## The Gay Philosopher

By J. W. S.

EVERYTHING IS ALL set for the big Pancake Supper tonight, our entry in the Pancake contest was confident of victory the hour neared. Mr. Eugene Lette, the CJC footballer, will present The Press in the contest. His handlers and advisory board include Doc Dawson, Jim Paulding, Bud Miller, Bobby Johnson and Billy Taylor. They will form a cheering section for Lette.

There are some other fine pancake eaters in the contest, including Jim Webb, sponsored by the Ford Roofing Company; Irvin Brunkenhoefer, Latson Construction Company; Buddy Deen, Cisco Lumber & Supply; Fred Hayes, Hayes Drilling Company; Ed Bernie, Lee Super Service; Wayne Farrow, Nick Miller's Men's Store; and Billy Thompson, Hotel Coffee Shop. Plans called for pancakes to be served to the public beginning at 6 p. m. The contest will be held and end 6:30 p. m.

SOME OF THE most delightful music we've ever heard was that provided by the Kendrick quartet at the Lions Club yesterday. The quartet appeared on invitation of Charles M. Cleveland. Members of the quartet are Joe Gardner, Fern Kendrick, Shorty Kendrick and Pierre Kendrick. Mrs. H. Kendrick plays the piano in the quartet, and Mr. Kendrick acts as their master of ceremonies.

THE KENDRICK quartet and other fine musicians played for the first Cisco Jamboree at the City Hall last Saturday night, and we understand a capacity crowd turned out for the fine program. Plans call for the Jamboree to be held twice a month under the auspices of the Cisco Volunteer Fire Department.

MRS. ROY GEORGE of 711 9th (Phone 892) calls to report that they have some puppies that they'd like to give away. Give them a call if you're looking for a puppy. . . . Durward Smith of Cisco has been awarded 3rd letter for basketball over Hardin-Simmons University. A news report from Japan states that PFC. Thomas Whaley, of Cisco recently visited the famous bronze Buddha at Kamakura on a sightseeing tour while on a 5-day rest, and relaxation leave from his unit in Korea. He was with the 84th engineer battalion. It rained two-tenths of an inch in Cisco yesterday.

MR. W. E. DEAN has shown a recent letter from PFC Jerry Willos, one of Uncle Sam's soldiers in Korea. Excerpts from the letter:

Just got back from Japan. We had a wonderful time. I stayed in Tokyo. Except for the people, it's almost like the states. After five years they'll have everything we have. We've had the awfully good weather. Our weather will be okay when warm weather is here to stay. . . . Willos had to close the letter just as he got out on patrol.

SOMEBODY HANDED us an envelope about the cheese situation in Switzerland. Some Swiss folks in remote Alpine regions still practice keeping cheese for a lifetime. On the day a child is born a big cake of cheese, inscribed with the date and the infant's name and date are inscribed on it. Thereafter, the cheese is brought out only on ceremonial occasions such as christenings or weddings. A portion of the cheese is preserved until its owner dies, when, it is served at his funeral.

IN REPORTING ON the fine planning that went into the successful Texas Public School week program here last week, we neglected to mention the Cisco Miners Association. The pastors of the various churches helped with the advertising. The Cisco Masonic Lodge was another agency that contributed materially to the program.

EVERYBODY WILL be given an opportunity soon to become blood donors. It might interest you to know how the Germans and the Russians handled the blood business during World War II. They drafted civilians to donate blood. Nobody was asked (Turn to page four)

FEELING THE PROOF—An inquisitive Korean is examining the Army's new "cold-bar" suit worn by Pfc. Henry Kelly, Watson, Ala., right, at a front-line bunker station. The new GI garb, for cold weather duty, is undergoing rigid tests by UN troops on the Korean battle front.

## Nance To Show New Model Truck Line This Week

Those who call at the Nance Motor Company on Friday and Saturday to see 1953 model Ford trucks will be given an opportunity to win a new half-ton pickup, Charles Graham announced today. The company is holding a special showing of new trucks Friday and Saturday.

