## The Gay Philosopher

By J. W. S.

LETTER THAT Mr. Robert Clinton, chairman of the music department at Cisco Junior College, received last week from the secretary of the Texas Association of Music Schools was a little arriving, but it was much appreciated.

Since you were recommended to vote into the TAMS last year, you know that your program and work is very commendable, the letter said. And it is accompanied by a copy of an official report, parts of which will quote as follows:

Maximum efficiency is derived from the physical equipment... the band (under Kenneth St. Clair) rehearsal was very successfully handled by both director and students... The level of work done in this class (a music course taught by Mr. Clinton) was commendable and satisfactory.

The a cappella choir doing extremely good work should be highly commended for its achievement... Jane Smith has a very good voice... The report is a long one and speaks well for the work of Mr. Clinton, Mr. Jack Chambliss and Mr. St. Clair.

TO THOSE WHO disagreed with our travel department's suggestion on how to go to Snyder we went via Anson, Roby and so forth, all we've got to say is that we're a paying member of the Highway 80 Association and are trying to get our money's worth. So there.

AS LOOKING AROUND over the T&P Railroad the other day and got talking with an engineer on one of their big locomotives. And he invited us to get aboard and look around. We did. It was kind of disappointing. You'd think the engine would be full of gadgets and gizmos. There's only one dial — speed indicator. And there's two levers. One starts and stops the train, and the other is an air brake. There's an air button and a windshield wiper.

On the fireman's side, there isn't anything. Guess he just looks and looks. The engines are a ways and they look fairly complicated. It was somewhat disappointing. They're just too simple looking.

THE MAIL BRINGS an invitation to join the National Dunking Association, an organization devoted to the encouragement of good cheer and good fellowship. Dunkerology is defined as the immersion of a doughnut in flaming hot coffee, while dunking is the immersion of a doughnut in milk. The latter has been created due to the great influx of youngsters and amateurs into the ranks of the dunking.

Official dunking rules have been revised for the milk dunking to provide (1) bibs may be substituted for napkins; (2) it is permissible for doughnuts to be dunked in half before immersion; (3) doughnuts may be immersed anywhere from one to 2 1/2 seconds; and, (4) excess liquid must be allowed to drip back in the glass before dunker surfaces of the doughnut is bitten.

PRESS BOX NOTES at the Cisco-Snyder football game: Snyder is a glassed-in press box with separate booth for the radio boys. Warm for winter... The Snyder business men gathered at the south end of the field and betted their football boys as they came on the field to play... Members of both schools are black and gold. Cisco's band was dressed in gold with black trim — Snyder in black with gold trim. Snyder looked sharp... The Snyder team wore gold jerseys and black pants — Cisco wore gold jerseys and black pants... Some 200 fans saw the game, including about 200 from Cisco... Snyder is building a new high school at a cost of over a million dollars. Even has a swimming pool... The coffee was cold. Like at Cisco games.

A VISITOR FOR two hours in Snyder Friday was Sergeant Clifford Osborn, who stopped in at Snyder.

## H-SU A Cappella Choir To Sing Here

Hardin-Simmons University's a cappella choir, one of the most widely travelled student choral groups in the Southwest, will be in Cisco Tuesday to present a concert in the high school auditorium. The program will begin at 9 a. m.

The 60-member group, directed by Euell Porter, will be en route to the Texas Baptist Convention in Fort Worth, where it will sing Wednesday morning. The choir will appear in Eastland Tuesday afternoon.

During the past three years the choir has sung for audiences in a dozen states. It has appeared regularly at the Southern Baptist and Texas Baptist Con-

ventions, traveling more than 5,000 miles yearly. The choir also is in great demand for programs before civic, music, church and student groups throughout the Southwest.

Specializing in sacred presentations, the choir also sings spirituals, folk songs and semi-classical selections.

Its repertoire includes music by Palestrina, Bach, Billings, Cain, Dawson, Christiansen and Kern.

Appearing with the choir in its Cisco concert will be a male quartet. Members include Jack Kay, High Point, N. C., first tenor; Ronnie Bates, Brownwood, second tenor; Norman Ward, Beaumont, baritone; and Bill Hardage, Ver-

non, bass. The quartet also will sing at the Eastland concert and at a special Hardin-Simmons breakfast in Fort Worth Wednesday.

