The Gay Philosopher

By J. W. S.

WANT TO BE A professional baseball player? The manager of the Abilene Blue Sox of the West Texas-New Mexico League tells us they'll hold a two day scout camp in Abilene on March 1 and 2. This camp is open to boys of non-professional experience as well as those of professional experience who are free agents. Each boy will furnish his own uniform, meals, transportation and equipment. If signed to a contract, all expenses will be reimbursed and the player will go with the club to spring training camp in Florida.

MR. ADRIAN R. ALLEN, who used to be a real estate and insurance man here, now is the same kind of man in Abilene. He saw the Allens last Sunday. They were here visiting Mrs. Allen's mother, Mrs. C. S. Surles, and other relatives. They kind of like the situation in Abilene, but it doesn't seem like home, Mr. A. says.

COMES A LETTER from some former Ciscoans down Galveston way.

Mrs. P. J. VanOstrom of 501 Avenue J, Galveston, writes to have us renew their subscription. Their friends will be interested to know that Captain VanOstrom, a merchant marine skipper, has just been ordered to ship to San Francisco to take out a ship to visit Japan, Sumatra, the East Indies and India. His ship, the SS Callabee, is a tanker that hauls fuel for the Navy.

Mrs. VanOstrom is the daughter of Mr. and Mrs. Ben B. Throop of Cisco.

ANOTHER FORMER Ciscoan dropped in for a visit Saturday afternoon. He is Private Andrew Weatherby who used to work for The Press. Andy completed his basic training at San Antonio recently and now is stationed at Waco. He's a printer for the Air Force. It seems kind of unusual for the Air Force to assign a civilian printer to a printing job, but Andy says it's swell. And he looks very handsome in his blue Air Force uniform.

THOSE OF YOU who missed the Minstrel Show, "Convention Blues," recently will want to get a front seat when the Booster's Club gives a repeat performance at the high school auditorium next Friday night. The second edition of the show will be a benefit for the Boy Scouts who are planning to attend the coming Jamboree. The Scouts are out selling tickets. It's a jam-up good show, featuring home talent. You should see it.

MR. R. P. STATON, who was with the Humble company here a good many years ago, was a business visitor in Cisco the other day. He is now an official of the Pure Oil Company and came here on business. He ran into another former Humble man, Mr. L. J. Henson, and they enjoyed a visit. Mr. Staton now dwells at Kermit.

THOSE OF YOU who like statistics will be interested in a piece of mail we've just received. This item pointed out that the average Texan can earn the money to fill his pantry shelf with canned food for sixteen times as fast as his European counterpart. A Texan need work only 11 minutes to pay for a can of peaches, while it takes an Englishman 50 minutes to pay for a similar can.

RAN INTO MR. Stanley Webb, the tax collector and assessor, and he had just finished compiling the names and counting all of the people who paid their poll tax. It's a record low, as far as we know, for only 2,975 poll tax receipts were issued for 1953. This gives the country a voting strength of around 4,000. It has been estimated that there are about 1,000 people who vote free because they're over the age limit. Then, exemptions were issued to 31 people who get a free vote because they're 21 this year.

Mr. and Mrs. Bill Kendall and son, Billy, were business visitors in Abilene Saturday.

NOW, AS ALWAYS—In Korea, housewives have as many chores outdoors as they have in their snow-covered huts. This woman is pounding rice in a primitive manner that is centuries old. The war has added many hardships to the lives of these people, who never did have an easy living.

Monthly Meeting Of Scout Leaders Is Held At Hotel

The regular monthly meeting of area leaders of the Boy Scouts of America was held Monday night in Cisco. After a supper at the Hotel Victor, which opened the meeting, the group went to the First Presbyterian Church where a business session was held.

Plans were made for work of Cub Scouts, Boy Scouts and Explorer Scouts for the month of March, and Bill Pickins of Eastland gave a report on the regional meeting to be held in Dallas April 17 and 18.

One of the highlights of the meeting was a report given by Bill Jessup and Homer Tudor on the summer program at Philmont Ranch in New Mexico. The ranch, consisting of some 300,000 acres, was given to the scouts by Mr. Philmont, a New Mexico rancher, for their use. Scouts go to the ranch, and for designated periods make treks over the ranch completely out of touch with civilization. They have camps where their food supply is replenished but for the entire period of time the scouts are out of touch with the outside world. Mr. Jessup and Mr. Tudor told of the requirements and the benefits of the program.

OE'S PLANS MEETING

The Order of Eastern Star will meet Tuesday at 7:30 p. m. at the Masonic Hall for their regular meeting and initiation services. All members have been urged to attend.

