## The Gay Philosopher

By J. W. S.

THIS SUNDAY marks the opening of a special week in Texas. It is Texas Industrial Week, and the event was provided for by the Legislature of our state back in 1951 to recognize each year the part industry and business play in the economy of Texas. The governor has issued a proclamation, calling on all Texans to pay tribute to industry during the first week of April. And while the various cities and sections of Texas are paying homage to their local industries, let's all consider the situation in Cisco and express our appreciation of the payrolls that we have.

THE BIGGEST industrial payroll of our town is the Humble Pipe Line Company. This fine company has maintained district and division headquarters in our town for three or four decades. The company's more than 100 employees have become a part of Cisco in every respect.

Another big employer of people in our town is the Southwestern Bell Telephone Company. This concern has over 60 Ciscoans on their payroll, and Cisco is their district headquarters. The Bell workers, too, are good citizens — people interested in Cisco.

Halliburton Oil Well Cementing Company employees from 30 to more than 100 people at the Cisco camp, depending on how busy things are in the oil business. They're bringing in four more employees this week. Cisco is a district headquarters for this company, too.

Boss Manufacturing Company, with something like 140 employees, is another important Cisco payroll. This firm's employees come in daily from throughout the area. The company has added a new department and a dozen or more new workers during the past year.

West Texas Utilities Company has a big payroll here, this being district headquarters from which the company operates in a dozen or so area cities.

Lone Star Gas Company has extensive operations in the Cisco area with probably 50 employees. So has Cisco Gas Corporation and the Hickok companies and Hickok and Reynolds.

The Gallagher Clay Products Company, which sells flower pots in all the southwest and many other states, is reflecting a fine growth each year, and all Cisco are proud of this fine firm.

Tompkins Broom & Mop Company is one of the state's biggest broom and mop manufacturers, and this company is growing. There are other broom makers here, including the Ward Broom Company. We have a floor sweep manufacturer — the Nuckols Floor Sweep Co.

Johnston Testers, the McCullough Tool Company, Lane-Wellis Company, L. A. Warren Oil Company, Choate Oil and Drilling Company, Jack Hailey, Frost and Porter, Stewart Drilling Company, Gray Drilling Company and others operate out of Cisco.

Reynolds Manufacturing Company is an important company with a number of widely accepted products. West Texas Produce Co. serves much of West Texas out of its big Cisco warehouse. Others include Cisco Peanut Company and Thornton Feed Mill.

The railroads have good payrolls here. Cisco is a terminal point for Sunset Motor Lines and Merchants Motor Lines. There are doubtless a number of other concerns that we can't think of at the moment. Let's all give these people and companies a pat on the back this week and tell them that Cisco appreciates them. In our efforts to seek new industries, let's be mindful that we already have a goodly number and that they're all important to us.

Texas Industrial Week should be a good time for every Cisco business and property owner to subscribe stock in the new Cisco Foundation. This organization has been formed for the purpose of encouraging industrial development — creating new jobs.

**BOGGED DOWN**—Emergency police are attaching a towline to one of the cars in Bayside, N. Y., that were stopped by a sudden cave-in resulting from an unusually heavy rainfall. The owner of the car in the foreground had to wait for a bulldozer to pull it out after 3.1 inches of rain fell on the area in 31 hours. Everyone had more than enough of it this time.

## Fabulous Works Of Art Will Be Shown In Austin

AUSTIN, March 28. — Oil paintings in the land of the oil well — and six-foot masterpieces in the country of the six-foot cowhand — will be in evidence at Austin April 18-26 when the Texas Fine Arts Association brings a fabulous million-dollar collection of "Old Master" pictures to the Coliseum for display at the state-wide Fine Arts Festival.

The 20 world-renowned paintings, on loan from New York's Metropolitan Museum of Art, will be shown in Texas for the first time. "It will be a new experience for many Texans, but one I am sure our citizens and their children will appreciate," Governor Allan Shivers, an honorary member of the Texas Fine Arts Association, said.

"I hope communities all over Texas will take advantage of the Association's offer to allow free admission to all school children of the state who wish to attend the Festival in special groups," he added. Many industrial concerns, civic organizations, and individual patrons are making arrangements to send groups of students to Austin for the Festival.

The Metropolitan exhibition will include such famous paintings as "The Calmady Children" by the British portraitist, Sir Thomas Lawrence, and "A City on a Rock" by the Spanish painter, Goya. This collection is representative of the finest European artists of the 15th through 18th centuries.

