

The Gay Philosopher

By J. W. S.

A FAMOUS STORY in the railroad history of our country is entitled "Texas vs. General," described as a locomotive launched 90 years ago near Atlanta, Ga. The action came during the Civil War when a Yankee spy sought to use sabotage to deliver Chattanooga to the Yankees. The Yankee and a party stole a passenger train pulled by the locomotive "General." When the engine's crew missed it, they gave chase in another train which had to be abandoned when the Yankees took out a section of railroad track. The southerners continued the chase on foot and picked up a freight engine, the "Texas." After a considerable race, the "Texas" won as the "General" ran out of water and wood. It's a thrilling railroad story that is retold from time to time when old railroad men meet. The two old engines are still in existence — monuments to daring and courage. The "General" is in the station at Chattanooga, and the "Texas" rests in Atlanta's Cyclorama. And exact miniatures, complete in small details, are excellent and attractive bookends at the First National Bank in Cisco. Notice them when next you're up at the bank.

HAD YOU EVER stopped to wonder what the situation would be like if every car and truck owner in Texas tried to go for a ride on the same Sunday afternoon? We hadn't either until we opened our mail the other day and read over a item from a tire company's public relations department. If every car and truck owner in the state went riding at the same time, there would be a vehicle every nine yards on every paved street and highway in Texas. And that would make one traffic jam, wouldn't it? The item also states that the average Texan spends only about 25 days a year in his car. The average driver covers 9,000 miles a year at an average of 30 miles per hour.

The state expects to register 252,000 vehicles this year to use the 16,711 miles of hard-surfaced roads in Texas. The experts are expecting the nation to have 65,000,000 vehicles by 1960.

MRS. REBA GORMAN, chairman of the membership committee for the American Legion Auxiliary, has asked us to help her in the drive for members. She says the deadline for old members to renew is January 31. And they'd like to have as many new members as possible by the same date. The Auxiliary has a busy program of civic work lined up for the year and they need lots of members. The Auxiliary is composed of the women folks of American Legion members. Mrs. Gorman will be glad to talk with anyone interested in joining up. Give her a phone call for the details.

MR. BILL FEWELL, who is a member of our staff of advisory philosophers, was walking along back of Damron's Tire Store the other day and found a car key. It was a single key with a novelty holder. He still has it and you can come by the Press office if you've lost one. He didn't say why he was walking down the alley.

ANOTHER ITEM in the past week's mail interests us. It starts off like this: "By using an amazing new home face-lifting device, Mrs. America can now look 20 years younger than she really is." And the item goes on to explain how the latest wrinkle in the cosmetics business. It's a con- straption that enables wrinkled ladies to fasten painless hook- elastic wigs into scalp skin, building up enough tension to hold the wrinkles taut. The device is invisible under the hair. They're due on the market before long at ten bucks.

LET'S ALL GO to the political convention up at the high school auditorium Monday night. It's the fire department's big minstrel show and it's scheduled to be the first rate entertainment. See you there.

CITY AND NATION AS STRONG AS HOMES, SPEAKER TELLS P-TA

"Our city and our nation are as strong as our homes," Mrs. Delmer Johnston told members of the West Ward Parent-Teacher Association in a talk last Wednesday at the regular monthly meeting at the school. Mrs. Johnston, a former president of the P-TA, spoke on "My Home Town."

"The people in the homes make the town," she said. "It is in the homes that the very foundation for living is laid." She pointed out that the most successful homes were those built on foundations from the teachings of the Bible. Abundant love, warmth of hearts, security, faith and hope, and a haven of rest are some of the things that a good home should offer to ever member of the family, Mrs. Johnston said. "It is up to us, the parents and builders, to give our children the foundation they so rightfully desire," she said. "Let's not fail them. Let us give freely and with our sincerest love all the good things so the children's lives will become richer and happier. That is the way to make 'my home town' the kind of place we would like to be."

Speaking of Cisco, Mrs. Johnston noted that "my home town is beautifully located among hills and valleys and beautiful trees." She pointed out that Lake Cisco was created in 1924 by building the world's largest hollow concrete dam (at that time). "We have an adequate swimming pool, playground facilities, parks and many other projects are in the making to promote progress in every respect in our city. Our churches, college and public schools make for an interesting citizenship," she said.

COUNCIL WILL MEET

The City Commission will hold a regular semi-monthly business meeting at 7:30 p. m. Tuesday at the city hall, Mayor G. C. Rosenthal reported Saturday.

Mayor Proclaims Jan. 29 As 'Mothers March On Polio' Day

Mayor G. C. Rosenthal has proclaimed Thursday, Jan. 29, as "Mothers' March on Polio" Day in Cisco, and he urged citizens to back the benefit project in a statement Saturday.

