CISCO, TEXAS, WEDNESDAY, MARCH 25, 1953

NUMBER 79

The Gay Philosopher By J. W. S.

A CONSIDERABLE improveent program is nearing complen out at the Graham Hospital. his work includes redecorating he rooms, new furniture, new throoms and other features. The w furniture is of royal chrome listeel construction, built esecially for hospitals. There are ew pictures on the walls. And he walls have been redone with pecial wainscoating and board. The color scheme is especially leasant for hosiptals. New inirect lights have been installed. ive of the rooms now have prirate baths.

The kitchen, which was remoded sometime ago, features stainess steel cabinets, sink with dishasher, and other modern conniences.

It was the first time we had ver seen the x-ray room with all t its costly and modern equipnent and the operating room, which is complete in all details. The hospital is a very splenid credit to our community, and will compare with those you ill find in the bigger cities. Dr. L. Graham has every reason be proud of the hospital.

WHILE AT THE hospital, we isited with a number of patients. fr. Bob Elliott of the Man's tore was feeling fine after unergoing an operation Mrs. lerman Reimers was recovering nicely from injuries in a recent auto mishap. She had an attractive bouquet of pansies from the Miss Varita Butfamily yard ... er, daughter of the B. A. Buters, was feeling good after a few days of treatment. She was lookng forward to going home and back to school Saw the lit-tie daughter of Mr. and Mrs. R. Saw the lit-A Archer. The little girl was our pounds and five ounces and

How To Balance The Federal Budget

WASHINGTON - The Federal budget can be balanced in fiscal '54, without retaining the Korea tax increases, according to the Chamber of Commerce of the United States. Here's how:

1. The \$9.9 billion deficit in the Truman budget actually is only at \$6.6 billion cash deficit - a fact Truman himself pointed out. The rest is a paper deficit. For ex- | Most experts agree that the Truample, nearly a billion dollars is man estimates of revenue for fisinterest paid by the government | cal 1954 are about \$1.5 billion too on bonds held by the government low. So the \$6.6 billion cash de-- a paper transaction which ficit can be marked down to \$5.1 costs the taxpayers nothing. Well billion.

tax increases, a statement made

4. Top authorities say military

billion without endangering national safety. Rep. Herbert, (D.,

La.) said so last year when he

was chairman of the House Arm-

tion in the Armed Forces, used

the same figure last month. A

penditures would virtually wipe-

out the \$5.1 billion cash deficit

5. The Truman budget estimated

foreign aid expenditures at \$7.6

billion for 1954. But there is evi-

dence now that foreign aid will

not exceed \$5.5 billion, a reduc-

tion of \$2.1 billion below the

Truman figure. If the military

cuts were enough to wipe out the

cash deficit, the foreign aid re-

duction - which is quite likely

- would leave a cash surplus of

Fatal Accidents In Hunting Show **Drop Last Season**

AUSTIN, March 25.-The Chief Clerk of the Game and Fish Commission said that an incomplete tabulation of accident reports from the last hunting season inlicates a sharp drop in casualties. He emphasized that this occurd in the face of a record number of hunting licenses issued, and

suggested safety measures might be responsible. The Chief Clerk said tabula-

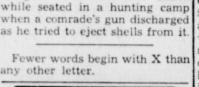

ions to date show only fifteen deaths from gunfire compared to thirty for the previous year. He explained that this total doubtless will be increased by belated statistics from the state's 254 coun-

Significantly, according to the Chief Clerk, the present reports include the killing of only one person when mistaken for wild game. And this happened before the legal season opened.

The Chief Clerk said principal auses of fatalities last fall were the old mistakes. One man died when he pulled his shotgun, muzzle first, through a barbed wire fence. Another died when he pulled his shotgun, muzzle first, oward him in a duck boat. Another killed himself while using gun to dispatch a crippled duck. Another was fatally shot by his own rifle when he stumbed and fell while chasing a rounded deer. One man killed imself while hunting rabbits when the trigger of his cocked gun caught in some brush. A dove

unter suffered the same fate. One hunter killed his compan on when brush caused his gun to lischarge. A fourteen year old boy was killed when he tried to help another boy clear a jammed

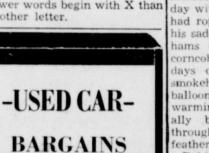

shotgun. One man was killed

Wednesday, March 25, 1953

Clas

COMEDY BEAUTY This is the BROADWAY MYSTERY FX. TRAVAGANZA that is thrilling mil from coast to coast. ACCLAIMED by critics to be the most enter-taining stage production tour-ing America today. THE WORLD'S GREATEST ILLUSIONIST brings you a Freight Car of Stage Settings, Beautiful Costumes and Illusions. A THRILLING & SPECTACULAR AMAZING SPECTACLE Buy Your Tickets in Advanc **Special School** the 1953 GMC's. **Children's Matinee** 4:00 P. M. ---- 25c Nite Show performance: 8:00 P. M. ADULTS -- \$1.20 CHILDREN - .60 (tax included) THURSDAY

No other light trucks have all this

JOU don't expect polo-pony agility from a I truck in traffic - but the new GMC's have it.

You'd like to have passenger-car pace and economy on the highway - and you'll get it from

For there are two tremendous advances that step the new GMC's far ahead of all previous truck

One: Dual-Range Hydra-Matic Drive*-the fully automatic shift with 3 speeds for traffic, 4 for the open road - available on 19 models throughout the 1/2-, 3/4- and 1-ton capacity range.

Two: a new line of engines of progressive design, with compression ratios of 7.5 to 1 and 8.0 to 1the highest of any gasoline truck engine ever built. Here's pile-driver power behind every piston stroke - flashing response and better mileage squeezed from regular fuel.

A number of chassis advances too, add to the extra-value features that make GMC's, point for point, the biggest dollar's worth in the light-truck field as well as in the heavier lines.

We confidently tell you-these great new GMC's will do your job better, easier, and at the lowest over-all cost. They have stamina beyond their size, because they're "built like the big ones" - the heavy-duty GMC's that lead the world in sales.

That's saying a lot. But just come in - and we'll prove it.

*Standard equipment on Package Delivery model; optional # moderate extra cost on the others.
