The Gay Philosopher

By J. W. S.

OUR SCOUTS report that the Chinchilla raisers over the nation will gather at Hotel Texas Fort Worth this weekend for the third annual Chinchilla roundup of the Texas branch. Cisco's two Chinchilla raisers are due to be there. The two ranchers are the C. M. Townsleys of Humbletown and Cora McMurry, 411 East 6th. The Townsleys now have 15 Chinchillas after starting with two.

Mrs. McMurry started two years ago with two pair and now has animals — 12 males and 22 females. Chinchilla raising started in the country in 1923 when a Californian imported 11 of the South American rodents. There are some 9,500 Chinchilla raisers in the nation. The little animals are being successfully raised in 48 states.

Raising Chinchilla must be a very interesting hobby. We've never met a Chinchilla raiser that isn't very enthusiastic about his animals.

YOU WILL BE glad to know that Mr. Lonnie Crosby, the Cisco diver in Korea, wasn't injured badly in recent war zone action. His wife, Mrs. Dixie Crosby, received a telegram from the government that he had been injured in action.

Lonnie reported that he was being carried wounded men back from the front when a mortar shell knocked him unconscious. After a couple of days in the hospital, Lonnie was back in the front lines again.

In Korea since last June, Lonnie has spent all of his time in the fighting line. He expects to have enough points for rotation home next month. You can imagine how pleased Mrs. Crosby is to learn that his injuries were not serious.

IF YOU'VE LOST a rhinestone screw, check with Mr. J. V. Epper, Jr. He found one over at the First Presbyterian church the other night. Understand it's for the right ear.

THOSE OF YOU who saw the "Believe It Or Not" exhibit here the other day will be interested to know that the flowers made from fish scales were made by the sister of a Ciscoan. Mrs. L. Pilkinton of Oklahoma City made the fish scale flowers and she believes it or not people thought some for their exhibit. She is the sister of Mr. Leo Phelan of our town.

REPORTS FROM our scouts at the Humble Pipe Line company say that Mr. Grover Eppler, the district warehouseman, will formally retire on March 1. He's on vacation. The retirement of Mr. Eppler has resulted in promotions for three others, as follows: Clell Reed to district warehouseman; R. Y. Adair, the district material accountant, and J. B. White, to district inventoryman.

And we all wish a happy retirement for Mr. Eppler and offer congratulations to the three men on their promotions.

MR. BILL MITCHAM, president of the Cisco Country Club, reports that they're getting set to re-roof the club house. And they will need to raise considerable folding money for the purpose. To help raise said folding money, Bill reports that they're going to give away a TV set. Club members will begin selling tickets any day now.

BOSS LION Gene Abbott tells that the Lions Club won't have a luncheon meeting this Wednesday at noon. Instead, the members will honor their ladies at a banquet on Thursday night at the Victor Hotel Coffee Shop. A special program is being arranged for the big event. Let's have a big crowd, Boss Lion Abbott says.

Pfc. Bud Seabourn, son of Mr. and Mrs. Joe Seabourn, has gone to Camp Pendleton, California, for further assignment following his visit in Cisco. Pfc. Seabourn was just returned from 18 months duty in Kodiak, Alaska.

ARTICLES OF WAR—Soldiers of a Viet Nam mobile unit search a town in central Indo-China for enemy troops and equipment, after encircling Communist Viet Minh units. In foreground are sections of a 75-mm. gun which had been buried in the village by the Viet Namese.

Ducks Beginning To Head Back To Northern Areas

AUSTIN, Feb. 17.—The Executive Secretary of the Game and Fish Commission reported that waterfowl wintering along the Texas coast are "getting uneasy about leaving" but that no mass migration northward has occurred yet.

He said field men have noticed considerable movement of some species such as pintails, mallards and gadwall from the southern part of Texas to the larger northern waters. He added that the main movement, depending on the weather, probably will begin late this month.

J. R. Singleton, wildlife biologist, stationed in the marshes around Winnie, said some of the harder varieties are getting ready or have begun short hops northward. He said this is preparatory to probing the winter-embanked central states and even northern states where first breaks in ice-covered streams usually attract the pioneering advance guards.

Singleton reported that the snow and blue geese have been moving inland. He said that the spoonbills, bluewinged teals, and baldpates are the last to leave this area. One species that does not leave is the mottled duck which occurs only in Texas and adjoining coastal areas and seldom travels more than 100 miles between wintering and nesting grounds.

Julian Howard, manager of the Aransas National Wildlife Refuge at Austwell, reported that waterfowl has scattered since the shooting season pressure ended, but that it is a little early yet to notice any northward trend. Howard's prize clients — are sitting whooping cranes — are still tight. They don't leave until about mid-April. He said the whoopers' wintering grounds have been closed to the public because the giant birds, now numbering only 21, have been unusually shy, apparently because of the prolonged drought's effect on their feeding areas.

Henry N. Harris Succumbs Here

Henry Newton Harris, 67, who moved to Cisco a week ago from Lubbock, died in a local hospital at 12:10 a. m. Tuesday following a short illness. He lived at 709 Ave. D.

