CISCO, TEXAS, FRIDAY, MARCH 6, 1953

NUMBER 66

The Gay Philosopher

By J. W. S.

THE MUSIC Department of Cisco Junior College is planning an extensive tour of West and North Texas next week to present a series of programs. And they need to borrow an old-fashioned steamer trunk in which to carry their square dance costumes. If you have such a trunk that you would loan the department, call Mr. Robert Clinton or Mr. Jack Chambliss.

The choir went over to Putnam last evening and staged the program for a very appreciative audience. The performance will be presented in Cisco at the conclusion of the tour.

ACCORDING TO reports, Mr. Charlie Huntington is a patient down at Temple in room 314, Scott and White Annex. He has been there for about ten days now and his condition is showing progress. Mr. Huntington is an employee of the West Texas Utilities Company.

MAYOR G. C. Rosenthal tells us that the city has written letters to the service stations and all the big water users to urge that care be exercised to use as little water as possible. The low level of Lake Cisco has caused the city to consider a rationing program.

MR. RANDY STEFFEN, the artist, reports seeing a flying saucer or a flying something last night. He watched for several minutes while the object cut capers out in the sky to the northwest.

Randy had just finished hearing a long range weather forecast and he brings the report that the bottom is due to drop out in June. The weather men said it won't rain very much until June, but you can expect plenty of it then.

IN A STORY about the school trustee election yesterday, The Press reported that Mr. George Davis would be a candidate for a third term. It was all a mistake. Mr. Davis will be seeking a first term. How errors like this occur is beyond us.

HIGHWAY PATROLMAN M. A. Peterson was in town yesterday to give tests for driver's licenses. He reports that henceforth he will be here every first, third and fifth Thursday to give these tests. He has moved his headquarters for the test to the Legion Hall.

COMES A REPORT that Mrs. J. B. Bean, long time resident of Cisco who has been in a Glade-water hospital since last October due to a broken hip, now is out of the cast and doing nicely. She gets about in a wheel chair and is still in the hospital.

MRS. R. H. CUTTING, who is the publicity chief for the Red Cross Bloodmobile Unit coming here on March 31, was in yesterday to report that everything is coming along nicely for the project. She baked up a pan of cookies for The Press staff. And the cookies were delicious.

OUR FRIENDS WHO like statistics will be glad to know that the average American adult eats his weight in food every six to eight weeks. The mail brings us this information, along with the fact that there are seven basic rules to guide in supplying the body's food needs.

The seven rules are as follows:

1. Milk: one quart a day per adult and one pint a day per adult
2. Leafy, green, and yellow vegetables (such as turnip greens, mustard, kale, collards, cabbage, green beans, asparagus, carrots, squash, rutabagas, yellow corn): one serving of at least one daily.
3. Tomatoes, oranges or grapefruit, raw cabbage; one serving of one daily.
4. Potatoes, other vegetables not listed above, fruits; two servings of one or two daily.
5. Meat, poultry, fish, eggs: one or two servings daily. (Dried beans and peas may be substituted at times for either of these.)
6. Bread and whole grain cereals: Some each day.
7. Butter or margarine: Some each day.

Decatur Baptist College Choir To Sing Here

The Decatur Baptist College Choir will be presented in a sacred concert at the First Baptist Church in Cisco at 7:30 p. m. Sunday, March 8, according to an announcement by Dr. H. M. Ward, Pastor. Charles W. Jones, former educational director of the local church, is in charge of the Decatur choir. The above picture shows the Girls' Trio, composed of Mary Nell Whitten, Patsy Greshaw and Carolyn Condit. The pianist is Sue Bristow. Miss Whitten is a resident of Cisco. The other picture shows the male quartet, composed of Mr. Jones, Kenneth Long, Bobby Sellers and Arthur Van Arsdale. The choir will present a program of anthems, hymns, and ensemble numbers. The public has been invited to attend.

Huge Saving For Texas Taxpayers Seen In Tax Cut

Texas taxpayers will save \$427,000,000 if the efforts of the Senate and House Appropriations Committees to cut \$10 billion out of the \$78.6 billion budget proposed by former President Truman for fiscal 1954 are successful.

This estimate of \$427,000,000 savings was released by the West Texas Chamber of Commerce. It was based on the fact that Texas taxpayers bear 42.7 per cent of the Federal tax burden. Taking 42.7 per cent of the \$10 billion that must be cut from Federal appropriations to balance anticipated 1954 revenues, the West Texas Chamber showed Texas' share will be \$427,000,000.

