The Gay Philosopher

By J. W. S.

OUT AT THE Cisco Country Club, Mr. J. A. Robinson and his committee in charge of the Cisco Invitation Golf Tournament are taking their hats off to Mr. I. J. Henson and his pipe line building company. Mr. Henson sent one of his big bulldozers out yesterday and built a new path for golfers to walk from one side of the course across the highway to the other.

The new path is located between the tee boxes on each side of the highway at the top of the hill. This will save the golfers many steps of climbing to the tees.

THE PLANS FOR the tournament, scheduled for May 1, 2 and 3 are coming along fine, Mr. Robinson tells us. There's some doubt that Defending Champion Jimmy Phillips will be able to defend this year. He is a pilot for an oil company and was transferred some months ago from Tulsa.

THERE WAS ANOTHER fine match in the city tournament play yesterday. Dr. Jim Lawrence defeated Ben Tabor after four extra holes. They were even at the end of the regulation 18 holes, but Dr. Lawrence pulled ahead in the 22nd hole.

The country club folks, by the way, are having a covered dish supper at the club tonight. All members and their families have been urged to turn out for the affair.

ALSO PLANNED FOR tonight is the annual play of the Senior class at the Cisco High School auditorium. The seniors are presenting a dandy comedy that we're sure to enjoy. The curtains close up at 8 p. m.

WENT BY THE Palace Theater yesterday and saw a preview of the 3-D movie that they're showing out at the Joy Drive-In. You watch through colored glasses. The picture has depth and color, showing everything a very natural way. For example when something comes straight at you, it looks so natural that you feel your neck getting out of the way.

The 3-D film they're showing here was made for small theaters without the extra big screens and three cameras. But it will give you a very good idea of what's new in the picture show business.

OUR SCOUTS report that Miss Dorothy Jo Garrett, daughter of H. R. (Pop) Garretts, will receive her degree from North Texas State College this spring and she has been offered a good teaching job. The Dallas Public Schools have offered her a position as art teacher. . . . Mr. and Mrs. Sam Kimmell are planning to make the WFAA farm tour of the Pacific northwest, including Canada and Alaska, next month. . . . The Press paid Bobby Cluck a bonus of \$1,000 the other day for making straight A grades at school last six weeks.

THE LIONS CLUB program Wednesday was a surprise to O. L. Stamey, the club's candidate for district governor. Program Chairman D. M. Duke showed pictures of Stamey's life and response everywhere they've been their campaign in Mr. Stamey's behalf. . . . Visitors at the luncheon included W. R. R. and George Jordan of Rockenridge, Les Clark of Abilene and Fred Scott of Cisco.

A FORMER CISCO young man doing right well as a debater and public speaker, according to word from Waco and Baylor University. He is James Slatton, son of H. S. (Pete) Slattons of Dallas and grandson of Mrs. J. W. Slatton.

James Slatton is a member of the Baylor debate team that is now in West Point, N. Y., taking part in the annual West Point debate tournament. He and his partner have won 78 per cent of their matches this year. He attended Cisco schools from 1939 to 1944, graduating from high school in Dallas. He's listed in Who Among Students in American Colleges and recently won the better speaking award in national contest.

A HAPPY TIME—After not seeing each other for seven years, English war bride Mrs. Richard Wollman, left, of Washington, N. J., helps dry her mother's tears in New York. Mrs. Olive Jordan, of Portsmouth, England, had arrived on her first visit to the U. S. and shed a few tears of happiness at sight of her daughter and Richard Wollman, her son-in-law.

District Meeting For Garden Clubs Planned April 30

Cisco Garden Club members have been invited to a District VIII call meeting which will be held during a luncheon at the Abilene Country Club, and to the District Flower Show on Thursday, April 30.

Mrs. Wilma Lucas, new district governor, has announced a District VIII call meeting which will take place during a luncheon at the Abilene Country Club at noon, April 30. The meeting will be open to all club members. Reservations for the luncheon (\$1.45) should be given to Mrs. Ray G. Chapman by Tuesday evening, April 28. Members will go to the area show after the meeting.

The Area Spring Flower Show, "Around the World Via Flowers and Song," will be held at the Woman's Building, Fair Park, April 30 at 1:00 p. m. — 8:00 p. m. The show is being sponsored by the Abilene Garden Club with Mrs. W. D. Fagan, 3541 Edgewood, as general chairman. Members of the Cisco Garden Club are invited to enter exhibits in any class. Mrs. Chapman has a program listing the general rules and specifications for both arrangements and horticultural classes.