Four pickups, complete with automatic transmission, will be given away in the Dallas zone. Official contest blanks will be given to everyone who visits the company show room. Mr. Graham said that the 1953 Ford truck line is the first entirely new trucks offered by the Ford Motor Company in five years. The company has spent \$30,000,000 in designing the new trucks.

Nance Motor Company has invited the general public to visit their show rooms Friday and Saturday.

## Ciscoan's Outfit Awarded Honors

PASO ROBLES, Calif., March 11. — Many hours of careful paper work preparation paid off for Company "C" of the 129th Armored Ordinance Maintenance Battalion here recently.

The Company went before the POR board in rapid time and earned a letter of commendation from Lt. Col. Grady W. Butler, assistant adjutant general, for the appearance of company records and the personal appearance of the men. The letter from Col. Butler to the regimental commanding officer, Col. T. R. Kimpton, said that Company "C" was "the best processed by the POR board in many weeks."

In charge of keeping company records are Lieut. Charles Pence, executive and personnel officer, and PFC Raymond O. Coffman, company clerk. Lieut. Pence is a native of Cisco, Texas, and the son of Mr. and Mrs. Charlie Pence. He is a graduate of Cisco High School and Texas A&M College.

## John M. Dunn Is Candidate For City Commission

John M. Dunn, local real estate man, authorized The Press today to announce that he is a candidate for the City Commission, subject to the City Election on Tuesday, April 7. Cisco voters will elect a mayor and two commissioners in the election.

A resident of Cisco for 11 years, Mr. Dunn was in the feed and hatchery business for a number of years before opening a real estate agency. The Duns own their home at 1413 Leggett Street in Cisco. He has been active in community affairs since moving to Cisco.

"If I am elected to the city commission, I will use good business judgment in the transaction of city affairs. I have entered the race at the suggestion of many friends and neighbors. In offering myself as a candidate, I desire only to do my part as a good citizen."

## National Blood Program Is Outlined At Public Meeting

Larry Hayes, director of the North Texas Defense Center Fort Worth, discussed the national blood program Wednesday night at a public meeting at the First National Bank's community conference room. He was introduced by Mrs. Charles S. Sandler, chairman of the Eastland County blood program of the Red Cross.

Mr. Hayes appeared as the speaker for a county-wide meeting of Red Cross Bloodmobile Unit volunteer workers at the bank at 9:30 Thursday morning. The bloodmobile unit will visit Cisco on March 31 and elsewhere in the county on April 1 and 2. In his talk Wednesday night, Mr. Hayes pointed out that giving blood is not new.

"In the past, men bled for family, religion and spoils," he said. "Freedom of this country was bought with blood, and men have since given blood through battle in wars to insure continued freedom. Men in Korea are now shedding blood for freedom, and our obligation now is to give blood for them."

"Plasma is a big factor in saving lives. Out of each 100 men reaching aid stations in World War I, 8.1 died as compared with 4.6 deaths per 100 in World War II and 2.6 out of each 100 in the Korean conflict. This was due to the availability of plasma."

Mr. Hayes displayed a tube used in transferring blood from

the donor to a bottle and told what a wonderful piece of engineering it was. He pointed out that it was useless without a donor on one end and a bottle on the other because "blood cannot be manufactured."

He told how millions have given blood and live today without any ill effects. Donors of today don't even feel the needle in their arms.

Fear is the most common reason why people do not give blood, Mr. Hayes said. Fifty percent of the people in the U. S. could give blood without ill effects. Wealthy people sometimes offer large checks in lieu of a transfusion, but "money can't buy blood," Mr. Hayes said. "It's far easier to give blood than to be in Korea receiving it."

Following World War II, Mr. Hayes said that the Office of Defense Mobilization asked the Red Cross to start the blood program now in effect. The need is estimated to be five pints per hospital bed per year, and three per cent of the population could furnish the need. The ODM asked the Red Cross to furnish 90,000 pints per month the first year, 150,000 the second year, and now is asking for 300,000 pints.

"All blood gathered is the property of the Defense Department," Mr. Hayes said. "The Red Cross merely is a gathering agent. The Red Cross has nothing to say about who gets the blood."