The West Texas Chamber of Commerce reported that it is cooperating in an effort to make available to the House Appropriations Committee specially trained men from Texas business, industry, accounting and private governmental research. The Chamber said these specialists are helping the House Appropriations Committee to screen the requests of Federal departments, agencies and bureaus for appropriations and to review unexpended funds granted in other years.

The WTCC said, "We are glad to help the House Appropriations Committee to examine appropriation requests and then to make recommendations to Congress for sensible and selective cuts. The Committee is making an intelligent approach to the problem of reducing swollen Federal spending to balance the budget."

Pointing out that almost any budget cuts are likely to provoke howls in some quarters, the Regional Chamber said, "The overall good of the economic life of this country demands that Federal spending be cut and the 1954 budget balanced despite the pressure campaigns of individuals and groups with a vested interest in Federal spending."

Marshall Ivie was in San Antonio Thursday on business.

UTILITY REPORTS REFLECT BIG GROWTH FOR WEST TEXAS AREA

ABILENE, Mar. 6. — Growth of population and impressive advances of industry in Texas, particularly in West Texas, are reflected in reports summarizing the increases in sales of electricity by 12 major private utility companies, and of natural gas by the private companies that serve the 132 counties served by the West Texas Chamber of Commerce, according to a report published in its magazine, West Texas Today.

A recent report made for the 12 major electric utility companies shows they sold nearly 13 billion kilowatt-hours in the year ending last July 31, as compared with 5.5 billion in 1946.

By the end of 1953, the same 12 firms will have augmented their generating capacity by another 650,000 kilowatts. Natural gas distributing companies that operate in West Texas sold 147 billion cubic feet of gas in 1951, as compared with 122 billion cubic feet in 1949, according to annual reports of the Gas Utilities Division of the Texas Railroad Commission.

The number of domestic consumers served by these gas companies increased from 516,470 in 1949 to 602,508 in 1951.

Electric company payrolls increased from \$11,087,650 in 1938 to \$43,911,469 in the year ended last July 31.

An interesting fact developed in the report on business of the electric utility companies is that the price per kilowatt hour declined from 18.8 mills in 1945 to 17.4 mills in the year 1951.

In the same period, taxes increased from \$8,422,500 to \$62,128,458, running \$18,000,000 a year higher than the payroll total. Gross revenues rose from \$62,500,000 in 1938 to \$233,367,971 this year.

As of last July 31, the dozen firms served 1,706,594 customers. These included 1,255,220 residences in cities and towns, 202,025 rural customers and 249,349 commercial consumers. They

served a total of 760,500 customers in 1938.

The private utilities sell electricity to 75 rural co-operatives. The REA systems used 3.3 per cent of the companies' total output.

Ciscoan Arrives For Japan Duties

WITH THE 1ST CAVALRY DIV. IN JAPAN—Pvt. Tom W. Brueggemann, son of Wilbur Brueggemann, Route 3, Cisco, Texas, recently arrived in Japan and is now serving as a heavy weapons specialist with the 1st Cavalry Division.

Replacements from the U. S. are getting battle knowledge from veterans of the Korean conflict during rugged field maneuvers. The 1st Cavalry spent 17 months in combat before being rotated out of the line in December 1951. It is now part of the security force for the Japanese Islands.

Private Brueggemann entered the Army last August and was stationed at Camp Rucker, Ala., before transferring to his present assignment.

Many Pay Tribute To Mr. Triplitt In Last Service

Many friends from a wide area paid final tribute Thursday to Perry Triplitt, 58, production superintendent and tool pusher for Choate Drilling Company, who died suddenly at his home in Cisco at 2:45 a. m. Wednesday following a heart attack.

Final rites were held at 3 p. m. Thursday at the First Methodist Church under the direction of the Rev. E. H. Lightfoot, minister. Burial was in Oakwood Cemetery under the direction of Thomas Funeral Home.

Mr. Triplitt had lived in the Cisco area most of his life, but his work in the oil industry carried him to other locations in Texas and New Mexico. He had lived here since moving from Odessa five years ago. Mr. Triplitt was born on July 15, 1894, in Waco.

Survivors are his wife of Cisco; two sons, Cecil Perry Triplitt of Odessa and Dwight L. Triplitt of Hobbs, New Mexico; a sister, Mrs. W. R. James of Odessa and two grandchildren.