Besides the Old Masters the Festival includes a survey of important American painters gathered from New York galleries, a contemporary Swiss Architectural show brought to America by the American Federation of Arts, a complete presentation of the work of both professional and non-professional Texas artists and craftsmen, and public school art from primary and secondary schools throughout the State.

"Art, with its related creative fields of crafts and architecture, has become important to Texans, and that importance is being recognized by major American museums and art authorities," Governor Shivers commented. The work of Texas artists and craftsmen will be reviewed and adjudged by a jury of national importance composed of Roland McKinney of the Metropolitan Museum staff; Fred E. Conway, head of the art department of Washington University, St. Louis, Mo.; Miss Maija Grotel of Cranbrook Academy, Bloomfield Hills, Mich., and Arthur Pulos of Greenville, R. I.

## County Red Cross Is Short Of 1953 Quota

Mrs. John Love, Eastland County Red Cross Fund Campaign chairman, announced Saturday that a total of \$5,573.89 had been turned in by volunteer workers up to that time. She said that the reports were incomplete and that she believed that the quota could be reached by March 31, if all workers would put in a little more time.

## QUALIFYING FOR CITY TOURNEY IS EXTENDED TO NEXT SATURDAY

Only seven golfers had posted qualifying scores for the City Golf Tournament at noon Saturday, it was reported by Cisco Country Club officials, who announced that the deadline for qualifying had been extended until Saturday, April 4.

## Firemen Treated At Supper Friday

Members of the Cisco Fire Department were guests of C. H. (Cliff) Jones at a hamburger supper Friday night at the fire station. The event was held by Mr. Jones to express his appreciation for work of firemen in extinguishing a fire last Thursday at the Gem Beauty Shop and Don's Service Station.

Present for the occasion were Mr. and Mrs. E. F. Chandler, Kay and Sylvia Chandler, Mr. and Mrs. Howell Sledge, Pat Sledge, Pat Wallace, Mr. and Mrs. H. L. Thompson, Mr. and Mrs. Arlin Agnew, Mrs. Joe Britain, Mr. Ocie Livingston, Mr. and Mrs. Ivan Johnson, Mr. and Mrs. Robert C. Smith. Mr. and Mrs. L. E. Sublett, C. L. Tune, A. G. Sander, C. R. Hightower, Pete Clements, Wayne Nix, Sammy Smith, Woody Nix, Rube Calloway, J. W. Slaughter, Clyde Weathers, and Mr. Jones.

## Sanders Talks At Ranger Meeting

Two people from Cisco appeared on a program in Ranger Thursday night at which the Ranger First Methodist Church and the Woman's Society of Christian Service honored the members of the faculty and the students of Ranger Junior College.

The Rev. Bob Sanders, pastor of Wesley Methodist Church of Cisco, was the principal speaker for the banquet which was attended by 84 students and faculty members.

As a part of the program Miss Rhelda Reed of Cisco played two flute solos. She was accompanied by Fred Baumgardner of Ranger. Miss Reed is the daughter of Mr. and Mrs. Clerl Reed of Humbletown.

## Election Judges Are Named For City Poll

Election judges for the annual city election, which is scheduled for Tuesday, April 7, have been named, it was announced Saturday. The voters of Cisco will name a mayor and two commissioners in the election.

Fred Grist will be the presiding judge, and election judges will include Mrs. B. S. Huey, Mrs. Lee Heltzel, Mrs. Troy Stewart, and J. V. Heyser, Sr.

Mr. and Mrs. F. J. Harrelson and Sue are spending the weekend in Lubbock with their son and wife, Mr. and Mrs. Mac Harrelson and baby.

## Search Underway To Find Missing Heirs To Estate

CHICAGO, Ill., Mar. 28. Possible children on aged brothers and sisters, but more likely nieces and nephews of the late Sidney T. Miller, hotel clerk, who died recently in his eighties, are being sought in east and central Texas to claim his \$24,000 estate to which they are unknowingly the heirs.

This became known here today when Walter C. Cox, probate genealogist, 208 S. LaSalle St., Chicago, who specializes in tracing missing relatives to settle estates, turned the hunt to Texas with only vague and will-o'-the-wisp clues.

"The scant information left by the deceased," Mr. Cox said, "indicates that some of the Miller family settled in an unidentified locality in the Texas area after coming to this country from England where Sidney T. Miller was born in about 1868."