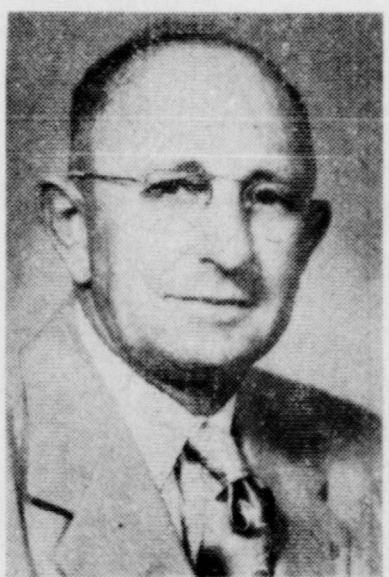

Choral singers who hear the choir will recognize the influence of Dr. John Finley Williamson of Westminster Choir College. Porter, who is chairman of the Hardin-Simmons voice department, has studied under Williamson, and the latter has conducted summer choral clinics on the university campus.

Robes worn by the choir members are of wine gabardine and white satin. All performances are made from a phalanx formation.

## Sixty Workers Ready To Begin Annual Community Chest Drive

### Budget Campaign Opens Monday At Hotel Breakfast

Some 60 volunteer workers were ready Saturday to open a campaign Monday to raise an \$8,700 budget for ten charitable and character building organizations in the annual Cisco Community Chest drive. The campaign will begin after a breakfast meeting of workers at the Victor Hotel Coffee Shop at 8:30 a. m. Monday.

All phases of the drive have been well organized and everything points to a speedy, successful drive, Chairmen George Davis and Sidney Spain announced.

The comparatively large budget this year was due to the fact that the budgets of ten public supported organizations, including the American Red Cross, will be raised in one united drive, eliminating the need for other campaigns during the year.

The 10 cooperating agencies and their budgets are as follows: Welfare Association — \$1,200; Girl Scouts — 1,200; ABC Club — 1,500; Boy Scouts — 1,000; USO — 500; Heart Association — 100; City Hobby Club — 250; American Red Cross — 1,750; Salvation Army — 600; Cancer Society — 100; Surplus for Reserve — 500.

Last year's drive was for about \$4,000 that provided for five organizations. Later in the year, separate drives were held for the Red Cross and for other agencies. The aim of the campaign this year is to eliminate later drives — providing for all in one asking.

"We realize that the budget is large," Mr. Davis said, "but it isn't very big when you consider that it represents the budgets of all agencies that usually hold separate drives. Our checks will have to be large enough to provide for these ten agencies since we are giving to all of them at one time."

Rev. Leslie Seymour, president of the Cisco Community Chest, will speak at the breakfast meeting to outline the chest program in detail. Chairmen Davis and Spain will give drive plans, and supplies will be given out to all workers. Arrangements for the breakfast, which will consist of coffee and doughnuts, were made by B. A. Butler.

Ralph Glenn, chairman of the drive for the business district, passed out supplies to most store owners and managers at a meeting last Thursday morning. His workers include Bob Ellison, W. E. Dean, O. L. Lee, Charles Sander, Austin Flint, T. C. Williams, A. R. Westfall, Gene Abbott, C. E. Hailey, Don Rupp, Dr. C. M. Cleveland, Charles Clark, W. H. Bragg, Ken Russ, Joe Lambert, E. L. Jackson, D. N. Morrison, A. G. Sander, L. L. Vann, C. E. Higginbotham, S. H. Nance, Truly Carter and J. T. Richardson.

Mrs. Don Choate was in charge of the committee of women for the residential district drive. Arlin Birt and Carlos Turner will conduct the campaign in the schools. George Irvine and Truman Taylor were working with industrial and business canvassers.

## Abilene Woman Brings Oil Talk To Rotary Club

"Oil is black gold," Miss Nelda Kate Wilson of Abilene told Rotarians and guests in a talk at the weekly meeting of the Rotary Club at the Hotel Victor Thursday. Miss Wilson was on the program as a part of Cisco's observance of Oil Progress Week.