Mr. Harris, a retired poultry grower, was born in Center, Alabama, on August 30, 1885. Funeral arrangements were pending, awaiting word from a son in Korea and a son in New York. Thomas Funeral Home was in charge of the arrangements.

Survivors are three daughters, Mrs. Marie Griffin and Mrs. Vera Clarke, both of Cisco, and Mrs. L. B. Van Cleave of Lubbock; two sons, M-Sgt. George Harris who is with the United Nations forces in Korea, and Edward Harris of New York City; and 16 grandchildren.

Mr. and Mrs. E. L. Jackson were weekend visitors in Norman, Okla., where their son, Eddie Jackson, is a graduate student and instructor at the University of Oklahoma.

Miss Janet Ferguson, student at the University of Texas, was a weekend visitor in the home of her parents, Mr. and Mrs. Homer Ferguson.

Retired Printer Called By Death

Moore H. McLeRoy, 76 year old printer, died at 4 p. m. Sunday in a Ranger hospital following a long illness.

Mr. McLeRoy, a resident of Cisco for the past 12 years, made his home at the Bates Hotel. He moved to Cisco from Houston. He was born at Rusk on August 23, 1876.

Graveside rites were to be held in the Rusk Cemetery at 3 p. m. Tuesday with Thomas Funeral Home of Cisco in charge of the arrangements.

He is survived by five daughters; two brothers, Smith McLeRoy of Dallas and Coe McElroy of Cisco; and a sister, Mrs. Martin C. O'Brien of New Orleans.

Stolen Auto Is Recovered Here By City Police

In less than an hour after it had been stolen Sunday night, Cisco police had recovered a 1942 Chevrolet belonging to an Abilene man and had placed in the city jail two escapees from Abilene State Hospital, who were in the car at the time it was located.

The car was allegedly taken from a parking space in downtown Abilene at about 8:15 p. m. Sunday while its owner, William C. Holly, was at a movie. Cisco police were alerted at 9 p. m. and had the car in their possession five minutes later.

Policeman Rube Calloway and Roy Lee Taylor spotted the vehicle in a service station at the Avenue E-West Eighth intersection. Attendants at the Abilene State Hospital arrived in Cisco Monday afternoon to take the two men back to their quarters.

Mr. and Mrs. Charlie Phippen are visiting in the home of their daughter and family, Mr. and Mrs. T. E. Lisenbee. Mr. and Mrs. Phippen have purchased a home at 1907 Ave. C and will move there soon.

Mr. and Mrs. Joe Britain, Mr. and Mrs. A. B. Byrd, Mrs. Ellen Justice, Mrs. N. A. Brown, Mrs. Richard Turkinett, Mrs. T. E. Lisenbee, Mrs. Sadie Youngblood, Mrs. Minnie Baum, Mrs. Sara Ann Parmer, and Mrs. H. L. Thompson attended the regular meeting and initiation services of the Order of Eastern Star in Albany Monday.

WESLEY METHODISTS COMPLETE WEEK OF DEDICATION PROGRAM

Members of Wesley Methodist Church will observe the Week of Dedication with special services Wednesday through Sunday nights.

Speakers of these nights will be Rev. J. Morris Bailey, pastor, First Methodist Church, Eastland, Wednesday; Rev. Robert Richmond, pastor, Salem Methodist Church, Graham, Thursday; Dr. Roy A. Langston, District Superintendent, Weatherford District, Friday; Rev. Paul Robins, pastor, Oak Dale Methodist Church, Stephenville, Saturday; and Rev. Gilbert Farrell, pastor, Morning-side Methodist Church, Fort Worth, Sunday night.

Lay leaders in 40,000 local churches have been urged to help the week-long period, ending in a day of dedication, Feb. 22. More than 25,000 lay leaders took part in 1952.

Local services will be at 7:30 p. m. each evening.

Day Of Prayer To Be Observed On February 20

By MRS. J. B. ELDER

"Walk As Children Of Light" will be the theme for the annual Day of Prayer, which will be observed for the sixty-sixth time on Friday, February 20. Millions of women in the United States and throughout the world will join in united prayer on that day.

For centuries women have prayed for a better world individually and in groups. This regular annual observance began in 1887. The response was so great that a day was set apart annually and eventually the first Friday in Lent was chosen as the World Day of Prayer.

Today the program is sent to 114 countries. There are now approximately 17,000 observances in the United States alone. Prayer girdles the globe. Services begin in New Zealand and the Fiji Islands, west of the date line, and continue throughout the day, closing with the observance in Alaska, and on the Tonga Islands, where Queen Salote leads her devout subjects in prayer.

The purpose of the Day is the Christian fellowship of prayer around the world, and the building of world brotherhood.

The sponsor in the United States in the General Department of United Church Women of the National Council of Churches in the United States.

The program comes from a different country each year. It is distributed in more than sixteen thousand communities in the United States, and this year went to 114 countries throughout the world. Two and one-half million copies of this year's Call to Prayer have been sent out in America alone. The 1953 service comes from Christian women of Africa.

