The Gay Philosopher

By J. W. S.

THERE'S A FINE opportunity for doing a lot of good work among the little boys and for providing some top-grade entertainment in sponsoring a Little League baseball program, Mr. D. N. Morrison tells us. This program lines up boys from 8 to 12 years of age. They are organized into a league and have rules all their own.

The players sign contracts and the business is conducted pretty much like it is in professional baseball. You trade or buy players and give the little lads pretty good education in business along with good, clean athletics.

If you are for such a program, Mr. Morrison how you feel about it all. Breckenridge operated a little league last year and the games drew an average of over 700 people. They don't charge admission — just take up collection at each game.

THE LATEST FAD in the grade schools, we're informed, is to play with a long piece of string. You tie the ends together and make things. There are a lot of interesting possibilities. One of the most difficult is the Jacob's ladder. If you're really sharp, you can make a double Jacob's ladder, an Eiffel tower, and other assorted arrangements.

The youngsters take their strings to school and everywhere else. It's a lot of fun. If you can't believe us, ask any youngster.

WORD FROM Hardin-Simmons University reports that only 24 of their students made an "A" grade on every course during the first semester. And one of the "A" students was a Ciscoan — Franklin Leach, son of Mr. and Mrs. Frank Leach.

IF BEING BORN on the same day as Abe Lincoln or George Washington means anything, there's going to be important people in the family of some Ciscoans.

Elizabeth Ann York was born on Lincoln's birthday — February 12 — in a Wichita Falls hospital, and Richard Stewart Irving was born on Washington's birthday — February 22 — in a Fort Worth hospital. The two babies are cousins.

Elizabeth Ann is the daughter of Mr. and Mrs. Kenneth W. York and weighed seven pounds and nine ounces. Her mother is the former LaAnne Holder, daughter of the Carlton Holders of Cisco.

Richard Stewart is the son of Mr. and Mrs. S. Irving of Fort Worth. He weighed in at seven pounds, six ounces. His mother is the former Inez Gilmore of Cisco. Mrs. C. L. Gilmore of Cisco is the great grandmother of both the youngsters.

THE LIBRARY over at the colored school here has a considerable need for some books, our scouts report. They need books for children up to 12 or 13 years old — either story books or reference books. If you would like to give them some books, stop same off at the school.

WAS READING an interesting article the other day about some little animals called Nutria. They're furry little fellows who live in and around lakes, feeding on the roots of weeds, cat-tails and the like. They don't eat fish — just weeds and grass.

It all made us wonder if it wouldn't be a good idea to put a couple of pair out at Lake Birnie. They could clean out the cat-tails and grass, the lake could be restored as a place of fine fishing.

Mr. Ray Judia, the lake custodian, is interested in the project and is checking up on what you have to do and pay for the little animals. Understand Mr. Bill Fewell, the gentleman farmer, has some out at his big stock pond and they're thriving.

DON'T FORGET about the Mins-tral Show up at the high school on Friday night. Understand they're going to have some new musical numbers for the benefit of those who want to go again. And Chairman Bill Kendall of the Convention tells us his duties will doubtless change up their lines a bit. Let's all go and help the Boy Scouts.

FIRST HAND GREETINGS—Ree Sung Wu, left, a 10-year-old Korean orphan, was greeted at the airport in Los Angeles by Capt. Sylvester Booker, center, who adopted the lad and brought him from Korea. Capt. Booker is soon to return to that country, and he spent two years arranging to bring the boy over here. Also shown are Booker's wife, Edna, and his eight-year-old son, Paul.

Warning Sounded On Dealing With Unknown Firms

Home owners were warned today to deal only with reliable, reputable and recognized firms or individuals when they contract for home improvements.

The warning came from Mrs. Lucile Huffmyer, secretary of Merchants Credit Association, who said complaints about unethical practices in the home improvement field were mounting in Texas.

Mrs. Huffmyer said she had been informed by Charles T. Lux of Austin, executive vice-president of the Retail Merchants Association of Texas, that deceit, misrepresentation and high pressure were often employed by unscrupulous salesmen seeking home improvement contracts.

Unless care is taken in selecting known or recommended firms or individuals, the chance is taken of getting inferior material and poor workmanship, Mrs. Huffmyer said.

She said she had been informed that home improvements can be financed with a FHA Insured Title I Improvement Loan, but neither FHA nor the financial institution carrying the loan, would guarantee material or workmanship.

FHA officials, she said, have warned against high-pressure salesmen, especially if they exaggerate the merits of the material and work to be done, indicate bonuses, commissions, discounts, or trial purchases, or are reluctant to estimate the cost of the improvement including the financing charges.

Mrs. Huffmyer said one plan that has been used with some success by high-pressure salesmen is to tell a home owner that his house will become a "model home" if he will agree to put on some exterior sidings. The salesman explains that the home will then be used as a "model" to sell other home owners and indicates that a commission will be paid for the other jobs where the sidings are used.

