastland No. 1 — E. C. Satterwhite, H. P. Pentecost, Happy Hightower and H. H. Durham. Eastland No. 2 — H. L. Hassell, Marene Johnson and Maud Bralley.

Ranger No. 3 — F. E. Langston, W. W. Paschall, Lee Dockery and Richard Cox.

Ranger No. 4 — R. H. Hodges, Leslie Hagaman, A. H. Powell and Mrs. R. J. Taylor. Cisco No. 5 — W. W. Wallace, W. R. Huestis and Kent Wood.

Cisco No. 6 — Fred Grist, J. V. Heyser, W. W. Frewell and W. R. Ivie.

Rising Star No. 7 — Raymond Gray and John Joyce. Rising Star No. 8 — J. F. Robertson and Pete Roach.

Pioneer No. 9 — Doss Alexander and Ike Plumlee. Alameda No. 10 — Jim Grice and W. E. Reid.

Kokomo No. 11 — J. C. Donaldson and George Bennett. Carbon No. 12 — Bonnie Poe, W. H. Collins, Devoe Dover and Ed Allison.

Gorman No. 13 — T. L. Arcea, Dan Moorman, T. G. Gray and Tom Thompson.

Long Branch No. 14 — Henry Reed and Arthur Wright. Okra No. 15 — P. O. Burns and R. M. Earp.

Scranton No. 16 — Arthur Bailey and C. T. King. Nimrod No. 17 — Ed Townsend and Jack Cozart.

Oden No. 18 — T. B. Marlow and Mrs. Jessie Kelly. Dothan No. 19 — D. L. Dunaway and E. L. Hazlewood.

Romney No. 20 — Brice Webb and Dan Grider. Pleasant Hill No. 22 — H. C. Hines and R. L. Tucker.

Staff No. 23 — Allen H. Crosby and Mrs. John Thurman. Cook No. 24 — Joe Weise and Ben Williams.

Desdemona No. 26 — L. R. Clark, Mrs. R. O. Buckley and Mrs. Joe Lohman. Sabanno No. 27 — Edwin Erwin and W. E. Lusk.

THE CISCO DAILY PRESS

Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937. Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 8, 1879.

SUBSCRIPTION RATES \$3.00 per year by mail (outside Cisco) in Eastland, Stephens and Callahan Counties, Texas. In other Texas Counties, \$5.00.

TEXAS OIL AND GAS PRODUCERS PAY OVER \$138 MILLION TAXES

The gauges of the Texas petroleum industry provide a good barometer to the level of state services and public education enjoyed by Texans, a recent report by the State Comptroller indicates.

At the end of the state's business year, August 31, 1952, the Comptroller figured that Texas oil and gas producers had provided probably \$138,000,000 of the state's income for the year.

Two big items in the sizable number of imposts against the oil and gas operators were crude oil production tax, \$120 million; natural gas, \$18 million.

A full accounting of the petroleum industry's taxes for 1952 is not available at this time, but the industry's participation in the state tax picture can be illustrated by citing final 1951 figures.

During the 1951 fiscal year, the Texas petroleum industry paid 35 per cent of all state taxes and licenses. Oil and gas production taxes alone were \$126 million.

The petroleum industry's ad valorem taxes will be about \$8.5 million this year, accounting for 35 per cent of the state's property tax yield, the Texas Mid-Continent has estimated.

The heavy production tax is actually an occupation tax under the law. Present rate of taxation is 4.6 per cent of the value of the oil produced by an operator and 5.72 per cent of the value of natural gas produced.

The Texas oil and gas operator's role as the star performer in the state tax picture is indicated by his rising share of the tax load over the past decade in ratio to the cost of state government.

Since 1940 the cost of state government has tripled, while oil and gas production taxes have multiplied nearly eight times.

The question is sometimes "Why should I have an abstract?" is a question often asked of abstractors and one we like to answer.

When in Moran, you are invited to refresh yourself at our fountain and rest in the cool of our airconditioning.

TIME IS THE ESSENCE—John C. Rigali, a watchmaker in Seattle, Wash., holds a Swiss wag-on-wall clock of the year 1640. To the right is an ebony French buhl 1650 timepiece which runs a month without winding. Rigali's collection of 1000 clocks, and an equal number of watches, is crammed into a workshop where he spends three hours a week just winding his rare timepieces.