"Gamma globulin, which is extracted from whole blood, is not a cure-all or a preventative of polio. It furnishes immunization from paralysis accompanying polio and against measles. Polio is thought to be a virus, and gamma globulin is that portion of blood which contains antibodies."

Mr. Hayes estimated that it would take five million pints of blood per year to meet the polio needs. Gamma globulin will be distributed to individual state health departments by the defense department for areas where polio epidemics break out.

"It takes four pints of whole blood to make one gamma globulin injection," Mr. Hayes said. "The remainder of the blood is used for plasma for use in the war zone."

The individual may obtain gamma globulin through his physician and the state health agency.

Blood collected by the Red Cross Bloodmobile Unit is the property of the ODM, and blood collected here is either flown direct to Travis Air Force Base in California for transfer to Japan as whole blood or is sent to an Armour laboratory in the east.

## King Lobo And His Queen Will Be Crowned At School Friday

### MONDAY IS DEADLINE TO ENTER LITTLE LEAGUE BASEBALL PLAY

Monday, March 16, is the deadline for applications for entry in Little League Baseball planned for Cisco under the sponsorship of the ABC Club, officials announced Thursday.

All applications must be in the hands of club officials by that time in order that teams may be arranged and practice started by April 1. Application blanks may be obtained at the East Ward School, West Ward and Cisco

### Crop And Pasture Outlook Improves After Good Rains

Crop and pasture prospects for 1953 over much of the droughty western counties were improved sharply as moderate to heavy rains covered the area during the past weekend. Soaking rains over most of the Edwards plateau with very heavy rains in the northern plateau will provide moisture for planting spring crops and revive ranges. San Angelo and adjacent western plateau and southern plains counties received the first effective rains since September 1950. Wheat in the northwestern plains country continued to be maintained on a week to week basis as light showers again covered most of that area. North Texas wheat and oats are making satisfactory progress with ample moisture.

Corn planting started in many central counties with some seed going into the ground in north-central counties. In upper coastal and some southeastern counties, wet fields delayed corn planting. Sorghum planting was very active in the coastal bend and southern counties with some acreage already up to a stand. Cotton planting continued in the lower valley and was active in the coastal bend.

Early acreage in both areas was making satisfactory development and soil moisture was favorable for continued growth. Flax in the coastal bend was beginning to bloom and some small grain along the coast was heading. Planting in the northern plateau spring flax area will be very active as soon as soils dry. Many peach and plum trees were in full bloom in central and eastern counties.

The cool front that moved into the commercial vegetable areas at mid-week did not develop temperatures as low as was expected, especially at Laredo and in the Lower Valley. No damage occurred to the large early acreage of cantaloups, tomatoes, and watermelons in the lower valley from temperatures in the low 40's. This, however, was unfavorable onion maturing weather for the advanced crops in the lower valley that were expected to be harvested in early March. Despite the cool spell of the last week in February and again from March 5th to the end of the week, production from several Lower Valley fields of early Grano and 986 Bermudas is expected to start moving the week of March 9.

Prospects for reviving ranges over the western plateau, some of the Trans-Pecos and southern plains counties were greatly improved as moderate to very heavy rains covered that drought-stricken area. Rescue grass, clovers and small grains over the eastern third of the State continued supplying good to excellent feed. Cattle and calves were gaining on the lush green feed in that area, but the rank clover, particularly along the upper coast, was causing considerable bloat. "X" disease resulting from chlorinated naphthalene poisoning continued to cause loss of flesh and some deaths of cattle. Lambing continued over the plateau.

Survivors are his wife of Cisco, a son, Harold Dean Huntington of El Paso; his father, A. A. Huntington of Plainview; a sister, Mrs. Roy Blackburn of El Paso; four brothers, B. B. Huntington of Cross Plains, J. B. Huntington of Pampa, E. L. Huntington of Wildorado and W. L. Huntington of Plainview.

Palbearers will be James Waddell, E. S. Townsend, Clyde Weathers, Pete Clements, H. O. Anderson, and Ocie Livingston. All employees of the West Texas Utilities Company, and all members of the Cisco Fire Department, of which Mr. Huntington had been a member for a number of years, were named as honorary pallbearers.