Brotherhood Presents Goldthwaite Program

The Men's Brotherhood of the First Baptist Church here presented the program at the Ladies Night banquet of the brotherhood of the Goldthwaite Baptist Church last Monday night, it was reported today by Dr. H. M. Ward, local pastor.

Clyde Karkalitis was in charge of the program. A quartet composed of Harry Schaefer, Felton Underwood, Dr. Ward and Stanley Webb, sang several numbers. President Arlin Bint of the Cisco brotherhood was the speaker of the evening.

Others who made the trip were W. P. Caldwell, Gerald Bint and Don Farnsworth.

ABC CLUB TO ELECT OFFICERS AND MAKE PLANS FOR SUMMER

Officers for the coming year will be elected, and plans for the summer play program will be made at an important meeting of the ABC Club at the First National Bank at 7:30 p. m. Thursday, February 26, it was announced Wednesday by Paul Farrow, president.

All members of the club, and anyone interested in youth work, were urged to attend the meeting. The present officers' terms of office end soon and the directors

Red Cross Gives Blood To Provide Serum For Polio

Mrs. E. E. Freyschlag, Eastland County Red Cross Chairman, stated today that the Red Cross will turn over to the Office of Defense Mobilization 1,714,996 cc of gamma globulin which will provide 245,000 average polio shots for national distribution by the ODM this coming summer to be used in the prevention of paralysis from poliomyelitis.

This is the first consignment of the blood fraction which the Red Cross will provide the ODM under an agreement of last December when the program was inaugurated in the national interest. The Red Cross is collecting the blood for production into gamma globulin and is paying for the fractionation processing and packaging.

The county chairman also said that the Red Cross will continue to turn over to the Office of Defense Mobilization all supplies of gamma globulin as they come from the laboratories. All allocations of gamma globulin will be made solely by ODM and all distribution of the product will be the responsibility of the state health officials.

County Red Cross Fund Drive To Begin; CISCO MONEY READY

Eastland County's annual Red Cross fund raising campaign is scheduled to open on Monday, March 2, with a quota of \$7,194, according to an announcement by Mrs. John Love, roll call chairman.

Quotas have been assigned cities and communities as follows: Cisco, \$1,800; Ranger, \$1,800; Eastland, \$1,800; rural area, \$600; Rising Star, \$650; and Gorman, \$650.

Cisco raised \$1,750 for the Red Cross in the annual Community Chest drive last fall and is ready to pay that sum to the county organization, it was reported here.

Mrs. Bill Tucker, rural chairman, has called a meeting of all rural club chairmen to make plans for that phase of the drive. The meeting will be held at 2 p. m. Thursday in the annex of the First Christian Church in Eastland.

Jamborees To Be Held To Benefit Fire Department

Pete Clements, chief of the Cisco Volunteer Fire Department, announced Wednesday that the department was making plans to sponsor a regular Cisco Jamboree program for the purpose of raising funds to aid the department in its work in Cisco.

The Jamboree will be held twice monthly, on Saturday nights, with the first program planned for Saturday night, March 7. All programs will be held in the City Hall auditorium. The auditorium will be redecorated for the programs.

Teacher And Students Attend DE Convention

Owen King, director of the Distributive Education program at Cisco High School, and two of his students attended the state D. E. convention in San Antonio Thursday, Friday and Saturday. The convention attracted students and supervisors from every part of Texas. Making the trip with Mr. King were Bobbie Jean Hagaman and Don Farnsworth.

MOTHERS TO MEET

Dr. E. E. Addy will be the guest speaker at the regular meeting of the Junior High Mother's Club which will be held Thursday afternoon at 3:15 o'clock in the music room of the school. All mothers have been urged to attend.

Water Rationing Due Unless Lake Cisco Supply Improves

Unless the water level at Lake Cisco is raised considerably by rains in the near future, it will be necessary to begin a strict water rationing program, members of the City Commission decided Tuesday night at a semi-monthly meeting at the city hall.

Council Studies Matter At Meet

Mayor G. C. Rosenthal reported that present consumption is lowering the water level at the rate of about two inches per week. He noted that the lake is lower than it ever has been before.

The city is now working on an emergency rationing program to be placed into effect in the near future unless rain replenishes the supply, Mr. Rosenthal said. The rationing would prevent the use of city water on lawns, shrubs and flowers along with other restrictions.

Water Rationing Due Unless Lake Cisco Supply Improves

Water rationing in a strict program is something Cisco has never had to face, Mr. Rosenthal noted. Several years of drought conditions have brought about the current situation. Rainfall has averaged about 16 inches per year for the past two years. Most of the rains were light, resulting in little or no water being added to the lake.

Water Rationing Due Unless Lake Cisco Supply Improves

The city has studied the proposition of drilling wells, but the possibilities of finding well water in sufficient quantity to do any good are not bright. The commission authorized a study of a suggestion to drill for water in the city park.

A good rain would relieve the city of a big problem, Mr. Rosenthal noted.