Russell Johnson of Pecos is expected for a weekend visit with his parents, Mr. and Mrs. Edgar Johnson.

Sue Mox of Los Angeles, California, is visiting in the home of her brother and wife, Mr. and Mrs. Leroy Taylor, and her sister Miss May Taylor.

Local Lions have met fine response everywhere they've been their campaign in Mr. Stamey's behalf. . . . Visitors at the luncheon included W. R. R. and George Jordan of Rockenridge, Les Clark of Abilene and Fred Scott of Cisco.

TEXAS HATCHERIES SHOW SLIGHT INCREASE IN MARCH PRODUCTION

AUSTIN, April 24. — The number of chicks hatched in commercial hatcheries in Texas during March was slightly larger than a year ago, according to figures released today by the U. S. Department of Agriculture's Bureau of Agricultural Economics.

The total of 14,000,000 chicks hatched in March was 2 percent more than the 13,738,000 hatched in that month last year, although it was 22 percent above the 1947-51 March average of 10,968,000.

College Choir To Appear At May

The Cisco Junior College A Cappella Choir has been invited to appear on a program at May on Monday night, and has accepted the invitation, it was announced by college officials Friday.

Plans call for the presentation of the program the choir has arranged for their trips this year. Following the program the people of the May community will entertain the choir members at a party. Several of the members of the group are graduates of May High School.

Thursday and Friday the choir was on a tour of Central Texas and was to appear at De Leon, Dublin, Meridian and other places for programs.

Mr. and Mrs. M. E. Fry and Mr. and Mrs. Ed Huestis have returned from a visit in San Antonio.

Mrs. J. J. Collins is visiting her daughter, Mrs. Cecil Richardson, in Denver City, Texas.

CASUALTIES—Stretcher-bearers are removing casualties from mobile units at a First Marine Division emergency aid station set up just behind the western battle front in Korea. These men were among those who were injured in the recent fighting that still goes on despite the peace talks.

Hospital News

Patients dismissed from Graham Hospital this week included Mrs. Alvin Paul Wende of Cisco, J. T. Lawrence of Baird, Robert Lee Goheke of Wichita Falls, Mrs. Dorothy Caffey Hunt of Cisco and J. B. Gardner of Cisco. Mrs. Hunt was injured in an automobile accident between Cisco and Abilene recently.

In the hospital for treatment were L. U. Jones of Moran, W. B. Ensor of Eastland, J. A. Archer of Cisco and Mrs. Emmattene Williams of Rt. 1.

Clyde Hogan of Albany, who was burned badly in an oil field accident several weeks ago, was improving nicely.

Fish Hatcheries Escape Damage From Cold Wave

AUSTIN, April 24. — The Chief Aquatic Biologist of the Game and Fish Commission said reports indicated that the twelve operating state fish hatcheries escaped damage from the recent record cold weather.

He said bass spawning in the hatcheries apparently was so far advanced that the freezing and near freezing temperatures had no appreciable effect.

The Chief Aquatic Biologist added the observation that spawning in the state's open waters was not far enough advanced to be imperiled by the extreme conditions.

He went on to say that the mild spring had expedited black bass production to the extent that "a good crop" is indicated by the hatcheries this year.

Twelve of the 13 state hatcheries are operating. Cisco still is nonoperative because of the dry weather but San Angelo has resumed production and expects a fairly good year, according to Superintendent Luke Proctor.

The Medina hatchery got back into operation soon enough to provide catfish and bream hatching for this year. Superintendent D. C. Harper said it was too late for black bass spawning there but the Medina hatchery plans to go ahead for next year by rearing brood bass.

The Chief Aquatic Biologist said the experimental temperature-controlled bass pond at the San Marcos hatchery continues "satisfactory operation." He quoted Hatchery Superintendent R. P. Winn as saying bass hatch there was just slightly later than the hatch at the Brownville hatchery on the Mexican border. Ordinarily, the Brownville hatchery is up to four weeks earlier.

Mr. and Mrs. Ted Hale and son, Billy Duff, attended the Roy Rogers Show and visited relatives in Fort Worth Thursday.

Mrs. Willis Early of Idalou, Texas, visited in the home of Mrs. H. S. Stubblefield on Wednesday.