Pallbearers were Bart Snyder, Travis Thomas, Joe Ben Hamrick, H. H. Brown, Hollis Jones, Walter Wright, R. L. Beeks and Jeff Gregory.

DRAFT LAWS AND REGULATIONS

(Editor's note: This is one of a series of 10 short articles on the draft law and its rules and regulations.)

On a local draft board is placed the responsibility, under applicable laws and regulations, of deciding which men should be deferred because of their civilian activities.

The three categories of men considered are: (1) farmers or farm workers, (2) college or university students, and (3) men in industrial and all other civilian activity.

In the case of students, deferment until end of the school year is ordered by law, if the student is mailed an order to report for induction while he is in school satisfactorily taking a full-time course of instruction, provided he has never received such a statutory deferment before.

If the student has previously received such deferment, then further deferment is up to the local board. The board can consider outside the scholastic as well as scholastic information. The widely-publicized draft test for college students can be ignored by local boards under draft regulations if the board so desires. Score on the draft test and class standing of the student are provided as information for the board.

Here are three things the board considers when it is looking at a case of possible deferment for farming or other civilian activity: (1) Is the man engaged, except for a seasonal or temporary interruption, in the activity? (2) Can he be replaced by persons with his qualifications or skills? (3) Would his removal cause a material loss of effectiveness in the activity?

In the case of farmers or farm workers, the chief question asked is: Is he employed in the production for market of a substantial

quality of agricultural commodities necessary to maintenance of national health, safety or interest? All such deferments are for limited periods.

Students Present Musical Program At Rotary Meet

In keeping with Texas Public School Week Rotarian G. R. Nance presented a musical program by two Cisco High School students at the regular weekly meeting of the Rotary Club Thursday at the Hotel Victor.

A series of marimba numbers with piano accompaniment was the feature of the program. Johnny Turner was at the marimba with Patricia Mayer playing the accompaniment. Both are freshmen students at the high school.

For the first two numbers they played "Deep Purple" and "Star Dust." For the third number on the program Johnny Turner played a piano solo, "You Go To My Head." As the final number the two played "Smoke Gets In Your Eyes" with Johnny at the Marimba.

As another part of the program Mrs. Truly Carter, a teacher at Cisco Junior High School talked on the meaning of Public School Week, and invited Rotarians to attend an open meeting sponsored by Beta Upsilon Chapter of Delta Kappa Gamma, at the Cisco Junior College auditorium Friday night.

Al Anderson of Hooker's Jewelry was welcomed into the club as a new member. Rotarian Chas. Graham handled the installation ceremonies.

In other business, nominations for officers for the coming year were opened. Nominations will be open for four consecutive meetings with the elections to be held on March 26.

Mississippi Oil Producer In Prospect Southwest Cisco

MARCH 16 DEADLINE FOR BOYS TO ENTER LITTLE LEAGUE PLAY

Boys of the Cisco area who desire to play in Little League Baseball were advised that their application must be in the hands of ABC Club officials by March 16. The March 16 deadline was set in order to allow the club time to make preparations for the forming of the four major teams and the four farm teams.

President D. N. Morrison reported that applications were coming in at a fast clip, but pointed out that a minimum of 120 players from eight through 12 years would be needed to form the eight teams. He announced that a supply of application blanks would be placed in the grade schools and at the junior high school Monday for the convenience of prospective players. Plans call for the beginning of workouts in April. An auction of players will be made soon after practice begins.

Each team will have a sponsor and a manager. Morrison was working out arrangements for sponsors. Officials of the ABC Club reported that many improvements were planned at ABC Field prior to the beginning of play. Tentative plans call for the one more bleacher equal to the size of the two now being used. The new bleacher section will be placed directly behind home plate. It will seat an additional 150 to 200 fans. In addition to the new bleachers plans call for new players benches with a screen in front of each section.

It was pointed out that the field would be used primarily for Little League play because they will be the youngest group. Older boys will not be allowed to chase the younger group off the field at any time, but an equitable agreement will be worked out on the use of the facilities.

The schedule for practice and play will be worked out to accommodate all age groups. The ABC Club will work closely with the American Legion in its baseball program, and will yield the field when necessary for the Legion team to play a regular scheduled game. This will be done because the Legion has a deadline and their games are scheduled by the district commissioner, and must be played on schedule.