Bible Baptists Holding Revival

The revival meeting which began Monday night at the Bible Baptist Church opened with a full house, it was reported by the Rev. R. S. Day, pastor of the church.

Rev. Day also reported that there were 50 rededications at the services Monday night.

The meeting is being conducted by the Rev. Harrol Williams of Eastland. Services will be held at 7:30 daily all this week.

Cisco Girls, Olden Boys Are Winners Of Local Cage Tourney

HEIGHT OF HORROR—The fantastic-looking individual in this photo is Max Palmer, an eight-foot, six-inch, former farm boy from Clarksdale, Miss. After a nationwide search, the 450-pound Palmer was chosen to play the title role in "Killer Ape," a picture being made in Hollywood. Observing the grotesque makeup on Palmer's face is studio hairdresser June Roberts.

Midget Boys Win Runnerup Honors

The Cisco Junior High School girls and the Olden grade school boys were the winners of their divisions in the annual Cisco Grade School Basketball Tournament held Thursday, Friday and Saturday in the local junior high gym.

The Cisco girls won the first place trophy by defeating Carbon in the finals Saturday night by a 45-31 score. Olden defeated the Cisco Midgets by a 25-23 score to take first place in the boys division. The Midgets were awarded the runner-up trophy.

The Rising Star boys won consolation honors by defeating Albany 35-9, and the Eastland girls won consolation in that division by downing Putnam 27-13 Saturday night.

In the first round of play in the boys division the score was as follows: Putnam 27 - Moran 21; Cisco 45 - Albany 21; Eastland 40 - Carbon 17; Olden 47 - Rising Star 23. In the girls division the scores were: Moran 26 - Putnam 16; Cisco 21 - Albany 10; Carbon 20 - Eastland 10; Rising Star 22 - Olden 20.

In the semi-finals for the championship in the boys division Cisco defeated Putnam 33-20 and Olden downed Eastland 31-28. In the girls division Cisco beat Moran 41-30 and Carbon ousted Rising Star 23-13.

In the boys consolation semi-finals Albany defeated Moran 28-20 and Rising Star beat Carbon 32-30. In the girls division Putnam beat Albany 18-16 and Eastland won by default over Olden.

Roy Killingsworth, principal of Cisco Junior High School, reported that the 1953 tournament was the most successful ever staged by the school, both as to participating teams and fan interest. The stands were full for all the night games and there were many present at the day games Saturday.

Mr. Killingsworth thanked everyone who had a part in the tournament success. Jack Everett and M. D. Conger were the tournament officials and called every game.

DISTRIBUTIVE EDUCATION WEEK IS PROCLAIMED BY GOVERNOR

In a proclamation signed in November, 1952, Governor Allan Shivers set aside the week of February 15-21 as Distributive Education Week in the State of Texas and asked that the week be observed by the young people and by all citizens of Texas.

In the proclamation Governor Shivers praised the members of Distributive Education groups for their striving to prepare for useful careers in the field of distribution.

He praised them for their aim of leadership and citizenship and for their dedication to high standards in business efficiency.

Local Distributive Education students have made plans for the observance of the week by special activities, it was announced by Owen King, head of the department in Cisco High School.

Held For Parents Runaway Youths Four Tennessees

The parents of four Fayetteville, Tennessee, young people arrived in Cisco Monday afternoon to return their children to their homes there after they were stopped Saturday night by Cisco police who were alerted by radio to be on the lookout for the runaways.

In the group were two girls, 14 and 17 years old, and two boys, both 17 years old. They were traveling in a 1936 model Plymouth coupe when they were stopped at West 8th and Avenue E.

The police held the two girls but released the two boys since their pick-up instructions mentioned only the girls. The girls were held at the police station and the fire station while their parents were notified and came for them.

The boys went on to San Angelo, where one of them had relatives, to await their parents who also made the trip to Texas.

High School Golf Team Wins Play

The Cisco High School golf team defeated the Abilene High School team by winning four matches at the Cisco Country Club course Saturday.

The team won over Brownwood at Brownwood and lost to the same team here. They lost to Abilene at the Abilene course and won in Cisco, and won from Breckenridge at the Cisco course some three weeks ago.

In the Saturday matches Buddy Deen won over Eugene Johnson of Abilene, 2-1; Bobby Bennie won over Emerson of Abilene, 5-4; and David Gray won over Jerry Olds of Abilene, 3-1. Blair Paul and Bobby Woolsey were the only Cisco players to lose their matches.

WORD CLUB TO MEET

The Word Home Demonstration Club will meet Thursday, February 19, in the home of Mrs. Jay Warren at 2 p. m.

Mrs. Bob Thomas and daughter, Kitty, are visiting her parents, Mr. and Mrs. C. E. Reynolds, in Cisco.

Ciscoan's Brother Dies From Burns

Sergeant William Modgling, 30, native of Quanah and a brother of Mrs. Bernard Galbraith of Cisco, died February 2 in Tokyo, Japan, of burns he received January 13 while attempting to rescue persons from a burning restaurant, according to information here.