Stating that the "Mothers' March" will prove one of the finest manifestations of the depth of concern for the health of the young people, Mayor Rosenthal said that infantile paralysis dur- ing the past four years had "placed an overwhelming burden upon the March of Dimes in providing for care and treatment of the stricken."

The Mothers' March will take place from 7 to 8 p. m. Thursday as the climaxing activity of the year's fund-raising drive of the National Foundation for Infantile Paralysis.

During the hour-long "March" nearly 300 volunteers in all sections of Cisco will ring doorbells at every house where lighted porch lights, lamps or candles, bespeak the desire in the dwellers to participate in the fight against polio. In the last few years, this disease has struck down several local boys and

Mrs. Johnston pointed out that "there are many opportunities for development in any field in our home town."

Routine business matters were transacted with Mrs. Ted Waters, president, in charge. She gave a report on the recent state convention at Wichita Falls.

In the room count, honors for the lower grades went to Mrs. Frank Leach's room, while Mr. Midkiff's room won the honors for the higher grades.

State Has More Cows Than Last Year, USDA Says

Number of cattle on feed for market January 1 in Texas was estimated at 193,000 head, according to the United States Department of Agriculture. This is 4 percent above the number on feed a year earlier and just under the record number of 194,000 head on feed in 1943. The wide price spread between feeder cattle and fat cattle during the fall stimulated interest in cattle feeding. Most commercial yards, and particularly those feeding on a custom basis, were filled to capacity. A scarcity of home-grown grain and roughage forced curtailment of feeding among many farmers usually feeding a few head.

About 60 percent of the total, or 116,000 head, had been on feed less than 3 months, with 38 percent or 73,000 head in the feed lot from 3 to 6 months, and only 4,000 head had been on feed more than 6 months. Cattle on feed weighing less than 600 pounds on January 1 were estimated at 68,000 head, with 69,000 weighing between 600 and 900 pounds; 40,000 head in the 900-1100 pound class; 12,000 weighing 1100 to

Comanche Beats Lobo Quintet In Conference Play

The Comanche Indians defeated a fighting Cisco Lobo cage team at community gym Friday night by a 44-49 score to remain undefeated in District 10AA basketball play for the season. In an earlier game the Comanche girls downed the Lobo Queens 45-30.

The Indians took the lead early in the game and led for most of the way. Late in the second quarter the Lobos were ahead one point, but the Indians again took the lead and were never headed.

Jim Webb won high point honors despite heavy guarding by the Indians. He made four field goals and nine free throws for 17 points. Gene Coulter was high point man for Comanche with 11. Irvin Brunkenhoefer was in second place for Cisco with nine points.

The Lobos played one of their best games of the year. Their shooting was good and their floor play clean and hard.

Marie Borst was high point player for the Lobo Queens in their game with Comanche. She hit four field goals and nine free throws for 17 points but trailed Address of Comanche who accounted for 26 of her teams points. Coach P. C. Goza was hampered by the loss of two of his good forwards. The Queens fought the Indian Maidens all the way but the more experienced Comanche girls led in every quarter.

Kitty Lou Pippet made 10 points for Cisco and Bobbie Lee Sublett made two. Martha Eudy who saw action at both forward and guard posts, sank a free throw for the other Cisco point.

The Comanche "B" team downed the Lobo "B" team 28-20 in the first game of the night.

The loss to Comanche knocked Cisco out of a chance to win the round robin play which precedes the District tournament to be played in Stephenville on February 13-14. The winner of the round robin plays the winner of the tournament for the district championship. Comanche has two wins in conference play against no losses, and was given the nod to win the round robin.

Only 59 Pay Poll Tax At Cof C Office Here

Only 59 Ciscoans have paid their 1953 poll tax at the Chamber of Commerce offices, Mrs. Peggy Gallagher reported Saturday. Deadline for poll tax payment is January 31.

County Tax Assessor-Collector Stanley Webb reported that about 1,700 have been paid to date in the county. Cisco had more than 2,000 poll tax holders and the county had over 7,000 last year.

OFFICIALS NAMED FOR ANNUAL EASTLAND COUNTY STOCK SHOW

Officials for the 1953 annual Eastland County Livestock Show to be held at the old airport in Eastland on March 27 and 28 have been named, according to C. M. McCain, general superintendent of the show.

N. E. Evans, Carbon, and F. L. Spurlin, Eastland, were named as superintendent and assistant superintendent of the swine division while Marshall Berry, Carbon, and Lloyd Freeman, Pioneer, were chosen as superintendent and assistant superintendent of the dairy cattle division. Both Berry and Freeman are prominent dairymen in the county, McCain, Eastland rancher, said.