Water Rationing Due Unless Lake Cisco Supply Improves

In other action, the commission voted to send John Rodden and Arlin Agnew of the water department to the Texas A. & M. College short course for city employees next week. Other routine matters were discussed.

Water Rationing Due Unless Lake Cisco Supply Improves

CJC TEAM BEATS WEATHERFORD TO CONCLUDE HOME SCHEDULE

The Cisco Junior College Wranglers concluded their play at home Tuesday night by winning over the Weatherford Junior College Coyotes 76-61 in a non-conference game played at the community gym. In a preliminary game the Wranglerettes roundly outplayed the Weatherford college girls 50-10.

Peck Hall led the Wranglers in scoring and took game honors with 21 points. Bud Miller was in second place for the Wranglers with 14 points. Clyde Walker made 17 for the Coyotes. Hall and Miller played about half the game.

The Cisco team jumped into an early lead but the visitors picked up in the final minutes of the first quarter and were leading by a one point margin as the quarter ended. The Wranglers picked up in the second quarter and were leading 43-30 as the half ended. The third quarter was played on an even basis with the two teams picking up 14 points each. The quarter ended with the Wranglers leading 57-44. In the final period the Wranglers picked up a little and as the game ended had a 15 point lead.

The Cisco girls completely outclassed their Weatherford opponents. The Weatherford girls made only four field goals during the entire game and only one in the last half. The score at half time was 34-8, with the Wranglerettes leading.

Jim Birch led in scoring with 21 points. Her hook shots were falling in with regularity and her ball handling left the visitors standing in their tracks. Mickie Burnett combined crisp shots and long shots to make 16 points for the Cisco team. Burnett and Birch were followed in scoring by Wylene Bint with eight and Mary Nell Clardy with five. Nicholson of Weatherford made all her teams four field goals and accounted for eight of the visitors 10 points.

Coach Paul Mosley used several combinations in attempting to keep the scoring down. His guards, Johnson, Illingworth, Dickerson and Pittman played outstanding games.

The two teams play the Weatherford teams in Weatherford Saturday night. It will be the final game of the season for the Wranglers. Coach Mosley is attempting to schedule additional games for the girls.

Junior Cagers To Conclude Season Thursday Night

The Cisco Junior High School boys and girls basketball teams will wind up the season Thursday night when they meet teams from Elmdale in what is reported to be games for the championship of this central Texas area.

The Cisco girls won their tournament over the best teams in this section of the area, and the Elmdale girls won their tournament over the best teams in their section of the area. The boys teams of the two schools won the runnerup honors in their own tournaments.

In games played in Elmdale Tuesday night the Midgets won over the Elmdale boys by a narrow one point victory and the Cisco girls lost to the Elmdale girls by a single point.

The boys downed Elmdale by a 39-38 score with Johnny Trigg taking scoring honors for the game. Trigg was the most outstanding boy on the court. His one handed shots were falling and his floor game was outstanding.

The Cisco girls did not open up until the final period in losing to the Elmdale girls 22-23. They made as many points in the final period as they did in the first three but their rally fell a point short of victory.

The sports activities of the school will be highlighted by baseball, volleyball and track for the remainder of the year. Plans for the annual spring football program were not announced. It was announced that the school would enter teams in all sporting events in the district meet and in invitation meets during the spring months.

In addition to the sports program the school will enter teams in spelling, arithmetic and other events in its efforts to have a well rounded program in which every student may participate.

4 DE Students Will Get Awards

Announcement of four university scholarship awards to winners in a state-wide contest for high school Distributive Education students has been made by the Retail Furniture Association of Texas.

The scholarship awards enable recipients to study four years in the University of Houston's Distributive Education Department. The award winners are: Gary Loudermilk, Brownwood; Kenneth Forbes, Taylor; Ray Averitt, Dallas; and Paul Schooley, Dallas.

Winners were selected from a group of 34 contestants. Eligibility was limited to male high school seniors, studying in the Distributive Education program. They will combine study for a Bachelor of Arts Degree with working experience in Houston furniture stores.

R. Don Herod, Houston furniture dealer and Chairman of the Furniture Association's Scholarship Committee, made the announcement. "Purpose of the awards" he said, "is to encourage capable and deserving students to choose careers in retail furniture store management."

Mr. Herod said The University of Houston was selected because of its extensive retail training program and because of the opportunities afforded students for part-time employment in Houston furniture stores.

Legion To See Film Of Korean Fighting

A motion picture, "United Nations Campaign in Northeast Korea," will be shown by Warrant Officer Vernon L. DeLong as the program feature Thursday night at the semi-monthly meeting of the John William Butts Post 123 of the American Legion at the Legion Hall.

The picture was made by the Armed Services of action in the Korean battle zones. All members of the Legion have been urged to attend.

CLASSIFIED QUIZZERS

Do you know your presidents? If you remember your American history, you will have no trouble identifying the Presidents described in the following quiz-questions. Turn to the Classified Page for the answers.