A veteran of World War II, Modgling had served in the armed forces 11 years and had been awarded a number of decorations. He attended the Quanah schools and was a member of the Baptist church there.

Besides his sister here, Sgt. Modgling is survived by his wife, mother, two daughters, Bobbie Lou and Anita; and two other sisters.

CLASSIFIED QUIZZERS

Would you make a good President? If so, you would have to know which of the following statements are true and which are false! Turn to the Classified Page for the answers.

1. The President is always the Commander in Chief of the Army and Navy.
2. The President's cabinet is provided for in our Constitution.
3. A presidential candidate can receive the majority of the popular vote and be defeated in his race for the presidency.
4. If both the President and Vice-President were unable to serve as president, the presidency would fall to the Secretary of State.
5. The President of the United States must be at least 45 years of age.

OLD-FASHIONED PRINCIPLES

After the Eisenhower victory, all the political commentators speculated at length on what had caused it. With near-unanimity, it was decided that his attitude toward the Korean war was the number 1 factor — that the American people were 100 per cent fed up with a policy which promised neither victory nor any kind of an end to that sorry conflict.

Number 2 factor, most of the analysis decided, was Eisenhower's pledge to eliminate government corruption and waste, to cut costs, to balance the budget, and to bring about tax reductions at the earliest possible time.

We don't know what they're worth, but we will trade them!

Many Hands Are Needed to Launch New Farm Crop

Kenland clover, an outstanding product of all agencies cooperating in the use of modern breeding techniques, is shown above. It was the first variety put out under the new Foundation Seed Project. Dr. E. N. Ferguson, breeder of Kenland, is shown at right.

The value of teamwork in establishing new and improved varieties of farm crops is emphasized by W. A. Wheeler, author of "Forage and Pasture Crops," in an article published in "Crops & Soils."

It must not be assumed, as is often supposed, that the functions of the Commercial Seed Industry are confined to the processing and merchandising of seed. In reality they are engaged in nearly every one of the 10 steps mentioned. The completion of this chain of production, distribution and service agencies by the recent addition of the Foundation Seed Project has done much to "pep up" seed production of improved forage crop varieties and to create widespread interest in them.

AS IT LOOKS FROM HERE

By OMAR BURLESON

President Eisenhower in his first Message to the Congress said in effect, "We are going to fetch our city halls and courthouses away from Washington and send them back to Main Street, U.S.A."

In that simple declaration is expressed a feeling which many of us have shared for a long time. Almost everyone has had something to say about the Message. One of the shortest comments came from a Southern newspaper editor who became so wound up on what the President had said that finally he threw up his editorial hands in despair and wrote a one-word column, "Amen, Brother."

Although my space here is short, I would not be content to simply add another "Amen" without qualification. While a few of his points are not entirely agreeable with my own views, his dominant and hopeful theme should bring encouragement to the hearts of all of us who seek relief from the "gimmie attitude and the 'something for nothing' philosophy of Federal Government which has taken roots in this Country in recent years.

In short, the President has promised to work for a far-reaching program of decentralization of Government authority and responsibility. He stressed the need and necessity for each political subdivision — community, county, and State — to assume the authority which it has to look after its own needs, and for each citizen to do the same. He left the multiple problems of decentralizing Government squarely in the hands of the American people.

As everyone knows, at least a part of the responsibility for the enormous transfer of Governmental authority from local and State hands into the Federal Government has come about because of the willingness of many to sacrifice the old American principle of self-reliance, initiative, opportunity, and reward, for the sake of security. In the last several years the Congress has gradually yielded much of its power and responsibility to the Executive Branch of the Government in the name of expediency.

Generally, we have been so willing to "let George do it" — and in this case, George is Uncle Sam — that we have reached a high state of dependency on Federal aid, controls and intervention of various kinds and sorts. Cases and instances can be cited on which a fair conclusion can be drawn that our Constitution itself has been endangered.

As self-government in the States, counties, and cities has diminished and moved to Washing-

ton, there has been a related decrease in participation by the individual citizen in his Government. We cannot transfer authority and responsibility away from home without in turn losing interest, and ultimately, participation in Governmental affairs.

Now the President promises to soft-pedal the Federal Government's role in many fields — agriculture, labor, business, social welfare, and even foreign aid. The program he outlined in his speech is not the expression of theory alone, but is practical, because it calls for a wholehearted resumption of responsibility by the individual citizen.

Examples of the President's resolution to reduce big Government are found in numerous places in his address to the Congress.

In the sphere of labor relations, for example, he made it plain that "American labor and American business can best resolve their wage problems across the bargaining table. Government should refrain from sitting in with them unless, in extreme cases, the public welfare requires protection."

He exhorted State and local groups and organizations of citizens to "restrain themselves in their demands upon Congress for funds."

Abandoning his earlier concept of "full parity" for farmers, the President said in his speech that "full parity" must be sought "in ways that minimize Governmental interference in the farmer's affairs . . . and encourage farmers to use initiative in meeting changing economic conditions."

In foreign aid programs, the President called for greater initiative on the part of our allies whom we have sought to help. "The needed unity of Western Europe cannot be manufactured from without," he declared.