Elbert Eugene Callerman, Route 2, Cisco, became a member of the Cisco Unit of the Texas National Guard this week, Warrant Officer Vernon L. DeLong, administrative officer, announced today. He is 18 years old and is a student at Cisco High School. Callerman has two brothers who are members of the Cisco unit.

Junior High School. No boy will be allowed to play unless the application is in by Monday night. Managers for the teams are being selected but more are needed. Anyone interested in managing or working with a team was asked to contact D. N. Morrison as soon as possible.

A meeting of all parents, players and others interested in the program will be held at the high school auditorium on March 24. The meeting will be very important to both players and parents.

Mr. Morrison pointed out the requirements for play in the league as follows: boys must be at least eight years old and not over 12 years of age, and each player must furnish his own shoes and glove. No spikes will be allowed on shoes. Tennis shoes or regulation little league shoes will be acceptable. Mr. Morrison said that enough applications had been received to form eight teams and that it was the desire of the club to have eight teams playing in both divisions during the months of April through July.

## H. V. Kirby Is In Campaign For Mayor Of Cisco

H. V. Kirby has authorized The Press to announce that he is a candidate for the office of Mayor of Cisco in the city election scheduled for April 7. He issued a statement in connection with his candidacy as follows:

"I have been asked by some of the taxpayers and property owners to run for mayor and have been thinking of it for a long time. If elected, I will do my best in the interest of good government. I owe a lot to my home city and I want to see it go forward. I will appreciate your consideration and support."

## Funeral Services Set Friday For C. H. Huntington

Charlie Harold Huntington, 46, a resident of Cisco for the past 24 years, died at 2 p. m. Wednesday in a Temple hospital after a lengthy illness.

Mr. Huntington, a West Texas Utilities Company employee, was taken to the Temple hospital two weeks ago when his condition became serious. He came to Cisco 24 years ago from Sabanno, where he was born on July 10, 1906. He was married to Miss Clara Ellis in Lovington, New Mexico, on September 16, 1931.

Funeral services will be held at 3 p. m. Friday at the First Baptist Church. Dr. H. M. Ward, pastor, and the Rev. Russell Dennis, former pastor of the East Cisco Baptist Church and now of El Paso, will officiate. Burial will be in Oakwood Cemetery under the direction of Thomas Funeral Home.

Survivors are his wife of Cisco, a son, Harold Dean Huntington of El Paso; his father, A. A. Huntington of Plainview; a sister, Mrs. Roy Blackburn of El Paso; four brothers, B. B. Huntington of Cross Plains, J. B. Huntington of Pampa, E. L. Huntington of Wildorado and W. L. Huntington of Plainview.

Following the placing of the crowns on the heads of the new king and queen, there will be a musical program in their honor. The girls' trio of the Cisco High (Turn to Page Five)

### Much Interest Is Shown In Program

Interest was running high at Cisco High School today as the time for the crowning of King Lobo and his Queen for 1953 approached, and much interest was being shown in the balloting for the school's choice for the honor.

The candidates for the top honor of the year at the school were Jim Webb and Mary Scott, Irvin Brunkenhoefer and Neota Moad, H. L. Youngblood and Lael Henderson, Carl Ingram and Nelda Johnson, and Bob Lloyd and Alayne Clark. The identity of the new king and his queen will not be known, even by the winners, until they are presented to the audience Friday night at the Community Gym. The ceremonies will begin at 7:30 p. m.

Rehearsals for the coronation were held Thursday morning, and members of the Junior Class were busy putting finishing touches to their decorations.

The coronation will be held amid a garden scene complete with flowers, shrubs, a rock wall and the necessary garden furniture. The throne will be placed on a platform at the east end of the gym and the members of the court will be seated in front of the throne. The entire playing floor of the gym will be used for the king and his court. The audience will be seated in the bleachers of the gym.

Miss Nancy Cluck was selected to play the professional for the royal family and the court. Misses Rhelda Reed and Flora Jean Fletcher were selected as the heralds. V. C. Overall, principal of the high school, will serve in the office of prime minister and will officially crown the king. Misses Sylvia Henson and Sylvia Hagan will serve as pages and Leon McCrary will be the court jester. The crown bearers will be Hickey Latson and Connie Warren.