- The 7th President of the United States came from Tennessee, fought in the War of 1812, was appointed governor of Florida and was defeated by John Quincy Adams when he first ran for the Presidency. He was elected in 1828 and was re-elected in 1832. Who was he?
- This big-game hunter became President of the United States upon the assassination of his predecessor. He was responsible for the building of the Panama Canal. Who was he?
- The 4th President of the United States was a member of the Continental Congress; one of the chief framers of the Constitution; and one of the authors of the Federalist papers. During his two Presidential terms, the War of 1812 was fought. Who was he?
- The 16th President of the United States had less than one year of formal schooling. He joined the new Republican party in 1856 and was defeated as its candidate for the United States Senate. Who was he?
- This great patriot was the first United States President to be Commander-in-Chief of the U. S. Army. Who was he?

NATIONAL BLOOD PROGRAM

Three organizations working together in Texas in the fight against polio this week appealed to Texans to donate blood as soon as possible to the National Blood Program. The organizations issuing the plea are the Red Cross, the State Division of Defense and Disaster Relief, and the State Polio Planning Committee. Officials of each noted that hundreds of thousands of pints of blood are needed for gamma globulin — the most potent enemy of polio found yet — and that much of that serum will probably be needed in this state next summer.

The Red Cross is collecting blood on a nation-wide basis which will be used for gamma globulin. It was used on 34,000 youngsters in Harris County last summer and proved to be highly effective.

It is estimated that polio may strike in epidemic proportions in at least 150 counties over the nation next summer. This means that at least 2,000,000 youngsters in those counties would be exposed to the disease and would thus need injections of gamma globulin which would be issued on an emergency basis.

It takes one pint of blood to make an average dose of gamma globulin. One injection protects a child from a period of one to five weeks. As a result, officials point out, millions of pints of blood are needed now if children over the nation and state are to avoid death and crippling next summer.

In addition to blood collections for the manufacturing of gamma globulin, the Red Cross must also collect enough to handle day-by-day needs of civilian and veterans hospitals and of the Korean wounded, in addition to continuing to build the nation's plasma reserve through 61 blood centers operated by the Red Cross and the centers operated by cooperating blood banks.

Blood donations may be made in some parts of the state where there are collection units merely by calling one's local Red Cross chapter and making an appointment. The local Red Cross chapter plans to have a collection unit in operation on March 31.

Defy Late Frosts to Sow Seed of All Hardy Plants

Parsnips

Swiss Chard

These hardy vegetables should be sown as soon as the ground is prepared.

The word hardy has several meanings, but to a gardener only one. It means capable of surviving a frost. There are numerous flowers and vegetables which can be sown while frost is still common, while others cannot.

Hardiness or the lack of it, therefore, determines the planting date for seed sown in the garden. And the date when frost is no longer probable, is a key date for garden planning. On the average, planting in any area begins thirty days before that date.

So far as the hardy seeds are concerned, it pays to sow them as soon as you can put the ground in shape.

Vegetables which should be sown early include peas, onion, spinach, Swiss chard, New Zealand spinach, turnip, beet, carrot, parsnip, salsify, radish, kohlrabi, lettuce, endive. Flowers which especially benefit from an early start include sweet peas, annual larkspur, snapdragons, annual pinks, and centaurea.

If the weather remains cold and damp after the garden has been prepared, some risk will attend early sowing, not from frost, but from molds and fungi which may attack the seed before they sprout. This danger is lessened if the seed is disinfected. This requires a tiny pinch of

a chemical disinfectant inserted in the packet and shaken so the seed become coated with it.

Another precaution, especially if your soil has considerable clay, is to cover the seeds with a special porous soil. At this season sand will make a good covering, since it will dry out and warm up quickly, and never form a crust to imprison your seedlings.

Unless you take these precautions, you may have to re-sow, if the weather continues cold and damp too long. There is always risk in gardening, but it is a pleasure to take a chance and win, with early crops to reward you. Commercial gardeners always do it.

Regardless of how soon the ground thaws out, tender seeds, which cannot stand frost, must not be sown, or plants set out, before the danger of frost has ended. Even though tomato plants are available during a premature warm spell, never take a chance with them, because you cannot win. Even if frost does not kill tender plants, cold nights will chill them, and they never seem to get back their vigor. The same rule applies to the tender seeds, such as beans, lima beans, all the vegetables that grow on vines, and others that produce fruits such as egg plant and peppers.

sure, Sheridan said he was willing to postpone the whole thing.

Stout opposition to the bill had been gathering, and Sheridan said he wanted to "let it cool." Observers here doubted it would cool enough to let the bill pass.

Quick action was needed, Governor Shivers said, to provide for 900 tuberculosis patients who are now being treated at Weaver H. Baker Hospital at Mission.

The Air Force will take over the hospital on July 1.

Bills to provide for the patients passed the Senate, but moved slowly in the House.