The President's address reminded us that man throughout the ages has sought security, and up on attaining it, has wound up losing some of his freedoms. The oyster, enclosed in its shell, has the highest degree of security. On the other hand, the eagle exists by his own initiative and self-reliance, foraging for food and building his own nest in the rocks. One has security. The other has not. Yet when our founding fathers sought an appropriate emblem for the young United States, they chose the eagle — not the oyster.

In 1800, the U. S. Government had a total of 131 employees.

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

Presbyterian Women

Had Monthly Meeting

The monthly Inspirational meeting of the Women of the Presbyterian church was held Friday, February 13, in the home of Mrs. John Kleiner, president.

Mrs. H. Grady James opened the meeting with prayer. Men were made of the Austin College Dramatic Club who were to present a playlet, "Terrible K," at the church Thursday.

It was decided by the group to have the church dinner at 6:30 the program afterwards.

Committees were appointed for dinner and homes were offered to keep the students at night.

The president presented two letters to Circle Two for having most in attendance at the general church meetings for the past two quarters.

Attention was directed to February being Survey Month and the need for more descriptions. February letters to the Mid-Texas Presbyterian Association and the Texas Synodical Association, as well as thanks to the J. R. Bacon family and Frank Walker were read.

The meeting was then turned over to Mrs. Homer Slicker who was in charge of the program. The group joined in singing, "We Are One But Thine Own," and Mrs. James gave the devotional on Romans 12: 1-13.

Mrs. W. Wallace asked all to listen attentively to the lesson on Stewardship as represented by the personal life of John J. Eagan.

Mrs. Slicker spoke of Mr. Eagan, southern industrialist, who died in the glory of God regardless of profession or vocation. His church was given by Miss Willie Egan; His Society by Mrs. B. S. Egan; and His Business by Mrs. Egan, followed by a general session led by Mrs. Slicker.

Mrs. J. B. Elder was presented with a talk about the work of the president of the Federal Council Churches in Cisco. The president invited the group to the church for refreshments in the home of Mrs. Elder. Mrs. Ted Egan poured the tea.

The meeting closed with prayer. Mrs. W. F. Watson with four members and one visitor present.

Mrs. Parkinson Gives Party For Daughter

Everly Joan Parkinson was celebrated by her mother, Mrs. S. Parkinson, with a party Saturday, February 14, in celebration of her sixth birthday.

Games were played including ring the tail on the donkey and Sherry Heyser and Pam Egan winning the prizes. The group sang the happy birthday and the honoree made a wish and blew out the candles on her cake. The gifts were presented and flash bulb pictures were made of the group.

Refreshments of heart shaped cakes, decorated in pink and white, and made by Mrs. W. C. Egan, ice cream, and favors of baskets of candy hearts and balloons were served to the guests.

Those attending were Pam Lacey, Sherry Barnes, Sue Collier, Sherry Heyser, Cornel Hooper, Roberta Booth, Jeana and Edna Kinard, Mickey Norvell, and Russell Ivie, Linda Lamm, Ronnie Parkinson, Mrs. W. C. Clements, Mrs. C. W. Latham, Mrs. C. C. Hogan, Mrs. W. C. Egan, Mrs. A. A. Gossett, Mrs. Parkinson and the honoree, Beverly Joan.

Those sending gifts were Mrs. C. Bennie and Timmy, Mrs. Trammell, Mrs. L. L. Hunt, Mrs. Cisco; Mrs. Eugene Parkinson of Dallas, J. Phillips of Odessa, and Mrs. W. A. Gleason children, Dawn and Della of Abilene.

Lamp Lighters Class Has Valentine Party

The Lamp Lighters Class of the Church of the Nazarene met Friday, February 13, in the home of their teacher, Miss Urma Ruth Jones, for a valentine party.

Appropriate games were played and valentines presented to each by Sylvia Cearley. Refreshments of heart shaped cake, hot chocolate, and heart favors were served.

Those attending were Linda Sue Smith, Gloria Wooten, Anna Kay Sparks, JoAnn Whaley, Margie Gauntney, Bonita Parmer, Anita Parmer, Edna Fay Reeves, Mary Reins, Rozella Reins, Pat Donohoe, Margie Cook, Sylvia Cearley, and the hostess, Urma Ruth Jones.

4-H Clubs Meet For Lamp Making Study

The Girls and Boys 4-H clubs met jointly Monday, February 9, at the Junior High School for a demonstration on how to make lamps.

Miss Daniels of Eastland, county home demonstration agent, gave the demonstration on lamp making. Lamps will be made in the future by the members of the club and will be judged sometime in March. Speakers for the meeting were Mr. Cooper, county agent; Mr. Wheat, of the West Texas Utilities Company in Eastland; Mr. Williams, assistant county agent, and Miss Rozelle Winston, assistant county home demonstration agent.

Those attending the meeting besides those mentioned above were Mrs. R. L. Justice, leader, and approximately ninety members.