The court will be made up of dukes and duchesses, lords and ladies, counts and countesses and princes and princesses from the Cisco schools, including the junior colleges and the Lutheran School. They are as follows:

Lords and Ladies from the earldom of the Lutheran School — Dennis Lanham, Christina Stroebel, Larry Neal Nance and Doris Lee Lerry.

Lords and Ladies from the earldom of East Ward — Mark Kurkulin, Sylvia Hart, J. W. Crowder, Ruth Ann Ashford, Billy Duff Hale, Betty Jean Nance, Charles Yardley, Gwendolyn Gosnell, Randall Johnston, and Sandra Ann Rutledge.

Counts and Countesses from the principality of Cisco Junior High School — Jimmy McDonald, Dorothy Riffe, Edward Villanueva, Karen Grung, Joe Tom Johnson, Pat Wallace, Ted Waters, Nell McAnally, Coy Livingston, Nancy Henson, Robert Smith, Judy Graham, Don Gray, Joyce Lancaster, Benji Lipsey, Janice Clark, Ronnie Edwards and Martha Ann Martin.

Duke and Duchess from the dukedom of Cisco Junior College — J. C. Suggs and Margie June Poe.

Princes and Princesses from the realm of King Lobo XXI, Cisco High School—Junior Class, Monte Ingram and Beulah Weiser; Sophomore Class, Arzell Hale and Carolyn Birt; Freshman Class, Bill Smith and Jeanette McCrary. The princes and princesses of the Senior Class will be the four remaining candidates for the crown.

Following the placing of the crowns on the heads of the new king and queen, there will be a musical program in their honor. The girls' trio of the Cisco High (Turn to Page Five)

## HEALTH TALKS

Prepared by the Texas Medical Association

A great number of patients admitted to hospitals are destined to see the inside of an operating or delivery room. Either route requires routine preparation of the patient. The surgeon or obstetrician, in co-

operation with the anesthetist, reviews the patient's record of history and physical examination and decides upon the best anesthetic, plus, perhaps, additional medication to make putting the patient to sleep easy.

Along with this preoperative medication, the patient is further prepared while still in his room, any valuable jewelry and any dentures are removed and either given to a member of his family or put some place where they will be safe. A woman is asked to remove her make-up so that

the anesthetist can tell more easily what her condition is during the operation. Also, often a towel is wrapped around her head so that the hair is protected and kept out of her face. The patient may be dressed in a hospital gown or provided with other forms of draping, depending upon the type of operation.

As a rule, members of the family are not allowed in the operating or delivery room but often there is a waiting room adjacent provided for them. One reason they are excluded is that every precaution is taken to assure that sterile technique is maintained during surgery or birth. The area to be operated on is prepared by shaving and cleansing, then on the operating table it is further cleansed with an antiseptic or soap and water. Sterile

drapes and towels are added to provide a large sterile area, and the doctors and nurses wear sterile gowns and gloves. Further, the surgical instruments, sutures for sewing up wounds, and other supplies are sterilized.

After the operation or delivery, the patient is lifted onto the stretcher which has been prepared with blankets to keep him warm and quickly removed to his room. The anesthetist or surgeon, after leaving the operating room, goes to check on the patient's condition and to leave orders for medicine to relieve

pain and take care of his other needs.  
Mrs. Lula Dixon has returned from an extended visit in Fort Worth and Dallas.

## SOCIETY AND CLUBS AND NEWS OF INTEREST TO WOMEN

### Future Homemakers Name New Officers

The Cisco Chapter of the Future Homemakers of America elected new officers at a meeting Tuesday at the high school with Mrs. James Smith, sponsor, in charge. New officers were named as follows: Melba Ray Harrelson, president; Charlotta Collins, vice president; Wanda Hamilton, secretary; Shirley Abbott, treasurer; Martha Eudy, historian; Beulah Weiser, reporter; Loretta McKinney, parliamentarian; Norma Schaefer, song leader; and Lundy Ann Hooker, pianist. Miss Harrelson and Miss Hooker, the retiring president, will be the chapter's delegates to the state convention in San Antonio on April 30 and May 1 and 2. The district FHA Camp at Lampasas, scheduled for June 10-11, was discussed. A report was made on the spring style show.