BOOSTER'S CLUB MAKES PLANS FOR PANCAKE EATING CONTEST

Members of the Cisco Booster's Club heard reports from committees and discussed various projects at their regular meeting held Monday night in the cafeteria of the high school building. Reports were made on the sale of Scotch-Lite tape and it was announced that a supply was available during the week at Smitty's Service Station at West 14th and Avenue D, and at Wilson Smith Service Station at West 8th at Ave. M. Those desiring the tape were asked to stop by either station this week to have it installed on their cars. The committee in charge of the pancake supper to be sponsored by the club at the First Christian Church Thursday, March 12, reported that plans were almost complete for the event. It was decided to hold a pancake eating contest with the

ACTION ON COURT MEASURE IS DELAYED IN TEXAS LEGISLATURE

Action on Representative Omar Burkett's house bill to consolidate the 91st and the 90th district courts was delayed in the Texas Legislature's lower house Monday due to a floor fight on a measure to regulate optometrists. The Press was advised from Austin today.

Mr. Burkett, who represents the 76th District in the Legislature, told the Press that the bill would likely be brought up for house action later in the week.

"I note with regret that many misrepresentations are being made concerning the attaching of Eastland County to the Stephens-Young County District Court, eliminating the 91st, our district, and attaching same to the 90th," Mr. Burkett said in a letter to The Press.

"I say frankly that I told the people in last summer's campaign and since that time that I am for economy and I will practice it to the limit. Everyone knows how I stand on matters affecting all the people and not just a few. I propose to represent the man in the street, the unemployed, the old people, the clerks in the stores, the lawyers, the doctor, the newspaper fraternity and above all that forgotten citizen who has nobody to speak for him in the State House."

"One rumor that is going around is that Eastland County will have no court at all. I can't see how any man who has any regard for truth can say or believe that. Everyone in the county, at least the oldtimers, remembers that Eastland County was once in a 5-county district where court was held periodically, and that's the way it will be if and when Eastland County is attached to Stephens County. You will have just as much court and the people will be given quite a saving."

"I am wholeheartedly with the Governor on his program to re-district the state and I am taking this initial step because Eastland County is in my district, and this bill is one of local concern," Mr. Burkett attached a copy of the

winner to be awarded a prize. It was decided to ask a few local merchants to sponsor a contestant and to post a \$5 entry fee for the contestant. Two merchants have agreed to sponsor contestants. It was decided at the meeting to hold weekly meetings until after the supper and to hold semi-monthly meetings following March 12. Club members voted to assist the coaches in conducting the dual track meet between Cisco and Comanche to be held at the new track Friday. Members will serve as judges, timers, or in any way called upon.

Coffee and donuts were served in the cafeteria following the meeting.

Rain Showers, Cool Weather Is Forecast In Area Tonight

NEWEST MEMBER—Billy Coddington, nine, a Cub Scout of Pack 6, in Hollis, N. Y., is holding a new mascot in his arms. The pup was given to the Pack in response to a letter written to a dog show, telling of the loss of a former mascot. When the Scouts' wish was granted, Billy went to pick up the purebred dog, a Dalmatian, because the boys had requested a "firehouse dog." Now they've got their wish, and it's going to grow a lot.

2 Of Inch Falls In This Section

Two tenths of an inch of rain fell in the Cisco area Monday night and weather forecasters today predicted showers again for Tuesday night. Cold weather was also scheduled for tonight and Wednesday.

Weather men reported that the entire state was covered with a blanket of clouds with light rain in many sections. Snow and sleet was falling in the Texas Panhandle and part of the plains country. Highways and roads were open, however, and they were expected to remain open.

Forecasters doubted if the rainfall tonight and Wednesday, if it develops as expected, would amount to much.

Area farmers and ranchers welcomed the showers, expressing the hope that the moisture would be sufficient to aid winter grain and cover crops. Due to the drought, few stockmen have had winter grazing for their livestock.

Temperatures were expected to drop to near the freezing point Tuesday night.

Officers Help In Search For Lone Robber Of Cafe

Members of the Cisco police department were working with Stephens and Eastland County authorities Tuesday in an effort to apprehend a lone robber who Monday afternoon took some \$120 from a Stephens County cafe with a knife as his weapon.

Cisco police were alerted by radio and were keeping a watch for the bandit in the Cisco area. The robbery occurred at 2 p. m. Monday when a man entered Norman Brewer's Place four miles south of Breckenridge and ordered something to eat. He ate his meal and drank some beer and left. A few minutes later he returned and pulled a knife on Mrs. Dolly Trammell, a waitress.