The month of April will probably be used for practice on ABC Field. After the regular season begins the field will not be used for practice at any time. There will probably be at least four games on the field each week and in order to keep the field in playing shape practice will be held elsewhere.

ABC Club officials were pleased with the response to the program and promised a full season of top quality games.

Mrs. Floyd Harrelson visited her sister, Mrs. George Blackwell, in Gorman Thursday.

Presbyterians To Conduct Campaign

Half of the Presbyterian churches in the State of Texas are planning a simultaneous visitation and preaching campaign the week of March 8-15 and the other half of the churches will do this the week of March 22-29. The First Presbyterian Church of Cisco has secured Rev. Roy R. Craig of Idabel, Oklahoma, to do the evangelistic preaching beginning Sunday, March 8, and continuing through Friday, March 12. The services will be at 7:30 o'clock each evening.

Mr. Craig is a native of South Carolina, a graduate of the Presbyterian's Davidson College and of the Union Theological Seminary, Richmond, Va. He has been in Oklahoma since 1925, beginning his work in that state as pastor of the East Side Church and teacher of math in the Oklahoma Presbyterian College, both in Durant, Oklahoma. Rev. Mr. Craig is now pastor of the First Presbyterian church of Idabel, where he has been since 1937.

Mr. Craig is a personal friend of the local pastor, Rev. Grady James, both having worked in the same Presbytery for five years together.

It was understood that plans called for trying to kill the gas and oil flow through the water sand with mud. If this failed, the operators were planning to fill the hole with quick setting cement, it was reported.

The Farmer well is located between to producing Mississippi lime wells on the Wright and Aron leases. Location is in Section 2, Block 3, H&TC Survey.

No Mass Planned At Catholic Church Here

Officials of the Catholic Church here announced Friday that there would be no Mass for the Cisco church Sunday, March 8.

Masses for the third Sunday in Lent will be held at St. Rita's Church in Ranger at 8:15 a. m., at Strawn at 10 a. m. and at St. Francis' Church in Eastland at 11:45 a. m.

The regular Lenten devotions will be held each Wednesday during Lent in Cisco at 6:30 p. m. Father Francis Gabryal will be in charge of the services.

Mrs. Skeet Fambrough and son, Paul Ed, of Strawn spent Tuesday in the home of her parents, Mr. and Mrs. Paul Huestis.

MOTHERS MARCH PLANNED FOR BENEFIT OF BLOOD PROGRAM

A Mothers March, similar to the one made during the March of Dimes Campaign, is planned for the purpose of obtaining donors of blood for the visit of the Red Cross Bloodmobile unit in Cisco on March 31.

The initial arrangements were made at a meeting Wednesday morning of workers of the March of Dimes campaign and workers from the Bloodmobile unit. The possibilities of a house-to-house campaign were discussed, with the thought in mind to give every resident of Cisco an opportunity to pledge a pint of blood on March 31.

The date of March 19 was set for the mothers of the community to march again — this time to aid the Red Cross in obtaining blood for plasma and for Gamma Globulin, used in fighting paralysis in polio. The mothers will be armed with pledge cards to be signed by those who desire to give blood to be used for the

Gas Well Reported As Out Of Control

Prospects were regarded as good today for Mississippi lime oil production in the area seven miles southwest of Cisco after the KLB Drilling Company No. 1 F. E. Clark was reported to have logged flowing oil and gas on a drill stem test Thursday.

Elsewhere in the area, the McElroy Ranch Company had a wild gas and oil well on their hands seven miles southeast of Cisco and efforts were being made to bring the Mississippi lime test under control.

According to unofficial reports, the Clark well flowed oil into pits with strong gas pressure during a drill stem test from the top of the Mississippi lime at about 3,770 feet. The test also had a slight show in the top of the Caddo lime.

Drilling was continuing today as plans called for carrying the well to the Ellenberger lime.

The Clark test is located 330 feet from the west and 1,650 feet from the north lines of the southwest quarter of Section 82, Block 3, H&TC Survey.

Southeast of town, at least six huge Halliburton Cementing Company pump trucks were working on the McElroy Ranch Company No. 1 Farmer, which went out of control as the Mississippi well was topped Thursday. According to reports, the drilling equipment lost circulation of mud soon after topping the pay sand.

With the drilling tools in the hole, the gas was shut off at the top. Soon, the oil and gas from the Mississippi entered a porous sand at about 175 feet and began seeping out of the ground some 500 feet from the well location.