What regulation should there be about home rule cities annexing adjacent areas?

In the legislative process is a bill by Senator Johnnie R. Rogers of Austin to restrict annexation. Such a law is needed, say its supporters, to prevent cities from taking in farms, pastures, and dairy lands.

Opponents of the bill from Houston and other cities say it would practically stop annexation and force cities to retain their present boundaries.

The Senate made up its mind about the five-day banking bill—and killed it. The bill, which had the support of some big city banks, would have permitted the financial institutions to operate on a five-day week basis.

Opponents were banks in smaller cities, where the rural people come to do their banking and shopping mostly on Saturdays.

Senators considered the question of whether we should have a preferential presidential primary in Texas — whether we should select delegates to national nominating conventions by vote of the people rather than at state party conventions.

We should, said Senator Jimmy Phillips of Angleton, because "I have never seen anything go wrong with a secret election and a free ballot."

We should not, argued former Senator Joe Hill, because if delegates are elected only by the very rich or the stooges of some pres-

sure group could ever go to a convention.

Senator George Moffett of Chillicothe proposed a constitutional amendment to get money to build needed state office buildings from a two-cent property tax now going into a Confederate pension fund.

The fund now has a surplus of \$5 million over what is needed to pay the pension of two veterans and 500 widows of Confederates.

In the Senate is a bill, already passed by the House, that is intended to give stronger control over Communists. The bill would make it easier for officers to enter and search the homes of persons suspected of being subversive.

Opponents of the bill contend that it was a threat to civil rights.

The Senate and House met jointly to hear Captain Eddie Rickenbacker, ace of World War I, condemn the Roosevelt-Truman administration for a "weak and vacillating foreign and domestic policy."

This is how Rickenbacker would stop the Korean war: blockade the Chinese coast, cut the railroad between Manchuria and Indo-China, and use atom bombs behind the Korean front lines.

Col. Homer Garrison, Jr., director of the Department of Public Safety, says that in 1951 there were 1,062 automobile accidents in Texas caused by livestock roaming the highways. As a consequence, 12 persons were killed and 129 injured.

Morris Frank, Houston Chronicle sports columnist, who visited the capitol recently, advised the Legislators that he was the "only guy who ever went to Washington and returned empty handed."

And his wife lost her purse while he was addressing the Senate.

CLOAKROOM COMMENT: "Lobbyists are people who individually can do nothing, but collectively can agree that nothing can be done."

TEACHER'S PET—Mrs. Roger Stark, a full-time home economics student in Storrs, Conn., seems to be watching her teacher with unusual interest. That's because he's her husband, and assistant professor of business at the University of Connecticut.

Emily Post's TELEPHONE TIPS

A correspondent writes: "You've told us that long distance calls go through faster when they're placed 'by number.' Will you please explain why this is so?"

Yes. When you don't give the operator the number, she must first call the information operator in the distant city. Only after the operator has made this "detour," can she put your call through. When you call by number, you eliminate this "detour" and your call goes straight through.

Selected from questions in the mail—some do's and don't's of good telephone manners.

DON'T play the childish game of "Guess Who" when you call a friend.

DON'T make excessive use of the telephone at parties and gatherings. It doesn't make you look important—just ill-organized.

DO call busy housewives after meal hours rather than before or during meals.

Do keep conversations with busy people as brief as possible.

A man asks: "If I call a co-worker or business acquaintance at home and someone else in the family answers, how should I ask for the person I want to reach?"

Ask for "Mr. Jones," not "Walter Jones." Even though you are in the habit of calling him by the first name it isn't correct to do so when you do not know the person who answers his telephone.

Emily Post

SOCIETY AND CLUBS AND NEWS OF INTEREST TO WOMEN

4-H Club Presidents Make Rally Day Plans

The Eastland County 4-H Club presidents met in the Eastland County court room Saturday, February 21, to make plans for the 4-H Club Rally Day to be held April 4 at the Eastland park. Following prayer and the pledge, officers were elected as follows: chairman, Rhea Erwin; vice chairman, Janice Justice, secretary, Dan Jobe; reporter, Betty Walker. It was announced that 4-H gate signs would be on sale rally day.

Those attending the meeting were Sue Williams, Carol Phillips, Dena Crawley, and Nancy Warren of Ranger; Dan Jobe of Seranton; Ralph Clary and Janice Justice of Cisco; Betty Walker of Eastland; Rhea Erwin and Glenda Witt of Rising Star; Miss Rozella Winston and Bob Williams.

Dinner Honors Hervey Tipton And Jim Latson

Hervey Tipton and Jim Latson were honored Sunday with a turkey dinner at the home of Mrs. Carrie Tipton in celebration of their birthdays.

Those attending the celebration were Mr. and Mrs. J. H. Latson and children, Jan, Jim, and Jill, Mr. and Mrs. Hervey Tipton, Jennie Lee, Beverly Jo, and Judy Beth, Mr. and Mrs. Chesley Tipton, Danny and Tommy, and Tommy Tipton.