The man ordered Mrs. Trammell to walk to the back of the building and made her enter a walk-in refrigerator. He then took the money from the cash register and left in an old model ford. Two customers who came in following the robbery were asked by Mrs. Trammell to follow the car. The robber drove down a country lane and when the road came to a dead end he took out across a pasture. The car was later found abandoned a mile and a half from Breckenridge. It was reported that officers knew the identity of the suspect.

CISCO AND COMANCHE SQUADS WILL HOLD TRACK MEET HERE

A dual track meet, with the Cisco Lobos and the Comanche Indians as the participants, will be held at 2:30 p. m. Friday at Cisco's new track located on the land recently purchased by the school just west of the present athletic plant.

A complete slate of track and field events will be held during the afternoon for high school, junior school and grade school athletes.

The new track will probably not be in top form for the meet, but the rain Monday and Monday night will aid a great deal in getting it in shape. City and county machinery cleared the field and graded the track, and a heavy roller was used in packing the track proper.

DR. ADDY TO TALK

The Cisco Junior High Mother's Club will meet Thursday afternoon at 3:15 o'clock in the music room of the school for their regular meeting. Dr. E. E. Addy will be the guest speaker and all mothers have been urged to attend.

WRANGLER TEAMS TO CONCLUDE HOME SCHEDULE HERE TONIGHT

The Wranglers and the Wranglerettes of Cisco Junior College will play teams from Weatherford Junior College at the community gym Tuesday, (tonight) with the girls game scheduled to begin at 7 p. m.

It will be the final home game for the Wranglers. Their final game of the season will be played in Weatherford Saturday night. The Wranglerettes also play in Weatherford Saturday night, but Coach Paul Mosley is attempting to match additional games for his team.

The Wranglerettes defeated the strong Vandervoort's Frozans at the community gym Saturday night 70-54. They avenged an earlier loss to the Fort Worth team.

SUPPORT OF ROAD PROGRAM IS WITHDRAWN BY MAIL CARRIERS

FARWELL, Feb. 24.—Nelson C. Smith of Farwell, president of the Texas Rural Letter Carriers' Association, said today that his group is supporting the national Association's decision to withdraw from the nationwide PAR movement.

PAR stands for Project-Adequate Roads.

Smith said the letter carriers abandoned the movement after learning that PAR is seeking development of a system of super-highways between big cities at the expense of a sound rural road program.

He also brought the proposed half-billion dollar road program now before the state legislature into the picture. This program calls for expenditure of an additional \$100,000,000 (millions) a year on Texas roads during the next five years.

"Like PAR," he said, "the road program now before our legislators apparently gives little thought to getting the Texas farmer and small town citizen out of the mud."

Both Smith and C. H. Davis of Meridian, former chairman of the TRICA rural roads and legislative committees, said the state's rural mailmen feel that Texas should hold off on an all-out road program during the present period of extreme inflation.

"The time is coming," Davis declared, "when Texans can get full value from their road dollars. We feel that our legislators should wait until this time before committing the state to an additional \$100,000,000-a-year road program which is dedicated principally to construction of super highways between big cities."

Smith said the rural mailman's

feeling about the state's road needs are best set out in a resolution adopted by the association's executive board last September. The resolution, in part, reads:

"In as much as our road dollar is worth only about 43 cents, and in as much as our state is and will continue to be an agricultural state for many years to come,

"Therefore, be it resolved: That until economic conditions are more stabilized, we recommend that our primary system of highways be preserved and protected as it is, and that we concentrate our efforts on expanding our present rural roads program."

Proposed Budget Cut Would Save Much For Texans

LONGVIEW, Feb. 21.—Texas taxpayers will save \$427,000,000 if the efforts of the Senate and House Appropriations Committees to cut \$10 billion out of the \$78.6 billion budget proposed by former President Truman for fiscal 1954 are successful, according to Hubert M. Harrison, general manager of the East Texas Chamber of Commerce.

This estimate of \$427 million savings was released today by the East Texas Chamber and based on the fact that Texas taxpayers bear 4.27% of the Federal tax burden.

Ten billion must be cut from Federal appropriations to balance anticipated 1954 revenues. The regional chamber pointed out that Texas' share of the savings, \$427 million, is equal to more than four times the additional hundred million believed by many to be necessary for highway expenditures in Texas and nearly thirteen times the estimated \$33 million needed to give our school teachers a \$600 salary increase.

The regional chamber reported that the House Appropriations Committee is working with business, industry, accounting and private governmental research specialists in an effort to screen the request of Federal departments, agencies and bureaus for appropriations and to review unexpended funds granted in other years.