It was understood that plans called for trying to kill the gas and oil flow through the water sand with mud. If this failed, the operators were planning to fill the hole with quick setting cement, it was reported.

The Farmer well is located between to producing Mississippi lime wells on the Wright and Aron leases. Location is in Section 2, Block 3, H&TC Survey.

Episcopal Church Plans Services

The Rev. Arthur Hartwell, rector of the Holy Trinity Episcopal Church at 710 South Seaman, Eastland, announced the services of the church for the week as follows:

Sunday, March 8, the third Sunday in Lent, morning prayer will be read at 9:30 a. m. and Holy Communion will be observed at 10 a. m. The Church school will assemble at 10 a. m. with the classes in their regular places.

Sunday at 7:30 p. m. the evening Cottage service will be held in the home of Mr. and Mrs. Lewis Starr, 900 West 9th, Cisco.

Due to the absence of Rev. Hartwell there will be no services held during the week. The week day services will be resumed during the week of March 15. The public was extended an invitation to attend all the services.

Paul A. Lowery, who was injured in an oil field accident near Abilene Tuesday, was expected home this afternoon. He will be at the home of his mother, Mrs. W. E. Lowery, 204 West 18th St. Mr. Lowery is reported as doing nicely.

RETURN OF THE BUSINESSMEN

For the first time in twenty years, business leaders are in nearly all the key positions in our National government. Most Americans will welcome the patriotic efforts of these big men of talent and skill as they come to serve their country at great personal and financial sacrifice. Business has another chance. It could be its last. This is a challenge that demands the highest type of business statesmanship.

There was a time when some businessmen ruthlessly rode over the rights of others, in the days of the "robber barons." This abuse of power had to be curbed in the interest of the general public. We all remember when the finger of scorn was pointed at "businessmen" in general. Some public officials tried to make the American businessman appear as something sinister and threatening. Some radicals and so-called intellectuals tried to teach that there was something evil about making a profit. This criticism reached its height during the early nineteen thirties, when businessmen were

blamed with everything bad. It is a tribute to the everlasting strength of our free enterprise system that it emerged from all this period of abuse and is now again called to lead us out of the wilderness of extravagance, corruption, and impractical theories. Our young people are learning that businessmen do not have horns and tails.

Business leaders of today are men of honor, devotion to country and community, generous with time and money for the public good and with much more of the milk of human kindness than their predecessors of thirty or forty years ago. Public relations has become a new science. Most leaders of great enterprises realize that there must be a favorable attitude toward their companies on the part of laboring men, farmers, housewives, young people, and the public generally, if they succeed. Vast sums of money are spent by American business every year, not only to advertise products and services, but to woo that elusive and intangible thing we call good will.

TEXAS CATTLE RAISERS PLAN ANNUAL MEETING THIS MONTH

Plans are complete for the 76th annual convention of the Texas and Southwestern Cattle Raisers Association which will be held in Houston March 17-18, according to T. L. "Jack" Roach of Amarillo, President.

Cattlemen from all sections of the Southwest will convene in the Rice Hotel, where business and entertainment sessions will be held. The Association now has more than 10,500 members from 18 states and Mexico.

A directors meeting will be held Mar. 16, according to Henry Bell of Fort Worth, secretary-general manager of the Association.

The program will get underway when president Roach calls the meeting to order at 9 a. m., March 17. Bishop Clinton S. Quin will give the invocation, followed by welcome addresses from Roy A. Hofeinz, Mayor of Houston and Jesse H. Jones, Houston businessman. J. S. Bridwell of Wichita Falls, Texas, will respond.

Allan Shivers, Governor of Texas, will be the first principal speaker at the convention, followed by Clifford Hope, chairman of the House Agriculture Committee and member of Congress from Kansas.

First Job of Garden Year to Feed and Seed the Lawn

When the calendar says that spring is here, experienced gardeners put on sweaters, and rubbers if necessary, and go out even on muddy soil to perform the first two tasks of the planting season—applying plant food, and sowing grass seed. Timing is of the essence, for these operations. Winter breaks up with messy mixture of freezing and thawing, snow and sunshine, and while these conditions make beginning gardeners stay indoors, the veterans know they are made to order for spreading plant food, and dropping lawn seed on the thin and bare spots.