### W.S.C.S. Circle 2 Holds Meeting At Church

Circle Two of the W.S.C.S. of the First Methodist Church met in the home of Mrs. C. E. Hailey Tuesday for their regular monthly meeting. Mrs. Inez Ricks opened the meeting with prayer and Mrs. E. H. Lightfoot was in charge of the program. Mrs. Ricks brought the devotional from Proclaim The Good News entitled, "For You We Have Come." Mrs. Lightfoot gave an article on the African people entitled The God Above The Mountain. Mrs. Hailey presided during a short business session in which routine business matters were transacted. The penny fund and dues were collected and cards signed to be sent to two sick members. Mrs. S. H. Nance dismissed the meeting with prayer. Refreshments were served by the hostess, assisted by her daughters, Wanda and Kay, to Mesdames S. H. Nance, Rudolph Schaefer, E. H. Lightfoot, R. I. Collingsworth, Clint Jones, A. R. Westfall, J. J. Porter, Inez Ricks,

### Mrs. Rendall Hostess For Methodist Circle

"Visions From A Mountain Top" was the theme of the program presented at the monthly meeting of Circle One of the W.S.C.S. of the First Methodist Church held Tuesday in the home of Mrs. R. V. Rendall. Mrs. J. T. Fields, chairman, called the meeting to order. Mrs. J. T. Anderson, program chairman, presented the program with Mrs. B. J. Osborn, and Mrs. Joe Lovelady taking parts. Mrs. Fields then conducted a short business session. Sixteen members answered roll call. Mrs. R. S. Elliott collected the penny fund and Mrs. B. E. Morehart gave a report on the foods committee. The meeting closed with prayer. A refreshment plate of open face sandwiches, individual pies, chocolate easter egg, and punch were served to Mesdames J. T. Anderson, W. L. Boyd, Leo Clinton, R. S. Elliott, J. T. Fields, F. J. Harrelson, W. Z. Latch, Joe Lovelady, S. H. McCanlies, R. W. Merrett, B. E. Morehart, B. J. Osborn, Stella Wilson, Mattie Cole, Miss Bessie Wilson, a visitor, Mrs. M. Y. Irving, and the hostess, Mrs. Rendall.

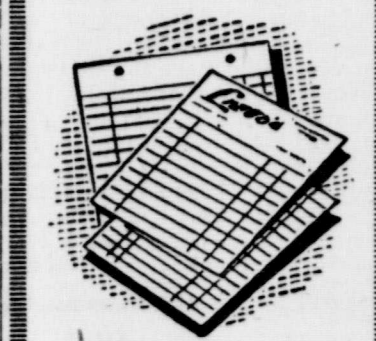

### East Baptist Circle Has Meeting Tuesday

Mrs. Phama Travis was hostess in her home Tuesday when the Blanche Grove Circle of the East Cisco Baptist Church met for Bible study. The meeting opened with prayer by Mrs. M. Slaughter and routine business matters were transacted. Mrs. W. L. Lewis led the Bible study and the meeting closed with prayer by Mrs. J. O. Warren. A social hour followed and refreshments were served to two visitors, Mrs. Leroy Taylor and Mrs. Winona Lanham, and the following members: Mrs. W. L. C. M. Pogue, A. T. Gorr, John Speir, and a guest, Mrs. Owen King.

Lewis, Mrs. M. Slaughter, Mrs. J. O. Warren, Mrs. R. C. Smith, Mrs. A. A. Coats, and Mrs. B. F. Thomas.

Did you ever take the wrong road out of an unfamiliar town and have to turn back to get on the right highway? If you have had this experience, were you a little bit stubborn about admitting to yourself and to others that you were wrong and maybe even too stubborn to stop at a filling station to ask proper directions? If this has happened to you as it has to me, of course you lost time and effort.