Pointing out that almost any budget cuts are likely to prove unpopular in some quarters, Harrison said, "The overall good of the economic life of this country demands that Federal spending be cut and the 1954 budget balanced despite the pressure campaigns of individuals and groups with a vested interest in Federal spending."

Right Seed and Fertilizer Increase Pasture Profits

Guernsey cattle grazing on a lush pasture of Ladino clover which has been well seeded and adequately fertilized.

To cut your feeding costs by using pastures that are planted right and correctly fertilized is the program advanced in a prize-winning essay by Robert V. Glynn of Oklahoma.

Everyone knows that the ideal feed for livestock is fresh, lush green grass and legumes. This "ice cream" feed is also cheapest, considering cost and total digestible nutrients. The closer we come to duplicating spring pasture conditions during summer months, the larger will be the margin between feed costs and milk checks.

Plant a mixture of tame grasses and legumes adapted to your soil and climatic conditions. Legumes should always be included to increase protein content of the forage and stimulate the growth of grasses by supplying a readily available form of nitrogen.

In the South winter legumes may be best. These furnish a longer grazing period and summer competition between grasses and legumes. Pasture must be considered a crop. Only those grasses and legumes adapted to your soil and climate can be counted on for best production.

Determine which land should be kept permanently in pasture, which abandoned land should be built up so that it will produce pasture, and which cropland should be converted to pasture.

Don't waste time and money by planting seed of permanent pasture plants on loosely tilled soil. Leave dead vegetation on the surface. Disc lightly instead of plowing, and harrow thoroughly. Use high quality seed. Inoculate legume seed with the right inoculant. Use a drill for sowing and follow with a packer or a home-made roller.

Are Texas teachers to get more money?
Answer is maybe so. A bill...

who contended that "The people of Texas will be paying higher prices for glasses if this bill passes."
Dr. Rogers, operating under the name of the Texas State Optical Company has 24 shops. Speaking against any restriction on advertising, he said "if any man can show me how a window display or a neon sign reduces visual care in Texas, I'm for the bill."

STEP RIGHT UP—David Aufmuth, 14, is hungrily starting to work on a "super duper whopper de luxe" ice cream sundae in Cleveland, O. The amazing concoction consists of half a gallon of four flavors of ice cream, nine scoops of crushed fruit, three scoops of hot fudge, half a cup of chopped nuts, a full can of whipping cream, and a few other miscellaneous ingredients. It costs \$2.23.

JUST FOR GAS—A new gasometer, which will be the most important in France, takes solid form as it undergoes construction at Croix. The storage tank has a diameter of about 70 yards and is 60 yards high. It will have a capacity of approximately 100,000 cubic meters when completed, which time is estimated to be about the end of 1954.

TRAINING ON FORMOSA

READY TO GO—With the stepped-up training program progressing on Formosa, Chinese Nationalist troops are spending rigorous days. An Army cadet, top left, paddles a raft with a bamboo stick on a rapid stream, practicing for fighting on similar terrain. At right, Cpl. Richard I. Proctor, Scardora, Me., explains to some men the importance of meteorology in connection with artillery. Ground crews are working on an F-51 Mustang, lower left, to keep it in fighting trim at Fengshan Air Base. Others use bamboo sticks, right, to mix napalm in barrels, preparing the fire-bombs used in modern warfare.

Dem bones, dem bones, dem dry bones!

During even a short illness the bedclothes rub the skin or the weight of the body cuts off the circulation over bony parts, making the skin rough and irritated. The home nurse, interested in greater comfort of the patient, can adapt articles she finds around the house to take pressure off the patient's poor, weary bones and skin and prevent bedsores.

General Motors Highway Contest Ends March 1st

DETROIT, Feb. 24.—A final-week flood of ideas on how to get the nation out of the traffic muddle poured into headquarters of the General Motors Better Highways Awards contest today, piling up entries for the Board of Judges who will select the winners of \$194,000 in cash prizes.

General Motors announced the contest last November in an effort to stimulate grass-roots thinking about America's critically inadequate highway system. Entries must be postmarked no later than midnight March 1 and received by March 14 to be eligible.

Harlow H. Curtice, president of General Motors, said the swelling volume of essays on "How to Plan and Pay for the Safe and Adequate Highways We Need" increased the possibility that the GM contest would turn up workable solutions to the road problem.

"Although the deadline is near, it may well be that the essay that will win the \$25,000 first award or one of the 161 other cash prizes has not yet been written," Mr. Curtice said.

"Anyone who has a practical idea on how to solve the highway problem should be able to prepare his or her entry in a comparatively short time. The entries will be judged for originality, sincerity and practical adaptability. There is no premium on length, literary merit or elaborate presentation."

Contest rules and entry forms can be obtained from any General Motors car or truck dealer.