When the ground thaws out after a freezing night, once the deep frost has been drawn out, the surface of the soil will be seen to have a honey-comb appearance. Tiny holes will be left in thawing soil, which shrinks as it thaws. Farmers sow oats on soil like this and say the seed "muds in." Grass seed finds its own cover, and plant food is carried by the draining water down to the roots of perennial plants.

Grass seeds do not need cover so much as lodgement. Too deep a soil covering may delay its germination seriously, because it needs sunlight for germination. But when sown on a smooth, bare surface, it is easily washed off by a light shower, so that spot continues bare, while a good stand of grass appears on the nearest low patch of open soil to which the seed was washed.

Seed finds lodgement in the honeycomb soil of early spring; later you will have to loosen up the bare spots before sowing, and cover the seed which you sow on thin places with a light top dressing of sand and sifted soil, to keep the seed in place. Lawn grasses grow best in cool weather; and the young plants from your new seed continue growing to do before they are subject to the ordeal of hot, dry weather, and seed bearing. The longer they can grow in cool, moist weather, the better they will survive the summer test. So

AND NEWS OF INTEREST TO WOMEN

Civil Service To Hold Exams For Patrol Inspector

The United States Civil Service Commission has announced a new examination for Patrol Inspector (Trainee) in the Immigration and Naturalization Service. These positions, which pay \$3,795 a year are located in various cities and towns in the vicinity of the land borders and certain coastal areas of the southwestern part of the United States.

To qualify for these positions applicants must pass a written test and may be required to report for an oral interview. They must be in good physical condition and must be between the ages of 21 and 35 (45 for persons entitled to veteran preference).

Further information and application forms may be obtained from the Commission's local secretary, Sam King located at the Cisco Post Office or from the U. S. Civil Service Commission, Washington 25, D. C. Applications should be sent to the Board of U. S. Service Examiners, U. S. Department of Justice, Immigration and Naturalization Service, Temporary Building "X", 19th and East Capitol Streets Washington 25, D. C., where they will be accepted until further notice.

YES, SIR!—Even when she's all wet, actress Paulette Goddard proves that she's still something to see. Paulette was vacationing in Palm Springs, Calif., when she decided to take a dip in that swimming pool. A photographer happened along at the same time, and this is the happy result of their chance meeting.

Legion Plans To Honor Veterans Of Korean War

The American Legion through its state community service chairman, Mayor R. C. Gusman of Bay City, is urging Texas civic, church and school organizations to join the American Legion and its more than 800 posts in observance of "Korean Veterans Appreciation Week," March 15 to 22.

Chambers of Commerce, Junior Chambers of Commerce, Lions, Rotary, Kiwanis, Optimist, Exchange and Civitan Clubs were urged to join in showing the returned veterans of the Korean conflict an old fashioned outburst of Texas appreciation during the designated week. Likewise, schools and churches were

urged by Mayor Gusman to do their part in the movement. "Our Korean veterans have participated in a bloody and costly war but in the state and national consciousness we have taken that fact too much as a matter of course," Gusman declared. "We owe it to these tens of thousands of Texans to say 'thank you,' and this will be a great opportunity."

Certificates of appreciation will be issued by the American Legion to returned Korean veterans. The certificates will be presented to the families of those who do not return.

Mr. and Mrs. Wallace Churchill of Dallas have returned home after a week's visit in the home of his sister and husband, Mr. and Mrs. Jeff Gregory.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes into the bronchial system to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or money refunded. Creomulsion has stood the test of millions of users.

CREOMULSION
relieves Coughs, Chest Colds, Acute Bronchitis

CARD OF THANKS
May we take this method of thanking our neighbors and friends for their kind expressions of sympathy in our bereavement. These expressions have been deeply appreciated.

WHEN THE TIME COMES —

to sign the deed both buyer and seller are usually in a hurry. But alas! it is then the buyer demands an abstract and the seller discovers that he has lost his abstract or never had one. As all title work must be carefully done in these modern days, it takes time and much work. To avoid situations such as these let us suggest you place your abstract orders well in advance of an anticipated need.

Rebekahs Honor Two Members On Birthday

Following the regular meeting of the Rebekah Lodge at the Lodge Hall Thursday evening, the members met at the home of Mrs. Iva Harper for a birthday party in honor of Mrs. Elsie Sanders and Mrs. Rhoda Burkett.

Games were played by the group after which the birthday song was sung and the honorees presented gifts from the lodge. Refreshments of sandwiches, birthday cake, coffee, and bottle drinks were served.