Mrs. Ditmore Hostess For Lake Cisco Club

Mrs. C. A. Ditmore was hostess in her home Monday for the regular meeting of the Lake Cisco Home Demonstration Club.

Mrs. Ellen Justice, vice president, presided. The meeting opened with the club prayer and pledge in unison and roll call was answered by eleven members. Mrs. Baum read the minutes on the previous meeting and other routine business was transacted. Each member was asked to bring a cup towel or pot holder to the next meeting which will be held March 2 in the home of Mrs. Fay Gardenhire. The meeting will be called for one o'clock instead of two.

Mrs. W. D. Hazel gave the council reports and Mrs. Minnie Baum was in charge of the recreation. The hostess served ice tea, cake, and ice cream to three guests, Mrs. Kean, Mrs. Allen Jones, and Tommy Lee and the following members: Mesdames Alice Gorr, Lillian Hansen, Jeanne Lee, Amanda Latch, Minnie Baum, Julia Hazel, Fay Gardenhire, Ellen Justice, Etta Judia, C. E. Whitmore.

Mrs. Harold Carlile Honored On Birthday

Mrs. Harold Carlile was honored on her birthday Sunday at a dinner held at the home of her parents, Mr. and Mrs. R. O. Fenley.

Those attending the celebration were Mr. and Mrs. Jack White of Gatesville, Mr. and Mrs. Claudie White and family of Houston, Mr. and Mrs. Don White and family of Odessa, Mr. and Mrs. Dick Spoon and family of Odessa and the following from Cisco; Mr. and Mrs. Harold Carlile and sons, Mr. and Mrs. Carson Holderidge and sons, Mr. and Mrs. Homer Taylor and sons, Mr. and Mrs. Claude Spoon, and Mr. and Mrs. Enis Qualls.

David Vann Honored On Third Birthday

David Vann celebrated his third birthday Monday with a party held at the home of his parents.

Games were played after which refreshments of cup cakes and ice cream with favors of bubble gum were served.

Those attending were Tom and Bob Denton, Harold, Darold, and Joy Davies, Bengie, Jolene, and Nedia Burnam, Standlee McCracken, Sandra and Judy Reynolds, Ronnie Vann, and David Vann and Mesdames Allen Burnam, Standlee McCracken, Besie Marshall, and Mrs. Vann.

Marriage Of Joanne Townsend Announced

Mr. and Mrs. E. S. Townsend have announced the marriage of their daughter, Joanne, to Israel Ten, whose home is in Pureto Rio. They were married in San Angelo on July 7, 1952.

Mr. and Mrs. Ten will make their home in Wichita Falls where he is a member of the Wichita Falls baseball club for the 1952 season.

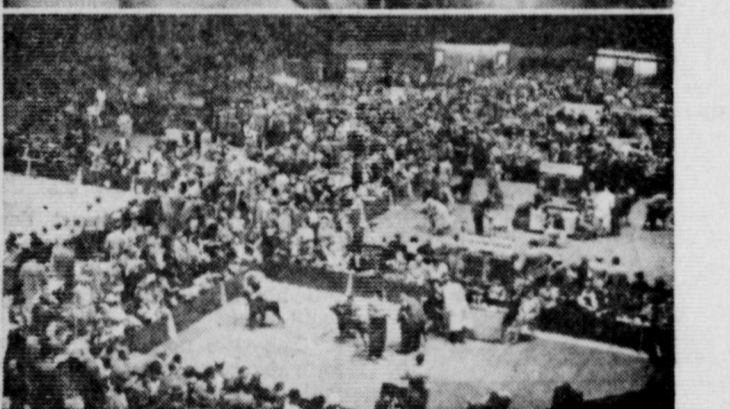

OPERATION BATHTUB—Pvt. Ivan Smith, of Boonville, Ind., is defying the Korean cold by shaving himself in a homemade bathtub made from an old drum cut in half. Men along the fighting front got a break recently when the typically freezing weather thawed for a short time under some unexpected sunshine.

LAMBS FOR THE PONTIFF—Two "Daughters of Mary" pat the heads of a pair of gentle, woolly lambs before delivering the animals to Pope Pius XII in Rome as homage in a traditional yearly ceremony. On the Day of Santa Agnese, two small lambs are given to the Pontiff who, in turn, presents them to the Daughters of Mary for safekeeping. Shorn once a year, the sheep then provide wool for clerical garments in The Eternal City.

AT THEIR BEST—Rather nonchalant about the ribbons they garnered during the Westminster Kennel Club's 77th annual Dog Show in Madison Square Garden are four Maltese, top left. But Ch. Hazel Jane's Bright Future, right, "Best of Breed" winner for collies, and owned by Hazel R. Youngjohns of LaGrange, Ill., is aware of the fact that winning a prize is something to be proud of. Ch. Wyretex Wyns Traveller of Trucote, shown with his owner, Mrs. Leonard Smit, of Hohokus, N. J., won the fox terrier (wire) "Best of Breed" award, lower left. Some of the more than 2500 entrants are shown in right photo.