Henry Fry, Cisco, Hereford breeder, and R. E. Harrell, Ranger, were named to have charge of the beef cattle division. Harrell is a breeder of Hereford cattle. Both men served in the

end of the regular game the score was tied 69-69, and in the five minute overtime period the Wranglers outplayed their opponents to score nine points to their five.

Peck Hall was high point man for the game when he found the basket for 27 counters. He was hitting from every angle. Joe Murphy was in second place for the Wranglers with 15 points and Jim Barnett was in third place with 14. Dock Dawson made nine of the Wranglers scores.

The Wranglers apparently were out of the slump that has held them since the Christmas holidays. Coach Red Lewis said that the Henderson County game was one of their best for the season. Tuesday night the college team goes to Corsicana for a game with Navarro County Junior College. The next home game is on February 5 when Henderson County comes to the community gym for a conference game.

Revenue Agent Will Answer Tax Questions

B. M. Smith, internal revenue agent, will be at the courthouse in Eastland on January 26, 27, 28 and 30, Feb. 6, 13, 20 and 27, and March 6, 9, 10, 11, 12, 13 and 16 for the purpose of assisting taxpayers in the preparation of their income tax returns for 1952.

The Internal Revenue Office is on the fourth floor of the courthouse.

Dress Rehearsal Is Held Saturday

The final dress rehearsal for the Negro Minstrel to be presented Monday night at the high school auditorium under the joint sponsorship of the Cisco Volunteer Fire Department and the Cisco Boosters Club was held Saturday night, and officials promised a full two hours of high class entertainment.

The minstrel, "Convention Blues," is built around a political convention held by Negro people who express themselves as being dissatisfied by the results of conventions held by the major parties. They decide to hold their own convention and elect their own slate of officers. Bill Kendall is chairman of the convention. Biscuit Head, the convention clerk, is played by Gene Abbott. Jack Farleigh is the convention comedian.

The antics of the delegates and the candidates are designed purely for comedy, and the chairman has trouble keeping the convention in line and rolling.

A Dixieland Band will furnish the music for the program and various entertainment features have been prepared for the enjoyment of the delegates and the audience. On the program is a quartet composed of Bob Latson, J. H. Latson, Jr., Ace Lucas and Stanley Webb. Mrs. Stanley Webb will play the accompaniment. Jack Chambliss, Stanley Webb, and Rev. Sidney Spain will sing solos and a Cisco Junior College group has planned special numbers.

The entertainment for the convention will be introduced by Col. Footlight, played by Lewis Starr. Col. Footlight never appears without his body-guard, a seven-gun man, played by Randy Steffen.

Tickets for the Minstrel are on sale by members of the fire department and the Boosters Club. Admission prices have been set at \$1.00 for adults and 50 cents for students. The profits from the show will be used by the fire department in equipping the emergency car and a fire truck with two-way radio sets, and by the Boosters Club in helping in the local athletic program.

The cast of characters is as follows:

Convention chairman, Bill Kendall; Biscuit Head, the convention clerk, Gene Abbott; master of ceremonies, Elsworth Mayer; police chief, Joy Dean Laws; Col. Footlight, Lewis Starr; Col. Footlight's bodyguard, Randy Steffen; Sam the comedian, Jack Farleigh; delegate from Texas, Sutton Crofts; delegate from Pureto Rico, Jim Fitzgerald; delegate from Tennessee, Ralph Glenn; delegate from Alaska, Carl Gorr; delegate from Maine, J. L. Stafford; delegate from Illinois, C. W. Henry and delegate at large, Coy Warren.

W. Lee O'Daniel, O. C. Jeffcoat; Estes Keeppfer, L. L. Vann; Margaret Truman, Paul Farrow; Harry Truman, Homer Ferguson; Thomas Dewey, Roy Huffmyer; Sidney Crosby Jones, Sidney Spain; the Harmonizers, J. H. Latson, Jr., Bob Latson, Ace Lucas, Stanley Webb; and Mrs. Stanley Webb, accompanist; Gyration Jones, Jack Chambliss; members of press and radio; Don Purdy, Luther Edwards and C. L. Bisbee; Janitor, A. R. Westfall; specialists, H. V. Kirby and Billy Kendall.

Members of the Dixieland Band, Dr. C. E. Paul, Ken Russ, Alfred Anderson, Mrs. Ben Krauskopf; Harry Schaefer, A. E. McNeely, Ernest Hittson, Travis Farmer, Alton Roan, Ray Judia and Kenneth St. Clair.

LAW IS FORCE

Last November the American people demanded, with an avalanche of votes, far-reaching changes in the current policies, attitudes, and philosophy of their government.