Those attending were Mesdames Laura Jensen, Mae Kleiner, Lydia Krauskopf, Ruth Bollinger, Effie Mayhew, Leah Bates, Katie Cooper, Meta Strawn, Winnie Lineberger, Ethel Moore, Edith Rainbolt, Elsie Sanders, Rhoda Burkett, and the hostess, Iva Harper.

Those attending the meeting were Mesdames H. A. Bible, Frank Bond, N. A. Brown, W. V. Gardenhire, R. E. Grantham, E. Jackson, L. J. Leech, Raby Miller, Rex Moore, E. J. Poe, J. B. Pratt, Leslie Seymour, W. W. Wallace, J. E. Coleman, and A. Booster. Olson, members; Mrs. George at First Support, Mrs. W. D. Hazel, Mrs. 12. John Elkins, Mrs. Bob Winston, Mrs. H. Grady James, Mrs. C. Raugh and Mrs. W. W. Moore, visitors; and Mrs. Ricks and Mrs. Lewis, honorees.

David Park Clinton, son of Mr. and Mrs. R. L. Clinton, recently discharged from over seas service, has accepted the position of Agriculture teacher in an Eola School near San Angelo.

Norman Dale Dowery has enrolled in A & M College for his senior year following his discharge from the service. He has been stationed in Germany.

Floyd McConnors, Jr., of Albany was in Putnam Tuesday looking at cattle.

Claud Collings of San Angelo, a cattleman, visited George Biggestaff Thursday evening.

Mr. and Mrs. Hargrove of Cross Plains were Putnam visitors Friday.

Mr. and Mrs. John Hinkle of Abilene were Putnam visitors Wednesday.

Mr. and Mrs. Ernest Reagan of Cisco visited Mrs. Reagan's sister, Mrs. F. P. Shackelford, Sr., Thursday.

Mrs. John D. Isenhower and Mrs. Marvin Eubank were Baird visitors Thursday.

R. E. Clark was transacting business and visited in the home of his brother and family, Dr. and Mrs. F. E. Clark, in Cisco Friday.

Mrs. Hershel Wagley received word that her son, Ervon Brown, had been transferred from Bremerton, Washington, to San Diego, California, following eight months duty in Korea. He has been on a destroyer.

Lewis Williams, government cattle inspector, is on a south Texas trip this week.

Bruce Williams, teacher in the Hobbs, Texas schools, was home over the weekend visiting his parents, Mr. and Mrs. R. D. Williams.

Mrs. F. P. Shackelford spent the weekend in Abilene.

Everett Williams of Spur visited his mother, Mrs. Laurie M. Williams, Saturday.

Mrs. Chesley Pruitt of Eldorado, Arkansas, flew in Friday for a visit with his parents, Mr. and Mrs. Grady Pruitt.

Dr. and Mrs. F. E. Clark of Cisco visited Mr. and Mrs. R. E. Clark Friday.

Mr. and Mrs. Matthews of Albany were Saturday visitors in Putnam.

Mr. and Mrs. Mahaffey of Gorman, Mrs. Hall of Baird and Mr. and Mrs. Wilber Carrico of Baird were the guests of Mrs. Mobley over the weekend.

Mr. and Mrs. Lawrence of Virginia, en route to a California base, visited with the Mobley families over the weekend.

Mrs. Billy Everett, teacher in the Abilene Schools, spent the weekend in Putnam.

I. G. Mobley, Fred Heyser, and John D. Isenhower were in Austin Friday and Saturday.

Royce White, who has been stationed in New York, has received his discharge and is now at home in Putnam.

PERSONAL EVANGELISM

Jesus has chosen us to be Soul Winners. He said, "Ye have not chosen me, but I have chosen you, and ordained you, that ye should go and bring forth fruit, and that your fruit should remain: that whatsoever ye shall ask of the Father in my name, he may give it you." (John 15:16) This command is specific. We have been chosen by Christ to bring forth fruit.

Paul felt the urgency of this call of Christ when he said, "God hath committed unto us the word of reconciliation. Now then we are Ambassadors for Christ, as though God did beseech you by us: We pray you in Christ's stead, be ye reconciled to God" (II Cor. 5: 19-20). Therefore as Ambassadors for Christ, given the ministry of reconciliation, we must plead with men as though God did beseech them through us.