Miss Wilson, secretary of the Desk and Derrick Club in Abilene, went on to tell her audience that oil and oil products affected everyone and that the production and search for oil benefited the home and business. She told of the many items in the home that were made from petroleum and how business of the community was affected.

She told of the organization of the Desk and Derrick Club and of its functions. She said that the first club was formed in New Orleans in 1947 by Mrs. Inez Schaefer. Other clubs were soon formed in Jackson, Mississippi, Houston and Los Angeles. Miss Wilson said that at the present time there are 45 charter clubs. The Abilene club was formed in June of this year and has 75 members. She extended an invitation to area women to become a member of the Abilene organization.

Miss Wilson defended the oil operator in his 7-8 royalty arrangement. "The production cost of oil per barrel is \$1.33 — not including taxes," she said, "and the cost of drilling a well is high." She quoted a minimum cost of drilling a dry hole to 3,000 feet as approximately \$15,000 and for putting a discovery into production as approximately \$30,000. She said that approximately 84 per cent of the wildcat wells drilled were dry and that the operator stood the loss.

Miss Wilson was introduced by George Irvine, Oil Progress Week chairman for Cisco. The program was in charge of Rotarian Robert Clinton.

Prior to Miss Wilson's talk Mrs. Don Choate, president of the local Girl Scout Association Board, presented a group of scouts and Brownies in a short program. The girls recited the scout laws and the Brownie pledge and led Rotarians in a pledge to the flag. Mrs. Choate explained the benefits of scouting and asked for

## PLANS NEAR COMPLETION FOR SCHOOL HALLOWE'EN CARNIVAL

Plans were near completion Saturday for the annual Halloween Carnival to be held Saturday night, Oct. 25, at the West Ward School, according to Mrs. Don Choate, chairman. A feature of the carnival will be the crowning of the West Ward Queen.

Candidates for school queen have been nominated as follows: first grade — Alice Ann Webb and Kay Wallace; second grade — Sue Wallace and Joyce Ann Riffe; third grade — Linda Latham, Donna Byrd and Janice Wende; fourth grade — Nancy Park and Mary Ann Doyle; and, fifth

grade — Dianne Nichols, Molly Ingram and Sandra Smallwood. On Monday, Oct. 20, the number of candidates will be narrowed to one for each grade, leaving five for the finals. Voting will close on Friday, October 24, and the crowning ceremony will be held at 9 p. m. Saturday as a carnival feature.

On Saturday night, the lunch room will open at 6 p. m. and serve hamburgers, hotdogs, pie and coffee to carnival visitors. The various concessions will open at 6:30 p. m. and remain open until 9 p. m.

Room mothers are responsible for the concessions, which will include the grab bag, cotton candy, children's games, peanuts, the "greatest show on earth," a fish pond, a house of horror, a cake walk, a spinning wheel, a minstrel show, a puppet show and, as a general project in addition to the queen contest, a country store.

Livestock Barbecue Tickets Are On Sale

Plans are complete for the annual barbecue and meeting of the Eastland County Livestock Raisers' Association to be held next Thursday night, Oct. 23, at 6:30 p. m. in Eastland. Some 600 persons are expected to attend. Tickets for the barbecue, which cost \$1 each, are being sold in Cisco by Robert Donovan and Sutton Crofts. Mr. Crofts is president of the association.

Mrs. Ann Potter and Sherry of Fort Worth are visiting in the home of her parents, Mr. and Mrs. M. I. Yeager.

## Young Man Dies In Auto Mishap West Of Cisco

Travis E. Churchman, 18, of Valley Mills and El Paso, died in a local hospital at 12:45 p. m. Saturday from injuries received in an automobile accident which occurred an hour earlier some 9 miles west of Cisco on U. S. Highway 80. The accident happened in Callahan County a half mile east of the county line.

According to papers found on his body, Churchman's parents live in Valley Mills. Papers showed that he was employed by the El Paso Natural Gas Company in El Paso. Efforts were being made Saturday afternoon to contact his parents in valley Mills.