"Miller told friends that he once worked for hotels in Texas, but did not name them or the cities. This was presumably while he was a young man or middle aged. Whether he was accompanied by his parents as well as brothers and sisters from the old country is not known, nor are their first names."

"It is not believed that Miller left descendants but if he did they would have first claim to the estate. Living brothers or sisters would be next in line but since they would be quite aged, nieces and nephews are most probably the heirs sought."

## Nanette West Makes Honor Roll At TCU

FORT WORTH, March 28. — Nanette West of Cisco, graduate of Cisco High School, is among the students at Texas Christian University listed on the honor roll.

A freshman, Miss West carries a minimum 12 hour academic study course and has made high averages all during her freshman year.

She is the daughter of Mr. Horton B. Murray of Odessa.

**DESIGN FOR LIVING**—A Malayan sits on the steps of a new, beautiful patterned native dwelling built in the midst of the jungle. With the help of the Malayan Government, the inhabitants of an entire village threatened by Red terrorists have been moved to new and safer homesteads. But their migration has not changed the natives' artistic talents, it seems.

## Plans Ready For Bloodmobile Unit To Work Here Tuesday

## NOTED SOCIAL WORKER TO TALK AT METHODIST CHURCH TUESDAY

Muriel Lester, widely known social worker, lecturer, author and world traveler, will deliver two lectures at the First Methodist Church on Tuesday, March 31, according to an announcement Saturday.

Miss Lester will speak at 3 p. m. on the subject, "What Is Man — Brute, Machine or Saint?" under the auspices of the Woman's Society of Christian Service. At 7:30 p. m., she will speak on "The Common Man Confronts Doom" under the sponsorship of the church.

Miss Lester is one of the best known lecturers of the day. Her career began with the founding of the famous Kingsley House in the Bow section of London in 1915, continued with her election as alderman from Popular, and grew with her commitment to the cause of peace and reconciliation that has taken her six times around the world. This will be her 10th trip to this country.

Within the past 13 months, Miss Lester has lectured in Mexico, Japan, Burma, India, Pakistan, Kenya, Lebanon, Turkey, Switzerland and Germany. She is a member of the secretariat of the International Fellowship of Reconciliation.

Her lectures in this country are being arranged by the American Friends Service Committee (Quakers). There will be no admission charges, but the audiences will be given an opportunity to contribute to the non-secretariat work of AFSC.

The Rev. E. H. Lightfoot, pastor of the church, has invited the general public to attend both lectures.

## Armed Forces To Have Special Day

AUSTIN, March 28. — The fourth Armed Forces Day will be observed throughout the nation on the third Saturday in May — May 16 — under the slogan "Power for Peace."

The designated day and the preceding week will be distinguished as a time for tribute to the teamwork of the armed forces, to the unity of the American people and to the power and principles for which they stand in the world-wide struggle for peace. Celebrations throughout Texas and the nation will be planned along the same line as those held the past three years, with program schedules consisting of parades, luncheons, dinners, balls, mass meetings, fly-overs, military exhibits and open houses and the display of equipment similar to that in actual use on the Korean battle front. Army Reserve and National Guard units, as well as Army, Navy and Air Force installations will combine their efforts with local committees to assure the success of the observance.

In a proclamation issued in Washington last week, President Eisenhower designated Armed Forces Day "devoted to paying tribute to those whose constancy and courage constitute one of the bulwarks guarding the freedom of the nation and the peace of the free world," and called upon all citizens of the United States on Armed Forces Day, but also to show the recognition of the gallantry, sacrifice and devotion to duty of the men and women of the armed forces by cooperating in local observances of the day.

Local project officers have been named in all the principal cities and communities of Texas to work with civilian committees in planning Armed Forces Day observances under the general direction of the Air Force with the Army and Navy cooperating.

Mrs. Harry Grantz and children of Merton were expected this evening for a week's visit with her parents, Mr. and Mrs. C. E. Reynolds.

## Donors Are Given Schedule Notices

Everything was in readiness Saturday for a Red Cross Bloodmobile Unit to visit Cisco Tuesday to collect this city's contributions of whole blood for use in the Korean war and in making serum for the prevention of paralysis in polio.

The Bloodmobile Unit will begin operating at noon Tuesday at the First Baptist Church and will continue until 6 p. m.

Mrs. W. W. Wallace, local arrangements chairman, announced that scheduling of appointments for donors has been completed and cards have been mailed to all those who signed pledge cards for this visit of the Bloodmobile.