All members of the family were present except one, Elbert Tipton, who is stationed at Fort Benning, Georgia.

Girl Scout Troop 6 Has Weekly Meeting

The weekly meeting of Girl Scout Troop Six was held Monday at the First Methodist Church with Beth Smith presiding.

Willena Wilcox, secretary, called the roll and plans were made for a hike Saturday, February 28. A lesson on first aid and outdoor cooking utensils was taught and the meeting closed in regular form.

Those present were Beth Smith, Frances McKean, Willena Wilcox, Sandra Bittick, Linda Lucas, and the leader, Mrs. Choate.

Presbyterian Women Hold Monthly Meet

The monthly business meeting of the Women of the Presbyterian Church was held Tuesday, February 24, at the church.

The meeting opened with prayer by Mrs. W. W. Wallace. Mrs. H. Grady James gave the devotional on Pray Without Ceasing taken from Rev. Andrew Murray's book. A letter of thanks from Mrs. C. O. Pass was read and monthly reports were given by the circle chairmen.

Mrs. Glenn Dietaker reported that she had room in the mailing box for one more kit for Austria and also needs clothing for a duffle bag. Mrs. Wallace, chairman of the nominating committee presented the following officers: vice president, Mrs. W. W. Wallace; treasurer, Miss Titia Bell Simmons; recording secretary, Mrs. P. R. Warwick; Christian Educator, Miss Willie Word; annuities and relief, Mrs. B. S. Huey; stewardship, Mrs. C. M. Townsley; assemblies special causes, Mrs. D. E. Waters.

There being no nominations from the floor, a motion was made to elect by acclamation the list presented. The group voted to present a Life Membership to some member this year. Committees were appointed to preside at the annual church supper Wednesday, February 25, and all circle chairmen were asked to use their telephone committees to inform the members of the supper. She also reminded all that February is Survey Month and time for renewal and new subscriptions.

Mention was made of the combination Inspirational and Business meeting to be held March 10 at which time all yearly reports are to be given. Mrs. H. Grady James closed the meeting with prayer.

Fourteen members attended.

Business Meeting Is Held By Baptist WMU

The W. M. U. of the First Baptist Church met Tuesday at the church for their monthly business meeting.

Mrs. W. V. Gardenhire called the meeting to order and Mrs. John Popalio led the group in singing, "Wonderful Words of Life." Mrs. C. P. Cole led in opening prayer. Minutes of previous meeting were omitted due to the absence of the secretary. The treasurer's report was given by Mrs. J. T. Richardson Jr. and other routine matters attended to. Plans were made for senior night. The Bible lesson, "Mary, The Mother of Jesus," was taught by Mrs. E. L. Jackson and the meeting closed with prayer by Rev. Ward.

Those attending the meeting were Mesdames W. D. Hazel, R. D. Guthrie, G. B. Langston, M. F. Fry, Leak Lane, A. R. Day, O. G. Lawson, O. L. Mason, O. J. Russell, C. A. Lassiter, Winston Boles, W. C. Cates, W. B. Cates, D. L. Kisner, E. C. Duncan, O. T. Martin, Roy Morrison, C. P. Cole, L. G. Burnam, C. E. Whitmire, W. F. Walker, J. B. Popalio, Algie Skiles, W. W. Sawyer, E. L. Jackson, Harry Schaefer, W. V. Gardenhire, J. T. Richardson Jr., M. P. Farnsworth, and Rev. and Mrs. H. M. Ward.

First Baptist G.A.'s Hold Meeting Tuesday

The Junior G. A.'s of the First Baptist Church met in regular session Tuesday, February 24.

The meeting opened with the G. A. hymn and prayer by Mrs. Collier. The group stood and repeated the allegiance, watch word, and star ideas. Both old and new business was transacted and the ranks were discussed. The program was taken from the stewardship book and the meeting closed with sentence prayer.

CARD OF THANKS

We wish to express our sincere thanks to all who helped in any way while our loved one was ill and at the time of her death. Your kindness will always be lovingly remembered. May God bless each of you.

A. B. Reed
Carvell Reed

Mrs. Yancey McCrea, Mrs. F. E. Harrell, and Mrs. H. H. Hagerman of Ranger are attending the State Daughters of the American Revolution meeting at Hotel Texas in Fort Worth which is being held February 24 through February 27. Mrs. McCrea is Regent for the Cisco, Eastland and Ranger Chapters; Mrs. Hagerman is vice regent, and Mrs. Harrell is treasurer.

Mr. and Mrs. Bill Fetterly of Midland spent the weekend in the home of Mr. and Mrs. W. M. Isenhower.

POLITICAL DIFFERENCE—Two styles shown at the current fashion show in Florence, Italy, lack political harmony, but nothing else. At left is "Pravda," a wide shantung coat with rounded white yoke, from the collection of Rome's Capucci. At right, a simple poplin in beige, with buttons down the front and half-length sleeves, was named "New York Times."