Investigating officers reported that Churchman's car, a 1942 Chevrolet two door, was traveling east on U. S. Highway 80 at the time of the accident. The car left the pavement onto the shoulder and went into a creek bed some 135 yards from the point it left the pavement. The car struck the east bank of the creek before it stopped and there were no indications that the brakes had been applied in an effort to stop the car. He was riding alone. The car was a total loss.

A driver for the Greyhound Bus Lines was the first to reach the scene. The car had caught fire but the bus driver extinguished the blaze before it gained headway. He called for help and remained with the car until a Thomas Funeral Home ambulance arrived to take the injured man to the hospital.

Death resulted from severe head and chest injuries. One leg was broken and he was severely cut and bruised.

## Lobos Lose 27-13 Game At Snyder

The Snyder High School Tigers scored two touchdowns in the second quarter and two in the fourth to come from behind and defeat the Cisco Lobos in a non-conference grid game played on the Snyder field Friday night.

The Lobos struck first five minutes and 45 seconds deep in the initial quarter when the entire center section of the line broke through to block a Snyder quick kick from their 16 yard line. Sherwood Gaines covered the ball on the Tiger eight and on the first play Bob Black scored through the left side of the Snyder line. Lloyd's try for point was no good.

Gerald Crawford, Snyder's sophomore halfback, scored the first Tiger

five yard line after the Tigers had worked the ball from their own 20 to that point. Royce Pierce sent Snyder out in front by splitting the uprights on the point after touchdown try.

Late in the second quarter, Dan Burns sent the Tigers out in front 13-6 by passing to White for a touchdown. The play originated in the center section of the line. Pierce again kicked goal to bring the count to 14-6.

After a scoreless third period, Irv Brunkenhoefer put Cisco back in the ball game when he broke over his own right side and scampered 57 yards for a score. Gallagher made good on his try

for extra point to bring the Lobos to within one point of the Tigers.

Dan Burns quickly struck back with a 44 yard trip around the Cisco left end to bring the count to 20-13. Pierce converted to make it 21 points for Snyder. Snyder recovered a Cisco fumble on the Lobo 11 late in the final quarter to set up the final score. Joe Baxter carried over from the four and Pierce failed to kick goal to bring the count to 27-13.

The Lobo defense was spasmodic and the offense failed to click on occasion. Irv Brunkenhoefer was the principal ground gainer for Cisco and played well on offense and defense. Bob Lloyd was in top form and his kicking was the talk of the stands. He

had two punts for better than 60 yards and on one punt from mid-field placed the ball out of bounds on the Tiger three yard line. Jim Webb played a good defensive end.

1st quarter Snyder won the toss and chose to receive. Cisco elected to defend the north goal with the stiff north wind to their backs. Lloyd's kick went over the Tiger goal and Dan Burns returned it to the 23 where the ball was put into play. Brotherton, Jackie Grimmett and Burns made it first and ten on the Tiger 40. Burns carried to the Cisco 45 and on the next play fumbled. Brunkenhoefer recovered for Cisco on the 46. Gallagher fumbled and re-

NOW IS THE TIME

A Constitution had just been written. As Benjamin Franklin left Independence Hall, a woman asked him, "Mr. Franklin, what kind of government have you given us?" He answered, gravely, "A Republic, madam, if you can keep it!"

As they drew up the Constitution there was ever present the fear of old-world tyranny and oppression. They designed the American way in the hope of life, liberty and the pursuit of happiness.

Under that social compact the condition of even the lowliest citizen in the new Republic soon became a magnet to attract men and women from every part of the world.

The only country with an immigration wall, however, could not build the wall high enough to keep out the ideologies of the countries from which our fathers fled.

Today, the urge to regiment, to place dependence upon the State, is all too prevalent. This, despite the accepted fact that everywhere today, man — the individual — is submitting to various degrees of enslavement through regimentation by the State.

A free man is one who can "elect" to do this or that. November approaches. It provides the test as to whether the citizen can keep the Republic. Have we the enlightened self-

interest to choose representatives who live and feel deeply the real America?

Can we choose men who, when our institutions are attacked, our traditions belittled, experience a physical pain as if struck a physical blow?

Facing critical times, how vote? Prayerfully and reverently, with divine help, to choose real representatives, state, local and national.