Mrs. Estelle Jones of Orange plans to return to her home Saturday after a month's visit with her daughter, Mrs. Ray S. Kinard and infant daughter, Rita Jane.

Miss Dana Thornton of Grand Prairie is spending the weekend with her parents, Mr. and Mrs. J. L. Thornton.

Dairy Show Expected To Draw Large Crowd At Rising Star

RARE CUBS—Theresa Purnauckas, eight, is probably the only girl in the country with two baby Kodiak bears for pets. Her father, Mike, is on the staff of the Cleveland, O., Zoo, and part of his job was to raise these cubs. They're only the third and fourth Kodiak bears to be raised in captivity.

WATER, SOIL CONSERVATION GO TOGETHER, CLUB SPEAKER SAYS

"Soil conservation and water conservation go hand in hand," Dr. Martine Emert told Rotarians at the weekly meeting of the club at the hotel Victor dining room Thursday.

In explaining the statement Dr. Emert said that the way to conserve water was to put it in the ground through proper soil care where it could be stored for future use. She stressed the care of grass and trees as a method of putting the water into the ground.

and as a means of aiding in flood control.

She said that there were 200,000,000 acres of land in America that were not usable because of poor conservation methods, and that the figure was increasing at the rate of two million acres a year.

She stressed water and water conservation as important in the industrial growth of Texas, and asked that Rotary join in a movement to make America conservation minded.

Dr. Emert is a history and geography instructor at Texas Christian University, and teaches a class in soil conservation at night. She was named the most outstanding non-farmer soil conservationist in Texas for 1953. She was on the program at the invitation of Rotarian John Speir, chairman for the meeting.

At the conclusion of the talk, Dr. Emert showed a group of colored slides she made on a trip through Louisiana last year. . . . Visitors at the meeting were Rotarians Frank Etter, Mac McWhorter and Frank Pruitt of Abilene; Henry Pullman, Jack Frost and Cyrus Frost of Eastland and George Culler of Dallas. Mrs. John W. Speir was another visitor.

County Event To Be Held Saturday

A large crowd is expected in Rising Star for the annual Eastland County Dairy Show on Saturday, April 25, according to A. Z. Myrick of Cisco, president of the dairy association. The Rising Star Chamber of Commerce and the dairy association are co-sponsors of the annual event.

The schedule calls for all animals to be in their places near the market building in Rising Star at 10:30 a. m. The animals will be on display until 4 p. m. Mr. Myrick pointed out that any good breed of dairy animals may be entered, including Jersey, Holstein, Ayrshire and Guernsey cattle.

Joe Bob and Don Shelton, prominent Jersey breeders of Brownwood, will be the judges for the show. T. D. Wheat of Eastland will serve as master of ceremonies.

A junior and senior judging contest will be held in the morning and merchandise prizes will be given to the winners of each division.

A feature of the show is expected to be the showing of a number of Jersey cows and heifers owned by Eastland County club boys in the youth dairy program. Three club boys — Nicky Duggan of Rising Star, Billy Charles Callaway of Gorman and LeVere Adams of Cisco — will be awarded heifers in the program during a 3 p. m. ceremony.

Animals from other counties are eligible for the show, and a number of out-of-county exhibitors was expected.

The dairy association sponsors the annual show, Mr. Myrick said, as a means of stressing the value of milk and dairy operations to the county. He extended the general public an invitation to attend the show.

The youth dairy committee met in Cisco this week to survey their county-wide program and to select three club boys to receive the new heifers. Under the program, the heifers become the permanent property of the boys after they return a female calf to the committee for re-assignment to another club boy.

Five 4-H Awards Open To Texans

All 4-H Club members in this state will be eligible to participate in five 1953 national awards programs offering medals of honor, all-expense trips to the Chicago 4-H Club Congress next November, and \$300 college scholarships, the state club office has announced.

The programs and donors are: Farm and Home Electric, Westinghouse Educational Foundation; Field Crops, International Harvester; Girls' Record, Montgomery Ward; Poultry, Deaborn Motors, and Tractor Maintenance, Stanolind Oil and Gas Co.

With steadily increasing participation in these programs during the last five years, it is estimated that in 1953, 100,000 members will enroll in Farm and Home Electric, 328,000 in Field Crops, 1 million in Girls' Record, 220,000 in Poultry, and 68,000 in Tractor Maintenance.