Miss Treva Wood Is Honored On Birthday

Miss Treva Wood was honored at a birthday party Tuesday evening, February 24, at the home of her parents, Mr. and Mrs. E. N. Wood.

The group played several games after which refreshments of cake and punch were served and the gifts opened.

Those attending were Betty Abbott, Joyce Riffe, Janice Hailey, Dortha Riffe, Bill Hailey, Melba Leard, June Thetford, Margie Abbott, Gloria Schaefer, Joan Kile, Kay Cheshire, Rochelle Gorr, Frances McKean, Marquerite Leard, Peggy Wyatt, Bobby Wy-

att, Tommy Wyatt Jr., and her sisters, Mrs. Tommy Wyatt and Mary Wood.

Bright, Fluffy, Fresh as New after 20 Dryings

... in an automatic GAS clothes dryer

only Gas dries so fast
GAS dryers preheat in 4 minutes. Others take up to 15 minutes.
operates so cheap
GAS dryers are cheaper to operate by 75% in most cities and towns on Lone Star's system.

Chenille bedspreads, shag rugs, terry cloth, towels and other fabrics containing nap or pile become matted or harsh when line-dried. With an automatic GAS clothes dryer fabrics come out soft and fluffy.

Fabrics keep new appearance longer, last longer, and FEEL better when dried in an automatic GAS clothes dryer. No sun-fading, no wind-whipping, no clothes-pins pulling and tugging with a GAS dryer.

Clothes from a GAS dryer have that "outdoor" freshness that is so desirable. Ozone is continuously circulated through the clothes during drying. They come out of the GAS dryer with a clean, crisp, fresh fragrance. You enjoy all the advantages of line-drying without the costly disadvantages.

See the dryer that gives you more. See an automatic GAS clothes dryer!

Junior Choir Will Present Concerts

The Cisco Junior High School choir, under the direction of Mrs. Stanley Webb, has been busy this month preparing for a series of concerts which they will present at home and at other schools.

First on the list was a program which the traveling group was to present at the high school assembly Wednesday at 10:30 a. m. The group is made up of seventh and eighth grade girls.

Monday at 10 a. m. the same group will go to Albany where

they will take part in the opening of the Texas Public School Week program. They will sing on a program at the new Albany Junior High School building.

Tuesday, March 3, they will return to Cisco for a program at junior high school auditorium. They will be joined by the sixth grade choir and the junior high band in presenting a program as a part of Public School Week here.

Eldon Kreuger Visits College

Eldon Kreuger, a very popular Ex. student and football player of C.J.C., visited our campus last weekend. He is employed by the R.E.A. in Olney, working out of Seymour. Eldon said that he liked his job, but not as well as playing football. Everyone who knew him as a ball player knew that he was one of the hardest hitting boys in C.J.C. history. We wish that he would come back and help us win some of our games next year.

Methodist Men Will Receive Club Charter

The Methodist Men's Club of the First Methodist Church will receive a charter Thursday night from Eugene F. Judd, Waco, conference lay leader, at a meeting at the church here. Mr. Judd will be the speaker of the evening. Talks will be made by Hubert Johnson, superintendent of the Waco home, and the Rev. Leslie Seymour, district superintendent. Robert Clinton, local choir director, is arranging a musical program for the evening. J. A. Robinson will preside.

The men have invited their wives to be guests at the meeting. A fried chicken dinner will be served by Circles 2 and 3.

The church choirs will hold their regular rehearsals tonight, but there will be no mid-week

Success Reported In Nutria Project By Game Agency

AUSTIN, Feb. 25. — The Executive Secretary of the Game and Fish Commission said late reports indicate success of the effort to stock Lake Austin with nutria.

He said it has been hoped when twenty-three of the small furry animals were placed in the lake less than three years ago that they would reach sufficient numbers to judge definitely their value as weed destroyers.

Lake Austin, like some other Texas lakes and ponds, has a heavy weed, or moss, growth. It has become so dense that navigation has been hampered.

Nutria, a brown colored animal about midway in size between a muskrat and a beaver, are strictly vegetarians and have enormous appetites. They also are known as prolific breeders. The Executive Secretary said this trait seems to have been borne out by reports of numerous nutria now present in Lake Austin.

The latest check on the status of the animals was made possible by lowering the lake twelve feet to permit some work on a dam and also construction of some city park improvements. One person telephoned the Commission to report about twenty of the animals in one group. Another reported ten. Another person, on a weekend outing, saw several on a small sandbar. He caught one, took it home and was surprised to note that the animal avidly accepted and ate a leaf of lettuce.

The Executive Secretary pointed out that wild animals seldom survive removal from natural habitat to civilization. For that reason, state laws have been enacted forbidding keeping most species, at least without a permit. At present, nutria have no such protection.