CARD OF THANKS

May we express our heartfelt thanks and appreciation to the citizens of Cisco, Nimrod, and surrounding communities for their many kind and generous gifts and donations, the comforting words and other assistance given us after the loss of our home by fire February 1. Human words cannot express our gratitude and thanks at such a time. May God bless each and every one of you in our prayer.

The E. G. Hallmark family of Nimrod.

BRUSSELS SPROUTS—As they arrived in New York by air from Brussels, Belgium, four-year-old Evelyn Rosenbaum evidently gave her tiny sister, Ethel, a lesson in how to turn on the charm for the cameraman. The youngsters were en route to Montreal, Canada, with their mother, after a visit to their grandparents in Brussels. It was the second round-trip crossing for the tots.

Korean Veteran Appreciation Is Theme Of Week

AUSTIN, Feb. 25. — Texas citizens have been called upon by the state commander of the American Legion, Albert D. Brown of Austin, to join that organization in honoring Texans who have died in or returned from the Korean War in what he has designated "Korean Veteran Appreciation Week," March 15 to 22.

The occasion of the American Legion's 35th birthday, March 15, was taken by State Commander Brown to put the more than 800 Texas American Legion Posts in a plan to honor the men of Texas who have served in the Korean conflict.

Mayor R. C. Gusman of Bay City, state chairman of the American Legion's community service committee was named chairman of the movement by Brown.

Returned Korean veterans will be issued Appreciation Certificates from The American Legion and families of those who did not return will be presented certificates also.

"Our Korean Veterans have been leaving Texas by the thousands, and returning the same way, without bands playing or without any notice being taken of what they have done for our country," Commander Brown said. "It is far past time for us appreciative Texans to show these men that we are aware of their efforts."

Public meetings will be held by American Legion posts in which the entire community will be asked by each Legion post to participate.

Pastors of all Texas faiths will be called upon by the Rev. Henry F. Seicer of Marshall, American Legion state chaplain, to honor Korean veterans from their pulpits, Sunday, March 15.

Civil Service To Hold Job Exams

The U. S. Civil Service Commission has announced an examination for Counseling Psychologist (Vocational Rehabilitation and Education) for filling positions paying from \$3,940 to \$7,040 a year in Veterans Administration Regional Offices which are located throughout the United States and in Puerto Rico.

No written test is required; to qualify, applicants must have had appropriate education and experience. Applications will be accepted until further notice and must be filed with the Executive Secretary, Central Board of U. S. Civil Service Examiners, Veterans Administration, Washington 25, D. C.

Full information and applications may be obtained from the Commission's local secretary, Sam King at the Cisco Post Office or from the U. S. Civil Service Commission, Washington 25, D. C. The U. S. Civil Service Commission also announces examinations for Equipment Specialist (Automotive) and Equipment Specialist (Armament) at \$7040 per annum for employment in the states of Louisiana, Texas, Arkansas, Oklahoma, or New Mexico. Full information may be obtained from the post office or from the Executive Secretary, Red River Arsenal, Texarkana, Texas.

The Fourteenth U. S. Civil Service Region has announced examinations for Clerk, Stenographer, and Shorthand Reporter paying from \$2500 to \$5060 per annum, for employment in Federal agencies in Texas.

Further information and application forms can be obtained at the Post Office or from the Regional Director, Fourteenth U. S. Civil Service Region, Room 809, 1114 Commerce Street, Dallas.

Bible Baptists Will Continue Meeting

The Rev. R. S. Day, pastor of the Bible Baptist Church, announced Tuesday that the meeting being conducted at the church would continue through this week. The meeting was scheduled to close Sunday night but the interest was so good it was decided to extend it, Mr. Day reported.

The Rev. Harrol Williams of Eastland is the speaker for the meeting. Services will be held at 7:30 p. m. daily.

Mrs. George Blackwell and grandchildren of Gorman visited Sunday in the homes of Mr. and Mrs. F. J. Harrelson and Mr. and Mrs. Guy Brogdon.

Mrs. Ed Green of Kilgore has returned home after a visit with her mother, Mrs. S. C. Wright.

7 Years—6 Times More Rural Telephone

THIS SCENE HAS BEEN REPEATED many times in these years, as telephone people worked to extend service to state's farming areas. In just seven years, the number of Southwestern Bell rural telephones in Texas has increased six times. And we're continuing to push more lines into rural areas every month. In 1953 we hope to be able to spend more than \$4 1/2 million on this type of construction alone. SOUTHWESTERN BELL... A TEAM OF 28,000 TEXANS... PARTNERS IN TEXAS' PROGRESS.