FIRST STEPS AFTER POLIO—Pretty, two-year-old Loretta Temple of Dallas, one of more than 3,700 polio victims in Texas this year, takes her first post-treatment steps with the support of two officials of agencies that aided her. On the left is Arthur P. Dyer, secretary of the Dallas chapter, National Foundation for Infantile Paralysis, while Mrs. Irmadine Mitchell, superintendent of the Texas Scottish Rite Hospital for Crippled Children, at Dallas, supports Loretta on the right. Funds from the Infantile Paralysis Foundation have helped the Scottish Rite Hospital care for scores of polio victims this year.

Christian Citizenship Is Theme Of WMU Meet

"Christian Citizenship" was the theme of the mission program presented at the regular meeting of the First Baptist W.M.U. Tuesday at the church, with Mrs. A. B. Cooper in charge.

Mrs. Cooper opened the meeting with scripture reading, "Choosing The More Excellent Way." Those having parts on the program were Mrs. F. B. Wright, Mrs. Ima Boles, Mrs. E. H. Cheeves, Mrs. D. L. Kisner, and Mrs. W. V. Gardenhire. The program was opened with the singing of America and prayer by Mrs. E. C. Duncan.

A short business session was held in which routine business matters were transacted and Mrs. W. V. Gardenhire was elected to attend the Baptist General Convention in Fort Worth October 21 through the 23rd.

Thirty-one members attended the meeting.

Alathean Class Has Meeting On Monday

Mrs. W. M. Isenhower was hostess in her home October 13 when the Alathean Class of the First Baptist Church met for their regular business and social meeting.

Mrs. Mable Swindle, president, called the meeting to order with a prayer by Mrs. F. E. Shepard. Minutes of the previous meeting were read by Mrs. C. A. Lassiter and approved.

The devotional on Christian Fellowship, taken from John 1:37 was given by Mrs. T. E. House. Mrs. G. M. Stephenson was elected second vice president and Mrs. C. A. Lassiter was elected reporter.

The nominating committee was given a vote of thanks and Mrs. E. C. McClelland was chosen group captain One and Mrs. D. L. Kisner, group captain Two. The class was divided into two groups after which the meeting closed with prayer by Mrs. G. M. Stephenson.

Mrs. D. L. Kisner and Mrs. Ray Judia were in charge of the fellowship hour during which time refreshments were served to the following members:

Mesdames W. L. Tucker, A. F. Ashenhurst, Leo Keelan, W. F. Walker, F. E. Shepard, and Ray Judia, members in service and D. L. Kisner, T. E. House, Jay Warren, E. J. Poe, Lewis Lee, C. A. Lassiter, Mable Swindle, Nute Hart, Mittie Schlaepfer, E. C. McClelland, G. M. Stephenson, Opal Blackstock, W. M. Isenhower and Miss Willie Frank Walker.

SOCIETY AND CLUBS AND NEWS OF INTEREST TO WOMEN

MRS. JOE T. POE

Former Ciscoan Weds North Carolina Woman In Recent Ceremonies

Miss Eleanor Ostwalt, daughter of the Rev. and Mrs. R. B. Ostwalt of Charlotte, North Carolina, became the bride of the Rev. Joe T. Poe, pastor of the Calvary Baptist Church of Corsicana, in a double ring ceremony performed recently in the Calvary Baptist Church with the Rev. Jerry S. Key officiating.

The couple stood before an altar decorated with palms, gleaming white tapers in floor candelabra, and white gladioli and asters that were massed in an urn at the center of the altar and tied with white satin ribbon.

The bride, given in marriage by her brother-in-law, Frank E. McAnear, chose a white satin gown designed with a deep yoke of net outlined with a bertha of Chantilly lace, a moulded bodice, long fitted petal point sleeves and bouffant skirt that terminated in a train. Her only jewelry was a strand of pearls.

Her finger tip veil of illusion floated from a headress of orange blossoms and she carried a prayer book arrangement of lilies-of-the-valley and stenothis, centered with a white orchid and showered with diminutive white satin ribbons.

Mrs. Frank E. McNear of Washington, D. C., sister of the bride, served as matron and Mary Poe of Denton, sister of the bridegroom served as maid of honor. Bridesmaids were Mrs. Bill Perdue of Mildred and Miss Ardis Tatum of Waco.

The honor attendants wore orchid satin gowns designed with capelets and full floor-length skirts with lace peplums, and carried Colonial bouquets of pink angel lilies, carnations, and yellow gladioli tips tied with harmonizing satin ribbon.