There are still places on the schedule for a number of others who might want to contribute blood.

"If you failed to sign a pledge card, don't let that stop you from coming to the church on Tuesday to give your pint of blood," Mrs. Wallace said. "We always are glad to see people drop in and usually can arrange a place for them without delay. If you didn't sign a pledge card, just drop by the church or call a committee member."

Instructions to blood donors were given by Mrs. Wallace. During a 4-hour hour period before you donate blood, you should avoid eating any heavy fatty foods, she said. These foods include eggs, meat, cream, salad dressings, butter, fried foods and so forth.

Ciscoans pledged blood for the Bloodmobile in an extensive recruiting campaign staged by the mothers of Cisco. The mothers entered the project because of its importance in obtaining serum for use of the polio foundation.

"A successful visit for the Red Cross Bloodmobile Unit is in prospect," Mrs. Wallace said. "The cooperation of many people in planning the visit has been very valuable. We can all be proud of the splendid response of donors and workers."

## Hospital News

A son was born Saturday morning to Mr. and Mrs. I. L. Johnson of Cisco at Graham Hospital.

Mr. and Mrs. G. W. Douglas are the parents of a daughter born at Graham Hospital Friday. Their home is in Kermit.

Mrs. J. E. Foy, Mrs. Nancy Ferguson and Ben F. Roland, all of Cisco are new patients at the hospital.

Condition reports on other patients show that Clyde Hogan of Albany was improving from burns; the Archer baby was improving; Verita Butler was about the same; Mrs. W. C. Shelton remained the same; Bob Elliott was recovering from surgery and Mrs. Herman Reimers was improving from accident injuries.

Dismissed last week were Mr. and Mrs. C. L. Coates and son Bobby of San Jose, California who were injured in an automobile accident near here several weeks ago; Emory McBeth of Mt. Pleasant, who was injured recently, and Linda Burzenki, who underwent a tonsilectomy.

## Mary McCrea Honored By Sorority At SMU

DALLAS, March 28. — Miss Mary Ella McCrea, daughter of L. H. McCrea of Cisco was initiated into Zeta Tau Alpha Sorority on March 25.

At a banquet honoring the new members on Thursday, March 26, Miss McCrea was awarded the Freshman Scholarship Award. The banquet was given by the old members of the sorority.

Miss McCrea has been active during her freshman year at Southern Methodist in all phases of school work. She has had a major part in the Methodist Student Movement, the Campus League of Women Voters, and has served Zeta Tau Alpha on the ritual committee.

She recently became a member of Alpha Lambda Delta, national freshman scholastic honorary fraternity.

Miss McCrea is a graduate of Cisco High School.

**MONEY COULDN'T BUY A LIFE... BUT... BLOOD YOU GIVE CAN...**

The pint of blood you give is carefully labeled — given a number which identifies that particular pint as being the one you gave. The committee which does the labelling works in the Donor Room at the Bloodmobile, and is headed by Mrs. Joe Lambert. Her committee members are: Mrs. M. Tabor, Mrs. Jim Flournoy, Mrs. Bill Kendall, Mrs. J. S. Mobley, and Mrs. Aaron Robinson.

After you have donated your blood, one of the nurses aides will escort you to the dining room where the members of the hostess committee will serve you light refreshments. Mrs. Carl Lamb and her committee will seat you and bring your choice of cookies or sandwiches and coffee, tea, Coke, Dr. Pepper, or milk. Mrs. Lamb's committee includes: Mesdames Luther McCrea, B. E. Morehart, E. Harrell, N. A. Brown, Roy Foville, R. A. Bearman, Delmar Johnston, M. O. Smith, Hazel Butler of Rising Star, and Misses Joanne Bearman and Betty Gallagher.

There is one important committee that you may not see at all when you visit the Bloodmobile. The canteen committee does its work in the kitchen to provide the food that the hostesses serve to you. Mrs. M. P. Farnsworth, as chairman of this committee, coordinates the work of actual food preparation at the Bloodmobile and the gathering of food items donated by the churches and various clubs and organizations in Cisco.

Mrs. Farnsworth plans to have at least four members of the canteen committee present at all times during the hours that the Bloodmobile is in operation. Those serving on Mrs. Farnsworth's committee are: Mesdames E. H. Cheeves, W. J. Parsons, W. B. Cates, D. L. Kiser, W. W. Sawyers, F. E. Shepard, O. J. Martin, Harry Schaefer, O. J. Russell, Leo Keelan, Leake Lane, J. B. Popalio, C. S. Sures, James Smith, C. E. Whitmire, E. J. Poe, Don Choate, and Carrell Smith.