My wife, Ruth, tells me that I depend too much on "dead reckoning" and not enough on highway signs. I usually figure that the man who made the map didn't know as much about the directions as I knew, and that probably the highway signs were in correct anyway. It has been a temptation to me to keep driving in the hope that a highway sign will appear showing that I am correct or that I will intersect

the proper highway, and as a result, I would have cut through and saved time. My success at this has not been frequent.

What this leads up to is the Constitutional Amendment relative to the making of Treaties and Executive Agreements. There should be no "short-cuts" in arriving at Treaties and Agreements made by the President of the United States which have the effect of becoming the Supreme law of the land.

Legislation has been introduced in the Congress to amend the Constitution to prevent such action by the President which could deprive citizens of this country of their Constitutional rights.

Treaties are more supreme than ordinary laws passed by the Congress, since the laws we pass here in Washington are invalid if they do not conform to the Constitution. Treaties can take powers away from the Congress and give them to the President. Likewise, Treaties can take powers away from the States and give them to the Federal Government. In the case of certain actions in branches of the United Nations, Treaties or Agreements could take power away from this Government and give them to some international body.

It is conceivable that such Treaties and Agreements made with foreign powers could completely nullify the provisions of State Constitutions, State Laws, State Supreme Court decisions, and Federal laws covering the same subjects as the Treaties cover.

The Supreme Court has held that Treaties and Agreements made with foreign powers by the President, even though not approved by Congress, could supersede the Constitution and become the supreme law of the land.

It has been proven over and over again that we cannot live in this world alone. We could not exist and maintain our present

standards regardless of war without other nations of the world, but we should be very careful that no Treaties or Agreements made with foreign countries should ever deprive us of the precious rights guaranteed us under our Constitution.

Therefore, it seems highly important that we take some action to amend our Constitution to provide that in our dealings with other nations, we will not contract away our individual rights. A Constitutional Amendment is now proposed and, if passed by Congress, would be submitted to the State Legislatures. It would be necessary for two-thirds of the States to ratify it to make it effective.

In my opinion, we have allowed some of these people running parts of the United Nations to get us on the wrong road. We have been desperate to achieve peace and prevent war, and I suppose have hesitated for fear of wrecking the United Nations to "about face" and come back to the main track. Unless this is done, I fear the United Nations may go the way of the League of Nations, and other efforts at world cooperation. If anything

is any more serious, it is to allow ourselves to become a party to certain Socialistic schemes for which we pay in both money and sacrifice of individual Constitutional rights.

The bill introduced is known as the Bricker Amendment. Hearings on this measure are now in progress in the Senate Judiciary Committee. I expect to support it in some form or other. I am opposed to the movement of World Federation and Atlantic Union. The actions of some of these branches of the United Nations result in some of the same general principles advocated by these two organizations.

Broadly speaking, patents relate to discoveries that promote the useful arts, while copyrights relate to writings or other works that promote knowledge in any field.

Patents are granted to inventors on new and useful articles of manufacture, compositions of matter, methods and processes, ornamental designs of articles of manufacture and certain types of plants.

Copyrights are granted to authors, composers or artists on works such as books (which includes not only bound volumes, but also pamphlets, leaflets and even single sheets), periodicals, speeches, plays, musical compositions, phonograph records, works of art, maps, photographs and motion pictures.

Some articles are difficult for an untrained observer to classify. Printed forms are an example of such an article.

If the form is a card or sheet having a peculiar shape or physical structure (such as perforations or notches in certain positions) that adapts the card or sheet for particular use, so that it amounts to a new article of manufacture, the card or sheet would constitute a subject for coverage by patent rather than by copyright.

If the same or another card or

sheet bears graphic matter such as a written text, a compilation of figures or of other data, a chart, or a diagram, the graphic matter (as distinguished from the card or sheet itself) would be subject to coverage by copyright rather than by patent.

The function of a patent or copyright is to give its owner the right to exclude all others from infringing the patent or copyright — that is, from practicing the invention or copying the copyrighted material. Patents give protection against any infringer who makes, uses or sells the invention, regardless of whether he is a copyist and regardless of whether he actually knew of the patent. Copyrights, on the other hand, give protection only against a copyist and not against one who independently does the same thing.