The Rev. Bill Perdue of Mildred was best man and the groomsmen were Bill Bradford, Alton Taylor, of Florence, S. C., and S. W. Prestridge, George De-

Usual Hazards Harassing Ducks

AUSTIN, Oct. 10. — The Executive Secretary of the Game and Fish Commission said the usual reports of botulism affecting waterfowl have been received.

He added that the drought possibly will increase the toll when the main movement of ducks and geese occurs this fall.

"Waterfowl encounter routine hazards each spring and fall," explained the Executive Secretary. "Pollution of waters where they stop to feed and rest is one of the more common dangers. This risk primarily centers around water areas polluted by nature, although there are man-caused perils."

"Botulism caused by natural causes usually is more prevalent during a dry fall such as the present. Then the decaying vegetation poison shallow waters which recede to subnormal levels."

One of the first reports on stricken ducks in Texas came from Amarillo in the Panhandle. Three small lakes near Groom, about 45 miles east of Amarillo, were affected. One covered about 100 acres. The others were smaller.

Scores of sick and dying ducks were reported on the lakes. Efforts to scare away the birds were only partly successful.

Methodist WSCS Has Monthly Meeting

Circle Three of the W.S.C.S. of the First Methodist Church met Tuesday in the home of Mrs. L. F. Mendenhall for their monthly meeting.

Mrs. O. C. Lomax, chairman, presided during the business session and the meeting opened with prayer by Mrs. Sam King. Mrs. William Joyner was in charge of the program which opened a new series of study, "Proclaim The Good News."

The group joined in singing, "From All The Dark Places," followed with prayer by Mrs. Joyner. Mrs. Carrell Smith gave the scripture and meditation, reading verses from the 5th chapter of second Corinthians.

Mrs. G. P. Rainbolt read the article "You Do Have To Live It," and Mrs. Sam King gave a talk on "To Know It To Tell." The program was concluded with a quiz on the study conducted by Mrs. Joyner.

A short business session followed in which routine business was transacted, pledges paid, and the penny fund collected. A financial report was given by the treasurer, announcements made, cards sent to the sick, and correspondence read.

Plans were made to furnish flowers for the church, on the Third Sunday and the meeting closed with the benediction.

During the social hour refreshments were served to Mesdames Sam King, Carrell Smith, O. C. Lomax, Ed Huestis, G. P. Rainbolt, William Joyner, T. J. Dean, Phillip Pettit, W. W. Moore, John Shertzer, O. H. Doss, L. F. Mendenhall and a visitor, Mike Joyner.

Group Of Ciscoans Hear Biddle Lecture

Mrs. Dorothy Biddle was the lecturer at an all-day meeting of District One of the Texas Garden Clubs held in Breckenridge Tuesday and made many arrangements.

Mrs. Biddle devoted the afternoon to Christmas decorations and made arrangements for doorways, outdoor sprays, mantles, tea tables, banquet halls, public meetings, country homes, and many others. Mrs. Biddle told the group how to widen cedar, shellac it, and sprinkle sparkle on it for outdoor arrangements. The main arrangement made was a formal tea table of silver decorated with balls, foil and other ornaments.

Those attending the meeting from Cisco were Mesdames W. C. McDaniel, J. V. Heyser, Jr., Ray Chapman, Shy Osborn, Rudolph Kamon, E. G. Damron, D. Ball, E. E. Addy, Charles Spears, T. G. Caudle, James McCracken, Don Choate, Bill Wright, Carl Lamb, C. M. Townsley, Eugene Lankford, J. V. Heyser, Sr., and Misses Helen Crawford and Mary Jane Butts and Dr. Addy.

LAST OF THE SILK MILLS

HOW IT WORKS—More than 80,000 silkworms are fed about two tons of chopped mulberry leaves annually in Mansfield, Conn., to keep in operation what is believed to be the last silk mill in the U. S. Hundreds of silkworms, top left, devour the leaves on three trays, as Joan Knamiller watches one group, right. The worms, more than three inches long, lower left, consume their own weight in leaves each day and the cocoons they spin will yield 800 to 1000 yards of silk each. To make a heavier-weight thread, right, Sidney Holloway combines several strands of silk on a bobbin-reel.

### HEALTH TALKS

Prepared by the Texas Medical Association

You have two kinds of eyesight called central and peripheral vision. The first is usually thought of when eyesight is mentioned; the second is what is hinted at when you speak of seeing something "out of the corner of the eye."

Because the area of sharpest vision is at the approximate center of the eye, you can see something better if you stare right at it. The central vision for distance usually is measured using a chart on which are a number of lines of standard sized letters, ranging from large at the top, through medium sizes, to small at the bottom. Lighting also is standardized. Each eye is tested separately by placing something before the one which is not being measured.