Washington on the eve of crossing the Delaware — an earlier crisis in American history — issued an order of the day. It is something to take to the polls in November 1952.

Washington said simply, with no diplomatic gobbledegook, "Put none but Americans on guard tonight."

The representative you elect will shortly quote you. By his word and vote—or even by his silence, he will say, "I am speaking for John Doe. I represent him. He has made me his agent and what I say, or do, binds him."

Why not make sure now, before November 4, that he will not misrepresent you.

Of all the freedoms, the freedom to elect is still the top freedom. Ask the millions on the earth's surface today to whom it is denied.

Life on the American Plan of popular representation is still worth preserving. It is better than promise of free room and board on any European Plan of direction and control by the State.

"A Republic, madam, if you can keep it!" — W. ALTON JONES, president Cities Service Oil Co.

AND NEWS OF INTEREST TO WOMEN

## City Library Offers Current Best Sellers

The following list of publications can now be found on the shelves on the Cisco Public Library:

East of Eden by John Steinbeck, an American saga in which there is heartbreak as well as comedy. Steinbeck says "The subject is the only one man has ever used as his theme, the existence, the balance, the battle, the victory in the permanent war between wisdom and ignorance, light and darkness, good and evil."

Hope of Earth by Margaret Lee Runbeck, which depicts the attempt of two strong personalities to influence their son and the son's determination to find himself.

The Old Man And The Sea, by Ernest Hemingway. This book is different from his other productions and critics think it is destined to cause a new sensation for the reading public.

The Sinner of Saint Ambrose, a story of the Fall of Rome, a memorial story magnificent in its sweep and action, noble in its vision of the human soul.

Silver Chalice, a book in which Thomas Costain superbly tells the story of the Cup of the Last Supper and is comparable to Ben Hur; Quo Vadis and the Robe.

The Distant Shore by Jan Harzog, classed by the critics with highly popular Caine Mutiny and the Cruel Sea, both of which are available in the library.

Steamboat On The River by Darwin Theilhet, a rousing historical novel of the great days on the wide west rivers.

The Silver Plume by Arthur Wecker, a novel about the presumed heir of the Duc de Rohan. The efforts put forth to prove the heirship make this book a story of suspense.

Other new books are Houses in Between by Howard Spring; Hidden Flower by Pearl Buck, Bright Procession by John Sedges, Catherine Carter by Pamela Hansford Johnston, Greatest Story Ever Told by Fulton Ousler, and A Man Called Peter by Catherine Marshall.

Among the mystery books are Swimming Pool by Mary Robert Rinehart, Nice People Poison by Mary Hastings Bradley, and for the younger readers there are several Silver Chief stories by Jack O'Brien and Sunrise Island by Charlotte Baker.

## AUXILIARY TO MEET

The American Legion Auxiliary will meet Monday evening, October 20, at the Legion Hall at 7:30 o'clock. All members are urged to attend.

**NO ARGUMENT HERE**—The West Coast Illustrators League gave a lot of consideration to feminine movie stars, then decided that actress Nancy Olson has the most perfect shins in Hollywood. An ordinary group of inexperienced men would need a long time to make any decision, but the illustrators very obviously knew what they were doing when they made the choice.

Traweck of Abilene; Junior Division, Miss Inez Ruby of Bowie; and Special Activities and Projects by Mrs. Ina Wooten Jones of Abilene.

At a luncheon at the Hotel Cactus, Mrs. Jones will speak on "Our Federation's Current Objectives." Special music will be offered by Mrs. George Eason, harpist of San Angelo, and vocal soloist, Cary G. May, director of music in the San Angelo public schools.

During the afternoon there will be a final business session, a social hour and rehearsals. In the evening there will be a musical program followed by a reception at the First Methodist Church and presented by a massed choir composed of members of choirs from schools and colleges in the district.

Why Should I Have An Abstract?

... is a question often asked of abstractors and one we like to answer. When ownership of real property enters your business life then title problems also come in. Buying, selling, mortgaging and otherwise dealing with real estate require correct title information. The abstract reflects the true record title and therefore has everything to do with values. That's one answer, there are many others.