We are chosen to be soul winners; this is the highest call, the foremost passion of the Christian. — D. M. DUKE.

BRIEFLY TOLD

Frank Strawn of Midland is visiting in the home of his parents, Mr. and Mrs. I. D. Strawn.

Mrs. Martin Parish has returned to her home from Fort Worth where she has been in a clinic. She is reported to be slowly improving.

Mrs. Marshall Jones and daughter, Lynn, visited friends in Clyde on Thursday.

Mrs. C. S. Surles expected her son, Wendell Surles and family, of Dallas to spend the weekend in Cisco.

Mrs. Betty Snodgrass, who has been visiting her parents, Mr. and Mrs. Q. G. Arnold, left last week for Camp Hood where she met her husband, Corporal Carroll Snodgrass. Corporal Snodgrass has returned to the states for a discharge after spending the past year in Germany as a surveyor with the Seventh Army. Mr. and Mrs. Snodgrass plan to make their home in Lubbock.

Vernon Honea was a visitor in Austin Thursday where he transacted business.

Mrs. G. W. Cannon of Long Branch plans to return to her home Saturday after a visit with her daughter, Mrs. S. C. Wright. Mrs. Cannon has been ill but is much improved.

Mrs. Witt Springer of Amarillo is visiting her parents, Mr. and Mrs. C. L. Guinn, and other relatives.

HEALTH TALKS

Prepared by the
Texas Medical Association

How does your baby get his first ideas about life? From the way he gets his food and the people who give it to him.

The repeated experience of being hungry, receiving food, and feeling relieved and comforted is baby's best way of learning that the world is a dependable place. The feeding period can be a satisfying time not only for him but his parents as well.

Breast feeding is the simplest insurance toward the infant's emotional welfare; in addition, breast milk is recommended because (1) it is nearly always right in strength and amount, (2) its temperature is right, (3) it is perfectly clean, and (4) it helps the baby during the nursing period to share his mother's immunity to certain "catching" diseases. Sometimes, however, mothers can't nurse their babies because of their general health and other uncontrollable factors. All is not lost, though, if the baby is given his bottle by someone who sees he gets fed when he wants and needs it, and who isn't afraid to show love and affection during the feeding.

The period for which a mother is able to nurse her baby varies but may average as long as eight or ten months, occasionally longer. Even while he is being breast fed, it may be necessary to give the baby a bottle occasionally, and toward the end of the nursing period he is gradually weaned entirely to the bottle and the cup.

The right formula and feeding schedule for each baby is worked out by the doctor, in cooperation with the parents. The mother soon learns the importance of sterilizing not only the milk but everything used to measure, mix, and give the formula. Her doctor will give her oral or written instructions specific enough to assure that the baby gets the safest and most satisfying diet possible.

The doctor also will advise how other foods and supplements for the diet should be added. From the beginning, the baby will need water (also sterilized), given several times a day so as not to conflict with the nursing schedule. One by one, other items are added: orange juice, cod liver oil, cereal, and so on.

Vets Questions And Answers

Q — To train under the Korean GI Bill, I understand that I need at least 90 days military service, unless I was discharged sooner for disability. Must all the 90 days have occurred after the Korean fighting began?

A — Not necessarily. You could qualify provided any part of the required 90 days of your military service took place after June 27, 1950, the date of the outbreak of hostilities in Korea.

Q — I'm taking institutional on-farm training under the World War II GI Bill. What happens if my annual income report isn't submitted to VA by the March 1 deadline?

A — If you don't send in your annual report on time, your GI subsistence allowance may be cut off as of March 31.

Q — I'm a World War I veteran, and my U. S. Government Life Insurance permanent policy has just lapsed, through oversight on my part. When I re-instate, must I pay interest on the premiums in arrears?

A — You won't be required to pay interest if you reinstate within three months from the due date of the premium in default. If you wait longer than that, 4% interest compounded annually must be paid on the premiums in arrears.

Q — What is the deadline for getting a GI loan?

A — For World War II veterans, the deadline is July 25, 1957. For veterans eligible under the Korean GI Bill, the deadline is 10 years after the end of the current emergency period — a date not yet set.

VFW PLANS MEETING

Members of the Veterans of Foreign Wars will hold a regular semi-monthly business meeting at 7:30 p. m. Friday at the Post Home on the Eastland highway, Adjutant James C. Jones reported. All members were urged to attend.

When fully ripe, black pepper is white.