## Institutes Held At Two Churches

The Cisco district of the Methodist Church sponsored two rural life institutes Thursday, it was reported Saturday. One was held Thursday morning at Lingleville, Erath County, and the other at Cross Plains in the evening.

A picnic dinner followed the first and was held prior to the other. Themes for the institutes were "The Larger Parish" and "The Lord's Acre."

Speakers included Rev. Martin L. Judy of the Perkins School of Theology, SMU, and Rev. Howard Knox of Grandview, executive secretary of the Town and Country Commission in the Central Texas Conference. Rev. Leslie Seymour, superintendent of the Cisco District, presided.

## THE ACCIDENT MENACE

Thirty six civilians are injured in motor vehicle accidents on the home front for every U. S. serviceman wounded in battle in Korea, the Association of Casualty and Surety Companies has announced.

Over the two and one half years of war in Korea, official Department of Defense figures listed 93,000 servicemen in the wounded column of the casualty lists. For the same period of time, the Association reports that injured victims of automobile accidents totaled 3,350,000 or 3.602 percent more than those injured in battle.

The Association, which first discovered that the millionth victim of the automobile would die in December, 1951, took a daily average for the 30 months since the Korean War began and found that 102 servicemen have been wounded to 3,673 civilians who suffered injuries in automobile accidents.

Starting with the first battle of the Revolution in April, 1775, and continuing through the major and minor wars in which the United States has fought, approximately 1,270,000 men have been wounded in battle. It took 177 years for non-fatal war casualties to reach that number. However, in the little over 50 years since the automobile became a means of transportation, 33,000,000 men, women and children have been injured in traffic accidents.

Thus, twenty six persons have been injured in motor vehicle accidents to every American serviceman who was wounded in all of the wars in the country's history, the Association pointed out. Putting it another way, in half a century automobile injuries total 2,603 percent more than all of the U. S. war wounded in one and three-fourths centuries.

"That the automobile has outstripped war as a killer, is now recognized," said Thomas N. Boate, manager of the Accident Prevention Department of the Association. "In the span of less than an average man's lifetime, the automobile has killed 1,075,000 persons, while the total number of battle dead in all of our wars, according to the latest statistics, reached 1,009,000. This is now some 64,000 short of the automobile's 52 year toll and only a year ago the figures were about equal.

"The Association by no means wishes to minimize the tragedy of American youths and men who are being wounded in Korea. It is a shocking situation and one that all Americans hope to see brought to a speedy and honorable end. It is also tragic to learn, however, that many times more good American citizens — men, women and children — are being killed in traffic accidents without comparable demands that this national menace be stopped, too.

"The tremendous disproportion between traffic and war casualties can be traced directly to sheer carelessness and official negligence. If a foreign enemy were to kill 38,000 persons and wound over 1,300,000 more, as automobile accidents did in 1952, the na-

## WARNING!

### To Poultry Farmers

There were 15% fewer chicks hatched in February, 1953, than were hatched in February, 1952, taking in all flocks in the United States. Texas hatch was off even more, and the Eastland County hatch was off even more.

For the first time in 28 years the egg output in February fell below January. There are fewer laying hens this year than 10 years ago and we have several million more people to eat eggs.

Cold storage holdings of shell eggs was 248,000 cases on Mar. 1, 1953. In March, 1952, there were 942,000 cases in storage.

Unless more pullets are started in the next 30 days, there will be a shortage of fresh eggs late this Summer and Early fall in Cisco.

I have both day old and started pullets. Why not place your order now? You cannot buy better pullets anywhere at any price. Give us a trial order.

## Gay Philosopher ---

From Page One  
that the area council awarded three Certificates of Merit to ladies in the large district served by the council. The certificates went to women who have done an outstanding job in behalf of the Girl Scout movement during the past year. One of the certificates went to Mrs. Choate.

As president of the Cisco Girl Scout Association and as a troop leader, Mrs. Choate has done a splendid job. And all Cisco can attest to the fact that the Certificate of Merit was well deserved.

MISS BETTYE JEAN MALLOW

Mr. and Mrs. C. I. Mallow, 1104 South Pope Street, Monahans, Texas, have announced the engagement and approaching marriage of their daughter, Bettye Jean, to Joe David Philpott, son of Mrs. Alma Philpott of Cisco. The wedding has been scheduled for the later part of April in Monahans.