All five programs are conducted under the direction of the Co-operative Extension Service. County Extension-Club Agents will furnish complete information.

Mrs. P. R. Warwick, Mrs. W. F. Watson, and Mrs. W. W. Wallace attended the 61st Annual Presbytery meeting of the Presbyterian Church, U.S.A., in Abilene Thursday. Mrs. W. Fern Buchanan, national president of Presbyterian Women's Organizations of the Presbyterian Church, U.S.A., spoke at the meeting. While en route home they visited Mrs. C. O. Pass in Baird. Mrs. Pass is much improved and is back at work at the Callahan County Hospital.

Mr. and Mrs. Emmett Ballew of Salt Lake City, Utah, spent the past week with his sister, Mrs. J. J. Collins.

For the Men Who Succeed -

... and for those who will some day succeed them, our suggestion is that they invest part of their earnings in real estate. Wise investments in real properties have yielded fortunes to many people. And those who succeed in this venture never gamble on the title. They buy only quality abstracts made by those who have themselves invested wisely - in their plant - in their personnel - and in their responsibility to the public.

Eastland, (Abstracting since 1923) Texas

Friday night pack meeting in keeping with the theme of the study of the Hawaiian Islands. Maps were drawn and colored and ear rings and dinner rings completed.

Those attending the meeting were Dick Sanders, Tommy Skiles, Pat McCanlies, Bill Metcalf, Tommy Chance, Royce Darr, a helper, Mrs. A. G. Sanders, and Mrs. Darr.

Music

What is music and where did it come from?

Music comes from Heaven. God is the author of music. Music is the blending of tones, pleasing to the ear and inspiring to the mind. The holy spirit of God is the soul of music, the inspiration that causes us to weep, wonder, and worship him who gave us the voices to sing of his wonderful love and merely the Holy Spirit inspires our lives in composing songs, also in singing his praises.

Boys and Girls, let me advise you now while you are in your life's useful years. Prepare yourselves to sing and play the instruments in worshipping his Holy name. To boys and girls who wish to prepare themselves for a wholesome and fascinating life careers, there is absolutely no art among all the branches of science greater than music. Oh, I wish I had the mind to convey to the world the very impulse of my soul.

Some boys and girls want to play the instruments. To be your best, you should by all means be a Christian. Let the spirit of God rule your life, thus keeping always that sweet and tender conscious we all need so much in rendering service to him, who is worthy of our best we have to give.

Yes, you can tell the difference in the rendition of a song sung by a group of consecrated voices. There is a difference in the tone of the piano touched by consecrated fingers or any other instruments. We can feel the divine flow.

Is it not a fact that God can and does inspire the instrumental as well as the vocal music? Yes, I think so. When ever we approach Him in that humble attitude of heart and mind, God will honor our services by manifesting himself in our services. There will be a sacredness in the tones of the instruments. No wonder that it is said that some put a soul into the instrument. Yes, they do have a soul with fingers flying over the keynotes and talented mind directing those fingers.

It seems like I could write a book on this wonderful subject, and maybe some one will get inspired to do so. Oh, how sad to think that some people are so prejudiced against instrumental music. They condemn it because it speaks no words. Neither does the beautiful song bird speak words. Shall we be so prejudiced that we will condemn the millions of earth's sweetest singers and the millions of musical strains that flow out through the air from the warbling throats of God's sweetest singers leaving strains of Earth's sweetest music.