If you can read a line near the bottom of the chart designated 20-20 or any letters below that line, your central vision is said to be normal. If only larger letters on the lines marked 20-30, 20-40, and so on can be read, it is less than normal. When the vision is 20-200 or less in the better eye with glasses to improve the eyesight as much as possible, or when the vision in the better eye is greater than 20-200 but the peripheral vision is limited, the patient is said to be industrially or economically blind.

Those who cannot read the largest letter on the chart may have to walk toward it until they can. Even so, however, sometimes the vision is so poor that it must be measured in terms of ability to see hand movements, count fingers, or see light. If a patient cannot detect light, of course, he is completely blind.

Charts with pictures of well known objects or other special devices are used to test the eyesight of small children and others who cannot read. The examiner takes pains to be sure inability to read letters on the chart is not the result of something other than faulty eyesight, such as lack of attention, cooperation, or understanding. In young children, especially, it is harder to find out what is seen because their eye muscles are not fully developed and their span of attention is short as well.

The central vision is important for seeing not only distant objects but near ones as well. The doctor determines your ability to see things up close by using reading cards containing lines of type of varying sizes.

### Smallwood Awarded Contract At Gorman

Smallwood Electric Company of Cisco was awarded the electrical contract on the new Gorman school building and auditorium, it was announced Tuesday. Construction work was expected to begin immediately. The general contract was awarded to B and W Construction Company of Bryan, builders of the new Cisco Junior High School building.

The Smallwood Electric Company also has part of the electrical work on the big Gulf pumping station near Ranger and will begin work soon on their part of the contract.

The Mauretania held the Atlantic speed record for 29 years.

**FFA SUPPORTERS TO RECEIVE HIGH HONOR**—Cal Johnson, left, of the Sears Roebuck Foundation in Dallas, and E. R. Alexander, head teacher trainer at A. & M. College, have been selected for their outstanding work among Texas Future Farmers to receive the Honorary American Farmer Degree, the highest national FFA honor, at the National FFA Convention in Kansas City October 14. The American Farmer Degree will be awarded also to 35 members of the Texas Association of Future Farmers. Mr. Johnson's recognition is given in appreciation of the now famous Sears Livestock Program which he directs for Future Farmers. Mr. Alexander was chosen for the honor for his outstanding leadership in the field of agriculture education during the past 25 years.

### Social Security Man Will Be Here For Conferences

A representative of the Abilene office of the Social Security Administration will be in Cisco at the Chamber of Commerce at 2 p. m. on Thursday, October 16 and 30.

Recent changes in the social security law have special importance for minor children of men who died in military service after September 16, 1947, stated Ralph T. Fisher, manager.

Until the new law was passed, service in World War II could count toward social security payments but service after the end of World War II did not. The new law extends the social security credits to cover military or naval service after the end of the war, so that now service at any time from September 16, 1940, to December 31, 1953, may count toward benefits.

Children are not the only dependents who may get monthly payments, — widows over 65, and

widows under 65 with minor children in their care may also be entitled to them. Dependent parents may be eligible if the serviceman is not survived by a widow or child.

Social security credits for military service after the end of World War II are used in figuring monthly benefits beginning in September 1952. They do not count toward lump-sum death payments where death occurred before September 1952.

Fisher suggests that some member of the family inquire at the social security office about the account of every deceased veteran or serviceman who had military service after July 1947 and is survived by a widow, child, or dependent parent.

### Civil Service To Hold Job Exams

The United States Civil Service Commission today announced its 1952 Junior Management Assistant examination for filling positions paying entrance salaries of \$3,410 and \$4,205 a year in various Federal agencies in Washington, D. C., and throughout the country. This is the annual examination designed to bring into the Federal service outstanding young men and women for training and development into future Federal executives.

To qualify, applicants must pass two written tests and have had appropriate education or experience. Candidates who successfully meet these requirements will be given an interview to determine whether or not they possess the outstanding personal qualities required for these positions. The age limits, which will be waived for veterans, are 18 to 35 years.

Applications must be filed with the Commission's Washington office not later than November 13, 1952. Further information and application forms may be obtained from the Commission's local secretary, Sam King, at the Cisco Postoffice.

### MOTHERS WILL MEET

The East Ward Mother's Club will have a called meeting Friday afternoon at 2:30 o'clock for the purpose of completing plans for the carnival. All mothers are urged to attend.