## CFW Plans Special Pre-Easter Service

By MRS. W. J. ARMSTRONG  
Mission and study director of the C. W. F.

Pre-Easter prayer service will be observed by the C. W. F. of the First Christian Church at 10 a. m. Wednesday, April 1, through Friday, April 3, in the sanctuary of the church.

Easter week of prayer provides a special time when work and workers around the world may be lifted up before the Father in a concerted way among the C. W. F., and in some churches throughout the entire congregation.

The services are entitled, "Lovest thou me? Feed my sheep."

Service No. 1, Wednesday morning, "The Native," with groups one and two in charge.

Service No. 2, Thursday morning, "The Mission," group three in charge.

Service No. 3, Friday morning, "The Demonstration," group four in charge.

"To feed my sheep" infers work and expense. Food is expensive.

## Junior G.A.'s Hold Meeting On Tuesday

The Junior G. A.'s of the First Baptist Church met Tuesday afternoon at the church for their weekly meeting.

The meeting opened with the group singing the G.A. hymn and prayer by Mary Ward. The watch word, allegiance, and star ideas were repeated and the secretary report given. Tests were taken on ranks of maiden and plans made for an Easter party to be held Tuesday, April 1.

The meeting adjourned with prayer by Judy Kay Slaughter.

## Leon Maner Speaks At 20th Century Meeting

The 20th Century Club met Friday at the club house in regular session with Mrs. Alex Spears in charge of the program on "Welfare."

A short business session was held in which routine business was transacted and the goals required for the sixth district were discussed.

Mrs. Spears in opening the program gave the following quotation from Disraeli: "The public health is the foundation on which rests the happiness of the people and the welfare of the nation."

Leon Maner was introduced and spoke on the drug and narcotic laws followed by a discussion by the group. Mrs. J. J. Porter spoke on community service, general and mental health, and Mrs. Spears closed the program with a short resume of the book, "Begin Now To Enjoy Tomorrow."

Miss Helen Crawford was hostess for the day. The club rooms were decorated in the spring theme with cut flowers. Approximately fifteen members attended.

### WHEN THE TIME COMES —

...to sign the deed both buyer and seller are usually in a hurry. But alas! it is then the buyer demands an abstract and the seller discovers that he has lost his abstract or never had one. As all title work must be carefully done in these modern days, it takes time and much work. To avoid situations such as these let us suggest you place your abstract orders well in advance of an anticipated need.

## HEALTH TALKS

Prepared by the  
Texas Medical Association

"The patient is the most important part of the hospital team. He can and does play the leading role in his illness, and in some instances by his attitude may even hasten his recovery. If it weren't for him, hospitals might well close shop.

In what ways can he help? Not only by his cooperation in treatment but by his spirit to recover and even to live. How many times have you heard of someone who "refused to die?"

The patient's normal life is disrupted when he enters the hospital. Members of the hospital staff know this and try to make conditions as favorable as they can for the patient, even though at times there may be a shortage of nurses and doc-

COMPETING EXTREMES —  
The neckline and the hem vie for top interest in a black-on-white cotton daytime dress designed in Paris by Jean Desses. Dramatic and revealing, the beautifully draped neckline finishes the simple bodice that tops a generous skirt with pleated, flaring flounce. The attention-getting neckline adds distinction and chic to this model.

tors. Sometimes for the collective good of all patients, the "wants" of an individual patient may have to be put off awhile, but every effort is made to take care of each patient's essential needs.

Setting aside days when the patient is so sick he'd like to crawl into a hole, most of the time he is a social being and wants others near him. He wants their sympathy, which is certainly understandable. He is more likely to get this sympathy if he, in turn, shows some understanding of the problems of those with whom he is in contact. For example, if another patient is desperately ill, the staff must take care of him and perhaps some of the first patient's "wants" will have to wait.

Even with the possibility of personality clashes, the patient should be able to get along with most members of the hospital staff. If not, he ought to take stock and see if the fault perhaps lies within himself.

"Courtesy is contagious; let's

start an epidemic" pretty well states the way most hospitals staff members feel. By maintaining the right attitude of cheerfulness, helpfulness, and courtesy, they try to encourage the patient to assume these positive virtues which will be in his favor. They are likely to hit a "blank wall," however, if he is so sunken in depression or self-pity that he fails to catch the "spark."