AMONG THOSE PRESENT—Laborers carrying 100-pound blocks of ice walk up a ramp to the storage place, a two-story building gutted by war. The blocks are packed together, with straw mats between them. Hang figures it costs him 500 won (Korean money) to store each block, and next Summer he hopes to get 15,000 won apiece. He has 20,000 blocks and expects a good profit.

LOOKING AHEAD IN KOREA

FOR HOT WEATHER—Laborers carrying 100-pound blocks of ice walk up a ramp to the storage place, a two-story building gutted by war. The blocks are packed together, with straw mats between them. Hang figures it costs him 500 won (Korean money) to store each block, and next Summer he hopes to get 15,000 won apiece. He has 20,000 blocks and expects a good profit.

STORING IT UP—Although Korea is torn by war, life must go on as best it can. Hang Chong-Song, an enterprising citizen of Seoul, is preparing his business for the Summer months. His workmen are cutting blocks of ice from the frozen Han River, above photos, to be driven into the city by horses.

News from Cisco Junior College

— Taken from the Brandin' Iron, Student Newspaper.

Baptist Church Gives Banquet

Everyone was invited to the banquet at the First Baptist Church Monday night, February 9th, for free food and entertainment.

C. J. C. was well represented at the banquet in which everyone who attended enjoyed themselves immensely. Some of the students of the college participated by being in plays and on the food program. The main purpose of the feast was to elect a king and queen from all of the training unions put together.

We had a swell time and proved to the town folks that the students of C. J. C. do have what it takes to put over a truly successful banquet.

New Students At C. J. C.

The new students who enrolled at C. J. C. this semester are: Arnold Ford, who comes from Sweetwater. Arnold is a veteran and is Miss Ford's nephew. He is well liked by all.

Gerald Birt is a local boy who has enrolled. Gerald finished high school at mid-term and is Geneva's brother. He seems to like C. J. C. very much.

John Morgan comes to C. J. C. from Carbon. He is a friend and former classmate of Donald Nichols.

Dorothy Rice is another local girl who comes to C. J. C. She finished Cisco Higs School at mid-term. She is a member of the choir and also plays the cornet.

L. E. Tipton is a Korean veteran who is a local boy. He has served four years in the army. L. E. will be playing football at C. J. C. He seems to like C. J. C. very well and is well liked by all.

Mary Hill is a transfer from North Texas. Mary is a freshman and is liked by all who have met her. She is a local girl and graduated from Cisco High School.

Barbara McCauley is another transfer from a senior college. Barbara hails from Cisco and comes to C. J. C. from Hardin-Simmons. She is in the college choir.

Mrs. Bob Sanders of Cisco is another one of our new students. Mrs. Sanders is a senior at East Texas State and is taking extra courses at C. J. C.

Peggy Tyler is another local girl. She is a freshman and seems to like C. J. C.

We are all happy that we have these new students in C. J. C. We wish them lots of luck, because they may need it.

Basketball Jackets Have Been Ordered

Coach Paul Mosley announced today that he has ordered the girls basketball jackets. The jackets will be royal blue with white trimmings. The standard C J will be used on them. Coach Mosley said they would be all wool, and made on the same style as the boys jackets.

The second year girls will have two strips and the first year girls will not have strips. All of the girls on the squad will receive a letter award.

The second year lettermen are Mary Nell Clardy, Mickey Burnett, Carmelita Dickerson. The first year girls are Hallye Johnson, Bonnie "Jim" Birch, Wynell Pitman. Wylene Bent, Barbara Illingworth.

New Faces In The Boys Dorm

Since mid-term we have acquired four new faces in the boys' dorm. The boys hail from Azle, Midway, Roscoe, and Trent.

Gene Thomason is from Azle, he is 22 years old and has served three years in the Coast Guard. Gene will be seen playing half-back in spring training. He is a freshman and a very likeable boy.

Another new boy who is a transfer from Navarro and former high school classmate of Donald Denard is Wendell Battle. He

Track Season In View

The C. J. C. Wranglers are looking forward to a good track season, with workouts beginning today. Coach Red Lewis is expecting to have a good track team with two fine relays.

Several of the boys have already begun to work out for the mile relay. Charles Atkinson and Burl Moses are expected to join the relay after basketball season. All of the boys have fine records in high school and should make a fine mile relay team. Cade and Duncan have both been to the state meet at Austin.

The sprint relay boys will begin work after basketball season. This relay will probably consist of Edward Lee, Charles Atkinson, Burl Moses and Jerry Cade. However, this is not official.

For other events we have the following:

Broad jump — Burl Moses; Jerry Cade.

Hurdlers — Don Denard; Eugene Pallette.

High jump — Bill McGuire; Bud Miller.

Sprints — Edward Lee; Burl Moses; Charles Atkinson; Jerry Cade.

440 dash — Don Duncan; Burl Moses; Charles Atkinson.

There will be several other boys out for different events, but we do not know definitely who they are.

The first meet will be March 6 at Fort Worth. The conference meet will be held sometime around the first of May at North Texas.