It will take courage and vision to support those changes — for if we are to return to our traditional principles of self reliance and

individual responsibilities there will have to be an end to the reckless federal "give away" policy that has characterized the past 20 years. No longer can the federal government be regarded as a perpetual and limitless source of "aid" and "relief" and "security" for any group, for any region, for any individual.

Anyone can cite the tremendous problems we must deal with — the Korean War; the menace of

internal and external communism; the still-present threat of more inflation; the killing tax burden, and so on down the list.

But there is another great underlying problem. It is found in the way we have come to depend on ever-growing government to resolve all our difficulties, to protect us against all the exigencies of life from birth to death — and to make more and more of the decisions that we used to make for ourselves. The manner in which this problem is finally solved will decide whether we are to remain a free people, or are to drift farther down the road whose dead-end is servitude and tyranny, and a world in which the individual has neither rights nor dignity, and in which the state alone is important.

Bill Sharps Honored
At Shower Thursday

Mr. and Mrs. Bill Sharpe were honored at a miscellaneous shower Thursday evening held in the educational building of the East Cisco Baptist Church. Hostesses were Mesdames W. D. Hazel, L. B. Lipsey, B. F. Thomas, A. W. White, Cecil Adams, E. E. Green, Magie Pelfrey, R. R. Jones, J. C. Pelfrey, V. H. Bosworth, Douglas Busby, and M. C. Ivie.

Mrs. Hazel, aunt of the bride, presided at the bride's book and Betty Green and Mary Wood served the coffee and tea from a table laid with a white cloth over blue, carrying out the brides colors, and appointments of crystal and silver. Other refreshments were cookies and mints.

Mrs. L. B. Lipsey furnished appropriate music during the evening and Mrs. Bosworth read a poem about the couple after which she showered them with rice.

Approximately thirty five attended.

HEALTH TALKS

Prepared by the
Texas Medical Association

When someone is ill in your home, it may seem just one more burden to keep a written record of doctor's orders, the nursing schedule, and the patient's condition. However, such a record (which should be complete and accurate, but brief) is invaluable to the doctor and can save time and energy for the home nurse.

Suppose you have taken the doctor's orders, either by telephone or in person. You have written them down and checked with him about anything doubtful. Then he hangs up or leaves, and it seems that all you have is a mass of confusing directions.

It will help if you take out five or ten minutes to organize a nursing plan. Write down on a new sheet of paper the medicines or treatments to be given, doses, and the times at which they should be given. One way is to set up a schedule on the hour such as 9-12-3-6 for every three hours or 10-2-6 for every four hours. Set the alarm of a clock, if necessary, to be reminded when the first medicine or treatment is due; when you have given it, cross through the hour at which it was due on the nursing schedule, then reset the clock for the next dose or the next treatment.

On a prescription label the druggist usually includes the name of the patient, the name of the doctor, the date filled, instructions for taking, and the prescription number. In giving medicines, remember five "rights": the right amount of the right medicine in the right manner to the right patient at the right time.

After the medicine has been given or the treatment completed, it should be noted on the patient's record. A notebook may be used if the illness is likely to be long. The American Red Cross suggests the following form, ruled off in columns, as a model: Date and hour, Temperature (Rate of pulse and breathing, if ordered), Diet, Medicines, Treatment, Bowel and Kidney Movements, and Remarks.

This type of chart lets the doctor see at a glance the symptoms noticed, treatment and services given, kind of medicine given plus the time and amount, reactions to treatment, nourishment (including liquids), sleep and rest, bowel movements, and bladder output.

A carefully kept record can save the doctor's time, help in

Bible Study Set For Show Youths

FORT WORTH, Jan. 24.—Parents of the youthful exhibitors in the junior show of the Southwestern Exposition and Fat Stock Show need not worry that the boys and girls will miss Sunday School — for a breakfast-Sunday School class will be held at the exposition.

The occasion will be held on Feb. 1 in Pioneer Palace and will be sponsored by the First National Bank. J. Lee Johnson Jr., president, declared that the bank considers it a great privilege to be the host on such an occasion.

There will be a bountiful breakfast to which all the Future Farmers and 4-H Club members who will exhibit animals are invited, as well as their county agents and vocational agriculture teachers. After the meal which will begin at 8 a. m., there will be special music and the lesson will then be conducted by an outstanding teacher.

Stock Show officials declare that the breakfast and Sunday School class is the only occasion of the kind held by a livestock exposition anywhere.

Phillip Porter, student at Texas University in Austin, is spending the weekend at home with his parents, Mr. and Mrs. J. J. Porter.

the diagnosis and treatment, and help the home nurse plan a long-range nursing schedule. A simple entry of a symptom observed by a home nurse have been known to save a life.