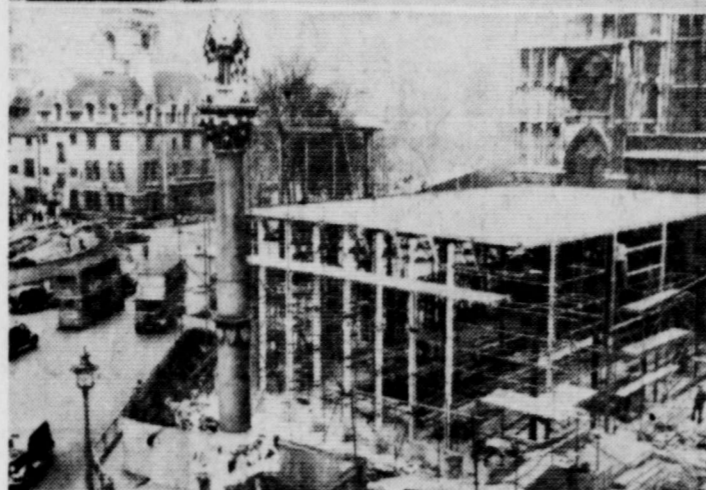

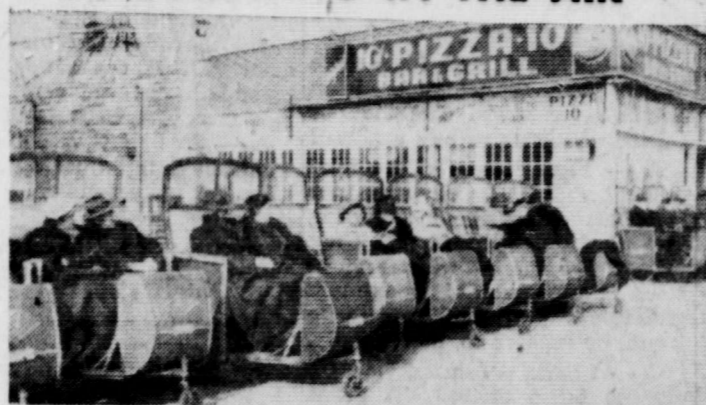

I pray of God, help us to be more like the happy song birds. Their language is a spontaneous stream of wonderful music that they speak no words as we understand words. Yet I feel like our great God would be much better pleased with our song services if we too would put our whole souls and minds, yes, and instruments, into our musical program in a spontaneous flow like the song birds.

We would not have time or the mood to criticize our wordless instruments and birds because we can't sing as well as they do. I'm sure God understands the language of the song birds, also the piano with consecrated fingers flying over the key boards.

— J. B. F. Wright

Mrs. Reggie McCrea, Mrs. Ellen Surles, Mrs. Ruth Woods, Mrs. Caddy Anderson, and Mrs. W. J. Foxworth attended a golf tournament in Mineral Wells on Thursday.

SOMETHING IN THE AIR

MAYBE IT'S SPRING—Although it's still cool enough for overcoats, New Yorkers are relaxing in deck chairs at Coney Island these days, top left. Near Frankfurt, Germany, hitchhiking Italian student Fiorenzo Piccioni is being given a lift on the autobahn, right. The young driver really manages to

coax some mileage out of that old jalopy, too. Behind the impressive Westminster School Crimean War Memorial in London, lower left, workmen prepare the Westminster Abbey annex for the Coronation. In Paris some youngsters are enjoying a donkey ride in the Tuileries Gardens, right.

New Study Course Is Begun At WSCS Meet

The W.S.C.S. of the First Methodist Church met Tuesday at the church for their weekly meeting and for the beginning chapters in the new study course being taught by Mrs. Paul Wood, secretary of missionary education.

The meeting opened with the singing of a hymn and Mrs. B. J. Osborn brought the devotional using parables of the good Samaritan and the prodigal son. Mrs. Osborn closed the devotional with prayer.

Mrs. Woods taught the first two chapters of the study using the text of These Rights We Hold. She also read a story from supplementary text. Several announcements were made and the meeting closed by praying the Lord's Prayer in unison.

Those attending the meeting were Mesdames Paul Woods, B. J. Osborn, John Shertzer, Walter

Boyd, Leslie Seymour, E. H. Lightfoot, A. D. Anderson, William Joyner, O. C. Lomax, J. W. Slaughter, George Davis, J. T. Anderson, L. F. Mendenhall, and G. P. Rainbolt.

Vets Questions And Answers

Q — My daughter and I are receiving VA compensation payments because of the death of my husband, a World War I veteran. My daughter is past 18 years of age, but she is attending a school approved by VA. Will the compensation payments go on during her summer vacation? She intends to continue school in the fall.

A — Yes, the payments may

continue throughout the summer, so long as your daughter resumes her studies after the vacation period has ended.

Q — My wife and I are both World War II veterans. Is it possible for us to combine our GI loan benefits to buy a house?

A — Yes. However, the total amount that VA will guarantee is 60 percent of the loan. Also, the maximum guaranty may not exceed \$15,000 — which represents the combined maximum guarantees you and your wife would be entitled to, individually.

Q — I am a paralyzed veteran, eligible for a \$10,000 VA grant for the construction of a "wheel-chair home." Do I have to buy plans and specifications for the house?

A — No. These may be furnished without cost to veterans eligible for the VA grant, but they must meet the approval of VA.