Golf Team Organized

Cisco Jr. College will be represented in the field event in track this year in golf. The College golfers are Jack Voss and Bill Benny. They are working out daily under coach Mosley; both boys have been playing golf approximately eight years and should be able to give a good account of themselves.

The team probably will enter the collegiate tournaments at North Texas State in Denton, The Southwest Track meet at Fort Worth, and a couple of others.

Anyone who wishes to make the comes from Midway and is planning to play football for C. J. C.

Don Duncan who comes from Trent is a former high school teammate of Jerry Cade. He is football and track scholar.

The fourth boy who is new in the dorm is Arnold Hunter who comes from Roscoe. He is a veteran and has served four years in the Army Air Force. He also plans to play football for the C. J. C. Arnold is a freshman and seems to like C. J. C. fine.

NEW Cough Help FOR LITTLE CHILDREN

For coughs and acute bronchitis due to colds you can now get Creomulsion specially prepared for Children in a new pink and blue package and be sure:

- (1) Your child will like it.

Civil Service To Hold Job Exams

Examinations for Mining Engineer and Printing Plant Worker were announced today by the United States Civil Service Commission. The mining engineer positions pay from \$4,110 to \$10,800 a year and are located in the Bureau of Mines of the Department of the Interior, in Washington, D. C., and throughout the United States. Printing plant workers are needed principally in the Government Printing Office and the bureau of Engraving and Printing in Washington, D. C. The pay is \$1.29 an hour. Positions in other Federal agencies may also be filled from these examinations.

No written test is required for the mining engineer jobs, but applicants must have had appropriate education or experience or both. A written test is required for printing plant workers. Applications for mining engineer positions must be filed with the Board of U. S. Civil Service Examiners, Bureau of Mines, U. S. Department of the Interior, Washington 25, D. C. For printing plant worker jobs, applications must be filed with the Board of U. S. Civil Service Examiners, Government Printing Office, Washington, D. C. Applications for both examinations will be accepted until further notice.

Full information and application forms may be obtained from the Commission's local secretary, Sam B. King, at the Cisco Post Office or from the U. S. Civil Service Commission, Washington 25, D. C.

Safety Project To Be Continued

Members of the Cisco Boosters Club had ordered more Scotch-Lite tape to install on local cars after they sold out their supply at the safety lane held Saturday.

The club held the safety lane at 1 p. m. Saturday and in two hours sold out their entire supply. It was announced that additional tape would arrive in time to hold another lane Saturday, February 21. Full details will be announced later in the week.

The tape is being installed on local cars as a safety measure designed to cut down accidents while driving at night. The cost of installation is \$1 per car.

HEALTH TALKS

Prepared by the Texas Medical Association

Often a patient must depend on others for his daily grooming. Special attention should be paid to his skin, nails, hair, mouth, and teeth.

The skin may be cleaned with a rubdown using alcohol or baby oil. For the seriously ill patient or one in bed a long time, pressure areas (the end of the backbone, heels, etc.) must be inspected for sores daily. Earliest indications of trouble may be redness or thinning of the skin, or the tendency of the skin to pit when pressed with the finger or to show the imprint of wrinkles and the texture weave of bed-clothing.

The doctor should be notified and the condition cared for promptly. A ring cushion should be slipped under the hips or heel, the position changed often, and red areas rubbed with alcohol and dusted with powder. Bedding should be kept dry and wrinkle-free. The patient should be lifted on to the bedpan, not slid, and the pan powdered or covered with a small pad or folded towel to avoid further friction.

An important part of grooming is care of the nails while moist, the skin around them may be pushed back with an orange stick or the washcloth. Later the nails are cut, cleaned, and filed, as needed. The hair needs brushing and combing at least once a day. A woman's long hair can be braided over either ear; if short, it should be kept out of the face. Every day or two a man may need a shave.

At least twice a day the teeth and gums should be cleaned. If the patient can't brush his own, the home nurse wraps cotton around a finger, wets it with sodium bicarbonate or salt solution, and wipes the teeth and gums. Dentures should be removed and rinsed under running water, using a brush and mild soap or the patient's own special powder. The patient's mouth should be cleaned with a soft old toothbrush or as described with the cotton. The lips may be kept from drying and cracking during a fever by greasing with cold cream or some other lubricant.

If you had a flower for every hour

... your electric washing machine saves you, you could wear a posy to church every Sunday for forty-six years! (Your washer can save you 2,400 hours during its lifetime!)

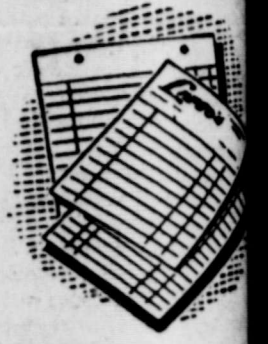

That is only a sample of the time and energy modern electric appliances can save you on household chores of all kinds. Just think of the savings in time, money and woman-power an electric range, a dishwasher, or a modern electric refrigerator can make in your home—and remember, they cost only a few cents a day to operate.

For the ease, convenience, and economy of modern electrical living, see your local electric appliance dealer. He will be glad to show you how modern electric home appliances can save you hours and hours of work each week.