A QUIETER LIFE—Ina Ray Hutton, former dance band conductor, has given up music for life on a farm in California's San Fernando Valley. Now married to trumpet player Randy Brooks, Ina spends most of her time feeding Rhode Island Reds and other livestock on the farm, such as these two bovine members of the 12 animals in the family's herd.

CJC Girl Enters Music Contest In Wichita Falls

Last Saturday, February 21, 1953, Miss Ruth Beaty ventured to Wichita Falls, to enter into a singing contest of nineteen different vocalists. Miss Beaty did not win first prize, but was among the favorite singers in the group.

The purpose of this show was to discover and encourage through presentation with a symphony orchestra and through the acknowledgement of special talent by competent judges, the young people of this territory who have the promise of achievement in a concert career.

The contestant, in order to be eligible for this competition must not have reached their 26th birthday, must be either permanent residents of the states of Texas, Oklahoma, and New Mexico, or legal residents of these states but studying outside of these states. They may enter this contest whether they have entered or won any other contest.

The awards for this contest are to the winner \$150.00 and a solo appearance with the Wichita Falls Symphony Orchestra.

The awards will be presented to the winners the night of the performance, March 16, 1953.

Choir Due To Make 2-Week Tour

Lately the thing that everyone seems most interested in is the choir tour, which starts in two weeks. The choir will perform in high schools and colleges all over North West Texas.

The choir will go to Holliday, Iowa Park, Decatur, Grahām, Bridgeport, Electra, and will possibly sing before the Junior College Association at its annual meeting in Dallas.

The program that the choir presents includes sacred selections, folk songs, and spiritual. This program will be of the variety type which will be very interesting.

This tour will last for two weeks and then they will return to C. J. C. to take up their studies in this final semester.

News from Cisco Junior College

— Taken from the Brandin' Iron, Student Newspaper.

A Capella Choir Adds Folk Music For Presentation

Combining the appeal of folk music with the artistic perfection of the traditional music of the church, the A Capella choir of Cisco Junior College has prepared for their 1953 repertoire selections of wide interest.

Organized in 1949, the choir has grown in size and musical achievement gaining prestige for the college with every performance.

Robert Clinton, music director for the College, is responsible for the popularity of the music program offered by Cisco Junior College, where over fifty per cent of the student body participated in musical activity. As choir director, Mr. Clinton brings a stimulating vitality to the interpretation of the music selected for the choir.

Last year the choir provided the program for the Texas Association of Colleges when it met in San Antonio, and will this year sing before the Junior College Association during its annual meeting.

After providing programs for High Schools in the North Western part of Texas, as well as civic organizations, the choir is making its tour this year in the North Texas area.

Some of the new choir numbers will be done with spirial effects such as black lights, and also a very weird tom-tom back ground. Folk music will have the members wearing western appasell and starts with a snappy square dance.

Spring Training Begins March 16th

On March 16 spring training will start for next seasons Wrangler gridsters. It will last from twenty to thirty days, with one workout each day. Coach Lewis said, "There will be plenty of hard work and sweat." Paul Mosley will be the assistant coach. The 54' edition of the Wrangler squad will be minus eighteen familiar lettermen. We want to wish all of them good luck no matter which gridiron they happen to be on. Returning will be thirteen one-year lettermen along with several newcomers.

Returning lettermen are: Don Denard, Ed Lee, Frank Howeth, Harold Cheeves, Johnny White, Bud Miller, Sug Courtney, Don Carmen, Dan Wilkinson, Dell Wright, Gene Patlette, Jerry Cade, Patrick O'Neil, Jack Voss, and Norman Boggs.

Branding Iron' Staff Is Elected

The Journalism class elected "The Branding Iron" staff last Monday in their regular class period. This staff will be a permanent one and these people will be on the job the remainder of the year. The officials are: Bud Miller, editor; Don Dennard, assistant editor; sports editor, Gibson; Melvin K. Arnold, assistant

GMC covers all bases

... 19 new light truck models offer Hydra-Matic shifting

GMC advances spread right across the light truck field! Throughout the 1/2-, 3/4- and 1-ton-capacity range, GMC presents no less than 19 pickup, stake, panel and package delivery chassis models that offer Hydra-Matic Drive*—

as well as the highest-compression gasoline truck engines ever designed, to power a grand total of 22 light truck choices!

Dual-Range Hydra-Matic Drive has one setting for flashing footwork in traffic—another for gas-saving open going. From joltless starts to unlabored climbing, Hydra-Matic takes over all gearshifting effort AND judgment.

Two ultramodern new engines power this great group—bringing the tremendous lift of compression ratios at 7.5-1 and 8.0-1 with regular gasoline. And with even more power delivered

to the wheels, there's more mileage squeezed from the gas!

There's a new electrical system to make high compression pay off at all speeds—new safety from greater stopping power—new stamina from heavier construction.

Come look over these all modern GMC's. See for yourself how they're "built like the big ones"—those brawny GMC's of 26,000 GVW and up that are leading all heavy-duty trucks in sales.

*Optional at extra cost