A patent runs for seventeen years and cannot be renewed. A copyright runs twenty-eight years and may be renewed once for an additional period of twenty-eight years.

An inventor or author may himself apply for a patent or copyright. However, only persons trained in such work should prepare and prosecute the necessary applications, since it often happens that an unskilled person, because of his lack of knowl-

for processing into plasma and gamma globulin.

The only civilian defense blood center in this region is located at Waco, Mr. Hayes said. "A civilian in the Cisco area needing blood would have to secure it from Waco through channels known to your doctor, or from a hospital who gets it from professional donors and would have to pay for the blood as well as laboratory fees or would be required to get friends or relatives to give two pints to replace every one taken out of the hospital," Mr. Hayes said. "The Waco program is handled in the same manner as with the ODM."

Mr. Hayes noted that the Red Cross' expenses of collecting blood is paid by civilian donations, hence the blood and distribution at Waco is controlled by civilians.

### BRIEFLY TOLD

J. W. Shepard of El Paso has returned home after a visit with Mr. and Mrs. F. E. Shepard, Mr. and Mrs. James Moore, and Mr. and Mrs. R. A. Hammett.

Mr. and Mrs. George Fee, Mr. and Mrs. Jack Hailey, and Mrs. Glenn Dietaker attended the Guy Lombardo concert in Wichita Falls Tuesday evening. They also attended the party at the country club following the concert for the Lombardo brothers.

Mr. and Mrs. Jim Fleming of Abilene have been visiting in the home of her parents, Mr. and Mrs. T. L. Crowder, the past few days and were at the bedside of Mrs. Fleming's little brother who is confined to his bed with rheumatic fever. He has been ill for three weeks. He is a sixth grade pupil at Cisco Junior High.

#### Presbyterian Women Hold Meeting Tuesday

The last general meeting of the church year of the Women of the Presbyterian Church was held Tuesday at the church with the president, Mrs. John Kleiner, presiding.

Roy R. Craig of Idabel, Okla., prayed the opening prayer. The president informed the members of the meeting next week at which time names of new circles will be drawn and officers elected. The new officers will be installed by the Rev. H. Grady James in the regular church service Sunday morning, March 29.

The Officers Training Class will meet Tuesday, March 24, for a

pot luck luncheon with Mrs. W. W. Wallace in charge. Mr. Craig spoke of Jesus, the sweetest name on earth, using three of Jesus names, Savior, Immanuel, and Wonderful Counsellor. Mr. Craig stated that Nicodemus went to Jesus for advice and asked that the group make this name, Jesus, the sweetest name on earth to others.

Rev. James made an announcement of the revival being held each night at the church by Mr. Craig and asked all members to bring guests. A Life Membership to be presented to Miss Willie Word was mentioned and the secretary designated to send for same. Mrs. Kleiner appointed the four circle chairmen in charge of serving cake and coffee Wednesday evening following the church service.

The president gave an introduction to the program of the afternoon, which was in the form of a knitting bee, with each one knitting as she gave her report. Mrs. H. Grady James led the devotional using 1 Corinthians 13.

The president spoke of Paul at Colosse encouraging the people to be knit together in love and asked the group to knit as she spoke. The reports were given as follows: Mrs. Homer Slicker, the years work of the vice president; Mrs. P. R. Warkick, the secretary report; Mrs. D. E. Waters, treasury report; Mrs. C. R. Baugh, historian; Mrs. H. Grady James, spiritual growth; Mrs. Joe Comingore, world missions; Mrs. F. J. Borman, church extension; Mrs. J. A. Jensen, Christian edu-

cation; annuities and relief, omitted; Mrs. W. W. Wallace, Stewardship; Mrs. A. E. Jamison, assembly's special causes; Mrs. Joe Comingore, Circle One; Mrs. B. S. Huey, Circle Two; Mrs. W. Wallace, Circle Three; and Mrs. C. M. Townsley, Circle Four. Mrs. Kleiner ended the bee with remarks and reading her year's report. The meeting closed with prayer by Mrs. J. E. Coleman. Twenty members attended the meeting.
